Campus Queen Finalists Chosen

The preliminary elections for the seven Campus Queen candidates were held Monday, March 4, 1963, when approximately 557 SEAM members, workshops for organization presidents and vice-presidents, secretaries, and treasurers as part of the Leadership Training Program.

Farrell Innovates Speaker's Bureau

Warren Farrell, new president of SEAM and one of three representatives from all New Jersey colleges to student NSEA, is initiating a new program named the Speaker's Bureau.

The Speaker's Bureau has two purposes. First of all, it will try to obtain speakers from all New Jersey colleges to speak to high school Future Teachers of America groups, and give the projects for more and better activity. They will also try to answer questions and give information on college life admission and such.

The college speakers will train for this task by a campus training program, and programs spoken by officers of organization in various colleges.

The second purpose is to start new high school FTA groups. This will be done by notices sent to the high schools by the bureau.

A third phase of the Speaker's Bureau is to train college students to speak in education classes at MSC about the benefits of SEAM to future teachers. Officers of SEAM will train for this, and several teachers have shown their approval of the project and speaking arrangements may be made.

Although participation is limited to the 357 SEAM members, anyone may join SEAM by bringing $2.00 to Mr. Kuolt's office.

CURVED TAPE PRESERVATIVES

It has been said, "Money is the root of all evil." In regard to New Jersey State Colleges, lack of money appears to be the root of all evil. As a result, a large amount has not been expended for the building of new dormitories or for improvements in existing dormitories. This lack has broken out in two different areas: housing for the faculty and housing for the students.

Housing for the Faculty

Providing adequate housing is of the utmost importance in order to maintain campus unity and school spirit. With more and more students living on campus, a college can function more as a living unit. However, if the legislature can realize the dire need for improving existing dormitories, they will be temporarily un

Housing for the Students

The immediate future means ten years or more. However, if the legislature can realize the dire need for improving existing dormitories, the immediate years can mean ten plus. The speech by President Pasternak, Harry Berger, Don Schwab, Pat Henzl, and Judy Gallivan, Alice Maloney, Roz Zucker, Chris Wyrot, Judy Bernstein, Pat Bond, and Susan B. has shown great potential in the area of group activities.

Senior Student Teachers Return
Cheek Progress Reports March 7-8

On Thursday and Friday, March 7 and 8, all senior student teachers will return to the university for midterm evaluation of their student teaching progress.

Because all the seniors must be on campus during the two days, said Dr. Norman Lande, director of Student Teaching Evaluation Service, has arranged a meeting for a Friday morning. Participants will include the following counties: Bergen, Essex, Hudson, Morris, Passaic, and Union. These administrators will meet with about 20 student teachers in each of the various candidate and the students will be aware of job openings.

Dr. Lande will be accompanied by a service professor at Newark State College, Marilyn Zensinger, who taught "Teaching As a Profession." A student attending the conference will be on Dr. Rath's presentation and audience participation is invited.

I A CONFERENCE
AT ASBURY PARK

The New Jersey Industrial Arts Association will hold its annual convention in Asbury Park on March 14, 15, and 16. The theme of the convention will be "Using Industrial Arts in Secondary Education." As the past, the meeting will be held at the Asbury Park Convention Hall and the Day Essex Hotel. Registration will be open on the Convention Hall will be held throughout the day with students and employees with the exhibition of student work. Students, schools, and students will exhibit their products, give demonstrations, distribute literature, and discuss the purpose of information for future customers.

A G A T TENDS
A CONFERENCE

Seven student Government national members will attend Eastern College National Conference in New York on March 21, 22, and 23. The purpose of the conference is to exchange ideas that will help National College organizations. Fifty-six colleges and high schools attended the three-day conference.

Discussions based on the theme "The Philosophy of the Free Mind" will be the focus of the conference. Student College was exuding "The Free Mind." "Free Minds," he said, "are the minds of students. Single minds are the minds of students. Single minds are the minds that will make this country.

Montclair is representing the New Jersey College in the second day of the conference on the concept of a Free Mind. The conference will be held at the University of Portland for further discussion.

THESE three paintings to be loaned to the New Jersey College of Montclair are: "The Sound of Water," "The Rain Has Fallen," and "The Sound of Water." The paintings are attributed to Andrea Del Sarto.

Wilde’s “Earnest” Comedy Weak Wit Escapes Worthing’s Ward

by Charmaine Forrest

Despite the amount of time and effort that went into the production of Wilde’s The Importance of Being Earnest, the play fell somewhat short of what was expected.

The play itself, a drawing room comedy, is a satire aimed at the old-fashioned, serious Victorian attitudes and conventions that prevailed during Wilde’s time. Through light, bantering dialogue, the characters reveal themselves as stereotyped personalities – fatuous, snobbish, and failure to see themselves as they really are.

The comedy basically concerns two young men, Algernon Moncrieff and John Worthing, and the events leading up to the happy ending that no one really expected. The comedy is closely related to the comic situations built into monastic life.

Mr. Norbu remarked that they were equipped with China’s cultural industry, but not yet with such elements as Outer Mongolia and Siberia. It is a common opinion that the Tibetan language is closely related to Burmese. Then he said, “Well, I don’t know the language well, and have spoken my Tibetan, and they didn’t understand me.”

The language is related by way of the Mongol, having thirty-four of forty letters of the English alphabet.
