English Stars, Chad and Jeremy
To Be Featured at CLUB Concert

The refreshing sounds of Chad and Jeremy will be heard on the MSC campus in the upcoming university sponsored concert this year. The concert committee of the College Life Board will present this concert on Sat., April 29 at 8:00 p.m. in the Panzer gymnasium.

Chad and Jeremy first met at a drama school in London, Chad Stuart, an ex-art student, hungry for fame and fortune, arrived to find a Bob Dylan type, leather-jacketed guitarist named Jeremy Clyde. A musical friendship developed between them due to Chad's knowledge of Spanish guitar.

Before the actual emergence of Chad and Jeremy, they formed a trio with another bearded actor, calling themselves the 'Jerks.' This group disbanded because they did not see any future in rock and roll groups, a decision they have lived to regret.

Having completed his course, Jeremy left the school to try his luck in the professional theatre. Chad also left school and wanted to make a name for himself in the professional theatre calling themselves the 'Jerks.' This group disbanded because they did not see any future in rock and roll groups, a decision they have lived to regret.

Chad has not only to make a name for himself in the professional theatre, but to make a name for himself in the professional theatre. He is also a music major who feels that he is "well equipped and eager to work for the advancement of Montclair State." He is a secondary mathematics major who "would try to get a job that has to do with communicating between the SGA representatives and the people they are representing."

Candidates for Secretary
Bonnie Marranca and Doreen Salseno are both running for the office of secretary. Bonnie is a sophomore Spanish major. She sincerely desires to "help bring the students closer to themselves and to the student government." Doreen is a sophomore physical education major who promises to "devote her time and effort toward efficiency."

One for Treasurer
Janice Deme, a sophomore language major is the only announced candidate for the office of treasurer. She wishes "to be given the opportunity to represent and promote your needs through the Student Government Association. Since this organization coordinates all student affairs, it should represent your interests."

Panzer Presents
Noted Dance Co.

The Eleo Pomare Dance Company of New York City will be presented in a Modern Dance Concert at MSC Sat., April 29, in the Panzer Gymnasium.

The concert will be part of the 50th year celebration of the Panzer. The concert will be held on April 29 at 8:00 p.m. in the Panzer Gymnasium.

The dance company was organized in New York City. Its purpose has been "the creative utilization of Negro talent and ability in American Modern Dance," in an effort to "chisel away from stereotypes of "Negro" or "Primitive" dance."

The concert here at Montclair will begin at eight o'clock and will end at nine o'clock. Donation will be $3.00.
PROFESSOR WILLIAM DELL'S FIRST BOOK IS PUBLISHED

A Benediction and Other Poems, the first edition of poetry by William C. Dell, has recently been published by Holt, Rinehart & Winston, Inc., in California, one of the most distinguished publishers of small books of literary merit. Mr. Dell is a member of the English department at Montclair State College, and his book demonstrates the unifying student enthusiasm for poetry on this campus.

Mr. Harold C. Bohn, chairman of the English department, commented on the first book: "In the four years that I have known 'Bill' well, he has been instrumental in arousing student enthusiasm for poetry and their interest in reading it, in writing it, and in discussing it. It has been a pleasure for me to read his poetry." Dr. Stephen Kowalski of the science department, a representative of the Summer School, also commented: "I am proud to present The Eleo Pomare Dance Company in a concert of modern dance as part of our summer courses."}

MONTCLARION

April 19, 1967

KOWALSKI TO GO TO INDIA THIS SUMMER

Dr. Stephen Kowalski of the science department will go to India this summer as a representative of the Summer School to give concerts in Indian colleges and universities. The program, sponsored by the National Science Foundation, was set up in an effort to upgrade the educational level of technical teaching background prevalent in Indian institutions of higher education. The project is to bring to India various aspects of modern music. Student-teacher discussions are not found in Indian schools, and students do not take reference notes in class. The program sponsored by Dr. Kowalski and his associates will be trying to correct this.

Although only one professor from Montclair is making this trip, the other members of the music department have helped the program by donating new record quarters for distribution to various Indian institutions.

Dr. Kowalski would like any interested student or faculty member to attend the July summer concert at the following address:

Mr. Stephen Kowalski
American Embassy NSL-AID
A.P.O. New York 09675

70 Volunteers Donate to APO

The Men of Nu Pi's Chapter of Alpha Phi Omega, National Service Fraternity, were pleased at the response of the college community to its recent Blood Drive which was held in Room 278, on the third floor of the Marcy Hall, on the third floor of the Marcy Hall. A total of 70 people turned out to donate blood. Those who wished to donate blood were brought to the college Blood Bank. The Blood Drive was held through the facilities of the Montclair State College's Blood Bank. The Blood Drive was held through the facilities of the Montclair State College's Blood Bank and the Student Peace Union which is interested in the welfare of the students here at Montclair State College.

Further Problems

Another problem that is a thorn in the side of students is the long time that forms near the registrar's office for schedules. According to Dean Blanton, there are two reasons for the group of students who are having trouble getting schedules. The first reason is that there is no time to get individuals to work at the 8:00 a.m. to 2:00 p.m. hours. The second reason is that there is not enough people to help in arranging the schedules in the computer. The group of students who are having trouble getting schedules is interested in the welfare of the students and the fact that the blood bank is not as much on the road.

There is a possibility that the problems are due to the fact that there are too many people working for the registrar's office, and that there is not enough people to help in arranging the schedules. Also, there are not enough people to help in arranging the schedules. The group of students who are having trouble getting schedules is interested in the welfare of the students and the fact that the blood bank is not as much on the road.

Quite unlike the B.S.P.U., but no different, is the reason why dorm students are not allowed to have liquor in their rooms. The Dean says that, among other reasons, the college is located on a dry property and therefore the sale of intoxicating drinks is prohibited. Also, most students on campus are under 21 and a state law forbids the sale of liquor to minors, and he intends to support the law.

The perplexing or troublesome matters that face us are not insoluble; nor are they peculiar to MSC alone. What is important is not to note, however, is that Dean Blanton, more than anyone else, is interested in the welfare of the students here at Montclair State College.

A Chess Club will finally be launched on campus. On April 19, and 26th of May, a meeting will be held in V-235 for the purposes of registering members for the club and the purposes of registering members for the club and the purposes of registering members for the club and the purposes of registering members for the club and the purposes of registering members for the club and the purposes of registering members for the club and the purposes of registering members for the club and the purposes of registering members for the club. Also at this meeting registration will be held for a simultaneous exhibition to be held on campus by a United States Chess Federation-rated expert, Steve Boyko. Steve, a sophomore math major, will play anyone who registers for the exhibition, all at the same time.

He is the New Jersey State Junior Chess Champion. The meeting will be held on April 19 at 7:00 p.m.
Players Will Present Tartuffe Next Weekend

The Players production of Moliere's witty seventeenth-century comedy, Tartuffe, will be presented on April 27, 28, 29, and May 1, in Memorial Auditorium. Directed by Dr. Clyde McElroy, the cast of the play includes Elizabeth Schedenhen (Madam Pernelle), Charles Croce (Orgon), Suzanne Dufy (Madame Tartuffe), Wyman Gittelson (Doctor), William Hesse (Servant), Elizabeth Lowis (Marianne), John Parrillo (Valere), Malcom Raffin (Don John), Laura Gramaglia (Dorine), Joseph Dufy (Loyal), Cathy Rammel (Filipope), and Dian Ehrig (Robert). Directed by Jo-Ann Breeman (Spectators).

Molière's comedies were landmark in the history of the theatre. Before his works appeared, comedy was confined to vulgar farce with stock situations and contrived, artificial plots. It was Molière who set new standards by which comedy and comic acting have been judged ever since. Comedy should be a commentary on life. Molière said. The comic playwright's objective should be to delight his audience by laughing at his own characters. He must show the great discrepancy between what people are and what they think themselves to be. Although his characters are vain, gullible, pretentious, inane, and gullible, Molière, Molière is always understanding toward them.

In addition to the performances on campus, the Players production of Tartuffe will be part of the Festival of the Arts in Newton, New Jersey. On May 4 a matinee and evening performance will be given at the Newton High School Auditorium.

Susan Banks portrays Elmo is directed by Dr. Clyde McElroy in Orgon, played by Charles Croce.

NEW PRESIDENT ELECTED BY NEA

WASHINGTON, D.C., March 2—Sam M. Lambert, chap­ion of the teacher and consumer, has assumed the duties of the post of Executive Secretary at the National Education Association, was named today to the top executive post of the one-million-member teachers' professional association.

His appointment as Executive Secretary, which becomes effective immediately, was announced this morning at a staff meeting in the NA's. He wrote that the Association will be "more mili­tant in protecting the rights of teachers and families" and more aggressive in campaigns for improved salaries and other economic bene­fits; it will have a greater so­cial consciousness and a will­ingness to tackle almost anything that is basically wrong in edu­cation.

He declared, however, that in carrying out these goals "NEA will use the channels and proced­ures of a profession not those of a union."

In public and private talks and in testimony before U.S. Congressional committees, Lambert has frequently pointed out that education is such a good in­vestment in economic growth and national welfare that peo­ple ought to be buying a much larger share of it. As a corollary of this proposition, he says the pub­lic ought to be getting a better return out of what is being spent.

He proposed in 1961 a six­year minimum program of pre­paration for all incoming teach­ers which would provide for a six-year program of general education with some exposure to every major field of knowledge followed by two solid years of what and how to teach, including theory of teaching and the new theories in the teaching—learning process. In depth and scope, he would have this pro­gram comparable to that of the Harvard School of Business.

Such a program, he believes, would produce teachers far more effective than the present beginner who enters a classroom trained only with a bachelor's degree. The better—prepared teacher would rate a beginning salary of $8,000-$10,000 and would make $16,000-$20,000 by the end of his career. Lambert be­lieves the American public would gladly foot the bill for such a program when they understood its benefits for their children.

Dr. George Petty

PETTY RECEIVES DOCTORATE

George C. Petty, assistant to President Richardson and mem­ber of the English department faculty, was awarded a doctorate degree from New York University's Graduate School. George C. Petite was educated at New York University and New York University School of Law. He received his doctorate degree from New York University in 1964. He is currently teaching at Bluefield College, where he is a professor of English. His research interests include the works of William Shakespeare and the English language.
SGA Elections—Time to Think

Student Government Association elections are tomorrow. Look around you. Take a good look at your college. Who are you going to vote for? Well, that’s rather obvious. Vote for the person who sits next to you in English class. He’s definitely “groovy.” The ability to fit into a groovy frame of mind is a good characteristic for an SGA officer. Don’t base your vote on an important aspect of voting for an SGA officer. Above all, don’t think! Vote for your fraternity brother or your sorority sister or your best friend. Vote for them because you know “they can do the job.” After all, didn’t they hammer the most nails into the homecoming float. Vote for someone you know couldn’t spell SGA much less run an SGA meeting or any type of meeting. Remember, in the case of SGA elections, do not think.

Don’t think next year when nothing is happening in the SGA. Don’t think as you have to sit in classes taught by mediocre teachers. Don’t think when hints float your way that your buddy is a flunk and doesn’t care what you think about him or his SGA. Don’t think about it other than complain.

The time to think is tomorrow before you vote. If you haven’t thought about your student government by then, forget it, you’ve lost!

The Marathon—A Success!

“Much Ado About Something.” That something is our college. Yes, your college. The college you chose to be yours. What did you do to it? Nothing. Nothing but wait for it to happen to you. We saw very few new faces up in the SGA office this year. Working. We saw the same few people, both students and faculty, giving everything they had for their college—your college—because you didn’t care. If you did go to the marathon you saw the amount of work which had to go into such a project. Were you proud that your school was doing this? We were extremely proud that it was successfully carried out.

To the students and faculty who made up the marathon committee, on behalf of the entire college, our thanks and a hearty well-done.”

The Forum—Where Were You?

The President’s Forum was called for the purpose of stimulating better communication between the students and the administration. President T. Richardson took the opportunity to inform the students on the progress being made concerning the parking problem, the creation of new student lounges and campus changes.

A question and answer period concerning any aspect of the college followed. This was an ideal opportunity for any concerned student to question policies and practices of the administration.

With over 4000 students at MSC, many of whom are chronic complainers, this should have been the time for their participation in the Forum. However, only about 60 people were concerned enough to show up to hear the President. Should we assume that more than 980 students here do not care about their college?

We of the Montclarion realize not everyone was able to attend the Forum due to classes and other obligations. But we also realize that more than 80 students have inquiries into the Forum. Many complain that there are no parking spaces, yet few have actually put in the time to see what is being done about it.

Apathy in the part of the students shows thoughtlessness and inconsideration for those who actually want something to be done.

No one can force people to attend meetings and support their college. They must want to do these things themselves. An hour spent looking into your college will certainly prove informative to you who are concerned enough to take that time.

If the college does not live up to the standard you want it to, you can do something about it other than complain.

Each class has SGA representatives, class officers and a class counsel. These people are representatives of your classes. They can only represent you if you inform them of what you think should be looked into.

For those who desire to express their opinions, this is the way. Already over 3600 of you passed up one good opportunity to find out about your school. Don’t complain unless you are ready to discuss what you feel should be discussed.

Remember—this is your college and you can make it what you want it to be—but you have to do it yourself.

Stash the Trash

Due to the inconsideration of the students that frequent the Life Hall cafeteria during the day, the Clean Up Campaign has failed. We of the Montclarion assumed the students of MSC had the maturity to behave themselves properly in a cafeteria. To throw away a coffee container, dirty paper napkin, or paper plate in the proper receptacle does not take much effort on the part of the student. Students want clean facilities, yet they make no effort to keep them clean.

By not showing respect for cafeteria facilities, the student is showing the lack of respect he has for himself and his college.

In the future, we implore the students to use the waste pails and throw away their garbage. The cafeteria can be kept clean but only through student assistance.

Cooperate today to make the Life Hall cafeteria a clean one.

Positions are now open to all students who are interested in working on the MONTCLARION staff as reporters, editorial assistants, and typists.

Those people interested in make-up, proof reading, and business are particularly needed.

Name: JACK DENNIS
Major: Social Studies

Off Campus

Why do you want to be President of the Student Government for the 1967-68 academic year?

I feel that this is an important position as far as the students are concerned. Because of its importance I have considered this position for many months and have done careful research to make a wise decision. I feel that I know what is expected of the position and that I can fill it.

Comments:

1. I think that the following activities, which I have participated in, will add to my qualifications:
   a. Chairman of the Concert Committee, College Life Union Board.
   b. Member of the JV basketball team.
   c. Lived as a dorm student and now live off-campus.
   d. Delegate to Associate of College Unions.
   e. Member of the newly formed dance team.
   f. Attended all SGA legislative meetings of the second semester of this year.

Name: STANLEY GURSKI
Major: Social Studies
Dorm

Why do you want to be President of the Student Government for the 1967-68 academic year?

I believe that the 7 point program that I have announced in the Monclarion, if carried out, would benefit the entire student body.

Position:

Name: JOSEPH "BUDDHA" SINGLETON
Major: Fine Arts
Dorm

Why do you want to be President of the Student Government for the 1967-68 academic year?

I stated in my letter to the Montclarion, "Conscience makes it impossible for me not to run for the office of SGA President." If a person considers himself a member of a community in the affairs of that community, in the Montclair State community I see two forces, each having good ideas, that are necessary for the complete development of our community; but because of fundamental differences, lack of understanding, and lack of tolerance, we have allowed these valuable ideas to be lost. There is a need for growth! We must grow out of the idea that all our problems can be redressed by black or white, liberal or conservative, right or wrong.

I wish to develop an atmosphere where these positive forces might get together and unite our community.
Why do you want to be Vice-President of the Student Government for the 1967-68 academic year?

In the past year and the latter part of last year, I have had countless experiences in dealing with the workings of our school. This was a gradual buildup, from the personal contacts of a Wing Counselor to the wide responsibility of Carnival. As my experiences encompassed wider areas my interest in my school increased to the point where I feel I am qualified to handle the responsibilities of SGA President.

Comments:
As a commuter, I am entirely familiar with the problems that face this part of our student body. I have discussed the traffic problems with the proper authorities and have given several plans of action...
Let some child love you too

This child is Bolivar Mucio, a five year old Ecuadorian boy who has been adopted by the women of Kappa Sigma Rho through the Foster Parents Plan, Inc. The weekly payment of $15.00 (or $180.00 per year), which provides such things as brand new clothing, linens, blankets, soap, medical care, books, educational toys and tuition, little Bolivar can now attend the school in the village where the other children live. The sisters of Kappa Sigma Rho also send frequent gifts of clothing and toys. This child is Bolivar and he has been adopted by the women through this plan. You, too, can “adopt” a needy or distressed child.

Address inquiries to: Foster Parents Plan, Inc. 302 Park Avenue South New York, New York 10016
Let some child love you too.

Betel Epsilon Tau
The men of Beta have accepted the challenge to pledge to the fraternity. They are: John Krom, Jim O'Dell, John Car- tain, Mike Jordan, Jeffie Hughes. The pledge class of spring 1967, which presents the pledges to the Beta sisters, is comprised of: Matt Barg, John Aaberg, Bruce Dierenfeldt, Rick Dobbs, Don McInnis. The Beta sisters, who have been presented are: Bonnie, an SGA representative and member of the Marathon committee, will be running for the office of Secretary of the SGA. The Beta Epsilon Tau's 27 Hour Marathón committee will be held on Sunday afternoon, April 16. Co-chairmen for the event, Wendy Byl and Bonnie Marranca. The theme was "Showboat". Pledging was held on Wednesday, April 18. The Beta sisters presented from the participating sister schools.

Iota Gamma Xi
We would like to congratulate this year's officers. They are: President Larry Majeski, vice-president Carol Kramberg, treasurer Bob Marry, parliamentarian Jackie Foster, corresponding secretary Nanci Karmarsch, historian Debbie Kous, recording secretary Kente Pettet. The Beta Epsilon Tau's 27 Hour Marathón will be held on Sunday afternoon, April 16. Co-chairmen for the event, Wendy Byl and Bonnie Marranca. The theme was "Showboat". Pledging was held on Wednesday, April 18. The Beta sisters presented from the participating sister schools.

SA Report
As the SGA election draws near students are announcing that they intend to run for office. It is pleasing to hear how these potential leaders announce how informed they are of SGA affairs. These students have attended the meetings of the Student legislature on a regular basis. They have learned about the workings of the SGA and are eager to be elected and bring their ideas into office.

Two students who have their first opportunity to learn about the Special Program for Urban Teachers, popularly known as SPUR, at a Freshman Class Meeting scheduled for 1 P.M. Thursday, April 27 in the Life Hall Auditorium. Representatives from the participating dental, faculty, and the Paterson schools will be present to discuss the program, which will be open to selected members of the current freshmen class in the spring of 1968.

Benefits During Vacations
Benefits can continue during a vacation or other period of non-attendance of up to four months if the recipient of the SGA is a full-time student during the school from which the earnings are $1500 or more. All unearned earnings for all months of a year count even if the student is not a full-time student. If the student is a full-time student and works part-time, the earnings for all months of a year count even if the student is not a full-time student. If the student is a full-time student and works part-time, the earnings for all months of a year count even if the student is not a full-time student. If the student is a full-time student and works part-time, the earnings for all months of a year count even if the student is not a full-time student.
By Diane Zervopoulos

Many students and faculty members have little knowledge of the tract of land presently being purchased by Montclair State. This beautiful tract of land is Valhalla Glen, a place of natural beauty. It is located on Hemlock Drive, Lake Valhalla in Upper Montclair, N. J.

The Glen is presently owned by Brook Valley, Inc. It consists of many acres bearing additional pond and stream which provides various conditions for many different types of scientific studies. A number of different types of terrains exist on this 30-acre tract of land. A small number of acres were sold to a large lake named Lake Valhalla. The rest was purchased by the present owner of the tract of land, Mr. Joseph D. Schnitzer in order to secure this tract of land for the college. Both professors are members of our Science Department.

The Nature Conservancy, a national organization, has been working for many years to preserve this tract of land by acquiring it for strictly educational use. The Conservancy has been able to purchase a tract of land in the mountains of the West for the purpose of providing a place for educators of the entire East Coast to observe and utilize this valuable area.

It is interesting to note some of the historical background of this area. Valhalla Glen is the ancient home of the "god" to the Norsemen which may reflect the connotation of the name Valhalla. The Indian name has been changed to Valhalla simply because of the heavy confusion of the word. Many years ago Indians had the pasture land in the lake when it was simply a three acre pond of spring water. After the lake was formed the Indians left the land and built their homes. They obtained their water from an old spring which was on the hill and the Indians were able to drink the pure water from this spring. Today the stones from his foundation can still be seen half way up from the lake.

Limestone Quarry

Beyond the pond was a limestone quarry. The quarry was opened by Jacob Gordon opened the first quarry there in 1828. He also built two roads and a limestone kiln. The finished lime burned in the kiln was carried down to the canal that curved around and crossed the Boucette Road and brought supplies such as hives, lumber, charcoal, and barn produce to Montville. Many old residents of Montville still remember seeing the old canal roads and the picturesque scene.

The quarry is now well known because it was a part of the entire East because of the rare deposit of serpentine. Many request are received yearly for field trips by institutions and geological societies to inspect and remove specimens of this material. The quarry is now owned by Theodore A. Merkt.

Approximately 95 years ago, the first ducks were introduced in the old village marking the beginning of industry. Waterfowl were provided available to operate a mill and the present building was built entirely to improve the property. The day approximately 125 families live there now living in the area. The story of the lake now known as Valhalla covers a span of 130 years. It is interesting to consider that within this short span, the face of the evolution of this country was reflected. First came the Indians; then the pioneer farmer; the ex-miner; the education oriented, are more interested in this area.

Beauty, an Educational Center

A number of different types of sites are being developed to further our study of sciences. This is one of the reasons Montclair State College strongly hopes to own and utilize this valuable area.

A sum of $18,000 has been agreed to by Donald D. Fechter in order to secure this tract of land for the college. The Beauty of every text used in this area.

A number of different types of texts which are being used wide-spread in the Metropolitan area which consists of various conditions for many different types of texts. A number of different types of texts which are being used wide-spread in the Metropolitan area which consists of various conditions for many different types of texts. A number of different types of texts which are being used wide-spread in the Metropolitan area which consists of various conditions for many different types of texts.

Gothics Fall to MSC
In Baseball Opener

Four straight rainouts didn't little more than temporarily delay the start of another successful baseball campaign at Montclair. Coach Bill DiCapri's Indians took right off on a streak where they left last year and combined timely hitting with excellent pitching to past victories in their initial two outings of the season.

Montclair's first game was against Jersey City State, an outmatched freshman catcher Frank Ross Priore who was unable to compete in the high jump and other field events.

Wearing eight out of fourteen events, the Montclair State track and field team defeated the University of Bridgeport 69 to 54 in its first meet of the season at Sprague Field on Fri., April 8.

Alonzo Jennings, a junior fine arts major, led the Indians by winning both the 100 and the 200 yard dashes and anchoring the winning 440 yard relay. Jennings was clocked in 10.1 for the 100 and 24.4 for the 200. The 440 relay ran by Jack Landfried, David Bell, David Witner and Jennings won with a clocking of 45.6.

James Harris, a junior Social Studies major, posted double victories by winning the 880 yard run in 2.05 and the one mile run in 4:54. Other winners for the Bucks were Ralph Vermeulen in the two-mile run, Ray Ricker in the pole vault, and David Witner in the high jump.

Winner for Bridgeport included Hubbs in the discus and shot put with tosses of 132'-5" and 47'-3½" respectively. Bob Tall was the high jumper who won with a leap of 5'3". Milone won the 120 huddles in 16.3, Scioli the 440 yard dash in 51 seconds and Wayne Bonadio, the javelin with a distance of 132'-5". Bridgeport also captured the one-mile relay in 3:38.4.

Coach Gene Lees said that "we shall have better days if we find someone to compete in the high jump and other field events.

The possibility for another championship this year lies in the play of freshman and first singles, Dan Sullivan. Dan placed first singles at Hotly High School for four years and started this season in fine shape with a solid victory against Pratt, 6-3, 6-4, 6-0.

Sullivan and Goetzman teamed up to blast out an 11-9 to 6-4 in a well fought match. Seiler and Goldberg also won in the doubles 6-4 to 6-4 to ice the victory for MSC, 5-4 in three doubles. Lees and Wolfe dropped the match, but victory was already assured.

In Baseball Opener

Watkins Named 'Coach of Year'

Montclair State College's Dave Watkins was named "Coach of the Year" in District 31 of the National Association of Intercollegiate Athletics.

In his third year as mentor of the fast rising New Jersey Indians, Watkins was earlier name "Coach of the Year" in District 31 of the NAIA and the New Jersey State College Conference.

Nineteen college coaches in the East were considered for the Area 8 "Coach of the Year" award.

Watkins, a Penn State grad, led the Indians to a 21-5 mark during the past season. The 21 victories represented the greatest number of wins MSC has ever achieved in its 35-year intercollegiate history.

In New Jersey State College Conference play, the Indians posted a record of 9-1 and tied for the league championship with Trenton State. The Indians and the Lions settled the division in the opening round of the District 31 playoff, with Trenton State winning 8-7.

Before coming to Montclair, Watkins coached on the high school level in Pennsylvania and at the University of Iowa while doing fine defensive job against the plate and he also has thrown out several runners. He served as MSC's junior varsity baseball mentor for seven Deacons while giving up only three hits through the team.

The highlight of the evening was a speech by Luther Bowen accepting the position as captain of next year's team. Bowen outlined what he thought were the duties of a captain and stated that it would be hard to fill Jack Appar's shoes.

Bowen Elected Captain

The possibility for another championship this year lies in the play of a successful first year coach.

The only undefeated team on the season's first game against Jersey City State, Watkins is the third "Coach of the Year" in District 31. Previous winners were Ollie Gelston of Jersey City State and Bill Boyer of Monmouth College.

Bob Bass of Oklahoma Baptist College was named the National Association of Intercollegiate Athletics' Basketball Coach of the Year.

Watkins Named 'Coach of Year'

The high point of the evening was a speech by Luther Bowen accepting the position as captain of next year's team. Bowen outlined what he thought were the duties of a captain and stated that it would be hard to fill Jack Appar's shoes.

Bowen Elected Captain

Three years posting a mark of 33-19 before being promoted to the head coaching job in March, Watkins is the third "Coach of the Year" in District 31. Previous winners were Ollie Gelston of Jersey City State and Bill Boyer of Monmouth College.

Bob Bass of Oklahoma Baptist College was named the National Association of Intercollegiate Athletics' Basketball Coach of the Year. Watkins, a Penn State grad, led the Indians to a 21-5 mark during the past season. The 21 victories represented the greatest number of wins MSC has ever achieved in its 35-year intercollegiate history.

The men's Physical Education Department has announced that the men's intramural softball program will start Monday, May 3, at 4:00 p.m. at the baseball field.

Team captains should pick up softball applications in the office of the director of athletics, Panzner Gym.

All applications must be submitted by Friday, April 21, to the director of athletics.
