Disneyland Theme for Carnival this Weekend

As you leave school this afternoon, you will probably notice a new organization taking its place in front of College Hall between College High and Annex two. This will be the site of the 20th annual Carnival to be held tonight and tomorrow.

The theme of this year's event is "Walt Disney: A Man of Tomorrow." This is a partial title because a number of activities will be presented in honor of the many contributions Walt Disney made to show business and the world in general.

Since Disney's influence has spread to many areas, on-campus, Tom Stepnowski and Lois Hillenbrand, WVMS begins broadcasts.

Prior to the opening of the organization, headed by Edward P. Helvey, received a $15,000,000 College Bond Issue tion.

The state of New Jersey owes much to Miss Grace M. Freeman, teacher, assemblywoman and civil rights advo-...
Tartuffe provides Delightful Glimpse Into the Follies of Man
by Leslie Anne Hair

As the house-lights dimmed, four "seventeenth century spectators" slowly walked down the aisles of Memorial Auditorium and took their box seats. Meanwhile, a young actor "ill" the "candles" at the foot of the stage. Within a few moments, the audience at Players' recent production of Molière's Tartuffe became a part of the elegant and rowdy world of seventeenth century France.

Molière's play is the story of the "pious" Tartuffe, a religious hypocrite who gains control of the household of the deluded and gullible Orgon. Tartuffe not only has Orgon make him heir to all his lands, but also attempts to seduce the old married woman (Armandine). Molière shows the audience the follies and foibles of men.

"I may be pious, but I'm human too. I'm no angel," says Tartuffe. "No one is," says Molière seems to say.

or the state of society. Instead, he is commenting on human nature. Each of his characters represents a universal type rather than an individual -- the puritanical mother-in-law (Madame Pernelle), the foolish old man (Orgon), the wise and reasonable brother (Claunus), and, of course, the hypocrite (Tartuffe).

Although only 15 people attended the meeting, many problems were discussed -- among them, financial problems and the problem of publicizing meetings. In the future, the meetings will be announced in the Commuter Chronicle, Montclair, and through the voice of Montclair State.

The veterans will erect a booth at Carnival this year where prospective recruits can learn what the different branches of the service have to offer. Slides will be shown from time to time of Paris, the Ho Chi Minh Trail and other parts of the world.

The veterans of Alpha Sigma Mu intend to dedicate themselves to helping future veterans who will come to Montclair State College.

Senior Highlights

Rev. Harmon to Speak at Baccalaureate

The Reverend John Harmon, pastor of St. James Episcopal Church, Upper Montclair and advisor of the college Protestant Foundation will be the principle speaker at Baccalaureate service, Sunday, June 4, at 1 p.m.

The arrangement was made by John Van Zanden, president of the senior class and confirmed by the President's office late last week.

Ticket Sales

Bids for the Senior Ball and tickets for the Senior Banquet have been on sale in the Fishbowl since Monday, May 1. Bids are being sold on a first-come, first-served basis.

The cost of bids for the Senior Ball which is being held at Thomson's, 80 Park Avenue, Newark, May 31, at 8 p.m. are $7.50. Since the Ball is a formal affair, arrangements have been made for the senior men to rent tuxedos from 9 a.m. to 4 p.m. May 17. The cost is $9.00.

Tickets for the Senior Banquet are being sold for $1.50. The Banquet will be held at the Coronet in Irvington, Monday, June 5.

President Richardson Addresses Class

President Richardson addressed the senior class yesterday in Memorial Auditorium at 12 noon.

In addition to Dr. Richardson's address, important graduation information was given out at this time. All seniors were excused from regular classes at this time and were requested to attend.

Senior Assembly

The Senior Assembly will be held Tues., May 16, at noon in Memorial Auditorium. All Seniors are excused from classes during this hour. Seniors interested in participating are requested to leave a note on the class bulletin board in Life Hall.

Commencement Announcements

John Van Zanden, president of the senior class, has announced that the seniors will have two formal graduation announcements free. Extra announcements can be purchased at the Fishbowl. The cost is 85 each, 3 for $2.00.

Senior Club Presenues

The College Life Union Board will feature Robert Peterson, a famous lecturer, in its last presentation of the lecture series on Tues., May 16, at 8 p.m. Mr. Peterson will speak on "Brummia." Student tickets cost $0.50; adult tickets, $1.00 and students with SGA cards, free admittance.

Also, on Fri., May 19, at 8 p.m. in Panzer Gymnasium, the Four Seasons, a rock 'n roll group of great renown, will appear in concert at MSC. Tickets for students with SGA cards will cost $2.00; all other tickets, $3.00.

Art Show Opens In Life Hall by David Hughes

A one-man show of 20 recent drawings, portraits and constructions by Florian Jenkins is currently on display in Life Hall. The show, sponsored by the Block Art Service, runs from April 20 to May 7.

Mr. Jenkins graduated from Arts High School, Newark, in 1966, and from Newark School of Fine and Industrial Arts in 1964. He also attended the Arts Student League and Newark College of Engineering, where he studied plastic technology. He has had exhibitions at the World's Fair Paris Pavilion, the Cultural Exchange Center in New Delhi, India, and elsewhere. Presently, he is represented in many fine collections of contemporary art both here and abroad.

The pen and ink drawings in the exhibit are done with very fine, detailed calligraphy. The oil paintings, however, have a very thick texture in comparison. One oil, "Burnning Night," seems to be composed of thick scraapers. The use of this technique reaches its highest sophistication in the portrait "Florine." This work is composed of strips of cardboard built into contrasting facial contours, painted oils.

This is a very interesting individual artist, and his work are definitely worth seeing.

MONTCLARION

Page 3

The Dark Ages

Deann Allan Morhead addresses the audience at the 27 hour Marathon.

The Dirty Birdies

The Carlisle Trio

MUCH ADO ABOUT SOMETHING

More than 400 participating students proved that there was "Much Ado About Something" at Montclair State College last weekend. The Marathon, sponsored by the Student Government Association, the Marathon, consisting of 27 hours of continuous entertainment, was held from 8 p.m. Fri., April 14, to 11 p.m. Sat., April 15.

The purpose of the Marathon was to stress the need for a new student union building on campus. Life Hall, the present student union building, was originally built to accommodate 1800 students. With an expanding enrollment of over 4000, the students now need larger facilities. The proposed building will provide lounge areas for students and faculty members, plus space for student organizations, recreation rooms, television rooms, a "cigar"-listening lounge, reading rooms, a college store, barber shop, bowling alley, cafeteria, ballroom, student organization work and file center, a VIP room, snack bar and an information area.

Planned Since Fall

To stress the need for this building, many students contributed their time and devoted hard work to the Marathon committee. Headed by Joseph Klar, the committee had worked since the fall semester to plan the 27-hour program.

They began publicizing the event by sponsoring a contest to name the Marathon. Bonnie Marrano and William Ort were awarded an alarm clock for their winning title, "Much Ado About Something."

The Marathon itself consisted of entertainment in the forms of speeches, various b n d s, singers, musicians, children's shows, comedians, a panel discussion and a sing along. The entire entertainment program was co-ordinated by Bonnie Marrano and Andy Patera.

Basketball Game Breaks

During the scheduled performances, the fraternity brothers of Gamma Delta Chi played a continuous basketball game to break the interscholastic basketball record of 31 hours and 13 minutes, set by two freshmen at a Texas school. The early morning rain forced the game to be moved to the gymnasium. However, the brothers continued playing and set a new basketball record of 31 hours and 42 minutes, with a final score of 1,646 to 1,626.

Another attraction running simultaneously with the entertainment was the "drivethru," sponsored by the Montclair State Sports Car Club. A 1967 Karmann Ghia, owned by Ted Zimbats of West Orange, was driven around the campus at an average speed of 15 miles per hour for the entire 27 hours. Twelve students took turns driving the car along the 1.14 mile course. The car traveled a total of 386 miles using between 15 and 20 gallons of gasoline.

A 27-hour "Stay-Awake Contest" was featured with 23 participating students. The winner was Linda Bippel, representing Delta Omicron Pi.

The entire Marathon was broadcast over WFMU, the radio station of Upsala College. This was arranged through Edward Helvey, chairman of the Student Government Association. News coverage of the event was planned by Richard Langbein, John Finegan and Frank Crippes. Stories of the Marathon appeared in the Newark Star Ledger, Montclair Times, as well as the Montclairian.

Money Pledged

Throughout the Marathon, announcements of money pledged for the building were made. A total of $800 has already been received out of $1,000 that had been pledged. The Marathon ticket sales amounted to $383. One personal donation of $4 by an anonymous Paterson State girl was given with the statement, "The students of PSC are jealous because the facilities at Paterson are worse than at Montclair. Here's $4 anyway."

Congratulations Extended

Many congratulatory letters were received by the committee from such people as Dr. Harry Sprague; Graeme Reid, mayor of Essex Fells; and Robert Ferris, mayor of Montclair, as well as letters from parents you and all the members of the board of the College Development Fund.

Many other congratulatory letters were received by the committee from such people as Dr. Harry Sprague; Graeme Reid, mayor of Essex Fells; and Robert Ferris, mayor of Montclair, as well as letters from parents you and all the members of the board of the College Development Fund. The Board of the College Development Fund, I wish to thank you and all the members of your committee for the splendid success of the 27-hour Marathon last weekend . . . All of us on the CDP Board have had many opportunities to realize the merits of Montclair's students. Again, in this instance, you have shown yourselves to be a superior group of young citizens."

Mrs. Lois Redd expressed her interest in the Marathon by writing, "I want to give you my heartfelt congratulations on the Marathon project. I listened on the radio and was absolutely thrilled with the Montclair spirit . . . . Mrs. Mary McKnight wrote, "Congratulations to . . . everyone connected with the Marathon for a magnificent job. You not only helped our own college but also gave a lift to the cause of the American student everywhere."

Another letter of commendation from Mrs. Anthony Graziano of Newark said, "I was listening to the Upsala radio station . . . I was so proud of all of you . . . When the news came on television after 11 o'clock Saturday night, and I saw the films of the march in New York against the war in Vietnam, I wished that I could get up and shout the good news about the students at Montclair and what they were doing . . . My very best wishes to all of you.

Donations Still Accepted

The Marathon committee is still accepting donations from all those who desire to contribute to the goal of a new student union building on Montclair's campus.
**Professor Thomas Millard Seeks Orange Council Seat**

Thomas L. Millard of the department of sociology at MSC is a candidate for the South Ward council seat of Orange, N. J. Mr. Millard feels that it is his duty as a professor to take part in community affairs.

This candidacy means many things to the college. "Educators have held back from the community too long," says Mr. Millard. They have been in a position of learning, but have not taught, nor have they offered them to the community for its benefit, theirs, and that of their students.

There is a great cry today for professors to move away from "book-oriented" teaching courses. One cannot speak on theory solely. One must have experience to practical examples in his classes. The professor who is active in community affairs inspires his students to do likewise.

Mr. Millard is obviously not the only professor who feels this way. Several other faculty members at MSC have run for political office.

The professor adds that especially in his area, sociology, working with people is of vast importance. The subject is people. He says that this election and politics will be discussed in his courses. Who or how, Mr. Millard reiterates, he will be much more experienced and intelligent in that area.

Mr. Millard is being assisted in his campaign by Mr. Lawrence Riley of the history department. These professors are setting an example for us: the greatest contribution that we can make is the sharing of our skills and talents.

**Financial Aids**

by Ulrich Neuner

Many agencies offer financial assistance to college students: communities, states, foundations, corporations, and local government. The purpose of this article is to give some general information concerning scholarships, loans, or grants, that should be consulted with Mr. Richard C. Mattingly in the Personnel Office in the College Hall.

The following books which may be found on the reference shelf of most high schools, public and college libraries may assist students in better understanding and making financial aid applications:

- American Junior Colleges
- American Council on Education
- American Universities and Colleges
- American Council on Education
- Barlow's Educational Series
- Brownstein, Weiner, and Kaplan
- New York
- The College Handbook
- College Entrance Examinations Board
- Princeton, New Jersey
- Financial Aid for College Students: Undergraduate
- Therien B. Wilkins

---

**Need Revived for Increase in The SGA Activities Fee**

Students need and interest fans out into every corner of the college campus and beyond. As our student body and activities expand, the possibility of increasing student activities has become a pressing reality.

The first question one might ask is whether or not student activities should exist at all. To this point it states: "Organized student activities in higher education have come to be viewed as essential to the overall educational process at a university." Add to this administration approval the obvious support, respect and attention, and a consensus of the college community is attained.

Student activities necessitate student activity fees. In the current state of affairs, there is a direct relationship between them. It is precise to this relationship which has taken place in the past. Because of the greater emphasis on student activities the question of raising the student activity fees must be considered.

The bare fact of the matter is that you can have only so many activities when you have a certain amount of money. The next question to be put before each student is: DO SPECIFIC INCREASES IN STUDENT ACTIVITIES FEES WARRANT INCREASE IN STUDENT ACTIVITY FEES? A referendum will be held on Thursday, May 11 in conjunction with Class and Legislative election. Your "yes" vote will be a vote for increasing the student activity fees from $23 per semester to $30 per semester. A "no" vote is a vote to retain the present fee.

Do you want more and better sports programs, more clubs, better plays, more publications, a continued college broadcasting station, better political speakers, better Senior activities fee?

---

**WVMS**

(Continued from Page 1) well represented, Members of the WVMS staff who attended the dance were: Ernie Jager, Blaine Zemke, Janet Carrano, Linda Smethie, Carolelith Smith, Shari Gurski, Tom Manning, and Mr. Michael Greaco, newspaper advisor.

During the business part of the meeting, new officers of NJCPA for the coming year were elected. Ernie Jager was elected President, Blaine Zemke, Vice President, and Martin Zemke, Secretary-Treasurer.

**Quarterly**

(Continued from Page 1)
Everyone likes a confident girl!

 hasn’t you ever noticed the difference between popular girls and not-so-popular girls is that popular girls always seem poised, assured and self-confident? Well, the chances are good that a self-assured girl has made certain that she can stay that way every day of the month. With Tampax tampons. Tampax tampons help a girl stay at her best every day of the month. They’re reliable. In place internally they are completely invisible. And tell-tale odor just doesn’t form.

This is not to say that this issue of Quarterly, note especially the poems from the interior, from Winter, 1966 is even more successful. The central imaginative work "Poem for Marilyn by Paul Larsen, in Quarterly, Spring (1966), is vastly more successful than any of his work this year. Unchanged and as the Circle Stayed Unbroken are at best weak attempts in the present issue. Table lady and The 8:30 Special are cute but only for reading...

Home Ec. Majors Tour Cedar Grove Shop Rite

The Cedar Grove Shop-Rite became a "living laboratory" for freshmen home economics students at Montclair State College recently, when two groups toured the store as part of their Introduction to Foods course.

Another group will participate in the program in the near future. The store is located at 387 Pompton Ave., Cedar Grove production departments where an extensive discussion of the merchandise and department managers. The store’s food operations, departments, and a general manager, Dave Shumaker and Elizabeth Kelly of Montclair State, concentrated on the preparation, production and packaging of the perishable foods Operations and Sam Armano, store management.--

A demonstration of produce trimming, washing and packaging was presented to each of the groups composed of about 20 students. A question and answer period and coffee break were held in the office after the tour.

Larry Ficks in evaluating the program said he was very pleased with the talks and hoped other groups would visit Shop Rite Supermarkets. "We feel it’s very important for these students to have an understanding of the supermarket business, and the tours and demonstrations they did provide an excellent opportunity to gain insight, both for the girls and ourselves."

Pre-Registration information

Pre-Registration materials will be available from all major department offices on Tuesday, May 9, 1967. All students must report for pre-registration meetings according to schedule. Only this one meeting will be acceptable. To achieve credit for this meeting the student must be subject to a late registration fee and will forfeit choice in scheduling.

At the present time the college is beginning a program of rapid registration. For the student who is unprepared to be registered will be greater than originally anticipated. In addition, several buildings that were scheduled to open in September have experienced delays in construction. It is therefore necessary that all classroom facilities be utilized at full capacity to accommodate every student. With the addition of all course sections offered must be utilized and balanced in accordance with other sections of the same course.

It is hoped that students will understand the problems at hand and realize that there are occurring difficulties that prevent the college from giving every student a perfect "schedule." Every effort will be made on the part of the Office of Registration to provide students with their first and second choices of schedule.

in the Moniclarion staff regret what there are only "tweilTf-odd days before
I think continually of those who were truly great.  
Who, from the womb, remembered the soul's history  
Through corridors of light where the hours are suns  
Endless and singing. Whose lovely ambition  
Was that their lips, still touched with fire,  
Should tell of the Spirit clothed from head to foot in song.  
And who hoarded from the Spring branches  
The desires falling across their bodies like blossoms.

What is precious is never to forget  
The essential delight of the blood drawn from ageless springs  
Breaking through rocks in worlds before our earth.  
Never to deny its pleasure in the morning simple light  
Nor its grave evening demand for love.  
Never to allow gradually the traffic to smother  
With noise and fog the flowering of the spirit.

Near the snow, near the sun, in the highest fields  
See how these names are feted by the waving grass  
And by the streamers of white cloud  
And whispers of wind in the listening sky.  
The names of those who in their liyoes fought for life  
Who wore at their hearts the fire's centre.  
Born of the sun they travelled a short while towards the sun,  
And left the vivid air signed with their honour.  

Stephen Spender
Lack of Student Support

Cause of Clean-Up Failure

"I am disappointed, deflated, dissatisfied and a number of other adjectives I wouldn't want quoted in the Montclarion," said the writer of an article on lack of student support that appeared in the May 5 issue of the newspaper.

The writer, who is a member of the Class of 1968, said that the Montclair State College student body has become "more active and more involved" in recent years, but that "the level of responsibility on the part of the campus, but also to alleviate the chaos. And they wonder why they you don't react, if you don't give us suggestions, we can't expend the SGA has 1. laid the groundwork for next year. Next year I can see a need for an increase in the time for availability of this service. In relation to this (4) a committee of SGA has been working on redesigning an art annex into a miniature Student Union for all-day use by the commuter body starting in September.

We have witnessed a major change in the structure of the SGA enabling them to handle student requests more efficiently for the benefit of the students.

The SGA is now being distributed to the community to keep them informed of the "happenings on the hill."
The credit is available to any person who pays the tuition. Thus, it would be available to students and workers as well as to parents and other relatives. For those with more than one child in college or graduate school may get a separate credit for each.

Over two-thirds of the bene- fits of the course went to families earning less than $10,000 a year," Ribicoff said. A student was allowed to receive the amount of the credit available to high bracket tax payers.

In offering the tuition tax credit amendment, Senator Ribicoff said there is an urgent need for tax relief for persons with the increasing costs of higher education. "In the long run," he said, "my amendment would serve all Americans. For our strength lies not just in the security of our state, but also just in the wealth of the factors of our vast, complex physical technolo- gy and in our ability to use these skills, in our ability to use these experiences, he gives us a poignant story, "An Artist and a Poet.""

"Gradually, however, the stu- dents began to gain greater understanding of the mysteries of news- paper language, but into the mechanics of language in general. They learn- ed that the type of words, "rough" is pronounced one way and "dough" in another. Only one year after the program began, love and marriage would be less of a strain on her than the ques- tion of linguistics."

"The rest of the class took a dim view of this, and one or two even proposed dalrly, "I'm going to get a more complete education." "I am ex- tremely interested in language." "I want to get more education," said a student who explained his interest in the English language. "I am interested in the English language problem because of his ethnic background, individual students eliminate the rolled "r", "a", "an" and "the" were all written in the area of language used and I'm pleased that "a", "an" and "the" were all written in the area of language used and I'm pleased that students who had been born abroad."

"In an essay recounting his ex- periences, he gives us a poignant story, "An Artist and a Poet.""

"Good Results

It is to give such lovely, con- siderate education to young people which they need that Dean Allan Morehead appointed Dr. Charity Runden as special counselor to the college and released his theme."

"The United States Senate has approved a $33.33-1/2 tax credit for students and that the schools have done what they can with the new challenge."

"The tax credit plan was offer- ed by Senator Abraham Ribicoff, D-Conn., as an amendment to a House-passed bill which would remove the investment tax credit to businesses."

"Under the amendment offered by Ribicoff and accepted by the Senate, the tuition and fees credit is 7.5 per cent of the first $300 paid, 25 per cent of the next $200 and 10 per cent of the next $1,000. The credit is, however, subject to the income tax owed the government."

"COUNSELOR OPENINGS IN BOYS' CAMP"

Openings include baseball, basketball, tennis coaches, Red Cross lifeguarding and sailing, overnight camping, photography, fine arts.

See Placement Office for ma- terial. Write: Section B, Box 377 Irving Avenue, South Orange, N.J. 07079. 201-762-6262.

The women of Lambda Omega Tau would like to thank everyone who helped make our Blossom Day such a success this year. We made $165 which will go to Camp Hope.

We want to congratulate Ellen Pookstein for being accepted by the Peace Corps to go to the Peace Corps to go to the Peace Corps.

The sorority's chairmen for the Pledge Night, Linda Kenefick, has been accepted by the Peace Corps to go to the Peace Corps.

Lambd Omega Tau

On May 20 the women of Cappa Mu Epsilon, the national mathematics honor fraternity, will hold a scholarship drive in order to raise funds for scholarships.

On Wed, April 26, our Delaware Chapter held their annual Parent-Daughter Dinner in the Hotel Piccadilly. A dance will follow at 8:00 p.m. in the gym.

The photographs of the contestants will be hung in the bookstore and the winner will be selected on the basis of a vote, that will take place on May 19.

Any male student at the college may enter by filling out an entry blank which can be obtained from any sister in Sigma Delta Phi.

The ribbon ceremony and the Miss Sigma Delta Chi contest will be held at 7:30 p.m. in the amphitheater. A dance will follow at 8:00 p.m. in the gym.

The photographs of the contestants will be hung in the bookstore and the winner will be selected on the basis of a vote, that will take place on May 19.

Any male student at the college may enter by filling out an entry blank which can be obtained from any sister in Sigma Delta Chi.

If there are any questions about the contest, please contact Joan Nicola at 278-2728.

KAPPA SIGMA RHO

The women of Kappa Sigma Rho are proud to announce their candidates for the spring pledge class. They are: Donnala Fernandez, Mary Hepp, Ellen Kelly, Madeline Madoff, Arlette Murphy, Diana Oberst and freshmen: Jay Benezuato, Mary Beat, Jane Bogosian, Pat Bremmen, Michelle Cappetta, Joan DeCecco, Regina Nicola, Nancy Turlitti, and Linda Vasco.

Congratulations to Bonnie Marranca, newly-elected secretary of the SGA. Also congratulations are extended to Sheila Stein on being elected secretary of Pi Delta Phi, the French honor society, and to Karen Gerski, a Dean's List student and recent inductee into Apheston, the math honor society.

The sorority's chairmen for the Pledge Night, Linda Kenefick, has been accepted by the Peace Corps to go to the Peace Corps.

Many thanks to Grace Carrare- cino and Joan Beyes as our current pledge class. Our girls are looking forward to meeting everyone to Carnival.

Engaged

Roseanne Kappeloo, ’87, Delta Sigma Chi to Robert Gutmann, Flq. Sig. Holly Halvorsen, ’86, Delta Delta Chi to Ed Kropackin, ’87, Phi Delta Beta, Bloomfield College.

A P H E S T O N

Aphesian, the local chapter of Kappa Mu Epsilon, the national mathematics honor fraternity, was granted the privilege to induct its first new members into Apheston. Among them was Gary Savercool, a sophomore Spanish major.

To be eligible for membership, a student must have completed twelve semester hours of mathematical work, must have at least a 3.2 average in math, and have no grade lower than a "C".

Once nominated for Aphesian, a student must submit a 3,000 word essay on a mathematical topic of his choice. This must be approved by the adviser of his major and judged by the Math Honor Society and the faculty. In addition, the nominee must present a five minute speech on his topic at the initiation meeting.

Having met these requirements, the student is then inducted into KME. The new members of Aphe- ston are: Ralph Anzeilmo, Gary Bertin, Myra Ceres, Myron Fo- rcel, Walter Gesmano, Karen Gerski, Joseph Kaliko, Andrew Keybida, Glenn Kieper, Elynn Laos, Virginia Miller, Jennifer Musick, Joan Nichols, Pete Ros- si, Judy Smith, Marjorie Stucka, Christine Ulaszewski and Denise Winer.

President Bruce De Young also bestowed honorary membership upon the adviser to Aphesian, Dr. Max Sobel and Dr. Thomas Hill.

MONTCLAIR

Field Trip Scholarship

A $350 scholarship will be awarded to a junior social studies major for a field trip to Nova Scotia, Quebec, Montreal, Gaspe places will be visited, including New England.

The trip, planned for July 25-31 is sponsored by the Bureau of Field Studies. Participants in this program will receive three college credits.

Students interested in the trip and wish to be considered should contact Edgar C. Bye in the field studies office, College Hall. Since the trip is limited to 12, Mr. Bye urges students to register as soon as possible.

Many historic and scenic places will be visited, including Montréal's "Expo '67."
Montclair Team Wins State Science Bowl

Montclair State College, for the third time, became the winner of the New Jersey Colleges Science Bowl, held April 25, at Glassboro State College. On this occasion, top science students from Trenton, Jersey City, and Montclair matched wits in a contest modeled after the General Electric College Bowl, which was twice won by Montclair on previous occasions.

Montclair State's student ex- pert was included two seniors, An- thony Pieter and Joan Garber- in, and junior Ed Faleski. An- thony Pieter is a 1963 graduate of Clifton High School. He was formerly president of Clifton Delta Chi fraternity. Official- ly, Tony is a biology major, but he has a second major in chemistry and will graduate as a chemical engineer with taul of 150 semester hours' credits. He will be going to grad- uate school at the University of Minnesota.

Florida in Miami under a $10,000 3-year period. Tony will special- ize in biochemistry. His fel- lowship will help him with his M.S. and on to his Ph.D.

Joan Garbarino was a 1963 graduate of Columbia High School at Palisades Park. She is a chemistry major with a minor in mathematics. She will graduate with 140 semester hours' credit and has been on the Dean's List since her fresh- man year. Joan's major is scholarship and membership in Sigma Xi Sigma and Kappa Delta Sigma. She plans to utilize a $5000 Harvard Fellowship for an M.A. degree in the teaching arts.

A 1964 graduate of Columbia High School in Palisades Park is a chemistry major, but has an additional major in chemistry. Ed has taken so many ad- ditional courses beyond the re- quired courses in science, that he will graduate with approximately 160 semester hours to his credit. His main interest is in molecular biology and bio- chemistry. He has been involved in a great deal of independent laboratory research. Ed is also a member of Alpha Eta Sigma and the varsity fencing team.

Television Returns to MSC

Television has returned to MSC. The acquisition by the Audio-Visual Center of two video-tape recorders (VTR) is one of the first steps in reactivating television at MSC. Programming is being experimented on, according to Mr. Paul, Clifford, chairman of the depart- ment.

With the revised system, the student who picks the major area of mathematics is indicated by the digits of the number assigned to it. The 100 level designates freshman courses, while the 200, 300, and 400 lev- els designate sophomore, jun- ior, and senior courses, respect- ively. Those numbered 500 and 600 are graduate work.

Within each level, the areas of mathematics are indicated as follows: 00 to 09, general education; 10 to 19, special courses available to majors with permission; 20 to 29, analytic; 30 to 49, technical and applied mathematics; 50 to 70, methods and curriculum; 70 to 90, sem- inars and conferences.

A new freshman general edu- cation course, with the title of "Patterns, Strategies and Decisions" (Math 101), may be offered in the freshman year if the students show enough interest in it.

Montclair State is responding to the demands for industry of emphasis on one day of college courses. In intro- ducing four new courses at the graduate level, the department in pure mathematics will eventually be offered in line with the liberal arts program.

Carnival

(Continued from Page 1)

Game Booths

Entertainment

In the realm of entertainment, Carnival has Agoro's "Agoro- duct;" class of 1969, the "Pron- tice, Nfa, a Judo, a Rudo Demonstration; Spanish Club; "Playing David, "Middle Eastern Adven- ture;" Senate, "Music of Yo- momo; Sigma Theta Epsi- lon, "Mad Hatter's Tea Party."

The souvenir booths are: lotar; "Hexagon of the Future, the class of '70; "Kuddar Ka- toons; Dalph's Papa Gopet- to's Puppet Shoppe."

Coach Dave Watkins and President Thomas Richardson con- gratulate Luther Bowens, newly elected captain of MSC basketball team.

Montclair Elected

Captain of MSC Cagers

Luther Bowen, a first team selection this past season for the New Jersey State College Conference and New Jersey Basketball Writers teams, was named Montclair State Col- lege's most valuable player for the 1966-67 season, it was announced by Dave Watkins, the Indians varsity basketball coach.

One of five sophomores past year, Bowen scored 443 points in 28 games, an average of 15.1 points per game.

The 5-10 sharp shooter from East Orange was second in field goal percentage with a 47.2% effort. He also scored in second in free-throw percentage with a mark of 78.6. Bowen turned in two of the best single- game scoring efforts hitting better than 47 points for 37 against Central Pennsylvania.

Montclair State College, for the third time, became the winner of the New Jersey Colleges Science Bowl, held April 25, at Glassboro State College. On this occasion, top science students from Trenton, Jersey City, and Montclair matched wits in a contest modeled after the General Electric College Bowl, which was twice won by Montclair on previous occasions.

Montclair State's student expert was included two seniors, Anthony Pieter and Joan Garber-in, and junior Ed Faleski. Anthony Pieter is a 1963 graduate of Clifton High School. He was formerly president of Clifton Delta Chi fraternity. Officially, Tony is a biology major, but he has a second major in chemistry and will graduate as a chemical engineer with at total of 150 semester hours' credits. He will be going to graduate school at the University of Minnesota.

Florida in Miami under a $10,000 3-year period. Tony will specialize in biochemistry. His fellowship will help him with his M.S. and on to his Ph.D.

Joan Garbarino was a 1963 graduate of Columbia High School in Palisades Park. She is a chemistry major with a minor in mathematics. She will graduate with 140 semester hours' credit and has been on the Dean's List since her freshman year. Joan's major is scholarship and membership in Sigma Xi Sigma and Kappa Delta Sigma. She plans to utilize a $5000 Harvard Fellowship for an M.A. degree in the teaching arts.

A 1964 graduate of Columbia High School in Palisades Park is a chemistry major, but has an additional major in chemistry. Ed has taken so many additional courses beyond the required courses in science, that he will graduate with approximately 160 semester hours to his credit. His main interest is in molecular biology and biochemistry. He has been involved in a great deal of independent laboratory research. Ed is also a member of Alpha Eta Sigma and the varsity fencing team.

Television has returned to MSC. The acquisition by the Audio-Visual Center of two video-tape recorders (VTR) is one of the first steps in reactivating television at MSC. Programming is being experimented on, according to Mr. Paul, Clifford, chairman of the department.

With the revised system, the student who picks the major area of mathematics is indicated by the digits of the number assigned to it. Within each level, the areas of mathematics are indicated as follows: 00 to 09, general education; 10 to 19, special courses available to majors with permission; 20 to 29, analytic; 30 to 49, technical and applied mathematics; 50 to 70, methods and curriculum; 70 to 90, seminars and conferences.

A new freshman general education course, with the title of "Patterns, Strategies and Decisions" (Math 101), may be offered in the freshman year if the students show enough interest in it.

Montclair State is responding to the demands for industry of emphasis on one day of college courses. In introducing four new courses at the graduate level, the department in pure mathematics will eventually be offered in line with the liberal arts program.
The Montclair State University baseball team increased its season mark to 3-0 with a 21-2 victory over the University of Wisconsin-Oshkosh. The large contingent of guards includes Guy Bonanno, 6'1" Danford, Fred Keimel and Bob Bisbano who allowed only five hits. The team's performance was highlighted by a strong pitching effort from Joe Comba, who allowed only one hit and struck out seven batters in six innings of work. The Indians' bats were led by a triple from John McCormick, who drove in four runs. The victory was particularly important for the team's overall record, which is now 21-2. The team's next game is scheduled for Saturday, April 15, against the University of Wisconsin-La Crosse at 2:30 p.m. at Sprague Field.
