Montclair, Cheatam Elected Leaders of Fresh Class

Robert Martinez, Carol Cheatam, Carol Spicer, Edward Berk, Richard Stefanik and Don Odra were elected to the freshman offices, Friday, October 21, 1966.

Robert Martinez is the new president. An English major living in Stone Hall, Bob feels that "it is the duty of the President to unify his class in spirit and enthusiasm, for these two are the attributes which really make a class."

Carol Cheatam, a physical education major, is the vice-president. An English major living in Stone Hall, Bob feels that "it is the duty of the President to unify his class in spirit and enthusiasm, for these two are the attributes which really make a class."

Carol Spicer, a Home Economics major, was elected secretary. As well as all the other officers, she has had much experience in leadership in high school.

Edward Berk, a Social Studies major, is treasurer. As a treasurer for the Seton Hall Prep Varsity Club, Ed is well aware of the responsibility of a treasurer.

Richard Stefanik, an English major, and Bob Odra, a Biology major, were elected SGA representatives of the class. Both people have had experience working on high school student governments.

Marilyn Morey and Lee Donald have been elected as SGA representatives from the Music Department.

Leonard Elavitz, a Biology major, is SGA legislature representative from the class of 1968.

He was elected to fill a vacancy that developed since the spring SGA elections.

Voting took place in Grace Freeman Reading Room in Life Hall between 9:00 and 5:00. Due to an omission on the ballot the election was temporarily cancelled, but voting was resumed by 12:00 and continued until 6:00 p.m. About 30 percent of the freshmen class voted.

Educators Convene For 'Learnarama'

The 2nd annual convention of the New Jersey Education Association in Convention Hall, Atlantic City, is expecting a record turnout this year at its November 3-5 "Learnarama" for teachers.

The three-day program will examine almost every level and area of education. Last year, over 30,000 New Jersey teachers registered at Convention Hall; this year's total may approach 35,000.

Convention-goers will study curriculum improvements, educational innovations, new ideas in methodology, and the latest developments in some of the nation's leading educational centers.

Speakers at the three general sessions include Chet Huntley, NBC news reporter; Dr. Ernest Jaeger, editor-in-chief of some of the nation's leading educational centers.

Forty-five seniors have been selected as semi-finalists for Who's Who in American Universities and Colleges. From this group will be selected 18 students who will receive the honor. The winners will be included in the national publication.

The voting list from which these semianalists were selected was composed of the entire senior class, prepared by Miss Marie Franke, academic counselor.

Balloting for both the semi-finalists and eventualists on campus are participating: Theta Beta Chi is doing Goofy, and Sigma Delta Phi is doing Mr. Magoo, Senate is doing Casper the Friendly Ghost, the Junior class is doing Popeye the Sailor Man, and the seniors are doing Bugs Bunny. All the fraternities and sororities on campus are participating: Theta Beta Chi is doing Mr. Magoo, Senate is doing Casper the Friendly Ghost, the Junior class is doing Popeye the Sailor Man, and the seniors are doing Bugs Bunny.

Miss Talbott and Mr. Aquino will be in the lobby of Life Hall on November 9, 10, and 11 from 8:30 a.m. to 3:00 p.m., in the alumni lounge on November 9 and 10 from 7:00 to 9:00 p.m., during which time a film will be shown in the Davelle Mills lounge.

NOTICE
That construction for Homecoming will begin at 5:00 p.m. Friday, November 18, 1966, in the Football Field to last as long as practical. It would be extremely helpful if those students who re-
cord the sound will be shown in the Alumni Lounge on November 9, 10, and 11.

Sophomores not interested in this plan may contact Mr. Harry Hoiotma, Coordinator of the Out-

Door Education Program.

 Players To Stage Drama

(Continued from page 1)

Elliott himself said, “For every life and every act consequences of good and evil can be shown.”
InMoore in the Cathedral
Elliott is concerned with these
consequences, not only for the
people of the 12th century England
but for the men of all ages.
The mood of the drama is relig-
ious; the language is traditional
out the appeal, the message, of
universal character. As
Thomas contemplates the neces-
temples point out its
fulfillment in comparison with the oppor-
tunities for worldly power, as
the Knights attempt to ration-
ize their actions to the aud-
ience, one is reminded very
much of Twentieth Century
man, faced with a dilemma which
he must decide and must
make. The chorus of women of Canterbury
especially
communicates the ap-
pearance of universality as the mem-
bers comment upon the tragedy
which the are forced to wit-
ness and the implications that
Thomas’ death will hold for them.

The production, under the dir-

rection of Dr. Clyde McElroy,
will run through November 13th
with performances at 8:30 p.m.
on Friday and Saturday, as well as
two performances on Sunday, a matinee at 3:00 p.m. and an evening perfor-

mance at 8:00 p.m.

SPU Distributions Arouse Hostility

On Tuesday, October 25, the presence of a literature table in Life Hall became the scene of a minor disturbance. The student Peace Union and the Young Republicans had both received permission from Mr. Leo’s office to distribute literature on that day.

A crowd gathered in front of and around the Peace Union table. A few of the hecklers started to chant threats and push the tables. Literature was ripped up and thrown at those individuals manning the tables. The Student Peace Union members resisted passively to these actions. A similar situation had occurred last year and one of the Peace Unionists was a veteran of that encounter.

The disturbance was eventually broken up by the arrival of a member of the Administration.
UN Day—Our Success

Beneath the flags of 117 nations, Montclair State College had the privilege of hosting the Annual United Nations Week and Day Celebration. The Montclarion had spoken briefly of the president's remark at the beginning of this ceremony that went:

The responsibility for a good marching

real stars of the United Na-

Splendid compliments were paid 
by the panelists to our students 
for their penetrating questions

The editors request that students submit letters to the Editor. We are mainly a teachers' college, one of the top three in the country. As such, we have Music Majors who will be teaching in high schools of this state. Part of their important job will be to take charge of the marching band, which formations are a necessary part. I question very seriously, if it is necessary for us, what abilities will their students have. It seems like improper instruction at the schools to which they go.

The editors request that you — the student body of Montclair State College, come forward. If we do, attendance in school spirit would be terrible, and to the profession of journalism, it would lead the way that I knew to get our marching band to attend at least every game. It is not all. I was contacted on the day of commencement last year. To play at the commencement schedule for this. At that time I suggested to the band members of that date that they also include at least one performance of which the students had not been told. I was not going to have to go to this year and, therefore, it could not be done. We, the Band, would come to our football games with a band like the Mustangs of Cliff-

It must be remembered that music majors must find that music majors must spend it to hire a marching band to attend at least four Big Ten or the Ivy Leagues. We will be better four years from now than we were four years ago. If we have made a mistake, maybe it has been of trying to do something for the students who feel they should be there to vividly add to the campus. The college opened on September 18th. Criticize we should examine the performance. However, before we see that we do have our problem.

The band members and faculty were no happier than the band this season was rather unfortunate. The Marching Band cannot even be really set until we have two or three meetings. The reason is that about one third of the band turns over every year and many schedules need to be adjusted. You will remember that during the first week of school it rained practically every day which greatly hampered our rehearsal time on the field. The band director told me that he had only one hour on the field because of the rain. In addition, the newly sodded field and the washed-out yard lines hampered the effectiveness of even that one rehearsal. Our first game was originally scheduled for Friday night and at the last minute it was changed to Saturday night. For reasons explained above this further complicated our student attendance problems. We pondered the advisability of playing this first game but since we were only to play for three home games we decided that we would do the best we could, even though we knew that the Marching Band was under-rehearsed. Maybe our judgment was faulty, but you would hardly call this lack of school spirit.

"There are many reasons for the mediocrity of our band. Unfortunately, very few of them rest with the members of the band itself." With this statement, I agree. Do not blame the band members for they are already performing beyond the call of duty. However, I cannot agree with your next statement, "Much of the lack of professionalism lies in the direction of the band." This statement maligns the faculty and blames them for something not within their control. The key-word of the statement is "professionalism." Professionalism is more than an attitude of the members of the band and the faculty direction. We must be given a professional budget, a professional schedule, and professional support. I am told by sources, which I have no confidence in, that the University of Michigan Marching Band is for all intents and purposes a professional band. All of its members are on scholarship and its director is full time devoting all of his energies exclusively to the direction, planning and publicity of the Marching Band for the entire year. He also has the services of a full-time assistant. I am not advocating this type of set-up for Montclair State College but when you consider the expectations of the editorial writer, you can see that this framework in which they must work they put forth a valiant effort.

"There is little we can do but encourage." On the contrary, sir, there is much you can do and, in view of your criticism, should do.

1. You can arouse the school spirit of the non-music majors on campus who play instruments and could be a part of the Marching Band but who are not. We welcome all students into our performing organizations and regret that there are only five non-music majors in the Marching Band.
2. Through the good offices of our newspaper you can publicize the good points of the Music Department, and the seemingly bad points.
3. You can give reasonable coverage to our concerts and programs to cooperation to our departmental reporter and representatives of our performing organizations.
4. You can encourage attendance to all of our musical events.

As a fan of all that has been said, I commend you for your desires and wishes for a top notch performing organization. We, too, feel that we can do better and we hope you will charge us, however, to do more than imply that we solicit your help. I say with all humility that we welcome sincere and just criticism which can be turned into action for a better Montclair State College and better training for our students.

Even When She Answers, He Still Gets the Busy Signal.

DEAR REB:

Lately, every time I call my girl, she's either "not in" or "not interested." Last week I called her 23 times and couldn't even make a coffee date. The trouble started when she started dating a guy who owns a Dodge Coronet. Now she goes to parties with him, dances, football games, etc. Do you think I should call her again, or should I forget her and break her heart?

BAD CONNECTIONS

I think your next call should be to your Dodge Dealer. Then make a date to see the '67 Coronet, the car that's breaking hearts all over America. You'll find that its good looks are pretty hard to resist. Now, before you break your girl's heart, give her another break. Ask her to go for a ride in your new Coronet. I think she'll break. Ask her to go for a ride in your new Coronet. I think she'll

DEAR BAD CONNECTIONS:

Here's the heartbreaker . . . '67 Dodge Coronet 500. A campus favorite with its great new looks, ride, and list of extras that are standard: like bucket seats with a companion seat in the middle or a center console. Plush carpeting. Padded instrument panel. Padded sun visors. Seat belts, front and rear. A choice of Six or V8 models. And lots more. So get 67 Dodge Coronet and get busy.

To the Editor:

I am not a music major. And I am glad.

Being part of the band though, I have had a first-hand perspective of the music department.

The attitudes of some professors and the departmental administration make the music major's life unbearable. The observer at the football games sees only a small part of the band's time allotted by the department. If he could see those three hours of rehearsal he would wonder how the band can maintain such good spirits. As freshmen the music majors and non-majors come into the department with a smile on their faces. The music majors soon lose this smile. The non-majors playing in the band cannot understand this. Suddenly something happens in the department that makes the non-music major understand fully the plight of his fellow music majors.

There can be a reform in the attitudes of the student - if one comes about on the part of the department's administration and the college's administration as well towards that department.

All of us who find ourselves in that building find ourselves there because of our love of music. We all share the same sentiment of the professors are so much against that very deep sentiment and why they show it.

per semester for three hours work. How many other fields or games has to way games for this statement? Possibly, although it is very comforting not think that Mr. Da-Cunzo and the members of the editorial board are so interested in our performance on the football field, I would wonder if we ever saw them at, say, a college choir concert! Or at one of our un-dramatic orchestra concerts.

I'll tell you right now gentle men, it's awful hard to be dynamic for 70 people, especially when it's almost all of them are parents.

Third, the programs we present do not, it is true rival Peter, Paul and Mary. But I understand that the art department has instituted a similarly unpleasant campaign to make its student look at old masters as well as cereal boxes, and I was shocked to learn that the English Department demands the reading of Hamlet for the granting of a liberal arts degree. One can no longer take a degree for Little Lulu and Classic Comics. In other words taste is taste. If you go a little more deeply into any field you enjoy its more sophisticated elements. I'm not crazy about Mary Poppins either, but will Mr. Da-Cunzo and our editors accept the Clarinet Concerto by Carl Nielsen on the concert stage?

The editorial states that there is little for it to do but encourage. And did you encourage at all? I am at this school because I love children and music so much that I agree to bring the two of them together an I have learned from experience that if you rip and rip and rip you'll invariably come up with something.

If you have any hope of improving a bad situation get into it and behind it and around it a little bit before you attack it from the front. This is how I hope and expect to teach.

In closing I would like to extend an open invitation to anyone who doubts the veracity of all our statements, or anyone who would like to make a more fair and accurate judgment of the music department to come spend a day with us. Not an hour, as a meaning. A whole day. You may be very surprised.

To the Editor:

After reading the editorial in your last issue, "Let There Be Music," we agree with the opinions expressed in that column, and applaud its appearance. Montclair State has a fine football team which needs all the support it can get. I give it the presence of the cheering squad of students at away games is a highly motivating factor for the team; it gives them the impetus and the will to win, and we thank those who have gone out of their way to attend games. However not everything has gone smoothly in that department.

We all know how much it bothers a team's morale to have wide support from the student body. Yet, because of a lack of provisions, the cheerleaders were unable to hold their annual Freshman Rally early this year, which was designed expressly to promote interest and awareness of student affairs. Not lost in the sense that they are no longer there, but lost in the sense that the feeling, the emotion of the writer does not fully come across on the printed page. This is a loss not only to the Quarterly, but to any publication of original thought.

No matter how adept or in-accept a poet might be at oral reading, it is nonetheless, the poet's own interpretation of the work and only his. I would welcome your opinions and criticisms on this matter, through a personal discussion or a letter. Please feel free to contact me if my proposal catches your interest in any way.

Very truly yours,

To the Editor:

With student thought and action so much in the press these days, I find that all too often the real purpose and drive which motivates the individual is lost in the jumble of editorialization and interpretation of some disinterested party in the con-tent of our opinions expressed in that column, and applaud its appearance. Men's Basketball Opens Next Week

The 1966 Mens' Intramural season will open Monday, November 4th with Intramural Basketball. All interested teams must be filled out and returned to the Director of Athletics in Panzer Gym. These applications must be filled out and returned by Thursday, November 10th, at 3:00 p.m. (The $5.00 deposit will be returned to the team at the conclusion of the basketball season provided that the team has not or is not dropped from the league for any reason)

Please note that anyone who plans to play on any intramural team MUST have the College insurance plan. This is necessary to guarantee both players and MAC that each student has adequate coverage in case of accident or injury while participating in the Intramurals Program.

As in previous years, lack of space allows that only 16 teams can participate in the Intramurals Program. If the applications received exceed this number, all teams will be notified of rejection. Please note that the 16 teams will be chosen by random draw. The chosen teams will receive an intramural schedule and will be the only teams that will be accepted.

When the Montclair State varsity football team takes on Trenton State on Saturday afternoon, November 5th, it will be seeking to snap a three-game losing streak.

The Indians were upset Saturday by Trenton State College who had scored but three touchdowns previously this season. After a scoreless first half, in which the Big Red blew several scoring opportunities, Delaware's quarterback Willie Murray hit Vernon Gilson with a pass which then lateraled to Ernest Anderson, who scored.

Delaware got their second touchdown minutes later when Gilson intercepted an MSC pass and raced sixty-six yards. The kick for the extra point was made by Bill Langol. The final Delaware score came in the fourth quarter when Sammers scored on a one-yard plunge; Langol's kick was again good.

The Indians finally got on the scoreboard in the fourth quarter; the team downfield, scored on a quarterback sneak. The final score was Delaware 22, MSC 6.

If the Indians are to defeat Trenton State, Mike Sullivan will have to be installed as offensive end because MSC desperately needs someone who can catch, and Bill Kulikowsky certainly deserves a shot at a starting offensive backfield position.

Despite Montclair's collapse, we see it as MSC 28, Trenton 15.

Off - Campus Women Meet For Dessert

The Women's Off-Campus Advisory Board, the offcampus women's counterpart to a dorm council, will sponsor another Montclair "first," They will hold a dessert hour at 4:00 p.m. in Grace Freeman recreation room.

The Board, under the chairmanship of Janet Yates and the direction of Miss Doris Reinhardt, program resident director, consists of a group of freshmen, sophomore, and junior offcampus women, interested in furthering the aspects of off-campus living. The dessert hour will be a good opportunity for all those students living off-campus to get acquainted in an informal atmosphere.

Trenton Blankets MSC In Soccer, 5-0

Brookdale Park was the scene on October 22, in which Montclair State's soccer team lost to Trenton State 5-0. Action in the first half was brisk, as both teams displayed excellent defensive power plays in controlling the ball. However at 10:00 in the first period, Joe Zanetti of Trenton State kicked the ball past our Goalie, Pete Baubles, who desperately dove at it in the corner of the net. That was the only score in the first half as both teams stiffened up. Several saves were made by the Trenton State Goalie, including two goal shots from Montclair State in the second period.

Trenton State increased the score in the third period with goals by Tom Doyle, at 2:35, and by Carl Zimbicki, at 10:35 in that period. Tom Hartnett replaced Pete Baubles as Goalie for Montclair State, and snatched away the ball in a sensational leaping catch between three Trenton State players. Besides this catch, Tom made two other saves in his short spell as Goalie and as the teams switched sides at the start of the fourth period, Pete Baubles went back in to tend the net.

The fourth period put the icing on the cake, as Trenton State added two more goals to her credit. Trenton's fourth goal was kicked in by Tom Doyle, at 8:00 into the period, while the last goal came within the last two minutes of the game by Pete Hawkins, that skinned the upper bar of the goal post and glanced into the net.

Montclair State's Conference record is 1-2, while her overall record is 3-5. We most paterner State at their field on October 28, and also Newark State at their field on November 8, for our two remaining Conference games.
