"Unique" is the word that best describes "Much Ado About Something." Co-sponsored by the Student Government Association and the College Development Fund, the program will be held in Memorial Auditorium from 8 p.m. Friday, April 14 until 11 p.m. Saturday, April 15th. During those hours the program will be a showcase of programs including music, discussions, and novelty acts.

Montclair State has grown from a small college of over 4,000 students. Up to now the area has not expanded as much as the campus. For example, 4,000 undergraduates utilize the Student Union Building, which was initially built to accommodate 1,900. It is hoped that the 27-hour Marathon will help make the people of the State of New Jersey and the State Legislature realize that more money is needed by the College Development Fund in order to provide adequate facilities for the students.

The Marathon Committee, headed by Joseph Kloza, has been working since the fall semester planning the program. They have been trying to come up with a concept, by co-sponsoring a contest to name the program. The winner, Denise Marron, was awarded a gold alarm clock for their winning entry, "Much Ado About Something."

Newspaper Coverage

The event has been arranged by Richard Langheim, John Finnegan, and Frank Crisp of the publicity committee. Over 650 letters have been sent to legislators, assemblymen, industrial firms, and supporters of the college informing them of the program and of Montclair State's needs. Over 13,000 letters have also been sent to homes in Upper Montclair, Montclair, and Cedar Grove. Strong support for "Much Ado" has been expressed by educators and political leaders throughout New Jersey: Dr. Virgil W. Gil- lenwater, president of Trenton State College; Edward O. Wilkins, president of Newark State College; Richard B. Stout, State senator from the Fifth Senate District; Congressman Peter B. Rodino (New Jersey 16th Dist.); Dr. Mason W. Gross, president of Rutgers University; Dr. Thomas E. Robinson, president of Glassboro State College; and David Friedland, Hudson County assemblyman.

Edward Helvey, Chairman of the Voice of Montclair State, has arranged to have the marathon broadcast on the Utopia College radio station, WFMU—81.1 P.M., Members of the Voice of Montclair State will announce the program which will be transmitted by the two stations throughout the New York Metropolitan area.

Backstage in Memorial Auditorium will be a small staff of reporters, including the author of this report. They will determine the technical staff of over fifty students. Robert Barth will be lighting chairman, and Bruce Greenwood and John Wharton will be in charge of sound.

Andy Paterna and Bonnie Marron, co-chairs of the entertainment committee, have planned and co-ordinated this 27-hour program.

**KLOZA TESTIFIES AT ASSEMBLY HEARINGS**

"In the case for voting, however, I think the 'younger generation' has proven itself to be politically interested and active," testified Student Government Association President Joseph Kloza before the New Jersey Legislature Judiciary Committee investigation of the possibility of lowering the voting age in New Jersey. The open heart rate took place in the Assembly chambers of the Legislative Building on Monday, March 20, 1967. Students from colleges and high schools throughout the state were invited to address the committee.

**Kloza's Testimony**

President Kloza went on to say, "The college, gentlemen, are institutions where all issues of the day are carefully scrutinized. The Student Government exemplify this interest by their presentations of lectures and discussions. The political groups on campus are vital active forces in not only on campus activities but they extend to the community local, state, national and level to work for or against candidates and issues. The past national political campaign showed a tremendous increase in political campaigning. They cannot remain aloof and still remain unimportant. Even our most widely read and most constant political publications devote large

**Quarterly Receives National Recognition**

Quarterly, Montclair State College's literary magazine, has been nationally recognized by the world of the little magazines and by several American poets.

Paul Langheim, Editor-in-Chief, has been sent five letters from little magazines in response to the last two issues of Quarterly, which were implemented by James Dickey February. Through Ben Goldberg, a former MISC student and former Quarterly literary editor, Paul has received a letter from the wife of Kenneth Patchen, who wrote on behalf of her husband in praise of the magazine.

Little magazines (or "littles") are independent publications of poetry, fiction, art, plays, essays, reviews and manifestos which have rapidly increased in output since the 1930's. The principle reasons for this increase are a wealthier society, a broader reach in education, and the rebirth of the mass media to publish new directions in creative expression.

Eric Oatsman, editor of the Green Review, calls the "littles" "lively periodicals that are the elan vital of modern literature. Since 1912, when Harriet Monroe founded Amer- ica's oldest little magazine, Poetry: A Magazine of Verse, writers have been using them as a vehicle for work either too unpolished or too experimental to appeal to a great number of readers.

It is in the "littles" that the majority of America's best writers began to make their reputations, including Ezra Pound, Robert Penn Warren, Alan Swallow, William Carlos Williams, Robert Creely, Le Roy Jones, William Burroughs, Allen Ginsberg, and Susan Sonntag. Margaret Anderson's Little Review was the first to publish James Joyce's Ulysses in the United States, an example of the "littles" of the "Little Review" world to what is happening in literature.

Quarterly has been honored by being listed in the "Evolving Standard," standard listings of little magazines, formulated by James Boyer May's quarterly, a means that Quarterly has become a part of the "littles" of the "Little Review" world in the United States which
Players to Present Moliere's 'Tartuffe'

The seventeenth century comedy by Moliere, Tartuffe, has been chosen by Players to complete its season. The satire, played by one of the greatest French playwrights, significant even today, has a current running under its face of horror at the folly and hypocrisy of man. Tartuffe has been scheduled at Montclair for April 27, 28, and May 1 in the Memorial Auditorium.

Tartuffe appears in the third scene of the play after we have seen that he has won the heart of Madame Pernelle, Orgon's mother and Tartuffe gains control of Orgon's entire estate through treachery. He is promised Orgon's daughter in marriage and he tries to seduce Orgon's wife.

The shrewd old faker, Tartuffe, attempts to have Orgon, put in jail and to have Orgon's family thrown out of the house. In a scene reminiscent of the downfall of Shylock in Merchant of Venice, Tartuffe's apparent victory is turned into his jail sentence. Orgon and his family are restored to their home and position.

Monsieur Pernelle is played by Elizabeth Schedenman; Madame, Orgon's maid Filipote is played by Cathy Lynn Gehring; Mariane, Orgon's daughter is in the plays. Mr. So-mieri is Susan Banks; and Clean-tude, Orgon's brother is played by Michael San Giov-anni. Diamis, Orgon's son, is Wal-ter Kotra.

Lynn Gehring is Mariane, daughter of Orgon, who is in love with Valere, played by John Parillo. Orgon, however, promises his daughter to Tartuffe, Paul Hurt, Dorine, played by Laura Gramaglia, is Mari-ane's maid, Monseire Loy-al, the bailiff on the last act, is played by Joe Duffy.

The set for Tartuffe, designed by Mr. Scott Mac Connell of the speech department, is characteristic of plays of the seventeenth century. Furniture was often placed in the homes of the nobility or royalty and Players will attempt to portray these specta-tors as an integral part of the plays of that time.

Tartuffe will be di-rected by Dr. Clyde McElroy of the Organ. A Partisan role for the holier, also of the speech depart-ment, will be acting coach for the cast. Miss Joyce Jensen of the physical education department will do the choreography. In addi-tion to the scheduled perfor-mances at Montclair, Players will present Tartuffe at the an-nual five-week Arts Festival in Newton, New Jersey on May 4. There will be a matinee and a workshop for high school stu-dents and also an evening per-formance. The set for Tartuffe, built under the direction of Mr. Mac Connell, will be transported in its entirety to Newton for the festival.

‘Response’ at Princeton: Views Contemporary Man

Every spring the students of Princeton University conduct a three-day symposium to investigate an important aspect of life today. This year the symposium will explore the changing role of the individual in society. The students of Princeton extend an invitation to all to participate in Response 1967, "Man in the Maze of the Masses," which will take place on the Princeton campus April 14, 15 and 16.

STUDENTS ANNOUNCE CANDIDATE

April 20th Is Date For SGA Elections

Once again students will be able to choose qualified leaders for student government officers in the upcoming SGA elections. Nomination week will be April 14 to April 19. Actual campaigning will begin on April 17. Posters may be put up in a 1-day period only. Campaign rallies also may be held.

Campaign speeches are scheduled to be given on April 18, at 4 p.m. in the North Auditorium. The voting will be held on April 20. Students who attend will receive trip passes which can be exchanged for SGA cards to be eligible to vote.

An issue on reapportionment of student representatives will also be on the ballot. Under the present legislation, each academic department of the college has two representatives in the SGA. A revision in the Constitution would enable a majority of students in a representative legislative body. Representatives would be chosen according to the number of students in the departments. The number of representatives would be kept below 30.

PRESIDENT

Initiates Action

To the Editor:

The obvious quality that should distinguish a candidate is leadership, but as will be shown subsequently, any other trait a candidate has must first decide what is implied by the term.

I feel that leadership has a twofold meaning. The first is to initiate the action of the group, to not t be a hub but to be the propelling force. The leader must decide mover and the explosion behind, and yet in front of all.

The other meaning that I find in leadership is to guide, to know the group, and to be the combining force which brings all the positive aspects together and makes them one into one.

After considering the criteria for leadership in the SGA, I want the opportunity to prove that I can fulfill the necessary obligations of leadership, and that as students of this school we can come together and make what we may of it. It is with

nature to permit dorm students to have on campus when ever sufficient parking space is available.

All of those students who agree to be candidates and serve as members of the Student Government Association must hold the right and duty of every student to get into better communication with the students of MSC, and for the students of MSC. It serves various needs of students and student organizations.

The voting will be held on April 12. The average of at least 2.5. For the prospective candidates for student government officers in the upcoming SGA election are open to all eligible students of Montclair State College.

In serving as publicity chair man of the Student Government Association. I have given consideration to several questions. I have set for ourselves an efficient and dynamic legislature. I hereby announce my candidacy for the office of vice-president of the Student Government Association.

I am announcing my candidacy for the office of Vice-President of the Student Government Association of Montclair State College.

As an interested student of Montclair State, I feel that I can offer my time, services, and enthusiasm in the capacity of vice- president of the SGA for the betterment of our college. I have discussed the various traffic problems with the proper authorities and have given consideration to several plans of action.

In serving as a member of the Student Government Association, I have come into contact with many of the issues of the college community. When working closely with those planning the new student union building, I can see the great potential of Montclair being carried out.

I am well equipped and eager to work for the advancement of Montclair State.

Dear Editor:

I wish to announce my candidacy for the office of Vice- President of the Student Government Association of Montclair State College for the 1968-69 school year.

I have been very active in College activities in the two years I have been at Montclair. I have served as a committee chairman, as a member of the Student Government Association, and as a member of the class of 1969's representative to the office of secretary of the S.G.A.

I am announcing my candidacy for the office of vice-president of the S.G.A. I do so in the hope that there are others who believe as I do. I know that others who believe as I do must be able to get in and work in the S.G.A.

Respectfully yours,

Letters to The Editor

Dear Mr. Larsen:

Thank you for your letter and a copy of ‘Quarterly’. We are grateful for both, and we are indeed pleased to accept your offer to publish our exchange publications. We would send you back, except that none are available; however, we have entered your name in the subscription list and the Spring issue which is due out this weekend will start our happy exchange.

Instead of a comment on the ‘Quarterly’ I would like to present 2-20 pages of materials representative of your publication. We’d like you to exchange your own ‘Sound and Movement’ in English and Chinese’ to be one of the selections if possible, and

Thank you again.

Sincerely,

David L. Watkins

April is Teaching Career Month, a national observance honoring all teachers. It is also the call for the dedication of today’s students to a career of real challenges and real rewards. The theme this month is ‘Teach Me!’: this is the cry of all the children of the world, not just of New Jersey. Look for us girls on the little girl poster in Life Hall. She, like the millions of other children in the world, is begging for the expertise and the patience of the compassionate teacher to make life a little more interesting.

You, the teacher, must be ready to face this challenge. It will not be easy, but only you, as a student and know how to help them. Tonight, Wednesday, April 13, BEAM and IRC are sponsoring a Teach-In on academic freedom. This is a topic that all of us, as future teachers, should be vitally interested in.

What will we teach? Must we teach the school’s 'dogma' and free disscourse from discussion to the student because in that way the operation works? Are we to innovate, or merely to conform to the guidelines of the 'officials'? How far does this freedom extend? Can we honestly exclude another’s idea in favor of our own? I believe these and many other questions will be answered during the Monday night Conference involving ‘academic freedom’.

We have materials for you to read and pass which will allow you to visit one of the 100-Cities Assembly Centers and demonstration centers without charge. If you are interested in learning more about the Non-Conference or you would like to attend the 100-Cities Assembly Center Conference on April 29, leave me a note under the ‘Plakas’ in Life Hall. I’ll get back to you, and I will get in touch with you.

Incidentally, for those of you who are interested, there is an NERA report of all the education on the 100-Cities Assembly Centers in New Jersey and several near by localities in New Jersey. It is available from the New Jersey Study Projects Office. A copy of this report may be made available to you by students attending colleges outside the State.

MSC SPANISH CLUB PRESENTS FORUM
FEATURING DISTINGUISHED AUTHORS

by Carmela Shaw
The Spanish Department was proud to share in the commemoration of the 100th anniversary of Ruben Dario, April 7 from 12 to 1 p.m. with a luncheon afterwards at the Rosin Hood Inn.
Dr. Jose O. Jimenez of Hunter College and Dr. Eugenio Florit of Columbia University and Barnard College presented a program of Ruben Dario's life with readings from his works.
Dr. Jimenez opened the program with a brief summary of the life and travels of this great Spanish-American poet. Felix Ruben Garcia Sarmiento (1887-1916), Ruben Dario's Life
Ruben Dario was born in Nicaragua in 1867 and began to publish his verses as early as 13 years of age. He made frequent trips to Europe and received much acclaim. On one of his trips to Spain his first wife died. Dr. Jimenez showed the change in Dario's poetry caused by this event.
Later in his life Dario traveled to New York and Paris among other places and developed social and political opinions that also were clearly expressed in his poetry. Dr. Jimenez concluded the program with a synopsis of Ruben Dario's life works.
Dr. Jimenez
Dr. Jose O. Jimenez was born in Cuba where he received his B.A. and teaching diploma in 1944 from the Institute of Santa Clara. He received his Ph.D. from the University of Havana in 1948 and another from the University of Madrid in 1965.
An outstanding critic of poetry and literature, Dr. Jimenez has written numerous essays, articles and book reviews in addition to his book Cinco Poetas del Tiempo (Five Poets of Our Time). In collaboration with Dr. Florit, he has published an anthology of Spanish-American poetry (La Antología de la Poesía Hispanoamericana).
Dr. Florit
Dr. Florit highlighted the afternoon with his magnificent reading from Ruben Dario. As Dr. Jimenez described different periods of Dario's life, Dr. Florit read 11 works by Dario among which were "Cancion de Otono y Primaveras," Cantos de Vida y Esperanza, Lo Fatal," "El Canto Erantes," and others. Our appreciation of Dario and our love of poetry were enhanced by Dr. Florit's delivery. Dr. Eugenio Florit was born in Madrid, Spain where he began his education. He received his B.A. from Colegio la Sal in Havana, Cuba, and his Doctor of Civil and Public Law degree from the University of Havana in 1919. He served as a Civil Servant of Ministry of State in Havana from 1917-1949. Later Dr. Florit began to teach at Columbia University and Barnard College.

'TIV LEAGUE' NEWSPAPERS REACT TO PROPOSED CHANGES IN DRAFT

by Eileen Stein

In early March, when the question of the draft was receiving widespread newspaper coverage, the managing editor of the Montclair (N.J.) Daily Spectator, Eileen Stein, asked: "Is there a greater need for understanding of the present draft system?" The newspapers that Stein interviewed are all out of the Ivy League and focused on the concerns of the undergraduate student body.

Reasons for the Debate

Why is the S-2 deferment being questioned? In recent months, great numbers of citizens have become aware of the inequities of the present draft system and the "confusing and contradictory" selections made by the local draft boards. They are beginning to make their feelings known. Their concerns have ranged from the extreme draft advocacy of some groups to the more conservative, but vocal, complaints of parents, youth who are in college, and the rising number of men killed and wounded. They can't afford to send their boys to college, and interested citizens who recognize the inherent inequalities in the system. Then, there is the question of Viet Nam.

Since many high government officials have publicly stated that the war will probably go on for at least another five years (and probably 10 or 15 years), a great danger is involved and is still open to debate. It seems to me that the recommendations of the National Advisory Commission are most satisfactory and should be adopted. This group feels that college deferments should be abolished. Instead they would give all men eligible for duty at the age of 19 a choice of when (up to the 26th year) they would serve. This would help to equalize the system and give each individual more flexibility in planning his life.

The Question of Selective Service

Some of the answers given by the National Advisory Commission on Selective Service have been adopted by the executive order of the President. In the following article, the president feels that 19 year olds should be drafted first, that draftees should be called to active duty and that student deferments be continued.

A House Education sub-committee was also formed to look into the educational impact of the proposed changes, especially on graduate studies and careers in science. These suggestions made by Congress and the findings of the House committee were in disagreement on many basic issues.

The Panzer School of physical education and hygiene at Montclair State College is proud to present The Elso Pomare Dance Company in a program of modern dance as part of its 50th Anniversary Celebration.

The program will be presented in Panzer Gymnasium at 8 p.m., April 29 at 8:00 p.m. Tickets are $2.00 each and may be purchased by mail or phone. Only paid reservations will be held.

KLOZA TESTIFIES

in the state. Speakers included the President of the student body of Georgian Court, Bloomsfield College, St. Elizabeth's College, West Orange High School and East Orange Senior High School. The only dissenting opinion came from Steven Orman, Senior Chairman of the Undergraduate Council of Princeton University. He stressed that eighteen year old voters "could display political idealism not tempered by realism." Thus he found it difficult to support the bill.

Ernest Jaeger, Editor-in-chief of the Montclair: Carol Becker, a sophomore; and Leonard Elvovitz, SGA Representative, accompanied President Kline to the hearings.

Why don't you ever hear nostalgic stories about 'the good old days' before Tampax tampons?

Just think what women had to go through every month before then: Tampax tampons.

Actually, every feature of Tampax tampons was designed to eliminate at least one drawback of the pin-pad-belt contraptions women once had to use:

• Tampax tampons don't show when they're properly in place, so women now can wear their most attractive clothing any time.
• Odor can't form when you use Tampax tampons.
• Tampax tampons can't chafe.
• You can't have to touch the tampon.
• Do away with disposal problems. The tampons and their applicators flush away discreetly.
• Tampax tampons are so small they can be tucked away inconspicuously in purse or drawer.
• No wonder millions of women, married and unmarried, say three cheers for the good new years Tampax tampons have brought to them.

Kloza Testifies

Some men are selected and some ed into the armed services will be proportion of men who are drafted (probably 10 or 15 years), a great danger is involved and is still open to debate. It seems to me that the recommendations of the National Advisory Commission are most satisfactory and should be adopted. This group feels that college deferments should be abolished. Instead they would give all men eligible for duty at the age of 19 a choice of when (up to the 26th year) they would serve. This would help to equalize the system and give each individual more flexibility in planning his life. Its standard national rules were established local draft boards might not be necessary and most deferments would be eliminated.

In this way, a college student would not be treated as a "member of a privileged class".

Kloza Testifies

The majority of the remaining testimony was also in favor of the lowering of the voting age to 18. HELP
STOP THE WAR IN VIET NAM

We align ourselves with a great portion of the articulate intellectual community and an overwhelming number of the clergy of this country and abroad when we appeal to the students and the faculty of Montclair State College to take some active role in the movement to end the illegal and immoral war in Viet Nam.

We ask you to participate in the educational programs on social issues, to join peace organizations, to write to your congressmen and senators to show your displeasure with the war policies of the Johnson Administration.
