Floats, Football, and Concerts Highlight Homecoming Weekend

Homecoming weekend was held on Friday, Saturday and Sunday, November 15, 19, and 20, 1966. The weekend included a football game, a parade, a tricycle race and clean-up. The weekend started Friday evening until 1:00 a.m. The finishing touches were put on the floats Saturday morning before the float parade which started at 12:00 a.m. and ended at 1:00 a.m. The parade route was down Valley Road to Beverly Avenue, left on Mount Hebron to Valley Road, right on Valley to Normal Avenue, left on Normal to the football field.

The winners of the float competition were: first, Delta Omicron Pi; second, Dalphac; third, Sigma Rho.

The Flots

Before the football game against the University of Bridgeport, there was a float parade around the football field. During this parade the themes of the floats were to be presented. However, due to the inclement weather, they were not able to be presented. The themes and descriptions which were to be presented are:

Christmas Ball

Eighteen seniors have been selected to represent Montclair State College in the 1967 edition of Who's Who in American Colleges and Universities. The eighteen seniors include: John Appar, Charles Barragata; Diane J. Bylcw; Nancy Dieck; Erik Engel; Edward Helvey; Patricia Liu; Josephine Mazic; A. John Menefiek; Jr; Sue Nelson; Karen Sellick; Nancy Skirtka; Joan Swackhamer; Richard Train; Jhon Van En- den; Murray Weiner and Karen Wolfe.

These seniors were chosen for their outstanding achievements in scholarship, participation and leadership in academic and extra-curricular activities, citizenship, service to school and professional promise. The maximum number of students is limited to two percent of the total enrollment.

Voting Procedures

The original voting list consisted of the entire membership of the senior class. This list was prepared by Mr. Raymond Stor­ ver, assistant director of students. The list was distributed for the primary ballot in which 45 students were chosen for final consideration. The selection committee consisted of the members of the Student Government As­ sociation Legislation, the Student Gov't. Executive Board, the college administration including the department chairmen and the personnel department.

The semi-finalists were noti­ fied and asked to submit a list of what they considered their four most significant contribu­ tions to the campus. In addition, their cumulative averages were considered.

The second and final ballots were considered by the senior selection committee. These bal­ lots were counted by Raymond Storver and two representatives of the SGA Legislation.

Who's Who in American Colleges and Universities is publish­ ed annually and contains names of outstanding, members of the senior classes of the major col­ leges and universities throughout the country.

What is Newmanism? Topic of Newman Club Discussion

Strange as it may seem, there are many similarities between a mountain site in Ramsey, N.J. and our campus in Montclair. The mountain in Ramsey is the location of the Immaculate Conception Seminary at Darlington and the three young men who defined these similarities are St. John Vianney, St. John Bosco, and John Brennan, the new auxiliary chaplains of Newman Club.

"What is Newmanism?" was the initial point of discussion which quickly led to a definition of Newmanism which is certain that Newmanism is not a defense of moral standards, that it does not seek to correct non-members on campus, that it will not coerce Catholic students on campus to join, but rather is a 24 hour a day commitment to a Christian way of life through daily prayer and understanding in the home, school and community.

Newman's purpose is to form an active Christian community, not just to listen to lectures and engage in a three day program of prayer and sacrifice known as a retreat. Newmanism, rather, involves an advance.

To emphasize the importance of total commitment, the seminarians will have a campus residence building and a private offices. This was accomplished through the good will of Dr. Walter McHale, Dean of the College, and the faculty and others of the various parishes.

In the words of Fr. Vannelli, President of St. Peter's College, Newman Apostolates are "rushing into the unknown."

Dr. Koditschek Discusses Methods Of Enzyme Isolation

Dr. Leah Koditschek, an assistant professor of science at Montclair State College, lectured on "Methods in the Isolation of Enzymes" Tuesday, Nov. 29, at 4 p.m. in Mallory Hall. Dr. Koditschek's lecture was the second in the college's current series of five science seminars.

The series was inaugurated last year by the science department to give science majors, particularly seniors, a close look at subjects that are not covered in depth in the regular undergraduate curriculum. It is conducted by members of the science faculty, who specialize in particular fields.

The present series, under the chairmanship of Roland Flynn, opened in October with a lecture by Dr. Hugh Allen, Jr., on "Star Dust and Cosmology." Future seminars will be held on the fourth Tuesday in February, April and May.

A specialist in bacteriology, Dr. Koditschek holds a B.A. degree from Hunter College, M.A. from Oberlin College and Ph.D. from Rutgers University. She has been involved in various diagnostic and research laboratories, including the Research and Development Division of Merck and Co. (now Merck, Sharp & Dohme). She has also published several papers in the Journal of Biological Chemistry on microbiological nutrition and metabolism.

Dr. Koditschek resides at 86 Highland Avenue, Upper Montclair.

Neuer Outlines Programs Providing Financial Aids

FINANCIAL AIDS

To acquaint the students at Montclair State College with available financial assistance, Mr. Neuer will write an article for each issue of the Montclair Outlines describing various aid plans. At this time the Montclair Administration accepted the college's notice of enrollment as basis for paying the first check. However, Mr. Neuer emphasized, a 12 subsequent checks will be withheld until the student's own certificate of attendance is received. Recall past experience with GI Educational Programs. During the Korean Conflict, he pointed out that a "shakedown period" was necessary before the payment of the second check and that this period was funktionally smooth. It is possible that a few checks have been delayed by administrative or machine errors, but it is anticipated that these will be limited. Failure to receive checks can be blamed mostly on the delay in receiving certificates. The veteran must send in the certificate of attendance immediately.

Mr. Neuer urged students who have a misunderstanding, or who have had checks returned, to contact the VA Regional Office, 20 Washington Place, Newark, New Jersey; telephone number 645-2150 so problems may be cleared up.

In the Veterans Administration, the veteran must fill out and send to the VA the VA certificate. Failure to do so may result in a loss of benefits. The veteran must fill out the VA form before the VA Regional Office has been notified. Failure to do so may result in a loss of benefits.

3. S-434 fails to make provision for widespread criticism in the educational amendments to the bill to correct half the job and fails to provide a Department of Higher Education. NJEA's. "S-434 does only a new State Board of Higher Education and suggests that the proposal to restructure public higher education in New Jersey will continue to be debated in the Legislature and will require the cooperation of a State Budget Office in Trenton. This causes unnecessary delay, as Rutgers University — also in the System — is free of these limitations. The State Colleges should have the same efficient policies. In its present amended form, S-434 fails to provide for autonomy in total budgetary appropriation for each institution, freedom for capital and operational expenditures.

4. S-434 fails to provide faculty voice in policy-making. S-434, as amended, provides only for the limited faculty participation in policy-making and governance, and there is no guarantee that faculty members will have anything to say about the educational, personnel, curriculum, or college standards. Faculty members feel it necessary to have a voice who is respected to all problems in which they have a mutual interest with their governing board and administers. S-434 does not give them the right in this voice.

5. S-434 fails to make provision for full academic freedom. Nothing in the bill requires college trustees or the State Board of Higher Education to establish, faculty grievance procedures. S-434 does not provide for full academic freedom.

6. S-434 fails to provide higher education administrators with the same basic salary schedule, teaching load, and fringe benefits plans — with due recognition to position, rank, and experience.

The basic salary schedule of the East-West Center, an experiment in international education involving students from the United States, Asia and the Pacific, was designed to attract faculty and students from institutions in those countries. The East-West Center was established six years ago by the United States Congress in cooperation with the University, in order to provide educational opportunities for graduate degree candidates. The Center was established in order to attract non-academic and technical training students, and to generate a cadre of professionals who are familiar with the multicultural heritage of the 20th century. The East-West Center is a teaching faculty with the same basic salary schedule, teaching load, and fringe benefits plans — with due recognition to position, rank, and experience. Homecoming A Farce?

Here's Why

Last issue's head editorial heralded the coming of Homecoming weekend as an "unprecedented affair." Little did we know as we wrote that editorial just how unprecedented Homecoming would be. Never before has there been a Homecoming without a float competition, but for all intents and purposes, Homecoming 1966 was just such an affair.

Members of twenty-four campus organizations prepared for that one event, for, in some cases, as long as six weeks. In addition to the many hundreds of hours that these organizations spent building their individual floats, the vast sums of money devoted to the construction of these floats must also be considered. The size and complexity of the floats of the SGA, the maximum cost for any float is approximately $75. Therefore any organization constructing a float for Homecoming faced a loss of at least $45. It is obvious that the five finalists spent far in excess of the reimbursement allowance.

But conscious of both the financial investment and the prestige that went into the completion of these floats, twenty-four organizations still chose to enter the competition. Their only reward being a chance at winning one of the five trophies and the opportunity of demonstrating their own particular creativity in the Homecoming Parade.

Other unexpected difficulties such as the extremely cold weather and a dimly lighted parking lot added to the inconveniences with which the students were faced, but not in an unmitigated way. However, despite these hardships, the students who built the floats were all but physically exhausted, having returned to the Club, were all but physically exhausted, having returned to the Club, and so long to provide an outstanding Homecoming program far outweighed "our" obligation to our visitors. We feel that the ten minute presentation of the floats would have been more than enough to our visitors that they would easily have overlooked the delay in the kick-off.

Obviously, what has already happened cannot be corrected, but if the homecoming floats were ever to be seen again, they should be taken to prevent such insults to the student body in the future. It is insulting to all students who have been so much time and money to be told that their Homecoming Parade was a shambles because it is ten minutes too late.

Congratulations!

We of the Montclarion wish to congratulate students who have been named finalists in the White, Who are American Colleges and Universities Balloting. Our congratulations go to the remaining semi-finalist in the competition. At this time, we would like to thank those students for their contributions to Montclair State College. Their various contributions in their own individual careers have greatly enhanced all areas of campus life. Obviously, these students are not indicative of the scope of contributions of the Senior Class to the school. However, the "Who" is a Who published in the newspapers and in a variety of other programs such as mathematics, economics, social education, distribution, educational, a dual education, head start, teacher training and many others. We hope you to the high quality of work which is being done at Montclair State College.

The Montclair State College Student Review Board, newly created by the SGA, has been a very fundamental innovation in the student body of the future. It is insulting to those students who were given so much time and money to be told that their Homecoming Parade was a shambles because it is ten minutes too late.

A Welcome Addition

The Montclair State College Student Review Board, newly created by the SGA, should be a welcome addition to the campus. This review board, which will hear and upon appeals of campus traffic violations, promises to become an efficient and equitable means of solving disagreements over violations.

Certainly, it cannot help but reduce hostility toward the parking and traffic authorities, since students will now have an opportunity for the airing of their complaints by body other than the one issuing the accusation.

The review board will also serve as the first source of discipline for the chronic violator of campus traffic regulations. However, we hope that an increasing atmosphere of cooperation rather than hostility will help in reducing both the total number of parking violations committed and the ranks of chronic violators.

Letters To The Editor

The editors request that stu­dents submit their editorial letters to the MONTCLARION immediately after receiving them and submit them typed, double spaced.

To the Editor:

While attending MOC concerts here at Montclair, I noticed to my attention that the behav­ior of some attendees is not appropriate. Many people, of concert etiquette. Why should the highest caliber in the State, sponsored by MOC, be subjected to this? There should be respect for those who are listening and performing.

The concerts at Montclair State, sponsored by MOC, are of the highest caliber in the state. All students should be able to take advantage of what is offered and expand their education. The SGA has made it possible for MOC to provide the finest musical programs for you.

Please show a concern for what is happening on campus. Concerts are one of the main events of MOC, the most active student organization on campus.

Editors Note: The following letter was received by Dr. George King, Director of Admissions, and was forwarded to the Admissions Office.

Dear Sir/ Madam:

On November 8, I visited Montclair with my son so that he could see the campus and obtain some information from the Admissions Office.

Our first difficulty arose from the fact that the directory map was not appropriate. Many people, of course, are not familiar with Montclair. The map was, therefore, not available, but we were told it was available at the Admissions Office.

I am writing to say that my son and I had a very pleasant visit to your college, but there were some shortcomings. Otherwise, you should be proud of your college.

Floats Highlight Homecoming Weekend

(Continued from page 1)

The Jolly Green Giant embodies the spirit and power of the Indians as they crush Bridgeport.

IOTA GAMMA XI presents their first Homecoming float—the Jolly Green Giant. Undoubtedly the most striking football player in the land, the Jolly Green Giant is here, straight from Skunk Hollow. The rumor is that Snuffy’s moonshine wasn’t potent enough for the natives of Skunk Hollow, so he’s trying out his new formula here at MSC.

ALPHA CHI BETA wishes for a whale of a victory. We are aided by Pinocchio and Jiminy Cricket, who wish on a star, while Montclair’s whale does his part to help us beat Bridgeport.

We would like to thank the University of Hawaii at Manoa for their help in extending a warm welcome to Montclair’s alumni. We hope you all enjoy Homecoming Weekend as much as we have in working for it.

To the team, we again wish the best of luck and a “whale” of a victory.

THE CLASS OF 1970 presents Casper the Friendly Freshman. Casper is wearing the traditional Frosh dink and that oh-so-heavy plaque as he experiences the Freshman orientation during his first few days at Montclair.

OMEGA CHI presents football in the Stone Age. Fred and Barney of the Flintstones are the players. The 25 hundred-year-old brewmaster occupies the press box. He is telling us about the origin of football.

BETA EPSILON TAU welcomes the alumni and undergraduates to the 1966 Homecoming game. We present to you the past and present with Beanie and Cecil.

The Little King says that more students on campus in dormitories will form a foundation for bigger and better college life and activities. The Little King stands in his royal court with a proclamation of new and larger dormitories.

DALPHAC presents "An Ode to Dick Tracy." Joining with our undergrads, Get caught up on the new car-game, "The race for space." Play it with two thousand cars, but remember to park in the five hundred parking spots. Add a ton of mud, some stones. An early morning class, a touch of fog for atmosphere, a dwindling tank of gas. Be happy and complacent, if there's a place for you. Be happier still if you don't find that little slip of blue.

DELTA OMECROW PI presents Dumbo. In order to meet the needs of a rapidly-growing student body, Montclair State College has been expanding in many areas. One aspect of the expansion program is the construction of Panzer Pool. To symbolize student desire for completion of the pool, the women of Pi have chosen Dumbo to fill our pool. Dumbo embodies the hopes of our campus as "We await the Big Splash."

KAPPA SIGMA RHO presents Snoopy, that beloved and mischievous dog from the cartoon strip Peanuts. Although Snoopy is usually gunning for the Red Baron, today he's one of the Indians, gunning for the Purple Knights of Bridgeport. Snoopy cheers the Big Red with his own battle cry: "Victory or Curses."

KAPPA RHO UPSILON presents Ferdinand the Bull. We see the friendly bull, in complete serenity, squatting on that dreadful foe - the Purple Knight. That is Ferdinand's way of helping the Indians snuff out Bridgeport. LAMBRDA OMEGA TAU presents Goofy. Goofy reveals our Alumni's secret to success: "No Goofin' off to excess."

The Game

After the float parade there was a football game against the University of Bridgeport. The University of Bridgeport took the lead early in the first quarter, 7-0 and increased their lead to 10-0 late in the second quarter. There was no scoring at all in the second half. Bridgeport won the game by a score of 10-0.

Physical Education Workshop To Be Conducted December 3

Teachers and students from all over the state will gather at Montclair State College for a Workshop on Physical Education for Elementary School Children Saturday, Dec. 3. The workshop, sponsored by the Panzer School of Physical Education and Hygiene at the college, will be held in Panzer Gymnasium from 9:30 a.m. to 1 p.m. and will feature demonstrations by school children and lessons by master teachers. Invitations have been issued to classroom teachers, physical education teachers, elementary principals, and student majors in physical education an elementary general education in all New Jersey colleges.

Children from Bradford School, Upper Montclair, and from the schools in Maywood will take part in the demonstrations.

Guest instructors will be Jeff Allie of the Maywood Elementary Schools, who will present sport skills appropriate for elementary boys, and Mrs. Ada Viaggi and Miss Barbara Harris of the Montclair Public Schools, whose subjects will be circuit training and games for elementary school children.

Dr. Hazel Wacker, professor of health and physical education at Montclair State, is workshop chairman. MSSC Gives Result of Rallye

The results of the Montclair State Sports Car Club Rallye held on November 12, 1966 are:

First Place: Driver, Dave Pommel, North Haledon; Navigator, Jim Cooke, Bloomfield; Second Place: Driver, Ray Mohrle, Paterson; Navigator, Nan Scott, Bloomfield; Third Place: Driver, Winter Abyss, Millburn; Navigator, Rick Regan, Maywood. There is a prize for "Dead Last." This MSSCC Rallye was an even greater success than the first one. In the November 12 event, even a milk truck entered. The unusual thing is that it placed better than some sports cars, which shows that milk truck can do it, you can too. If you would like to try, this next Rallye will be held on December 3, 1966, at 7:00 p.m. in the Freshman parking lot.

The Rallye will be a Poker Rallye entitled "How about a pair?" which is the slogan to our first Rallye: "Would you believe a Flush?," which will be awarded for low, highest. Driver and navigator, and dash classes for 4th through 7th. There will be a $2.00 entry fee.

FDU, Glassboro And Queens To Challenge Indian Cagers

The Varsity Basketball team will host Fairleigh Dickinson University’s basketball squad on Tuesday at 8:15 in Panzer Gym. Last year Fairleigh squeezed out a narrow 85-78 win and this season Montclair’s varsity mentor Dave Watkins is looking for a reversal. Fairleigh is led by 6’9” Reggie Foster who led the team in scoring and rebounding last season; the former Plainfield High School star averaged 11.2 ppg last season and 5’10” guard A1 Paterna who averaged 11.3 ppg last season and 5’10” guard A1 Paterna who averaged 13.0 in both categories. Also playing a prominent role for the Rutherford squad are Bob Rennie who averaged 11.3 ppg last season and 5’10” guard A1 Paterna who averaged close to 10.0 ppg. If the Indians are able to do well against Fairleigh, it should give a good indication of how the team will fair the rest of the season.

On Friday, December 9 the varsity and junior varsity cagers will travel to Glassboro State to take on the Profs in a New Jersey State College Conference clash. GSC has lost through graduation two of their top point makers, Joe McNab and Lou Polisano; but the Profs are always up for their game with Montclair. The Redmen will visit Queens College on Monday, December 12; last year MCCC trounced the New York team 96 to 77. Queens College is led by 6’9” center Larry Zolot.

Last year’s attendance at the basketball games was encouraging and with the fine teams that coaches Watkins, Bornstein, Sten and Coveleski plan to field it is hoped that more fans will turn out this season to root for the red and white.
