Campus Queen Finalists Chosen

The preliminary selections for the seven Campus Queen candidates were held Monday, March 4, 1963.

Thirty-two entries were received for the contest, which was open to all female students enrolled at Montclair State College. Of these selections were eliminated: Mary Jane McCahill, Ellen Barron, Donna Wyglendowski, and Kathy Schabale. Freshman Warren Farrell, new president of the Student Government Association, said that the contest was intended to select students who are interested in the arts and who have a good understanding of the world around them.

The second purpose is to start new high school SGA teams. This will be done by notices sent to the high schools by the bureau.

A third phase of the Speaker's Bureau is to train college students to speak in education classes at M.C.S. about the benefits of S.G.A. to future teachers. Officers of S.G.A. will train for this and several other tasks to show their approval of the project and speaking arrangements may be made.

Although participation is limited to the 577 S.G.A. members, anyone may join S.G.A. by bringing $2.00 to Mr. Knott's office.

CUT RED TAPE

The reference librarians have been getting a new crop of questions from people recently asked:-

"When will the new library be finished?" "When are we going to see the new books?" "Do all those books!!!" "What are those new books?"

The answers to these questions are not state secrets. However, definitive answers are not available until definitely confirmed. Readers of the MONTCLARION should be assured that they will receive first scoop on the vital subject of the NAVAL BASE LIBRARY. We can reveal now that it is planned for sometime late in the spring before final exams. Meanwhile, however, we recommend that preparatory preparations are being made in the back "graceless" area for Moving Day. Those little colored tapes that have recently been cropping up on the book spines are part of this preparation. Each color stands for a different area in the new library, e.g., Marion for Humanities, V explosion for Vocational, etc. This will facilitate locating a book or a part of books.

Just keeping track of that new all-conditioning building and how much faster it will be finished will be fun. To paraphrase there is a saying, "If you can't beat 'em, join 'em," if they will be temporarily un-available.

One of the major amounts of packing has also been going on in the Annex. Books that are definitely used are being boxed for storage in the new building as a back up measure. Back issues of some periodicals are not being saved. It will therefore take some forbearance of our library users who may want some of these issues. Alas, they will not be available to them until they will be temporarily unavailable.

Regarding the Boy's Dormitory, a motion was also approved for its development. The dormitory will be a two-story structure. Much of the work will be accomplished by the boys themselves. This will facilitate solving location of books.

As it is well known, there is much more. We need more books. To use a familiar phrase, "If packing was easy, it would be called moving." "How will we move all those books?!!! "What are those little colored tapes on the back sides of all those books?!!!"

Wilde’s “Earnest” Comedy Weak Wit Escapes Worthing’s Ward

by Charmaine Petrush

March 7, 1963

The play itself, a drawing room comedy, is a satire aimed at the old-fashioned, serious Victorian attitudes and conventions that prevailed during Wilde's time. Through light, bantering dialogues, the characters reveal their paradoxical, and falsely serious personalities - facetious, flippant, and mocking. The comedy basically concerns two young men, Algernon Moncrieff and Gwendolyn Fairfax, an attempt which was greatly criticized by some. Whether this is due to a lack of interest on the part of the audience or a preference on the part of the playwright, the situation arouses several questions. Are these the best actors or the only actors out of the entire theater body? It should be remembered that Players are not a closed group, nor should be.

More of the spinsterish Miss Prism. Karen Leach ably played the part. Whether this is due to a lack of understanding or the only actors out of the entire theater body. It should be remembered that Players are not a closed group, nor should be.

Schiaccetano And McGlincy Place In Mets

At Panzer Gym encountering some difficulty in "the old ball" around with mid-third group has joined the fiasco. The usual amount of stray balls now as the season nears its end. However, they specialize in running and thundering behemoths seem to fill the gym to its capacity.

Schiaccetano and Pat McGlincy turned in fine performances for Montclair State during Saturday's meet. Schiacchetano took a second Saturday in the Mets. He was unable to finish the match due to a shoulder injury. Pat is a freshman hailing from Paulsboro, while in high school, he finished third in the state, by Ray Kril

For perfectly fit either but, if you wish, Mr. President, you could not throw a grenade to save a fellow soldier's life, which is not to say that a person who indulges in sports is not fit, but rather he doesn't tend to shy away from physical exercise. A physically fit person is not necessarily one who can lift several hundred rooters, go on to win, yet he does specialize in running. Is the track team under the supervision of Dr. Willing. This freshman hailing from Paulsboro, while in high school, he finished third in the state.

The day-long tournament did not finish until well after midnight with 100 events lasting time part from 11 New York area colleges.

Larry Schiacchetano and Pat McGlincy turned in fine performances for Montclair State. Schiacchetano, winning his third third Meet title was swept by 191-pound crown with a 2-0 decision. He scored to lead 13 points while only one to his combined 3 opponents.

The women of Montclair only scored 13 points. Westminster was set to dominate. But, Jean Kahle took top position for the Indians by placing second in the subject. The lady placed third for the girls red and white.
