The Board of Trustees plans to have a monument erected on the plot of land between Valley Road and the college entrance. The structure, designed by Arch Walker, a senior Fine Arts major, will be brick with stai-

lless steel letters spelling Montclair State College. Possibly the college shield will also be in-

cluded in the structure. Funds from the Ida Carmi, totaling $37,817, will finance the monu-

ment. If any of these funds remain after this venture, they will be placed in the Life Hall Expansion Fund.

**New Year's Resolution**

In keeping with the Christmas tradition, the MONTCLAIR staff extend Season's Greetings to the administration, faculty members, and students.

Christmas is a time of good will, joyful reunions, often unuseable presents and memories of the year on which Father Time has almost closed the chapter. This was a year in which much was accomplished historically in the nation, in the world, and in our community. This small world we are coming to an end, never to be regained except in memory.

With New Year's comes the inevitable resolutions which almost always are broken at the will of the willful, to the dismay of ourselves. For they embody the hopes of a brand new year. Hopes for a better world for ALL to live in; hopes of helping more people through our own efforts, and hopes of a better understanding between world leaders are silently forming in our hearts and minds.

Christmas is a time for serious contemplation of peace on earth, good will toward all men. So often repeated, this phrase is in essence what we sincerely desire, forgetting our own wishes, we realize how much PEACE means in the world today. At this inspirational time of new birth, let us all be reborn with concern and intelligent understanding of our fellow man now and throughout the year.

**President's Desk**

This is the traditional season of "Peace on Earth - Good Will" toward men. One glance at the Montclair campus is enough to realize why there is no feeling of peace this year; war is abroad in the earth, and it is hard to believe that peace exists, at least for the moment. In spite of the many protest movements, the world is at war, and it is the responsibility of all of us to do whatever we can to bring about peace.

**Letters to the Editor**

I am writing this letter in response to the letter by the "angry as hell patrons of the Snack Bar," who write to the Montclarion's Ed- torial Staff for printed protest at what was not properly signed. Are these names fictitious or do these "patrons" start looking at the signs of these "men" and "women" before they pass the snack counter to College High students. (Of course, I presume that these "patrons" names are imaginary.)

I submit the following question to these "patrons." Do not children follow the example of their parents? Lorraine Cinino.

TO THE EDITOR

We would like to take this opportunity to "congratulate" the 15 students who made this year's "Who's Who Among Students in American Universities and Colleges." We put congratulations in quotations because we are wondering whether 15 members of the class of 1963 are really deserving of the award. We do not mean to imply that these particular individuals are not deserving of the award but rather that, based on the present course of events, the award is not necessarily those of the Montclarion's editors or staff. Any opinions expressed in the standards set in other colleges, we feel that the recommendations of the standards set in other colleges.

We feel that the standards set in other colleges are more stringent and will be more likely to "inspire" the student and will guide the student in determining his worthiness for this award. Harvard has only three recipients, Montclair, 23 members.

**Campus Custodian Has Christmas Spirit**

As the Christmas season grows near many people will be excited over the many lights and underprivileged. In New Jersey State College, as in all places, there is a special Spirit. Among this special Spirit is George "Little Mac" Alford.

"Little Mac," as affectionately known, is a custodian for many children of the greater Paterson area. He is a Santa black.

He solicits many friends and coveners whatever he realizes to various funds. At his place of work he also sells newspapers daily and contributes to charity.

"Little Mac," who confesses that he never had much of anything when he was young, is not too busy to help a younger. Just recently he purchased pairs of shoes and two pair of socks each for twenty five boys and girls. He has treated many children for football games and sends five million youngsters away to camp each year.

"Little Mac" has been a custodian at Montclair for ten years. He doesn't even remember when it was that he began his charitable practices but admits that it must be at least twenty years ago.

He has cut out many of many who deserve recognition. But our prayers go out to all of them.

*Among other things, Mac is a perpetual contributor to the Call to Arms Fund of Paterson.*

**Door Decorations Create Yuletide Spirit in Dorms**

On Monday December 17, the dormitory decoration competitions will be judged by Dr. Iona Henry and Mrs. E. Deaton, Paterson.

A first prize and honorable mention will be given in each of the three dormitories for the decorations. Winners will be announced at the Christmas dinner Monday evening.

The lumps shocked "Santa" pictures of North Hall and belongs to Leah Burns and Judy Dombrowski. The broaded bound dog smugly in a chair is dressed in a hooded jacket and is wearing snow boots. He carries a bag of presents in one hand and an empty wine bottle in the other.

"You look like a young man who looks over your shoulder and says, "What kind of store are you in?" or "What kind of store do you know of stores?" The season of sales, snow, Bruecke, and shopping will be upon us before we know it. Don't wait! Break your piggy bank now; cash last year's Christmas Club check, better yet, open a charge account. A revolving one is best, since it will take you until next Christmas before you finish paying on it--just in time for another year's shopping; It can only improve your chances!"

**LETTERS cont'd from pg. 8**

TO THE EDITOR: I sincerely believe that the music professors who require their students to attend and take notes at so many concerts are doing no service to their students. Searching for lost pencils and rubber erasers, these students do not have time to listen to the music. By requiring students to attend these concerts, they do not give the students a chance to find the music. I am not a very sophisticated person. All I know is that I can hardly wait to get to the end of the world. I have walked the fartherest trail. I have ranged the Romantics and scoured the Imagists, but always emerged as just as I entered there, for I have walked the fartherest trail.

Coach "Hank" Schmidt, the Montclair State College basketball team, played a different role on Sunday, Dec. 9 as he presented the Heint Football Hall of Fame Award to none other than Roosevelt Bennett. This was done at the pre-game New York Giants and Cleveland Browns game ceremonies at Yankee Stadium. Mr. Schmidt is the chairman of District 31 of the NAIA, the old sixteen-year awards group. Roosevelt Bennett received the award for his outstanding career in the league heading Giants. Bennett played for Morgan State College before being selected in the NFL Draft. Mr. Schmidt is presenting the award.

"Roosevelt will be the front-runner in the Bowl of Fame, as he joins teammates Andy Butula and Bill Kelly who previously has been installed..."

"...Hank keeps an eye on that wrestling team of ours. It appears that we have a very well represented squad this year. As, though the bowlers are off to another great season, but what is the matter with school spirit. Saturday the stands were well filled. Did you ever stop to think that the crowd was something to be proud of. LET OUT AND SUPPORT OUR TEAM."
