Governor Hughes Appoints
Pres. Richardson Chairman
Of United Nations’ Week

Dr. Thomas H. Richardson, President of Montclair State College, has been appointed Chairman of the New Jersey United Nations Week observance, to be held September 20, by the Governor of the State. Richard J. Hughes, came last June to the state, and in his address, Governor Hughes signed the proclamation which would make the week of September 20-30 United Nations Week in New Jersey. Harry W. Balfe, President of the United Nations Association of the U.S., New Jersey Chapter.

The highlight of the week’s programs will come with the state-wide celebration of the organization’s 21st anniversary on Tuesday, September 28, at Montclair State College. The program will open with a convocation, with The Honorable Clifford Case, Senator from New Jersey, as chief speaker. Senator Case will speak on “Can the U.N. Survive as a Factor in World Politics?” Following the convocation, there will be a coffee and board refreshments session and a meeting of the faculties.

The panel subjects have been chosen to bring attention to the various aspects of the United Nations, as well as topics of immediate concern to the state and to the world. Among the subjects to be covered are: Why should the U.S. have an active share of the costs of the United Nations?”; Should America have an active share of the costs of the United Nations?”; Why should the world, as a whole, support the United Nations?”; Should America support the United Nations?”.

Partridge to Deliver Keynote Address At Fall Convocation

Dr. E. De Alton Partridge, former President of Montclair State College, will deliver the keynote address at the Fall Convocation on Tuesday, October 6, at 10:00 in the Amphitheater.

Dean of College Recognizes Students For Achievement

Dr. Allan Moorhead, Dean of the College, has announced the names of those students who have attained an average of 3.5 or better or full-time work of at least 12 semester hours in the regular division for the Spring Semester, 1966. Students who have made the Dean’s List have been invited to attend the Reception and Tea, which will be held in Chapin Hall on Wednesday, October 19, from 4:00 p.m. to 5:00 p.m.

Students whose names are listed below have attained an average of 3.5 or better for full time work of at least 12 semester hours, in the regular undergraduate division for the Spring semester. The star indicates a 4.0 average.

Club to Present Off-Broadway Musical;
‘Fantasticks’ to Appear October 6, 7

The Fantasticks, New York’s longest running musical show is coming to Montclair State College October 6 and 7 at 8:40 p.m. in Memorial Auditorium. The Tom Jones-Harvey Schmidt musical will be performed by the cast of the National Touring Company of the Fantasticks. Babcock will repeat his role of the Boy’s Father, which he has played in the New York production for more than 1,700 performances.

The Fantasticks is one of the most warmly exciting and imaginative musicals of our time and has been presented in more than thirty countries throughout the world. Many of the songs from the fun-filled score have become standards during the script which was first set in New York, notably Barbara Reinhard’s recordings of “Much More” and “I’ll See Her In June.”

Advanced Research Offered to Communist Countries

The Inter-University Committee on Travel Grants announces opportunities for advanced graduate students, faculty members, and post-doctoral researchers to engage in study and research in Communist countries, Eastern Europe, Bulgaria, Czechoslovakia, and Hungary. These exchanges are administered for the American Council of Learned Societies, the AAU, and the American Council of Education. The Inter-University Committee on Travel Grants offers two types of travel grants: (1) those for study in the Soviet Union; and (2) those for study in Communist countries other than the Soviet Union. The Soviet Union exchange has been offered since the early 1960s, and the exchange with other Communist countries began in 1967.

The grants are offered by the American Council of Learned Societies, the AAU, and the American Council of Education. The Inter-University Committee on Travel Grants administers these exchanges in cooperation with the respective educational organizations in the United States and the Soviet Union. The grants are awarded on a competitive basis, and the selection process is based on academic merit and the feasibility of the proposed research project.

The 1967-68 exchange in the Soviet Union offers graduate students and post-doctoral researchers the opportunity to study in the Soviet Union. The exchange is open to students who have completed at least one year of graduate study and have a strong academic record. The exchange is limited to citizen students who are citizens of the United States or its territories.

### Voice of Montclair Slates Plans for Forthcoming Year

The Voice of Montclair State is a new and growing organization which is working to establish a radio station on campus. Composed of groups from all the college departments, the group hopes that establishment of an FM radio station will not only improve communications among the student body, but will also provide students with an excellent opportunity to participate in his field. All new members are invited to attend the meetings and join the organization; experience is not necessary.

Some of the activities planned for the forthcoming year are as follows:

- **Programming Department**
  - The Program Department is currently planning educational and entertaining programs to be presented on the station. It has been in contact with various recording companies concerning the purchase of records and plans to tape several lecture, instructional, and dramatic programs during the coming year.

- **Announcing Department**
  - The announcing staff will conduct auditions shortly after the opening of the semester to obtain additional members who will then take part in a training program.

- **Writing Department**
  - Writers are needed to handle correspondence for the department and to work on the Voice of Montclair Newsletter.

- **Sports Department**
  - In the coming year the sports announcers will tape M.B.C. football games and other sports events. All new members are invited to attend the meetings and join the organization; experience is not necessary.

- **Publicity and Public Relations Department**
  - "Postmen" are especially needed to help announce the meetings and activities of the organization.

### Photographers For 1967 LaCampana

Nancy Skirka, editor-in-chief of La Campana, has announced that Gary Gladstone, a professional photographer, has been contracted to photograph this year’s yearbook.

Mr. Gladstone, a free-lance photographer for Time and Life magazines, recently had a display of his work in the Time and Life Building in New York City.

Mr. Gladstone will be responsible for the candid photographs of this year’s yearbook. He will also cover sports events and the full range of events on campus including the floats, football games, and dances.

### Officials Set Up New Traffic System; Parking Lot Construction Delayed

The Maintenance Department and the Business Office would like to thank the entire commuting student body for its excellent cooperation in dealing with the current parking crisis at Montclair. Unfortunately, rain has completely halted all work on parking lots which will eventually accommodate nearly 400 additional vehicles. Lots which were scheduled for completion September 18th must necessarily be postponed until the ground has dried sufficiently to permit heavy tonnage rolling equipment to operate.

Until lots under construction are completed, traffic regulations will be revised on a day-to-day basis. Maintenance personnel will direct traffic to open parking areas and to areas which are normally reserved for parking. Recognizing the present difficult conditions, parking tickets will not be issued unless cars are parked in such a manner as to obstruct traffic flow.

Roads, for example, may not be available to vehicles, but open areas are completely filled.

Cold Feet and Hot Heads

On September 13, President Richardson conducted a meeting of student leaders to which we were privileged to be invited. The meeting was concerned with the critical parking emergency which has developed on this campus. Never before have students of the college been made aware of the genuine commuting problem that has arisen as the result of the parking situation.

Student comments have been heard on all parts of the campus recently placing fault in everyone from President Richardson, to Mr. McGinty, to Mr. Grinty, to the drenched traffic directors who have undoubtedly directed cars to park in every available nook and hole. Comments were even heard such as "Wait until the Montclarion comes out Friday. You girls and boys wait until the Montclarion comes out Friday and blame this time?"

We thank these students for recognizing us as a source of opinion on campus but we can no longer place the blame on any one cause. We would like to lend a helping hand through the services of traffic directors who have undoubtedly worked long hard hours trying to keep the traffic flowing and the waters from rising too high. Mr. Calabrese has done all in his power to maintain the parking facilities we now have. It is time proper recognition and thanks be directed to Mr. Calabrese, to Mr. McGinty, to the rain-drenched traffic directors who have undoubtedly directed cars to park in every available nook and hole. Comments were even heard such as "Wait until the Montclarion comes out Friday. You girls and boys wait until the Montclarion comes out Friday and blame this time?"

The parking situation was intolerable last year and superseded any printable description at the present. The blame for this situation can and must be placed on the state officials who have controlled the financial reins of this college from their far-off, warm, dry and comfortable seat (whence the waters have very little mud). These officials have maintained the position that sufficient parking areas are available on this campus. Who's kidding whom? A college cannot operate on the principle that two thousand students at a time can enter into the mind of the students. The opportunity slipped in the graduate study. The college itself does not put a stronger accent on Graduate Studies. It is true, however, that many departments now do stress Graduate opportunities; however, there are still very many departments that do not. There are many professors who teach with this in mind; however there are still many more who do not allow this to enter into their teaching or into the minds of their students.

The opportunity slipped in the graduate study is numerous. They can provide the student with assistantships, fellowships and scholarships which can offset the cost of Graduate work. There is an evergrowing acceptance upon Graduate work. Most students do not plan to attend the U. N. can be important. Governor Hughes and Senator Case have complimented the college on its undertaking and both have agreed to participate in the program. It is expected that leaders from many segments of New Jersey life will participate in the program. Bishop Dougherty, the President of Sette Hall University and Mr. Joel Jacobson, President of New Jersey Council AFL-CIO, have already agreed to speak and conduct panel discussions. It is expected that the academic community in the State will become interested and involved in the U. N. Day program; delegations of faculty and students from many institutions of higher education will attend.

The Montclarion is published bi-weekly by the Department of Publications of the Student Government Association of Montclair State College, Upper Montclair, N. J., on the 1st and 15th of each month, and is sent free of charge to all students, faculty, and alumni. The Montclarion is not responsible for the opinions of the Editorial Staff. Opinions of the columns are not necessarily that of the Editorial Staff. Responsibility for any errors or omissions rests on the contributing writer. 

New Jersey U. N. Day — Montclair State College

The Presidents of the United States, since Franklin Delano Roosevelt, have praised and endorsed the United Nations as a major instrument for maintaining world peace. Our country has also provided much financial bolstering for the world organization. In spite of this official political and economic support, however, there is inadequate understanding in America of the accomplishments and problems of the United Nations and in some ways the United Nations' status may be at its lowest point.

It is with a keen awareness of this history and with the feeling that the United Nations provides one of the few hopes mankind has for survival, that our college will host the U. N. Day ceremonies for the State of New Jersey on October 27, 1966. Montclair's role in supporting the U. N. is important. Governor Hughes and Senator Case have complimented the college on its undertaking and both have agreed to participate in the program. It is expected that leaders from many segments of New Jersey life will participate in the program. Bishop Dougherty, the President of Sette Hall University and Mr. Joel Jacobson, President of New Jersey Council AFL-CIO, have already agreed to speak and conduct panel discussions. It is expected that the academic community in the State will become interested and involved in the U. N. Day program; delegations of faculty and students from many institutions of higher education will attend.

The student leaders at the college are joining the alumni in sponsoring this celebration on campus. The Presidents of SGA, IFC and several other student groups are contacting their counterparts on other campuses to extend personal invitations. Several student groups have offered their services to aid in making arrangements for U. N. Day and have volunteered to assist with making faculty arrangements, help with parking and to act as guides. It is expected that the Montclarion will keep the student body informed about the progress of planning for the State celebration of U. N. Day at Montclair State College. Your help and support is needed in every aspect and it is hoped that great numbers of students will plan to attend the entire ceremony or at least part of the splendid programs which have been arranged.

Fantasticks

(Continued from Page 1)
Foremost in the minds of most of our students today is the parking situation. The present parking facilities are inadequate, to say the least, despite assurances given to me during the symposium that was held on September 19.

Who is to blame? Being a state college we rely on state funds and state control. This is the reality of the situation whether we like it or not. The state does not have the resources behind in the field of higher education that it will take some time to catch up if they decide that that is what they will do.

The state universities are not responsible for the situation; rather, it is those who have been holding the reins, or rather, the voice for higher education at a state level.

I am asking all of you to be patient with the members of our administration. They have been working extremely hard in this area. Perhaps we should all go to Trenton some morning before eight and park in every available parking spot. Then when the legislature arrives they will be experiencing a problem with which we are all too familiar.

The linen in the cafeteria during the evening meal has grown to a point where many students are beginning to question what they are being served. The pressure of "Publish or Perish" and the "Publish or Perish" culture have been a part of the entire state system for many years. It is time for us to begin to study the situation thoroughly. If you have not signed your pledge cards for Marlin's Annual Fund, I suggest that you do. I feel that the student government beg you to do so. I believe that we should support the student government building in addition to (Continued on page 7)

In Austria, Miss Carl will be enrolled as a student in the regular German taught university courses, English-taught courses, as well as the English-speaking programs of the University of Vienna, University of Hamburg, University of Freiburg, University of Madrid, and Freiburg University. In addition, the Institute for European Affairs, as well as the American University such as UCLA, take into consideration those students of our college, neighboring colleges and high schools who have emphasized the study of German language instruction, and supplementary courses and seminars in fine arts and philosophy. Two field-study trips in Western Europe are included.

The daughter of Mr. and Mrs. Hendrik G. Groenhoff, 300 Aven., Point Pleasant Beach, is a recent graduate of the airline's International Student Exchange Program in Miami, Florida. We singing her new gold winged heart shape uniform, she is serving our passengers here in New York.

Montclair was born in Amsterdam, Holland, and lived there 12 years later. She is a 19-46 graduate of the University of Chicago, where she was a member of Delta Thera Psi sorority, and active in outdoor sports, including swimming and sailing. She has just passed as the new swimming instructor, and is now teaching swimming.

East Stroudsburg, riding the crest of a 12 game winning streak opened its 1966 season here at Sprague Field, Saturday night, at 8:00 p.m. tangling with arch rival Montclair State.

The meeting between the two schools was the thirteenth in a three year span from 1937 through 1939.

Last year, playing at East Stroudsburg edged out the Indians in the last seconds of the fourth period, 7-6. All the scoring last year came in the final period of play with MSC taking a 5-6 lead when Bill Sabbers recovered a fumble by Jim Wolfe in the home eleven’s end zone.

East Stroudsburg State brought back to tie the score on a 14-yard run by Glen Ray and won the contest on Jim Scagliotti’s placement.

The Indians will travel to Ithaca, New York, Saturday, October 1st, and take on the Bombers of Ithaca College.

Last year Ithaca ran roughshod through the best small colleges in the East, backing up a 204 points and was unbeaten in eight games. With 26 letterman back and the majority of them last year’s best performers, Ithaca should again be a power house. At quarterback, Coach Dick Lynn has installed Frank Slattery, adept passer and field general. At Guenther, last year’s scoring leader, is expected to be Slattery’s prime target.

Montclair played exceptional well against Ithaca but were defeated 18-12. After Ithaca’s first loss to West Chester, look our Jim Carovillano and the for a 27-20 Indian victory with Bombers’ Frank Slattery filling the air with footballs.
