Higher Education Bill Passed by Legislature

Long months of debate, educational argumentation came to an end Monday evening, Dec. 3, with the passage of the bill which would create a separate Department of Higher Education in New Jersey. The bill, Senate number 454, was passed by substantial margins in both Houses of the Legislature.

The bill originated with Higher Education, a bipartisan group of businessmen and educators, which employs lively folk music.

The Folk Mass, as it is so typifies the progress being made categorized by The Immaculate Conception! But it was, as MSC student singing, lively renditions of pop

There will be a Council of County Colleges to be set by the board and staff, Charles Barragato turned over his editorial duties for development of all high education in the state, but not administered by the individual institutions. Each of the state colleges is to be governed by an eleven-member board appointed by the Board of Higher Education. The individual boards would set specific policy within general guidelines set down by the parent board and prepare the college's annual budget.

The Board of Higher Education will be composed of a representative from Rutgers, Newark College of Engineering, the state colleges, the state private colleges, and nine lay citizens. The board is to be set the broad outlines for development of all higher education in the state, but not administer the Individual institutions.

A Council of County Colleges will also be set up in the same manner, as the Council of State Colleges. Rutgers and Newark College of Engineering will retain the right to transfer funds from department to department without approval of the state fiscal officers. The state colleges are not granted this privilege.

The faculties of the State colleges will have an advisory role in setting each school's curriculum.

Governor Hughes, who has made the bill one of the principle goals of his legislative program, is sure to sign the bill. The signing will call for a public ceremony.

STUDENT PEACE UNION SPONSORS INTER FAITH PEACE DIALOGUE

"Holiday Season, 1966: Peace Was Promoted to the Student Peace Union on Dec. 14. The purpose of the program was to educate the Peace's SPU President Joseph Wilkins, was to relate the present war in Vietnam, the peace and other liberal movements to the Chanukah and Christmas season in an inter-faith manner. The participants in the program were the Rabbi of Temple Shalom in Spring field, N.J., Rabbi James B. Kellfolk, S.J., of St. Peter's College in Jersey City, N.J.; and Rev. Thomas W. Blanchard, Episcopal Church in Yonkers.

Rabbi Dresner is vice-president of the New Jersey Commit-tee on Housing; vice-chairman of the New Jersey Conference on Re-education, Education and Social Action; member of the New Jersey Committee for a Peace Policy (SANE). In the summer of 1966, Rabbi Dresner was a part of a five-man delegation to Cambodia to in-vestigate reports of violations of Cambodia's neutrality by the National Liberation Front, the Democratic Republic of Vietnam, the KR regime, and U.S. forces. Currently residing at St. Pau-ler's College, Father Daniel Kilfoyle is working toward a doc-torate in theology at Union Theolo-gical Seminary in New York. He is one of the original organ-izers of the Committee of Cler-gymen concerned about Vietnam, a member of the Mennonite Committee for a Peace Policy, and a Delegate of the New Jersey chapter of the Catho-lic Peace Fellowship. Rev. William C. Episco-palmour, an organizer of the New Jersey Committee on Peace in Vietnam, is a Deacon of Episcopal Church Concerned about Vietnam; and Co-chairman of its Committee on Public Affairs.

Art Department's Dr. Hall Proves To Be a Talented Addition to MSC

The Montclair State Blood Bank is operated by Nai Pai Moyle. The blood bank was estab-lished to insure that enough blood would be available to the faculty, students, staff or members of the college in case of mass emergency.

Credit is given to the blood bank and to individual donors as contributions are made by students, faculty, and adminis-trators. These credits may be used upon any one connect-ed to the college, the donor, W. or any member of his family. Recent donors were: Ray Buc-kner, Rich Balter, Pete Baubles, Clark Lane, Howard W. VanPeelt.

Dr. Moore Succeeds Benjamin Wilkes as department chairman. Dr. Wilkins, who resigned recently from the faculty, relinquished the post in order to devote his time to teaching, concert, and work on his doctorate.

Dr. Thomas H. Richardson, chairman of the music depart-ment, has announced the appoint-ment of Dr. Ward Morgan as chairman of the music depart-ment.

"A member of the Montclair State faculty since 1946, Doctor Moore has made a significant contribution to music in the state through the training and inspiration he has given many of New Jersey's present music teachers," Dr. Richardson said.

In '50 doctoral dissertation "Development of a Band Instru-ment," in the Audio-Visual Center of the New Jersey State College at Montclair, Dr. Moyle has proved himself a valuable asset to the New Jersey's only military unit that performed in the front. He is governor of Province 27 of Phi Mu Alpha Sinfonia, national music fraternity, and a past chairman of the Eastern Division of the College Band Directors National Association. He edits a listing of band materials, entitled "Review of New Band Music." Dr. Moore succeeds Benjamin Wilkes as department chairman. Dr. Wilkins, who resigned recently from the faculty, relinquished the post in order to devote his time to teaching, concert, and work on his doctorate.

Zurich Chamber Group to Perform

The Zurich Chamber Orchestra will present a concert in the college's Memorial Auditorium on Tuesday, January 11, at 8:30 p.m.

The 23 musicians, under the baton of Edmond de Stoutz, have been touring for the past year. The group, which played a successful first tour in South America, is on its second European tour. It will be a privilege to view the orchestra's dramatic balance, technical finesse, tonal suavity, and freshness of spirit, at the college concert.

The group came together in 1945 while many of its members were still students at Zurich Conservatory. Mr. de Stoutz, who has just completed graduate studies at the conservatory at that time, has been its conductor.

National Company Brings Much Ado

The National Shakespeare Co. will be on campus January 11 to perform the comedy, "Much Ado About Nothing." The 8:00 evening performance, sponsored by the College Development Office, will be on sale in the box office, January 2, from 10:00 A.M. to 2:00 P.M. Tickets will cost $3.00. Mail or-ders will be accepted; make checks payable to Montclair State College.

It will be a privilege to view this company on our campus. As America's only cross-country touring company, the troupe has become the most widely traveled Shakespeare group ever to tour the U.S. Last season alone, it logged more than 30,000 miles in an extensive eight-month tour of 35 states. Over 200 perfor-mances were given in colleges, secondary schools, and civic centers.

The troupe's founders, produc-er-director Philip Meiner and producer-director Charles Frisch, are essential to "being quality produc-tions of culturally significant dramatic literature to the nation. The efforts of the produc-tors are aimed at self-supporting success. Most significant is the fact that the company has reached numerous audiences who might never have had the opportunity to see a professional production of the classics.

Throughout the country, the company has received enthusiasm from the professional-audience. A recent review from New York wrote that the National Shakespeare Company "is making a tremen-dous contribution to our heritage, our language, and our people." Similarly, an enthusiastic educator in Illinois remarked: "After seeing the Company's performance, I will ask my students that feel that Shakespeare is a book. He has become a vi-tal and significant force in their lives.

from the beginning, and much of his success is attributed to his wide knowledge of the classics.

The Zurich Chamber Orchestra quickly gained fame throughout Europe and America. It now makes an annual tour of Germany and frequent appearances in other European countries, and is currently on its third tour of North America.

All seats for the Jan. 1 con-cert are reserved. Tickets at $3.50 and $2.50, may be obtained by sending a check made out to "MSC-Zurich Con-cert" to the Box Office, Mont-clair State College, Upper Mont-clair, N.J., 07042.
Peace Rally in Garden Draws Crowd of 20,000

by Nina D'Amico

10 more bombing days until Christmas. A ha-ha that certain people can tell.

Over twenty thousand people tried to protest the bombing in Vietnam at the Peace Rally sponsored by the National Committee and New York Council for a Sane New Policy (SANE) plus thirty-six other organizations. The crowd numbered between twenty Montclair State college students, faculty, and the majority being members of the Student Peace Union. Dr. Fincher and Mr. Speelman and all UPI advisers were present.

Whether a person accepts the fact that the Vietnam War is not justifiable or not, the people are worthwhile in achieving their goal or not, he could not deny that the supporters and participants in this rally are making a significant point and are willing to sacrifice much in order to do so. It was also obvious that much time was spent in preparation, and that this was not just a large, impersonal mob scene which some television broadcasts led their viewers to believe, in their coverage.

Such slanting of the news was commented on by Dr. J. F. Stone (who received standing ovations before and after his talk). Stone is a respected psychologist and was the knife-sharp wit of Julian Bond. Opposed to Vietnam, this was SANE's 15th annual Garden Peace Rally — this year's theme linked the Civil Rights Movement with World Peace; the theme of the rally, Freedom for Peace.

A high point of the evening was Pete Seeger's speech, which he delivered in a day of clear logic and deep emotions. Seeger said: "No one," he continued, "can be an enemy of the war, but can be an enemy of the cause.

The rally began at 6:30 p.m. with the Glee Club in fine form singing "We Shall Overcome," "This Land is Your Land," "The Battle Hymn of the Republic," and "America the Beautiful." Among the many activities sponsored by Montclair State College during the holiday season, the Christmas Ball is undoubtedly the most popular. Held this year on December 8 in the Meadowbrook Dinner, the Ball was a large crowd of MSC students came together for dinner, dance, and festivities! Baylis and starring Robert Q. Lewis (Jery Van Dyke had returned to Hollywood to star in a new television show) took place. This light comedy involves the adventures of a young man, J. F. Pepper, Pinch, played by Gary Golkar, who works for the top of the World Wide Wicket Company through a guidance of a handbook on how to succeed in business. He becomes a business manager by flattering and cozying his superiors, principally J. B. Bigg, Bob (Robert Q. Lewis), the President of the Company. A humanist which goes the antics of the immature trump, played by Alan Kass, who is also using Bigley to move around his face, his nephew. Arlene Fontanna stars in the role of Rosemary, Fitch's wife, whom he has met at the office. After the show, the couples danced to the music of two bands until the evening's end.

Memorial Concert To Be Presented

On Jan. 1, 1967, a concert will be performed in commemoration of Albert Schweitzer's 92nd birthday. The program is to consist of works written by Albert Schweitzer and John Eliot Gardiner. Among the performers are Brian Wilson, tenor, of Upper Montclair, who originated the idea of this concert; Mrs. Jean Johnson, also, of Upper Montclair; Mr. Paul Aquilo, bass, a former student of MSC; Dr. Allen Scott, cellist, of Westfield, N.J.; Professor Ludwig Leopold, chairman of the Music Department of Montclair College during the holiday season, was held for the first time. The concert included "It's the News," "Ebony Is for Everyone," and a holographic of Albert Schweitzer's 92nd birthday.

The Higher Education Bill—
A Firm First Step

The State Legislature, in passing the Higher Education Bill, has taken what would appear to be the first major step toward curing New Jersey's problem in higher education. This act is indeed a revision which is long overdue.

The curriculum and administration of colleges have lagged behind the needs of people and education and the towns that are served by these colleges. Upper Montclair, New Jersey, has been way behind in its approach for too long. It is the concept of a single State Board of Education which contributed to this backwardness.

The New Jersey State Legislature has finally separated the elementary and secondary schools. This separation is the first major step toward curing the education bill which tends to make us a bit responsible for all public education in the state, designed to serve the needs of the present organization structure of education in the state. “The present organization structure of education in the state, designed to serve the needs of a former day, is now outdated in view of the rapidly growing complexity of demands being placed on the board that is responsible for all public education in the state.” The separate board for elementary and secondary schools will be able to improve pre-college education in the state where there has been a greater pool of well-qualified candidates for a college education.

With the state sales tax, New Jersey's higher education budget will be greatly increased. According to the Governor Richard Hughes, as stated in the Newark Sunday News: “New Jersey's higher education budget has been increased. The state's colleges should be able to attract the best students from department to department without the approval of the State Board of Education.”

The state colleges should be allowed this responsibility. By not having this right, the state colleges are prevented from getting the needed funds. The state colleges will also be required to work through the State Division of Purchase and Property in Trenton in constructing facilities and buying supplies. This tendency to emphasize inefficiency in the use of existing facilities has caused unnecessary delays. The Higher Education Bill is a first step in this direction. However, no aging child has ever taken a firmer first step.

“Season’s Greetings”

Christmas time has once again come to the campus of Montclair State College. Gaily decorated trees, windows and shelves add to the festive mood of the season. We once again commend all those who have taken time from their busy schedules to spread holiday cheer throughout the campus. However, with the load of papers, tests, and reports, the average Montclair student does not have the time to fully appreciate these trimmings. He is either too busy to even notice or may only offer the occasional “huh-hum.” I’ve not had the time.

However, the fact that someone has taken the time to “care” about Christmas tells us that its spirit is finding its way into someone’s heart. This is truly wonderful. Christmas is a personal thing. It can bring the same joy for one as it can bring the same wonderful joy can make it Christmas for anyone, anywhere, during any season.

The Montclarion wishes to extend “Seasons Greetings” to all the members of the academic community across the country: New Jersey has begun to cure itsills. No longer will our institutions of higher learning be forced to work under the supervision of the State Board of Education. We will now be able to receive the much needed aid for developing our institutions. The Higher Education Bill is a first step in this direction. However, no aging child has ever taken a firmer first step.
To the Editor:

At the top of page 3 of the Dec. 2 issue of your paper, under the heading "The Cultural Background of the Changing Environment in shaping men is the material of this study and its main thesis is that, in the process of developing his individual personality by virtue of certain kind of human climate in which he lived. It seemed to me that this book was a kind of perfect device for the environmentalists' struggle to explode much of the myth surrounding the concept of hereditability. If a man's personality is a product of his environment (this information and attitudes having long been accepted as fact) the idea that this thing called "environment" takes on great importance.

In my opinion Linton's message is still very relevant for us today. In the section of the true interaction to provide social and economic opportunity to the chronically underprivileged and to correct the question as to why people remain the way they are taken on tremendous significance. If man, even to the extent of suitable individuality, in the product of his cultural environment then a change can be instituted to the extent that the environment is understood and corrected.

The institution of education in a modern society is one of the most efficient and effective methods of cultural environment change. In such a way the other another way of saying that education is one best ways of making a new kind of man even to the extent of the transition from one type of personality to another. If one accepts that education has this kind of potential power, then men in our society is improving the society becomes obvious. Programs such as Head Start, Upward Bound, and movement such as the desegregation of schools take on new meanings. Where there does one go to find what a "good" personality is? Looking at the different levels of people, what kind of superior morality which shape social and moral the society which is superior?

Graduate Fellowships Increased by 6,000

An additional 6,000 graduate students who show promise of developing into good college and university teachers will receive fellowships for doctoral study during the 1967-68 academic year, the U.S. Office of Education said today.

A billion dollars will be allocated during Fiscal Year 1967-68 over the cost of the 6,000 new graduate fellowships, plus an additional $64 million awards continuing from previous years.

The fellowship program, administered under Title IV of the National Defense Education Act of 1958, has a double purpose: to increase the number of well-qualified college and university teachers and to develop and expand the number of doctorate programs in study facilities throughout the country.

Fellowships have been granted to 183 institutions representing major university districts of Columbia, and Puerto Rico. Nomination of fellowship candidates is made to the Commissioner of Education by the graduate institutions for use in 1,892 approved programs.

Available to Students

To be eligible for a loan, the applicant must be a citizen or national of the United States, or must have such immigration status and personal plans as to indicate that he is in the United States for other than a temporary purpose. Therefore, due to their inherently temporary nature, persons who are on an "F-1" student visa or an "F-2" non-student visa are not eligible. The applicant must be enrolled or accepted as a full-time undergraduate or graduate student, that he be in need of the loan to complete his course of study, and that he be, in the opinion of his institution, capable of maintaining good standing in his chosen course of study. The Law provides that the loans shall be made reasonably available for the full period to the extent permitted by the funds. While funds may actually be advanced to a student only after he is enrolled, commitment of a loan may be made to an eligible student for enrollment. Loans may therefore be committed to enter-amount.

The applicant must be a full-time student. Students shall be considered full-time under graduate or graduate level in an institution of higher education for teaching under the National Defense Student Loan Program, or for admission to be considered a full-time student in an institution.

A full-time student is one who is enrolled in a sufficient number of credit hours, or their equivalent, to carry a full-time graduate or undergraduate degree in the number of semesters or terms normally taken to complete the degree, with normal progress toward the part-time student in regular or evening sessions, enrolled in the National Defense Student Loan Program, or for admission to be considered a full-time student in an institution. Full-time study in summer sessions only, must be credited to a full-time student. He must be capable, in the opinion of the institution, of maintaining good standing.

An undergraduate student may borrow up to $2,500 per academic year to a maximum of $10,000. Graduate students may borrow up to $3,000 per academic year as much as $2,500 per year to a maximum of $10,000. At Montclair College, a maximum of $3,000 is available, with no student having a total debt greater than $12,000. A study in summer sessions only, will be credited to a full-time student. He must be capable, in the opinion of the institution, of maintaining good standing.

Two other singers made a notable contribution. Carlo Cava typic and morose. With Regina Saffiy, we added a touch of distinction with her regal presence and fine contribution. The audience enjoyed her major. So, "Om Arou, Vinti A Mr."

2011 Gloria: A Masterly Teller. At this point, her voice will not fade. Me, as the欢快, she develops, her total quality will brighten and strengthen itself.

If you are looking for someplace to hide during the holiday season, why don’t you slip through a tunnel and enter, with this in mind. In addition to theatre and musical comedy, there is a snowfall predicted of flying saucers which may only appear during these precious days.

For our Jewish friends, the closest they will get to visiting in heaven is on the night of December 3rd. The brothers had a wonderful time. No comment was received from the former pledges.

MONTCLAIR STATE’S SOCCER TEAM
COMPLETES FINE FIRST SEASON

Mr. Leonard K. Lucenko, Coach of Montclair State’s Soccer Team, in his first season at Montclair, gave his team credit for their fine performance this past season. "It could have been a better season," Coach Lucenko said, "as the team started playing as a unit at the end of the season. Take our game with Trenton State, for example: although losing to Trenton 5-0, the score doesn't indicate the true picture of scoring Brookdale Park. Also, home soc­
ing the College's record by two."

But perhaps the biggest plans are for a tentative five-day in­
tensive training session in the Catskills from Sep. 3 to 8. Coach Lucenko would like anyone who has had any experi­
ence in soccer, and would like to play soccer, to see him at the Physical Education Office in the Panzer Gym as soon as possible, in order to be included in train­
ing sessions in the Catskills. Says Coach Lucenko, "Out­
standing soccer players don’t hang up their cleats after the season is over. They play at least one game per week." He reminds every member of the soccer team to participate in an outside team on the weekends; much experience can be gained from these amateur leagues. If this is done, Montclair State would have a highly-improved team and a fine team to 

Fencing Season

Savering Predicts Big Year
For MSC’s Gymnastic Team

There are indications that this 1966-67 season may well be the best in the sport's young history at Montclair State College. An expanded nine-meet schedule includes several of the nation's leading

Campus To Host Kiwanis Classic

Montclair State College hosts one of the top collegiate basket­
tball tournaments in the East dur­ing the Christmas holidays when the Northern New Jersey Kiwan­
is Basketball Classic is held at the Indians Panzer Gym. The eight-team tourny will be played December 27th through the 30th.

The Indians have been top seeded while Fairleigh Dickinson (Madison) placed second, Unga­

Enjoy Your Vacation
