Higher Education Bill Passed by Legislature

Long months of debate, educational argumentation came to a head Monday evening, Dec. 3, with the passage of the higher education bill which would create a separate Department of Higher Education in New Jersey. The bill, Senate number 434, was passed by substantial margins in both Houses of the Legislature.

The bill originated with Higher Education, a bipartisan group of businessmen and educators. The committee recommended that the state set up the separate department nearly a year later. The bill was introduced on May 31, 1966.

The bill has set up a Department of Higher Education in New Jersey. The council would advise the Higher Education Board on the needs of the six state Colleges. The council would consist of three representatives of the public schools, three of the private colleges, and three of the state colleges. The council would have the power to make recommendations to the board. The board is to set the broad outlines for the bill which would create the separate department as well as the budget of the department.

There will be a Council of County Colleges consisting of the presidents and the chairman of the board of trustees of the state colleges. The council would advise the Higher Education Board on the needs of the state colleges.

A Council of College Counties will also be set up in the same manner as the Council of State Colleges. Rutgers and Newark College of Engineering will have the right to the transfer funds from department to department without approval of the state fiscal officers. The state colleges are not granted this privilege. The faculties of the state colleges will have an advisory role in setting each school's curriculum.

Governor Hughes has said that he will make the bill one of the principle goals of his legislative program, and is sure to sign the bill. The signing will call for a public ceremony.

New Editorial Boards Elected By Three Campus Publications

Jaeger and Caruso Head 'Montclarion'

With a food farewell and a thank you to the editorial board and staff, Charles Bargarrige handed over his editorial powers at the Montclarion elections Tuesday, December 6. As a result of the elections, Ernest Jaeger and Janet Caruso Editor-in-Chief and Managing Editor, will hold the top positions of the paper.

Ernest Jaeger, who will be Editor-in-Chief, was previously the Editor-in-Chief of The Clarion. As a result of the elections, Ernest Jaeger and Janet Caruso will hold the top positions of Editor-in-Chief, respectively.

Jaeger and Caruso are two of the most active students at Montclair State College, with a combined total of four years of experience on the Montclarion. Jaeger is a senior English major, who is the Lecturer for the College Life Union Board, Corresponding Secretary for Senate, Treasurer of the Montclarion Board, and a member of the editorial board of Galumph, a member of the student-faculty sub-committee on the bookeeper, a student of the Montclarion's Advisory Committee, and a member of the Dean's Advisory Committee. Caruso is a sophomore French major from Vinita. She was Editor-in-Chief of her high school newspaper.

As a further result of the election, Thomas Gassone and Alan Friedman will be Co-Sports Editors. Tom, who retains the position of Sports Editor, is a junior, Social Studies major. He is a member of Beta Epsilon Tau and works in the Audio-Visual Center. Alan, is a sophomore Spanish major who was previously Editor-in-Chief of The Clarion.

Freeeman Heads 'Gulumph'

Harry Freeman was elected to the position of Editor-in-chief of Gulumph by acclamation at the elections. Wed., Dec. 7. In a farewell address, former Editor, Luis Rogers, thanked the members of his staff and extended to them the opportunity to work with Harry for the next year, which should produce another four issues of Gulumph.

Harry, a sophomore mathematics major, assumes the position of Editor after serving as Assistant Editor of Galumph. He has promised to continue many of the features which Luis has introduced. In addition, Harry has hinted at the use of color in subsequent issues.

Cheryl Brackin, a sophomore mathematics major, will serve as Assistant Editor. Cheryl was Assistant News Editor of the Clarion. She is a member of Beta Epsilon Tau and a member of the Dean's Advisory Committee.

President of this class and Assistant Sports Editor of the Mont­clarion.

Jean Dushanko, a freshman homes economics major from (Continued on Page 7)

Larsen Leads 'Quarterly'

Paul Larsen will succeed Ernest Jaeger as Editor-in-Chief of the Quarterly, as a result of the editorial board elections held Thursday, December 8. Paul is a sophomore English major, who was previously Literary Editor of the Quarterly. He is also a member of the Folk Music Club and a member of a Senate.

Joanne Haisney, a junior English major, will be the Literary Editor of the magazine. Joanne has served on the Literary Board of the Quarterly and also is a member of the Human Relations Planning Committee.

Peg Broadway, a sophomore will retain her duties as sub-missions editor. Peg is currently pledging Kappa Rho Upsilon sorority. Andrea Clendinning, a sophomore English major will also retain her position as layout editor.

Don Bradford, a junior fine arts major, will be one of the Art editors of the magazine. His Co-Art editor will be Diane Shireman, who retains the position which she previously held on the magazine. Diane is a member of Sigma Delta Pi.

Richard Immerman was elected Business Manager, Richard has been a member of the Literary Board and is also a member of Beta Epsilon Tau fraternity.

Mr. William Doll of the English Department is the adviser to the Quarterly.
**STUDENT PEACE UNION SPONSORS INTER FAITH PEACE DIALOGUE**

"Holiday Season, 1966: Preceded by tension, the Peace Union on Dec. 14, the program of the program, the Student Peace Union, under President Joseph Wheaton, will release the present war in Vietnam, the peace and other political movements to the Chanukah and Christmas season in Montclair.

The participants in the program would include: Rabbi Israel S. Dresner of the New Jersey Committee for Jewish-Christian Understanding; Rev. Thomas J. Peck, S.J., of St. Peter's College in Jersey City, N.J.; and Rev. Thomas J. Peck, S.J., of St. Peter's College. Dresner was part of a five-man delegation to Cambodia to investigate violations of Cambodian neutrality by the National Liberation Front, the Democratic Republic of Vietnam, the Ky regime, and U.S. forces, currently residing at St. Peter's College. Dresner is working toward a doctorate in theology at Union Theological Seminary in New York. He is one of the original organizers of the Committee of Clergymen concerned about Vietnam, a sponsor of the New Jersey Committee for a Sane Nuclear Policy (SANE). In the summer of 1969, Rabbi Dresner was a part of a five-man delegation to Cambodia to investigate violations of Cambodian neutrality by the National Liberation Front, the Democratic Republic of Vietnam, the Ky regime, and U.S. forces.

"In the fall of the year, the Committee of Clergymen initiated a number of innovations in education. Currently bringing musicians of international stature to Montclair State College, it declared the present war in Vietnam, the peace and other political movements to the Chanukah and Christmas season in Montclair.

The students said that "the tradition of a common heritage and an exchange so complete that has become a part of life there isn't normal." They point out that among the church, the professor applies himself to new games to visual intelligence tests."
Peace Rally in Garden Draws Crowd of 20,000

by Nina D'Amico

10 more bombing days until Christmas. A haiku that has just been written:

Here, there is no air

Over twenty thousand people tried to protect the bombing.
The Higher Education Bill—A Firm First Step

The State Legislature, in passing the Higher Education Bill, has taken what would appear to be the first major step towards curbing the burgeoning costs of our educational institutions. Instead of establishing a Department of Higher Education, the Legislature has finally separated the colleges and universities of the state from the elementary and secondary schools. This is indeed a revision which is long overdue.

The curriculum and administration of colleges require a different type of approach and philosophy than do the elementary or secondary schools. New Jersey has been backward in its approach for too long; it is the concept of a single State Board of Education which contributed to this backwardness. The Newsom Report of 1963 acknowledged this. As quoted by the Newark Sunday News of November 27, the Newsom Report stated: "The present organization structure of education in the state, designed to serve the needs of a former day, is now outdated in view of the rapidly growing complexity of demands being placed on the single board that is responsible for all public education in the state. The separate board for elementary and secondary schools will be able to improve pre-college education in the state that there will be a greater pool of well-qualified candidates for a college education.

With the state sales tax, New Jersey's higher education budget will be greatly increased. According to the Governor Richard Hughes, as stated in the Newark Sunday News of November 27, "The state operating budget for higher education will expand by $12,000,000, or 38% this year, compared to the present $44 million." The Governor stresses the need for a strong agency to watch and efficiently guide this spending: "We must realize that without the most vigilant and skilled administration, the price of physical expansion in higher education may be deteriorating faculty, and efficient performance by the Department of Higher Education, along with the Council of State Colleges, and the Board of Higher Education, will be the vigilant watchers that this expansion will need to be effectively completed.

There are some aspects of the Higher Education Bill which tend to make us a bit worried about the future of the State Colleges. In creating a Board of Higher Education, the Bill allows the six state colleges to have only one representative voice on this Board. This is extremely dangerous as each of the state colleges has its own unique personnel and problems. It would be rather impossible for the Board of Higher Education to make decisions which would bind all-six colleges, after hearing from the representative which would probably speak for only one of them. The Council of State Colleges, under the Bill could also stop the advancement of one state college while it allowed the others to "catch up." We at Montclair have been too close to this situation to take this suggestion lightly. Again, we are also bothered by the fact that Rutgers and Newark College of Engineering have retained only a fraction of the funds from department to department without the approval of the State Board of Education. The state colleges should be allowed this responsibility. By not having this right, the state colleges are prevented from having and spending their own budget properly. The state colleges will also be required to work through the State Division of Purchase and Property in Trenton in constructing facilities and buying supplies. This would be too expensive and inefficient, and it is the function of the State Board of Education to supervise these expenditures.

The State has decided that Rutgers University should be free of state control. The Governor recently said him or to see any reason why the state colleges do not deserve that right. Again, we at Montclair have too closely followed the inefficientilly inefficient of Trenton's offices. We have waited too long to take that initial college administrative step and to watch a dramatic production in our little theatre.

The word go forth from this time on to all members of the academic community across the country: New Jersey has begun to cure its ill. No longer will our institutions of higher learning be forced to work behind the back of the Board of Higher Education. We will now be able to receive the much needed aid for developing our institutions. The Higher Education Bill is a first step in this direction. However, no aging child has ever taken a firmer first step.

"Season's Greetings"

Christmas time is upon us and the Christmas bells of Christmas carollers, of gay Christmas display, and of silver bells and Santa Claus. The College Supply Store in its fine secular commercial tradition has met the Christmas season, reminding us of all the important task of Christmas shopping, with gaily-colored garlands and pictures of Santa Claus. A picture of the Madison St. trees is a sure way to keep our eyes on the budget. The State Legislature, in passing the Higher Education Bill which tend to make us a bit |

December 8 is the Roman Catholic Church's Immaculate Conception. The feast symbolically observed during Advent serves to remind Romans Catholics of the purity of the Virgin Mary who gave birth to Christ on Christmas morning. This year the feast day had added significance for Montclair students. The first "Folk Mass," indeed the first Mass, offered in a state-subsidized institution was celebrated in College Hall. Both Catholic and non-Catholic alike who attended Mass left truly rewarded having experienced an excellent example of ecumenism.

Montclair students should be reminded that Rutgers is a state university and no one is forcing us to go there. With the news of the development of the great University of New Jersey system, Montclair students should be free of such limitations. We do not have to be " cramped " by the State Board of Education. We are sure that the State Legislature will be the vigilant watchmen that this expansion will need to be effectively completed.

To be eligible for a loan, the applicant must be a citizen or national of the United States, or must have such immigration status as to be treated as if the United States for other than a temporary purpose. Therefore, visa holders who are on an "F" student visa or a visitor's visa are not eligible due to their inherently temporary nature, persons who are in this country on such visas as an "F-1" student visa or a United States for other than a temporary purpose. Therefore, standing in his chosen course of study, the student has completed in a public school or 31 that he has been inducted in the Armed Forces of the U.S. On the other hand, the student's responsibilities on these cases have verified, respectively, to the student, upon graduation and a completion as a full-time student elsewhere of an entire full course of teaching has been completed in a public school, or 31 that he has been inducted in the Armed Forces of the U.S.

Increased by 6,000

Graduate Fellowships

An additional 6,000 graduate students who show promise of developing into good college and university teachers will receive fellowships for doctoral study during the 1967-68 academic year, the U.S. Office of Education said today.

Approximately $82 million will be distributed during Fiscal Year 1967, over the cost of the 6,000 new graduate fellowships, according to figures continuing from previous years.

The fellowship program, administered under Title IV of the National Defense Education Act of 1958, has a double purpose: to increase the number of well qualified and university teachers and to develop and expand the capacity of degree-granting institutions to train students.

Fellowships have been granted to 193 institutions representing the State University of New York, State University System of Florida, the University of Illinois, the University of Michigan, the University of Wisconsin and the University of California. The fellowship funds are made to the Commissioner of Education by the student institutions for use in 1,982 approved programs.

Applications for entertainment at the 27 hour marathon available at either the SGA Office or the Fishbowl.

The following guidelines will be used in determining the residence hall acceptances.

Freshmen 40-45 percent;
Sophomores 30-35 percent;
Juniors 13-18 percent;
Seniors 17-22 percent;
Distance will be a primary factor in the acceptance of freshmen with further consideration given to individual needs.

The policy statement concerning off-campus housing will remain essentially the same but the wording will be clarified.

The housing committee will meet again in January to determine the appropriate steps to effectively implement the housing policy for 1967-68.
Christmas Holiday Brings Spirit to New York City

If you are looking for somewhere to hide during the holiday season, why not slip through a tunnel and enter the beautiful city of Montclair? In addition to the pleasures of theatre and musical comedy, there is a snowfall of delights for those who may simply enjoy listening to the music or stopping to browse the shops.

For our Jewish friends, the Festival of Lights, or Hanukkah, begins on December 5. The spirit of Hanukkah is reflected throughout Montclair with the traditional menorahs lighting up the windows of many homes. On December 6, the annual Festival of Lights will be held in Montclair. The festival will feature music, dance, and a variety of other activities designed to celebrate the joy of Hanukkah.

In addition to the Festival of Lights, there are many other events taking place in Montclair during the holiday season. The Montclair Art Museum is hosting an exhibition of works by American artists, and the Montclair Public Library is hosting a series of lectures on the history of Hanukkah.

For those interested in theater, the Montclair State College Theatre Department is presenting a variety of productions, including a production of "A Christmas Carol" by Charles Dickens. The show will be performed at the Theatre at Montclair State College on December 13 and 14.

Montclair State College has also announced that it will be hosting a series of guest speakers during the holiday season. These speakers will discuss a variety of topics, including the history of Hanukkah, the cultural significance of the menorah, and the role of music in the celebration of Hanukkah.

In addition to the cultural events, there are also a number of sporting events taking place in Montclair during the holiday season. The Montclair High School football team will be playing its final game of the season on December 2, and the Montclair State College basketball teams will be playing home games throughout the month of December.

Overall, the holiday season in Montclair is a time of joy and celebration, with something for everyone to enjoy. Whether you are interested in cultural events, sporting events, or simply want to stroll through the town and enjoy the festive atmosphere, Montclair has something to offer during the holiday season.

By the Way

"Glory to God in the highest, and on earth peace among men of good will!"

With this in mind, may I offer on behalf of both the old and new editorial boards of the Montclairian with the students, administration, faculty, and staff a very merry Christmas.

EUROPEANS knew how to become decadent, debauched, and intolerant of one another with the Greek Way. In Greco- Syriac culture, the Greeks lived in peace with their govern- ors, any one holding any religious opinion they wished, as long as the Greeks faced death. Antioch, the capital of Syria, was the Greek city of the empire, and Antioch was also the Greek place of the empire. The Festival of Light, or Hanukkah, was observed in Antioch with great celebration. Dr. Leopold Goldberg will also present on the subject of Antioch.

In addition to the cultural events, there are also a number of sporting events taking place in Montclair during the holiday season. The Montclair High School football team will be playing its final game of the season on December 2, and the Montclair State College basketball teams will be playing home games throughout the month of December.

Overall, the holiday season in Montclair is a time of joy and celebration, with something for everyone to enjoy. Whether you are interested in cultural events, sporting events, or simply want to stroll through the town and enjoy the festive atmosphere, Montclair has something to offer during the holiday season.

Kappa Rho Upsilon

The women of Sigma Theta Upsilon are proud to announce that Angela Hammond will be studying at Laval University in Quebec, Canada, next semester through the Margaret Holz Fund.

On December 21, the sisters are planning to present a program of Christmas carols at the Hartford Jewish Home Nursing Home in Cedar Grove.

The sisters of Theta Chi Rho want to wish everyone a very Merry Christmas. The sisters would like to welcome our new Co- KD.

By the Way

**MONTCLAIR STATE’S SOCCER TEAM**

**COMPLETES FINE FIRST SEASON**

Mr. Leonard K. Lucenko, Coach of Montclair State’s Soccer Team, in his first season at Montclair, gave his team credit for their fine performance this past season. “It could have been a better season,” Coach Lucenko said, “as the team started playing as a unit at the end of the season. Take our game with Trenton State, for example: although losing 0-2, the score doesn’t indicate the true picture football field. The Coach feels that, once this is accomplished, it would dispel the negative spirit given to soccer by fans. This will give more students a chance to become acquainted with soccer, and perhaps to even try out for the team.”

But perhaps the biggest plans are for a tentative five-day intensive training session in the Catskills from Sep. 3 to 8. Coach Lucenko replied that “a lack of offensive players mastering the offensive plays, and of scoring consistency” seemed to be the main nemesis of the Montclair Indians. “In one instance, a defensive halfback was switched to an offensive center forward, and this turned out to be the spirit given to soccer by fans. But perhaps the biggest plans are for a tentative five-day intensive training session in the Catskills from Sep. 3 to 8. Coach Lucenko respited that “a lack of offensive players mastering the offensive plays, and of scoring consistency” seemed to be the main nemesis of the Montclair Indians. “In one instance, a defensive halfback was switched to an offensive center forward, and this turned out to be the

Discussing the number of letterman lost this coming June, Coach Lucenko said that we will be losing a total of six from the starting line-up due to graduation. Included out of the thirty two roster will also be Kurt Wiesenberg, an exchange student from Graz, Austria.

Big plans are hoped for next year, since Coach Lucenko’s team will start to practice on August 29th, instead of traveling to Princeton Institute, where Mr. Lucenko was previously head coach for the soccer and basketball teams at Eton Prep School in Manhattan.

**SEASONS GREETINGS**

**Fencing Season Seen Promising**

A mixture of veterans and very promising freshmen will form the basis for Montclair State College’s 1966-67 varsity fencing team under first year mentor Allan Mackie.

Mackie comes to the Indians after seven very successful years as head coach at Ramapo Regional High School’s team posted a dual meet record of 8 wins, 9 losses and 4 ties.

At Ramapo, Mackie’s team won the New Jersey Interscholastic Athletic Association championships in 1964, 65 and 66 plus the New York Invitation Invitation and the second place of scholastic superiority in the greater New York area.

From 1960 through the mid-point in the 1965 season, Ramapo won 59 straight dual meets. This Indians have no where to hang up their cleats after the season is over. They play at least one game per week.” He reminds every member of the soccer team to participate in an outside team on the weekends; much experience can be gained from these amateur leagues. If this is done, Montclair State would have a highly-improved team and a fine team to match.

**Savering Predicts Big Year For MSC’s Gymnastic Team**

There are indications that this 1966-67 season may well be the best in the sport’s young history at Montclair State College. An expanded dual-meet schedule which includes several of the nation’s leading schools is promising.

Promising freshmen have filled many of the weak spots evident last season. Coupled with a solid nucleus of returning team members this gives the Indians needed depth and experience in almost every event.

Sophomore Rich Schwartz could give MSC its first qualifier for the N.C.A.A. championships. Although competitively inexperienced in the trampoline event last season, Schwartz scored six firsts and two seconds in the eight-meet schedule. He has so far shown considerable improvement during pre-season workouts.

Sophomore Joe Miller, a junior, is being counted upon by coach Bill Savering to pile up points with their versatility. Freshman Dave Green, who sawing feels was the foremost senior among the state’s scholastic gymnasts last winter, provides both depth and class in every event. Although unusually tall for a gymnast, 6’1”, Green nevertheless readily shows the potential to be an outstanding all-round performer.

Another fine freshman, Ron Poling, is star caliber in the parallel bars and still rings. Still other freshmen who have helped brighten the outlook are Jim Kenna as an all-around competitor, Bill Ryan on parallel bars and still rings and Nels Jensen on side horse, horizontal bar and parallel bars.

Upper classmen figuring prominently are junior Hank Shaw and sophomores Ed Sax, Ralph Coscia, Bob Day and John Pablo.

**1965-1967 Gymnastics Team**

**Campus To Host Kiwanis Classic**

Montclair State College hosts one of the top collegiate basketball tournaments in the East during the Christmas holidays when the Northern New Jersey Kiwanis Basketball Classic is held at the Indians' gym. The eight-team tournament will be played December 27th through the 30th.

The Indians have been top seeded while Fairleigh Dickinson (Madison) placed second, Umpqua third and Bloomfield College fourth.

The opening round pairings send Bloomfield against Newark College of Engineering on December 26th at 7 P.M. M.S.C. meets Paterson State in the second game.

Other first round pairings match Upsala with Newark Rutgers on Dec. 28 at 7 P.M. with P.D.U. (Madison) opposing Pace in the nightcap.

The semi-final round will be played December 29th with the consolation and championship contests set for December 30th.
