To Study At Yale

the Yale University School of Medicine for the 1962-1963 academic year. Dr. O.K. Cosla of New York, for permanent display in the new addition to the Coslas is on leave of absence from Montclair State College for the coming year. Dr. Cosla indicated Montclair State might be the recipient of other portions of the family collection, President Partridge stated, because personal paintings were compiled by the Coslas beginning with his wife, Anne Dederick, married William K. Cosla and brought the Spanish and Italian paintings as part of her dowry.

President Partridge said Dr. Cosla became interested in the health professions because of the professors who helped him refurbish some of the paintings.

Conley Leaves To Study At Yale

Miss Dorothy Cunningham, assistant professor of science and mathematics, will leave to study in the United States, in deference to the request of the Association of Science Teachers for the female teaching career in college. Miss Cunningham is a graduate of the College of St. Rose and will be awarded her B.S. degree in Biology in June.

Ambrv Back From Study

Edward A. Ambry, director of field services for Montclair State College, will return to school in September to complete his studies in educational administration and supervision. This national organization was founded in 1922 and is comprised of sixty members representing this university's special education program.

Mr. Ambry was granted a leave of absence from Montclair State College and will begin his studies at the University of Illinois. After completing his work, he will return to Montclair as an assistant professor in the Department of Speech and English.

Cunningham Leaves To Study At Yale

Cunningham is a graduate of Mt. Hebron Reformed Church, Mt. Hebron Road, and resides at 193 Belleville Avenue, in Upper Montclair.

New Faculty Members Increase College Staff

Along with the hordes of new freshmen faces, the Montclair State faculty has been augmented with twenty-two new members. Practically every department has increased and the college welcomes the new additional staff.

In the English Department the new faculty members include: John A. Alipala, associate professor, who received his B.A. degree from Upsala College and his M.A. from New York University; John P. Pearsen, assistant professor, who received his B.A. degree from Vassar College and his M.A. degree from the University of Illinois; Herbert E. Reeske, assistant professor, who received his B.A. degree from Yale University and his M.A. degree from the University of Illinois; and his B.A., from the University of Illinois; and his B.A., from the University of Illinois.

College to attend Southern Illinois University in Carbondale, Illinois, where he is working on his Ph.D. Mr. Cunningham is currently teaching philosophy and history in Southern University's social and educational administration and supervision.

Senior Portrait Deadline--The last optional dates for senior portraits and book pictures will be October 14, 1962. Book pictures will be taken at the Kamper Photography Studio at 192 Belleville Avenue, Upper Montclair, New Jersey.

Volunteer Civil Defense Course Begins For Senior Citizens

A Civil Defense course for senior citizens is now being offered in Montclair by Dr. S. A. Cohen of Dr. Cohen will fall under the auspices of Dr. Allen Coder, Civil Defense for Montclair.

TEACHERS ATTEND COURSE. Left to right are: Mr. Flynn, Mr. Reeske, Mr. Conley, Mr. Partridge, Mr. Smith, Mr. Daniels, Mr. Kowalski, and Mr. Coder.

Fellowship Applications Are Now Available

Winners will be eligible for up to $12,000 per year in financial assistance with an annual maximum of $3,000 per student, plus tuition and fees. Students without financial needs also are invited to apply. Danforth fellowships will be awarded for up to three years of postgraduate study and will provide financial assistance to attend educational conferences.

Winners may hold a Danforth Fellowship concurrently with other appointments, such as fellowships, National Science Foundation fellowships, and various other awards.

The Danforth Foundation, one of the nation's ten largest educational foundations, was founded in 1951 by the late William Danforth, St. Louis business man and philanthropist. The foundation's primary aim is to strengthen higher education through its own programs of fellowships and workshops and through grants to colleges, universities and other educational agencies.

The new members added to the Foreign Languages Department are: Margaret M. Cushman, assistant professor, who received her B.A. degree from St John's University, her M.A. degree from the University of Illinois; and her B.A., from the University of Illinois; and her B.A., from the University of Illinois.

Attention Students! Your National Defense Loan checks are now available at the Business Office. Pick them up now.

Season Opens At AWPalanne

The sophomore major students in home economics, English, French, and science will participate in Camp Waupalanne on Sunday, September 22. They spent the week actively participating in conservation and outdoor education experiences. Participants included members of the faculty who staffed the program. The group included Dr. Opheim, Mr. Cannon, Miss Krowka, and Miss Maikoff.

The junior class majors who missed their camp requirements last year are scheduled for March 4 through March 8. It has been recommended that these students attempt to go with their major group for minimum disruption of classes. The last group to attend camp will be the freshmen major social studies groups who are scheduled for May 6 through May 10.

Volunteer Civil Defense Course Begins For Senior Citizens

A Civil Defense course for senior citizens is now being offered in Montclair by Dr. S. A. Cohen of Montclair State College. The fall program, consisting of a twelve hour course, is being offered this fall under the auspices of Dr. Allen Coder, Civil Defense for Montclair.

TEACHERS ATTEND COURSE. Left to right are: Mr. Flynn, Mr. Reeske, Mr. Conley, Mr. Partridge, Mr. Smith, Mr. Daniels, Mr. Kowalski, and Mr. Coder.

"Welcome"

Although freshmen have already been welcomed and introduced to Montclair State, the MONTCLARION feels compelled to add its own words to the discussions. We feel that, along with the modern trend, the following statement will be an excellent way to set the scene for the numerous "new persons" who have recently hit the market.

You will achieve the distinction of being a well-educated person who will not come to your diploma in 1966. Whether or not you deserve this distinction will be dependent upon how well you spend your four years at MSC. They should be years of fruitful study, especially in extracurricular activities, rather than a four year social whirl or one continuous grind. The choice is yours...the opportunity is before you.

E.D. Partridge

Letters to the Editor

To: All Class A and B Organizations

From: The Student Government Association

All Class A and B Organizations are requested to attend the organizational meeting held by the Student Government Association on October 9, 1962, at 7:30 p.m. in the cafeteria to discuss the financial setup of the SGA and other rules and regulations concerning organization membership. The SGA prefers that the organization's representatives be present. Also, failure to report will result in the organization's suspension from activities during the fall semester.

Sincerely, 

Georgina Schmidt
President, SGA

New Faculty

All-college convocation on Tuesday, September 25, was an event at which no student of the college should have missed. This occasion actually came about as a result of student requests. A group of students met with the president of the college and pointed out that until they graduated and participated in commencement exercises they had no real opportunity to see the entire faculty or to experience the pageantry that is customary in colleges and universities for events of this kind. As a result of the students' request, the faculty committee prepared recommendations with regard to a college-wide convocation. This event grew up as a result. Actually the convocation involves a great deal of expenditure in time and money to the college. It is hardly worth this expense unless a great majority of the students participate. A definite attempt is made to secure an outstanding speaker who has a real message, but the students have said so that it is common to one of the high points of their experience at the college.

The speaker this year was Dr. T.M. Stinemet of the National Education Association. Dr. Stinemet is a widely known person for his work in professional improvement of teachers. For many years he was chairman of the Commission on Teacher Education and Professional Standards. Several years ago, he spoke on the commencement exercises of the college and was enthusiastically received.

In addition to the speech, degrees were awarded to those who had completed requirements for masters and bachelors' degrees during the summer. The college orchestra also performed.

SEAM To Hold October Meeting

On Wednesday, September 19, at 3:00 p.m. in the Freeman Reading Room in Life Hall, the Student Education Association held its annual "Freshman Open House." The 180 attending members heard Dean Lawton W. Hill, dean of students, on the rights and responsibilities of the college student. The Dean also reviewed the existing services of the personnel office and invited the students to take advantage of both this service and others offered here. Concluding his homily Dean Hill spoke to the advantage of membership in SEAM and noted that professionalism on the campus seems to be rising rapidly.

The meeting also brought the announcement of Anthony H. Knoell as successor to Miss Marie Frizzell in the capacity of SEAM advisor for the 1962-63 academic year.

Events Calendars Distributed

Calendars featuring the outstanding events of the school year were distributed last week to each student.

Compiled at the suggestion of banner designer George Schmidt, SGA president, these calendars contain pictures of the Montclair campus, as well as spaces for students to write in individual engagements. The calendars are spiral-bound and may be either inserted in note-books or tacked on walls.

The SGA has sponsored the calendar, thereby making it free for each student.

Students who have not yet received their calendars may pick them up in the SGA office.

Four more columns on the following pages for SEAM are presented this issue."

ANCHOR year, ANOTHER DOLLAR

With today's entry I begin my ninth year of writing columns in your school newspaper for the makers of Marlboro Cigarettes.

Nine years, I believe you will agree, is a long time. In fact, it took only a little longer than nine years to dig the Suez Canal; and you know what a gigantic undertaking that was! To be sure, the work would have gone more rapidly had the shovel been invented at that time, but, as we all know, the shovel was not invented until 1946 by Walter R. Shovel of Cleveland, Ohio. Before Mr. Shovel's discovery in 1946, all digging was done with sugar tongs—a method unquestionably dainty but hardly what one would call rapid. There were, naturally, many efforts made to speed up digging before Mr. Shovel's breakthrough—notably an attempt in 1912 by the immortal Thomas Alva Edison to dig with the phonograph, but the only thing that happened was that he got his horn full of sand. This so depressed Mr. Edison that he fell into a fit of melancholy from which he did not emerge until two years later when his friend William Wordsworth, the eminent nature poet, cheered him up by saying he could have found the Suez Canal in four or five hours.

But I digress. For nine years, I say, I have been writing this column for the makers of Marlboro Cigarettes, and for nine years they have been paying me money. You are shocked. You think that anyone who has tasted Marlboro's unparalleled flavor, who has enjoyed Marlboro's filter, who has reviled in Marlboro's jolly red and white pack or box should be more than willing to write about Marlboro without a penny's compensation. You are wrong.

Compensation is the very foundation stone of the American Way of Life. Whether you love your work or hate it, our system always rewards you more than you deserve. For example, I have a friend named Rex Guble, a veterinarian by profession, who simply adores to worm dogs. You can mean that he can call him up and say, "Hey, Rex, let's go bowl a few lines," or "Hey, Rex, let's go fatten some ponies on the railroad tracks," and he will always reply, "No, thanks. I better stay here in some comfortable chair if Marlboro's pack and box maker decides to do otherwise would be to rend, possibly irreparably, the fabric of democracy.

It's the same with me and Marlboro Cigarettes. I think Marlboro's flavor represents the pinnacle of the tobacconist's art. I think Marlboro's filter represents the pinnacle of the packager's art. I think Marlboro's pack and box represent the pinnacle of the printer's art. I think Marlboro's filter represents the pinnacle of the filter-maker's art. I think Marlboro's pack and box represent the pinnacle of the packager's art. I think Marlboro is a pleasure.

It's the same with me and Marlboro Cigarettes. I think Marlboro's filter represents the pinnacle of the tobacconist's art. I think Marlboro's flavor represents the pinnacle of the printer's art. I think Marlboro's filter represents the pinnacle of the packager's art. I think Marlboro is a pleasure.

Who’s Whose

Successful Book Store Receives Outside Bid

There is an organization on campus that affords many benefits to Montclair students. Just as Chase Manhattan, "Educational Aid to any Student Co-op." Any school organization, not covered by the Student Government Association, has the opportunity of banking their funds there, free of charge. These finances will be under the care and control of the student body.

With the Student Co-op securing between $5,000-$7,000, in nominal bar contract of $10,000 and rentals of a nominal amount of about $4,500, the Co-op is in a position to offer much to the student body.

There’s Something Due Any Day...
Highwaymen To Appear At Montclair State College

Continuing its program of presenting well known artists on the Montclair Campus, the SGA has scheduled the HIGHWAYMEN to sing at Montclair State College on October 12 at 8 p.m.

The HIGHWAYMEN, a group of young men whose styling of folk music is making them internationally famous, hold the distinction of hitting the show business scene with their very first recording, "Michael," a reworking of an old folk song. Their record has sold over 1,000,000 records, a rather dramatic indication of the group's potential.

What began as a college fraternity stunt has become one of the most sought-after folk singing ensembles in the entertainment business. After some preliminary knocking around at hot spots (folk-singing spots) throughout the East Coast college belt, the group's talent came to the attention of Ken Goreaux. He was convinced that the boys possessed the qualifications of stardom in the highly specialized field of folk-singing and signed them to his roster of talent. What followed was "Michael" and all of their subsequent successes not only in the folk field, but also in the so-called "mainstream." The HIGHWAYMEN, honoring graduates of Connecticut's Wesleyan University in June of 1962, followed their initial record with two highly successful albums: "The Highwaymen" and "Standing Room Only." Their third offering "Encore" has continued to keep their album sales on an upward trend.

The appearance of the HIGHWAYMEN are on sale this week, during lunch hours, outside the cafeteria.

While Frazee Absent
Anthony R. Koutl Present

Miss Marie M. Frazee, Academic Counselor at Montclair State, has been granted an eight-month leave of absence beginning October 1 of this year, in order to pursue graduate studies at Teachers College, Columbia University. Miss Frazee will remain at Columbia until May 31, 1963.

Replacing her as Academic Counselor will be Mr. Anthony R. Koutl, Rutgers University in New Brunswick.

While at Columbia, Miss Frazee will undertake graduate study in Student Personnel Administration in Higher Education, leading to the degree of Doctor of Education. The Faculty Development Fund has awarded her a partial grant providing financial assistance for her stay at Columbia.

Because of a residency requirement at the University for graduate work in her field, she would not have been able to pursue her studies without the eight months leave of absence from her position at Montclair State.

Since the beginning of this semester, Mr. Koutl and Miss Frazee have been working together in order to provide for a smooth transfer of duties at the time of Miss Frazee's departure.

While at Rutgers University Mr. Koutl was head varsity basketball coach and also coached freshman soccer and varsity tennis. He is presently nearing completion of his studies for a Doctorate of Education in the area of teacher education and higher education administration.

With the return of Miss Frazee next June, the two will again work together in order to acquaint her with procedures in effect at that time. Commissioner Frazee said she was very happy about the whole arrangement, and added that "Mr. Koutl is off to a very good start, and I am happy and impressed with the success of the period of overlap."

The duties of Academic Counselor range from schedule-making to planning academic advisory sessions, and include organizing programs of transfer students, processing change of major requests, registration adjustments, and advising to SEAM.

Poet's Corner

MOTHER'S SOLILOQUIE

Stay here, child, with me--
it is better here;
Out there it is cold and violent.
But, already you are troubled--
you kick, you cry;
You are bursting the walls that bind.
Tearing loose--in a torrent--the waters of protection.
Oh, stay, stay, my child--
All the smiles and loving.
It hurts--OH GOD--don't go my sweet!
(That then, you must).

And so, the mother weeps, and cries, and screams--
While the rebel works his way down--
Alone in the last direction.
We begin it upside-down, with a rap on the rump, and a shriek of pain--
And, we know there is no returning.
And so, the mother weeps, but quietly now.
There was so much more love in the womb, my babe--
There was the real love.

A PARODY IN FOUR QUARTERS

Unearthing a dazzling new cast of characters, the Montclair Lion's cross-country team prepares for the 1962 season. A few names have changed, but the traditions remain. The cross-country season begins on Wednesday at 4:30 p.m. in the Bowl, with the Montclair team taking on the Indian, Newark-Bloomfield.

Penalties Open Game

Nothing much happened in the opening minutes except the calling of three penalties for warming up purposes. Later on, the Red-Devils mounted a scoring threat, moving on six yards before Brian Szymanski's fumble penalty nipped that effort in the bud. The Indians just wanted to let the natural forces of football dominate the action for the remainder of the first half.

Speedy Second Half

MSC regained all its scoring in the final segment of the first half, thanks to the teamwork and strategy that happened so fast that the Great-15-man Defense had no time to counter these moves.

The Bench

by Rick Hilser

OK, here it is the beginning of the sports season. Our bruising football team dropped the first game to Stroudsburg, 29-20, but the squad is now in a pretty tough position.
