CHRISTMAS DINNER HIGHLIGHTS TRADITIONAL MSC CELEBRATION

The traditional Christmas dinner will highlight the campus Christmas celebrations at MSC. The annual dinner will be held for the 600 dormitory residents and 400 off-campus students.

Before dinner an egg-nog hour will be held from 5:30-5 P.M. in Freeman Hall. At this time dormitory halls will be open to visitors who wish to see the dorm decorations.

Dinner will be served at 6:15 P.M. Background music will be played as 100 student waitresses serve dinner. Tables will be set with white linen tablecloths, decoratively arranged centerpieces, and red candles. The menu will consist of fresh fruit cup, roast salmon, baked baked potato with sour cream and chives, buttered peas, salad, assorted pastries, coffee and milk, chocolate mint and holiday candy bars.

Dinner will be followed by holiday greetings from President Richard Richardson. A reading will be selected by Joseph Duffy. A group of Christmas carols, followed by a solo by Mr. Benjamin Wilkes, will conclude the festivities.

Following the dinner, all are invited to participate in Christmas caroling. The carolers will be invited to an Open House at President Richardson's home. The Annual Christmas Party at Shadwell Hall will follow with live band entertainment.

Since 3,000 guests are expected, the separation of the (Continued on Page 2)

**Thieves Ruin Success of ACU Conference at MSC**  
A number of thefts marred the successful mood which accompanied the completion of the Association of College Unions—International. Region III Conference held at Montclair State College last Nov. 19-21. The theft of costly display material has been brought to the attention of Gary Leo, director of student activities at Montclair State.

However, it was decided by the guest committee that it would be more in keeping with the Christmas spirit of a warm and cozy atmosphere to have all the guests seated together. Therefore, the committee decided that all guests who will try to accommodate everyone by using the snack bar, the College High School, the faculty dining room in addition to the regular cafeteria. Extra efforts are being made by all cafeteria personnel as well as students involved in the Christmas dinner program to make the dinner go smoothly in spite of the large number of guests expected. It is hoped that all guests will cooperate fully in helping all plans go smoothly in the true Christmas spirit.

**Players ‘Evening of Comedy’ Features History of Humor**

by Leslie Anne Hair  

Upon descending from a rope suspended from the ceiling of the Studio Theatre Paul Hart introduced the Players Workshop production, An Evening of Comedy. The presentation not only demonstrated the development of the comedy from the early Elizabethan period to the present time, but also displayed the many uses of the flexible new theater. The evening opened with a sketch, the first English comedy. This coarse farce, directed by Madelein Brannick, was presented in "In - the - round." The seating arrangement allowed the audience to become more involved with the characters and situations of the play.  

During the intermission, which followed a monologue from Oscar Wilde’s Lady Windermere’s Fan, a crew of eight students converted the ‘theatre - in - the - round’ into a proscenium stage in less that five minutes. When the audience returned, they discovered that the chairs had been moved and the stage had been set for a scene from Jean Anouilh’s tragic comedy, Waits of the Toreadors. Eugene Ionesco’s Bald Sopranos, directed by Robert Lowy, concluded the evening. A representative of the modern ‘theatre of the absurd,’ this tragi - comedy portrays the dull, boring lives of people in the petty - bourgeoisie. The characters are incapable of any original ideas or human passions. Their conversations concerning “yogurt” and “Bobby Watson” degenerate into a recital of nonsense syllables. The ridiculous characters and absurd situations are interchangeable and static. The play ends exactly where it began. “What’s the moral?” asks one of the characters. “That’s for you to find out,” is the reply.
Schlesinger Criticizes Outdated U.S. Foreign Policy; Stresses Vietnam

Arthur M. Schlesinger, Jr. stated that the Soviet Union and the United States still persist in a mistaken belief that they are the "super-powers." He noted that the right to interfere in Vietnam and in the Middle East.

In the College Life Union Board of Montclair State opened its 1967-68 lecture series with a presentation by Mr. Arthur M. Schlesinger, Jr., the noted "Illusion and Reality in Foreign Affairs."

Mr. Schlesinger continued to comment on our involvement in Vietnam. He stated that the US foreign policy is still based on the "super-power frame of mind." Our policy is based also on our thoughts of omnipotence. The US believes that its power is great enough and that we can make our world the way we wish it to be.

"We have used this power in our war in Vietnam. We believe that we have the military power to attack any obstacle. We have tried escalation to meet our needs," he continued, "but since 1965 when the bombing started there were 400 North Vietnamese in the South; today there are 50,000. In 1965 the weapons of the communists were primarily small arms; today more sophisticated weaponry is at their disposal. When the US has escalated, so has the enemy," he stated. All of our 1,000 days of bombing have done is make the stalemate more bloody."

Mr. Schlesinger also stated that "our policy in Vietnam shows our belief in our own omnipotence. We deride world opinion. We have made ourselves the world's judge."

"Commenting on the theory that we are fighting the war to contain Red China, Schlesinger pointed to the example of North Korea. This country has remained independent despite all it owes Mao's regime. Couldn't the same happen in Vietnam, which is supported more by Russia than by China? The administration has not proven that Vietnam would become a Chinese puppet state. Instead it plays the game of monolithism, he added."

"Mr. Schlesinger stated that our considerations of foreign policy are many times based on situations which no longer exist. It is imperative, he said, that we learn the difference between reality and illusion in this dynamic age. The US tends to look back at the situation in 1945 and attempt to use it today. At the end of World War II, Europe had been destroyed and "demoralized." Great Britain was starting to decline. The countries of the "Third World" (former colonies that create a neutral block) were just obtaining independence. Out of this chaos there arose two global powers, the United States and the Soviet Union. Both of these powers could exert their influence with no opposition, except from each other.

Both powers believed that they would always be the only country to realize new realities and not be misled by old simplicities."

"Communism was once a monolithic conspiracy and neutrality was considered immoral, he continued. Countries were expected to line up according to the two sides. The free world was supposed to accept the leadership of the United States in all events. Moscow, too, saw the world divided into two camps. They also considered neutralism as immoral. It wanted to see the world divided into two camps."

"But the world changed. "A new force, a resurgent nationalism, arose." It rose up in opposition to the power of the "super-powers." A new Europe appeared. It was proud of its own traditions and independence. It had no intention of becoming a stooge of the United States. At the same time, the character of the communist bloc was also changing. Communist China rose as independent, and in competition with Moscow, Yugoslavia continued to control its own destiny."

"It was believed 20 years ago that ideology was supreme. Countries had the same political philosophy and should work together. National interests came second. This no longer seems true. The resurgence of nationalism has shattered communism; it does not necessarily mean that it will voluntarily become a tool of either Moscow or Peking. In the same way, all capitalistic countries do not follow our leadership."

"This gives new implications to our relations with new states. A communist takeover of a country no longer serves as proof that the power of either Russia or Communist China has been increased and extended," Schlesinger added. He stated that nationalism has emerged as the most important political emotion in the world today. It has altered the 20 year rule of the super-powers. Limits have been placed on the Soviet Union and the United States. "The age of the super-powers is over. Only the illusions remain. We must free ourselves from the illusions that power is more constructive than persuasion, that arms cause a better world than ideas."

Arthur Schlesinger lectures at MSC

With 1009 questionnaires distributed to MSC's undergraduates in Life Hall lobby, 684 students stated last week that more subjects should be added to the current college curriculum.

Suggestions ranging from sex education to pre-law came when WHAT WE THINK posed the following question: "Now that Montclair State College is no longer a teacher education institution, name at least two (2) subjects you'd like to see added to the curriculum."

Reaction to this question proved extremely interesting. A senior French major suggested that the music department should encourage non-music majors to "learn to play an instrument."

And English major Mirjam Taub stated that courses in journalism and "writing are necessary to develop the creativity of students."

Social science major Stan Gurski stated that courses in military training and "warfare may prove necessary in the future."

Bringing up an interesting idea, English professor William Gardner suggested that courses in logic "should be made available to every student regardless of his major." He added that "too many people do not think logically and as a result our world is a mess."

Disagreeing with the question, however, Richard Kamenski stated that "MSC is still unfortunately primarily a teacher education institution and the existing courses are still geared to future educators."

The following list represents suggestions submitted by students for faculty consideration:

- Pre-Journalism, Russian, Pre-Law, Pre-Engineering, Archaeology, Urban Studies, Italian, Oriental Languages, Business Administration, Scandinavian Languages, Pre-Medical, B.O.T.C., Military History, Greek (Modern & Classical), Modern Africa, Contemporary Philosophy, Arabic, Hebrew, Marine Biology, Radio Technology, Contemporary World Affairs, Comparative Foreign Policy, World Governments, Nursing, Pan-American Studies, American Politics.

Several social science majors suggested that the wide variety of subjects covered by this department should be broken up into various smaller departments to allow students to concentrate in a specific area.

Other students suggested that MSC develop a doctoral program and strengthen the current masters-degree program. Commenting on these ideas, one senior stated that "at the advent of a strengthened masters degree program and the establishment of a doctoral program, MSC will actually become one of the nation's best institutions of higher learning."

Meredith Appraises Racial Situations 

"We are now living in the crossroads of two major problems." These words spoken by James Meredith on Tues., Nov. 28 as he stated both the international problem involving the Vietnam War situation and the domestic racial question. A graduate of the University of Mississippi, Mr. Meredith expressed a solution to racial strife. First, who is to blame? Instead of each working to find a solution, Negroes tend to blame each other — white man blames Negro and Negro blames white man. The same is true of the government. Instead of each working to find a solution, Negroes tend to blame the Negroes. Light emphasis in turn is placed on the problem itself, he added. Although rights for the Negro have been granted by the government, they exist only on paper. The question therefore arises whether a white man is going to allow a non-white into society, he stated. The Negro in principle, has everything, but in fact, has nothing.

Western civilization has become a two-layered society in which superiority versus inferiority, and society must rid itself of white power before equality can be obtained. "The total destruction of white supremacy" is Mr. Meredith's goal. This should not be viewed lightly because the Negro has the capacity to take effective physical steps. Our society has become stereotyped in that one group regards another as being essentially different. Influence those with decision making powers and recognize that they can't ignore or deny this racial problem. Make sacrifices and success is ours," concluded Mr. Meredith.

Young People's Exhibit Show

"Young People's Exhibit, which will be displayed in the auditorium lobby of the Student Union Building from Dec. 1 — 25, is the first in the series of student exhibitions, "In the eyes of the Young Artist" touring metropolitan college campuses this winter and spring.

Presented by College Life Union Board and sponsored by Mid-State Art Service the December exhibition will host young artists of different subject matter, median, ages, and styles. A note of interest — the young paint enthusiastic from unusual vantage grounds. Some of the supporting agencies and organizations that are submitting the work are: Paperston Neighborhood Youth Corps, Local Headstart Programs, and local neighborhoods.

Applications for new announcers are now being taken in the office on Life Union Building from Dec. 1 — 25. Applicants for new announcers in the office in Life Union Building from Dec. 1 — 25. Applications are held every Thursday from 8:00 — 10:00 P.M. in the office on Life Union Building.

The LaCampana staff would appreciate it if more response was shown for the informal pictures from the organizations. If there is anything needed for the Organizational Section as well as for candid sections throughout the book. Only your co-operation in performance will make sure that the LaCampana will be the best yearbook in the Hands of English teachers.

"Albee has something to say to his audience," explained John Finegan, one of the two directors of the forthcoming Senate play. "He not only tries to present a slice of life, but also attempts to shock his audience."

Produced by the fraternity, An Evening of Edward Albee will be presented on Jan. 5 and 6 at 8:30 P.M. in Memorial Auditorium. Tickets are $1.00 for students and $1.25 for adults. All profits will be placed in the Harold C. Bohn Scholarship Fund, which will be presented to a deserving senior to do graduate work.

The three one-act plays (The American Dream, The Sandbox, and The Zoo Story) are being directed by Edward Albee before he achieved success with Who's Afraid of Virginia Wool? His purpose is to show the disillusionment and frustration of middle class people today. The characters are incapable of communication and human emotion. Their lives are based on the false values that have come to represent the American way of life.

The American Dream and The Sandbox are being directed by John Finegan, (junior industrial arts major). He is assisted by David Kerr. Kerr's casts include Joyce Forseman, Ron Blankenship, Ron Stankowski, and Michael Kuenzler. "The student may "copy" if he has difficulty in enrolling in courses and communities to work together" Dr. Runden continued. The students of the different school, teachers, administrators, school board members, the clergy, social agencies, and forces have been cooperating in the development of school-curricular programs.

Teacher Assistant Program Receives Strong Support

Seven hundred and fifty-six Montclair State College juniors are taking part this fall in an experimental teacher assistant program involving 93 schools in nine New Jersey counties.

According to Dr. Ralph Walter, chairman of the education department, Montclair is the first college in the state to attempt such a program. There have been similar pilot projects at other institutions. The current experiment, he said, replaces Junior Observation Week, which has been impractical in view of expanding enrollments, and is superior to its predecessor in that it offers more opportunities for active training.

The program has received widespread support from cooperating schools. Dr. Walter said, and requests for teacher assistants have outstripped the supply by more than two to one. The principal School and Passaic Valley High in Little Falls are using the largest number, 43 each. East Orange High has 38 and Clifford J. Scott High in that same city has 30. There are 30 at Montclair High, 28 at Nutley, 28 at Lyndhurst, 22 at Verona, and 21 at Bloomfield and Livingston.

A committee from the college’s education department was assisted in drawing up original plans for the program by an advisory council of school administrators. Serving on the council were: Walter R. Davis, principal of Montclair High; Nicholas Karasemos, principal of South Mountain High; and Thomas H. McDermott, director of the following assistant superintendents: Michael Rossmolila of Belleville, David O’Grady of Wayne, George Hayward of East Orange, and William Dunn of Paramus.

Implementation of these plans has been under the direction of James Corrigan of Little Falls, a graduate assistant at Montclair State.

Like the former Junior Week, the teacher assistant programs are assigned to each junior-class, three-hour education course, entitled “Teaching in the Classroom.” Participating students spend a total of 30 clock hours in the schools, usually at the rate of two hours per week. Classroom discussions follow up the problems and experiences they encounter in the field.

The program is planned, according to Dr. Walter, to carry out the following objectives:

1. For the students — To gain acquaintance with their college school teacher’s range of activities and responsibilities, to perform a significant part of the tasks commonly undertaken by teachers, and to some understanding of high school students, school re- actions, and student-teacher relationships.

2. For the schools — To relieve teachers of some tasks, to develop a more intimate working relationship with the public schools, and to free the teacher to perform some of the tasks, to provide the audience with some laughs.

One might be led to believe that a good performer and some funny lines would necessitate a successful show. Something is lacking in this endeavor; perhaps it is the problem of a too often-used-subject matter. If that is not it, what did they do wrong?

Teachers, he said, do not often have fullfilled these requirements: Dorothy Fulmer, Iris Goldberg, Ingrid Brown, Franklin, Mary Lynn Fernandez, Olivia Burns, Linda Blake, Kathy Senator, Ken Kohut, Beulah Burke, Janet Gur­

One of the first acts of the new school year, according to Dr. Walter, is to travel with the Teacher-Community Relations Program, which operates NOCC programs in New Jersey schools. He is the fifth recipient of the award since 1964.

Started in 1963 to help "define the role of the teacher in today's pluralistic society," the program has been presented in 17 school systems and is currently being given in Newark & Long Branch. Discussions include sessions on subjects of particular significance in contemporary life.

Dr. Cordasco, who has specialized in work with minority groups, has been especially helpful in the sessions dealing with programs for disadvantaged children, according to Howard J. Devaney, executive director of the New Jersey Region, SCCC.

Widely known as an educational sociologist and historian, Dr. Cordasco has made several recent appearances before Congressional committees in behalf of federal legislation and bilingual education programs. He is the author of numerous books and articles on education and has been a frequent guest on TV panels. In addition to his work for Puerto Rico, he serves as consultant to Jersey City, the school board of Jersey City and the Latin American community in Newark.

A graduate of Columbia with M.A. and doctorate from New York University, Dr. Cordasco has been on the faculty at Long Island University and Jersey City State College, and has held visiting professorships at New York University and the School of Education at Seton Hall University.

Dr. Cordasco and Joseph N. Miss, Jr., of Social Research, are members of the advisory committee for the New Jersey Region, SCCC, and serve as consultants to the Urban League of Essex County.

The following students have fulfilled these requirements: Dorothy Fulmer, Iris Goldberg, Ingrid Brown, Franklin, Mary Lynn Fernandez, Olivia Burns, Linda Blake, Kathy Senator, Ken Kohut, Beulah Burke, Janet Gur­

Peace for Christmas

A little girl walked up to a sidewalk Santa in New York. With tears in her eyes, she asked Santa to please bring her daddy home. Her father like many other fathers, brothers, and lovers, was at war in Korea. Santa must have listened because they all did come home.

It has become increasingly evident that the war in Viet Nam is not a good thing. Senator Robert Kennedy has recently shown his disapproval of a war without a sound moral basis. The removal of the Secretary of Defense during such a time would indicate strains within War Department circles. Recently, Arthur Schlesinger also indicated our country's attitude in becoming involved in the war. Whether "Hawk" or "Dove," one now realizes that we should get out of Viet Nam, somehow.

Christmas will bring trees, candles and little girls walking for their fathers to return from a war many miles away. There is so little many of us can do except silently pray.

Send us a Santa this year and in his big fat bag, put PEACE!

Season's Greetings

This may well be one of the shortest editorials in the history of the Montclarion: SEASON'S GREETINGS!

P.S. The reason for the brief editorial message is not due to some deficiency in word power but the part of the editor writing this column at 1 A.M., but rather to the universality of its contents. Everyone knows that Christmas is soon approaching; there is little time to escape unharmed from a crowded department store when there are "only five shopping days left until Christmas!" or about how to remain calm while pursuing girls and some 150 pound "little angel" pounces on your lap and punches you in the nose.

Christmas is a happy time, or rather it should be. Perhaps you who will be doing your term projects (assigned from the first week of the semester) may not agree. It is a time of merriment, coupled with the joy of giving and receiving a heartfelt "thank you" in return for your generosity. It is a time of love. It is a time for ski trips, attending midnight Mass, building snowmen of giving and receiving a heartfelt "thank you" to all involved. Two preparations that are necessary and advisable are snow tires or chains and some brand of antifreeze and 2) that all students avoid driving up the inclined road next to Freeman Hall.

A word of warning to all students to avoid unnecessary inconvenience and advise everyone commuting to do his part in making this winter a bit more pleasant for all involved. "Mr. Meredith and the traffic maintenance crew, to warn you that every commuting student to do his part in making this winter a bit more pleasant for all involved. Two preparations, that are necessary and advisable are snow tires or chains and some brand of antifreeze and 2) that all students avoid driving up the inclined road next to Freeman Hall."

Two preparations that are necessary and advisable are snow tires or chains and some brand of antifreeze and 2) that all students avoid driving up the inclined road next to Freeman Hall."

If these simple and obvious warnings are respected, the causes for "snow panic" should be alleviated greatly and a white winter would be anticipated, rather than feared.

Commuters—Beware!

One does not need ESP or any special power of clairvoyance to realize that winter has come to MSC. The red noses and large furry hats everywhere in evidence attest to this fact. However, a great deal of foresight is needed by every MSC student to ensure himself of a most attractive and convenient season. We of the Montclarion staff, recalling the consequent disasters of last year's snowstorms, take this opportunity on behalf of Mr. McGinty and the traffic coordination and maintenance crew, to warn every commuting student to do his part in making this winter a bit more pleasant for all involved. Two preparations that are necessary and advisable are snow tires or chains and some brand of antifreeze and 2) that all students avoid driving up the inclined road next to Freeman Hall.

Notes III

We of the Montclarion strongly agree with the Editorial in the students of Montclair State College's newspaper that the increase in the price of the car is a major obstacle in the ability of some collegiate audiences to attend hockey games. Although many of the students will be unable to afford the increased prices, we believe that it is important for them to continue supporting their favorite teams.

We greatly appreciate coming back to campus and we look forward to seeing you all again next week.

The many problems and unanswered questions about our new Board of Trustees (soon to be appointed), the Chancellor's meetings with various student and faculty groups, faculties' efforts to acquire better salaries and problems of growth and student attendance at these meetings. There will be a joint meeting of the new faculty council and the members of the Academic Council, Faculty Council and the members of the Coordinating Committee on Tues., Dec. 5. We would also like to invite all interested students to attend these topics in meetings with all faculty members who wish to attend. (These meetings will occur during the week of Dec. 4.)

In general, student understanding is also very important during this time of transition. I am therefore, inviting all interested students to meet with me to ask questions and give reactions. Although every student will be welcome, no one should feel obliged to attend this informal event.

This meeting will occur:

DATE: December 12, 1967
PLACE: Room 304, College Hall
TIME: 4:00 P.M.

MERIDITH'S SPEECH

In the last issue of the Montclarion, I made some comments and criticisms about the reaction of some collegiate audiences to controversial speakers. Without meaning to appear patronizing, I would like to say that it is gratifying to note that the Montclarion student body has grown into the habit of discussing the issues involved. I feel that Mr. Meredith's speech was an interesting and dedicated person, but he gave what I personally consider, a very poor speech. His talk seemed to me to be weak and rambling and most of his generalizations went unsupported by any kind of evidence or illustration. The Montclarion audience responded with courtesy, restraint, and penetrating questions which in themselves contained a reaction to the speech.

As a person with a long standing interest in the Civil Rights movement, I ended the day of Nov. 28 (1) believing that Mr. Meredith is a courageous individual, (2) disagreeing with many of Mr. Meredith's ideas, (3) critical of Mr. Meredith's capacity as a speech maker and (4) feeling much pride in the students of Montclair State College.

SEASON'S GREETINGS

For various reasons Mrs. Richardson and I have decided not to send out season's greeting cards for this holiday. Dean Morehouse and I look forward to exchanging "best wishes" with the faculty at a later date.

The Richardson family also looks forward to a revivist from the large number of students who plan to "caroling" on Dec. 14, for us, this has become one of the happiest events of the College year.

To all students, faculty and staff with whom Mrs. Richardson and I shall not have an opportunity to personally exchange greetings, please accept our warmest wishes for a pleasant holiday.

Thomas H. Richardson

Season's Greetings from the Montclarion Editorial Board and Staff

Sororities—Let's keep up with the times!
To the Editor:

Last Nov. 21, many Montclair students and members of the faculty witnessed the reenactment of the movie "Years of Lightning, Day of the Curtain" and were subjected to a distasteful incident. The move, a narrative of the Kennedy administration, displayed events of the President and those who were part of his administration. As such, it accurately portrayed the events and showed the face of the current President and the Office of the President is also degraded. Lyndon Johnson is the President who, who booed brought shame to the believing their own selfs pacifist organizations that I am compelled to honor a gnome-god, obviously housed in the unity of the United States. As they claim to be, why in the name of heaven are they not working in Harlem, Newark, Watts, helping people to live? Why don't they fight just as hard for the Puerto Rican, an Indian, or Negro or Appalachian white just to live? After what was as a district of the table didn't understand that made sorority girls "vessel". Leaving aside questions of justice or improper practice-. This is not a call for the stoppage of dissent, rather a voicing of those beliefs that our nation's institutions and leaders deserve respect and those who disagree with them. Sincerely

Sam Rosen

To the Editor:

On behalf of the Board of Trustees of the Montclair State College, I am expressing their gratitude and appreciation to all the students, faculty and staff who participated in the 27-Month Marathons. The staff and faculty who had the privilege of telling me or anyone else when to stand up and for what. When the day comes that I am compelled to honor a man for his service, it can be said that we are a nation of savages. If these people are as concerned about the interests and integrity of the United States as they claim to be, why in the name of heaven are they not working in Harlem, Newark, Watts, helping people to live? Why don't they fight just as hard for the Puerto Rican, an Indian, or Negro or Appalachian white just to live? After what was as a district of the table didn't understand that made sorority girls "vessel". Leaving aside questions of justice or improper practice-. This is not a call for the stoppage of dissent, rather a voicing of those beliefs that our nation's institutions and leaders deserve respect and those who disagree with them. Sincerely

To the Editor:

Where was Mr. McClintic or Nov. 30, 1967 at 3 P.M.? Was he in a car trying to get off campus? It doesn't really matter. What does is that hundreds of cars were.

Now this letter is not to complain about the snow or the traffic or the parking, but to complain about the number of exits from this campus. Why not build another?

To the Editor:

Last month military recruiters were active on the Montclair campus. At the conclusion of the tour, questions of Vietnam (which is where a large percentage of our troops are serving) were asked and answered with a lot of intelligence and integrity, but many of our students are not as well informed as they should be. The military is, after all, the only institution that can present their opposing view? Our goals are to educate from such pacifist organizations as the Quakers be set up along with the military to offer the student a legitimate choice. We believe that these are questions that should be debated and discussed at all levels at the college.

Sincerely

To the Editor:

The time of the year has again arrived when I find it necessary to take pen in hand and pour forth in recognition of some injustice or improper practice. This has been going on in the reservations in the snack bar. Today, upon entering said snack bar and being in the presence of duty, therefore I sought my own way to an empty seat (at which I desired to partake of a necessary meal). Upon situating myself in a position which indicated that I wanted to sit down, I was very unceremoniously advised that, "You cannot sit there. It is reserved or repetitive.

"What kind?" says I, (in a manner most polite). One methods teacher says to the student building fund realized $1730.40.

It's more than the financial gain that was realized; it was the pride and pleasure of the students, their faith and concern for the welfare of their Alma Mater. Throughout the years the undergraduates have given strength to Montclair, and you have once again demonstrated your genuine concern for the future just as those who preceded you were concerned about today.

The name of Montclair is a proud one, and you have added to it.

Sincerely,

Anthony R. Koulis
Assistant to the President

To the Editor:

As you know, the Student Government sent a delegation consisting of Montclair State to the Associated Student Governments National Conference. With such a large cross-section of ideas we could not help but acquire a wealth of knowledge and ideas which will enable us to broaden the workings of our own government. On the contrary this was not just a receiving experience, for Montclair, contrary to the general opinion, is more than just a good little institution. We found that our system and "the Montclair way" offer the number of exits from this campus. Why not build another?

"Action" This word is used by nearly everyone when something needs to be done. The public, for action or for against a bill, the preserver calls for action in dealing with social problems in the ghetto, the activists call for action in rebelling against the draft. It is now time for action in education, both for the faculty and for the college students. For the state college faculties have been receiving a pay scale of 4.3 to 3.5, a pass-fail scale or have no grades at all? The faculty cannot make rational decisions without the help of the students—let them know what you think the school should do.

Speaking of action, next Mon., Dec. 11, SEAM will hold a general meeting with a guest speaker. He was originally scheduled for Oct. 31, but the meeting was canceled. Having been consented to come back again, SEAM would like all of you to come to hear Mr. Leo Cullo speak about Education and Law Enforcement at 7:30 P.M. He will have some interesting facts for you to hear and will show you some of the techniques used in the training of your police force. Please come—it will be worth your while.

In January, SEAM will hold elections for its officers. Any one who is running for an office—president, vice president, treasurer, secretary—can pick up "nominations" form at the Dec. 11 meeting or at the SEAM desk in room C-308. These forms must be returned to me by Mon., Jan. 8. The SEAM meeting will be held for Jan. 11. On Dec. 11, at the SEAM meeting will discuss the formal qualifications for the offices. Your NEA Journals and NREA Reviews will be sent to you soon. The campus is being processed now. In the meantime, the latest journal can be picked up in room C-308.

Montclair in the Snow—Beautiful!

A soft stillness frames the administration building.

By Leslie Anne Hair

"By the time I was eleven I was the biggest ham you ever saw," explained Jackie Warner, star, director, and producer of the touring company of Stop the World, I Want to Get Off, which was presented at Montclair State on Nov. 16 and 17 by CLUB.

During a backstage interview with Leslie Anne Hair and Lester Anderson of WVMS, Mr. Warner discussed his current collegiate tour, which began on Sept. 22 at Gettysburg College.

During the coming winter and spring, this "new-style" musical will play to university audiences throughout the country. "When we conclude our two performances at Montclair State, we will also play at the Schubert Theater in New Haven, which presents many shows during their pre-Broadway runs," he said.

Stop the World tells the success story of Littlechap, an "Everyman" character who marries his boss's daughter, advances to the head of the business firm, enters Parliament, is dubbed a knight, and even gets to join an "exclusive" social club, "Snobs." With music and lyrics by Anthony Newley and Leslie Bricusse, this unconventional musical symbolically portrays the Seven Ages of Man as it unfolds inside a circus tent. As Littlechap and his wife, Evie, experience the joys and sorrows of life, a chorus of girls dressed in colorful tights comment on the action. June Compton, Mr. Warner's costar, plays the varied roles of Littlechap's faithful wife, a Russian lady commissar, a German maid, and an American nightclub singer.

Mr. Warner has played "Littlechap" in three different productions of the musical. In 1964 he performed the role for six months in Australia. "They couldn't seem to find a Littlechap in London so they came to the States to find an English character." He began playing to college audiences in 1965 when he toured with Stop the World to fifty colleges. Students were so receptive to the show that he decided to expand the tour. "College audiences are marvelous. They react to all the innuendoes in the script. And they like the show because it stirs their imaginations." "Playing at universities," he went on to say, "is now considered by performers to be 'big time.' Sammy Davis Jr., for instance, just completed a college tour of thirty-one-night stands." Not only was the Montclair State audience very receptive to his show, but Mr. Warner also complimented the college on its "lovely theatre, marvelous technical equipment, and dedicated staff."

Also, he is gratified to see that touring companies are reaching a vast number of college students. "These shows will help create a new young audience, and then the theatre will grow."

Our pledges for this fall are:—

LAMBDA OMEGA TAU

On Nov. 18, Tau Omega Phi held a psychedelic mixer. Music was supplied by The Sound Investment. This was a catered af- fair and everyone had plenty to eat and drink. A special feature of the evening was the presentation by a member of the society of a TOP's pledge class. The pledges performed a skit and sang a few songs. The Fraternity chairman for this affair was Dave DeVries.

TOP took eight pledges this semester. They are Jim Brudnick, Frank Jack Rodger, John Scinto, Art Treharn, Tom Valanalon, and Bob Wellers.

The brothers of Tau Omega Phi would like to congratulate Herb Eble, Joe Magyar, and Bob Rush for being married this past summer. TOP is now reeling off a new pledge class. These boys can be obtained from any brother.

PSI CHI

The men of Psi Chi are pleased to announce the mar- riage of two brothers from the pledge class: Dale, Rodgers, physical education, 1970; and Mark, Magyar, industrial arts, 1970.

There will be a dance on Sat. Dec. 10 at 8 p.m. in Par- ker Gym. The main attraction will be the EAST COAST CUP- CASK. Admission will be 50.

PHI SIGMA EPSILON

The men of Phi Sigma Epsilon would like to welcome to their membership five new members: Ken Hiltsine, Walter A. Kotabta, Peter Lake, Jack Purrillo, and Joe Tortorella—all members of the class of 1970. Phi Sig would like to invite all of the student body to our Jan. 5 dance and to wish everyone a Merry Christ- mas and Happy New Year.

Pinned: Bruce Gandy, '69, to Arlene Juliano, '69; Roger Ucc探し, '69, to Judy Hamon, '69; and John Livigni, '68, to Thetu Chi Phi.

ALPHAEPHEON

Apleton, the local chapter of the Kappa Mu Epsilon, the national mathematics honor fraternity, held its initiation of the fall semester on Nov. 13. This meeting was Apleton's first alumni, "homecoming," and was at- tended by approximately 30 Apleton alumni. The alumni present were members of the graduating class of 1962 through 1967. They were: Paul Pfiffer, chair- man of the mathematics depart- ment, and the alumnae and Dr. Max Sobol, co-ordinator of Apleton, also welcomed the alumi. They are the current members of Apleton. Profesor Vernon Williams, guest speaker for the evening, presented an informative talk on the "Mathematics in the Home." The meeting was enjoyed by both Apleton alumni and current members. The current members talked about the alumni meeting has been adopt- ed by Apleton as an annual event.

Four SGA Representatives Attend National Meeting

by Bonnie Marranca

During the Thanksgiving holidays the student government at Montclair State College had its membership now is over 190. Schools, fundamentally, the ASG is a non-political organization, its membership number one thing is that it is a forum for the exchange of ideas and projects a meeting place for interested students. The National Student Association, the ASG does not make state-wide policy, it operates at the national level and is non-academic matters.

Convention News

The convention took place at the St. Francis Hotel in the heart of San Francisco. Over 400 students and faculty members attended the convention. The main business of the convention was to discuss the resolutions to grant junior college membership in the ASG and to consider the implementation of a new constitution making organization. The first resolution was passed while the second was defeated. Ratification of resolutions takes place at the regional level.

The workshops covered a multitude of topics: executive policy, general policy, course and teacher evaluation and legislative pressure groups. The resolution of the regional chapters, resolutions and constitutions' amendments were presented.

The after-dinner speakers included Dennis Me Feeley, Mike Betancourt, and William Monroe. Mr. Harry Edwards, leader of the United Black Students of New York also spoke. Portions of his speech were broadcast over San Francisco station KGO.

There were regional meetings during which regional policy was decided. A resolution was presented to the National Student government at the ASG convention. The resolution was presented to the Montclair State College regional chapter to discuss the possibility of obtaining a full-time student government president. The ASG at Montclair State College adopted the resolution.

Regional Differences

The ASG at Montclair State College is in Region 1, the membership in Region 1 is in a different style including the local colleges of New Jersey, New York, and Pennsylvania. Rhode Island and New Hampshire. A student from Glassboro State College was elected regional chairman.

My previous experience with a foreign land had left me with the impression that it was a home that used to be in the United States. I had come from all sections of the USA to start a new life. For them a foreign land with the impression that it was a home that used to be in the United States with the emphasis on language. and perhaps they don't feel anything. Why can't we try to develop a foreigner in a small town of a foreign land to the outside, you can see the man as an individual, we are more involved than would first appear. The thoughts I had when I took a stand (the only Region 1 delegation) was being invited to play in the basketball tournament. The tournament also boasts City Colleges of San Francisco, California.

The trip was funded by three Montclair Jr. YMCAs, Bloomfield College, the Montclair YMCA and Montclair State College. It is likely that the team will have to play its home games this season in these places. The team will practice in the gym, the bumps all over the floor cause horrible pain, hate, and other human feelings. Remember that each man experiences a different world. The thoughts I had when I wrote this in July are much more involved than would first appear. Soccer Team Records  
First Winning Season

The first winning record since 1964 and the setting of three individual and team all-time records highlighted the 1967 Montclair State College varsity soccer season.

The Indians, under the direction of Leonard Lucenko, posted a record of 4-1-4, tying the record for three ties. In the New Jersey State College Conference, Montclair State took second place with a record of three wins, one loss and one tie.

Roundabout, his ability to set a new high from Glen Rock (N.J.), set a new all-time single scoring record. A goal to erase the old standard of 11 held by three players, Jim Ballard (1961 and '62), Scotty Johnson (1960) and Jerry Golenbelski (1960).

All-time team marks to be established were most goals in a single game, 14 against Jersey City State, and most goals in a single season, 55 (15 games).

The single game scoring mark was nine goals set against Newark State on November 2, 1961, while most goals in a season were 50 (13 games) in 1967.

A pair of former Blacksnake High School players trained Smith in scoring. Arvi Suur, a sophomore, was second in scoring with nine goals while Gus Migniere, a freshman, had eight goals.

Secondly, I feel that these athletes would be doing the Negro race a great injustice if they were to boycott the Olympics. The Negro today is trying to be recognized. One cannot be recognized and held in great esteem by both athletes and proves the Negro is equally capable. Another important reason should be given: the Negro youths, someone of their own race to identify with. Thus in the future they can look up favorably to Mr. Ali, Mr. Smith and other Negroes as participants and possibly winners.

INDIANS' FOOTBALL SEASON PROVES 
EXCITING, FRUSTRATING, REWARDING

by John Dantoni

Shocking, exciting, frustrating and rewarding are terms that can be used to adequately describe this year's football campaign.

It was a season which saw the Indians lose several heart-breaking games, with a ragamuffin offense. Then, that same offense came back and took second place with a record of three wins, one loss and best qualifying time, he will be showing, participating, and demonstrating, rather than being passive. Action speaks louder than words and no Negro athlete, don't give up this chance to put yourselves in the limelight, where you would have to attract more attention. If you do not participate, you will be pleasing those who are your antagonists. It would please them more to see you refuse to participate. In all probability they don't want you to perform anyway. Again, I try to emphasize the importance of participating to help the cause. Whether you claim to be an American or not, you are here and if you don't plan on leaving, let us make the most of this opportunity.
