Montclair State College campus has been changed drastically since last June. In an attempt to improve the physical facilities, the parking areas, and the cafeteria service, the College Administration has sponsored the largest single multi-purpose building campaign in the history of the college. This program has made available the return of football to our own campus, and has increased capacity in the cafeteria, additional playing fields for baseball, soccer, and field hockey, and a variety of other needed improvements. A new traffic-flow pattern should aid commuters leaving the campus as well as cutting down the previously somewhat dangerous traffic conditions.

One big item of construction has been the alterations to the football field. Last June there were 1,000 seats along the field. New bleachers have been added to provide a total seating capacity of 4,000. The field has been completely reseeded over a foundation which will permit efficient drainage. A cyclone fence has been installed around the whole football field area for purposes of traffic control and regulated admission. This achievement is a credit to several different organizations. Of the total cost of over $15,000.00, $15,000.00 was contributed by the Margin for Excellence, $7,500.00 by the Student Government Association, $25,000.00 by state sources, and well over $5,000.00 worth of services by the college maintenance staff.

New facilities under construction are the addition to Paxson Gymnasium (including the swimming pool) and an addition to the Speech Department, and additions to the Fine and Industrial Arts building. Although tennis courts are planned for construction next spring, new playing fields located behind the Finley Hall/Library area have been added. These fields include facilities for the varsity baseball and soccer teams as well as for intramural field hockey.

The remodeling of College Hall is now within a week or so of final completion. Additional telephone facilities, including a phone for members of the Grace Freeman Hall community, have been added for the College. New bleachers have been purchased for the Life Hall area. The bleachers are a gift from the War Memorial Fund.

Life Hall cafeteria has also been changed. Seating for an additional 200 students has been provided, and the chairs include a built-in book rack. New ranges and an ice maker have been added for faster food preparation and more efficient clean-up.

Although several items of construction were scheduled for completion by both Chapin and Russ Halls, only the ceiling in Chapin Hall and the kitchen in Russ Hall have been completed, and the construction is continuing to be completed during the year.

One construction project which will be in evidence during the year is the new boiler house. This project will be completed while full service is maintained for the college, since the new boiler house is being built around the old boiler house. As the facilities are completed the new boilers will be lighted one by one as each new unit is ready for operation. The old boilers is shut down and removed.

Two new parking lots capable of holding 300 additional cars, are being planned. These new parking lots will be added to offer spaces lost because of construction and other changes. One is located behind Maloney Hall and is linked with the Life Hall Library, and the other lives behind the library by new access through the rear of Chapin Hall.

CONSTRUCTION PROGRAM TO FURNISH COLLEGE WITH ADDITIONAL FACILITIES

Appointment of Three Montclair Faculty Members to Department Chairs

Dr. Thomas H. Richardson, recently announced the appointment of three Montclair faculty members to department chairsmanships: Dr. Paul A. Cohen, Professor of Social Science; Dr. Bruce A. Gaeng, Professor of Foreign Language; and Dr. Robert A. Willing, Professor of Business Administration.

Dr. Cohen, also an Upper Montclair resident, was a member of the Montclair State faculty since 1951, received his bachelor's, master's and doctor's degrees from New York University and earned the degree of professor from the University of Paris. A former instructor at Haverhill, Massachusetts, and later at Holyoke College, Dr. Cohen resides at 27 Marquette Rd., Upper Montclair.

Dr. Gaeng resides at 27 Marquette Rd., Upper Montclair. He joined the Montclair State faculty in 1964, was chair of the Foreign Language Department at Montclair Academy from 1961 to 1963, and was previously a foreign editorial assistant for McGraw-Hill College. He has also been a President's Fellow at Columbia University's Graduate School of International and Area Studies and was present as president of the Intercultural Association of Montclair Chapter, United Nations Association, for 2 years. He was also a visiting professor at Queens College.

Dr. Willing received his B.A. from the University of Wisconsin, his B.E. from Whitewater State Teachers College and his Master's degree from Columbia University in 1958 and is working toward his Ph.D. at DePaul University. A member of the Montclair State English Department, Dr. Willing's teaching experience includes Notre Dame and the College of Staten Island.

Ciao, Dr. Krauss, Ciao!

As we begin a new school year, we of the Montclarion are faced with one additional challenge. Not only must we adjust to new classes, schedules, and professors, but we are also faced with the task of publishing the Montclarion under the competent advice of Dr. Russell Krauss.

Dr. Krauss advised the Montclarion for many years and was later forced to personal reasons give up his duties. During his absence, because of inadequate student participation and lack of faculty support, the paper was allowed to degenerate. Dr. Krauss was asked by the college administration in 1964 to again resume his activities as adviser. It was with his help and guidance that members of the present editorial board and past board members have been able to re-establish the Montclarion as the college newspaper and as an active voice to the Montclair State College faculty since 1956, was made a full professor in 1965, and previously had held himself in recommending Dr. Krauss as a recognized author and Professor of English, was just such a one.

It was through Dr. Krauss that the Montclarion was freed from the peril of the Justo-Paper. It was through Dr. Krauss' guidance that the enthusiasm of the drawing process is its improved form. Justo-Paper could take examples of the professional organizations on national, state and local levels and has served on the education committee of the New Jersey Voca- tional and Arts Association, the Board of Directors of New Jersey Industrial Arts Association, the Executive Committee of the Association of New Jersey State College Faculties. He is a former president of the New Jersey State College Faculty As- sociation.

Dr. Krauss is the Campus Ad- viser for his field and is the inventor of a portable drafting machine that speeds up the drawing process.

He has been active in various professional organizations on national, state and local levels and has served on the education committee of the New Jersey Vocat- tional and Arts Association, the Board of Directors of New Jersey Industrial Arts Association, the Executive Committee of the Association of New Jersey State College Faculties. He is a former president of the New Jersey State College Faculty Association.

Dr. Krauss' genuine personal concern showed itself in a way, while he was in my class, I never condescending in his at- tention shown to his scholarly activities. Each time he addressed one-volume edition of Chaucer. As an incomparable poet, he had the unique ability to bring the imagination for years.

The intervening years have not smudged the sharp impres- sions he made upon me—impeccable scholarship, a distinctive latitude in reading, an unerring critical acumen. He was never condescending in his at- tention shown to his scholarly activities. Each time he addressed us with inspiration. CLUB PLANS FOR EXHIBIT AT MSC

Photography: “Fifteen Years Of Space,” an exhibit on loan from the National Aeronautics-and Space Administration, will be on view from September 17, 1966 to October 1, 1966 in the Lobby of the Memorial Auditorium.

NASA Photos Slated For Exhibit at MSC

It is a pleasure to announce that a selection of NASA photographs in the exhibit, most of them in color, were chosen from the best made by astronauts. By the Astronaut Data Collection, will be on view from September 17, 1966 to October 1, 1966 in the Lobby of the Memorial Auditorium.

The exhibit, to which NASA astronauts and their wives and families were invited to contribute, will include photographs made since the original year-span, has been selected to reflect the historical significance of space exploration. As the exhibit opens in the Museum of Natural History, there are some early events as are follows:

1. The Music and Art committee under the chairmanship of Art Commissioner, will be on display in the lobby of the Memorial Auditorium.

2. The two full concerts will be presented on October 14, and the Spoonful on November 14, 1966. Both are sponsored by the School Board committee of this committee.

The lecture series begins on October 17, with an author of The Status-Seekers and The Pursuit of Progress. The Parker will speak on "The Changing American Character." On October 28, Mr. Leonard Buchner will speak on "The Tale of a Teller of Tales," is chairman of this committee.

The Cinema Committee, under the direction of Mr. Harry Bracker, will present the following movies: "Fall-Safe" on September 25, 1966, "The Cardinal" on September 30, 1966, "The Tenth," and "The Night Visitor" on November 22, 1966. For information on the programs, write to the Cinema Committee, 301 College Avenue.

Homecoming 66 will take place throughout the month of October,放手. This year’s theme is "The Great Gatsby," as the Roaring Twenties. The Roaring Twenties are coming to Montclair State College! To begin the festivities, the students will take part in a parade through the campus, October 17, 1966.

The Music and Arts committee is planning a series of concerts, beginning on September 19, 1966. The first concert will be a revival of the "Love and Life," the annual Senior Concert, under the direction of Dr. Leonard Buchner, Director of Music. The concert will be held on the theatre stage of the Memorial Auditorium.

Football Season To Kick Off September 23

Squad Ready for Opener On Resurfaced Gridiron

When the Montclair State Football Indians open the season on Friday night, September 23, supporters will be seeing a new coach, Hank Ferris, a new home field (Sprague Field) located behind Panzer Gym, and probably a new look offensively with the return of Jim Carovillano to the quarterback spot.

The opening game opponents will be the perennial Pennsylvania College Conference powerhouse, East Stroudsburg State College. Last year MSC and ES paid battles for 47 minutes with neither team scoring. The Indians then blocked a Stroudsburg punt and recovered it in the end zone for the touchdown. The Warriors took the kick-off and marched down field in ten plays to score and were able to convert the extra point and gain a 7 to 6 victory. East Stroudsburg went on to finish the season undefeated and gain a 10th place ranking in the Associated Press small college ratings.

This season it may be different. Although the Warriors lost their entire backfield, coach Charlie Rees has an overall rebuilding job and will be expecting much from his three captains, Doug McNichols, Frank Mariello and Jim Wolfe. Freshmen Joe Salvatori, Jim Steele, and Pete Lee are expected to beke into the starting line-up. The quarterback spot is being contested by transfer Jim Walte, Bob Hol­

deraum and Nick Drozvon. Returning lettermen Bruce Dave Rates, Mike Thomp­
sen, Dennis Davidson, George Katchak and Roy Miller will be stepping into their entire postions front.

It will be advisable to come out early to the game. With

Montclair Sponsors Education Workshop

A week-long workshop, sponsored by The Adult Education Resource Center of Montclair State College, developed specific recommendations for communicating with disadvantaged groups. The participants created a proposal, with representatives from the Paterson schools and community agencies for utilization of resources in Paterson for the training of teach­
erers for urban disadvantaged areas. Other action proposals dealt with better ways of reaching out to the disadvantaged.

Ray Ast, Director of the Adult Education Resource Center and workshop co-ordinator, stated, "We plan a series of workshops and training sessions, based on the proposals of this meet­
ing, aimed at improving services to the disadvantaged in the areas of health, housing, educa­
tion, and employment. From these workshops, concrete meth­ods of serving the disadvan­taged more effectively will be sug­gested.

Among the twenty-five profes­
ional workers attending were representatives of state, health, housing, migrant, and employ­ment areas. Other action proposals, created a proposal, with repres­
entatives from the Paterson

sponsored by The Adult Educa­tion Workshop
