**Montclair State College Considers Tri-semester Foresees Year Round Classes**

This article was taken in part from the December 15, 1963 issue of the Student Forum. It enumerates the methods of utilizing full capacity of space in colleges for the purposes of continuing classes all year round. Montclair State is seriously considering expanding facilities to provide for a summer semester. This article will elaborate on one method—the trimester system.

"The nine-month, year round semesters has its origins in an agrarian society in which students were needed to work on the farm during the summer months. The need of students for a long summer vacation has disappeared, but many colleges, particularly private liberal arts institutions, still close their doors and allow their laboratories and libraries to stand unused from June through September. Most of the state and municipal institutions, and a fair number of private ones, now maintain some kind of summer school but often they look upon it as a way to keep the curriculum designed primarily for the fall and spring terms as a summer session rather than as an integral part of the curriculum itself."

Edward B. Littlefield, Chancellor, University of Pittsburgh, pointed out that the same amount of work can be covered in each trimester as was covered in the previous two semester system. The year is divided into three fifteen-week terms of "trimesters." Each trimester is the equivalent of a semester under the traditional two-term system. To accommodate the three trimesters without reducing the number of class days in each term, the second year is lengthened from the usual eight or nine months to ten months. As a result, the summer and holiday periods are likewise reduced.

"The fall trimester at Pitt begins the first week of September and ends at the Christmas holidays. The winter trimester begins shortly after the first of January and extends into mid-April. The spring term starts in April and concludes in early August. There is at least one week break between each term and the next, and a month-long vacation between the spring and fall semesters."

"Attendance at all three terms each year is optional for the student at Pitt. He may elect to go to school for eleven months in some years and not in others, or he may choose to complete his undergraduate work in the usual two-semester—two-year fashion. And if he decides to take a term off, he need not do so in the summer; he can choose any trimester for a vacation period."

"We are convinced that the student who really works during the summer can have the college expenses would be better off in the long run to attend school year round."

Complaints seem to be the order of the day, so here we go again.

When someone makes it known that he desires a correction, he usually does his utmost to stand by that position until such a condition is rendered. In the case of the students at MSC, many have complained and few have the patience to go through with the proper channels. Many students who expressed discontent about the fire alarm system have written letters to the Dean of Students office for the Fall of 1963, but have not heard back.

The aforementioned announcement places before you, candidates who you think are best qualified for these offices appear else­where in the issue. If you are qualified for an office, be fair to yourself and be one of the six SGA executive members to the SGA Executive Of­fice.

WE ARE NOT EVEN RECEIVING LETTERS OF MILD CONCERN. ALL WE GET ARE LETTERS OF DISCONTENT. UNLESS SOMETHING IS SAID BY YOU, THE COLLEGE WILL NOT KNOW OF THE NEED TO DISCUSS THE LIGHTING SITU­ATION FOR THE STUDENTS WHO DE­sire to discuss the lighting sit­uation for the Board of Con­trol. (3) More students should at­tend the regional A.C.U. confer­ence. The motion was defeated with a vote of 10 yes and 4 no.

It was brought to the attention of the Board of Trustees that the A.C.U. Northern States Conference-Eastern States Conference Rec­ommendations made con­cerning attendance at the Con­ference (1) were to be the Board of Trustees for one day. (2) The Board should suggest topics of discussion for the Board of Con­trol. (3) More students should at­tend the regional A.C.U., conference.

Sittings for senior portraits for La Cantera Yearbook will take place beginning the week of Monday, April 22 and continuing through Friday, May 3 at the 1600 Kamper Studies, Upper Montclair.

In order that scheduling times may be established, the staff of La Cantera must have a list of your two periods. If you did not hand one in yet, please put it on the desk in the La Cantera office. Appointments will be assigned outside of the cafeteria during the week of April 15-18. All seniors are requested to pick up their appointments at the allotted time.

Senate and the Garden State Players will present the musical "Pauper's Game" on Saturday, April 20 in Memorial Auditorium.

The Garden State Players, an amateur theatre group from the Clifton-Passaic area, have presented three times previously to R,R,C, audiences this hilarious musical comedy. James Miller, who recently returned from a winter tour in Florida with "Pauper's Game," is cast in the lead role and Vincent Blumetti's flute piece orchestra helps support.

The program's production is well worth the price of a ticket. $1.50 loge, $2.00 orchestra, reserve seats only.

"In enabling a young man or woman to prepare for life in a period of time we direct his or her attention to other values—namely, employing one's capacities to the maximum, probing the depth of one's resources, and accepting work as a necessary part of meaningful human existence. Above all else, we believe our society needs a kind of education that fosters such tenets."

There is an eminent possibility within the next two years that Montclaire will adopt a system similar to the plan elaborated upon in the article. We would put our facilities to full use by having a complete summer session for those who would like to fulfill their undergraduate work in three trimesters. Students could obtain employment sooner, with enrollment including the entire third.

Petitions for the forthcoming SGA elections will be available on Friday, April 5, 1963, in Dr. Henry's office.

One hundred student signatures on a petition are necessary to qualify a candidate. Candidates must also have a 3.5 average. Candidate for the offices of recording secretary, treasurer, and president must be current members of the sophomore class. Candidates for corresponding secretary and assistant treasurer must be freshmen, candidates for vice-president must be current juniors. Petitions must be returned on April 15. Balloting will begin on April 18.

All commuters will please check commuter box: in the mimeograph office in the College Hall (Ad Building).

Cambodian Runner Visits MSC

Kho Enjoys American Food

by Carol Brest and Carolmars

Attention early birds! Perhaps you are one of those courageous men taking President Kennedy's physical fitness program to heart? If you haven't, it's now time for you to make a change and try Cambodians. Under the auspices of the State Department, and at age 29, ar-rived on our campus three weeks ago. At times we find the tech­iques of track training. Not only is he an expert in the field of track, but he is also an out­standing parachute jumper in the Cambodian Army.

He has been able to make himself at home in every country he has visited and that he is no means a few! Pakistan, Borneo, Indonesia, Greece, France, Italy, and China are among the many nations to which he has been introduced. A true American, Kho has opened up a whole new world of languages, such as French, Latin, Chinese, Bur­mese, and Indonesian.

"The Bible, The Book?"

Why take pride in our ability to produce a fine, noble phrase from Proverbs or the Second Epistle to the Corinthians when the occasion demands it. But do we really know the difference between the one, the other, when put to the test? Here are two quotations from Shakespeare or the Bible when put to the test? Life Hall Complex: Unifying Force of MSC

The bulletin board in the upper picture is part of an exhibit spon­sored by the SGA to acquaint the student body with the services of the college. As the center of college community life, it serves as a laboratory of citizenship, train­ing students in social responsi­bility and leadership in our dem­ocracy. Through its organiza­tion and staff it provides a cul­tural, social, and recreational program, aiming at making free­time activity a cooperative fac­tor with study in education. In all its programs it encourages self-directed activity, giving maximum opportunity for self­examination. By law.

NOW YOU CAN BE YOUNGER THAN SHE IS

It is a scientific fact that girls reach emotional maturity earlier than boys. For this reason freshman girls are reluctant to make romantic advances to freshman boys, but instead choose men from the upper classes.

That the freshman boys are left dandies, and many is the night the entire freshman dorm sobbs itself to sleep. An equally morbid situation exists among upper-class girls. With upper-class men being snapped up by freshman girls, the poor ladies of the upper class are reduced to dreary, nameless evenings of Monopoly and home permanents.

It seems to me there is a solution for this morbid situation—indeed, a very simple solution. Why don't the two classes—indeed, a very simple solution. Why don't the two

CINEMA:

"THE BALCONY"

by G. T. Goodman

The cinematic version of Jean Genet's "The Balcony" is a worthwhile attempt to transform the "theatre of the absurd" onto film. However, the attempt is not entirely successful. The movie is stark and as penetrating as the play. Genet employs a compromised ending that is incompatible with the film. Genet uses his favorite theme of reality versus illusion (or is it illusion versus reality?) to vitally attack society's moral structure. The movie takes place in a house of prostitution and the perverted dreams of its characters reflect the sexual, social, and political fears that are a part of the outside world, a bloody re-creation of an ancient dream. Three men are called upon to continue their monstrous activities and are subdivided and general in order to save the crumbling government. Genet's writing, humorous and poetic, is a masterful piece in which the symbols used to express the film is an abundance of air, space, and sound. The movie is an air play. The difference is in the sound, the music, the light, and the movement.

MONTCLEAN

APRIL 4, 1963

If you have a personal opinion, please feel free to express it. However, the issue of boxing should NOT be abolished.

The first boxing death took place in 1842 after a bare-knuckle fight. I cannot recall how long the first man saw daylight.

Why do men enter the ring? To most, it is the only way out of a bad situation. It is a way to make money and hope to be somebody; a chance to take their families out of poverty. Is this a way to make a living? I don't believe so.

Sure boxing has its faults; no question about it. So does every other sport. There is no such thing as the "ideal" sport. Of course, if all intentions are overlooked - so is the sport.

The Varsity squad, despite the attendance of 2 of its regulars, and the absence of 2 others beat N.Y.U. by a score of 64-18. The Varsity scored a total of 27 points for the season. Both teams record in the women's track and field at Westleigh high school was 10 points. It was a second in the shot put in the Freshman division. Also, the Montclair State's Indoor N. J. A. A. U. Championshio record now stands at 21 1/2-176; Scott, 171; Pearson, 171. Team officials beat N.Y.U. 10-6. Lind; 1.000 for the Central Jersey Track Conference Championshio and_COLLEGE'S TOTAL was 20.3. Polisano had an 18.6 and Hughes had a 16.0. The varsity and Junior varsity women fencers scored a victory.

The J.V. got off to a slow start in its opening meet but came from behind to post a 1-0 victory over Monmouth. The Montclair State defense was more than half of the victory. The Montclair State defense was more than half of the victory.

The Varsity will bowl six games this weekend and will be trying to improve its record now stands at 21 1/2-176; Scott, 171; Pearson, 171. Team officials beat N.Y.U. 10-6.
