Stepnowski, Hillenbrand
To Head 1967-68 SGA

Thomas Stepnowski was chosen as president of the Student Government Association for the 1967-68 school year in the SGA election of officers. The other newly elected officers of the SGA are Robert Hillenbrand, vice-president; Bonnie Marranca, secretary; and Janice Dime, treasurer.

The time has again arrived for the elections of Class Officers, SGA Representatives, and Departmental Representative. The elections will be held outside Life Hall or at 5:11 p.m. to 5 p.m. These rules will be given by those running for officers of the Sophomore Class on May 8 at 4 p.m.; Junior Class, May 9, 12 noon; Freshman Class May 10, 4 p.m.

Qualifications

The Elections Committee has established the following qualifications: Petitions must be re-
turned to the SGA office by 4 p.m., May 5th. Campaign signs may be posted in the cafeteria only. Candidates must possess the classes for which they are running for offices and have a cumulative average of 2.25.

Ballot

Included on the ballot will be a referendum for the abolishment of the dress code and an increase in the Student Activities Fee. All were asked to submit a budget based on $46, one based on $60, and a ration alternative for the difference. The representatives agreed to notify members of their organizations of the merits of the increase. The value of the increase was clearly seen.

CLU would like more money, perhaps more concerts. Publications would like to begin a bi-annual publication of student research papers among other things. M UAC would like more money.

'Tartuffe' Provides Delightful Glimpse Into the Follies of Man

by Leslie Anne Hair

As the house-lights dimmed, four "seventeenth century spectators" slowly walked down the aisles of Memorial Auditorium and took their box seats. Meanwhile, a young actor "ill" the "candles" at the foot of the stage. Within a few moments, the audience at Players' recent production of Moliere's Tartuffe became a part of the elegant and rowdy world of seventeenth century France.

Moliere's play is the story of the "pinson" Tartuffe, a religious hypocrite who gains control of the household of the deluded and gullible Orgon. Tartuffe not only has Orgon make him heir to all his lands, but also attempts to seduce Orgon's wife, Elmire. Tartuffe not only has a compassionate understanding of them. "I may be a pinson, but I'm human too. I'm no angel," says Tartuffe. "No one is," says Moliere seems to say.

The hypostatic Tartuffe is inverted as Orgon's possessions are returned to him in a scene from Player's creation of Moliere's Tartuffe.

or the state of society. Instead, he is commenting on human nature. Each of his characters represents a universal type rather than an individual — the puritanical mother-in-law (Madame Pernelle), the foolish old man (Orgon), the wise and reasonable brother (Claunet), and, of course, the hypocrite (Tartuffe).

Moliere shows the audience the follies and foibles of men. And yet, he always seems to have a compassionate understanding of them. "I may be a pinson, but I'm human too. I'm no angel," says Tartuffe. "No one is," says Moliere seems to say.

When Orgon discovers that Tartuffe has designs upon his wife, the credulous man rushes to extremities again and says that he is through with pinson people. It is his wife's brother, Cleante, who reminds him that religion is not to be open to suspicion just because one scornful (Tartuffe) was posing as a saint. Moliere is not protesting against the nature of the world.

Club Presents

The College Life Union Board will feature Robert Peterson, a famous lecturer, in its last presentation of the lecture series on Thursday, May 18, at 8 p.m. in Panzer Gymnasium, the Four Seasons, a rock 'n roll group of great renown, will appear in concert at MSC. Tickets for students with SGA cards will cost $2.00; all other tickets, $5.00.

Attention teachers and students

Have extra income this spring and summer. Company's Sky Service, 8 a.m. to 11 p.m., 523-5619.

Senior Highlights

Rev. Harms to Speak
at Recessional

The Reverend John Harms, pastor of St. James Episcopal Church, Upper Montclair and advisor of the college Protestant Foundation will be the principal speaker at the Baccalaureate service, Sunday, June 4, at 7 p.m. This arrangement was made by John Van Zinden, president of the senior class and confirmed by the President's office late last week.

Ticket Sales

Bids for the Senior Ball and tickets for the Senior Banquet have been on sale in the Fishbowl since Monday, May 1. Bids are being sold on a first-come, first-served basis.

The cost of bids for the Senior Banquet is being sold for $1.50. The Banquet will be held at the Coronet in Irvington, Monday, May 15.

President Richardson

Addresses Class

President Richardson addressed the senior class yesterday in Memorial Auditorium at 12 noon.

In addition to Dr. Richardson's address, important graduation information was given out at this time. All seniors were excused from regular classes at this time and were requested to attend.

Senior Assembly

The Senior Assembly will be held Tuesday, May 16, at noon in Memorial Auditorium. All Seniors are excused from classes during this hour. Seniors interested in participating are requested to leave a note on the class bulletin board in Life Hall.

Commencement Announcements

John Van Zinden, president of the senior class, has announced that the seniors will have two formal graduation announcements free. Extra announcements can be purchased at the Fishbowl. The cost is $2.50 each, $3 for 50.
**'MUCH ADO ABOUT SOMETHING'**

More than 400 participating students proved that there was "Much Ado About Something" at Montclair State College in the 27-hour Marathon, sponsored by the Student Government Association. The Marathon, consisting of 27 hours of continuous entertainment, was held from 8 p.m. Fri., April 14, to 11 p.m. Sat., April 15.

The purpose of the Marathon was to stress the need for a new student union building on campus. Life Hall, the present student union building, was originally built to accommodate 1800 students. With an expanding enrollment of over 4000, the students now need larger facilities. The proposed building will provide lounge areas for students and faculty members, study areas for students, entertainment facilities, recreation rooms, television rooms, a dining room, a lounge, a coffee shop, bowling alleys, cafeteria, music rooms, a college store, a bar, an information center, and administrative offices.

A 27 hour "Stay-Awake Concert" was featured with 23 participating students. The winner was Linda Rippel, representing Delta Omicron Pi. The entire Marathon was broadcast over WFMU, the radio station of Upsala College. This was arranged through Edward Helvey, chairman of the Voice of Montclair State. Newspaper coverage of the event was planned by Richard Langbein, John Finegan and Frank Cripps. Stories of the Marathon appeared in the Newark Sunday News, Newark Star Ledger, Montclair Times, as well as the Montclairian.

Money Pledged
Throughout the Marathon, announcements of money pledged for the building were made. A total of $800 has already been pledged out of $2100 that had been pledged. The Marathon ticket sales amounted to $2500. A personal donation of $4 by an anonymous Paterson State student was received. The statement was received because the facilities at Paterson are worse than at Montclair. Here's $4 anyway.

Congratulations Extended
Many congratulatory letters were received by the committee from many people, as well as letters from parents and all the members of your committee for the splendid success of the 27-hour Marathon last weekend. All of us on the CDF Board have had many opportunities to realize the merits of Montclair's students. Again, in this instance, you have shown yourselves to be a superior group of young citizens.

Mrs. Lois Redd expressed her interest in the Marathon by writing, "I want to give you my heartfelt congratulations on the Marathon project. I listened on the radio and was absolutely thrilled with the Montclair spirit." Mrs. Mary McKnight wrote, "Congratulations to everyone connected with the Marathon for a magnificent job. You not only helped our own college but also gave a lift to the cause of the American student everywhere."

Another letter of commendation from Mrs. Anthony Graziano of Newark said, "I was listening to the Upsala radio station. . . . I was so proud of you all." When the news came on television after 11 o'clock Saturday night, and I saw the films of the march in New York against the war in Vietnam, I wished that I could get up and shout the good news about the students at Montclair and what they were doing . . . My very best wishes to all of you." Many other congratulatory letters were received by the committee from such people as Dr. Harry Sprague; Graeme Reid, mayor of Essex Falls; and Robert Ferris, mayor of Montclair, as well as letters from parents, friends, students and those who just listened on WFMU.

**Donations Still Accepted**
The Marathon committee is still accepting donations from all those who desire to contribute to the goal of a new student union building on Montclair's campus.
Professor Thomas Millard
Seeks Orange Council Seat

Thomas L. Millard of the department of sociology at MSC is a candidate for the South Ward council seat of Orange. N. J. Mr. Millard feels that it is his duty as a professor to take part in community affairs.

This candidacy means many things to the college. "Educators have held back from the community too long," says Mr. Millard. They have been in "ivory towers." These people have talents and they should offer them to the community for its benefit, theirs, and that of their students.

There is a great cry today for professors to move away from "book-oriented" teaching courses. One cannot speak solely on theory. One must have experience to practical examples in his classes. The professor who is active in community affairs inspires his students to do likewise.

Mr. Millard is being assisted in his campaign by Mr. Law- rence Riley of the history department. These professors are setting an example for us: the greatest contribution that we at Montclair State College can make is the sharing of our skills and talents.

The professor adds that especially in his area, sociology, working with people is of vast importance. The subject is people. He says that this election and politics will be discussed in his courses. With or without, Mr. Millard reiterates, he will be much more experienced and intelligent in that area.

Mr. Millard is being assisted in his campaign by Mr. Law- rence Riley of the history department. These professors are setting an example for us: the greatest contribution that we at Montclair State College can make is the sharing of our skills and talents.

Students needs and interests fan out into every corner of the student campus and beyond. As our students seek the possibility of increasing student activities has become a pressing reality.

The first question one might ask is whether or not student activities should exist at all. The answer to this point when it states: "Organized stud- ent activities in higher educa- tion are viewed as being essen- tial to the overall educational and social experience of the uni- versity." Add to this administra- tive approval the obvious sup- port required through ad- ministrators, and students, through membership and participation—a consensus of the college com- munity is attained.

Student activities necessitate student activity fees. To further this statement, there is a direct relation- ship between them. It is precise- ly this relationship which has come under close attention. Because of the ever expanding role of student activities the question of raising the student activities fee must be considered.

The bare fact of the matter is that you can have only so many activities when you have the use of only so much money. The question to be put before each student is: DO SPECIFIC INCREASES IN STUDENT ACTIVITIES FEES WORTHY A SPENT INCREASE IN STUDENT ACTIVITY FEES. A referendum will be held on Thursday, May 11 in conjunction with Class and Legislature elections. A "yes" vote will be a vote for increasing the student activities fee from $23 per semester to $30 per semester. A "no" vote is a vote to retain the present fee.

Do you want more and better sports programs, more clubs, better plays, more publications, a continued college broadcasting station, better political speakers, better Senior ac-

Financial Aids

Many agencies offer financial assistance to college stu- dents: communities, states, foundations, corporations, business firms, unions, religious denominations, clubs, and religious groups. Students desiring financial information concerning scholarships, loans, or grants, should consult with Mr. Ulrich Neuner in the Personnel Office in College Hall.

The following books which may be found on the reference shelf of most high schools, public and college libraries may assist stu- dents in better understanding financial assistance at college:

MONTCLAIRON

May 5, 1967

QUARTERLY REVIEWED

by Thomas Manning

The spring issue of Quarterly came out last week. Students at Montclair State College viewed Quarterly with individualistic feelings ranging from the predicted, "What a waste!" to "The best one yet." Just as expected, however, just Quarterly with a single phrase justifies this publication, "Waste," they may not agree. It's my own fault. Quarterly has the character that it does, precisely the character of the group that contributes to it and everyone else.

But let us speak of this issue of Quarterly. The publication of the spring, 1967, does not seem to do much about the products of its contributors. Earlier editions of the Quarterly have tried a new way. This is important: try to be different, or you should not be different.

Let us take the example of Solomon. HW35, from this Spring "Imagination is the highest truth. Reality exists there where it rests on nature or whether it retains its own intangible abstract quality." Mr. Hatfield's Quarterly III.

The central imaginative work of this issue is a poem, "Dirge on a Downbeat," by David L. Condit. It is lacking only purity and rudeness in Dirge on a Downbeat," says Mr. Condit. But the form and the sound and the accent of the poem are important. We have heard much of the prose before, and have seen much better from Sophis Palace, such as "The Circle Stayed Unbroken" by editor - in - chief Paul Larsen.

On the opposite hand from the "wet," certain contributors have tried a new way. This is important: try to be different, or you should not be different. We have heard much of the prose before, and have seen much better from Sophis Palace, such as "The Circle Stayed Unbroken" by editor - in - chief Paul Larsen.

Home Ec. Majors Tour Cedar Grove Shop Rite

The Cedar Grove Shop Rite became a "living laboratory" for freshmen home economics students at Montclair State College recently, when two groups toured the store as part of their Introduction to Foods course.

Another group will participate in the program in the near future. The store is located at 387 Pompton Ave., Cedar Grove. It is open Monday to Saturday from 9:30 a.m. to 9 p.m. and Sunday from 10 a.m. to 7 p.m.

The tours, arranged by Larry Ficks, supervisor of General Corp., Personnel Representative and Assistant Professors Bette Shuman and Elizabeth Kelly of Montclair State, concentrated on the personnel and food operations of the store.

Frank Tucker vice president, Larry Ficks, supervisor, and Sam Armano, store manager, escorted the tours. After a brief orientation session in the store's offices, the students were shown how food is received, prepared, packaged and displayed by the department manager.

The home economics majors were then introduced to the dietary department, where an explanation of foods handled and marketing techniques was given. Suggestions were presented by the department manager.

The home economics majors tour at Cedar Grove Shop Rite was arranged by Larry Ficks, supervisor of General Corp., Personnel Representative and Assistant Professors Bette Shuman and Elizabeth Kelly of Montclair State, concentrated on the personnel and food operations of the store.

The tours, arranged by Larry Ficks, supervisor of General Corp., Personnel Representative and Assistant Professors Bette Shuman and Elizabeth Kelly of Montclair State, concentrated on the personnel and food operations of the store.

The most interesting fight appears to be in the Grand Division of the New Jersey legislature. The two major political parties and any "third party" candidates will be kept busy by the Montclair student body, which is known for its excellence. The students will also be keeping the Montclair student body, which is known for its excellence. The students will also be keeping the Montclair student body, which is known for its excellence.

SUMMER JOBS

DOR SERVICES, a division of Dictaphone Corporation specializing in Temporary Personnel Services, is currently seeking students for summer jobs that begin in May. The company, which has many contracts with area businesses, is looking for college students who are interested in summer jobs. There are no fees to you and you will be employed by the company. Why not register with us now? Where are you going to be next summer? As an intern, how can we help you?

Call us or better still come in and visit with us. If it is more convenient, call our East Paterson or New York offices for an appointment.

High Pay. Interesting assignments. A QUALITY EMPLOYER SEEKING QUALITY EMPLOYEES. 9:00 a.m.-4:00 p.m. Weekdays. Sat. by appt. only.

I think continually of those who were truly great.

Who, from the womb, remembered the soul's history
Through corridors of light where the hours are suns
Endless and singing. Whose lovely ambition
Was that their lips, still touched with fire,
Should tell of the Spirit clothed from head to foot in song.

And who hoarded from the Spring branches
The desires falling across their bodies like blossoms.

What is precious is never to forget
The essential delight of the blood drawn from ageless springs
Breaking through rocks in worlds before our earth.

Never to deny its pleasure in the morning simple light
Nor its grave evening demand for love.

Never to allow gradually the traffic to smother
With noise and fog the flowering of the spirit.

Near the snow, near the sun, in the highest fields
See how these names are feted by the waving grass
And by the streamers of white cloud
And whispers of wind in the listening sky.

The names of those who in their lilies fought for life
Who wore at their hearts the fire's centre.

Born of the sun they travelled a short while towards the sun,
And left the vivid air signed with their honour.

Stephen Spender
Lack of Student Support
Cause of Clean-Up Failure

"I am disappointed, deflated, dissatisfied and a number of other adjectives I wouldn't want quoted in the Montclarion." With these words, Mr. Gary Leo, Director of Life Hall, described his reaction to the failure of the recent commuter cafeteria clean-up campaign. This project, which was sponsored by the Class of 1968, was definitely lacking in students. According to Leo, who was in charge of the campaign, the lack of participation was due to the lack of interest from students. Leo also stated that the campaign was not successful and that the lack of cooperation was due to the fact that the students were not interested in the project. He went on to say that the campaign was started as a way to encourage students to participate in community service, but that it was not successful due to the lack of interest from the students. Leo concluded by saying that the Montclarion needs to work harder to encourage students to participate in community service projects. He also stated that the Montclarion needs to improve its methods of communication in order to reach the students and make them aware of the projects that are available.
The United States Senate has approved a $5,000 bill which would provide a federal income tax credit of up to $325 for tuition, books and fees paid by students in colleges, universities and other institutions of higher learning. The tax credit plan was offered by Senator Abraham Ribicoff, D-Conn., as an amendment to a House-passed bill which would reduce the investment tax credit to businesses.

Under the amendment offered by Ribicoff and accepted by the Senate, the tuition and fee credit is 15 per cent of the first $200 paid, 25 per cent of the next $200 and 35 per cent of the next $1,000. The credit would be subtracted from the income tax owed the government.

The credit is available to any person who pays the tuition. Thus, it would be available to all families, parents and other relatives, as well as to parents and other relatives, as well as to one child in college or graduate school may get a separate credit for each.

"Over two-thirds of the beneficiaries of such credits will be families earning less than $10,000 a year," Ribicoff said. A family of four receiving the amount of the credit available to high bracket taxpayers.

In offering the tuition tax credit amendment, Senator Ribi- off said there is an urgent need for tax relief for persons facing the increasing costs of higher education. "In the long run," he said, "my amendment would serve all American students of our strength lies not just in the students themselves, but in the wealth of the faculty of the vast, complex physical technolo- gy and machinery that are essential to our skills, in our ability to use these wisely and well.

Class Elections (Continued from Page 1) parents at this meeting stated that each class should elect its own officers, etc. All the classes need smaller facilities.

At the present time many stu- dents aren't aware of the needs of the class. As a result, many of the students are not getting interested in the elections. The reason of the elections will be held in the lobby of Memorial Auditorium.

Montclair State College, for the third time, became the winner of the N.J. State College "Science Bowl," held April 26, at Glassboro State College. On this occasion, top science students from Trenton, Jersey City, Paterson, Glassboro and Montclair State matched wits in a contest modeled after the General Electric College Bowl. All the contestants were selected from the fields of biology, chemistry, physics and all phases of the earth sciences. Victory for the Montclair State team was engraved with winners' names, which will be displayed in the school's trophy case on permanent display.

Montclair State's student executive included two seniors, Anthony Pister and Joann Garbarino. Anthony Pister is a 1963 graduate of Clifton High School. He was formerly president of Gamma Phi, Delta Chi fraternity. Officially, Tony is a biology major, but he has a second major in chemistry and will graduate as a double major with a total of 190 semester hours' credits. He will be going to graduate school at the University of Florida in Miami under a $10,000 fellowship. The 23-year-old Pister plans to utilize a $5000 Harvard Fellowship for an M.A. degree in the teaching arts.

A 1954 graduate of Columbia High School, James Falanik is officially a biology major, but has an additional major in chemistry. Ed has been involved in as many and as diverse courses beyond the realm of biology as he will, that he will graduate with approximately 160 semester hours to his credit. His main interest is molecular biology and biochemistry. He has been involved in a great deal of independent laboratory research. Ed is also a member of Sigma Eta Sigma and the varsity fencing team.

Chad and Jeremy Heard In Concert

“We like to have a love affair with the casts in life, and this is what we feel in each other," said Chad and Jeremy during an interview in their concert Sat., April 30.

The duo gave a concert comparable to that of the Lettermen, Dave Brubeck and the Beatles. The group was filled with song humor and showboat in a show covering a wide variety of music, ranging from Frank Sinatra's "Misty," to the Beatles "A Day in the Life." They made jests about many varied people and situations. One of the highlights of the evening was a spoof on the psyche of the style of music, which is so popular today, late in the concert, the duo introduced one of their own songs, "Best in Peace," written by Chad and is one of the featured songs in their new album, which is expected to be released in June.

During an interview following the concert, Chad and Jeremy, who prefer to be known as Chad and Jeremy, said that they plan to return to Great Britain for the summer to work in the music business. Hopefully to be able to pursue their individual careers, music and the cinema. They are both fairly seasoned performers, Chad played the stage and double electric guitar as well as an electric bass.

The music heard was enthusiastic and incited appreciation of the duo. During the interview following the performance, Chad said that they visited the music business, that he and Jeremy said that the music business was a major interest of Chad and that they played before and were somewhat surprised. What they expected? After all, this is M.S.C.

**Television Returns to MSC With Video-Tape Recorders**

Television has returned to M.S.C. The acquisition of the Audio-Visual Center of two video-tape recorders (VTR) is one of the first steps in reactivating television at M.S.C. The installation began experimentation for the first time. The basic installation was a closed circuit system. However, in 1952 additional equipment was utilized in order to broadcast educational television. Use of the closed circuit equipment continually on an instructional basis throughout the day made it possible to tape a demonstration or class which is played back immediately to allow the participants to observe and evaluate themselves.

Further information on availability and use of the VTRs may be obtained at the Audio-Visual Center located on the first floor of College Hall.

**Map Making Activities**

A comprehensive sampling of map making activities is currently on display in M.S.C. Library Center, Montclair State College. The exhibit, an exhibit in the center outside the science office, was set up by Frank Kelland, an assistant professor of geography, with the assistance of the faculty and students. The display is designed to introduce students to the field of cartography. The exhibit will continue until the end of this semester.
Outdoor Assoc. Organized

On May 9, a newly-formed organization, the Montclair State Outdoor Association, will hold its first meeting. The purpose of this organization is to promote outdoor experiences, such as camping, hiking, and swimming. It will provide information and supply equipment for those wishing to take advantage of "life in the outdoors."

At the meeting a constitution, which has already been drawn up, will go to vote and then it will be submitted to the SGA for approval. It should also be noted that the MSGA is currently asking "class 1" status from the SGA in order to secure financial aid.

The Montclair State Outdoor Association is open to all undergraduates and alumni of Montclair State College. Mr. Jerry Hotterman of the Student Personnel Department urges all interested students to attend the meeting.

Rosen, Grieco Honored At Wrestling Banquet

The annual dinner of the Montclair State wrestling team was held honoring Jeff Rosen and Jim Grieco as most valuable wrestler and head coach Henry Ferris, JV coach Jerry Lewis and assistant coach Jerry Lewis and assistant coach Jerry Barks were on hand to remind the team of their very successful season.

This year's matmen had the most wins on the team with the most wins on through to win in the District 31. He also took a fifth place in the Nationals Sophomore Jim Grieco, last year's outstanding freshman, took the trophy for the most improved wrestler.

Jim showed continued improvement throughout the season and did much to bolster the entire team. Grieco, who wrestled at 145, took a second place in the Mets, won the District 31 tournament and went on to take fifth place in the National NAIA Tournament.

For height there is 6'6" Mike Carmingirt from Ramsey High, and 6'5" Mike Kent from New Milford High.

Luther Bowen's brother, Richard, heads the backcourt corps. The younger Bowen is 5'9", and like Luther, he also plays for East Orange High School.

The captain, Jeff Rosen and Carl Bateman, in the name of the team, presented Coach Ferris with a gift in appreciation for his work.

Recent Wins Boost Track Team Record

Montclair State's track and field team upped its season record to 10-1-1 by beating Jersey City State and Monmouth College 117½, 251½ and 34 at Sprague Field April 20.

Running varsity and junior varsity combined, the Indians captured 12 out of 17 events. The opponents captured only one of the ten running events. The lone victor was Ray Barnine of Jersey City State in the 150 yard high jump with a time of 15.0 seconds.

Montclair had a triple winner with Jim Busch in the triple jump, broad jump and javelin. Busch won the broad jump with a leap of 21'3¾" triple jump with a 41'3" leap and the javelin with a distance of 170 feet. Landfried was clocked in winning times of 10.4 for the 100 yard dash and 23.4 seconds in the 220 yard dash.

Landfried also combined with Dave Bell, Jim Limbo and Dave Wiatier to run the 440 yard relay in 45.1. Edwin List beat Indian teammate Dave Bell to win the 200 yard dash in 23.2 seconds. James Santimeyer won the 880 yard run in 2:00.5 by edging freshman teammate Jim Cunningham. James Harris outdistanced teammates Ralph Veracchio and Louis Cotton to win the mile run in 4:32.5. Rodney Hamilton captured the 440 yard intermediate hurdles in 60.2 while teammate Mike Scardelli and Charles Croccoli finished third and fourth respectively.

The two mile run provided plenty of excitement when freshman Dale Rodgers kicked the last 220 yards to edge veteran teammate Ralph Veracchio with a time of 10:32.

The mile relay combined List, Hamilton, Harris and Santimeyer with a running time of 3:28.0.

Victors for the opponents in included Zilliacus (Monmouth) in the shot put with a toss of 33' 9", Cheloba (Monmouth) with a throw of 142'3¾" in the discuss Bateman (Montclair) with a height of 11' 6" in the pole vault and Salle's (AC) 5' 10" in the high jump.

VARSI TY BATMEN INCREASE SEASON RECORD TO 5 AND 0

Victories: Newark, Trenton, Monmouth

Rossi Cracks 2nd Homer of '67 Season

The varsity baseball team increased its season mark to 5 and 0, with three big wins over Newark State, 11-1; Trenton State, 13-6; and Monmouth College, 7-3.

Newark State Routed 11-1

With Frank Rossi cracking his second homer of the season. Coach Bill Dioguardi's Indians smashed Newark State, 11-1, at Sprague Field.

Pitching the first five innings and getting the win was Bob Bubiano who allowed only five hits, two of them in the fifth inning when the Squirters scored their only run. Doing the major-broadcast was Dave Bell, Jim Limbo and Dave Wiatier to run the 440 yard relay in 45.1. Edwin List beat Indian teammate Dave Bell to win the 200 yard dash in 23.2 seconds. James Santimeyer won the 880 yard run in 2:00.5 by edging freshman teammate Jim Cunningham. James Harris outdistanced teammates Ralph Veracchio and Louis Cotton to win the mile run in 4:32.5. Rodney Hamilton captured the 440 yard intermediate hurdles in 60.2 while teammate Mike Scardelli and Charles Croccoli finished third and fourth respectively.

The two mile run provided plenty of excitement when fresh-
