Moll, Brower Speak at SGA

Dr. Daniel Brower and Mr. Karl Moll addressed the Student Government Association on April 3, 1967 at the request of SGA President Joseph Kloza. Dr. Daniel Brower of the education department spoke on the clarification of the student's role while Mr. Moll spoke on the subject of the president's faculty advisory committee.

The traditional relationship of adult to child is quickly changing, stated Dr. Brower. College should do more than give us a degree; it should teach us to be critical. What is bad in education is the confusion of the method with practice. Dr. Brower went on to define the purposes of each of the campus groups: administrations, faculty and students and alumini.

Aspects of Campus Life

There are four aspects of campus life in which the student must get involved, continued Dr. Brower. The first area is that of admission and staying college.

(Continued on Page 5)
PROFESSOR WILLIAM DELL'S FIRST BOOK IS PUBLISHED

A Benediction and Other Poems, the first edition of poetry by William C. Dell, has recently been published by Bobbs-Merrill in California, one of the most distinguished publishers of small poetry books in the world of little magazines. Mr. Dell is an English teacher at Montclair High School, and adds to Quarterly his name to the long list of Montclair students who are instrumental in poetry on this campus.

Mr. Harold C. Bohn, chairman of the English department, commented that the book is the first book: "In the four years that I have known Bill well, his poetic talent has steadily improved, and I am sure that his friends will be pleased with this publication of his poems."

Steinfeld Sings At Town Hall

Robert Edwin (Steinfeld) will appear in Town Hall in New York City on Sun., Mar. 7, at 8:00 p.m., in a concert entitled "Steinfeld and Farmer's Baroque." The concert will feature, along with Ed­ win, such noted jazz musicians as Billie Holiday, Howard McGhee and Eddie Bonnemere.

The purpose of the concert is to show "the masses" the re­ lative importance and influence of the jazz and musical pop­ ular scene. It is hoped to demonstrate the fact that jazz, or any other musical idiom, is not profane and does not go against church teachings.

The program consists of Bob performing contemporary songs and soloing on the jazz idiom in today's contemporary scene. The center of emphasis is on the musical performance, and it is attempted to demonstrate to the masses the relevance of the jazz idiom in today's contemporary scene.

Many Student Problems Discussed by Blanton

"Many of the problems facing men and women on any campus are in the same universality," said Dean of Students at Montclair State College, Blanton.

The Dean, in reference to the conditions in the cafeteria, said that there is a program underway to urge students to keep the cafeteria clean. He also told me that it is very hard to get individuals to work at the hours when the students are not around. "For the food, it could be worse," he said, relating a story of one student who let the student cafeteria be distributed in various Indian institu­tions.

Dr. Kowalski would like any interested student or member to attend the annual summer seminar at the following address:

Dr. Stephen Kowalski American Embassy N.S.I.A.D. A.P.O. New York 06675

Petrello Outlines Motivational Aides

Professor George J. Petrello of Montclair State's business de­ partment has decisively dem­ onstrated the relevance of the "corporate annual report" as a meaningful teaching aid. In his article "The Corporate Annual Report as a Teaching Tool," Professor Petrello stated that whether or not the use of the corporate annual report can be and is used in the classroom will depend on the school and college students.

The annual account of the profes­ sor is a tremendous weapon for use in the war against "attention lag." In high school the report may provide for use in the classroom and in college it will be used as a teaching tool.

"The only solution to such a situation," he said, "would be to use of inexperienced helpers."

This will encourage those students who have irregular hours to work in the cafeteria, thus keeping the cafeteria clean.

Further Problems

Another problem that is a thorn in the side of students is the long line that forms near the registrar's office for schedul­ing. According to Dean Blanton, this is due to the fact that the registrar's office is located in the New Jersey Center.

Because of the support of the college and the students, the registrar's office has increased its staff and is now open eight hours a day.

Because of the support of the college and the students, the registrar's office has increased its staff and is now open eight hours a day.

GREAT SCIENCE SEMINAR

The program will be pre­ sented in Panzer Gymnasium on Sun., Apr. 2, at 8:00 p.m. Tickets are $2.00 each and can be bought at the school, by mail or phone. Only paid reservations will be held.

Where Good Friends Come to Eat and Meet
Players Will Present 'Tartuffe' Next Weekend

The Players production of Moliere's witty seventeenth-century comedy, Tartuffe, will be presented on April 27, 28, 29, and May 1, in Memorial Auditorium. Directed by Dr. Clyde McKelvey, the cast includes Elizabeth Schedelmann (Madame, Charles) (Orgon, Susan Banks (Elmira), Walter Kotrba (Damis), Lynn Gehring (Mariane), John Parrillo (Valere), Michael San Giovanni (Cleante), Paul Hart (Tartuffe), Joseph Dafty (Loyat), Cathy Bamden (Flipote), and Daniel Ehrgott (Lescure). Carolyn Grasso, assistant director; Kathy Ramsden, Lynn Gehring who plays Mariane relay instructions from the director. It will run from April 19. 1967

Moliere's comedies were landmark in the history of the theatre. Before his works appeared, comedy was confined to vulgar farce with stock situations and contrived, artificial plots. It was Moliere who set new standards by which comedy and comic acting have been judged ever since. Comedy should be a commentary on life. Moliere said. The comic playwright's objective should be to delight his audience by laughing at his own characters. He must show the gap discrepancy between what people are and what they think themselves to be. Although his characters are vulgar, gullible, pretentious, inane, any hypocritical, Moliere is always understanding toward them.

In addition to the performances on campus, the Players production of Tartuffe will be part of the Festival of the Arts in Newton, New Jersey. On May 4 a matinee and evening performance will be given at the Newton High School Auditorium.

SGA Elections—Time to Think

Student Government Association elections are tomorrow. Look around you. Take a good look around you. Who are you going to vote for? Well, that’s rather obvious. Vote for the person who sits next to you in English class. He’s definitely “groovy.” The ability to fit into a groove is a good characteristic for an SGA officer. Don’t think he doesn’t know that frequent the Life Hall cafeteria during the day, the Clean Up Campaign has failed. Many complain that there are no parking spaces, yet few have initiated a committee to try to find out what is being done about it.

Apathy on the part of the students shows thoughtlessness and inconsideration for those who actually want something to be done.

No one can force people to attend meetings and support the SGA. We expect people to want to do these things themselves. An hour or two spent looking into your college will certainly prove informative to you who are concerned enough to take that time.

If the college does not live up to the standard you want it to, you can do something about it other than complain.

Each class has SGA representatives, class officers and a class counsel. These people are representatives of your classes. They can only represent you if you inform them of what you think should be looked into.

For those who desire to express their opinions, this is the way. Already over 3000 of you passed up one good opportunity to find out about your school. Don’t complain unless you are ready to discuss what you feel should be discussed.

Remember—this is your college and you can make it what you want it to be—but you have to do it yourself.

Stash the Trash

Due to the inconsideration of the students that frequent the Life Hall cafeteria during the day, the Clean Up Campaign has failed. We of the Montclairians assumed the students of MSC had the maturity to behave themselves properly in a cafeteria. To throw away a coffee container, dirty paper napkin, or paper plate in the proper receptacle does not take much effort on the part of the student. Students want clean facilities, yet they make no effort to keep them clean.

By not showing respect for cafeteria facilities, the student is showing the lack of respect he has for himself and his college.

In the future, we implore the students to use the waste piles and throw away their garbage. The cafeteria can be kept clean but only through student assistance.

Cooperate today to make the Life Hall cafeteria a clean one.

The Forum—Where Were You?

The President’s Forum was called for the purpose of stimulating better communication between the students and the administration. President T. Richardson took the opportunity to inform the students on the progress being made concerning the parking problem, the creation of new student lounges and curricular changes.

A question and answer period concerning any aspect of the college followed. This was an ideal opportunity for any concerned student to question policies and practices of the administration.

With over 4000 students at MSC, many of whom are chronic complainers, this should have been the time for their participation in the Forum. However, only about 60 people showed up enough to show up to hear the President. Should we assume that more than 990 students here do not care about their college?

We of the Montclairians realize not everyone was able to attend the Forum due to classes and other obligations. But we also realize that more than 99 students have inquired into the workings of the SGA. Many complain that there are no parking spaces, yet few have initiated a committee to try to find out what is being done about it.

Apathy on the part of the students shows thoughtlessness and inconsideration for those who actually want something to be done.

No one can force people to attend meetings and support the SGA. We expect people to want to do these things themselves. An hour or two spent looking into your college will certainly prove informative to you who are concerned enough to take that time.

If the college does not live up to the standard you want it to, you can do something about it other than complain.

**Degree:**

**Why do you want to be President of the Student Government Association for the 1967-68 academic year?**

As an interested student of Montclair State, I feel that I can offer my time, services, and energy in the capacity of a vice-president, for the betterment of our college. Having participated in numerous activities and organizations on campus, I have gained much insight into the problems of our rapidly changing and expanding school. I have definite constructive ideas and concepts, which, with the approval of the student body, I would like to implement.

**Comments:**

As a commuter, I am entirely familiar with the problems that face this part of our student body. I have discussed the traffic problems with the proper authorities and have given several plans of action...

---

**Name: BOB HILLENBRAND**  
**Major: Social Studies**  
**Commuter**

**Why do you want to be Vice-President of the Student Government Association for the 1967-68 academic year?**

I hope to get more interest in the SGA from the student body at M.S.C. I want more students to be aware of what the SGA is, what it does, and that they can do for S.G.A. and what SGA can do for them. I hope to encourage more students to attend the S.G.A. meetings and participate in the committee work. I want to maintain Montclair the best state college and make it better in the future.

---

**Name: JAMES HOYT**  
**Major: Math**  
**Commuter**

**Why do you want to be Vice-President of the Student Government Association for the 1967-68 academic year?**

I feel I am qualified to handle the responsibility of SGA President.

---

**Degree:**

**Why do you want to be President of the Student Government Association for the 1967-68 academic year?**

In the past year and the latter part of last year, I have had countless experiences in dealing with the workings of our school. This was a great building block from the personal contacts of a Wing Counselor to the wide responsibility of Carnival. As my experiences encompassed wider areas my interest in my school increased to the point where I feel I am qualified to handle the responsibility of SGA President.

---

**Name: BONNIE MARRANCA**  
**Major: Latin**  
**Off-Campus**

**Why do you want to be Secretary of the Student Government Association for the 1967-68 academic year?**

The SGA is an integral part of Montclair State and its Central government as well. Having served in the SGA Legislature the past year, I have gained valuable experience and knowledge of student government policy. I sincerely wish to continue in the service of the school and to help preserve the principles of student government established in the past.

**Comments:**

As well as we know, the SGA is the student governing body of the college. Its aims are outlined in the SGA constitution — to promote the general welfare and betterment of the students and to serve as a springboard for new innovations, academic and social.

---

**Name: DOREEN SALERNO**  
**Major: Physical Education**  
**Commuter**

**Why do you want to be Secretary of the SGA for the 1967-68 academic year?**

As secretary for the sophomore class, I have found the job very interesting and would like the experience of being Secretary of the SGA. As class secretary, I have become accustomed to the workings of the SGA and can also work on the responsibilities of a Secretary. In the office of Secretary, I will assist our student organization in all matters concerning communications between the students and the SGA.

**Comments:**

I believe that a student should give of his time to some worthwhile organization, and I would like to put mine toward the betterment of the student government.

---

**Name: JANICE DIME**  
**Major: Language**  
**Commuter**

**Why do you want to be Treasurer of the Student Government Association for the 1967-68 academic year?**

Because of my past experience in the office and in working through and for such organizations as the Student Government, I have developed a deep understanding of the necessity of allotments of funds to each campus organization. . . .

**Comments:**

I believe that students must begin to take an interest in the problems of our rapidly expanding school. I would like the experience of being treasurer of the student government.
Let some child love you too

This child is Bolivar Munro, a five year old Ecuadorian boy who has been adopted by the women of Kappa Sigma Rho through the Foster Parents Plan. The women have paid a lump sum payment of $15.00 (or $100.00 per year), which provides such things as brand new clothing, shoes, blankets, soap, medical care, snacks, and tuition. The women have received letters, pictures, and phone calls from Bolivar and his two younger brothers, and in return receive monthly letters of gratitude and food wishes from him translated through the plan. You too, can "adopt" a needy or distressed child.

Beta Epsilon Tau

The men of Beta would like to congratulate this year's officers. They are: President Larry Majeski, vice-president Carl Kramberg, secretary John O'Brien, parliamentarian Jackie Foster, corresponding secretary Nancy Karsmunski, historian Debbie Karsmunski, secretary Ronald Holt, and sergeant-at-arms Jackie Catalano and ISC Representative Sue Hoggard.

All the sisters who attended Cotillion enjoyed themselves immensely. After the Cotillion, the sisters of Kappa Sigma Rho also send frequent letters of appreciation to the men of Beta and to Bolivar's two younger brothers and sisters. Letter writers, photo writers, and letter writers' spouses, are happy to have received over 100 letters from Bolivar through the translated plan. You too, can "adopt" a needy or distressed child.

Valhall Glen, Place of Natural Beauty, an Educational Center

By Diane Zervopoulos

Many students and faculty members have little knowledge of the tract of land presently being purchased by the College. The tract of land is Valhall Glen, which is just 13 miles north of Montclair. It is located on Community in Montville, N. J.

The Glen land is presently owned by Brook Valley, Inc. It consists of many acres bordering the pond and stream which provides various habitats for many different types of scientific studies. A number of different types of trees and shrubs are present. It also contains an abundance of nature's treasures such as sugar maples, dogwoods, chestnut, red and black oak, shagbark hickory, white ash, and American beech. Besides, there are many different types of birds and other wildlife present at Valhall Glen which contain the characteristic trees and shrubs of the area. In addition to the soil. Such communities are often a source of information for the Forest, Emergent, Lotic, Hemlock and the Wet Deciduous.

It is a tract that is not just any forest or woods—it is a vast learning area. It contains many different types of trees. Just a few are hemlock, white pine, sugar maples, dogwoods, chestnut, red and black oak, shagbark hickory, white ash, and American beech. Besides, there are many different types of birds and other wildlife present at Valhall Glen which contain the characteristic trees and shrubs of the area. In addition to the soil. Such communities are often a source of information for the Forest, Emergent, Lotic, Hemlock and the Wet Deciduous.

**Gothics Fall to MSC In Baseball Opener**

Four straight rainouts did little more than temporarily delay the start of another successful baseball campaign at Montclair. Coach Bill Dioguardi's Indians took right off when they left last year and combined timely hitting with excellent pitching to past victories in their initial two outings of the season.

In the Indians' first game against Jersey City State, freshman catcher Frank Rosst provided the key hit for a 9-0 victory as he followed Dick Shuttle's walk with a long drive over the center field fence for an early two run lead.

The Indians countered this with two runs in the second inning but were winning hurler Pete Jerald's walk with a long drive over the center field fence for an early two run lead.

The Indians then went on to score three runs in their half of the second inning and added one in the sixth to post a 6-3 opening day victory.

In the season's second tussle Montclair's pitching was again too much for the opposition as freshman Fred Keimel turned back Bloomfield College 6-1 to chalk up his first collegiate victory.

Keimel, who relieved Joe Combes in the fourth inning struck out seven Deacons while giving up only three hits through the 9th inning. The winning pitcher put in 94 relay innings and a 9.47 ERA. 

The Indians' scoring came mostly on timely hitting by Dick Shuttle, Mike Sullivan, and particularly Jim Downing. Jim has been on fire this season hitting .423. Mike has hit .442 in 39 games this season.

**Junior Varsity**

The variance however, is not

**Montclair State College's Dave Watkins was named "Coach of the Year" in Area 8 of the National Association of Intercollegiate Athletics.**

Watkins, a third year as mentor of the fast rising New Jersey Indinans, was earlier name as "Coach of the Year" in District 31 of the NAIA and the New Jersey State College Conference.

Ninety-three college coaches in the East were considered for the Area 8 "Coach of the Year" award.

Watkins, a Penn State grad, led the Indians to a 21-5 mark during the past season. The 21 victories represented the greatest number of wins MSC has ever achieved in its 35-year intercollegiate history.

In New Jersey State College Conference play, the Indians posted a record of 9-1 and tied for the league championship with Trenton State. The Indians and the Lions settled the division in the opening round of the District 31 playoff, with Trenton State winning 8-7.

Before coming to Montclair State, Watkins coached on the high school level in Pennsylvania and at the University of Iowa while doing his own coaching.

He served as MSC's junior varsity baseball mentor for three years marking a 33-19 before being promoted to the head coaching job in March 1964.

Watkins is the third "Coach of the Year" in District 31. Previous winners were Ollie Geaton of Jersey City State and Bill Boyan of Monmouth College.

Bob Bass of Oklahoma Baptist College was named the National Association of Intercollegiate Athletics' Basketball Coach of the Year.

**TRACK TEAM DEFEATS UNIV. OF BRIDGEPORT**

Winning eight out of fourteen events, the Montclair State track and field team defeated the University of Bridgeport 69 to 54 in its first meet of the season at Sprague Field on Fri., April 7.

Alone Jennings, a junior fine arts major, led the Indians by winning both the 100 and the 220 yard dashes and anchoring the winning 440 yard relay team. Jennings took 10.1 for the 100 and 24.4 for the 220. The 440 relay ran by Jack Landfried, David Bell, David Witcher and Jennings won with a clocking of 45.0 seconds flat.

James Harris, a junior Social Studies major, posted double victories by winning the 880 yard run in 2.05 and the one mile run in 4.57. Others winners for the Reds were Ralph Vermeere and the two mile relay, Ray Ricker in the pole vault, and David Witcher in the broad jump.

Winner for Bridgeport included Hubler in the discus and shot put with tosses of 132'5" and 473'4" respectively. Bob Traut was the high jumper who won with a leap of 5'2". Milone won the 100 high hurdles in 14.2, Scioli the 440 yard dash in 51.0 seconds and Wayne Bonadilla, the javelin with a distance of 132'5". Bridgeport also captured the one-mile relay in 3:39.4.

Coach Gene Lee said that "we shall have better days if we find someone to compete in the high jump and other field events."

**Basketball Teams Feted at Banquet**

The highly successful 1966-1967 Montclair College basketball teams were honored at a banquet held on April 12, at Joe's Restaurant in Bloomfield.

After feasting on Italian style food, Mr. David Watkins, varsity mentor, introduced the guests: Mr. William Dioguardi, Mr. William Saverg, Mr. Joseph McGinty, Mr. Paul Szem, Mr. Vincent Calabrese. Mr. Paul Szem, whose freshmen caught their season's completion with victories and no defeats introduced his squad, and then he was presented with a plaque by Captain Bob Siemkewicz. Tom Gannon, sports editor of the Montclarion, presented Bob Siemkewicz with the first "Montclairian Trophy" as the outstanding freshman basketball player. Bob averaged in excess of 4 points per game and scored 40 points against Monmouth.

The junior varsity team which completed its season with a 3-0 mark, was presented by youthful coach Don Covelke. Larry Markowitz presented a plaque to Coach Covelke thanking him and expressing congratulations on a successful first year coaching.

Browen Chosen as Most Valued Player

Sophomore back court sensation Luther Browen was voted the Most Valued Player on the varsity team for last season.

For his efforts Browen received a trophy, and in addition, Mr. McGinty and Mr. Calabrese presented him with a watch. Luther also received a trophy as the top offensive player of the year.

The sophomore point guards were given plaques to express the team's appreciation of their efforts.

Bob Gleason received a plaque for three years' varsity play and last year's Most Valued Player Trophy. Gifts were presented to Mr. Bernstein and Mr. Watkins by Jack Appar in the names of the players.

Bowen Elected Captain

The highlight of the evening was a speech by Luther Bowen accepting the position as captain of next year's team. Bowen outlined what he thought were the duties of a captain and stated that it would be hard to fill Jack Appar's shoes.
