On Thursday, January 10 at 8:30 p.m., in Memorial Auditori­um, at Montclair State College there will be a special concert conducted by Dr. Armand Christ­

mann. This concert is presented through the generosity of F. Lee Franklin of Local 18, American Federa­
tion of Musicians, Newark, New Jersey.

This concert will feature various programs that will be presented by various school groups and individuals.

Coffee House Scheduled

The Student Government Association has announced that coffee hour will be on Thursday, January 10, from 3:30 to 4:30 p.m. Everyone is invited to attend the event, which will be the last Family Coffee hour of the semester. Free coffee and cookies will be served.

New Members

A new member, David Samuels, joined the student body on January 10. He will contribute to the diversity of the Student Government Association and will be an asset to the organization.

Insignia Contest

The Freshman Class of 1966 is holding a contest to design the emblem to be used on the class blazer. President Bob Van Zanten and Charles Blakely, vice­

president, have announced that the entries must be submitted on 8.5 by 11 Inch paper. The design for the emblem must have a size not smaller than 1.5 by 1 Inch. The winners of the contest will be awarded a free dinner at the hotel and in the event that there are different priced blazers, the most expensive one will be awarded.

The participation of the students in this activity would be judged by the Blazer Committee. The winner of the contest will be given a free dinner at the hotel and in the event that there are different priced blazers, the most expensive one will be awarded.

The final date for submitting designs is January 28, 1963.

And Why Not Exhibit?

The photographs seen on this page are examples of work completed by students in the Art and Civilization course. Displayed in Memorial Auditorium today, the creations represent the process and skill of the junior fine arts majors.

The very fact that the display is placed in Life Hall is a credit to the planning of the Art Department. Too often students’ work is tucked away in their respective teaching areas never to be seen by others frequenting certain buildings. Further appreciation and interest is aroused in department areas when student projects can be viewed by all. To avoid “separation” and isolation of departments, encouraging public display of student creativity should be fostered by faculty and students.

Many have said Montclair fine arts majors are capable of producing only modern abstractions. The display so doubt dispels many of these ideas and sheds new light on the abilities and interests of art majors. It is possible that many more preconceived notions regarding other departments could be discarded if more talent were displayed.

Failure to be proud of one’s work or the fear of criticism can reverse the goals of education and life itself. Now that we have witnessed the art work, good or bad depending on one’s values, where is the rest of the talent and skill that is supposed to flood through the gates at MSC?

Applications for temporary dormitory rooms during the 10 week practice-teaching period are now available in Dr. Henry’s office.

All organizations are requested to submit a list of newly elected officers to Dr. Henry’s office as soon as possible after the election.

EDITOR’S NOTE

In the December 11 issue of the MONTCLAIRON, the impression was given that all the faculty members voted on the seniors for Who’s Who in American Universities and Colleges. A special committee of administrators, faculty department heads, and the SGA Board of Trustees select thirty seniors from a list of all seniors. This number is reduced to the final fifteen (the number allowed this year) by a secondary vote by the students and six administrative officials.

YOUR PRESIDENT SPEAKS

Undoubtedly, the closing of the Recreation Room on the lower level of Life Hall will result in some controversy on campus. It is hoped by your SGA that some worthwhile suggestions aimed at improving conditions in that area will result from this action.

This action, drastic as it may seem, was necessary because of the behavior of a “few”atical students. The slovenly habits and undesirable behavior of these “few” have caused considerable inconvenience to the student who makes worthwhile use of the area in question.

During the fall semester members of the Board of Trustees and the editorial staff of the MONTCLAIRON had two meetings with the President of the College, the Dean of Students, and the Director of Life Hall in an attempt to find a way to correct the unsightly conditions that prevailed in the “Wreck Room.” It is more than four hours of talk, and many more hours of surveying among students, this group was unable to find a way to better operate this facility without the cooperation of the students. It is clear to me that unless the students who use this room help to maintain order and cleanliness, this area will be closed permanently and converted for other use.

As president of your SGA I am asking you, the students of Montclair State, to use your facilities with the responsibility of adults, only in this way will we be able to keep areas such as the Recreation Room open for our use.

A GUIDE FOR THE UNMONEYED

R. L. Sigafoos was a keen, ambitious lad, and when he finished high school he decided he was going to college only if he worked his way through. This was a prospect that would seem quite too great, that he would never be able to carry on a full, busy college life and still find time to do odd jobs and make money.

But to the American public in the daily press, the Manhattan of ostensible poverty is a land of contrasts everywhere we looked—only the temperature is twenty-eight degrees. In New York, it was only a few days off, it was thirty-two. The Inter-American University founded by Ponce de Leon’s men in 1510. It has been moved four times in Puerto Rico’s Industrial Incentives program, of which the year-round well be imagined that so much time to leave Puerto Rico. When we felt the warm, balmy breeze of Puerto Rico is a tropical paradise, and we all knew when we flew through against our faces and saw the familiar greens and palm trees that seemed to be a land of contrasts.

We were greeted by our hosts from Inter-American University’s IRC, and within a few minutes we were on our way back to San German. It had taken us three and one-half hours from New York to San Juan; a distance of 1,600 miles—six hours and one-half hours from San Juan to San German, a distance of approximately 60 miles. It did not take Puerto Rico to be a truly beautiful view of the airport.
