Richardson Representative On Higher Education Board For Six State Colleges

The presidents of the New Jersey State colleges have selected Dr. Thomas H. Richardson, President of Montclair State, to represent them on the new State Board of Higher Education, pending the formation of a Council of State Colleges. It is firmly established, it will elect its own representative to the board. The Council of State Colleges is one of the new bodies coming into being in connection with the reorganization of education in New Jersey. It will be made up of the state college presidents and the chairmen of the local boards of trustees. Dr. Richardson will serve as a liaison between the State Board of Higher Education and the Council of State Colleges.

Joins Other Educators
Along with representatives from Rutgers, Newark College of Engineering, and the Community Colleges, he will meet regularly with Chancellor Ralph A. Dungan and his State Board of Higher Education, Ralph A. Dungan, the former chief Ambassado-

dor to Chile, has a strong conviction that the colleges of New Jersey must be improved.

Since the State Board of Higher Education was formed on July 1, there has been one organizational meeting on Sept. 15. At future meetings, Dr. Richardson and his fellow representatives will discuss problems of the colleges and ways to solve them. One of the major problems they face is the increasing number of college students. The State Board of Higher Education and the Council of Higher Education are working together to accommodate the growing number of college students.

Background
A graduate of New York State University College at Oswego, Dr. Richardson holds an M.A. and a Ed.D from Columbia University. He has also studied in England and Germany.

Dr. Richardson has headed Montclair State for the past three years. He was formerly dean of the college and has also served in the same capacity at Jersey City State. During the 1960's he was superintendent of Air Force schools in England, Germany, France, and North Africa. He is currently chairman of the Committee on Federal Programs for the American Association of State Colleges and Universities, and he is also vice president of the New Jersey Association of Colleges and Universities.

The members of the State Board of Higher Education are:
- William O. Baker, Vice President for Research at Bell Telephone Laboratories,
- Edward E. Roeper, President of McGraw-Hill Book Company,
- Charles H. Brower, Batten, Barton, Durstine and Osborn.
- John T. Connor, President of the Allied Chemical Corporation;

Forty-five MSC seniors have been selected as semi-finalists in the election for placement in Who's Who Among Students in American Colleges and Universities. The nationwide annual honors outstanding college seniors who have displayed great achievement in scholarship, participation and leadership in academic and extra-curricular activities, citizenship, service to the school and professional promise. Moreover, the book serves as a basis for placement and referral service for employers.

Voting Procedure
Voting procedure and ballot tabulation are coordinated by Raymond M. Stover, Assistant Director of Students and a committee from the SGA Legislature. Balloting performed by the SGA Legislature and Executive Board, department chairmen, members of the Administration, the Student Personnel Department and the senior class advisors, is accomplished in two rounds. The first ballot names every member of the senior class; from this list each voter chooses those 20 persons whom he feels best meet the criteria for selection. Those 40 semi-finalists receiving the greatest number of votes are then eligible for the final election.

Second Ballot
With the second ballot, the voter receives both the grade point average and the four most significant achievements of the candidate. The names of the twenty students receiving the highest number of votes are then submitted to the national publishing office for confirmation. Local announcement of the winners will be made by the Senior Class. The first ballot is due Oct. 20, so that an estimate of those expecting to attend may be made.

The menus of the evening, as it has been presented by Terri and Pene is as follows: Fresh Fruit Basket, Pottage Longchamps, Roast Vermont Turkey, Sweet Potatoes, Fresh Carrots and Peas, Salad, Rice and Baskets, Ice Cream, Parfait and Coffee.

Formal engraved invitations will be given to couples attending. The parade floats will be judged at 11:00 A.M. on Saturday, Oct. 21. Voting will be kept anonymous, and a prize will be awarded to the school having the highest percentage of voters.

The parade will be preceded by music for dining and dancing. Glassware favors will be given to the girls.

Forty-five Semi-Finalists in 'Who's Who'

College Life Union Board announces its 1967 Homecoming weekend—Fri., Oct. 20 through Sun., Oct. 22. The theme for Homecoming will be A Night in Europe and the setting of parade floats will concern "great books of literature.”

Chairmen for Homecoming are; Nadine Udall and Leonard Elowitz, co-chairmen of homecoming committee, William Sillow, traffic; Bonnie Potter, awards; James Hoyt, cleanup; William Lang, public relations; Dave Fogg and Steve Rahn, communications and sound; Lily Hoffman, dormitory committee.

The first event of the weekend is float construction, which will begin at 7:00 P.M. on Oct. 19 in the freshman parking lot and continue until 2:00 A.M. Saturday morning. The freshman class will sponsor a bonfire and pep rally on Friday night. The sophomore class will sponsor a dance the same night; dance committee chairman is Charlie Cheatham. Float construction will resume at 7:30 A.M. Saturday morning and continue until 10:30 A.M. on that day. There are 24 floats entered in the contest.

The parade will begin at 1:30 P.M. on Saturday, Oct. 21. At halftime the float contest winners will be announced and will tour the track. The 1967-68 Campus Queen, Nadine Udall, will present the trophy to the winners of the contest (in accordance with MSC tradition).

The Homecoming Queen, Nadine Udall, sponsored by Phil Lamoria, Phil, and the Parade Marshall, Ray Young, president of MSC's Alumni Association, will lead the parade in the first car.

Football Game
The football game against South Connecticut will begin at 1:30 P.M. Saturday. At halftime the float contest winners will be announced.

Homecoming Weekend Activities Announced
ANNUAL EVENT EXPECTED TO DRAW LARGE CROWDS

Floats will be judged at 11:00 A.M. on Saturday on the lawn of Bond House on Valley Road. Voting will be based on originality, adherence to theme, and construction. The parade will begin immediately afterward, at 12 noon, at the college, proceed into Upper Montclair and then return to the football field.

The Homecoming Queen, Nadine Udall, sponsored by Philip Lamoria, Phil, and the Parade Marshall, Ray Young, president of MSC's Alumni Association, will lead the parade in the first car.

Football Game
The football game against South Connecticut will begin at 1:30 P.M. Saturday. At halftime the float contest winners will be announced and will tour the track. The 1967-68 Campus Queen, Nadine Udall, will present the trophy to the winners of the contest (in accordance with MSC tradition).

On Saturday evening Phil Ochs will appear in concert at 8:00 P.M. Jackie Vernon will entertain on the same evening. Chairman of the concert is Terry McGilley.

Phil Ochs
Phil Ochs is the internationally famous American singer who has been called "one of the brightest new stars on the comedy horizon."

Phil has appeared in clubs clubs from "The Riverboat" in Toronto to "The Troubadour" in Los Angeles. He has given solo performances in many cities across the country.
FROSH TO ELECT
CLASS LEADERS
by David Levine

Thirty-five daring freshmen have tossed their hats in the ring for the freshman class elections to be held on Thurs., Oct. 19 in Life Hall.

For president, five candidates handed in satisfactory petitions:

Kevin Santini, a music major from Belleville, has participated in numerous athletic and political events during his high school career. Maura Moran, an English major from Rahway, has had experience as student council representative during her junior and senior years at high school. Neal Moe, also an English major, lives in Closter. Neal has held positions on high school publications as well as president of Future Teachers.

David Flagg, a fine arts major concentrating in majorettes, has been involved in numerous high school social activities. Joey Haughton, a math major from Brick Town, has participated in various sports activities during his high school career.

Six candidates are running for the office of vice-president:

Sharon Lamome, a physics education major from Asbury Park, has had experience in various political offices as well as being a member of several high school clubs.

Joey Haughton, a math major from Brick Town, has participated in various sports activities during his high school career.

For the office of secretary there are six candidates:

Dave Levine, a social studies major from Newark, has served on the school newspaper and yearbook staff.

Zbigniew Smith, a dorm resident, comes from Lyndhurst. He has served as a student council representative and as the recipient of several awards.

Cheryl Nobile, a home economics major, comes from Gutenbergh. At high school she participated in several clubs as well as holding the position of vice-president of Future Teachers.

Virginia Skewart, a liberal arts student from Tennekeek, has been a cheerleader, vice-president of the senior class, and a member of the National Honor Society. Carmen Butzen, a Spanish major from Ridgefield Park, has served as a student council representative and as president of the junior and senior class.

Seven candidates are running for the office of executive committee:

Dawn Sova, a math major from Westfield, has had experience as a member of the Future Teachers, drama club, and the school newspaper.

Lynn Heiser, a math major from Wantagh, has had experience as a member of the National Honor Society as well as various high school clubs.

Cheryl Nelson, a home economics major from Rahway, has been a member of the chess club and the newspaper business staff.

Joanne Hobbs, a social studies major from Hackensack, has been a member of the Honor Society as well as the recipient of several awards.

Judith Wills, a dorm resident, comes from Asbury Park. Majoring in home economics, she has participated in the student council.

Barbara Anne Richards, a speech major from Ridgefield, has been senior class secretary as well as a member of the French club.

Lesa Henard from Paterson is also a social studies major. In high school she was on the newspaper staff and a member of the library staff.

For the office of treasurer there are six candidates:

Karen Lyons of Kearny is a business education major. She was active with the National Honor Society and the student council.

Kathleen Regan, a home economics major from Harrison, has served on numerous clubs including the Russian Club and the Honor Society.

Darlene Dodson of Wharton is a business education major. She was a member of the Honor Society as well as a participant in Girls' State.

Jerry Bunn, a liberal arts student from Lakewood, was sophomore class secretary, member of the Student Council, as well as a member of various high school clubs.

Richard Kameczuk of East Paterson is an English major. He was a member of the newspaper and yearbook staff in high school.

Nancy Mullin is a math major from Union. She was student council representative for three years as well as a member of the National Honor Society.

Patricia Miller, a dorm resident from Woodbury, majoring in German, she was a member of the Student Council and executive committee.

Sue Piscitello, a dorm resident, comes from Waldwick. Majoring in biology, she was a member of numerous high school clubs including the Young Democrats, Future Teachers, and Spanish club.

Linda Alesso of East Paterson is an English major. At high school she was active with the student council, the National Honor Society, and the Latin Club.

Patricia Collins of Fair Lawn is a math major. She was active with student council, the choir, and the American Legion during her high school career.

Elaine Person is a Spanish major from Paterson. At high school she was active with the Pen-American Club, school newspaper, and the National Honor Society.

Angela Pettito, a dorm resident, is a Spanish major. At high school she was active with the student council, Spanish Club, school newspaper, and the Latin Honor Society.

Karen Lyons of Kearny is a business education major. During her high school career, she was active with the National Honor Society and the student council.

Michael Andrea of West New York is an English major. He was a member of the cross-country team, as well as the assistant editor of his school newspaper.

CLASSIC TRAGEDY TO BE PRESENTED BY MSC PLAYERS

by Leslie Anne Hair

Birmingham Wood will march to Dunstane when Players presents its first production of the season—Shakespeare's Macbeth. Performances will be given on Nov. 2, 3, 4, and 6 at 8:30 P.M., with a 2:30 matinee on Mon., Nov. 6. In addition, performances will be given in several high schools during the Christmas vacation and the semester break.

The Players production will be set in the 100's, the time of the actual reigns of Macbeth and Duncan, but the presentation has been simplified and streamlined to present the significant events. The purpose is to bring the story alive to the junior and senior high school audiences. The time of the actual reign of Macbeth is 1050 A.D. although the events that surround Macbeth are largely legendary—three witches foretell the rise of the man and his destruction. It was the symbolic, but more important, the dramatic moment is handled with all of the picturesque art.

The director has his back to a friend. He forces human nature to the edge. Stephen Joyce, performing as vice-president of the stage managers, is leaning on a crossblind (the church being in the dark); he brought into play a hangman's noose for Stephen as he became a vessel for the witchery of the three witches. Joyce's monumental portrayal gives the scene a highly symbolic and musical quality.

The Play Itself

Macbeth is the tragedy of a man and woman who destroyed themselves. It is a tale of witchcraft, "murder most foul," and "vaunting ambition." "We'll play it for blood and thunder," explains Dr. Clyde McElroy, director. The play, he says, is filled with spectacle, action, and melodrama. Macbeth, a good man with great potential, winds up as a compulsive murderer because he is unable to control his blood. The prophecies that are delivered by the three witches give Macbeth a new direction, and thus fulfills the prophecy of the evil witches. Blood continues to flow as Macbeth, in a desperate desire to keep his royal power, continues his brutal killing until he is defeated by his own blood. Joyce's Macbeth

Humanity

But despite the horror and evil they cause, both Macbeth and his wife are not "monsters.

ANNUAL CONFERENCE OF COLLEGE UNIONS: SET FOR MSC CAMPUS

The annual conference of the Association of College Unions-International will commence during the week of Nov. 6 at Montclair State College. Running Friday afternoon, Nov. 3, the session will continue through the following day. Participating in this event will be approximately 50 colleges from Region III, which is a branch of the national AUCU. The representatives will meet to discuss the difficulties encountered by college Union Boards. The bulk of a Union Board's responsibility centers around the entertainment programs of a college. At Montclair, the stage boards, concerts, lectures and movies for the entire school are handled. The AUCU conference is a group which promotes the college social life.

Purpose

Essentially, the purpose of an AUCU convention is to talk over the stumbling blocks involved in coordinated college activities. In doing so the participants will receive the latest information and construct new and better ideas.

Each year this happening occurs on a different college campus. Last year it was held at New York State University's School of Industrial Arts in Farmingdale. Usually the agenda consists of entertainment provided by the school acting as host. This year, however, Montclair has invited the visitors to join in the presentation. The theme, a unique one, will stimulate active participation.

Interest of Many

Many college students have an interest in this worthy project. Attending the conference will be Dr. Leonard J. Buchner, from Rutgers University, who is the Region III delegate to the national association. Mr. Gary Leo, adviser to the College Life Union Board at Montclair, and his assistant Mr. Edward Yenno, will act as the host directors. Dr. A. Gorman, who is outgoing in the field of Human Relations, will serve as the professional consultant.

Msc Students Involved

Students from MSC working on the prospectus include: Jeff Gannon, Ann Cooper, Jackie Trinkle, Mary Mascara and Sue Perkins (Women of the Court). Dianne Boll will be "Girl Friday" for the stage managers, Joseph Dufty and Andrew Lees.

Sex Education Conference Scheduled for MSC Freshman

Dr. Eleanor Hamilton, marriage and family counselor, who is the author, will address Montclair State College's 1,233 freshmen on "Sex Education and Love in the College." Although Dr. Hamilton will speak to the entire freshman class, her talk has been scheduled as part of a pilot program in sex education for liberal arts freshmen. Dr. Hamilton is a member of the Charily Eva Runden, co-ordinator of sex education services at the college. Dr. Runden points out that freshmen in the teacher education curriculum receive instruction in sex education in two required courses, one in health education and one in general psychology. Liberal arts students, she said, do not have to take these courses, and the new program has been set up primarily for them.

Dr. Hamilton, co-director of the Hamilton School in Sheffiled, Mass., also maintains a private practice in sex counseling and marriage counseling in New York City. She is a regular columnist in Modern Marriage magazine and is a book. Partners in Love, and a member of the American Association of Marriage Counsellers and the American Psychological Association. After her talk, Dr. Hamilton will be honored at a small reception in the Faculty Lounge in Life Hall.

As a follow-up to her address, the liberal arts freshmen will be divided into groups and attend a series of discussions covering several weeks. Leaders will be the following members of the faculty: Dr. Daniel Brower, chairman, psychology department; Dr. Martin Brown, Dr. Leonard J. Buchner, Dr. Abrahan Gelfond, Dr. Gerhard Lang, and Dr. Peter F. Wurman, members of that department; Dr. Al-"

MSC WELCOMES NEW FACULTY MEMBERS

With the start of a new school year, there is evidence of many innovations and changes not only student enrollment, but also in another important aspect of campus life, the hiring of new faculty members for the 1967-1968 school year.

ALCARIO, HUBERTA D.
Assistant Professor II - Home Economics; B.A., Montclair; M.A., Columbia. Mrs. Accoli was a Research Assistant at the Thought Assessment Program. Most recently she was a County Home Economist in the N.J. Cooperative Extension Service.

ARENS, OLAVI
Assistant Professor II - History (substitute); A.B., Harvard. He has taught further graduate studies at Connecticut and Columbia and has completed the course requirements for the Ph.D.

BARRIEJEZ, CLAR AL.
Assistant Professor - Education; B.A. in Education, Yeshiva University; B.Ed. in Education, Yeshiva University; M.Ed. in Psychology, Columbia. He has studied at Bucknell, Bryn Mawr, and New York University. Dr. Breitman is a member of several professional organizations.

BREDEMEIER, MARY E.
Assistant Professor - History; B.A., M.A., Montclair. She has done further graduate study at the University of California. She has been a Resident Counselor and Coordinator for Housing at the University of California. She has done further graduate work at the University of Maryland.

FRANK, RALPH L.
Assistant Professor - Industrial Education and Technology; B.S., M.A., Columbia. Mr. Frank has been in the electronics field for many years. He has been teaching at Essex County Vocational Technical High School for the past three years.

GELSTON, OLIVER S.
Assistant Professor II - Health; B.S., M.A., Columbia. Mr. Gelston comes to Montclair from Harvard where he was a highly successful basketball Coach and was one year an Assistant to the President. He was Coach of the Year for Area III in 1965 and has won the College Basketball Coach of the Year in 1965.

GORDON, ALAN M.
Assistant Professor - English; B.A., M.A., Columbia. Mr. Gordon is a member of the Essex County College faculty and has been an Aid to the Personnel Department.

GUARINO, SIMONE F.
Assistant Professor - French; B.A., M.A., Ph.D., Columbia. Dr. Guarino has taught at the University of Pennsylvania, Brooklyn College, LIU and Columbia. She has a book in progress and is active in professional organizations.

HERSHEY, FRED E.
Assistant Professor - Associate Librarian; A.B., Harvard; B.D., Yale; Th.M., Princeton Theological Seminary; Westhampton College. Mr. HERSHEY has done further study at Howard and Columbia Universities and served as a librarian in various capacities at the Library of Congress, Walther and the World. He is also a member of several professional organizations.

OEULLER, WILLIAM G.
Associate Professor - Mathematics; B.A. and M.A., Columbia. Mr. Oeuller has taken summer courses at RPI, Cornell, and William and has taught many articles and reviews. He taught in Hillside and Cranford High School and did part-time teaching at the Center of Engineering, Rutgers, and Merck and Company.

KYLE, RICHARD A.
Assistant Professor - Fine Arts; B.A., M.A., Columbia. Mr. Kyle has been an Art Instructor and has been a member of several professional organizations.

MC CRORY, CAROL
Assistant Professor II - English; B.A., M.A., Columbia. Miss McCrory has taken further graduate work at Columbia and has done administrative positions in universities. She has spent ten years in the theater in various capacities.

MC AULEY, ROBERT A.
Assistant Professor II - Business Education; B.A., B.T., M.A., Seton Hall. Mrs. McCauley has been teaching at Rutgers University and is now teaching in the New Jersey Bell Telephone Company.

MOORE, BEVERLY Q.
Supervisor II - General Education; B.A., M.A., Gettysburg. Mrs. Moore has done graduate study at the University of Wisconsin, the University of Michigan and the University of Texas.

MUSCHELL, FRED C.
Assistant Professor II - Industrial Education and Technology; B.A., M.A., Montclair. Mr. Schmehl has taught in Plainfield and Westfield.

PERCIVAL, ARLENE S.
Assistant Professor II - Speech; B.S., M.A., New York University. Miss Percival has been an Instructor in Speech at Nyack College. She has also been a guidance counselor. She has taught at Union, Jersey City, Rutgers, and Newark State College.

Rockwood, Joseph
Assistant Professor II - Speech; B.S., M.A., New York University. Mr. Rockwood has been an Instructor in Speech at Nyack College. He has also been a guidance counselor. He has taught at Union, Rutgers, and Newark State College.

SCHUMM, FRED C.
Assistant Professor II - Industrial Education and Technology; B.A., M.A., Montclair. Mr. Schmehl has taught in Plainfield and Westfield.

SEYMOUR, JOHN
Assistant Professor - Education; B.A., M.A., Ph.D., New York University. He has extensive experience as a clinical psychologist in New York State, Essex County Guidance Center, Veterans Administration Hospital, the National Neuro-Psychiatric Institute as Director of Psychology training. He has also taught at the New Jersey State College of Medicine.

SHRECK, PAUL P.
Assistant Professor - Biology; B.S., Seton Hall; M.A., Montclair, Mr. Schreck has had extensive experience as a basketball Coach. He has taught in the secondary schools of Miami.

SPECTOR, ARLENE S.
Assistant Professor II - Speech; B.S., M.A., New York University. Miss Spector has been an Instructor in Speech at Nyack College. She has also been a guidance counselor. She has taught at Union, Jersey City, Rutgers, and Newark State College.

SCHUMM, FRED C.
Assistant Professor II - Industrial Education and Technology; B.A., M.A., Montclair. Mr. Schmehl has taught in Plainfield and Westfield.

SUGARMAN, IRA
Assistant Professor - Psychology; B.A., New York University; M.A., Columbia. Mr. SUGARMAN has been a research assistant at Columbia and a clinical psychologist at Walter Reed Army Hospital. Mr. Sugarmann has done graduate study at Columbia and CCNY.

STONE, CARROLL E.
Assistant Professor II - English; B.A., New York University; M.A., Montclair. Mr. Stone has done further graduate work at Rutgers. He has taught in the school systems of Desville, North Arlington, and Rutherford.

SULLIVAN, TIMOTHY F.
Assistant Professor II - Physical Education; B.S. Cortland; M.S., Ithaca. Mr. Sullivan taught and coached at Tappan Zee High School in the past year.

TAUBALD, RICHARD D.
Assistant Professor II - Student Personnel; B.A., Hope; M.A., Montclair. Mr. Taubald taught for three years at Sparta High School. He is now a full time graduate student at Montclair.

TERRY, JAMES
Assistant Professor II - Industrial Education and Technology; B.S., M.A., Montclair. Dr. Terry has taught in Bridgewater-Raritan and Ridge H. S. in Bernards Township. Mr. Terry has had industrial experience and has written several papers in his field.

TONKS, JANE B.
Assistant Professor II - Psychology; B.S., M.A., New York University. Mrs. Tonks has been a research assistant at the Public Health Institute and (Continued on Page 5)
Mr. Roberts Named 'Quarterly' Adviser

The Quarterly, Montclair's literary magazine, has been placed under the guidance of a new adviser, John P. Roberts. Mr. Roberts, a graduate of Union College and Columbia University, has been teaching at MSC for the past six years.

There will be no basic change in the Quarterly policy. Mr. Roberts is hoping for a literary magazine well balanced with drama (possibly a one-act play), fiction and poetry. He is sympathetic toward the creative fervor present on the Montclair campus and wishes to display this by way of his association with drama (possibly a one-act play), fiction and poetry. He anticipates the continuing of the 'Quarterly' as it was first stimulated by William Dell, a former MSC faculty member. Mr. Dell brought about a renaissance of poetry at Montclair in his position as Quarterly adviser.

Much of the written matter published in Quarterly is a result of workshops held each Wednesday night, conducted by Robert Monda. These workshops serve as a means of furthering understanding and criticism for various literary works. All students are invited to attend and try their hand at poetry, drama, or fiction.

Writing Class

In addition to the workshops, Mr. Roberts conducts a creative writing class on Wednesdays and Fridays at 10 A.M. It is held in the glass enclosed seminar room, northwest corner, of the second floor of Sprague Library. He extends an open invitation to the student body to drop in with a literary short, on which the class will comment.

Mr. Roberts also hopes to have the talents of Quarterly authors recognized and published in "little magazines." The work of Diane Wald, for example, has been published by South and West Inc. Quarterly itself is the recipient of the New Jersey Collegiate Press Award presented in Spring, 1967.

Quarterly's goal is to continue becoming better. The staff asks any students having literary magazines from other colleges to lend them to either Mr. Roberts or Paul Larsen.

The first issue of Quarterly will be published within the month. Be sure to pick up your copy and take a look at the literary side of MSC.

New Pool at Panzer School Will Open In Near Future

A subject of special interest to most students is a campus pool now under construction. The new pool will be housed in an addition to the Panzer Gym. It will be ready for general use within a few weeks. The pool is the second facility that has been built with the funds obtained from the recent New Jersey Bond referendum.

The width of the pool is 45 feet. The length of the pool is 75 feet. At the shallow end the depth of the pool is 2½ feet. The deepest portion of the pool descends to a depth of 13 feet. This area is located below the diving boards. There are two one-meter and one three-meter diving boards. The pool is divided into six swimming lanes which are each seven feet wide. All ladders are built into the sides of the pool to remove any hazards.

The floor of the pool, the ledges, the gutters, and the markings are constructed of tile. The sides of the pool are made of glass-fiber-walls which are coated with epoxy, the strongest glue in existence.

The new wing of Panzer (which easily lends itself to both aesthetic beauty and functional needs) has outstanding facilities. In the new wing, the health education department of Montclair State is anxious to have the new pool suit the needs of the faculty and the students.

An outstanding heating and ventilation system is an important feature of the building. Laminated wooden beams support the structure. The lighting is composed of spotlights and conventional fixtures that are attached to the ceiling. There is a built-in public address system that should be most advantageous for communication purposes. Bleachers for spectator use have been ordered.

Optimistic in Plans

Mr. Dioguardi, C. R., coordinator of pool activities, is optimistic in his plans for a swimming team. He will initiate the swimming program with a swimming club. He is confident that student interest in the club will eventually result in the formation of a team. Mr. Dioguardi adds that the new wing to the gym "has outstanding facilities that incorporate everything necessary for a Varsity swimming team." Also being planned is a life-saving instructional program.

13 OF MSC FACULTY RECEIVE PROMOTIONS

Dr. Thomas H. Richardson, President of Montclair State College, has announced the promotion of 13 members of the college faculty. Promoted were: Dr. Donald G. McElroy, speech; and Dr. John Floyd, education; Dr. Clyde G. Redd, physical education.

To associate professor -- Coach Henry M. Ferris, physical education; Dr. Barbara J. Korder, English; Dr. John J. Sheft, co-director of the Audio-Visual Center; and Dr. Lillian J. Sibir, speech.

To assistant professor -- Mrs. Victoria Filas, science; Peter F. Macaluso, history; George J. Petrello, mathematics; and Mrs. Marion Schiebel, fine arts.

A member of the faculty since 1967, Dr. Floyd holds a bachelor's degree from Texas Christian, master's from the University of Texas, and Ph.D. from New York University. She has done research and cross cultural studies in the field of mental health in Southeast Asia and is making a continuing study of gender roles. Dr. Floyd is currently giving a series of lectures at Long Branch's Nightschool and has been associated with the faculty since 1957, has been affiliated with the faculty for ten years.

Mr. Macaluso has a B.A. and M.A. degrees at Montclair State College, class of 1963. He has been at Montclair State since 1959.

Mr. Pikas, earned B.A. and M.A. degrees at Montclair State College and has been associated with the college since 1955.

Mr. Macaluso has a B.A. from Columbia University. He has been on the faculty for four years.

A graduate of Montclair State College in Maine, M.A. from Seton Hall with additional studies at New York University. He has been on the faculty for four years.

A graduate of Montclair State College with a master's from Seton Hall, Mr. Petrullo has done work on the faculty for one year.

Mr. Schiebel has been at Montclair State since 1960. She holds a B.A. from Brooklyn College and M.A. from Columbia and has taken additional studies at New York University toward her doctorate.

Lecture Series Will Focus Upon Gains in English

An opportunity to learn of new ideas and breakthroughs in the teaching of English will be offered with the initiation of a new lecture series, sponsored jointly by the Student Life Fellowship Fund and the English department of MSC. The lecture series is working toward a longer day in Upper Montclair. Dr. Becker and his wife, Cara, have two small sons, Joseph II and Martin. Mrs. Becker is a graduate of Montclair State College, class of 1963.

She was in a general chemistry class taught by Dr. Becker at College. After acting as his lab assistant for two years, they did not go on again until she returned for her masters. Then they were married. They have just moved to 95 Wildwood Avenue in Upper Montclair. Dr. Becker, a gardening enthusiast, regrets selling the two acres of ground that he had and two acres of the gardens experiences. He was graduated from Harvard University with a major in biochemistry, received an M.Ed degree from the University of Delaware and another masters and Ed.D. from Columbia University. He has had 7 years of teaching experience, including seven years of high school teaching in Woodstown and Union, and 10 years of college teaching in Montclair State College and is associate professor of chemistry. He is a member of American Men of Science. During World War II, Dr. Becker taught cryptography for the United States Army Air Force.

Dr. Becker and his wife, Catharine, have two small sons, Joseph II and Martin. Mrs. Becker is a graduate of Montclair State College, class of 1963.

In connection with future plans Dr. Becker shares the hopes and dreams of his wife. The college includes an increase in student enrollment, the construction of a new science building and a new campus, as well as an expanding undergraduate enrollment. The Graduate Division is working toward a longer day in Upper Montclair. Entertainment Informal
At MSC's Alley Club

Checked tablecloths, colored lights, good music—this is the setting of Alley Club, a great place to go on Friday nights. Students are invited to relax and make new friends in Alley Club's informal atmosphere. Alley Club is a CLUB-sponsored activity featuring free admission, free refreshments, and free entertainment.

Folk entertainment is provided by Montclair students. Sometimes there are as many as twelve acts a night. While no list of coming entertainment is available, many past performers will, no doubt, be playing at some future date. These students include: Paul Larsen, Jack Perillo, Jack Carone, Jeff Bleeker, Debra Showers, Sherry Silver, and Jane Bogosian.

Alley Club Chairman, Andy Paterna, has announced that silent films will be an addition to the evenings' activities. A Charlie Chaplin film was shown last Friday. Films of Laurel and Hardy and of W.C. Fields are scheduled for future evenings.

Although admission to Alley Club is free for all Montclair students, there is a fifty-cent charge for all visitors who are not from Montclair State College. This charge does not affect dates of Montclair students, however. As an SGA card admits both student and date. All Montclair students are reminded to bring their SGA cards to Alley Club in the future.

The overflowing crowds in Life Hall's lower lounge is a testament to Alley Club's growing popularity. As a result, Alley Club will be held in the larger Grace Freeman cafeteria next Friday evening, Oct. 13, from 8 to 12 P.M. See you there!
Communications

Communications have become an interestingly significant problem in our contemporary society. It would seem that very few people are able to communicate effectively. Even fewer people seem to care about communications. We of the Montclarion have realized that various attitudes toward communications exist here at Montclair. We would like to examine some of the most predominant attitudes and offer a few comments (which you may or may not accept depending on your mood or intelligence).

We were gratified to read about the students' changing role at our college in the President's message of the last Montclarion. Such an approach of student involvement, which has long characterized our college administration, is indeed refreshing in the atmosphere of our community. We are impressed with the administration's fervor in these areas. Students can make valid suggestions in the planning of college activities. We find, however, that many of those who pretend to care about good communications would not devote any time to help in developing these communications. It is natural, perhaps, for a student to consider the area of college planning. The student viewpoint usually brings a new dimension to the problem and adds to its speedy solution.

We of the Montclarion have become aware of our role in campus communications. Due to major additions in staff we have been able to expand our coverage of campus activities. We find, however, that many of those who pretend to care about good communications, would not devote any time to help in developing these communications. It was indeed difficult to get many of our most competent reporters rudely turned away by those who are too "busy" to be interviewed. It is rather difficult to produce a good newspaper without cooperation. Let's cooperate so that we can begin to communicate.

Our final comments on communication are directed once again to the Student Government Association legislature which seems to be the group of people who don't care about attempting to communicate. Vested, personal interests of many legislators continue to preclude the effective and meaningful workings of this body. We find ourselves extremely disappointed by the apparent waste of good students' energy and time attempting to accomplish anything.

Good communications require much thought and effort. We are grateful to those at MSC who have taken the lead in establishing a student newspaper. We hope more will follow in their footsteps.

A Matter of Necessity?

Many critics of education have debated the necessity of teacher-training colleges. The so-called "teacher college" is on the decline and in its stead is the four year liberal arts college which offers majors in education. To many, this is the ideal situation, the arrangement of choice is most pronounced. You might say, "Doesn't one choose to go to teachers' college." There are many who argue that one does elect to attend a state teachers' college, and the least of these is not the financial reason.

In the same vein, because of this dis-interest in the teaching profession, teachers' colleges are turning out persons who perhaps will teach for the required two-year term and never return. Even Chancellor of Higher Education Dungan realizes that imperfections of this system, and in a recent conference, has suggested doing away with this two-year minimum teaching requirement dictated by the administration. Perhaps it would be more beneficial to all involved would be a change-over to all four-year liberal arts colleges with an elective fifth year of education for teaching and/or supervised teacher training. Teaching certificates would only be granted to those candidates who have proven their competence and loyalty to the profession after a prescribed number of years. Perhaps this re-organized and revitalized would turn out a more dedicated and more qualified brand of teacher.

Hippies in Hibernation

Following a recent discussion of the nature and characteristics of "hippies" in the Publications Office, we of the Montclarion staff came to this conclusion: Hippies are a rare species who thrive on love-ins, pot-smoking, and looking at the world through rose-colored glasses, but whose species becomes dormant in the winter months. This observation can be attributed to the fact that, like the well-known fable of the grasshopper and the ant, many a hippie has danced and strummed his guitar all the summer long and now is faced with the cold realities of winter; what to eat and where to sleep. Those people interested in making a living, earning a degree, or simply trying to discover more effective methods of instruction. The problem is many faced and a naive approach to the nature of the teaching-learning process is dangerous. Does teaching-learning consist of more than just conveying and memorizing facts? If the memorization of facts were our only objective then there seems little doubt that machines can do a better job of teaching than teachers. If teaching-learning also has to do with the development of the individual, the growth and the refinement of feelings, then care will need to be taken to insure that new arrangements in the process of education achieve the correct objectives.

The question remains: Where have all the hippies gone? There are few in evidence now in Washington Square Park, a place famed for their location. Have they all flown west, contrary to the course of the swallows; are they really in hibernation? A more optimistic, but less likely, venture would be that hippies are now masquerading as our business executives or hospital volunteers or hat check girls or construction workers. Have hippies been forgotten, just reassigned new interests (such as the daily pleasures and pressures that teaching-learning brings) that they can no longer read and write? Without money from a good paying job, even the most "turned on" hippie will soon grow hungry and cold.

From The President's Desk

REORGANIZATION IN INSTRUCTION

The historical concept of higher education as a process in which a professor teaches 20 or 30 students is being challenged on every side. Talented lecturers teaching 100 or 200 students, educational television, and other modern communication devices are being proposed as more effective techniques for educating. Much experimentation in these various arrangements for educating has process. The Social Science department of our own college has tried various ways of grouping students for effective instruction and some large-group instruction has been included in these experiments. Pioneer work in using television as a means of instruction was done here at Montclair. Dr. E. Doholit Partidge, while President at Montclair (working with the Audio-visual center and various departments) did work in educational television which will be recorded in the history of that movement. Lack of adequate financing in the 1960's caused the curtailment of educational television at Montclair and thus our initiative was lost.

No secret formula has been discovered for effective teaching and it is not in my purpose in this article to propose a new specific instructional arrangement. It is significant, however, that teaching — kindergarten through university — is in a state of unrest and that many people are trying to discover more effective methods of instruction. The problem is many faced and a naive approach to the nature of the teaching-learning process is dangerous. Does teaching-learning consist of more than just conveying and memorizing facts? If the memorization of facts were our only objective then there seems little doubt that machines can do a better job of teaching than teachers. If teaching-learning also has to do with the development of the individual, the growth and the refinement of feelings, then care will need to be taken to insure that new arrangements in the process of education achieve the correct objectives.

It seems to me that one thing
Dear Editor,

SGA has arisen as to the validity of my request to table the SGA Budget. I would like to take this opportunity to explain my reasons for doing so.

It was decided at the Budget Meeting of the SGA Legislature last year, that the legislators would hold a copy of the budget at their disposal one week prior to the voting meeting. This was not done. If I may inform myself to vote on a quarter of a million dollars without careful consideration.

Although I respect the decision of the SGA, I feel that it is my responsibility to the students of Montclair to spend some time with the budget. To me, it is as important as the budget.

Sincerely yours,

Leonard P. Clemons, Jr.
SGA rep.
class of '68

SGA Legislator Speaks

To the Editor:

One experiences a personal divulgence of democracy, one feels the effects of one's uneasiness. The purpose of the Montclair State College representatives is to protect the interests of the people to the best of their ability; and this is what we have been trying to do for the student representatives. It is the legislature's responsibility to appropriate money, and it can only do so justly when it is informed to the budget.

Miss Dime, if in our attempt to represent our interests, we have been too unprofessional, let us correct our ways. This is the organization, and Mr. Elovitz's motion to table the budget, came about as a result of this attitude and, explicitly Miss Janice Dime's.

Because the campus community is the efficient microcosm of American society, it is necessary for representatives of the people to become aware of the vested Interests that are represented. If a lack of experience and obvious conflicts of interest are to be held as authority on the part of the legislators, co-operation within the SGA cannot be tolerated. It is the legislature's responsibility to protect our own interests, and to become involved in organizations. If a lack of experience is an obstacle, let us correct our ways, and not to function as an insipid, tactless student body, and not to function as a channel for unnecessary, most of the students who take an active interest in their student government are also those students who are active in the various professional organizations. If, through a lack of time, these students are given to believe that their personal time is more important than the student body, and that they cannot easily be made to vote on a quarter of a million dollars without careful consideration.

Although I respect the students of Montclair to spend some time with the budget. To me, it is as important as the budget.

Sincerely yours,

Leonard P. Clemons, Jr.

Homecoming (Continued from Page 1)

C.L.U.B. Presents:

October 21 — Homecoming Concert — Phil Ochs and Jackie Vernon, 8:30 P.M., Panzer Gym.

October 22 — Movie "Ship of Fools"—Panzer Gym, 7:30 P.M.

Robert Grace
President of SEAM

October 13, 1967

Clifton Richardson

"Where are you going...?" This is the theme of many folk songs. It is a question that is applicable to the teaching profession. Where are your students who need your help? We are starting a Volunteer Tutoring Program at MBC to provide these students, to provide opportunities for teacher education students to get more time to work with students in a teacher-student relationship, and to have a program on campus that will provide an amount of special training in the dynamics of the one-to-one form of education. A short meeting will be held for those who are interested in work ing with the program on Oct. 17, 1967 at 4 P.M., when there are virtually no classes scheduled, in room C-228, Dr. Peckham will be there to answer any questions and help with the orientation of the Tu tors program. "If you care, you'll be there."

Jackie Vernon

Jackie went from a CBS "Celebrity Talent Scouts" appearance to a booking for three appearances on Jack Paar's nationwide show. He has been a guest more than 15 times on the Ed Sullivan Show. He has acted with Jerry Lewis, Joey Bishop, and Johnny Carson. He will appear on The Dean Martin Show, and is signed for a series of engagements at the Flamingo Hotel in Las Vegas.

Critics and stars have praised Jackie Vernon: "Bob Hope called him the greatest talent I've ever seen," and writers Frank Parrell, Robert Aldini of The New York Times, Ron Pataky, Don Harn of The Washington Post, have made similar comments.

Jackie has spoken of the reasons for his success: "It's sort of natural, what I do out there, and my looks go with my material. I look as lonely and shy as anyone could possible be without being put away."

With the comedy of "Mr. Export", the music and poetry of a great singer to entertain us on the same evening, can only expect a great Homecoming concert.

The next event of the Homecoming weekend is the truce dance on Sunday morning at 11:00 A.M. sponsored by the junior class. That afternoon another truce concert, "Up With People," will be held in the auditorium. Another concert that afternoon, "Where Are You Going...?" with my man Universal will be shown by CLUB, whose Cinema Club chairman is Alan Dacuzco. This will be the last event of the weekend.

College Life Union Board has made every attempt to organize a music concert this Homecoming weekend, truly A Novel Affair.
The federal grant, loan and work-study programs are designed for students who are eligible to continue to attend the institution in which they are enrolled.

In the case of the Educational Opportunity Grants, the maximum Educational Opportunity Grant of $800, a student must meet three qualifications:

1. The parental contribution from income and assets must be less than $600.
2. The difference between the college budget and the total family contribution (parents' contribution from income and assets plus contribution from student savings and summer employment) must be more than $1,500.
3. The student must receive assistance from other eligible sources of at least $800.

Grants will range from a minimum of $200 to a maximum of $800 a year, and can be no more than the lesser of the two amounts.

Lambda Chi Delta Continues
Upward Bound Service Program

Each Saturday morning from 10 until 12:30, Montclair State College will play host to a group of 50 Upward Bound students, all of whom are quite familiar with the rigors of the Montclair academic community because they had spent the summer phase of the program here. As in the concerns of those working in tutor the participants in the Lambda Chi Delta, Jeff Balkus, and the vice president, Jim Godsmith, together with Dennis Bailey, who is over-all chairman of the tutoring program, have done extensive work in planning and organizing the various tutorial groups. A breakdown of the tutors according to subjects follows: reading laboratory, Gene Farber, Chuck Boud, Steve Bergen, Ben Biggio, and Rich Warren; language, Dennis Bailey, Gene Farber, and John McElwain; social studies, John Siry and John Korp; English, Rich Stephanik, Bob Martinez, and John Herr; math, Jeff Balkus, and Rich Holl; science, Stu Andres and Bob Merrill; and Business Jim Goldsmith. Women from Delta Theta Psi who are working with program are Armstrong Klein and Penny Lattimer.

Daring the course of the follow-up program, it is hoped that both the students from Jersey City and the Montclair State students will benefit from their experiences. For the Jersey City youths, there is the opportunity to further high school studies and gain help in troublesome subjects. For the Montclair State tutors, the program affords on-the-spot training in teaching and working with students that should prove invaluable in their teaching careers.

Organization of reading lab activities has been under the direction of San Rosenbom, while Joe Magrini and Bill Rosenblatt have planned.

Faber Explains Book Price Rise

The publishers of college textbooks were blamed by Mrs. Faber for the increase in prices of many of the required books for college courses at Montclair State College. Mrs. Faber, who is in charge of the College Book Store, said that the prices may vary from month to month on orders from the publishing houses. She cited the shortage of paper as the reason for increases by the publishers.

In spite of the increase in prices, MSC students still have a financial advantage over many other college students in that they receive 5 per cent off the list price of the publisher. Mrs. Faber said that she knew of no other college that offered such a reduction to the students. The rise in book prices has apparently not affected other commodities sold in the book store.

This week, the book store has been distributing student gift packs of well-known products as service to the students of Montclair State.

Staff Begins To Plan For '68 Yearbook

At this time of the year the La Campana staff is starting to meet their first deadlines. The senior section is the first to be completed and the senior editors, Donna Smith and Susan Cahill, are meeting this deadline. The next job at hand is the organization section. Pictures are being scheduled and organizations will be notified shortly of the time and place for their pictures. Something which the staff is interested in this year is the infor-tainment photographs which will be included along with the formal shots. The staff would appreciate full cooperation from all organizations concerning this matter.

This is a very important part of the theme and can only be made a success if we have the help of the students. Anyone who has photos to contribute can bring them to the La Campana office.

There is a lot of work to be done on the 1968 Yearbook, and the staff urges all who would like to help make the La Campana a part of the life of the students, to come to the office. It is your yearbook and you should have some part in it.
THETA CHI ROHO
The women of Theta Chi Rho held their annual meeting of Sept. 20 at which time the appointments of homecoming and club chairpersons were announced. Good luck to co-chairmen Maxine Cohen and Sondra Krulwich, whose tasks were made easier by seven ISC representatives, a senior in Delta Omicron Pi, for being Phi of the girls of the chapter. Kudos to all, ladies, for their school, after a semester layoff, for Tom Zacccone. Welcome back to The men of Phi extend their congratulations to their new uniformed brother fraternity, Psi Chi, last year, but are proud to announce that we have paid our Chapter tests and a final, which was given a hardy send-off by the senior math instructors. The Professors will then decide that responsibility in the new college. The sisters of Alphi Chi Beta are busy making plans for their semi-annual Hoagie sale. We wish our Homecoming chairmen Carolyn Tanner, MaryAnn Dell, and Joyce Kuch luck with this year's event. Our new elected ICS representatives are Kathy Stokes and CLUB representative is Kathy Casey.
AGORA
On Oct. 15, 1967, the men of Agora were the scene of AIGA. "How to Murder Your Wife," starring Jack Lemmon and Virna Lisi, will be held in Memorial Auditorium at 7:30 P.M. Admission is fifty cents.
Married
Fred Henry, '69, to Lucille Malarazzo
Gene Pagnozzi, '69, to Lois Zehn
Anthony Aiello, '69, to Marion Marsh
Engaged
Bob D'Ambrosio, '68, to Mona Rando
Mike Landoni, '68, to Gail Janiceps, '66
Bill (Moose) Warren, '68, to Evelyn Gerondemas
Barney Fabbo, '68, to Alberta Gambo
Engaged
Louise Gionta, '67, to Marti Sender, '68, Sigma Delta Phi
MU SIGMA
The sisters of Mu Sigma would like to extend the best of luck to all the fraternities, sororities, and other organizations participating in Homecoming. Also—Good Luck to the Montclair Indians. We're all looking forward to a big game over Southern Connecticut. Thanks to our co-chairs Cindy Ravotta and Janet Toneze, all the work they've done in preparation for our float.
We wish to congratulate Loraine Williams, "Midwestern City," as chosen third in the Miss New Jersey contest. All the Sisters wish to extend our sincerest congratulations and best wishes to Rosellen Dufy and Robert Pourchier, Juniata College, Huntingdon, Pa. on their engagement, to Jane Kapanjie and Peter Van derzee, Rensselaer Polytechnic Institute, Pi Kappa Alpha, and Karo Thiele and Bill Thorpe (West Point) on their pinnings.
OMEGA PHI DELTA
Eugene Pagan, senior social studies major, is engaged to Miss Patricia Frost of Jersey City.
KAPPA RHO UPHILON
Nancy Petruska and Linda Yasho are co-chairmen of this year's Hage UPHILON Tournament. Married: Larry Ercomlia, Gamma Delta Chi to Helen Giambalvo, Mu Sigma.
ALPHA CHI BETA
The sisters of Alpha Chi Beta are busy making plans for their Homecoming King and Queen contest.
Sorority week.
Congratulations and best wishes to Karen Bailey, '68, pinned to Charlie Simon, '68, Pi Kappa Alpha; Diane Carruccio, '68, pinned to Ken Pampel, '68, Phi Mu Alpha Sinfonia; and Marilyn Baier, '68, engaged to Joe Firdaro- liso, '67, Tau Sigma Delta.
KAPPA SIGMA ROHO
Having survived and returned from a summer of suffering (work, sun, sand, and surf, the women of Kappa Sigma Rho hold their semi-annual SORORITY DINNERS on Nov. 5. Our annual Homecoming weekend is coming up. To use your own words, the Mafia Night Out Sat., Oct. 28. The Mafia Night Out will be a Mystery Bus Ride for approximately ten dollars. We hope so many people will go to this event.
Later on this year, Chi will hold their Toga party at which time we will be honoring the pledges of all the organizations. Also, a big thank you to all the fraternities, sororities, and other organizations participating in Homecoming. We wish all our Homecoming chairmen Cindy Ravotta and Janet Toneze, all the work they've done in preparation for our float.

MONTCLARION

The winning manuscript will be awarded. A second prize of $100 is also being offered by the New Jersey Chapter. Contestants must be New Jersey residents, permanent or student, between the ages of 18 and 30. The composition will be for not less than adio voice and four instruments or more than solo voice and eight instruments. It will be based on an American text or the composer’s own text. Performance time will be approximately 8 to 15 minutes. One copy of the full score must be received before Jan. 19, 1968 by the National Society of Arts and Letters. The English Department, Club, and the AV Center are the three organizations who are the judges for the contest. They will select the manuscripts which will be entered in the national contest for the $1000 award. A second prize of $100 is also being offered by the New Jersey Chapter. Contestants must be New Jersey residents, permanent or student, between the ages of 18 and 30. **MSC Soccer Team Wins**

**Bill Tell Named MVP**

Our own Montclair State Poughkeepsie, N.Y. on Sept. 26, 1967 with a tournament the Indians from a possible major threat in the New October 13, 1967

Jersey Conference. In bringing home this championship, our soccer team boasted wins and a team equally as strong Institute. Both of these teams fell 1-0 scores. The defeating of Marist and Rensselaer put Montclair into a contest with Pratt which had handily defeated both Marist and RPI.

Pratt was first to strike pay-dirt, and led 1-0, throughout both Marist and RPI. Montclair into a contest with the last 15 seconds of play, Gus Migliori drew a penalty shot which resulted in a tie between Pratt and Montclair. Both teams were awarded trophies, and were given special praise to Joe Cama, Allen Czaja, Gus Migliori, and Eddie Mess. Of the three scores, Migliori scored twice and Mess once.

Coach Lucenko praised the team for working as a unit but gave special praise to Joe Ca- marta, Allen Czaja, Gus Migliori, and Eddie Mess. Of the three scores, Migliori scored twice and Mess once.

**Bill Tell MVP**

He could not overly praise captain Bill Tell, who was awarded a trophy as most valuable player of the tournament. Bill's defensive moves were definit-ely integral parts of the Mont- clair victory.

Born in Germany, Bill knew the game of soccer for years before coming to this coun-try. In East Rutherford High School, however, he pursued the American substitute known as football, in which he excelled to headline recognition. After he was graduated, he attended Newark College of Engineering where he played soccer and lost to Montclair State in a 1-0 thrill-er. He enrolled in Montclair State as a sophomore and has played varsity soccer since then. Aside from being an excellent soccer player, Bill enjoys acti-vely participating in other sports intramurally with his fraternity brothers in Gamma Delta Chi. Bill, who is a senior mathe-matics major, enjoys an active social life and spends much time working on fraternity pro-jects and attending school and fraternity functions.

**MSC Sets School Record**

As an item of recent interest, Montclair State broke its high scoring record with a score of 14-0. Jersey City State rarely threatened to score and the game awarded the players a chance to make up for their losses to Newark College of Engi-neering and East Stroudsburg.

Coach Lucenko also had a chance to see his junior varsity in varsity action, since most of the team were put into play as the score soared. Scores in the game were registered as follows: High Scorers: John Smith, Ar-vi Saar and Alex Robertson— 3 goals, Gus Migliori and An-gelo Mongolino— 2 goals. Glen Guarino — 1 goal.

All in all it was a long day for Jersey City State's soccer team. The Indians, however, will run into much greater tests which will prove or disprove their apparent strength.

**Who's Who**

Bill Tell MVP

William Tell and Coach Lucenko holding soccer championship trophies.

The Air Force doesn’t want to waste your Bachelor of Science Degree any more than you do.

The Air Force is like that. They hand you a lot of responsibility fast. Through Officer Training School you get a chance to specialize where you want... in the forefront of modern science and technology. Suppose, for example, you wanted to become a pilot and serve as aircraft commander on airplane crews. You’d plan missions and insure that the aircraft is pre-flight-ed, inspected, loaded and equip-ped for the assigned mission. You’ll be trained to fly exciting aircraft. Just examples. There are so many more. Wouldn’t it be pretty nice to en-joy officers’ pay and privileges? And serve your country, as well? Also, you get retirement benefits, 30 days paid vacation, medical and dental care.

B. Sc. Very impressive letters. Now, do something with them.
Harris Still Undefeated
As Harriers Split Meets

Montclair State College Cross Country team opened its season Saturday, Sept. 23, by losing its first dual meet of the season to United States Coast Guard 20-41, at New London, Conn. United States Coast Guard placed seven runners in the top ten.

Jim Harris captured his first win of the season by establishing a school record of 20 minutes 34 seconds over a rough 3-mile course.

The Indians' 1967 squad runners included:

1. Jim Harris .......................... 20:34
2. Dale Rogers ......................... 21:40
3. Paul Bennett ....................... 22:01
4. Bruce Kinter ....................... 22:19
5. Jim Harris (Fr) .................. 22:58
6. Dave Evans ......................... 23:44
7. Jim Cummings .................... 24:54
8. Pete Zabotka ....................... 25:46
9. Bruce Kinter (Fr) ............... 25:54
10. Jim Harris (Sr) ................. 26:48

DNR Bruce Kinter
DNR Pete Zabotka
DNR Kevin Moore

Harris captured his second straight victory of the season by placing first in a dual meet Sept. 3 against Fairleigh Dickinson University at Garrett Mountain Reservation.

Fairleigh Dickinson runners were victorious as they placed seven men in behind Harris before the Indians' second finish across the line.

The defeat brought Montclair's record to 0-2 for the season. Harris toured the 4.6-mile course in 25 minutes 40 seconds to finish over one minute ahead of Fairleigh's first runner.

Fairleigh's freshmen also defeated Montclair 15-50 by placing eight runners before the first Montclair runner.

MSC RUNNERS

1. Jim Harris .......................... 20:34
2. Dale Rogers ......................... 21:40
3. Paul Bennett ....................... 22:01
4. Bruce Kinter ....................... 22:19
5. Jim Harris (Fr) .................. 22:58
6. Dave Evans ......................... 23:44
7. Jim Cummings .................... 24:54
8. Pete Zabotka ....................... 25:46
9. Bruce Kinter (Fr) ............... 25:54
10. Jim Harris (Sr) ................. 26:48

The Indian Cross Country team scored its first victory of the season Saturday, Sept. 30, by defeating Jersey City State 20-35 at Garrett Mountain Reservation, under sunny skies.

Montclair had finishers in the first three and the fifth and ninth spots to out-score its opponents.

Jim Harris, the Indian captain, remained undefeated in three meets by setting a new school record of 25 minutes 23 seconds for the 4.6-mile course.

Sophomore Dale Rogers and Freshman Paul Bennett placed second and third, respectively.

Other runners scoring for Montclair were Dave Evans and Joe Hibbs.

MSC RUNNERS

1. Jim Harris .......................... 25:23
2. Dale Rogers ......................... 25:34
3. Paul Bennett ....................... 25:37
4. Bruce Kinter ....................... 25:39
5. Jim Harris (Sr) ................. 25:40
6. Dave Evans ......................... 25:44
7. Jim Cummings .................... 25:45
8. Pete Zabotka ....................... 25:46
9. Bruce Kinter (Fr) ............... 25:54
10. Jim Harris (Sr) ................. 26:48

Bloomfield Meet

Jim Harris, Captain of the Indians, remained undefeated as he placed two seconds over the school record with a time of 23 minutes 21 seconds for the 4.6 mile course.

Albany State placed 5 runners among the seven finishers to defeat the Indians. Montclair State's first seven runners finished in front of Bloomfield College's first finishers.

The meet brought the Indians a 2-3 record for the season.

George Horn is the cross-country coach. Jim Santimier, one of last year's top runners, is of special assistance to the coach. Coach Horn's greatest setback of the season came when it was learned that Thomas Zaccone, a top runner for the past three seasons, will not be able to compete because of physical difficulties.

Daringly new! Chevrolet's new line of Super Sports for '68.

Computer-tuned suspension systems, improved shock absorbers. New double-cushioned rubber body mounts. They all team up to bring you the smoothest, most silken Chevrolet ride ever. A fresh new idea in ventilation comes standard on every 1968 Camaro and Corvette. It's Astro Ventilation, a system that lets air in, but keeps noise and wind out. You'll appreciate all the proven safety features on the '68 Chevrolets, including the GM-developed energy-absorbing steering column and many new ones. More style. More performance. More all-around value. One look tells you these are for the man who loves driving. One demonstration drive shows why!

Be smart! Be sure!

The Indians in action against Curry

Indians Scalp Curry To Record Initial Win

by John Donskoi

Returning to the friendly confines of Sprague Field after consecutive road defeats, the Montclair State Indians rolled a 20-0 lead by the fourth quarter, and raced for 66 yards until he veered to the wall of blockers behind the defense) and Indian fans sat back in expectation of a long afternoon.

In their opening game of the season, the Indians unveiled a solid unrelenting defense and a devastating running game which accounted for 203 yards. When this was combined with the 173 yards gained passing, it gave the Indians a new total offense mark of 476 yards, bettering the 417 which was set in the Jim Carviliano — Richie Higgins days of 1963.

Unfortunately for Montclair, this offensive breakthrough could not be spread over the previous week's action, which saw the Indians bow, 34-14, to Cortland State's Red Dragons.

Hard Hitting Game
This game, described by Coach Ferris as "the hardest hitting game that I have ever seen at Montclair," was a contest in which the Indians were off and running. Led by Sean Lampmann to close the gap and racing for 66 yards until he veered to the wall of blockers behind the defense) and Indian fans sat back in expectation of a long afternoon.

Punt returner Tony Di Nettta, however, had the Indian rooters out of their seats as he fielded a Curry punt on his 32, then veered to the wall of blockers forming at the Panzer sideline and raced for 66 yards until he was finally caught on the Curry 2.

From there, Jack Landfried, who has sparkled all season in gaining 299 yards and rushing for a .45 yard average, tallied the first of three T.D.'s and the Indians were off and running.

Defense Take Over
Here the Indian defense took over and they got the point across that today the offense wasn't going to win all the stars, given by coach Ferris for outstanding plays. Led by Sean Bowes, the line put on a fierce pass rush and limited Curry to 7 first downs (only one during the varsity's tenure) and a rushing net of minus ten yards.

Montclair State built a 28-0 halftime lead on two more Landfried touchdowns of 8 and then 14 yards and a beautiful 31 yard scamper by backup quarterback John Gardi, which was set up by a fine block by Bob Lembo.

The Indians emptied the bench, playing two more Landfried touchdowns of 8 and then 14 yards and a beautiful 31 yard scamper by backup quarterback John Gardi, which was set up by a fine block by Bob Lembo.

Charle Flochboy opened the gap to 30-0 by tackling Curry halfback Ralph Potente in the end zone for a safety; then two more Landfried touchdowns of 8 and then 14 yards and a beautiful 31 yard scamper by backup quarterback John Gardi, which was set up by a fine block by Bob Lembo.

MSC Indians drive forward to defeat Curry

Teza hit Bob McNulty with a 26 yard scoring pass giving Montclair its 51 points and ending the parade of touchdowns.

Montclair's next action will be against a tough Central Connecticut team which boasts not one but two outstanding halfbacks. The man to watch will be Harold Brown, a 5-10, 180 pound back, who was recently named Back of the Week by the East Coast Athletic Conference which is composed of all Eastern small college teams.

Instead of "chocking in the clutch" because all through his career, Kaline has always been great in starting a rally with men on base. Kaline's greatest desire is to play in a World Series, but it looks as though his chances are getting slimmer. Fate does play strange tricks, however, so don't be surprised if one day he manages a World Series-bound team.

By the time you read this, the World Series will probably be over. The Cardinals are favorite and man for man, they seem to have the better team than the Red Sox. No matter what happens, however, Dick Williams, the Boston manager, has got to be baseball's manager of the year, as he has never played in a World Series.

My hat is off to Carl Yastrzemski also, who, if there was an award for clutch player of the year, would probably receive it unanimously. People do recall how hard it is to be a good hitter normally, let alone when the pressure is on. Carl not only won the Triple Crown in the American League, but got seven hits in eight appearances at the plate in the big two-game series against Minnesota to end the season. As I have written, the Cardinals are favored, but don't be surprised if the Red Sox win, and Yaz has a big hand in it, because when the chips are down, Yastrzemski does his best.
