The Board of Trustees plans to have a monument erected on the plot of land between Valley Road and一周Ving Avenue.

The structure, designed by Arnold Wagner, a senior Fine Arts major, will be brick with stai- less steel letters spelling Montclair State College. Possibly the college shield will also be in- cluded in the structure.

Funds for the 1st Carnival, totaling $27,914, will finance the monument. If any of these funds remain after the venture, they will be placed in the Life Hall Expansion Fund.

5 members of the Inter- national Relations Club will trav- el as Montclair delegates to a conference on International Affairs at San German, Puerto Rico. The delegates will visit the Puerto Rican legislature and the campus of the University of Puerto Rico. The group will fly to San Juan, Puerto Rico on December 17 and will then travel by bus to the city of San German, located on the eastern side of the island.

The conference, sponsored by the American Association of Internati- onal Relations Clubs,

The Section 25 Conference of the National Science Foundation, held in Men’s Physical Education.

The conference will be con- ducted mainly in New Delhi, but a tour of India’s major cities will follow.

Dr. Harvey L. Wilson, of the University of Chicago, will be the keynote speaker at the conference. He will discuss the problems and prospects of education in India. After the seminar, the delegates will tour India to study the progress in India since it became a republic.

The conference is sponsored by the American Association of Interna- tional Relations Clubs, and led by the Montclair State College chapter. The conference will then travel by bus to the Friar Tuck Inn.

The Princeton Alumni Association of Montclair and Vicinity, for the benefit of whose scholarship fund the performance at the mortar ball at Montclair State College will be held.

Tickets at $5, $4 and $3 are available from Jack Lederer, 9 North Avenue, Montclair; Phyllis Apicelli, 95 Grove Street, Montclair; and at the door of the show on February 2, 1963. The proceeds will be donated to the National Science Foundation, which provides funds to the National Science Foundation.

The in-service program for mathematics teachers from northern states is to be held on the Montclair State College campus. Every Saturday morning during the school year 1963-64, 50 mathematics teachers from the states of the United States who will spend six weeks on the campus. The in-service program will be held.

Dr. Max Robert, given to the students of Mathematics Department at Montclair State College, will be held.

The Spanish Department Banquet, to which all Spanish majors are invited, will be held on Tuesday, December 18 in the Chase Hall ballroom. It will be held from 11:30 to 1:30 p.m.
In keeping with the Christmas tradition, the MONTCLAIR staff extols Season's Greetings to the administration, faculty members, and students.

Christmas is a time of family get-togethers, often unplanned reunions, often unmemorable presents and memories of the year on which Father Time has almost closed the chapter. This was a year in which much was accomplished historically in the nation, in the world, and in our college. It is a year in which we are coming to an end, never to be relived except in memory.

With New Year's comes the inevitable resolutions which almost always are broken after the will succumbs to the conflict with the flesh: and to some extent with each other. New Year's resolutions are as sure to fail as the plants growing at the gaited earth. Trenches cross and recross the battlefield: the mannerist remainder of World War I. Competition is keen for the limited parking spaces and the maintenance crew is on constant alert to cope with snow, mud, and unsettling scrap paper.

It will not be many weeks until the trees will again be in bloom; rains and parking lots will clear of mud, the trenches will be filled and all of our five new buildings will be ready for use.

In spite of all our problems, spirits seem to be good. There is surprisingly little griping about conditions. For this, the administration is deeply appreciative and wishes everyone MERRY CHRISTMAS AND HAPPY NEW YEAR.

The Best Critics — Students

The recent Christmas Dance sponsored by the SGA in the Western State Conference last December proved... a school function can be held off campus with much success and favorable repercussions.

Well planned, well publicized, and well attended, the dance afforded the opportunity for students to dance to the Elgart band and to purchase alcoholic beverages. This last factor perhaps was a challenge to the Board of Trustees in so far as holding a dance where drinks are available.

However, keeping in mind the propriety manner and drew complimentary comments from Western State Conference officials.

The students demonstrated moderation and restraint and showed a mature attitude toward drinking in general. There were no regrets that we were not in a liquor store, and when students applied the actions of the student body as a whole, these discussions are enough to signify the success of the dance in all phases.

Dear Editor:

There are two ways in which one may criticize our cafeteria service—by making a complaint to his neighbor or another student, or Mr. Forth, or by making a relatively unreasonable request. I thought we should have more vegetables, but not in the ashtrays provided, and more sauce around the table, but In the ashtrays provided, and more sauce because that food is like music, people with different tastes like different things, but In the ashtrays provided, and more sauce because that food is like music, people with different tastes like different things.

Campus Custodian Has Christmas Spirit

As the Christmas season grows near many people will be ex¬
pected to concern themselves with the welfare and underprivi¬
liged. In New Jersey, there is one such person with whom this work is also called newspaper salesmen. He is called "Little Mac," and as he is affectionately known, is a cessa¬
dial. He has been a custodian at Montclair for ten years. He
doesn't even remember when it was that he began his charitable
duties but admits that it must be at least twenty years ago. He
doesn't usually one man out of many who deserve recognition. But
cour prayers go out to all of them.

"Little Mac" summed it all up by saying, "I wish everyone a Merry Christmas and a Happy New Year."

On Monday, December 17, the evening experience for
dragoons will be Judged by Dr. Doreen R. He will carry a bag full of presents in
costume. The uh-ed kids,dressed in a hooded jacket

The lads stuffed busy-pots

into the heights of delirium I have flown

And still not discovered simplicity.

My life is close entwined with living;

We would burst the bonds of externality.

We would think apart as separate "I's"

We would think apart as separate "I's"

We would burst the bonds of externality.

And wish and wait hopefully for another one

We would burst the bonds of externality.
