Montclair

Volume XLI—Number 7
MONTCLAIR STATE COLLEGE, UPPER MONTCLAIR, N. J. December 2, 1965

18 Seniors Selected
For Who's Who Honors

Eighteen seniors have been selected to represent Montclair State College in the 1967 edition of Who's Who in American Colleges and Universities. The eighteen seniors include: John Appar, Lambda Chi Delta; Kathy Bickel, Sigma Phi Epsilon; Diane J. Bylow, Delta Sigma Delta; Eric Engel, Delta Omicron Pi; Isabel E. Evans, Lambda Chi Delta; John Moncrief, Jr., Theta Chi Rho; Karen Nelsen, Lambda Beta Rho; Nancy Plitt, Alpha Chi Rho; Nancy Selick, Sigma Delta Chi; Joan Swackhammer, Delta Omicron Pi; and Richard Traini, Tau Sigma. These seniors were chosen for their outstanding achievements in scholarship, participation and leadership in academic and extra-curricular activities, citizenship, service to school, and professional promise. The maximum number of students is limited to two percent of the total enrollment.

Voting Procedures

The original voting list consisted of the entire membership of the senior class. This list was prepared by Raymond Stover, assistant director of students. The list was distributed for the primary balloting in which 45 students were chosen for final consideration. The selection committee consisted of the members of the Student Government Association Legislature, the Student Government Executive Board, the college administration including the department chairmen and the personnel department.

The semi-finalists were notified and asked to submit a list of the four most significant contributions to the campus. In addition, their cumulative averages were considered.

The second and final ballots were considered by the same selection committee. These ballots were counted by Raymond Stover and two representatives of the SGA Legislature.

Who's Who in American Colleges and Universities is published annually and contains names of outstanding, members of the top 2% of senior classes of the major colleges and universities throughout the country.

Greeks to Sing in Annual Show

The women of Dalphac are presenting Greek Sing tonight at 7:30 p.m. in Memorial Auditorium. Anita Brooks and Judy Coyle are the general chairmen of Greek Sing. There are also several subcommittees working on the program.

After the "Sound of Music" welcome by Dalphac, the program will begin with the following sororities and fraternities participating: Delta Sigma Chi, "Themes In Blue"; Kappa Rho Iota, "Fernsda Are Foremost"; Delta Omicron Pi, "Many Guest As Brothers"; Tau Sigma Delta, "The Elements"; Alpha Chi Beta, "The Game of Love"; Lambda Omega Tau, "Rainy Days"; Lambda Chi Delta, "Doras Mary"; Kappa Sigma Rho, "Captive"; Things From Cole Porter.

There will be an intermission after these groups during which the "Dirty Birds" will perform and refreshments will be sold in the outer lobby of Memorial Auditorium.

Following the intermission, these groups will perform: Senata, "Moments From the Jolson Era"; Sigma Delta Psi, "What Is Love"; Lambda Chi Delta; "An Inebriatory Presentation";

Christmas Ball

Heralds Seasons

The Christmas Ball will be held December 9, 1965 at the Meadowbrook Dinner Theater, Cedar Grove. The show will be "How To Succeed In Business Without Really Trying," starring Jerry Van Dyke. At 7:00 p.m. dinner will be served; there will be a choice of half-pound steak or chicken. The show will start at 8:45 p.m. There will be dancing until closing.

Reservations have been made for the main ball in order to give more students an opportunity to attend the Christmas Ball. The dress is semi-formal. Seating is on a first come, first served basis. Bids are now on sale at the Fish Bowl for $12.90 a couple. Each couple is entitled to a complementary color photo and each girl will receive a French perfume favor.
Strange as it may seem, there are many similarities between a mountain site in Ramsey, N.J. and our campus in Montclair. This was one fact brought out to the students present at the bi-monthly Newman Apostolate meeting on November 22, at 7:30 p.m. in C-302.

The mountain in Ramsey is the location of the Immaculate Conception Seminary at Darlington and the three young men who defined these similar aspirations and problems were seminarians Don Scherer, Jerry Brulenie, and John Brennan, co-new auxiliary chaplains of Newman Club.

What is Newmanism?" was the initial point of discussion which quickly led to a definition of Christianity since the two terms are inseparable. What ever definitions one can come up with, for these terms it is certain that Newmanism is not a defense of a rigid, dogmatic, moral standard, that it does not seek to convert non-members on campus, that it will not coerce Catholic students on campus to join, but rather is in a 24 hour day a commitment to a Christian way of life through the better understanding and living in the home, school, and community.

Newman's purpose is to form an active Christian community, not just to listen to lectures and engage in a three day program of prayer and sacrifice known as a retreat. Newmanism, rather, involves an advance.

To emphasize the importance of total commitment, the seminarians will organize on campus at various scheduled times during the school week for those students who wish to know more about Newmanism or who wish just to engage in a friendly chat. The next Newman Club meeting will be on Dec. 6. The guest speaker will be Dr. Hugh Allen, Jr., president of St. Peter's College, and Dr. Thomas Richardson, president of the college, and of the college Life Union Board, and the Science Department to give science majors, particularly seniors, a close look at subjects that are not covered in depth in the regular undergraduate curriculum. It is conducted by members of the science faculty, who specialize in particular fields.

The present series, under the chairmanship of Roland Flynn, opened in October with a lecture by Dr. Hugh Allen, Jr. on "Star Dust and Cosmology." Future seminars will be held on the fourth Tuesday in February, April and May.

A specialist in bacteriology, Dr. Koditschek holds a B.A. degree from Hunter College, M.A. from Oberlin College, and Ph.D. from Rutgers University. S. H. has been working in various diagnostic and research laboratories, including the Research and Development Section of Merck & Co. He has also served as Recording Secretary for Sigma Delta Phi Sorority. She has also served as Recording Secretary for Sigma Delta Phi Sorority.

Dr. Koditschek resides at 68 Highland Avenue, Upper Montclair.

New Facilities Added

To Life Hall Lounge

New recreational activities have been organized for Montclarian students at Life Hall Lounge. Pool tables, ping-pong tables, skittles and soccer hockey will provide much amusement. Television sets will also be available.

The pool tables will be open to the students an hour later, in order to take out games, students will be requested to present their ID cards. A commission of dorm students is devising a set of rules and regulations to control the use of the various games.

Funds for the Life Hall Recreation Area will be contributed by the SGA. The area will open on Sunday, December 4, at 1:30 p.m. It will last until 5:00 p.m. If this new recreation is a success, the area may be opened on weekdays.

ATTENTION SOPHOMORES!

(Continued from Page 1)

Edward Helvey, Patricia Litus, Josephine Mazza

Edward Helvey, an industrial arts major from Clifton, is chairman of the Voice of Montclair Student Government. He has also served as Recording Secretary for Sigma Delta Phi Sorority.
18 Seniors Selected For Who's Who Honors

A. John Moncrief, Jr.

Susan Nielsen

Karen Sellick

Nancy Skirka

(Continued from page 2)

John Van Emden

Joan Swackhamer

Karen Wolfe

Richard Traini

Joan Swackhamer, an English major from Haddon Heights, is President of the Student Government Association. She is a member of the Student Government Association Legislature for two years.

Karen Wolfe

A Science major from Oradell, Karen Wolfe has been Vice-President and Treasurer of her class. She has been Recording Secretary for the Science Honor Society. She is also a member of Kappa Sigma Rho sorority.

Karen Sellick

Karen Sellick, a Language major from Bensberg, is President of the Student Education Association at Montclair. She was an Ambassador in the Experiment in International Living to Morocco. She is Vice President of Delta Sigma Chi sorority.

Nancy Skirka

Nancy Skirka, an English major from Maywood, Nancy Skirka is Editor-in-Chief of La Campana, and an active member of Players. She was corresponding secretary of Kappa Sigma Rho and holds a Woman's Club Scholarship.

Joan Swackhamer

Joan Swackhamer, an English major from Haddon Heights, is President of Delta Omicron Pi Sorority and Co-Senior Editor of La Campana. She was a student representative to Margin for Excellence and vice-president of Dormitory Council.

Richard Traini

Richard Traini, a Mathematics major from Penn's Grove, Richard Traini has been a class officer of the Class of 1960 for four years. He is an Ambassador and Scholarship recipient in the Experiment in International Living. He is the President of Psi Chi and a Wing Commander in the ROTC.

John Van Emden

John Van Emden, a Social Studies major from Fairlawn, John Van Emden was Treasurer of the Student Government Association last year. He was an Ambassador to Holland in the Experiment in International Living last summer. He was also Pledgemaster for Tau Sigma Delta Fraternity.

Murray Weiner

Murray Weiner, an Industrial Arts major from Passaic, is President of Epillon Pi Tiso, the Industrial Arts Honor Society. He is also a member of Kappa Delta Rho and holds a Woman's Club Scholarship.

Karen Wolfe

Karen Wolfe is Vice President of the Student Government Association at Montclair State. The possibility of a new Dress Code or revision of the old one is under discussion.

The committee is working in conjunction with Dr. Constance Waller and Dean Blanton. Some faculty members have been asked for their views of student attire. Dean Samfenfield of New York State College has also been consulted about the revised Dress Code at MSC. He stated that, in general, there have been no bad results or increased complaints among students or faculty. Dean Samfenfield stressed that the “appropriateness of dress has not been taken away-only the written dictum telling students how to dress.”

The Dress Code Re-evaluation Committee, begun in September, has been studying the manner in which dress among students at Montclair State. The possibility of a new Dress Code or revision of the old one is under discussion.

Karen Wolfe

A Science major from Oradell, Karen Wolfe has been Vice-President and Treasurer of her class. She has been Recording Secretary for the Science Honor Society. She is also a member of Kappa Sigma Rho sorority.

The Montclair State College Fine Arts Department will present an exhibition of paintings by a well-known Hong Kong artist, Hon Chi-Fun, from Dec. 6 to Jan. 3 in the foyer of the University Theatre. A reception will be held the opening day from 4 to 7 p.m.

According to Leon de Leuw, who arranged the show, the works are Oriental in feeling and 20th Century in subject matter. They are done in both oils and mixed media.

The artist, of Cantonese ancestry, was born and educated in Hong Kong. His first major exhibition was at the Hong Kong Art Festival in 1960. In 1962 he joined other artists in an exhibit of "Hong Kong Art Today" at the Chatham Galleries in his native city. A one-man show in 1962 and took part in a four-man show in 1965, both in Hong Kong.

Mr. Hon was awarded a gold medal in the Third International Salon of Artists in 1964 and that same year won honors at the Grand Prize Show and in the Hong Kong Open Art Competition. His first one-man exhibition in this country at Fairleigh Dickinson University, Madison, N.J., was followed by a Summer showing at Shoreham Villa Motel, Morristown, N.J., and a tour of colleges and galleries throughout the United States.

Financial need is the difference between the amount of money a student and his family would need in order to cover the cost of an academic year at a college and the amount actually available to pay that year's expenses.

In the group of needy students, those "eligible" for aid are those whose family need is less than the cost of attending college. For aid purposes, the cost of attending college is considered to be the total annual expenses of a " Jogging student." These expenses include tuition, fees, room and board, books, and other living expenses.

In addition to the basic living expenses of a student, there is the need for financial aid to pay for books, supplies and other expenses necessary for an academic year.

Mr. Nugent pointed out that it was not necessary for the veteran student attending college to have a six-year degree, nor was his major in any particular field.

Mr. Nugent emphasized, all who have had checks with financial aid to pay their college expenses, and who are in academic good standing. With the federal grant, loan, and work-study programs, which eliminates much work in foreign languages for the degree, for almost anyone can bang a multiple choice test from English to the foreign language. (5) Some schools translate only from the foreign language to the English in the group of needy students, those "eligible" for aid are those whose family need is less than the cost of attending college. For aid purposes, the cost of attending college is considered to be the total annual expenses of a " Jogging student." These expenses include tuition, fees, room and board, books, and other living expenses.

The "average teacher" has been in the classroom for 10.2 years, off slightly from last year's experience.

While the average salary of $3600 is $1500 less than in New Jersey this year, reports the New Jersey Education Association, but teachers have still not gained back economic ground lost since 1961.

The average salary for New Jersey teachers is $23,000, which says the current issue of 1966-67, and also the American Chemical Society and National Science Foundation.

The program has as its ob­

jective to strengthen and stimulate the chemical pro­

grams in colleges, to provide the chemistry and a d

chemistry majors in colleges with opportunities to contribute productive and creative chemi­

and (3) to aid in the moti­

viation of able college students for careers in chemistry and a d

Our visit will be on Campus Janu­

ary 6 and 7 and will lecture in both under-graduate and grad­

uate classes.

INCREASES IN TEACHER SALARIES

Teacher salaries have scored dramatic increases in New Jersey this year, reports the New Jersey Education Association, but teachers have still not gained back economic ground lost since 1961.

The average salary for New Jersey teachers is $2,000, which says the current issue of 1966-67, and also the American Chemical Society and National Science Foundation.

3. S-401 fails to make provision for widespread criticism in the educational community. The Senate Delegate Assembly adopted amendments to the bill to correct weakness that have drawn half the job and fails to provide the autonomy necessary for efficient and democratic operation of the colleges.

On November 3, 1966, the New Jersey Higher Education Commission examined the amended versions of S-434 and finds it deficient in the following five areas:

1. S-434 fails to provide coordination among elementary, secondary and higher education.

A council of representatives from the State Board of Education and the proposed State Board of Higher Education should facilitate the coordination of New Jersey's public educational programs. Nothing in S-434, even with the amendments, provides for this.

2. S-434 fails to provide faculty voice in policy-making.

S-434, as amended, provides only for faculty participation in policy-making and governing but there is no guarantee that faculty members will have anything to say about the educational process, curriculum or college standards. Faculty members feel it necessary to have a voice which respects all problems in which they have a mutual interest with their personnel boards and administration. S-434 does not give them the right to this voice.

3. S-434 fails to make provision for a State Board of Higher Education.

Nothing in the bill requires college trustees or the State Board of Higher Education to establish, faculty grievance procedures, or to provide for the appointment of members to the board.

4. S-434 fails to provide higher education administration with a teaching faculty with the same basic salary schedule, teaching load and fringe benefits plans — with due recognition to position, rank and experience.

The same basic salary schedule and appointment and promotion of personnel.

The report also provides that the annual budget for each college should be made public. The State Board of Higher Education should provide a state program for science courses. This prevents the efficient use of student funds. Also, in calculating the bases for which the State Colleges must work out a Division of Purchasing and Property in Trenton. This causes unnecessary de-bate. Finally, S-434 contains no guarantee that Rutgers University — also in the State system — should be free of these limitations. The State Colleges should have the same efficient policies.

In its present amended form, S-434 fails to provide a new State Board of Higher Education with the autonomy necessary for total budgetary appropriation for each institution, freedom for capital projects and authorization of necessary capital projects.

Science Honor Society Inducts Seven Members

On Monday, November 14, new initiates to Sigma Eta Sigma, the national science honor society, were welcomed to membership.

The seven new members inductees are: Dianne Brooks, Kathleen Caron, Barbara Dripps, Josephine D. Funkhouser, and Sharon Rowenthal. To be eligible for membership in this honor society, a student must have at least twelve credits of science courses and must have a high academic average in those courses during the semester.

The vice-president of Sigma Eta Sigma is Karen Wolfe, corresponding secretary is Heidi Kurfjelvet, and the treasurer is Rob Leonard.

The Christmas party is preceded by a double standard in the honor society, to be held during mid-December in Grace Free Hall. The group is also planning participation in the annual Science Honors Week, in which each of the New Jersey State Colleges are entered in this contest. The New Jersey State College science department was honored at this event for two years in succession.

Students Selected For Kappa Delta Pi

On Wednesday, November 16, 1966, at 7:00 p.m., 34 new members of the Gamma Kappa chapter of Kappa Delta Pi were inducted into the honor society at its thirty-fifth annual banquet, which was held at the Friar Tuck Inn.

Kappa Delta Pi is a national honor society in education. Gamma Kappa represents the national honor society at Montclair State College. Kappa Delta Pi was established on the basis of the high cumulative scholastic average maintained over a period of at least five years. This year, an average of 3.41 was required for admission to Kappa Delta Pi.

Greeks to Sing

(Greeks to Sing From Page 4)

Judging will be based on creativity of choreography and stage appearance. Awards will be made by Sally Gold- ica, Miss America, president of Dalphi. The three award categories include: Best in Recreation, First Place Fraternity and Honorable Mention.

Last year's winners were Delta Sigma Chi, Lambda Omega Psi and Kappa Sigma Blue.
Homecoming A Fare?

Here's Why

Last issue's lead editorial heralded the coming of Homecoming weekend as an "unprecedented affair." Little did we know as we wrote that editorial just how unprecedented Homecoming would be. Never before has there been a Homecoming without a float competition, but for all intents and purposes, Homecoming 1966 was just such an affair.

Members of twenty-four campus organizations prepared for that one event for, in some cases, as long as six weeks. In addition to the many hundreds of hours that these organizations spent building their individual floats, the vast sums of money devoted to the construction of these floats must also be considered. The Student Government Association to start the game as scheduled was the only explanation, or rather apology, that has been offered by members of the Montclair Athletic Commission (the organization which seemed at times to make the parade atmosphere of cooperation rather than hostility and the opportunity of demonstrating their handicaps, the members of these groups, the participants a school may have. We can be proud of the abilities, interests and achievements evident in our group of finalists. Montclair once again has chosen their most energetic and promising students to represent them nationally. Again, our congratulations should be a welcome addition to the campus. It is insulting to the students of Montclair who worked so hard and so long to provide an outstanding Homecoming program far outweighed "our obligation to our visitors that they would easily have overlooked the delay in the kick-off. Obviously, what has already happened cannot be corrected; these groups cannot be taken to prevent such insults to the student body and the future. It is insulting for the students who have donated so much time and money to be told that their Homecoming investments have not been successful. The event of the college year must be a triumph because it is ten minutes too short.

Congratulations!

We of the Montclarion wish to congratulate students who have been named finalists in the Who's Who of American Colleges and Universities balloting. Our congratulations go to the following semi-finalists in the competition. At this time, we would like to thank these students for their contributions to Montclair State College. Their various contributions in their own individual areas of endeavor have greatly enhanced all areas of campus life.

Obviously, these future leaders are not indicative of the scope of contributions of the Senior Class to the school. However, the Who's Who publishers limit the number of participants a school may have. We can be proud of the abilities, interests and achievements evident in our group of finalists. Montclair once again has chosen their most energetic and promising students to represent them nationally. Again, our congratulations and best wishes to the eighteen finalists.

A Welcome Addition

The Montclair State College Student Review Board, newly created by the SGA, should be a welcome addition to the campus. This review board, which will hear and act upon appeals of campus traffic violations, promises to become efficient and equitable means of solving disagreements over violations.

Certainly, it cannot help but reduce hostility toward the parking and traffic authorities, since students will now have an opportunity to appeal to the authorities by body other than the one issuing the accusation.

The review board will also serve as the first source of discipline for the chronic violator of campus traffic regulations. However, we hope that an increasing atmosphere of cooperation rather than hostility will help in reducing the number of parking violations committed and the ranks of chronic violators.

The Association of State Colleges and Universities met in Washington, D.C. last week and I attended that assembly. The main theme of the gathering had to do with the opportunities provided for State colleges by new federal programs. On the surface of it this does not sound like a very exciting theme and indeed the meeting was conducted in a very matter-of-fact fashion. As unperturbing as the conference and its theme appears, however, we should all be aware that a very fundamental innovation is developing in higher education. Through a variety of federal grants, federally sponsored programs and contractual arrangements, our national government is becoming more involved with colleges.

Some of our country's great engineering colleges are so involved with federally supported programs that the complexity of these institutions would be greatly changed if the federal government curtailed the projects. But the federal government's interest and activities extend far beyond the work in engineering; nearly all colleges in the country have been affected in one way or another by federal programs. Since 1961, Montclair State College has had financial dealings with the Federal government, the National Science Foundation, and the Ford Foundation. Of this total of all the money that has come from federal funds, with the exception of about $400,000 from the Ford Foundation's Fund for the Advancement of Higher Education.

We can be proud of the college qualified for such a large amount of outside support. Our access to this support is a college's relationship with the federal government. The administration is working hard to maintain the desirable balance between outside support and local control. There are no one group in the foundation funds or in the foundations who can insist that colleges curtail control over research or in the foundations who control access to money to expect to have their opinions seriously considered. There are exciting times and I am in no sense decrying the changing relationships in higher education. However, it should be said that the students of Montclair, as other students, do have a right to ask for the possibility of the freedoms and the opportunities they would like this brief description of developments.

Thomas H. Richardson

Dormitory curfew has been extended for all women until 2:00 a.m. on the Evening of the Christmas Ball December 9, 1966.
There appears to be a great deal of confusion in the rules governing the NJEA Convention and the NEA Journal. There is a lack of understanding of the rules of data processing equipment. We have visited a number of city offices, and we have been told that there is a problem with the services of NJEA and its new office.

The Montclarion Society has made available to us through the services of NJEA and its new office.

The members of the Homecoming Committee wish to express their gratitude to the NJEA Journal and the NEA Review for their cooperation in the events of that day. We believe that there is a little more cooperation existed among the NJEA and NEA.

Floats Highlight Homecoming Weekend

(Continued from page 1)

runner. The coyote represents the high schools of the nation who are eagerly chasing Montclair. Graduates represented the roadrunners. Welcome Back Alumni.

PHI SIGMA EPSILON says: "It seems that one of our men's dormitories Stone Hall is burning up with knowledge, and none, not even Smokey Stover or the Chief, is able to put out the fire.

THE INDUSTRIAL ARTS GUILD presents Peabody and Sherman with their "Way-back Machine." Here they are, standing in front of their machine, as they go back to the year of Montclair's founding, 1908. Psi Chi brings Snuffy Smith to Montclair. Yes, he's here, straight from Skunk Hollow. The rumor is that Snuffy's moonshine wasn't potent enough for the natives of Skunk Hollow, so he's trying out his new formula here at MSC.

ALPHA CHI BETA wishes for a whale of a victory. We are aided by Pinnochio and Jiminy Cricket, who wish on a star, while Montclair the Montclair whale does his part to help us beat Bridgeport.

We would like to take this opportunity to extend a warm welcome to Montclair's alumni. We hope you all enjoy Homecoming Weekend as much as we have in working for it.

To the team, we again wish the best of luck and a "whale of a victory."

IOTA GAMMA XI presents their first Homecoming float: the Jolly Green Giant. Undoubtedly the most striking football player in the land, the Jolly Green Giant embodies the spirit and power of the Indians as they crush Bridgeport.

THE CLASS OF 1970 presents Casper the Friendly Freshman. Casper is wearing the traditional Freshman dink and that oh-so-heavy plaque, as he experiences the Freshman orientation during his first few days at Montclair.

SENATE presents Charlie Brown. Charlie Brown, with his lola in hand, has known the security of Montclair for four years. Upon graduation, he is faced with the prospect of being greeted by the eager hand of Uncle Sam or taking advantage of his expressed desire to educate others. Thus, the men of Senate join with him in asking, "What next, Charlie Brown?"

OMEGA CHI presents football in the Stone Age. Fred and Barney of the Flintstones are the players. The 25 hundred-year-old brewmaster occupies the press box. He is telling us about the origin of football.

BETA EPSILON TAU welcomes the alumni and undergraduates to the 1966 Homecoming game. We present to you the past and present with Beanie and Cecil. Cecil represents the prehistoric era when our beloved Alumni roamed Montclair's campus. Beanie seeks knowledge as a freshman and prepares to face the complex world of today.

(Continued on page 10)

The Lovin' Spoonful Appear in Concert

"The Lovin' Spoonful" appeared in Panther Gym Saturday, November 19, for the first Homecoming concert, before a sell-out crowd. "The Strangers," appeared first dressed in mod clothing. They sang such songs as "Land of Music," "Hello Stranger," and "Here Come the Rays."

After a brief intermission, "The Spoonful," John Sebastian, Joe Butler, Steve Boone, and Zal Yanovsky, also dressed in the mod style. They sang such favorites as "Rain on the Roof," "You Didn't Have to Be So Nice," "Younger Girl," "What a Day For A Daydream," "Did You Ever Have to Make Up Your Mind," and "Summer In The City."

University of Hawaii

Selection, East-West Center, 1777 East-West Road, Honolulu, Hawaii, 96822. Application deadline for the June or September, 1967, class is December 15, 1966.
The Little King says that more students on campus in dormitories will form a foundation for bigger and better college life and activities. The Little King stands in his royal court with a proclamation of new and larger dormitories.

DALPHAC presents "An Ode to Dick Tracy." Joining with our undergrads, Get caught up new car-game, It's called the "race for space." Play it with two thousand cars, Five hundred parking spots. Add a ton of mud, some stones. An early morning class - A touch of fog for atmosphere, A dwindling tank of gas. Be happy and complacent, If there's a place for you. Be happier still if you don't find, that little slip of blue.

DELTA OMECRON PI presents Dumbo. In order to meet the needs of a rapidly-growing student body, Montclair State College has been expanding in many areas. One aspect of the expansion program is the construction of Panzer Pool. To symbolize student desire for completion of the pool, the women of Pi have chosen Dumbo to fill our pool. Dumbo embodies the hopes of our campus as "We await the Big Splash."

KAPPA SIGMA RHO presents Snoopy, that beloved and mischievous dog from the cartoon strip Peanuts. Although Snoopy is usually gunning for the Red Baron, today he's one of the Indians, gunning for the Purple Knights of Bridgeport. Snoopy cheers the Big Red with his own battle cry: "Victory or Curses."

KAPPA RHO UPSILON presents Ferdinand the Bull. We see the friendly bull, in complete serenity, squatting on that dreadful foe - The Purple Knight. This is Ferdinand's way of helping the Indians snuff out Bridgeport's LAMBDA OMEGA TAU, presents Goofy. Goofy reveals our Alumni's secret to success; "No Goofin' off to excess." Although MSC students participate in the many extra-curricular activities, their time is mainly devoted to the books - as shown in this float.

The Game

After the float parade there was a football game against the University of Bridgeport. The University of Bridgeport took the lead early in the first quarter: 7-0 and increased their lead to 1-0 late in the second quarter. There was no scoring at all in the second half. Bridgeport won the game by a score of 1-0.

The Concerts

Saturday night at 8:30 p.m. "The Lovin' Spoonful" appeared in concert in Panzer Gym before a sellout crowd. "The Strangers" also appeared.

Sunday morning at 10:30 a.m. clean-up started. Also in front of Life Hall at 10:30 a.m. the Junior Class sponsored the first Junior Class Annual Tricycle Race," which was won by Kappa Rho Upsilon and the Montclair State Sports Car Club.

Europe for $100

Switzerland - A do-it-yourself summer in Europe is now available. The new plan makes a trip to Europe, including transportation, possible for less than $100. A complete do-it-yourself prospectus including instructions, money saving tips and a large selection of job opportunities along with discount tours and application forms may be obtained by writing to Dept. X, International Travel Est., 68 Herrenweg, Vaduz, Liechtenstein (Switzerland) enclosing $1 with your inquiry to cover the cost of the material, overseas handling and air mail postage.

Student Teaching and Placement Office

All Seniors are reminded that a Physical Examination is required prior to student teaching. You may use either the facilities of the College Health Service or your private physician. If you use the college facilities, please sign for an appointment on the Bulletin Board outside the student teaching and placement office, and keep your appointment. If you use your own private physician, please bring his report to the College Health Office.
Vronsky and Babin Duo Piano Team

Vronsky and Babin to Play
In MOC Sponsored Contest

On Wednesday, December 7, at 8:30 p.m. in Memorial Auditorium, there will be a famous piano team, Vronsky and Babin. This team was among the first to perform in the opening week at Lincoln Center and now is appearing at Montclair.

Vronsky and Babin have played with many orchestras such as the Cleveland, Indiana, and Phoenix Symphony and on many recitals throughout the country. Newsweek writes that Vronsky and "Babin are the swing team of this piano team of our generation."

Mr. and Mrs. Babin have done many performances as a husband-and-wife team. On December 8, 1942, they played the first performance of the Rachmaninoff's Symphonic Dances Op. 45, transcribed for two pianos. They have given over 1300 concerts in North America alone and have appeared as soloists with virtually every major orchestra on the continent.

When their career started in America, there were very few works for duo-piano, but the team inspired such composers as Copland, Gershwin, and Ravel.

They have given over 1300 concerts throughout the country. Newsweek writes that Vronsky and Babin are the swing team of this piano team of our generation."

The specific time to be determined after a two-thirds ratification of this bill by the Legislature.

They are famous, but are also international figures. Vronsky and Babin have appeared at four top music festivals: Edinburgh, Prague, Vancouver, and Aspen, along with many performances in London's Royal Festival Hall.

Vronsky and Babin are educators as well as performers. Dr. Babin is Director of the Cleveland Institute of Music and Miss Vronsky is artist-in-residence at the same school. Dr. Babin has composed orchestral, instrumental, vocal and chamber music works.

Students are admitted with SGA card, faculty free and all others $1.00.

December 3 is an anxiously awaited Delta date. Last year's dinner dance that proved to be such a swinging success will be held again this year at the Casa de Chaco in North Jersey. Adding to the full excitement is, of course, pledging, which will start at the time of the dancing.

Tickets Available
For Xmas Tourney
Tickets are now available for the New Jersey Kiwanis Basketball Classic which will be held December 27, 28, 29, and 30 at Panzer Gym. The cost of student tickets bought in advance will be $2.00. Otherwise, at the door, everyone will be obliged to pay the $2.00 general admission fee. Mr. Henry Schmidt, Director of Athletics, has a limited number of student tickets, so purchase them early. Montclair opens up against Paterson State at 8 p.m. on December 27, in the second half of a double header. If he wins at 7 p.m., Bloomfield College will play at Panzer Gym. If the Indians defeat Paterson, then they will play the winner of the NCE-Bloomfield game on December 29 at 9 p.m. This championship game will be on Dec. 30 at 9 p.m. with the clash for third place scheduled for 7 p.m. Other teams in the tournament are Upsala College, Newark Rutgers, Madison-Fairleigh Dickinson, and Pace College.

Physical Education Workshop
To Be Conducted December 3
Teachers and students from all over the state will gather at Montclair State College for a Workshop on Physical Education for Elementary School Children Saturday, Dec. 3. The workshop, sponsored by the Panzer School of Physical Education and Hygiene at the college, will be held in Panzer Gymnasium from 9:30 a.m. to 1 p.m. and will feature demonstrations by school children and lessons by master teachers. Invitations have been issued to classroom teachers, physical education teachers, elementary principals, and student majors in physical education an general elementary education in all New Jersey colleges.

Children from Bradford School Upper Montclair, and from the schools in Maywood will take part in the demonstrations.

Guest instructors will be Jeff Allis of the Maywood Elementary Schools, who will present sport skills appropriate for elementary boys, and Mrs. Ada Viaggi and Miss Barbara Harris of the Montclair Public Schools, whose subjects will be circuit training and games for elementary school children.

Dr. Hazel Wacker, professor of health and physical education at Montclair State College, will be workshop chairman. Dr. Wacker also has charge of a section on folk dance for secondary students, which will include a discussion of historical and cultural backgrounds. Other members of the Panzer staff who will serve as instructors are Miss Virginia Crossman, appropriate exercises on selected pieces of apparatus; Miss Catherine Paskert, sport skills for elementary school girls, and Mrs. Betty Sommner, movement activities with everyday objects.

The registration fee will be $1 for teachers and $.50 for students with SGA (Student Government Association) cards.

FDU, Glassboro And Queens To Challenge Indian Cagers
The Varsity Basketball team will host Fairleigh Dickinson University’s basketball squad on Tuesday at 8:15 in Panzer Gym. Last year Fairleigh squeezed out a narrow 85-79 win and this season Montclair’s varsity mentor Dave Watkins is looking for a reversal. Fairleigh is led by 6'8" Reggie Foster who leads the team in scoring and rebounding last season; the former Plainfield High School star averaged just over 11.0 in both categories. Also playing a prominent role for the Rutherford school are Bob Rennie who averaged 11.3 ppg last season and 5’10" guard Al Patera who averaged close to 10.0 ppg. If the Indians are able to do well against Fairleigh, it should give a good indication of how the team will fare the rest of the season.

On Friday, December 9 the varsity and junior varsity cagers will travel to Glassboro State to take on the Profs in a New Jersey State College Conference clash. GSC has lost through graduation two of their top point makers, Joe McAllee and Lou Polisano; but the Profs are always up for their game with Montclair. The Redmen will visit Queens College on Monday, December 12. Last year, MSc trounced the New York team 66 to 77. Queens College is led by 6'9" center Larry Zolot.

Last year’s attendance at the basketball games was encouraging and with the fine teams that coaches Watkins, Bornstein, Stern and Coverdale plan to field it is hoped that more fans will turn out this season to root for the red and white.
