Nadine Udahl Crowned ‘Miss Montclair State’

JILL ST. AMBROGIO ‘MISS CONGENIALITY’

Nadine Sue Udahl was crowned Miss Montclair State at Phi Lambda Pi’s Annual Miss Montclair State Pageant on Friday, February 10, 1967. Jill St. Ambrogio was named first runner-up and Miss Congeniality. The Pageant, the second that Phi Lambda Pi has produced, is an official preliminary of the Miss America Pageant. There were seventeen contestants who participated in the competition which consisted of gown, talent and swimsuit competition.

They were Jill St. Ambrogio, Judy Ann Davis, Valerie Myer, Nadine Sue Udahl, Laura Triano, Rosemarie Petruolo, Michelle Selma Wade, Maureen Linda Ramcharan, Marie Farace, Carol Ann Bednarek.

Nadine, a member of Sigma Delta Pi, is a nineteen year old Speech major from Morris Plains in her sophomore year. She has received training in dancing, acting, and oral interpretation. She is also co-chairman of Homecoming Activities for 1967.

RUNNERS-UP

A twenty-year-old sophomore music major from Bloomfield, J. B. Triano was also named runner-up and Miss Congeniality. The Pageant, the second runner-up was Judy Ann Davis, a member of Delta Zeta also chairman of the Grace Freeman House Council. The third runner-up was Bruce Greenwood, a nineteen-year-old member of Kappa Rho Upsilon, a music major from Long Branch.

A twenty-two-year-old sophomore, an eighteen year old freshman is Laura Rose Crosta, Italy; Valentine DeLaGuardia, Spain - Language; John DeMado, France - Language; Ellen Eatonon, Sweden; Agnes Goll, Mexico; Anita Garrity, Ireland; Maureen Graham, Holland; Ernest Jaeger, great Britain; Kathleen Kynon, Spain; Sharon Koval, Great Britain; Richard Langheim, India; Mari lyn Morrey, Denmark; Eileen Stefano, Mexico; Ronald Swiss, Switzerland.

Twenty More Accepted

Twenty more students have been named by Upper Montclair for the second time this year. Many students in the second group are from New Jersey.

SGA LAUNCHES PLANS FOR 27 HR. MARATHON

A precedent is about to be set at Montclair State—a 27-hour marathon. It will be held from 8:30 P.M. Friday, April 14th until 11:00 P.M. Saturday, April 15th.

M.S.C. is sorely in need of more and better buildings, particularly a new Student Life building. However, due to financial incapacity the College can not meet the demands of its rising popular demand.

The main objective of the marathon is to attract the attention of the State and State Legislation and the financial support to the College Development Fund.

A stereo hi-fi donated by the Record Rack of Upper Montclair will be given to the winner of the “Stay-Awake” Contest. CL Radio, television and newspaper coverage will be handled by the Voice of Montclair working in conjunction with College and independent stations. Publicity will be given in newspapers throughout the state.

Program Plans

“Much Ado About Something” will accompany twenty-seven hours of entertainment—panel discussions, lectures and novelty acts. Many individuals and groups on the campus have volunteered their support of the program.

Please set aside the time and place to support this important event.

Bill To Help Six Colleges
by William Deolitle

An amendment to the recently passed Higher Education Act which would give increased financial autonomy to New Jersey's six state colleges will be filed in the State Senate tomorrow.

The amendment giving the individual colleges greater freedom in hiring and spending will be sponsored by Sen. Nicholas Fernicola, D-Essex, and Sen. Ned Parsekian, D-Newark.

Expected to be co-sponsors are Sen. Joseph Keegan, D-Passaic, and Sen. William Ozzard, D-Berkeley

The higher education bill would give the six colleges the same autonomy already enjoyed by Rutgers and Newark College of Engineering.

Lump Sum Appropriation

Under provisions of the bill, the state colleges would receive a lump sum appropriation. The Higher Education Department would then be able to hire certain teachers at salaries exceeding the guidelines laid down by the Department of Higher Education.

Bitter Complaints

In the past administrators of the state colleges have complained bitterly that they were under the thumb of the State Department of Education and the Treasury Department.

They also charged that seeking approval from the state salary adjustment committee when hiring teachers over scale took so long that state colleges had taken a job elsewhere before New Jersey came up with an offer.

The bill was drawn up by the New Jersey Education Association which has a large membership in the state colleges.

Before voting in favor of the Higher Education Act, Parsekian issued a minority report in the Senate Education Committee asking that just such fiscal autonomy be written into the original higher education bill.

However, it was thought at the time that such a clause might jeopardize the chances of passing the Higher Education Act.

In addition, the trustees would want to have a greater say in how the money is spent at the college. Under provisions of the act, the trustees would have the authority to hire personnel without approval by the State Board of Education.

RECEPTION HONORS MORENO ON REGIONAL PROMOTION

With a surprise reception on Jan. 16, 1967, members of the Distributive Ed. Club, the cafeteria staff, and the student body said thank you and farewell to Supervisor, who is leaving the Food Service Department for 38 schools and colleges served by ARA Food Service.

In an entertainment program, introduced the club's platform guests, among them: Thomas H. Richardson, President of ARA, and Mr. Calvin Calabrese, Director of Business Services; Henry F. Dylla, Regional General Manager for ARA; Henry A. Walden, Director of ARA; Mr. Moreno expressed his thanks to Mr. Richardson and the staff of ARA who had assisted him throughout his employment.

A total of thirty-four schools and colleges are participating in the program which is co-ordinated by a joint committee of these schools.

At the University of Copenhagen each student will take twelve or fifteen credit hours of classes which will be accepted toward graduation so that students can complete degree requirements in four years. The courses of study include Contemporary European History, European Art and Culture, European Art, Education in Denmark, Scandinavian Literature and Drama, and Major Political Systems in Europe. All classes will be conducted in English by the faculty of the university.

Six MSC Students Depart For Semester's Study In Denmark

On the evening of January 29, 1967, six Montclair State students departed from Kennedy International Airport to spend their spring semester at the University of Copenhagen in Denmark.

The “Europe-bound” students were George Brunelle, sophomore music major; Helen Kuchta, senior fine arts major; Ellen Van Vliet, junior mathematics major; Nancy Bittman, junior English major; Virginia Ninosi, junior fine arts major.

A total of thirty-four students from the six New Jersey State Colleges are participating in this program which is co-ordinated by a joint committee from these schools.

Six MSC Students Board Plane for Semester in Denmark

At 9:00 p.m. the six MSC boarding the Montclair State College plane were welcomed by Dr. H. C. Lang, director of ARA; Mr. Moreno will become Regional Food Supervisor for 38 schools and colleges served by ARA Food Service.

Teacher Placement Viewed As An Increasing Problem

During the first week in March the Student Teaching and Placement Office will begin sending out requests for student teaching assignments for the 1967-68 school year.

The students have listed several cities at which they would like to teach, and in these requests they have also included a list of schools.

Many schools are very limited in the number of student teachers they can accept. Those in northern New Jersey are flooded with requests since many colleges in this area send out student teachers at the same time. There is an imbalance between demand and availability, stated Dr. Lange. "There are many more openings in central and south Jersey."

Dormitory students with no cars, who have problems, are placed in the Student Teaching Office to the school superintendents. "No state law requires a school to take student teachers, but the student teachers are acceptable to most schools."

The Student Teaching Office is also responsible for the supervision of the student teachers. A cooperating teacher and two supervisors (one from the education department and one from the student's major department) are assigned to the student. Each of these three people observes him and submits a grade to the Student Teaching Office.

"Considering the size of the job, the program goes along remarkably well. Dr. Lange remarked. "And cooperation from the schools is excellent."

The cost for each student was $1350, which included round trip transportation by air from New York to Copenhagen, tuition, room and board, field trips, medical insurance, and tickets to cultural and civic events.

Players Presents Reader's Theatre

A discussion and demonstration of Reader Theatre, a form of oral interpretation, will be presented at the Players' meeting on Wed. Feb. 22 at 7:30 P.M. in College High Auditorium.

The program will be conducted by Players president, Charles Croce and vice-president, Paul Hart.
MSC Receives Grant For SPURT Program

Dr. Thomas H. Richardson, president of Montclair State College, has announced the receipt of a $12,000 grant from the National Institute for Advanced Study in Teaching Disadvantaged Youth.

The money will help the college implement a newly inaugurated special program for urban teachers, known as SPURT. This program, scheduled to start next semester, will include field work in Paterson, arranged through the cooperation of that city's Superintendent of Schools, Dr. Michael Gioca, its Board of Education, and various community agencies.

About 30 sophomores are enrolled in the initial course. The National Institute is a project of the American Association of Colleges for Teacher Education and is funded through NDEA (National Defense Education Act). Montclair State is one of about 25 institutions or groups of institutions receiving grants for work in preparing teachers for disadvantaged areas. The primary purpose of the grants is to stimulate faculty involvement in new approaches to the problem, Dr. Richardson said.

According to Dr. Lawrence B. Kenyon, an associate professor of education who has headed the planning committee, Montclair State will use a portion of its grant to finance a curriculum planning workshop involving Montclair State faculty and representatives of cooperating agencies and schools in Paterson, and a series of seminars.

McDowell Gives Lecture at NCE

Dr. Samson McDowell, a professor of biology at Montclair State College, gave a lecture on "Water and Waste Management" before the New Jersey Section of the American Society of Mechanical Engineers Thursday evening, Feb. 9, at Newark College of Engineering.

In his lecture, Dr. McDowell considered the role of biological agents and their management in water quality control and stressed the need for the biologist to work with the engineers on any attempt to improve the quality of water supplies. He is of the opinion that efficient pollution control requires the combined action of engineers, sanitarians, and theorists.

Dr. McDowell has had wide experience in environmental biological surveys both here and abroad, working as a limnologist and biological oceanographer with particular interest in phytoplankton and zooplankton.

Arny Named Co-Adviser

The Class of 1968 is proud to announce that Mrs. M. Arny of the science department has accepted the position of class adviser. She holds the post jointly with Mr. Saunders of the industrial arts department. We would also like to congratulate Mrs. Arny on her election to Who's Who in The Science World.

This past Christmas, the Class of 1968 again sponsored a Christmas toy drive for a local orphanage. The drive, under the direction of Frank Abate, was highly successful. The class would like to extend a "Thank You" to all who participated by giving gifts. A special word of "Thanks" goes to Gamma Delta Chi, Delta Omicron Pi, Delta Phi, Lambda Chi Delta, Theta Beta Chi and Theta Chi Ris.

On Jan. 12, in Memorial Auditorium, the Junior Class sponsored the award-winning film "Teen Jones." More than 750 people attended. We hope all enjoyed and are looking forward to attending our next film, "The Night of the Iguana." The direction of Frank Abate, was highly successful. The class would like to extend a "Thank You" to all who participated by giving gifts. A special word of "Thanks" goes to Gamma Delta Chi, Delta Omicron Pi, Delta Phi, Lambda Chi Delta, Theta Beta Chi and Theta Chi Ris.

"Miss Montclair State" (Continued from Page 1)

The second phase of the competition was the talent competition. Nadine recited from Edna St. Vincent Millay's "In the Pool," and Jill performed a duet and vocal solo of "Fly Me to the Moon." A dramatization of Eugene Field's poem, "Seeing Things," was Judy Doral's selection. Carol Atno Bednarek sang "As Long As He Needs Me." Laura Triano performed the Hungarian folk song, "Kadazan." After the swimmeet competition, the judges selected the five finalists who were each asked a question, determining the ultimate selection of Miss Montclair State College.

Among the awards which Miss Montclair State 1967 will receive are a $200 scholarship and all-expense paid trip to the Miss New Jersey Finals in Cherry Hill. She will also represent MSC as its Homecoming Queen. The first runner-up receives a $50 scholarship.

The pageant was directed by Tony Di Netta and produced by Louis Calderone, President of the fraternity. The Master of Ceremonies was Phil Lambdas P'67 and Bert Parks, Alan Jennings. Miss Linda Weir, a pageant finalist in the 1966 pageant, was Mistress of Ceremonies. She helped with the program description and introduced the girls.

As her last act as Miss Montclair 1968, Miss Marie Mantozzo thanked everyone who made her reign so enjoyable. She wished all the girls the best of luck and good wishes.

Harambee Spirit

Are you qualified to teach in Kenya, Africa? How does the normal school education in Kenya compare with the teacher preparatory program in the United States? In answer, Kappal Delta Pi presents "The Harambee Spirit" by Virginia Toms on March 8 at 7:00 p.m. in Chapin Hall Lounge.

Miss Toms, a mathematics teacher at Ramapo Regional High School in Franklin Lakes, spent the 1966-67 school year teaching at a normal school in Kenya.

Is The Grass Greener?

It is evident that self-esteem can be either an asset or a detriment to one's character and that justifiable criticism of oneself and of one's surroundings (often called self-awareness) tends to be constructive when indicative of a need for reform. But unwarranted degradation of an individual or an organization is destructive and does little or nothing at all to accomplish the desired results.

The attitude of self-degradation, we of the Montclarion staff feel, is quite prevalent on the part of the students of Montclair State College. Our campus had often been given the misnomer "a glorified high school" by its own students who refuse to use their time or talent to proveMSC other­wise. Students scathingly pass off the remark "the Montclair Way" as a degradation of everything from a muddy parking lot to a messy cafeteria table. Granted, many of the existent problems are a cause of discomfort and annoyance to students and demand attention. But we tend to feel that the students also feel that a lot of anxiety can be alleviated if they just use their time in doing things that they are proud of. Students who really care will care enough to complain about the things that bother them. Most of the time, these students are only the beginning to yet longer hours of research. They are sure that we at Montclair are interested in the growing future of the college. Those outside of the college must see that we are willing to give the time and effort to help ourselves obtain future growth.

There is much work which must be done if the Marathon is to succeed. The most important measure of the Marathon's success will be the amount of student participation. If the Marathon is to succeed it must be recorded because each student on campus gave it the benefit of his full support. If the Marathon is not successful, it will be because each student at Montclair failed to give his college the time, support and effort which would add to its greatness.

Academic Freedom—A Burning Issue

The words academic freedom recently have become an integral part of our language. All too often, however, this phrase loses its meaning to those who use it. There is sometimes a lack of understanding of the term which is responsible for this misuse. One can see the reason for such confusion; the term's implications of academic freedom.

We of the Montclarion have noticed confusion and much misunderstanding on this campus in relation to Academic Freedom. There are so many people who have definite opinions on this issue. Many of these people, including administration, faculty and students who are interested in this program, feel that they should be given the opportunity to be heard. Although we would like to be a part of the past, perhaps one is due now. The International Relations Club might be able to fit this type of program into their already full schedule. Because of the importance this issue to education, SEAM might sponsor such a program.

The Montclarion would be proud to carry a dialogue on the issue of academic freedom. We invite members of the administration, faculty and student body to write articles and letters for publication in a forthcoming issue of the Montclarion. We feel strongly about the need for this clarification. We are willing to devote the space to an extensive coverage of this issue, if the response warrants it. We sincerely hope that members of the college family grasp this opportunity.
SEAM SLANT WITH THE GREEKS

February 15, 1967

MONTCLARION

And to all those students whom I've heard say, "I've given up on my education!" or "What's the point?" or "Why spend two dollars for nothing?" To you I say, "Perhaps you are right" for there is far more to education than any other organization—if you become active.

Just this week, on Saturday, there will be the SNJEA All College Conference, with excellent speakers and discussion groups, but also there will be several other campus activities in the planning stage.

The extent of our planning will be determined solely by your response. We can have greater cooperation from the students in Washington, or we can have less, it all depends on what we can come up with. If you have ideas, all students to the next general SEAM meeting, in the planning stage, we need to talk, we need to do something about it. We need your help.

Concerning the proposed 500 bed student dormitory, there are still women and men students. I invite the dorm students to express their feelings on this subject to either myself or an S.O.A. representative. Don't just sit back and say, "I don't know..." for your opinion will be the only factor in deciding which policy we should pursue.

Ribicoff Proposes Tax Exemption Bill To Aid Parents Of College Students

Senator Abraham Ribicoff (D-Conn) on Feb. 4, 1967 introduced his bill to give tax relief to parents and students who pay the costs of a college education. The proposal provides an income tax credit of up to $325 on the first $1,500 of tuition, fees, books, and supplies. It would go to anyone who pays these expenses for a student at an institution of higher education.

The measure this year has picked up strong support; it is co-sponsored by 46 senators from both political parties and from all sections of the country.

It is the same as that Ribicoff has introduced in previous Congresses with one exception: An amendment would include coverage for students in accredited post-secondary business, trade, technical and other vocational schools.

Senator Ribicoff pointed out that under his proposal over two-thirds of the benefits would go to families earning less than $10,000 a year.

In a statement on the Senate floor, Senator Ribicoff said:

"Now we must decide if, as a nation, we are to treat education costs as we do the interest on a home mortgage, or flood damage, or health expenses. This proposal is for the average family in America. It is for the people who constitute the backbone of America -- the blue collar workers, the white collar workers, the wage earners and salaried persons of the lower and middle income group who are struggling to pay their bills, buy their homes, and educate their children. They work hard for their wages or salary -- and it is all taxable."

Such tax relief is needed and will be needed, he explained, because the costs of going to college continue to increase.

"Ben Franklin could experiment with a kite and key, but today's universities require atomic accelerators, mass spectrometers, and other sophisticated equipment."

The money collected by the fraternity from the contest was donated to the Essex County Heart Association, Inc. A special letter of recognition for their contribution to the Heart Association was sent to William Vrencenak, president of the fraternity, to thank him and all the members of Agora for their time and effort.

Carol Fette, a sophomore fine arts major, was chosen Queen of Hearts at the annual Queen of Hearts contest sponsored by the men of Agora Fraternity. The first runner-up for the title of Queen of Hearts was Bonnie Klein, President of the American Association of University Women. Other entrants in the contest were Bonnie Klein, Hei­ Potter. Trenton State Defeats Indians Taking Conference Lead Before Capacity Crowd

The Trenton State Lions (13-5) clawed the proud Montclair Indian (14-3) all the way to 60 before a standing room only crowd of 1800 at Trenton's Hillwood Lanes campus. For the first time this season coach Dave Watkins eagles find themselves in second place in the New Jersey State College Conference half-game behind front runner TSC.

The Lions got off to an early lead on two field goals by Don Fowler a 6'2" freshman from Hamilton High and steadily increased their lead on the remaining outside shooting of sophomore guard Tom Wincer who ended up as the games highest scorer with 25 points. Montclair managed to overcome a 30 point deficit with Keith Neilson and Jack Apgar leading the rally and Trenton enjoyed a 20 to 30 margin at half time.

Montclair despite its inability to rebound effectively managed to close the gap at 43 to 42 but failed to score a field goal in three attempts including a missed lay-up by Mike Oakes and by that time Trenton had recovered and put the game out of range on the four point shooting of Wincer, and a Skip Johnson aided by the rebounding of senior captain Paul Brateris. Montclair fouled heavily at the end of the game and that enabled the Lions to win by the 17 points rather than the 3 or 9 that it should have been.

Looking back on the game the reason for the loss was the inability of Bob Gleason and Luther Bowen to put the ball in the basketball, and the fact that Dave Conroy and Mike Oakes did not rebound effectively as possible. Trenton had a 91 to 84 edge in rebounding and managed to not only box out Conroy (Continued on page 8)

BOWLING INTRAMURALS

The intramural bowling program will start on Tues. Feb. 14, 1967 at 4:15 P.M. at the Bowlero located at the junction of route 3 and route 48. Entry blanks may be picked up at the office of the Director of Athletics in Frank Gymnasium. All entries must be returned to the office of the Director of Athletics by Thurs. Feb. 16, 1967.

The rules governing the men's intramural bowling are as follows: A squad shall consist of six members with three members constituting a team. A blind score will be 180. Only one man is added by that time Trenton had

DEAR FALLEN STAR

Now's the time to plunge. Coronet R/T isn't his exclusive formula. Your nearby Dodge Dealer has it, too. And it comes almost as easily as the cube root of 27. Then how can the girl of your dreams resist two superstars... you and your Coronet R/T from there on out, your math major will be the victim of diminishing returns. Huddle with your Dodge Dealer now, and get your signals straight.

Sincerely, Rel

Bye Announces Two Tours: Central America and Canada

Edgar C. Bye, director of the Bureau of Field Studies at Montclair State College, announces that registrations are now being accepted for two upcoming, college-sponsored tours. The first will be an air trip to Yucatan, Guatemala and Mexico City during Easter holidays, March 28-April 2.

The second, a motor tour of Montreal, and New England.

The Easter tour will give participants an excellent opportunity to study and contrast ancient and modern civilizations. Mr. Bye said. Among its high points will be visits to the Guadalup Shrine, Tikal Pyramids, and Chichen Itza, center of Mayan culture. There will be stop-overs in Antigua, Panama, and Chichicastenango, and a boat ride across Lake Atitlan to the native village of Santiago.

The cost of this tour is $375, including airfare, sightseeing, hotels, tips, and all meals except in Mexico City and Guatemala City.

The Summer tour will be made by chartered bus over the Montreal Trail in Manquebutts and through Vermont, New Hampshire and Maine to New England

The intramural bowling will start on Tues. Feb. 14, 1967 at 4:15 P.M. at Bowlero located at the junction of route 3 and route 48.

DEAR REBEL: Sports hero loses girl to mild-mannered math major.

DEAR REBEL: I'm a big football star, and I've found a girl who suits me to a T. But I've been blocked out of the play by a math major. He knows math from A to E to F to M.C. Now she says he's found the formula for success with her. All he has to do is mutter Coronet R/T, and she's ready to marry me. All he has to do is mutter Coronet R/T, and she's ready to marry me. Where will this take me? What do you advise?

from income and assets must be less than $25.

2. The difference between the college budget and the total family contribution (parents' contribution from income and assets plus contribution from student savings and summer employment) must be more than $1,000.

3. The student must receive assistance from other eligible sources of at least $100.

Grants will range from a minimum of $300 to a maximum of $900 a year, and can be no more than one-half of the total financial aid given the student. As an added incentive to students, an additional award of $200 may be given to those students who have been a part of their college class during the preceding academic year. Grants are renewable each year for the original amount granted, but cannot be increased. Need-based - Guaranteed Bank Loans.
Seniors Spark Matmen

Look To 11 Win Season

This year Montclair's Varsity Wrestling team is being sparked by its three seniors: Co-captains Carl Bateman, Tom Stark and Jeff Rosen. These three wrestlers have a combined dual-meet record of 16-3 including 6 pins. Carl has the added honor of never being defeated in his dual meet collegiate record. His was the only undefeated record. His was the only

One blinded score per game will be allowed. Each bowler will be required to furnish his own bowling shoes. Shoes may be rented at the Bowlery. A series shall consist of three games. A squad may receive four points by winning all three games and having a high total pins for the three games. Standings will be based on total points scored. No one is eligible to bowl who has received money which would classify him as a professional bowler.

Foul Shooting Contest Planned

Men's intramural foul shooting championship preliminary round will be held in Panzer Gymnasium on Tues., Feb. 14, 1967 from 6:30 to 8:30 P.M. or at another time the gym is free on Feb. 16th or 17th. The championships, which will include the ten finalists of the preliminary round, will be held during the halft of the Newark State College basketball game (scheduled to begin at 8:30 P.M.) on Feb. 24, 1967 in Panzer Gymnasium.

Each contestant will be allowed a maximum of five warm-up throws. Twenty-five throws will constitute the championship contest.

President Richardson presents plaques to the MSC's nine 1,000 point scorers, among them Bob Gleason and Paul Steen, Con- nie Perry, Al Giford, Nick Petiti, Clem Temora and Ed Weber.

Trenton State

and Oakes but held Bob Lester out side and he didn't do his usual job. A couple of other factors may be cited name-ly the referees, the weak lay-up shooting and skill through- out the season. Jeff, a defending Metropolitan Champ at 191, came in third in the C.W. Post Christmas Tournament and has a total of 6 pins this year which puts him within 3 pins of tying the school record set by Lany Schiaccatano of 20.

POUND THE PROFS

MSC vs Glassboro Jan. 8

The bright spot for the Big Red was the fine overall play of Bobby Lester, our fine sophomore forward who scored 16 points and hauled in 12 rebounds. It is a good sign that the Indians and Trenton State win the remainder of their games this season, then a playoff game will be held on a neutral court site for the New Jersey College Conference crown and the right to play in the NAIA District 31 Championships. Last season Trenton State and Newark State locked horns in a playoff game and Newark was victorious. However the Squirers lost in the District 31 playoffs and Mont- mouth went on to win and rep- resent our area in Kansas City. Monmouth lost 91 to 90 in the first round of the tourna- ment which was eventually won by Oklahoma Baptist College.

This year the Squirers can play spillers roll as they meet Trenton at their Union campus and visit Panzer Gym to engage Dave Watkins' excers.

Notes: Last night State play- ed Pratt in Brooklyn, the In- dians play home Saturday night against the Pros from Glass- boro and play Newark College of Engineering on Friday on the road. Their are four games next week Monday a make-up game with Paterson State at Panzer. Wed. a trip to New Britian to tangle with the dangerous Cen- tral Connecticut team. Friday the Newark State game at home and likewise on Saturday with Steve Senka's Newark Rutgers team.

The season's finale is scheduled for Tues. Feb. 28 at home, against Jersey City State, led by Dennis Richardson (Bob Gleason's old teammate from St. Al's in J.C.) Play-off's then! We hope!
