Nadine Udahl Crowned 'Miss Montclair State'

Nadine Sue Udahl was crowned Miss Montclair State at Phi Lambda Pi's Annual Miss Montclair State Pageant on Friday, June 11. Nadine is a member of Sigma Delta Pi, a national journalism honor society.

JILL ST. AMBR0G10 'MISS CONGENIALITY'

Jill St. Ambr0g10 is 'Miss Congeniality'. Jill is a junior English major from Plainfield. She has been a member of the Montclair State Chamber Choir since her freshman year and is currently a member of the Montclair State Choral Union.

SGA LAUNCHES PLANS FOR 27 HR. MARATHON

A precedent is about to be set at Montclair State—a 27-hour marathon. It will be held from 8:00 P.M. Friday, April 14th until 11:00 P.M. Saturday, April 15th.

MOC TO PRESENT GERARD SOUZAY, NOTED BARITONE

Gerard Souzay, internationally renowned baritone from France, will be heard in concert Thursday, Feb. 16, at 8:30 P.M. in Montclair State College's Memorial Auditorium. He will be presented by the college's Music Organizations Commission.

The Experiment in International Living has nominated 46 students from Montclair State College to take part in its summer program this year. Six of these 46 students will receive seventy-five percent of their expenses from the Student Government Association through the International Relations Clubs. These six students are Elizabeth Best, Donald Bowers, Donna DeMarco, Bruce Greenwood, Kai Kangur, and Vladimir Samohutin.

Nadine Udahl, a member of Sigma Delta Pi, is a nineteen year old sophomore English major from Long Branch. She has received training in dancing, acting, and oral interpretation. She is also a member of Homecoming Activities for 1967.

RUNNERS-UP

A twenty-year-old sophomore music major from Bloomfield, Jill received training on the violin, piano, and in voice and is a recipient of the Music Scholarship. She has received training in dancing, acting, and oral interpretation. She is also co-chairman of Homecoming Activities for 1967.

Donald Bowers is a nineteen year old sophomore English major from Plainfield. A student of Homecoming Activities, he has been a member of the Montclair State Chamber Choir since his freshman year and is currently a member of the Montclair State Choral Union.

Elizabeth Best, a junior social studies major from Audubon, will travel to India. A recipient of the Music Scholarship, she has been a member of the Montclair State Chamber Choir since her freshman year and is currently a member of the Montclair State Choral Union.

Donald Bowers is a nineteen year old sophomore English major from Long Branch. He is a member of Sigma Delta Pi and chairman of the Grace Freeman House Council. Donald is currently enrolled in the Montclair State College Music Award and is a member of Sigma Alpha Iota, Players, and Players, a member of Sigma Delta Pi, and chairman of the Grace Freeman House Council.

Donna DeMarco is a nineteen year old sophomore English major from Farmingdale. She is a recipient of the Music Scholarship and has been a member of the Montclair State Chamber Choir since her freshman year and is currently a member of the Montclair State Choral Union.

Donna DeMarco will visit Tanzania this summer. Donna is a junior English major from Palmyra.

Bruce Greenwood, vice-president of the International Relations Association, is a junior social science major and is an Italian Studies major. Bruce is active in Senate, was a member of the Montclair State Chamber Choir, and was co-chairman of Sound for America, a group of Students includes: Lynn Barker, Germany; Janet Betina, Italy; Judy Bradshaw, France—Language; Betsey Carey, France; Janice Cima, Great Britain; Mary Diem, Italy; Wynne Du- bester, Carol Ely, Switzerland; Jacqueline Flegnan, Mexico; Nina Girard, France—Language; Jean Giovannelli, France—Language; Jeanne Hagerty, Sweden; Katherine Hough, Germany—Language; Beverly Mias, Switzerland; Eleanor O'Mara, Great Britain; Carol Schwartz, Sweden.

MSC Students Selected by Experiment

Program Plans

"Much Ado About Something" will encompass twenty-seven hours of entertainment—panel discussions, lectures and novelty acts. Many individuals and groups on the campus have volunteered their support of the program.

The marathon committee has been working since Fall semester, planning the event. Many faculty and students have contributed their time and effort to make the event a success.

The main objective of the marathon is to attract the attention of the State and State Legislators and to secure more funds for the College Develop- ment Fund. "Much Ado About Something," the title of the 27-hour marathon, indicates that students do not intend to be stymied by lack of funds. Instead of standing still and doing "nothing," they are doing "something.

The Marathon Committee has been working since Fall semester, planning the event. Many faculty and students have contributed their time and effort to make the event a success.

A stereo-fiREO will be given by the Record Club of Upper Montclair. The Committee has been working since Fall semester, planning the event. Many faculty and students have contributed their time and effort to make the event a success.

Tickets will be sold at $1.00 each.

Bill To Help Six Colleges

An amendment to the recently passed Higher Education Act which would give increased financial autonomy to New Jersey's six state colleges will be filed in the State Senate tomorrow.

The amendment giving the individual colleges greater freedom to raise and spend money will be sponsored by Sen. Nicholas Fernicola, D-Essex, and Sen. Ned Parsekian, D-Newark College of Engineering.

Fernicola expected to be co-sponsors are Sen. Joseph Kleegman, D-Passaic, and Sen. William Ozzard, D-Elizabeth.

The increased autonomy would come in the form of a $10 million grant to be awarded to the six colleges after they submit their budgets through the State Department of Education and the Treasury Department.

The bill is to be approved by the Treasury Department which, in many past cases, has dictated to the colleges how funds should be spent within the guidelines set down by the Legislature.

Under provisions of the bill, the six colleges would receive a certain amount of money without approval of the board of trustees at each college. The amendment would then determine how the money should be spent in accordance with certain guidelines set down by the Legislature.

The amendment would also allow state college boards of trustees to hire personnel without approval of the State Board of Education.

In addition, the trustees would be able to hire certain teachers at salaries exceeding the guidelines laid down by the Department of Higher Education.

Bitter Complaints

In the past administrators of the state colleges have complained bitterly that they were under the thumb of the State Department of Education and the Treasury Department.

They also charged that seeking approval from the state salary adjustment committee when hiring teachers over scale took too long and that the committee had taken a job elsewhere before New Jersey came up with an offer.

The total cost for each student is $1350, which included round trip transportation by air from New York to Copenhagen, taxicab, room and board, field trips, medical insurance, and tickets to cultural and civic events.

During their stay the students will live with Danish families in Copenhagen.

The six MSC participants were selected by the Foreign Student Exchange Committee. To qualify each student was required to have a satisfactory academic average of approximately 3.9 and the ability to profit from a semester of study in Europe. Although Montclair State was limited to six students this year, the program may soon be expanded to enable other students to study for a semester in England.

Further information concerning this program can be obtained from Dr. Norman Lange, Director of Student Teaching and Placement.

Players Present Reader's Theatre

A discussion and demonstration of Reader's Theatre, a form of oral interpretation, will be presented at the Players' meeting on Wednesday, Feb. 22 at 7:30 P.M. in College High Auditorium.

The program will be conducted by Players president, Charles Croce and vice-president, Paul Hart.

Six MSC Students Depart For Semester's Study in Denmark

On the evening of January 29, 1967, six Montclair State students departed from Kennedy International Airport to spend their spring semester at the University of Copenhagen in Denmark.

The "Europe-bound" students were George Brunelle, sophomore music major; Ellen Van Vliet, junior mathematics major; Nancy Bittman, junior English major; Vincent Moreno, junior fine arts major; Ellen Van Vliet, junior music major; and Janice Nocenti, senior fine arts major.

A total of thirty-four students from the six New Jersey State Colleges are participating in this program which is coordinated by a joint committee from these schools.

At the University of Copenhagen each student will take twelve or fifteen credit hours of classes which will be accepted toward graduation so that students can complete degree requirements in four years.

The courses of study include Contemporary European History, European Art and Ballet, European Culture and Civilization, European Art, Education in Denmark, Scandinavian Literature and Drama, and Major Political Systems in Europe. All classes will be conducted in English by the faculty of the university.

Teacher Placement Viewed As An Increasing Problem

During the first week in March the Student Teaching and Placement Office will begin sending out requests for student teaching assignments for the 1967-68 school year.

The students have listed several cities at which they would like to teach, and these requests will be handled by the Student Teaching Office to the school superintendents.

No state law requires a school to take student teachers, but the Student Teaching Office is also responsible for the supervision of the student teachers.

A cooperating teacher and two supervisors (one from the education department and one from the student's major department) are assigned to the student.

Each of these three people observes him and submits a grade to the Student Teaching Office.

"Considering the size of the job, the program goes along remarkably well," said Dr. Lange. "There are many more openings in central and south Jersey than expected.

Dormitory students with no career assignment problem, since only a small number of colleges can conveniently be reached from campus by bus. As the college becomes larger, the shortage in placing student teachers increases.

But despite these problems, all the students are very happy with the program. The students get their first choice and another one-quarter get their second choice.

The Montclair State Chapter of the Distributive Education Club installed new officers.

Distibutive Ed. Club Installed New Officers

The Montclair State Chapter of the Distributive Education Club installed its new officers for the 1967 school year.

Vince Morgan, as Master of Ceremonies, introduced Ed Faubrig, the outgoing president, who gave a history of the club. Each incoming officer was introduced by his predecessor.

Ed Fabbrig handed the office of president over to Pat Territo. vice-president Max Franchek to Lois Schneider, Recording secre-
MSC Receives Grant For SPURT Program

Dr. Thomas H. Richardson, president of Montclair State College, has announced the receipt of a $12,000 grant from the National Institute for Advanced Study in Teaching Disadvantaged Youth.

The money will help the college implement a newly inaugurated special program for urban teachers, known as SPURT. This program, scheduled to start next semester, will include field work in Paterson, arranged through the cooperation of that city's Superintendent of Schools, Dr. Michael Gioia, its Board of Education, and various community agencies. About 30 sophomores are enrolled in the initial course.

The National Institute is a project of the American Association of Colleges for Teacher Education and is funded through NDEA (National Defense Education Act). Montclair State is one of about 25 institutions or groups of institutions receiving grants for work in preparing teachers for disadvantaged areas. The primary purpose of the grants is to stimulate faculty involvement in new approaches and representations of cooperating agencies and schools in Paterson, and a series of seminars.

Arny Named Co-Adviser

The Class of 1968 is proud to announce that Mrs. M. Arny of the biology department has accepted the position of class adviser. She holds the post jointly with Mr. Saunders of the industrial arts department. We would also like to congratulate Mrs. Arny on her election to Who's Who in the World.

“Miss Montclair State” (Continued from Page 1)

After the girls appeared in their gowns, Miss Middlesex County, Lorraine Williams - a junior music major from Passaic Township was introduced. Susan McGonaghy performed a medley of tunes from West Side Story on the piano.

VARIETY OF TALENT

The second phase of the competition was the talent competition. Nadine recited from Edna St. Vincent Millay's "In the Dark," and Jill performed a piano and vocal solo of "Fly Me to the Moon." A dramatization of Eugene Field's poem, "Seeing Things," was Judy Darby's selection. Carol Ann Bednarek sang "As Long As He Needs Me." Laura Triano performed the Hungarian folk song, "Kodah," on the accordion.

After the swimsuit competition, the judges selected the five finalists who were each asked a question, determining the ultimate selection of Miss Montclair State College.

Among the awards which Miss Montclair State 1967 will receive are a $200 scholarship and all-expense paid trip to the Miss New Jersey Finals in Cherry Hill. She will also represent MSC as the Homecoming Queen. The first runner-up receives a $50 scholarship.

The pageant was directed by Tony Di Netta and produced by Louis Calandriello, President of the fraternity. The Master of Ceremonies was Phil Lambda Pi's own Bert Parks. Alano Jennings, Miss Linda Weir, a pageant finalist in the 1966 pageant, was Mistress of Ceremonies. She helped with the program description and introduced the girls.

As her last act as Miss Montclair State 1966, Miss Marie Zork thanked everyone who made her reign so enjoyable. She wished all the girls the best of luck and good wishes.

Harambee Spirit

Are you qualified to teach in Kenya, Africa? How does the normal school education in Kenya compare with the teacher preparatory program in the United States? In answer, Kappal Delta Pi presents "The Harambee Spirit" by Virginia Tom at March 8 at 7:00 p.m. in Chapel Hall Lounge.

Miss Tom, a mathematics teacher at Ramapo Regional High School in Franklin Lakes, spent the 1956-56 school year teaching at a normal school in Kenya.

The Montclarion is published biweekly by the Department of Publications of the Student Government Association, Inc., Upper Montclair, New Jersey, 733-9091. Published on the first and fifteenth of each month. Second-class postage paid at Upper Montclair, New Jersey. Entered as second-class matter at the post office at Upper Montclair, New Jersey, under the Act of March 3, 1879.

Is the Grass Greener?

It is evident that self-esteem can be either an asset or a detriment to one's character and that justifiable criticism of oneself and one's surroundings (often called self-awareness) tends to be constructive when indicative of a need for reform. But unwarmed degradation of an individual or an institution is destructive and does little or nothing at all to accomplish the desired results.

This attitude of self-degradation, we of the Montclarion staff feel, is quite prevalent on the part of the students of Montclair State College: Our campus had often been given the misnomer "a glorified high school" by its own students who refuse to use their time or talent to prove MSC other than in the ephemeral results.

The Montclarion staff feel, is quite prevalent on the part of the students of Montclair State College: Our campus had often been given the misnomer "a glorified high school" by its own students who refuse to use their time or talent to prove MSC other than in the ephemeral results.

The choice of the location for the new building has not been made (comments in a local newspaper notwithstanding) and the decision poses interesting problems. The larger question of future development of our institution should concern the whole college family. How large should the college become? What portion of our student body should live in dormitories - what portion should commute?

As we move into many curriculums in addition to professional education, where should the emphasis be placed? As you know, we have already started an undergraduate liberal arts program and this has now been supplemented by a graduate program in pure mathematics.

Master's degrees program for the preparation of school psychologists, student personnel workers and school industrial workers have now been approved by the State Board of Education. Our college has also been given permission to develop a Master's degree in Outdoor Conservation Education. The Federal government has given Montclair the money to award ten full-time graduate fellowships in the area of Outdoor Conservation Education and this program will be especially interesting since it will be a joint venture with two other colleges.

Things are moving rapidly in our college both in the academic and in respect to buildings and facilities. Our primary concern is for quality education, however, and care will be taken to avoid growth at the expense of those things which through the years have given us a fine program. Even above the program, however, it is the student body and the faculty which determine what a college is and I hope that we open all of the channels of communication which are necessary in order to make certain that new programs and new facilities really reflect the aspirations and capacities of those who are Montclair State College.

Beginning next semester I would like to propose that the

women living in either Russ or Chapin exchange places of

residence for one of the men. I hope that by the time

now the resident situation on this campus has been one of

paration for reasons not clearly outlined.

Many of the students living on campus are familiar with this unfortunate set of circumstances, particularly on week-

ends, and after supper. The pl-

ing hall seems to be the only

major gathering place for mem-

bers of both ends of campus. Men

and women could be placed in the same vicinity of the

campus if each end of campus I believe it will do all that I have been trying to improve so-

cial relations among the dorm

students. I invite the dorm stu-

ents to express their feelings on this subject to either my-

self or an S.G.A. representative. This is a matter of opinion, my opin-

ion will be the only factor in the deciding which policy we should

pursue.

Concerning the proposed

bed student's dormitory, there are

at present 400 women and 200

men living on campus. With the

new dormitory there will be 900

women and 220 men. Consider-

ing the fact that the male en-

rollment at M.S.C. is climbing and will continue to do so I do not think this gives a true pro-

jection of the female to male ratio. A better arrangement would be to construct two 25-

bed dorms. One for men and one

for women.

Dean Morehead once told me

that perhaps the most impor-

tant facility at any institute of

higher learning is a dormitory—for this is where students will

meet, live, talk, and learn from

one another. A student on cam-

pus can derive much more from

the college than a commuter be-

cause of his inconveniencesitu-

uation.

Ribolff Proposes Tax Exemption Bill To Aid Parents Of College Students

Senator Abraham Ribolff (D-Conn) on Feb. 4, 1967 introduced his bill to give tax relief to parents and students who pay the costs of a college education.

The proposal provides an income tax credit of up to $325 on the first $1,500 of tuition, fees, books, and supplies. It would go to anyone who pays these expenses for a student at an institution of higher education.

The measure this year has picked up strong support; it is co-sponsored by 46 senators from both political parties and from all sections of the country.

It is the same as that Ribolff has introduced in previous Congresses with one exception: An amendment would include coverage for students in accredited post-secondary business, trade, technical and other vocational schools.

Senator Ribolff pointed out that under his proposal over two-thirds of the benefits would go to families earning less than $10,000 a year.

In a statement on the Senate floor, Senator Ribolff said: "Now we must decide if, as a nation, we are to treat education costs as we do the interest on a home mortgage, or flood damage, or health expenses. This proposal is for the average family in America. It is for the people who constitute the backbone of America — the blue collar workers, the white collar workers, the wage earners and salaried persons of the lower and middle income group who are struggling to pay their bills, buy their homes, and educate their children. They work hard for their wages or salary — and it is all taxable."

Such tax relief is needed and will be needed, he explained, because the costs of going to college continue to increase.

"Ben Franklin could experiment with a kite and key, but today's universities require atomic accelerators, mass spectrometers, and other sophisticated equipment. A nation, we are to treat education costs as we do the interest on a home mortgage, or flood damage, or health expenses. This proposal is for the people who constitute the backbone of America — the blue collar workers, the white collar workers, the wage earners and salaried persons of the lower and middle income group who are struggling to pay their bills, buy their homes, and educate their children. They work hard for their wages or salary — and it is all taxable."

"Study year abroad in Sweden, France, or Spain, College prep., junior year abroad and graduate pro- grammes. $1,500 guarantees: round trip flight to Stockholm, Paris or Madrid, dormitories or apartments, two meals daily, tuition paid. Wrier SCANS. 50 Rue Proper Legoute, Antony-Paris, France."

"When you can't afford to be dull

Trenton State defeats Indians taking conference lead before capacity crowd

The Trenton State Lions (13-5) claved the proud Montclair Indian (14-3) 67 to 30 before a standing room only crowd of 1800 at Trenton's Hillwood Labes campus. For the first time this season coach Dave Watkins cagers find themselves in second place in the New Jersey State College Conference—half game behind front runner TSG.

The Lions got off to an early lead on two field goals by Don Fowler a 6'2" freshman from Hamilton High and steadily increased their lead on the remaining outside shooting of sophomore guard Tom Wiczer who ended up as the game's high scorer with 25 points. Montclair managed to overcome a 36 point deficit with Keith Neigel and Jack Appar leading the rally and Trenton enjoyed a 28 to 30 margin at half time.

Montclair despite its inability to rebound effectively managed to overcome a 61 to 44 edge in rebounding and managed to not only box out Con.

Boiling Intramurals

The intramural bowling program will start on Tues. Feb. 14, 1967 at 4:15 P.M. at the bowling lanes located at the junction of route 3 and route 46. Entry blanks may be picked up at the office of the Director of Athletics in Panzer Gymnasium. All entries must be returned to the office of the Director of Athletics by Thurs. Feb. 16, 1967.

The rules governing the men's intramural bowling are as follows. A squad shall consist of six (6) members with three (3) members constituting a team. A blind score will be 100. Only one person from a team is allowed to keep score.

(Continued on page 8)

Experiment (Continued from Page 1)

Mexico: Norma Shams, Argentina; Magda Tizerk, Austria; Linda scientists, British; Suzanne Walsh, Denmark.

The Experiment makes its nominations on the basis of the adaptability of the applicant to a variety of situations. The Admissions Committee of the Experiment investigates those who show initiative, curiosity, leadership, and a faculty for getting along well with others.

Neither the SGA nor the IRC processes these applications. These organizations collect applications and sponsor the first registration of students selected by the Experiment.

GRANTS (Continued from page 5)

from income and assets must be less than $25.

2. The difference between the college budget and the total family contribution (parents' contribution from income and assets plus contribution from student savings and summer employment) must be more than $1,000.

3. The student must receive assistance from other eligible sources of at least $600.

Grants will range from a minimum of $200 to a maximum of $900 a year, and can be no more than one-half of the total family assistance given the student. As an academic incentive to students, an additional award of $200 may be given to those students who were in the upper-half of their college class during the preceding academic year.

Grants are renewable each year for the original amount granted. Need-based - Guaranteed Bank Loans.

Foul Shooting
Contest Planned
Men's intramural foul shoot­ing championship preliminary
round will be held in Panzer
Gymnasium on Tues., Feb. 14,
1967 from 6:30 to 8:30 P.M. or
at another time the gym is
free on Feb. 16th or 17th. The
championships, which will in
clude the ten finalists of the
preliminary round, will be held
during the half of the Newark
State College basketball game
(scheduled to begin at 8:30 P.M.)
on Feb. 24, 1967 in Panzer Gym
nasium.

Contestants for the Champion
ships must sign up in the office
of the Director of Athletics in
Panzer Gymnasium by Feb. 18
1967. The starting times for the
contestants will be posted out
side of the Men's Physical Edu-
cation office and on the Sports
Bulletin Board in Life Hall on

Each contestant will be allow
ed a maximum of five warm-
up throws. Twenty-five throws
will constitute the championship
contest.

Bowling Intramurals
(Continued from page 7)
one blind score per game will
be allowed. Each bowler will be
required to furnish his own bow
ling shoes. Shoes may be rent
ed at the Bowlero. A series of
three games will be based on
total points scored.

No one is eligible to bowl who
would classify him as a profes
sional bowler.

Trenton State
(Continued from page 7)
and Newark was victorious.

However, the Squires lost in the
District 31 playoffs and Mon
mouth went on to win and re
present our area in Kansas
City. Monmouth lost 91 to 90 in
the first round of the tourna
ment which was eventually won
by Oklahoma Baptist College.

This year the Squires can play
spoil as they meet Trenton at their Union
campus and visit Panzer Gym
to engage Dave Watkins exogenous.

Notes: Last night State play
ed Pratt in Brooklyn, the In
dians play home Saturday night
against the Profs from Glass
boro. Trenton State and Newark
are to tangle with the dangerous Cen
tral Connecticut team, Friday
night at Trenton State and Newark
State.

Reds was the fine overall plau
ter, the Big Reds was the fine overall play of Bobby Lester, our fine sopho
more forward who scored 16
points and hauled in 12 rebounds.

The bright spot for the Big
Reds was the fine overall play
of Bobby Lester, our fine sopho
more forward who scored 16
points and hauled in 12 rebounds.

No one is eligible to bowl who
would classify him as a profes
sional bowler.

The team has an overall re
cord of 5-1 and looks forward
to another eleven win season.
The chances are good that Mon
tclair will regain the Metropoli
tan Intercollegiate Champion
ship which is being held at
Hofstra on Feb. 24 and 25.

If you get tired of shifting, put it in "D".

Even a driving man's man can get tired of clutching and shifting in a traffic
jam. But there are times when you want
to stir your gears by hand. A dilemma!
Until now, that is. Now you can order
Turbo Hydra-Matic in the SS 396. It's
an automatic transmission you can shift
really shift—for yourself. Feeling lazy?
Slip the selector into Drive and relax.
