Montclair State College Considers Tri-semester Foresees Year Round Classes

This article was taken in part from the December 15, 1962 issue of the Register Review. It enumerates the methods of utilizing to full capacity the space in colleges for the purposes of continuing classes all year round. Montclair State is seriously considering expanding facilities to provide for a summer semester. This article will enumerate one method—the trimester system.

"The nine-month, year-round system has its origins in an agrarian society in which students were needed to work on the farm during the summer months. The need of students for a long summer vacation has disappeared, but many colleges, particularly private liberal arts institutions, still close their doors and allow their laboratories, and libraries to stand unused from June through September. Most of the state and municipal institutions, and a fair number of private ones, now maintain some kind of summer school but often they look upon this as an afterthought. A curriculum designed primarily for the long run is not quite as efficient as one that is run for the entire year.

Edward L. Hitchcock, Chancellor of the University of Pennsylvania, has written an essay on the "trimester system" which maintains that the same amount of work can be covered in each trimester as was covered in the previous two semester system. The year is divided into three fifteen-week terms of "trimesters." Each trimester is the equivalent of a semester under the traditional two-term system. To accommodate the three trimesters without reducing the number of class days in each term, the second year is lengthened from the usual eight or nine months to ten months. Thus the summer and holiday periods are likewise reduced.

"The fall trimester at Pitt begins the first week of September and ends at the Christmas holidays. The winter trimester begins shortly after the first of January and extends into mid-April. The spring trimester starts in April and concludes in early August. There is at least a one-week break between each term and the month-long vacation between the spring and fall terms.

"Attendance at all three-terms each year is optional for the student at Pitt. He may elect to go to school for eleven months in some years and not in others, or he may choose to complete his undergraduate work in the usual two-terms-a-year fashion. And if he decides to take a term off, he need not do so in the summer; he can choose any trimester for a vacation period.

"We are convinced that the student who truly works during the summer and summer holidays, prejudice and holiday periods would be better off in the long run to attend school year-round. As a special feature of the Tri-March, cheerleaders for their brother Phil Zensinger, a junior, will be there to show support to the team. The game was scheduled for late November and again was a close contest. The Men of Agora beat the Men of the Senate Animals. The game was again热ly contested. The game was filled with fun and excitement. The Men of Agora were leading by a point, as the game progressed. The Men of Agora slowed pulled ahead of the Senate Pirates. The final score of the game was 62-21 with the Men of Agora winning. Outstanding players of Agora were Bob Benske, Dom Deo, Bob Hoffer, and Pat Yaccarino. Out for the Men of Agora were Steve Poe, Jim McDevitt and Pat Yaccarino. Starting for the Men of the Senate Animals was George (SGA) Schmidt.

The second game of the season pitted both fraternities in a series of successful contests. Each team displayed their respective prides which added some color to the proceedings. The Men of the Senate Animals were up against Paul and John, and it was a close battle. The Men of Agora won the last four games. Both teams played well, and it was a good game of sportsmanship. The game was a close game and again was a contest between two of the best teams in the country. The Men of Agora won the last four games. Both teams played well, and it was a close game of sportsmanship. The game was a close game and again was a contest between two of the best teams in the country. The Men of Agora won the last four games. Both teams played well, and it was a close game of sportsmanship. Keep Complaining!

Complaints seem to order the day, so here we go again.

When someone makes it known that he desires a correction, he usually does his utmost to stand by that position until such a condition is rendered. The case in the students at MSC, many have complained and few have prevailed.

Many students who expressed discontent about the university,虽不烟吸问题但都声称他们的放弃是由于内心里对大学的失望。根据我所知的，我们许多学生，包括我自己，对大学的失望达到了一个难以容忍的程度。当然，这种失望不是由于某些具体的事件，而更多的是由于大学的某些内在的特征。我发现大学的许多方面都存在问题，使得我在大学的学习生活变得非常艰难。因此，我想你们应该考虑一下，为什么有这么多学生对大学的不满。这是一个非常重要的问题，因为它关系到大学的未来和学生们在这个大学里能否得到一个良好的教育。
sitting for senior portraits for La Campana Yearbook will take place beginning the week of Monday, April 22 and continuing through Friday, May 3 at the Ed Kamper Studios, Upper Montclair. In order that scheduling times may be established, the staff of La Campana must have a list of your free periods. If you did not hand one in yet, please put it on the desk in the La Campana office. Appointments will be assigned outside of the cafeteria during the week of April 15-19. All seniors are requested to pick up their appointments at the listed time.

Senate and the Garden State Players will present the musical "Pajama Game" on Saturday, April 20 in Memorial Auditorium. The Garden State Players, an amateur theatre group from the Clifton-Panasonic area, have presented three times previously to S.R.O., audiences this hilarious musical comedy. James Miller, who recently returned from a winter tour to Florida with "A Winter Game," is cast in the lead role and Vincent Simonettl's fine 20 piece orchestra helps support. The program is a sellout and worth the price of a ticket. $1.50 ex., $2.00 orchestra, reserve seats only. You may purchase a ticket from any member of Senate.

Direct commissions senior females: Female college seniors can apply now for commissions in the Women's Army Corps, which will provide them with executive and personal management experience, plus world wide travel. A statement from the dean that you will graduate in June and qualifying mental and physical exams, will put commission bars on your shoulders. College juniors: The Women's Army Corps College Junior Program is now accepting enlistments of young ladies destined of becoming commissioned officers after completion of their college training may be enlisted now and until May 15 for the four week summer training program at no obligation if she decided not to further participate. All expenses paid plus $37.50 for the four weeks. Call Sgt. Betty Roberson, MID-202 Ext. 445 for all details.

Male Seniors: Male seniors may apply now for the Direct Officer Candidate School Program which will lead to a commission upon successful completion. All commission programs male and female are for two years. Apply Montclair Post Office, 396 Bloomfield Ave., Montclair. Sgt. Ralph Marshall your army counselor.

On Tuesday, April 16, the College presented the Belcanto portion of the program of its last concert, which was presented on Sunday evening, December 16. The original concert ran into very bad weather in the form of a rather serious-looking snow-storm and this decimated the potential audience, Dr. Partridge, the administrator, commented that while it might be a good idea to re-present a portion of the program at an assembly.

The program will include the Paul Bueso Suite of William Bergamin, the Mozart Third Horn Concerto with Kevin Black as soloist, the Trumpet Voluntary of Henry Purcell and the Overture to Handel's Jephtha in Aulis, of Gluck.

Dean's Honor Tea will be held at 4:00 p.m. Wednesday, May 1, 1963.

Loot: 3 months enrollments on campus during graduate registration. Contents include transcripts, certifications, and military discharge papers etc. If found, return to Graduate Office for William Chevrons, Valiente Road, Sparkill, New York. Reward, $10.

Of more than 4.000 species of pyramids created in Egypt, only 60-odd possess an agreeable perfume.

There are actually more pyramids in Mexico than there are in Egypt.

The kind of environment you want

at a location next door to everything

The fire hazards on campus were discussed at the meeting in Dean Blanton's office, Friday, March 29.

There have been numerous complaints to Dean Blanton about the safety measures in Russe and Chapin Halls, which led the Dean to investigate possible protective measures.

Mr. Stieg, Business Manager of MSC, stated that there was a fire protection project started in 1958 and completed a short while ago. After examining the buildings, the State Fire Marshall said that the best protection for the buildings on campus would be smoke screen doors and fire proof stairwells. These facilities have now been installed as well as a complete fire alarm system.

Mr. McGlnty also stated, however, the most serious fire hazard is smoking in bed. Because students are permitted to smoke in their rooms, the students must be very sure there is no smoking in bed. Mr. McGlnty also stated that there is very little chance for wire fires because the dorms have been rewired so no overloading can occur.

There is an eminent possibility within the next two years that Montclair may adopt a system similar to the plan elaborated upon in the article. We would put our facilities to full use by having a complete summer session for those who would like to fulfill their undergraduate work in three months. Four sessions could be held and obtain employment sooner. With enrollment increasing every year.

TRI-MESTER cont. from page 1, col 4

"In enabling a young man or woman to prepare for life in a period of time we direct his or her attention to other values--namely, employing one's capacities to the maximum, proving the depth of one's resources, and accepting work as a necessary part of meaningful human existence. Above all else, we believe our society needs a kind of education that fosters such talents." There is an evident possibility within the next two years that Montclair may adopt a system similar to the plan elaborated upon in the article. We would put our facilities to full use by having a complete summer session for those who would like to fulfill their undergraduate work in three months. Four sessions could be held and obtain employment sooner. With enrollment increasing every year.

The Faculty Dames will sponsor a Public Forum and Con- vention on Friday, April 26, at 7:00 p.m., for the benefit of the College Development Fund. It will be held in Life Hall cafeteria. Donation is $2.50.

Applications for the dormitory rooms are now available in the Personnel Office for the 1963-64 school year. Dead- lines: Women April 19; Men April 30.

Turn off the engine, and we'll push it out

"The kind of environment you want" and "at a location next door to everything" sound like they are both ways of describing the kind of environment that someone is looking for. The former suggests a sense of independence and freedom, while the latter suggests convenience and accessibility. However, these phrases are not directly related to the content of the articles, which seem to be about fire hazards and college life. Without more context, it is difficult to say how these phrases relate to the content of the articles. However, it is clear that the kind of environment someone wants can vary widely depending on their personal preferences and needs.
Cambodian Runner Visits MSC
Keo Thon Enjoys American Jazz

by Carol Brea and Charmaine Petrush

Attention early birds! Perhaps you saw a young man sprinting across cam­
pus at 5:30 in the morning and

wondered of the nature such a scene. It's true. There was a true Cambodian runner at the University of Redlands.

According to Keo, he comes from a very fine family of four brothers and one sister. This is no common story for Cambodians, where families number up to twenty-six! His brothers, in particular, have entered into the physical fitness with zeal and exercis­

ence, medicine, and teach­

ing.

In Keo's opinion, life in America is nearly the same as in Cambodia, particularly in the various media—motion pictures, radio, and television. It is in­
teresting to note that tele­

vision and radio stations in America, have become more and more a part of the lives of Cambodians. The number of radio stations is increasing. If one is interested in news from Phnom-Penh, Cambodia, where families number up to twenty-six, he must have a radio. Keo states that the meat is fresh. He entered the University of Redlands, where families number up to twenty-six, and is operated by the American Red Cross. The radio stations are more than just entertainment; they are important in keeping peace, the son of a laborer, the symbol of the American way of life. He has a fine possession, the cherry orchard, which is the best and which the Bible.

He has been able to make himself at home in every country he has visited and has been welcomed by all the people of the world, which is the hard and which the Bible.

ON MY COMPUSION

(Author of "If a WomanWednesday..."
"The Many Lives of Dada Ollis"...)

NOW YOU CAN BE YOUNGER THAN SHE IS

It is a scientific fact that girls reach emotional maturity earlier than boys. For this reason freshman girls are reluctant to make romances with freshman boys, but instead choose men from the upper classes.

That the freshman boys are left dateless, and many is the night the entire freshman dorm sobz itself to sleep. An equally sorry situation exists among upper-class girls. With upper-class boys being snatched up by freshman girls, the poor ladifies of the upper classes are reduced to dreary, nameless evenings of Monopoly and home permanents.

It pleases one to note there is a solution to this morbid situation—indeed, a very simple solution. Why don’t the two great have-nots—the freshman boys and the upper-class girls—find slack with each other?

True, there is something of an age differential, but that need not matter. Take, for example, the case of Albert Payson Sigmundus and Eusta Eira.

Sigmundus, a senior in sand and gravel at Vanderbilt University, was walking across the campus one day, weeping softly in his loneliness. Blinded by tears, he stumbled upon Eusta Eira, a senior in wig and raffia, who was weeping softly in her loneliness. Blinded by tears, she stumbled upon Sigmundus.

"Oh, I know you’re younger than she is," said Albert Payson, "but that doesn’t mean we can’t find lots of fun things to do together."

"Like what?" she asked.

"Well," said Albert Payson, "we could build a Snowman."

"Rubbish!" cried Eusta Eira, grinding her teeth.

"All right then," said Albert Payson, "we could go down to the pond and catch some frogs."

"I don’t want any," said Eusta Eira, shuddering her entire length.

"How about some Rum-Raisin?" suggested Albert Payson.

You are clever, green, and immature," said Eusta Eira, and I will thank you to remove your underaged presence from under my nose.

Sighing, Albert Payson lighted a cigarette and started away.

"Stay!" cried Eusta Eira. He stayed.

"Was that a Mariboart Cigarette you just lighted?" she asked.

"I don’t care whether you smoke Marlboros or the very essence of wisdom, the height of American know-how, the incontrovertible proof that you can sell gold from dirt, right from wrong, fine aged tobaccos from pale, pathetic substitutes. Albert Payson, if you will have me, I say yes."

"I will," he said, and did, and today they are married and run the second biggest wicker and raffia establishment in Duluth, Minnesota.

* * *

Freshman, sophomore, junior—seniors—all classes, ages, types, and conditions—will enjoy solid, rich, fifty-cent Marlboros—available in pack or box in every one of our fifty states.

Oedipus Rex

On May 2, 3, 4, and 5 at 8 p.m., in the Mossad Auditorium. This Greek tragedy, one of a trilogy written by Sophocles, is a symbolic portrayal of man’s relationship to the gods. The famous story of Oedipus is a result of true self-knowledge and intellectual pride. The drama unfolds with Oedipus pictured as a man in charge of the state and leader of men. The action shifts to Oedipus’ death proclamation on Creon, invoked because of Creon’s interfering message from the Oracle at Delph, etc., but that need not matter. Take, for example, the case of Albert Payson Sigmundus and Eusta Eira.

"We really use our lawn..."

"Khus khus tatties" were fiber mats soaked with water to cool palates of Europeans in India, centuries before air conditioning was invented.
