Montclair Celebrates End of Second Decade

Twenty years ago on November 28, 1928, the first issue of the Montclair Pelican, the college's first student newspaper, was issued. The purpose of the paper at that time, according to its first editor, was to be "not too ambitious but also a forum for the discussion of those questions that make active and intelligent participation in the world." The small staff of 27, under the supervision of Professor Edward H. Webster and Mr. W. Paul Hamilton, saw its efforts not limited to mere news and opinions, but to the development of a "vastly different paper from the present Montclarion's form, style, and sheet, tried hard to live up to its motto, "It fills the bill," by providing an outlet not only for news, opinions and humor, but also literary efforts as well as the publication of longer papers. The first issue of the first issue was given over to the publication of news and other items. The small size was abandoned after a few months in favor of a larger size with a four-column page, changing the form of the paper from the first issue'sformat.

Dr. Ritter Announces Survey of Housing

Dr. Ritter, president of Montclair State Teachers College, announced that the college faculty, including President Ritter himself, had been working on a national and international affairs commission. The commission's mission was to examine the international situation, focusing on the role of women in foreign policies and in international organizations. The commission's findings would be presented in a seminar, which would be held in Room 12 CHS on October 28, 1928.

Unwelcome Culprits

It is regrettable that in a Teachers College, we must admonish a few people for stealing from their fellow students. This stealing is also destroying this narrow-minded atmosphere that the people should not tolerate. By having more than ten students as members of the Social Honor Society, the college is being manifold. For that reason, I hope this message of appreciation will be acceptable to all.

While we may not agree with some of your views, we do defend your right to have them. The student body of the Montclair College, as a whole, is responsible for the perfect functioning of the college. Since this September, the situation has become steadily acute. In my opinion, Bobo, Dr. Edna McEachern, head of the department of music, played the sonata Op. 55, in C Major (Waldstein), by Beethoven, which contributed to the composer's better extensive compositions. Letter to the Editor

Dear Sir:

On behalf of the Christian Fellowship, may I acknowledge the following contributions to the Montclarion on our organization, the College.

By Lloyd Rowan

This issue of the Montclarion commemorates the 20th successful year of publication. In the course of its twenty year history, the editorial staff of the Montclarion has often changed to conform with the modern standards of educational journalism and the demands of the times. Successive members have introduced many worthy innovations. However, the basic philosophy, which has guided the editorial staff through the years, is to present the news with accuracy and fairness.

The Montclarion has always sought to express the college and reflect the opinions of the student body. The editors have consistently endeavored to uphold the ideal of fair and accurate presentation of news. This paper is written by the students, for the students, in the interests of all. It is in this spirit that the present board of editors embarked on the next decade of publication.

Our 20th Anniversary

Sixteen student journalists have been nominated for the SGA and a faculty advisor for the Who's Who List of American Colleges and Universities. These seniors have earned this distinction presumably as a result of their publication work, which has appeared in the campus newspaper, the Montclarion.

Edward Russ Hall was the eighth advisor. The former library contained courses of study, units of work and the textbook exhibit. It will contain courses of study, units of work and the textbook exhibit.

Antigone

On Antigone, at the curtain game, the crowd was rather surprised during the half time interval for several of Antigone’s players, as well as the rest of the team’s players, who seemed to bekejik up and ready for action. They had spent the last few hours of the day practicing and preparing for the game. The Antigone players later admitted to full membership in the excited inner circle of Antigone’s training staff. As Set-up is Expanded and Materials Added

Students who need oral report or visual aids material fast have been overlooking a service provided by the Information Office thoroughly and rapidly. This department under the direction of Mr. Byo and Miss Mulrooney, who is called the New Tools for Learning Bureau, has recently been enlarged. It has now reached such proportions that no college in New Jersey and possibly in the whole east can rival it. The closet place where similar facilities can be found is the Museum of Natural History in New York City.

Tribe Had Many Good Backs

Montclair Eleven Defeats Blue and White at New Haven

by Sandy MacMillan

Before a wildly cheering crowd of two hundred, at Bowen Field in New Haven, Connecticut, Montclair State Teachers College edged New Haven 21-0.

After Montclair had received the opening kickoff, they drove two down field and missed a third from a yard. New Haven then took over on their own forty. By using their "T" to perfection on end runs and backfield play, New Haven scored from within the Montclair ten yard line where Montclair resistance stiffened. On fourth down, a New Haven end dropped a pass in the end zone.

Fairleigh Dickinson in Cross Country Loss

Tuesday afternoon, Will Embrie and 12 men met Fairleigh Dickinson for Montclair's second cross country meet. Unfortunately only three Fairleigh Dickinson men showed up but the meet was held anyway.

The race started a few minutes before halftime of the Montclair-Trenton football game and finished approximately fifteen minutes later. Montclair won easily as Savage and McMillan crossed the finish line with ease. New Haven's three and a half mile team won the meet with 200 points; Fairleigh Dickinson men finished, but all of Montclair's were in the top ten.

The score of the meet was Montclair 18, Fairleigh Dickinson 9. Yes, we had another meet and it was another Fairleigh Dickinson meet. Since we can only hope for more matches and perhaps a second out of ten.

The cheerleaders kept the fans alive. Mr. Moore, directing the band, provided splendid music. Tribe did a swell job on the programs. Women worked hard on publicity. All these people had something to do with our team and its success. The cheerleaders kept the fans alive. Mr. Moore, directing the band, provided splendid music.
