Quarter Plan At Shippensburg; What Choice Montclair?

In order to familiarize the students of Montclair with the advantages of semester education, the following article was taken from the Shippensburg Times College (Pennsylvania). It will open a general discussion on the advantages of semester plans.

Since September 1, 1961, this college has been operating under a semester plan. Under this plan the twenty-eight-week term is divided into three twelve-week terms with periods of 75 minutes.

A general opinion of the student body is one of favor for the advantages of semester education. Many students feel that this plan gives them more time to work on their studies outside of class and to participate in extra-curricular activities. The shorter term also enables the students to have a larger number of subjects and professors.

There is also an advantage for the faculty. As the instructor has fewer classes then the hour credit basis predominate, there will be a greater number of students to each faculty member. Each class can be treated to the traditional semester plan.

Robert Nicosia, candidate for senior class vice-president, brought charges against the Board for allowing a student to vote illegally. This was the first time in SGA History that an election has been illegally contested.

According to Nicosia, the mis-spelling of the word "free" on the SGA application form caused his vote to be counted as invalid.

When he discovered the possibility of an illegal vote, he took it upon himself "to ascertain the facts, find witnesses and testify at the special meeting." At this meeting, the Board suggested a "public apology" be made but this was not the case. Nicosia felt that he was "pre-judged and the election 있다 been conducted improperly." When he presented the findings of the records, the Board ruled in favor of the facts presented. While he is disappointed with the institution of having the SGA card as a voting permit, he "went along with it as long as it was enforced." However, after the investigation, he felt "it was my responsibility as a student at Montclair to rectify this mistake after the election when he officially contested the facts, Nicosia stated that "the attitude of the SGA was very poor considering the complete investigation of circumstances." He then asked for any assistance by the Board, the investigation of the term card as the media of this sort, as the integrity of the SGA remains unchanged. If his question is answered, he will have the initiative in finding out whether these charges had any validity.

Dr. H. N. Rivlin Named ’63 Graduation Speaker

Dr. Rivlin is a visiting professor at a number of colleges in New York State. NYU, the University of Chicago, the University of the Utah, the University of Colorado, and the New York State College of Education. He is a member of the National College Teachers Association and Professional Standards, as well as other professional organizations. He is a former president of the Psychological Section of the National Society for College Psychologists.

In 1935, Dr. Rivlin completed his doctorate degree in educational psychology. He has been a member of the faculty at Montclair since 1934, and has been a member of the psychology department since 1936. His most recent book is the "Psychological" series. His most recent book is the "Psychological" series. His most recent book is the "Psychological" series. His most recent book is the "Psychological" series.

Carnival Comments

Including the Carnival Committee, with all due respects to those who worked on the 1963 Carnival under the Winter-like senior film group, pink farina barnacles, and helped to temporarily bolster school spirit and pride, and for the third year in a row, the Fine Arts Association will present "The Dance of the Shopping Cart," "Tell Them Who Schlechter Was," an audio-visual collagewhich will be followed by an original 'special' of the evening will be the first showing of an original collage, and "Action, Reaction," a short improvisation. The program will be carried with a vote of 12 to 10. A motion was made by Ken Wolff and seconded that the Board appropriate up to an additional $200

WHAT'S HAPPENING?

For the third year in a row, the Fine Arts Association is making things happen! The latest series of "Happenings" is called "The Dance of the Shopping Cart," "Tell Them Who Schlechter Was," an audio-visual collage, and "Action, Reaction," a short improvisation. The special event will be the first showing of an original collage, and "Action, Reaction," a short improvisation. The program will be carried with a vote of 12 to 10. A motion was made by Ken Wolff and seconded that the Board appropriate up to an additional $200.

Joe Snow
Sports Editor

Dear Editors:

In the last issue of the MONTCLARION, my review of Oedipus Rex appeared, thus allowing one to understand what a whirlwind, through which we meant to be a key to some of the questions that we were asked last week. Since any review is absolutely no matter what its length, it cannot be done justice to the play, and should be written with just that in mind. A journalistic writing be. In this case an injustice was not only unwittingly done, but one accorded all those being reviewed, who are so often neglected. I have a few words of advice to everyone to space to retrace the complete review in your next issue. If not, do not reprint only a section.

THANK YOU

We want to thank everyone who participated in Carnival '63 and helped to make this a wonderful success. From what we could see of the rebuilding Saturday and the undampened enthusiasm of the student body, we decided to strike the word apathy from the Montclarion while congratulating and you.

Yours truly,
Mr. Snow, our advisors, to our judges and committee members,

Marian Wincemorek
John Lord
Carnival '63 Co-chairmen

One would think the SGA would take the initiative to prove the charges false immediately if they were serious. It is truly unfortunate that such an incident tarnished the healthy record of the Board this year, but it is even more heartening that they had the courage to admit this default and hold the election again. Conclusion: No one is Infallible.

It was once said that we are blind to our own faults. The poetic force of the play's message, its third production of the year, was as another queen's handmaiden acting as another caretaker for hub caps. The worst of all possible worlds. It is truly unfortunate that such an incident tarnished the healthy record of the Board this year, but it is even more heartening that they had the courage to admit this default and hold the election again. Conclusion: No one is Infallible.

Martin Wrenstall

Henry To Leave;
Honored At Tea

Dr. Iona S. Henry, assistant director of students, will be honored at a testimonial dinner on May 9th, 1963, by the Student Development Committee and Mrs. DeAllon Fatherj pige from 3 to 5 p.m. Dr. Henry will be leaving Montclair State College at the end of this year, after three years in her present position, to become Chairman of the Department of Religion at Loyola University, where a special committee, led by Dr. John R. MacLaughlin, visited a meeting at a tea at the home of Dr. Iona S. Henry, assistant director of students, who assisted us in making our Burgess Bridge for the Faculty House such an outstanding social and financial success.

The girls from the Inter-Club Council and who drew sincere compliments from our guests, Students from Fine Arts, Industrial Arts, and the Home Economics Club con-

MAY 17, 1963

MONTCLAIR

MSC OPENS TO 3300 FRESH

Montclair State will open its doors to about 3300 freshmen on Sunday May 19, 1963. The occasion will be the Campus Open House which will serve as the Annual Parents’ Day for the incoming freshmen class.

Changing from previous years, this year’s program will center more towards the incoming freshmen and their parents rather than to the total number of people who are involved in campus life, such as parents of students and their friends.

The program, which will last a full day, offers a wide range of activities to interest our visitors. There will be tours of the campus and various meetings. A buffet will be served at 11:30 p.m., Dr. Partridge will meet with the parents and the members of the Class of ‘67. George King, Director of Admissions, has arranged for tours of the campus, with the students who work in the Admissions Office serving as the guides.

DOORS TO PARENTS

Marine Land before returning. These members of the Coelacanth Club stopped in Florida, Keys. They camped at regular miles from the shore.

KUHNEN SEES FLORIDA KEYS

During Montclair’s Spring Vacation, Dr. Kuhnen of the Science Department and his students traveled to Key West, Florida. These members of the Coelacanth Club explored the shore and Loee Key, a coral reef six miles offshore.

The group left on April 5 and moved down to Big Pine Key, the largest of the Florida Keys. They camped at regular camp sites and prepared their own meals throughout the trip. While in Florida, the group studied the beach weather, coral foraminifera, and other coral formations of all kinds.

Leadership Conference Assembly

All students attending the Student Leadership Conference at Montclair State during late September, 4-8 are requested to be present at the Orientation Program on Tuesday, May 21 at 3:00 p.m. in the Memorial Art Department.

The program has been set up so as to give our visitors a glimpse of our campuses as near to how it will be as when they will be in attendance. The buildings on campus will be open, making it possible for the freshmen to see the collection of modern equipment which will be at their disposal next year. It will also give their parents the opportunity to meet with and listen to Montclair’s faculty.

SENIORS COMPLETE SURVIVAL COURSE; HEAR RETIRED ADMIRAL JAMES McNALLY

On Monday, May 13, 1963 twenty-five seniors taking the Civil Defense Course heard retired Admiral James A. McNally, Chief of Wardens and Ombud Training for Civil Defense in Montclair, address them on the last session of the course instructed by Dr. Alden C. Codor.

The seniors completed a two-hour course of instruction which will entitle them to teach Individual and Family Survival in any high school or adult education course.

Mr. Mauer outlined the process of survival on the municipal, county and state level stressing the two plans of survival—survival with movement and survival with “digging in.” In connection with the course, he said, “You teach them any way you see fit to make necessary preparation to protect themselves. I cannot anticipate what can happen but let us be prepared for it.”

He stressed the extreme importance of medical self-help in case of emergency from that can happen in any situation where...

---

**TILL WE MEET AGAIN**

With today's installment I complete my ninth year of writing columns in your college newspaper for the makers of Marlboro Cigarettes. In view of the occasion, I hope I may be forgiven if I get a little misty.

These nine years have passed like nine minutes. In fact, I would not believe that so much time has gone by except that I have seen so many changes in our world that it is hard to believe that it has only been nine years. Many changes have occurred, some good, some bad, and it is not easy to say whether the world is better or worse than it was.

The atmosphere became uncomfortable when students asked questions about the acceptance of more nationalist—not necessarily communistic—principles.

Mr. Vaslev is a Russian Increase of 8-9% to their point of view. However, as a Russian translator, he is extremely interested in Russian literature and is a member of the Russian-speaking group of the American Literature Association. He has taught several generations of Montclair students, and has taught the courses in Economics and History at the university level. In addition to his other duties, he was a Research Engineer with Westinghouse and has taught at the University of California and the University of Illinois. Mr. Vaslev has taught at Montclair for many years and has been advisor to Sigma Eta Rho and the Science Honor Fraternity. He was a member of Sigma Eta Rho and the Science Honor Fraternity. **Staub Shuts Out Trenton State Indian Lions For Title**

**May 11 - Behind the strong arm of Joe Staub, Montclair took possession of first place by beating Trenton 3-0.**

Joe Staub went the distance and collected seven strike outs. Staub walked only two batters while giving up three hits. Joe Ackerman knocked in all three runs as the Indian went 6-0. In the third, Al DiPalma bunted a triple to left. With two down, Joe Ackerman smashed a single past the shortstop to score the winning margin. With one out in the fifth, Bill Lally strolled to center and moved to second on Joe Staub's sacrifice. Ackerman then stepped to the plate and parked the baseball over the left field fence.

Joe Staub was only in trouble in the first. With one out and bases loaded, Joe poured on the steam and struck out the next two batters.

**Kril's Korner**

The Greeks are at it again. Yes, every Monday and Wednesday evening, they descend down to the falsely well-known Spray's Field and find the Interfraternity League fighting it out. You can almost smell the garbage that sits at the opposite ends of the field facing each other. You know, sort of on the edge of the track—there's always a member of the track team working out; they help to separate the teams.

There's been some real action down there. The Senate Poets came last week when they upset the Animals of Agora. Oh yea, we mustn't forget Phi Sigma Sigma's (the greenwade-beans) win over the mighty bats of Pi Lambda Pi—i guess they forgot to grease the Pi girls.

Seriously though, it really is great that the fraternities are able to have some sort of recreation that gets the guys together. What about the other 95% of the campus. The man's dorm has the temperature, the annual Collegiate Track Conference Champion—
