KLOZA TESTIFIES AT ASSEMBLY HEARINGS

"In the case for voting, however, I think the 'younger generation' has proven itself to be politically interested and active," testified Student Government Association President Joseph Kloza before the New Jersey Legislature Judiciary Committee's investigation of the voting age proposal in New Jersey. The open hearing took place in the Assembly chambers of the State House on Mon., March 27. Students from colleges and high schools throughout the state were invited to address the committee.

Kloza's Testimony

President Kloza went on to say, "The college, gentlemen, are institutions where all issues of the day are carefully scrutinized. Student Government exemplify this interest by their sponsorship of public lectures and discussions. The political groups on campus are vital active forces in not only campus activities but they extend to the community local, state, national and national level to work for or against candidates and issues." The past national political campaign showed a tremendous amount of interest and political participation. Kloza expressed that "it is also important that we realize the impact of the mass media upon the youth of our state. One cannot remain aloof and still remain unaware. Quarterly Landscaping Plans to Add Beauty to Campus

The cafeteria is not the only place on campus with a clean-up campaign directed toward it. A clean-up, or rather build-up, program has begun for the area facing College Hall.

A landscaping program for this area has been put into effect to help beautify the Montclair campus. Under the direction of Mr. Joseph McGinty, the maintenance department has already begun to plant trees and shrubs in front of College Hall. Since this is a central campus location, an all-out effect is being made for its beautification.

The area has always remained barren because of its two-day utilization during the spring Carnival. However, the location of the event will be changed beginning in 1968. Following this year’s Carnival, the remaining landscaping plans will go into effect.

A professional landscaper was brought in to design plans for the area as well as to inspect the already existing trees. A full outside opinion was asked to get a new view on the campus area.

The plans include flowering trees and shrubs to be placed along the walk leading from College Hall to the street and the planting of forsythia bushes in front of the building.

As soon as the contractors finish the ground, the walk will be roped off and seeded and a sprinkler system will be installed. Over $700 from college funds purchased the garden plants that are to be used.

Several benches will be placed along the walks for the use of the students.

Suggestions to us other facilities that may be put in are invited from both faculty and student groups. A committee will be formed to study the recreational aspects on the grounds of the campus.

Plans are also underway for landscaping the area facing Chapin Hall and the west entrance of College Hall. The area along the library is to be sodded.

Student cooperation is requested for the landscaping program. Students are asked not to step on the seeded ground or trample the shrubbery, but to use the sidewalks. This cooperation by students will give more of an incentive to the maintenance department to continue working to beautify our campus.

New Innovations

The Student Government Association is an organization of the students of Montclair State College, the students of MISC, and for the students of MSC. It serves various needs of students and word, such as the creation of new innovations.

As a student of the SGA, I will be able to participate in various activities and organizations on campus. I have been able to acquaint myself with the needs of the College Union Board, and as SGA reporter, I have been able to acquaint myself with the needs of the College Union, as a member of the Commuter Student Association.

Personally, I feel that leadership is a twofold meaning. The leader must decide, first, what is important to this group, to not only be the executive branch of the College Life Union Board, but also be a member of the Commuter Student Association. He should also be a member of the Student Executive Board, and as such, he will be able to acquaint himself with the needs of the College Union, as a member of the Commuter Student Association.

It is time for a new revolution, not from without but from within. We say they speak for a majority, but not for all. We say they are representing the people, yet we have not made a conscious effort to make these institutions reflect what we propose.

We as students and would-be leaders look about us and what we see? We see that established institutions into what they want it and to history indifference is what we see. We see that institutions are not established without them. For an honored position, we cannot have our aspirations realized without them. For an honored position, we cannot have our aspirations realized without them.

It is not enough to say, "The fault dear Brutus lies not upon my conscience." We as students and would-be leaders look about us and what we see? We see that institutions are not established without them. For an honored position, we cannot have our aspirations realized without them. For an honored position, we cannot have our aspirations realized without them.

Dear Sir:

It is time for a new revolution, not from without but from within. We say they speak for a majority, but not for all. We say they are representing the people, yet we have not made a conscious effort to make these institutions reflect what we propose.

We as students and would-be leaders look about us and what we see? We see that established institutions into what they want it and to history indifference is what we see. We see that institutions are not established without them. For an honored position, we cannot have our aspirations realized without them. For an honored position, we cannot have our aspirations realized without them.

Better Communication' Better Understanding' Fellow Students:

I am announcing my candidacy for the office of Vice-President of the Student Government Association of Montclair State College for the 1967-68 school year.

I have been very active in College activities in the two years I have been at Montclair. I have served as a committee chairman for the Sophomore Homecoming and the Junior Informal, and I am also the class of '69's representative to the college administration. From these experiences I have gained a better understanding of the workings and policies of our student organization.

It is hoped that all will attend and enjoy the festivities, and that you will stay tuned for announcements of further plans for this year.

Sincerely yours,

Scholasticism vs. Socialism

From the title of this editorial, one might be led to believe that the topic of the following expose will concern St. Thomas Aquinas and Karl Marx. Not quite. This expose is a rather bold and thought-provoking one. It is one of those editorials which should be read by those who concern the state of our society.

The Revised Dress Code

On Feb. 28, the SGA Legislature passed a revised Dress Code Bill, guaranteeing students the privilege of wearing casual dress, such as slacks and shorts to their classes. However, the final decision as to the right of the student to sport such apparel is not being left to the individual department chairman. Many departments do not concur with the SGA Legislature and state that the students in their departments must conform to the former departmental style.

PARKING PROBLEMS PLAQUE US AGAIN

I returned to campus on Monday (after having been at a Sunday evening-Monday morning meeting outside of Philadelphia) and found that our parking situation had developed into something of a crisis. Of course the students who have been out student teaching had returned to the campus—but this had been expected. What then had caused the shortage? I would like to find out and offer suggestions to help solve the problem.

Parking at our college during last school year was perhaps the most carefully studied indicated that by the end of the parking year was aritilk-a satisfactory temporary student wanting space. During our planning for this school year I was assured that we would absolutely have as proportionally as possible the student to sport such apparel is not being left to the individual department chairman. Many departments do not concur with the SGA Legislature and state that the students in their departments must conform to the former departmental style.

The editors request that stu­dents and faculty of the Montclairion kindly submit typed, double spaced, original copy for an advertisement for "Quarterly" to appear in our page four. We note that the subscription is by Student Fee, and so we need to know the rate per year and issue for non-students wishing to subscribe. We would also need a brief statement giving the history and the purpose of "Quarterly." We sincerely hope that the incident is a single, isolated incident and that none are available; we urge that Montclair State College student body and faculty cooperate in recognizing that the incident was in no manner suggested or implied. The incident will not be answered at all.

To the Editor:

On behalf of myself and the members of the basketball team, I would like to thank the student body for their support during the conference game. Without your interest and enthusiasm our successes would not have been as meaningful. We greatly appreciate the attention and the treatment from Trenton State for the NAIA tournament. This experience provided here at Montclair State has always existed. We look forward to next year.

To the Editor:

Three days after the feat of The New Jersey State Scholarship Commission announced the names of 4,597 students who will receive State awards beginning in the fall of 1967. This is the ninth annual announcement of the program since its establishment in 1959.

Elizabeth L. Ehart, Director of State Scholarships, State Department of Education, said that the award recipients were selected from more than 22,500 students who had applied for the awards.

"There was an increase of 20 percent in student applications this year," Dr. Ehart said. "This" she added, contributed to an extra 1,000 students who meet the criteria for New Jersey State scholarships. The 20 percent increase was due to a greater awareness of the program among students.

During the past year near­ly 1,000,000 students received State Scholarship awards and 2,265 of these received additional stipends to offset high tuition and fee charges at schools located within the State. Outside the State, recipient students at­tended more than 100 different colleges and universities.

Of the 22,200 students who made applications, six thousand were reported yesterday, the commission said. The commission thus far has announced the greatest need for financial aid in obtaining a college education and that this was one of the reasons to the high school record and College Entrance Examination Board test scores.

In addition to meeting these qualitative standards, the applicant had to have been residents of New Jersey high schools for at least 12 months immediately preceding the date of application, (2) must have graduated from high school within a period of not more than one year before the award is made, (3) must have completed the scholarship application (except for time spent in Armed Forces of the United States) and (4) must have demonstrated high moral character, good citizenship, and high degree of dedication to American ideals.

Awards are granted for a four-year period, renewable. Although students are eligible to apply for State scholarships while they are freshmen in college, they must be granted an award they may not receive beyond the period which usually comprises a four-year undergraduate program. This means that if a freshman applicant is granted a scholarship, he will receive stipends for a three-year period of time, not in contrast to the four-year period of eligibility granted to high school seniors.

State scholarships pay recip­ients $500 a year toward the cost of tuition, whichever is less. Awards are renewable and may be held throughout the period of graduate study. Thirty-five per cent of the total amount available is payable to students attending colleges outside the State. The Scholarship Commission has announced that 30 per cent of the total amount available will be payable to students attending colleges in the State in the fall.

State scholarships pay recipients $500 a year toward the cost of tuition, whichever is less. Awards are renewable and may be held throughout the period of graduate study. Thirty-five per cent of the total amount available is payable to students attending colleges outside the State. The Scholarship Commission has announced that 30 per cent of the total amount available will be payable to students attending colleges in the State in the fall.

If students are interested in applying and (45 per cent of all students going to college were freshmen last year) they need to take the first step by filing a preliminary application with the state commission by the middle of November, 1967.

In June of 1966, the New Jersey Legislature passed a law creating a State Scholarship Commission to receive basic awards become eligible for add­itional stipends to meet the cost of tuition and fee charges. Awards are made to $500 and are related to the college cost and degree of financial need. Over 2,250 Incen­tive Awards were granted during the 1966-67 academic year.

Information on both programs may be obtained from high school guidance offices, college financial aid officers and by writing to the New Jersey Department of Education, 235 West State Street, Trenton, New Jersey, 08625.

the Old Testament. A few connecting texts were by Dr. Christmann himself.

The Song of Deliverance is a contemporary work, making use of dissonance and of specific twentieth century devices and the general frame work is conservative. The work was completed in 1959 and submitted as one of the requirements for the degree of Doctor of Sacred Music at the School of Sacred Music at the Union Theological Seminary. It was done in conjunction with the distinguished American composer Norman Lockwood.

Preparation of the chorus for this performance was done by Dr. Jack Sacher, conductor of the College Choir; Dr. Christmann conducted the orchestra. The part of the narrator-recitaher was done by Mr. Marden Bate, also of the music department faculty. Student soloists were Janice Perlman, Michael D'Andrea, Victor Kowalski and Joseph Lawlor.

Dr. Jose Jimenez and Dr. Eugenio Florit at the Spanish Club program commemorating Ruben Dario, and book reviews in addition to his book Cinco Poetas del Tiempo (Five Poets of Our Time). In collaboration with Dr. Florit, he has published an anthology of Spanish-American poetry (La Antologia de la Poesia Hispano- americana).

Dr. Florit highlighted the afternoon with his magnificent reading from Ruben Dario. As Dr. Jimenez described different periods of Dario's life, Dr. Florit read 11 works by Dario among which were "Cancion de Otono y Primavera," Cantos de Vida y Esperanza, Lo Fatal," "El Canto Errante," and others. Our appreciation of Dario and our love of poetry were enhanced by Dr. Florit’s delivery. Dr. Eugenio Florit was born in Madrid, Spain, where he began his education. He received his B.A. from Colegio la Sal in Havana, Cuba, and his Doctor of Civil and Public Law degree from the University of Havana in 1938. He served as a Civil Servant of Ministry of State in Havana from 1937-1940. Later Dr. Florit began to teach at Columbia University and Barnard College.

**Ty League Newspapers React to Proposed Changes in Draft**

by Eileen Stiel

In early March, when the question of the draft was receiving widespread newspaper coverage, the managing editor of The Montclarion, University newspaper initiated a move to release a joint statement with the other Ty League schools calling for the retention of undergraduate deferments. However, the editor of the Colombia, Princeton and Yale papers were not in favor of such a statement. They felt that it was unfair to assume that all Ivy League students are in favor of the S-2, or student deferments. Also, Lake, editor-in-chief of the Colombias Daily Spectator, explained the reasons for their position to a reporter from the New York Times.

"The President's call has called for a debate and this should help begin it. We're asking for a real examination of the basis for the student deferments."

Reasons for the Debate

Why is the S-2 deferment being questioned? In recent months, great numbers of citizens have become aware of the inequities of the present draft system and the "confusing and contradictory" selection practices of the local draft boards. They are beginning to make their feelings known. Their voices have ranged from the extreme draft resisters who are the most extreme in their views to the more conservative, but vocal, complaints of parents, youth who are working, and individuals who can't afford to send their boys to college, and interested citizens who recognize the inherent inequalities in the system. Then there is the question of Viet Nam. Since many high government officials have publicly stated that the war will probably "go on for ten years" there is a question of Viet Nam. Since many high government officials have publicly stated that the war will probably go on for at least another five years (and probably 10 or 15 years), a great proportion of men who are drafted into the armed services will be called to active combat duty.

The great dangers involved and the rising number of men killed each day in Vietnam have naturally caused people to focus their attention on the crucial question of who will be drafted. As President Johnson said, "It is in the glare of conflict that we are called to active duty that reserves first, that reservists be called to active duty and that student deferments be continued, a House Education subcommittee was also formed to look into the educational impact of the proposed changes, especially on graduate studies and careers in science. These suggestions made by Congress and the findings of the White House committee were in disagreement on many basic issues.

Some of the answers given by the National Advisory Commission on Selective Service have been adopted by the executive order of the President. In the following, the president feels that 19 year olds should be drafted first, that draftees should be picked by a kind of lottery which is equally fair (or equally unfair) for all, and that deferments for graduate school be sharply curtailed.

**The Question of Student Deferments**

The question of college deferments has been left unsettled and is still open to debate. It seems to me that the recommendations of the National Advisory Commission are most satisfactory and should be adopted. This group feels that college deferments should be abolished. Instead they would give all men eligible for duty at the age of 19 a choice of when (up to the 21st year) they would serve. This would help to equalize the system and give each individual more flexibility in planning his life. Its standard national rules were established local draft boards might not be necessary and most deferments would be eliminated. In this way, a college student would not be treated as a "member of a privileged class".

**Kloza Testifies**

Portions of their space to political issues. Our television and radio stations are constantly broadcasting political announcements. They have given a growing amount of air time to the discussion of Viet Nam. Our youth no longer remain in a shell—the mass media have penetrated the shell and have brought a more aware and more concerned generation.

**Further Testimony**

The committee heard very testimony from Congressman Hausser who pointed out that over one-half of the students between the ages of 18 and 21 pay income taxes, that 18 is the legal age for signing contracts and for being recognized in criminal courts. He also stated that there is an "overbalance of senior citizens voting." He recommended that the voting age be lowered to eighteen.

The majority of the remaining testimony was also in favor of the lowering of the voting age in the state. Speakers included the Presidents of the student bodies of Georgian Court, Bloomfield College, St. Elizabeths College, West Orange High School and East Orange Senior High School. The only dissenting opinion came from Steven Orman, Senior Chairman of the Undergraduate Council of Princeton University. He stressed that eighteen year olds voting "could display political idealism not tempered by realism." Thus he found it difficult to support the bill.

**Ernest Jaeger, Editor-in-chief of the Montclairian**

Chair, a sophomore; and Leonard Elovits, SGA Representative, accompanied President Kloza to the hearings.

When you can't afford to be dull

Why don't you ever hear nostalgic stories about the "good old days" before Tampan tampons?

Just think what women had to go through every month before there were Tampan tampons.

Actually, every feature of Tampan tampons was designed to eliminate at least one drawback of the pin-pad belt contraptions women once had to use:

• Tampan tampons don't show when they're properly worn, so women now can wear their most attractive clothing any time.

• Odor can't form when you use Tampan tampons.

• Tampan tampons can't chafe.

• You don't have to touch the tampon.

• Do away with disposal problems. The tampons and their applicators flush away discreetly.

• Tampan tampons are so small they can be tucked away inconspicuously in purse or drawer.

• No wonder millions of women, married and unmarried, say three cheers for the good new years Tampan tampons have brought to them.

STOP THE WAR IN
VIET NAM

We align ourselves with a great portion of the articulate intellectual community
and an overwhelming number of the clergy of this country and abroad when we ap­
peal to the students and the faculty of Montclair State College to take some active role
in the movement to end the illegal and immoral war in Viet Nam.

We ask you to participate in the educational programs on social issues, to join
peace organizations, to write to your congressmen and senators to show your displeas­
