Montclair's 60th Graduation Set For June 5

Weather is the only factor remaining in question as the commencement plans for MSC's graduating class of 1968 are finalized.

The Baccalaureate Service and Senior Convocation will take place Sunday evening, June 2, 1968, at 7 P.M. in the students Amphitheater. The processional – "Trumpet Voluntary" by Henry Purcell -- will be performed by the College Symphony Orchestra under Arthur H. Christmann. Following "A Time of Reflection", the College Choir under Mardan Bate will sing "O Brother Man," a choral selection by Geoffrey Shaw.

The baccalaureate address will be presented by the Rev. Thomas E. Davis of the Newman Community. The program will conclude with a choral benediction from "Scipio" by Handel – again Stainer. The recessional – "Seven Fold Amen" by John Paterno, and Laurence Doucette, Macaluso, Kuhn

normal and Valley Light Approved

in Sprague field. Over 1,000 graduates will be held June 5, 1968, at 6 P.M.

At recent class elections, approximately 1100 MSC students chose their class officers for the 1968-1969-year. Also on the ballot was a referendum for MSC support of C.A.U.S.E., which was defeated due to a lack of student votes. Fifteen hundred votes were needed to pass the referendum.

Harry Kuhn, a Spanish major, was elected to the office of senior class president. Harry was vice-president of his class for the past two years. Jack Dennis, a social science major, will serve as vice-president of the class of 1969. Linda Hames, a Latin major, has been elected secretary. Barbara Zaloga will hold the office of treasurer. Barbara, an English major, is the business manager of the MONTCLARION.

CLASS OF 1970

Joseph Macaluso will lead the class of 1970. Joe is an English major and member of the gymnastic team. Vice-president of the class will be Carlene Cheatham, a physical education major, who has served in that position since her freshman year. Maryanne Kudrewicz, an English major, has been elected secretary and Regina Nicosia, a business major, was elected treasurer.

The commencement program is to be held June 5, 1968, at 6 P.M. in Sprague field. Over 1,000 graduates (Continued on Page 11)

Normal and Valley Light Approved

After Years of Conflict in State

The Division of Motor Vehicles in Trenton, N.J. was the scene of a conference with State officials and four Montclair State students concerning the installation of a traffic signal at the corner of Valley Road and Normal Ave. Present at the meeting were: Arthur Erickson, Stan Gurski, Arthur H. Christmann, and William Laser, principal traffic engineer and Mr. Vincent Doucette, vice-president of the class of 1970.

At this point, the state is awaiting a reply from the county. At the conclusion of the meeting, a petition with the signatures of 2,198 Montclair State students was delivered to the Office of the Director of Motor Vehicles.

* * *

After petitions, meetings, student arousal and supplications to the New Jersey Motor Vehicle Department, the students of MSC will be glad to hear that the proposed traffic light at Normal and Valley has been approved.

Newman Club to Participate in March of Poor

In accordance with the plans of the late Dr. Martin Luther King, the scheduled Poor People's March on Washington, D.C. was begun on Sun., May 5. The march, led by the Rev. Ralph Abernathy and the widowed Mrs. King, started in Memphis, the city where Dr. King was fatally shot on Thurs., April 4.

The vanguard reached Washington on May 12 and began (Continued on Page 10)

The MONTCLARION received word to this effect at about 2:30 May 16 from Dean Morehead. Soon after, Larry Ridpath called the county to get more details.

The Board of Higher Education has changed the tuition for full-time graduate students from $512 a year to a fixed $440, whether or not a maximum load is carried.

State College Tuition Rises 133 Per Cent

The news is out: tuition for full-time undergraduate students at Montclair State will be $530 starting with the fall semester. This amount represents an increase of more than twice the current tuition of $150 at the six New Jersey State colleges.

The increase, the first since 1957, will affect 20,000 full-time students. The new fees become effective next fall. Tuition for part-time students also was raised to $24 per semester credit hour to 25 for graduate students and $20 for under graduates. This will affect thousands of teachers who seek extra credits to advance on salary scales.

The Board of Higher Education has changed the tuition for full-time graduate students from $512 a year to a maximum course load to a flat $440, whether or not a maximum load is carried.

The Board pledged that at least $2 million of the $4.8 million in revenue from tuition will be added to scholarship aid funds. Another $2.5 million of the extra revenue will go toward substantial raises in the professional salary guides. The other $2.5 million will be used for the extra faculty members needed because of expanded enrollment and additional laboratory and library facilities.

Edward Boother, president of the college (Continued on Page 2)

Washington Grants

T.R.Y. Needed Funds

Montclair State College has received a $60,000 grant from the Office of Economic Opportunity for the continuation for another year of Project TRY (Talent Research for Youth), a program for identifying and assisting disadvantaged high school students with college potential.

Announcement of the grant came from Congressman Peter W. Rodino Jr. (D. 10th Dist. N.J.). According to Dr. George G. Hughey, director of admissions at Montclair State, renewal of the project is the direct result of the success of the program, which during its first year of operation has found places for 125 students on college campuses in the State. Forty of these will be admitted to Montclair State in the fall under a special program tailored to their needs.

Instituted at the college last September, TRY is currently under the direction of David W. Writer, an assistant director of admissions, who has volunteer student help in implementing the program. TRY teams visited Jersey City high schools last fall and this spring are working in Newark, acquainting students with opportunities open to them and interviewing those who are interested.

A film, "What's Happening to the 14th Street neighborhood especially for Montclair TRY, is used in recruitment.

Black Identity

Is The Goal Of Montclair B.O.S.S.

The Black Organization for Success in Society (B.O.S.S.) was recently awarded a class A charter by the Student Government Association. Vernon Nelson has been named president of the group, and W. K. Gardner is the faculty advisor.

Facing an atmosphere of questions and criticism, B.O.S.S. clearly states that its purpose is a positive one.

It is an attempt to unify the students (Continued on Page 10)
Rain Falls to Stop Carnival Activities

"On Friday night, Bob and I were so happy; we were ecstatic," explained Barbara Sternenberg as she described the opening night reaction of Bob Martinez and herself, Carnival co-chairmen.

Carnival '68 opened on Friday night, May 10 with shoulder-to-shoulder crowds much to the delight of everyone concerned. Approximately $2,700 was taken in receipts on Friday alone. But true to the tradition of MSC's Carnivals, it HAD to rain sometime during the festivities, so the drizzle began. This continued until about 4:00 P.M. when the rain then began to earnest.

Surprisingly, the crowds still came, even when it was necessary to don raincoats and struggle with umbrellas. Most of the booths were covered already, or able to be attached at a moment's notice. Plastic was purchased at a nearby nursery for those unbathed organizations. Carnival '68 continued undaunted until 9 P.M. when it was forced to close. Despite all the moisture, $1300 was taken in on Saturday.

"A Bill of Three" will be the title of the winter production. Directed by Dr. Jerome Rockwood, "A Bill of Three" will include three one-act plays. They are loosely described as "quantified" or "theater of the absurd" by Dr. Rockwood. Although they have not been definitely chosen, those plays under consideration are Eugene Ionesco's JACK OF THE GUPPERS, Tennessee Williams' THE DRAPELS COME and Slawomir Mrozek's THE PARODY OF PETERLO. Finally, Dr. Howard L. Fox will stage the latest George Bernard Shaw's widely acclaimed MAJOR BARBARA. It is hoped that this play will answer the complaint of females on campus that there are few dynamic roles offered to them.

Mr. Donald Sobolik, who has served as costume technician for Player's, will take a one-year leave of absence for study to his doctorate at the University of Nebraska.

Rather than remain a fixture at the MSC campus and simply perform on a small auditorium, Shaw's little theater stages, Player's has formed an eight-member "improvisation" company under the leadership of Robert Lowy. These eight students (Robert Lowy, Cathy Raiger, Steve Keitz, Tony Giarno, Jack McGeany, Nancy Parin, Sandy Dralowitz, and intermittently, Leon Silverman) perform and improve before social clubs and high schools. This is a necessary extension of the arts at MSC into the surrounding community.

Player's has announced that over 13,000 people attended their production, including tours, during the 1967-68 season.

Tuition

The co-chairmen expressed their sincere thanks to all those who worked so hard to make Carnival the huge success it was. By 6 P.M. on Friday, everything was complete despite the rain obstacles.

Players '68 - '69 Season Offers Shaw, Goldsmith

MSC can expect an exciting year as far as theatrical productions are concerned. The 1968-69 schedule for Players was announced last week by Robert Lowy, at their annual banquet on May 16.

Players' season will begin with a Restoration comedy, Oliver Goldsmith's SHE STOPS TO CRY. The play, directed by Dr. Clyde MacEly, will be directed by Dr. Clyde MacEly. A workshop production will be staged, newly commissioned plays to be included in the workshop have not been announced.

"A Bill of Three" will be the title of the winter production. Directed by Dr. Jerome Rockwood, "A Bill of Three" will include three one-act plays. They are loosely described as "quantified" or "theater of the absurd" by Dr. Rockwood. "Tuition"

The board, said he was worried that the Legislature might cut the higher education budget because of the tuition raise. "If they do that, then we will nullify," he added.

Ralph A. Dungan, chancellor of higher education, said additional tuition grants of $200 will be given students currently receiving tuition aid. Dungan said he hopes they will be cut to the student aid officers more money for "their discretionary use in helping needy students." One section of the resolution raising the tuition sets the out-of-state tuition at $570. However, there are no out-of-state students at the state colleges. Dungan said college presidents have been advised that they may take a limited number of out-of-state students in the future.

The board's statement of the tuition increase emphasized it was boosted "to meet the present financial needs of the students." MONTCLARION WRITERS FIND 
EDUCATION, HOUSING SHODDY 
by DAVID M. LEVINE 
and MICHELE BARBELLA

It has been said that Newark is a city of paradoxes with wealth and poverty to its credit. It's a combination of the old and new and in the labyrinth it appears, that the rich have the new while the poor have the old. Old shoddy buildings that were no-doubt being built when Abe Lincoln was president seem to dominate Newark's central ward. And people still live in them.

A few apartment projects built within the past decade seem to have lost their glory; they blend into the scene quite well with its filth, decadence and glassless windows.

It was with good intentions that the municipal government started a cooperative housing plan aimed at replacing disgusting-looking houses that were nearly falling apart. Providing cheap, low-cost apartments for the poor was the aim of the city planners for this block near High Street. But as one tenant asserts: "Even though the municipal government started a cooperative housing plan that the municipal government was nearly falling apart.

Yet the demands for new housing are recurrent. With nearly every individual we interviewed "we want new houses" seemed to be the primary demand. A woman traffic guard pointed to a vacant lot: "You see that lot," she said, "it used to be St. Barnabas Hospital. They moved to Livingston a while back and that would sure be a good place to build some apartment houses."

"Newark's skyline with its prosperous tall buildings are disgraced by 19th century shacks..." 

Gordon's Dry Liqueur: The symbol of hope.

"Newark's skyline with its prosperous tall buildings are disgraced by 19th century shacks..."

"The employment agencies keep telling me to come back later."

"I've seen a lot in my time," said fish market owner Joe Sabella. "I know, I was brought up here."

"Old shoddy buildings that were being built when Lincoln was president dominate the central ward. And people still live in them."

Under Construction: New co-ops are being built when Abe Lincoln was president dominate the central ward. And people still live in them.

"I worked hard $10 a week in my day," said Jasper Chatman. "Too many people want too much education - the Newark way - is not actually geared to any specific group. The courses are shoddy and there is a certain apathy on the part of students as well as teachers to present courses that would not bring out the creativity of disadvantaged children in Newark slums. Traditional courses such as math or science may be fine for interested students; but most slum children cannot find their place in traditional education. "Watered-down" courses in Spanish or math are certainly not the answers.

(Continued on Page 12)
To Catch a Thief

A quick glance at the story and picture on page 13 might lead some to judge hastily that the MONTCLARION staff has committed a criminal deed. ’Stealing’ books from Sprague Library, which is already fairly well depleted, is not recommended for every student at MSC. However, the MONTCLARION, realizing its duty to the public to crusade for needed reforms, believes that, at least in this case, the end justifies the means. We have ’swiped’ without any difficulty about $100 worth of books. If we were able to perform this feat, why can’t others with not as noble motives?

The MONTCLARION intends to return these books as soon as assurance is given us that a guard will be hired. We know such an expenditure is on the budget, but will it become a reality – and when? If we did not intend to return these books, we would not have made a public statement. Besides, a book that is ’stolen’ from MOSCOW JOURNAL would be of little interest or use to the editorial staff.

We urge the administration of Sprague Library to insure the contents of our library by making sure a guard is hired for next semester to check all briefcases and belongings of students exiting the library. We are not accusing ALL students, but it only takes about ten students to strip a library of some very important and precious books. We are not accusing ALL students, but it only takes about ten students to strip a library of some very important and precious books. We are not accusing ALL students, but it only takes about ten students to strip a library of some very important and precious books.

Write Now!

C.A.U.E.S., the committee for aid to underdeveloped state education, is asking for the help of all Montclair State students.

The efforts of C.A.U.E.S. have been directed toward stressing the needs of the state colleges for more funds. To accent this effort, C.A.U.E.S. needs 2000 student-written letters which support certain state proposals to aid higher education. 1. Write a letter, handwritten if possible, to your state legislator. Express your concern for the state of higher education in New Jersey.
2. Have your parents write a letter directly to their state legislator.
3. Join C.A.U.E.S. by asking your friends who are interested to write letters.
4. Bring the letter to the CAUSE-CUE box in Memorial Auditorium Lobby by May 27.

We urge students to help as organization which has been formed to aid us all.

WE SUPPORT CAUSE. Please help!

To The Administration

Montclair State has, within its sixty year history, built up a fine reputation as a teacher education institution. But it is only recently that this college has converted to a more liberal path. Hence, the

MONTCLARION feels that more courses, indeed more departments should be established as soon as possible. We feel that a department of journalism would no doubt enhance the position of this college. Separate departments such as sociology, economics, geography, and political science would also prove beneficial.

The MONTCLARION is aware of the fact that several Montclairs have proposed the idea of an “underground university.” While we do not necessarily concur with this idea at the present time, this may prove to be the only path open for a student desiring to take subjects he is actually interested in.

We hope that the administration will consider the establishment of the above mentioned departments. The summer is a long time.

Rumblings

Whatever happened to the students who felt so upset about the collapse of the Campus Wapalame program? We urge a group on campus, perhaps MAC or Outdoor Association (MOA), to solicit faculty and student opinions on the continuance and/or the termination of the program. The MONTCLARION is willing to publish any articles of interest on this subject.

Will Montclair be next? After the recent disturbances at Columbia, there has been much speculation and jesting about the possibility of a similar outburst at MSC. We do not believe so, if all problems continue to be handled effectively by faculty and students which in itself has inhibited the kind of dynamic probing which is part of a good college newspaper.

Will the MONTCLARION, they need, needs to be more aggressive in reporting news and more outspoken commenting on issues.

My personal pride in the past success of the MONTCLARION does not prevent me from recognizing that there may be a legitimate new role for our college newspaper to play. I honestly feel that neither the administration nor faculty have intended to play a paternal role in connection with it but I can see a kind of paternalism may have developed.

The faculty, the MONTCLARION Faculty Advisor Michael Greico, and I agree with the goals of the new editor and her colleagues. We endorse their mission of becoming a more activist newspaper while retaining higher journalistic standards. We are prepared for the increase in controversy which must inevitably surround the new look which next year’s MONTCLARION will assume.

I would like to congratulate with a request that the administration, faculty and students encourage and, when necessary, tolerate a new kind of college newspaper. While it is likely that next year’s MONTCLARION will be more exciting and interesting, it is also inevitable that it will sometimes be annoying to some of us. Areas and issues which were formerly avoided by the paper because of a desire to avoid offending anyone will now come under its scrutiny. Issues about higher education, curriculum and teaching will become fair game for news reports and editorials.

Even though our country and our colleges abound in bad, sensationalist and unethical journalism, we can be confident that the MONTCLARION will retain a clear view of the overall welfare of our college, and it will perform a function which is consistent with that view.

EDITORIAL POLICY

TO THE EDITOR:

In upholding the dictates of what we Americans stand for, the SPU decided to set up a table at two hours of the request of the Socialist Party on Tues., May 14, although not being sympathetic with their views. Many of the reactions were adverse as well as cordial to the two representatives. Their two hour stay went peacefully and without incident.

The SPU maintains that Montclair State University is, in the American tradition, to the many political groups that exist in the University, some of which may be exposed and allowed to discuss the different ideas in a classroom situation when we are educators. If we remain true to the heritage of the many ideologies that confront us, how in turn should we themselves? We are in reality pursuing a course that is identical to the one of the ESP, in which we accuse as not being open to different ideas.

Montclair is a great college and I can see that the day is imminent when her students will encourage the presentation of new ideas as an educative means to world understanding.

RUSS LAYNE
**New Fillmore East**

**Accents The Now!**

**By MAURICE MORAN**

"Music today is an art form, or at least developing into one. This is because the idea of entertainment professional has been injured. We find today that music is much more important than it was. Thus, Bill Graham, proprietor of and Fillmore, reestablished his stand as to the usefulness of the Fillmore. So, come on down to 690 Fillmore and Ave. became the center of what one patron described as "weird" music. The Light Show, every week different and everlastantastic," adds to the meaning of the music. You don't just play shows, it doesn't work."

When someone reads a list of Top Groups from a local high school (Monkees, 1910 Fruit Gum, et al - you know, "Simple Simon Music"), Mr. Graham (sounding much more like another Billy Graham) responded: "If you take a pull like that in every high school, you'll find out 55% of what's wrong with this country."

What about groups of today? How are they formed? What about drugs and music? If you want to form a group, you have a choice - a sit on somebody's front porch and play; b) get together with a group that broke up c) find an arranger who'll get you together. As far as drugs, an affirmative yes as to whether it has effect. As to the merits of this effect is a long story...

Recently, many of the rock groups have been bashed (i.e., arrested, thrown out, etc.) for "obscene" performances... for, Jim Morrison put it, "being themselves." Is a group on stage to be themselves or to entertain? Graham had this to say:

"This is the most subtle and the Rock Business. If I'm on stage, I can do what I want. But the public is getting wise. A group has no right to lay on the audiences their moods. If they can't entertain, then they shouldn't be in show business. It's only the "lovelies," the in groups, who eat up Hendrix when he doesn't entertain. The greatest entertainer today is Janis Joplin of Big Brother & the Holding Company. She can be in the worst of moods until she gets on stage. She's super for a long time. When stars don't entertain, they're lost. And time will tell. Just wait." The Fillmore presents the star of today. If you'd like to see a great show that Time has tested, only this is well worth a visit.

**DIVISION STREET: AMERICA** by Stuok Torkel heads the list of new paperbacks released within the past month. Torkel, a highly qualified writer-journalist, inroduces his readers to 70 uniquely diverse characters, including a 16-year-old poet-dope pusher, a street hoodlum with an unusual philosophy of life and the world of the homosexual. The scene is Chicago, but any American city will set the stage. **DIVISION STREET: AMERICA**, published by Avon Books, has been on the best seller list as a hardcover for seven months in 1967.

Ayn Rand, if anything else, is a widely discussed and debated writer and "mother" of a fascinating philosophy called "objectivism." In her latest book **CAPITALISM: THE UNKNOWN IDEAL**, published by Signet, Miss Rand together with her cohorts (Na
daniel Branden, Alan Greenspan and Robert Hessen) spew forth a series of essays discussing the idea that capitalism is being bombar
ded with altruistic tendencies that will lead to its downfall. Miss Rand has authored six other books including **THE VIRTUE OF SELFISHNESS**.

The days of the old **HERALD-TRIBUNE** are recalled by that extraordinary New York journalist, **JIMMY BRESLIN: THE WORLD OF JIMMY BRESLIN**, published recently by Viking Press. Before it became the **HERALD-TRIBUNE**, and the latter demise of the **WORLD-JOURNAL TRIBUNE**, Brelin was no doubt one of the most colorful and exciting columnists on any metropolitan newspaper. Some fond memories are recalled in this fine book.

**Black Comedy**

**Illumines Millburn**

A REVIEW BY JOSEPH A. KRENETSKY

Imagine the house lights dimming slowly, the audience settling down to a silent wait (followed by blackness). Voices are heard and the play begins with the audience in the dark (pun intended). After a few minutes it becomes apparent that the scene will continue in the dark. Finally, after nearly five minutes of listening in the dark, a "fuse burns out in the apartment" and the apartment blacks into total illumination to the audience.

This imaginative switch proves to make Paul, played by a rocker of **BLACK COMEDY** a truly interesting evening. The entire play takes place in the apartment of Blandy Miller, played by Orson Bean. He is apparently a sculptor of no claim, who has with his fiancee Carol borrowed furniture from a friend's apartment, without his knowledge, to impress his father-to-be and a wealthy art critic. When the "lights go out" the play really begins. Harold, the owner of the furniture returns unexpectedly from a trip. Clea, Blandy's favorite girl, also returns from a trip. Carol's father and a Miss Furnival, an old maid tenant, arrive to the dark to add to the fun and confusion. Finally, the electrical repairman and the wealthy art critic, Mr. Bamberger, get there and have amazingly similar voices.

To make a long story short, Miss Furnival, played by Shirley Booth, universally acclaimed for "Harvey," that 6-foot-one-inch rabbit and his inexpressible accomplishments. Everyone will be on stage by 30 July at 25 Aug. Paul Ford will star as Elwood, the middle-aged man who is married to a family into a stew over a rabbit. Shirley Booth, universally known to millions as "Hazel" on TV, will star in "The Desk Set," August 27 - September 22. This modern comedy revolves around "Bunny" Watson (no kin to "Harvey") who wages hilarious warfare on a male efficiency expert, prepared to supplant electronic brains in a TV network of her own. Her job is the economics of her department. "The Desk Set" is also bound for Broadway after its Paper Mill engagement.

All three comedies that come as summer attractions at Paper Mill Playhouse are ideal entertainment for a summer's evening or matinee.

**Paper Mill Plans**

**Summer Attractions NOW TIL JUNE 2: ORSON BEAN IN BLACK COMEDY. JUNE 4-JUNE 30: ENTO STUDY PLAYHOUSE IN MILLBURN. JULY 2-JULY 28: MENASHA MESSENGER OUT OF THE MIDNIGHT RIDE OF ALVIN BLUM. JULY 30-AUG. 25: PAUL FORD IN HARVEY. AUG. 29-SEPT. 22: SHIRLEY BOOTH IN THE DESK SET.**

**Ravi Shankar Making Film**

MESSENGER OUT OF THE EAST — a dramatic full length color feature film, currently being produced about the brilliant Indian classical musician, Ravi Shankar.

The film will seek to explore both his enormous success in the Western world and the more personal task that has become uniquely his - that of bridging the two cultures of East and West. It is a portrait of a man to the source - to the roots - the film will try to discover the meaning of Ravi Shankar himself - a man locked deep within the culture and traditions of Indian music, art, philosophy, religion and life.
KAPPA SIGMA RHO

The women of Kappa Sigma Rho are proud to welcome the following girls into our sisterhood: Susan Boy, Kathy Cammaratta, Kathy Dreyer, Kathy Ellison, Joan Frankel, Kathy Kyrosides, Carla Lounsbury, Judi Manzi, Karen Peluso, Carol Powell, Sue Villere, Joan Vogler and Terri Zacker.

PSI CHI

Congratulations to Dale Rodgers who has recently been honored with a membership to the New York Athletic Club. Dale has also been asked to train with the U.S. Olympic Team for the Modern Pentathlon this summer.

We extend a thank-you to all the brothers who worked on Carnival this year and helped to make it a success. We congratulate Dale Rodgers, constr. and Barbara Sternberger and Bob Martinez.

Congratulations to Bill Ryan, Mike Casda, '68, to Chris Fornarrato, '71, Tom Cantalice, '69, the Stu Maria's dart team, Gamma Xi. To Hartman, '69, to Sharon Richards, '71, Iota Gamma Xi.

IOTA GAMMA XI

The women of Iota Gamma Xi have had a very successful year. We have increased our membership, reached the highest rank of all the other chapters and we have reached the point of being a full-fledged chapter. We wish them the best in the future.

All of the women of Iota would like to congratulate our 14 new sisters: Barbara Campagna, Linda Campagnola, Nancy Caraballo, Karen Doreen, Angela Egan, Janet Henry, Sharon Lacy, Pamela Landini, did a fine job hazing our pledges now presented proudly as Iota sisterhood. The new Iota sisters are: Geri DeMayo, Jeanie Brown, Laurie Held, Jane Fuleihan, Edith Guarino, Nancy Cardoza, Dominie Taylor, Doreen Sandberg, Angela Ruggiero, Anne Cooper, Barbara Griffiths and Jane Farnam. The class had a busy week of hazing with a pledge party with Alpha Phi Delta of NCE, a pledge dinner held, Jane Fuleihan, Edith Guarino, Barbara Sternberger, and Carol Parisi, carnival committee.

Congratulations also are extended to Pat Matsui who was nominated Phi's Girl of the Month.

Deleso, Toni Favata, Alice Andriola, Katherine Daley, Maria Cannizzaro, Mary Lou Coletti, Carole Di Camillo, Ellen Fitzgerald, Phyllis Palombi, Patti Pappas, Gay Petersen, Jo Rizzo, Tracee Raffaello, Zelma Smith, and Jeanne Stephanie.

Elaine Perero, '69, to Barry Worman, '69, Phi Sigma Epsilon.

ALPHA SIGMA MU

The brothers of Alpha Sigma Mu held a Veteran's party at the Veterans Hospital in East Orange on May 15. The brothers are grateful to the following participating entertainers: Charlz in Totowa, It's a Band, under the direction of Ken Pampell. They performed arrangements of Neil Hefti, Count Basie as well as a specially arranged medley from WEST SIDE STORY.

The sisters of Iota Gamma Xi who conducted a sing-along.

Miss Petite Chorus. La Carusi and Bob Demko, singers. The Devil's Dream, who performed a selection of Bluegrass music.

LAMDBA OMEGA TAU

On May 19, Lambda Omega Tau welcomed their spring pledge class of 1968 at the mother-daughter installation banquet held at the Friar Tuck. Lambda's new sisters are: Geri DeMayo, Jeannie Brown, Laurie Held, Jane Fuleihan, Edith Guarino, Nancy Cardoza, Dominie Taylor, Doreen Sandberg, Angela Ruggiero, Anne Cooper, Barbara Griffiths and Jane Farnam. The class had a busy week of hazing with a pledge party with Alpha Phi Delta of NCE, a pledge dinner given for the sisters and a fund raising project.

Robin Applegate, Peggy Helm and Carol Parisi, carnival chairmen, worked hard making Lambda's booth a success.

DELTAL THETA PSI

Heartfelt thanks to Barbara Katz and Dorik Merkle on their return to Montclair. They performed a selection of Neil Hefti, Count Basie as well as a specially arranged medley from WEST SIDE STORY.

All Sophomores who have not handed in their Teacher- Assistants Preference Sheets are to see Joe Zamos in the Education Office on the third Floor of the Administration Building before May 31, 1968.
Ex-President Recalls
Original College Days

BY HARRY A. SPRAGUE
President Emeritus
Of Montclair State College

It should be recognized that there have been highly significant developments in the selection and preparation of teachers since the beginning of this century. Eighth grade and then high school graduates were often engaged as teachers. The two-year Normal Schools were becoming the chief source of public school teachers.

Dr. Charles Chapin was the first principal of Montclair Normal School, which was established in 1908, and thus we have the 60th anniversary of Montclair. Dr. Chapin developed and maintained a notably successful program of Normal School education until his death in March 1924.

As a person who had been devoted to the establishment of teaching as a highly-regarded profession, I resigned the Superintendentcy of City Schools in Summit, New Jersey in order to undertake this assignment.

In 1927, the State Board of Education authorized the establishment of a four-year degree-granting college at Montclair to be devoted to the preparation of junior and senior high school teachers. This authorization might be regarded as a 40th anniversary date in the history of Montclair.

The next anniversary date of special significance would be from 1937 and 1938 when the Montclair State College was offered accreditation as a Liberal Arts College by the Middle States Association of Colleges and Universities. A year later, as a matter of our choice, it became the first State Teachers College to be accredited by the Association. This recognition was based upon the quality and achievements of its students, faculty, and records of outstanding achievements in nationwide testing programs.

The periods of Depression, wars and reconstruction were exceptionally difficult from the standpoint of availability of funds for buildings, instructional facilities, salaries and promotional efforts. During the late '40s, the State’s attention was attracted to the needs and support of Montclair. Those connected with the services and developments of the college rendered exceedingly loyal and highly professional cooperation. It was an extremely challenging and stimulating period marked by significant professional and scholastic developments. These attracted many candidates for admission. Many were necessarily rejected in spite of teacher shortages. It has been noted that professional and scholastic prestige are always attractive features. A most sincere gratitude for complete freedom from lawless upheavals or takee-overs are appropriately expressed.

The man who was of great assistance in the late '40s, when special efforts were made to gain a State appropriation of at least $15 million, was my Dean, Dr. Ernest Partridge, a most valuable promoter in the area of development and fund-raising. Bless his soul! Upon my retirement in 1951, it was fortunate for the college to have Dr. Partridge as my successor.

The money market loosened up somewhat and with Dr. Partridge's qualifications for raising funds and planning developments, a high percentage of the college buildings now stand as a testimonial to his energy and notable contributions.

Dr. Partridge was succeeded by Dr. Thomas H. Richardson who has served as President since 1964. Dr. Richardson’s administrative ability and leadership have been appreciated as a vital factor in the development of a college, which now has an enrollment of approximately 4500. With the marked changes in the purposes and programs of the State Colleges of Education that are going on, Dr. Richardson has been highly respected and strongly supported. During the period of disconcerting reorganization, this is an achievement!

In the words of Dr. Bundy: “We are now facing the problems of Education in a confused world.” It offers many challenges to our democracy, our civilization and the quality of our next generation.” Mrs. Sprague and I look forward to a greater college rendering a greater service to a civilization which needs what master teachers can provide.

THE SHADOWS of College Hall can be seen through the forest that once dominated the scene of Montclair State.

FIRST GRADS — Combined classes of 1910 and '11 pose in front of College Hall, then the only classroom building on campus.

TODAY’S GRADS, numbering some 950 students, are examples of MSC’s progress over a 60 year history.

The Original Folk Singing Group?
Believe it or not, MSC’s library was once housed in College Hall. Until 1963, it took up three floors with a virtually limited collection.

One of players’ first productions: Swift-Wing reported news of Robin Hood.

1910 alumna discusses MSC’s history, growth

By Grace Lyon Concialdi
Class of 1910

On Sept. 15, 1908 the first class of 187 students, largely girls, entered N. J. State Normal School of Montclair, with Dr. Charles S. Chapin as principal. He had a staff of 19 teachers and a librarian. One of our teachers, Miss Mary F. Barrett, still lives in Bloomfield, and another, Miss Ruth Smith, is in New York City.

The basement of the school was not entirely finished and the grounds boasted no landscaping. A boardwalk, very slippery in winter, was laid from Valley Road to the school. Nevertheless, we were a happy group, and started the loyal spirit of Montclair, which I hope will never end.

There was only the one building which contained a 2-story auditorium and gymnasium, as well as the classrooms, the offices and library. The auditorium was filled with our desks, and assembly was there every morning.

In the early days, pupils came by Erie R.R., Valley Road trolley, or walked from their boarding places as I did. Very few teachers drove cars.

At the beginning of our second year, Dr. Chapin decided to have a class graduate in June, 1910. The course had been scheduled for 2½ years, but 30 of us took an accelerated course, and were graduated with the 15 members of the 2 year kindergarten course June, 1910.

Some of the educators had prophesied that Montclair would not succeed, but Dr. Chapin announced that there was standing room only at the end of the second year.

Mr. Edward Russ was greatly interested in starting the new school, so after his death a dormitory bearing his name was built with money he had bequeathed. It was opened for girls in September, 1915. Later, a dormitory called Chapin Hall was built.

The $25,000 for 25 acres invested by the State Legislature in 1904 has paid exceedingly well by so many graduates who have gone far in educational business fields.
**MONTCLARION**

**PROF. 'BOSS' M.E. MENTORING STUDENTS**

May 27, 1968

Negro students of MSC. The organization wishes to provide the opportunity for black students to "develop a more meaningful role both on campus and in society." The organization will receive some financial support, political, social and economic situations which directly effect the Negro student.

In creating this self-awareness and group awareness, B.O.S.S. offers an opportunity to the Negro students. Mr. Gardner thinks of B.O.S.S. as a "supportive" organization which will offer much to incoming Negro students from ghetto areas. Although other college organizations do not have such membership, they will help incoming Negro students, B.O.S.S. will give a special assurance and identity to these Negroes.

In answer to a common question, B.O.S.S. does not have the idea of segregation in mind. Unlimited membership is open to both black and white students enrolled at MSC.

An accepted application and the attendance of three successive meetings are required for membership. Meetings, both business and social, are to be held bi-monthly on the second and fourth Wednesdays of each month. In addition to understanding, membership, there will be alumni membership and associate membership for those who have been undergraduate members but no longer attend MSC. Any member whose business is non-collegial or non-social, the welfare of the organization will have his membership terminated. A membership certificate will be made up of eight elected B.O.S.S. members consisting of president, vice-president, recording secretary, corresponding secretary, treasurer, historian and alumni secretary. B.O.S.S. will financially support itself through dues-five dollars per member per year.

In view of the warm response B.O.S.S. has received from the Negro students, it appears that its need has been acknowledged.

---

**MSC STUDENTS IN THE NEWS**

Miss Marianne L. Bednarz, a senior at Montclair State College, has been awarded a $750 scholarship by the New Jersey Library Association for her undergraduate study in library science. Miss Bednarz, a French major, who has been a minor in library science, has worked in the Clifton Public Library.

She is a graduate of De Paul High School, Wayne, and has been active at Montclair State in various campus organizations, including Alpha Chi Beta and the Jewish Student Union.

Nicholas Calamusa, a Montclair State College senior, is one of 30 students from the USA selected to go to France under a summer work program directed by Princeton University's Overseas Students Program. Participants will be placed in factories, hospitals, banks, and business firms in addition to their salaries, many will also receive travel grants. This program and a similar one to Germany are supported by German-speaking countries are financed by cooperating European businessmen and several American foundations.

Calamusa, a French major at Montclair State, will work for a French automobile manufacturer and for a manufacturer of electrical and electronic equipment. A graduate of Pass Blvd High School, he has been active at the college in the French Club, International Relations Club, Student Peace Union, Newman Club, and Student Education Association.

Charles Croce, a senior English major at Montclair State College, has been awarded a $750 scholarship by Overseas Neighbors of Montclair for a year's study at the University of Graz, Austria. The organization sponsors a sister-city relationship between the town of Montclair and Graz under the New York Overseas Neighbors Program. Croce has been particularly interested in the theater at Montclair State and will carry on this interest in his studies at Graz. He is president of Players, the campus drama group, and is credited with major roles in a number of its productions, including the title role in Shakespeare's "Macbeth" and Thomas A. Becket in Eliot's "Murder in the Cathedral." He is listed in "Who's Who Among Students in American Colleges and Universities."

He plans to leave for Austria soon after his graduation on June 5 to study German before entering the university. After his year in Graz, he hopes to continue study towards his master's in Speech Arts for preparation for teaching at the college level.

Although a number of Montclair State undergraduates have attended the University of Graz under the exchange program, this will be the first time an Overseas Neighbors scholarship student has done graduate work. Croce's Graz counterpart has not yet been announced. This year's Graz student at Montclair State is Fritzie Glazer, who will remain in this country during the summer for a trans-continental tour.

---

**Fine Arts Exhibit Presents Creative MSC Graphics Work**

The fine arts department of MSC will present the annual Senior Graphics Exhibit in the Sprague Library foyer from May 20 through June 2. Work will be displayed in the form of posters, etching, lithography and silk screen.

The fine arts department is also pleased to announce the occupation of their new building this fall. The students involved in the project are very pleased with the help of the senior art majors. Ralph A. Vernachia, coordinator of the exhibit and printingmaking instructor, received much needed equipment which he and his students have set up.

The Senior Graphics Exhibit is the qualitative creative result, then, of students interested enough in the field of printmaking to overcome the obstacles of moving and new studies organization, with Mr. Vernachia's direction. This has been the major contribution of this class.

Classroom, Union Buildings And Dorm Comprise Expansion Plans

By BARBARA SCHUBEL

Plans are now being made to add three new buildings to the campus of Montclair State College. These buildings will consist of a new student union building, a dormitory and a classroom building.

The new dormitory will accommodate 500 people. It has not been decided as yet whether the dorm will be for the men or the women students of MSC. The location of this dormitory will be on the hill on Valley Road, north of Stone Hall. The structure will be nestled into the side of the hill in a construction similar to the architecture of the Pueblo Indians. Entering into the dormitory, one is immediately in the center of the building on the third floor. The new dormitory follows the architectural goal which aims at an architecture which fits into the land instead of the land being made to fit the architecture.

Plans for the new dorm show a very interesting, attractive building with a ten story tower. The building has a cafeteria and a lounge which will be able to accommodate more students than living in the dorm. Later, a sister structure will be built adjoining this dormitory. The two dorms will use the cafeteria facilities. It has together. An open mall in the center of the dormitory is also in the blueprints. Students will eat around a circle of light shrubbery and patio terracing.

The new Student Union Building is predicted by President Richardson to be "the most attractive building on campus." Its very unusual architecture gives the illusion of a floating building on massive pillars. The new student union will have the usual lounges, cafeterias and book store. However, a bowling alley and a billboard room will also be located in the new building.

A highly functional construction, the new classroom building will have three stories of straight academic classrooms. The entire fourth story will accommodate faculty offices. Seventy-five or eighty offices will be located on the fourth floor divided into office suites. This building will probably be for three departments. At this time, the English, social science, education and language departments badly need a permanent home. The new classroom building will also have a number of large lecture halls to accommodate the departmants with large classes.

These three buildings should be completed to meet with Montclair's growing pains in the next three to five years. Montclair needs these buildings. As of now, the classroom building is the only construction which has no financial problems surrounding it. In fact, the classroom building is presently out to bidders from the various school construction companies.

FAMILIAR PROBLEMS

However, with both the Student Union Building and the new dormitory, the state of New Jersey is in a hassle as to where to get funds. Right now, the plans for the two buildings are tied up in court.

Are you tired of waiting for the buildings Montclair students so badly need? Are you wondering what possible good it will do YOU if a new building finally gets underway a year or two after you graduate?

Montclair State College is 60 years old this year. The entire college has progressed but additional facilities are necessary.

Psych Major Available

To September Frosh

With the creation of a psychology department this year on campus, a psychology major program has been made available. This, however, only applies to incoming freshmen and a few non-committed students who have been recommended by their advisers. President Richardson has absolutely forbidden transfers from other departments for upperclassmen because this would cause too much confusion.

Also, the addition of the psychology major program raises the question of a psychology minor. A formalized program for such has not been set up because students have failed to express interest in it.

The psychology department could accommodate such a program and has added more elective courses to the curriculum. By the fall of 1969 there will be at least double the number of psychology courses already in existence. Students wishing a psychology minor are advised to formulate a petition and send it to Dean Morehead.

Dr. Leonard Buchner, also of the department, was an instructor in group therapy at a meeting of the American Group Psycho-Therapy Association in Chicago and attended a meeting of the American Orthopsychiatric Association there with Dr. Morton Rich and Dr. Peter Worsitt.

Newark Exposed

(Continued from Page 3)

Ridden with its filth and decay, the Newark slum is in the midst of transition. Unfortunately, political incompetency coupled with apathetic citizens have no doubt contributed to the existence of the Newark slum. It took a riot, no doubt incited by outsiders to susceptible people, to make a lax administration face the facts. While violence and arrogance by Negro "leaders" may be somewhat instrumental in achieving needed reform, "It actually serves to unite bigotry on both sides," notes a Newark educator.

A visit to Newark's Central Ward changes a lot of attitudes.

"We don't have anywhere to play ball except here," sighs teenager Rosny Jenkins.

PHILOSOPHY OF HENRY JAMES, SENIOR and CONTEMPORARY PHILOSOPHY IN THE U.S.A. (in Spanish), and co-editor of a work on Peirce. He is listed in various directories of prominent people, including "Who's Who in the East." In 1964, Dr. Young was organizer of a project at Montclair State to provide a plaque to mark James Joyce's birthplace in Dublin. He was in Ireland for the unveiling of the plaque and made the presentation address.

DR. FREDERIC H. YOUNG

Young Retires After 20 Years of Service

Dr. Frederic H. Young, who retires the end of September after 20 years as professor of English and education at MSC, has accepted an offer from Chapman College, Orange, Cal., to serve as professor of philosophy and religion of its "World Campus Abroad" for the fall semester cruise. The floating institution, conducted aboard the S.S. Ryndam, will touch 19 ports in Europe, Africa, South America during the cruise.

A cum laude graduate of Bates College, Dr. Young holds an S.T.B. degree from Harvard University Divinity School and a Ph.D. from Columbia. He was a pastor of Congregational and Episcopal parishes and served as an Army chaplain before joining the Montclair State faculty in 1948.

Dr. Young was a visiting professor of philosophy at the Universities of Innsbruck, Munich, and West Berlin in 1952, University of Southern California in 1953, University of Mexico in 1960, and the Universities of Melbourne, Australia, and Victoria, New Zealand, in 1962. During the 1958-59 academic year, he took a leave from Montclair State to serve as a Fulbright lecturer in India.

He is a founder of the Charles S. Peirce Philosophical Society and a member of Phi Beta Kappa, American Philosophical Association, All-India Congress, and learned European societies.

In addition to writing numerous articles for scholarly journals and book reviews for the New York Times, Dr. Young is the author of two books, THE
Montclair State College professor, Dr. Frank Cordasco, has recommended that bilingual elementary schools be established in the major cities of New Jersey. Calling attention to the fact that thousands of Puerto Rican children with less competence in English and Spanish-speaking children are retarded in their school work because English is the sole medium of instruction, Dr. Cordasco proposed the creation of elementary schools, kindergarten through sixth grade, which would offer students, both English-speaking and Spanish-speaking, an opportunity to develop functional bilingualism with English dominance.

In order to assure the academic achievement of Spanish-speaking students, Dr. Cordasco said, the schools should teach them in their own language while developing for them skills in English, and would maintain separate programs for the Spanish-speaking pupils whose language power in Spanish. He noted that the bilingual school would avoid academic retardation in children whose mother-tongue is not English and would further create in Puerto Rican children a positive self image and pride in their ancestral heritage.

In order to assure an involvement of the community in the work of the school, Dr. Cordasco further recommended that the bilingual school include both a community and resource service-center which would develop community-parental school programs. Absolute necessity of the bilingual school would be a teaching staff that was fluent in both Spanish and English, he said. Noting that all research suggests that the bilingual school would qualify them for federal aid under the Elementary and Secondary Education Act (Title VII, Education Act of 1965), Cordasco proposed the creation of bilingual elementary schools, kindergarten through sixth grade, which would also allow them to enroll approximately 600 to 800 students, both English-speaking and Spanish-speaking children, and would be located in the major cities. These schools would teach them in their mother-tongue and their skills in English, and would offer students, both English-speaking and Spanish-speaking, an opportunity to develop functional bilingualism with English dominance.

The newsletter also notes that the Washington Square College faculty of New York University as last week abolished its compulsory attendance taking and midterm grades. The new policy, which goes into effect next term, will allow individual instructors to take attendance if they feel it is important. Instructors would also be required to submit written evaluations of students in academic difficulty instead of midterm grades if requested to do so by WSC officials.

The newsletter also contains the following report: Members of the younger generation, for all their current newsworthy rebellion and unrest, will probably turn into stricter disciplinarians than their elders, a survey by Montclair State College students reveals. Sophomores in a class in adolescent psychology, taught by Dr. Abraham Gross, determined that their own cautionary attitude towards discipline is mapped in the ten to 20 percent they fanned out to neighbors to make sure they could first date, but 101 of them would make that decision for the girls. Seventy-nine expect to make 243 such agreements and one in 11 named the ratio was higher for boys than for girls. Seventy-nine expect to make use of a birch rod or its equivalent often when they are housewifing, and 362 would resort to it seldom or never, with the remainder falling somewhere in between those extremes. As for other forms of punishment, five to one received tongue lashings as youngsters, and six to one would use them. About half were denied privileges as punishment, and approximately the same number would employ this method. A mere one out of nine was given extra chores for misbehaving, but one out of three would exact this kind of toll from recalcitrant offspring. Rejection as a form of punishment was rejected on all sides. Only one in nine suffered it at the hands of his or her parents, and only one in 11 would inflict it.

More restrictions on dating are in store for the next generation, if the MSC samplings holds true. Thirty-four of the boys replying to the questionnaire report that their parents would deny them the privilege until they could first date, but 101 of them would make that decision for the girls. Seventy-nine expect to make 243 such agreements and one in 11 named the ratio was higher for boys than for girls. Seventy-nine expect to make use of a birch rod or its equivalent often when they are housewifing, and 362 would resort to it seldom or never, with the remainder falling somewhere in between those extremes. The universal task of education has been to individualize the changing conditions of his environment. Throughout our past a basic premise of American education assumed that this preparation could be accomplished through the education of the young. This premise has lost its validity. The child, the youth, even though well educated, today, without benefit of continuous education through adulthood, becomes the obsolete adult of tomorrow.

It is the adult, not the child, who makes the decisions for a self-sustaining society. To cope with the awesome problems that now confront us, we must continually develop the latest facts, the most effective skills and the wisest information. The world of tomorrow must be sustained, nor the world of tomorrow built, upon the obsolete learning acquired in yesterday's classrooms.

Montclair State College's Adult Education Resource Center was created in February, 1966, through the cooperative efforts of the College and the Office of Adult Education of the New Jersey Department of Education. The Adult Education Resource Center, at Montclair State, was developed for the primary purpose of serving the continuing education needs of the communities of New Jersey. The Center is one extension of the services of Montclair State College to these communities and their adult citizenry.

With a staff of seven, the Adult Education Resource Center's activities range from curriculum and instructional material development for community adult basic education programs to professional development "working seminars" for local and state administrators of adult-continuing education programs in New Jersey communities. The activities of the Center's staff include working with local and state agencies, ranging from the "ghettos" of Newark, Trenton, and Paterson to states of confined hospitals and state correctional institutions. The work of the Center includes that of a pilot project, in cooperation with the Montclair State College Reading Clinic, experimenting with a learning laboratory approach, to assist 45 functionally illiterate adults to learn to read effectively in the shortest possible time.

Through a grant under the Title I of the Higher Education Act, the Adult Education Resource Center carries on a range of activities, assisting community agencies and organizations in seeking solutions to a variety of urban problems.

The professional personnel of the Center include: Ray Ast, Director; Professor Richard Eng, Associate, concentrating attention to Title I, Higher Education Act activities; and Professor Florence Dick, Associate, having the primary responsibility as Director of New Jersey for the Center's Institutions and Agencies Franchise education project; Ms. Joan Fincher, instructor, adult basic education and high school equivalency learning program at Greystone Park Hospital. Other staff members include: Mrs. Vashi White, Mrs. Doris Spinelli, and Mrs. Lilian Lohmann.

MONTCLAIR
Courses Discussed for Experimental College Project
BY RICH LUPO

Dr. Richardson expressed that the proposed "College Within a College" experiment is yet only a concept, and it is difficult to initiate any definite statements concerning the idea.

No curriculum outline has been described to date. It has been ascertained however, that stress will be placed upon independent study over that of the conventional "course" system.

The actual curriculum set-up will eventually be determined by joint faculty-student meetings conducted by Dr. Bellagamba. A tentative illustrative curriculum was proposed by Dr. Fincher a few months ago, but it has no direct bearing on what the final outcome may be.

At a recent faculty meeting pertinent to the experimental college, questions were raised as to whether the absorption of the present faculty members into the new college would burden the main institution with teacher shortage. The reply was a solid "No," since the student teacher ratio would remain same as it is at the present.

Dr. Richardson stated that all college within a college "would be chosen upon a strictly voluntary basis. Although no exact quota has been mentioned, it is estimated that 200 to 250 students will be selected to participate in the experiment. Students enrolled in the program will ultimately be chosen from only one class level. Which one has not yet been decided upon.

The experimental "College Within a College" is really too new an idea to be factual about, but it is hoped that theory will turn to reality in the near future.

What's it like to be stuck with a name like Carolina Rice? From what the papers say, Miss Rice is a cute 19 year-old New England blonde, standing five-feet-three inches tall. And in all probability she's no different than some of Montclair State's homgrown beauties. But she sure must take a lot of ribbing, after all she at least could be finer than . . .

But we common folk stuck with such names as Joe Smith and Harry Freeman feel just a wee bit left out. After all, most of us have not been fortunate enough to have rib-tickling surnames.

Over the years THE OBSERVER has made a collection of "monickers" with the aid of numerous telephone directories and Doyle Klyn, woman's editor of Canada's syndicated WEEKEND MAGAZINE.

Geographically speaking, my catalogue of names include Miss Bonnie Scotland and Miss Mertie England from the British Isles. On the continent, Dr. Eugene Oxford is a dentist in Newark, N.J., Foy Spain is a famous Hollywood actress. And who can forget that infamous Berlin Walde? Not to mention, Fanny Israel, Glory Hermann, Ms. Happy London, Sonny Greenland and Mr. Parris France.

To those of you who indugle in that famous college weekend sport, let us be grateful to that extraordinary bottle manufacturer from Princeton, New Jersey — Mr. Jacob Booze. Other contributors to the noble art include Mr. Luthor Vodka, Liz Ginn and Felix Wine, cites the telephone directory. And we shouldn't forget the "Three Essentials" — Olive Oats, Harold Barlao, and Mac Maltz. Jim Mill has a reputation of being an excellent bartender in Toronto.

And to those of us that believe New Jersey is no longer deserving of the title "Garden State," some of our outstanding residents will try to talk you out of it. Namely: Iva Rosebush, But Woods, Olive Sweetland, Pucky Trees, Pleasant Marshland and Rocky Sand.

Turning to the entertainment world, swing and rock seem to dominate the music scene nowadays — Lenny Swing (from Dallas) and Bill Rock (a student at Seton Hall University), that is. Not to mention, Ace Card (Cincinnati), Ken Music (Newark, N.J.), Frank Talk (Chicago) and the famous singing trio — Al Barronite, Jess Alto and Irving Bass.

Wishing you a Miss Pleasant Summer . . . THE OBSERVER

STUDENTS ASSURED CHOICE SEATS AT FOREST HILLS MUSIC FESTIVAL

Top Pop Names Signed for 1969 Season

Students will be assured choice seats at the Forest Hills Music Festival this year by selecting the attractions they want to see and ordering their seats by mail, now. Leonard Fusskin, producer of the most successful of all summer music festivals, has many special arrangements so that your order now assures you of choice location at the price you want to pay.

The 1969 Forest Hills Music Festival Schedule Is:

The 1969 Forest Hills Music Festival Schedule Is:

June 22 — Nancy Wilson — The Fifth Dimension
June 29 — Judy Collins — Arlo Guthrie
July 6 — Pete Townshend and Mr. Big
July 20 — Trixie Lopez — Laurie Olson
July 25 — The 4 Seasons — Robin and Maurice
Annie Lenox — The 4 Seasons
Doug Johnson — The 4 Seasons
Mary Hart — The 4 Seasons
Rod Stewart and His Band
Ralph McTell — The 4 Seasons
Barbra Streisand — The 4 Seasons
June 29 — Judy Collins — Arlo Guthrie
July 6 — Pete Townshend and Mr. Big
July 20 — Trixie Lopez — Laurie Olson
July 25 — The 4 Seasons — Robin and Maurice

UPPER MONTCLAIR — Tod McDougall (left), one of New York City’s top high school basketball players, poses with Montclair State College varsity basketball coach, Ollie Gelston, right, after the announcement that the St. Francis Xavier star would attend MSC in September. McDougall is the son of former New York Yankee infielder, Gil McDougall and lives in Tenafly (NJ).
Dick Grant Takes Golf Championship

Bill Dioguardi of Montclair's State baseball Indians concluded the season strongly with wins in four of the last five outings in bringing their season's record to a fine 14-4 mark.

Dioguardi hitting continued to be the major success formula as the Indians tallied 21 runs in games against Jersey City and Monmouth. However, the spotty pitching and defense continued and prevented the Indians from becoming an outstanding club.

The first game against Newark Rutgers was unique in that pitching, defense and hitting were balanced for an 11-0 rout. Winner, Ralph Miller, who hurled the first seven innings, and reliever John Gryzko combined for a perfect shutout. Highlighting the Indian attack were Jim Downing and Frank Rossi with a double and triple and three RBIs.

The next contest saw Pete Jerald and John Gryzko combine for 18 strikeouts as the Indians suffered their first loss on City State to a 21-4 tune. Frank Rossi, one of the greatest home run hitters in MSC history, slugged his sixth and seventh circuit blows of the season in leading the Indian attack. Ken Meek pitched in eighth a double and a triple and five RBIs.

The Indians kept their hitting shoes packed as they once again tallied 21 runs in routing Monmouth College, 21-9, Monmouth, in contention for a post-season tourney berth prior to this contest, surprisingly matched the Indians run for run during the early going. However, long ball hitting by Jim Downing (2 homers and 6 RBIs) Frank Rossi (1 and 3 RBIs) and Ken Meek (a double, homer and 3 RBIs) soon sealed the Hawks fate. Montclair State's brief winning string came to a sudden halt against Trenton State as the Lions scored six sixth-inning runs to down the Indians 10-4 in a conference match. The Indians jumped off to an early 2-0 lead in the first inning on singles by Downing and Rossi, a sacrifice by Ken Meek and a hit by Rich San Filippo. However, the game was soon all Trenton State's as the Indians were dealt their fourth loss of the season, 10-4, in conference contests.

MSC brought their season's conference record to a disappointing 6-4 mark by trimming Paterson State, 4-2. The win gives Bill Dioguardi the 19th win of his career during his 20-year tenure and gives him a career mark of 286 wins and 137 losses. Frank Rossi (1 and 3 RBIs) Ken Meek pitched in a 2-0 lead in the first inning on singles and two RBIs.

Another Indian trying to break into the major league sport world is mammouth tackle, Jim Smith.

Speaking of Intramurals the Montclair judo club wishes to congratulate TAB's Independent Softball League title. The Montclair State Girl's Softball squad, under the coaching of Mrs. Taigia, has completed the season with a 4-4-0 mark. Co-captains of the team are Clare Giancola and Linda Lloyd. The Girl's junior varsity finished a 4-0 season.

On the basketball front, Coach Ollie Geibson has an outstanding group of freshman players entering in the fall, headed by a pair of outstanding guards in 6-3, Phil Boccarella of Bayonne and 6-1, Ralph Smith of Wallington. Other prospects are Tom Adams and William West from Caldwell; Curt Wood, South Amboy; Ken Waller, Pope Pius; Al Thompson and Deryn Jackson of Orange; Howard Steiner of Franklin Township; Joe Roman of Hackensack; Charles Swigon, Point Pleasant; Bob Heck of Taneck; Clark Allen of Pleasantville; and Tod McDonald of Varson.

Did you know that MONTCLARION editor-in-chief, Janet Caruso, is related to Mike Caruso, former Lehigh University and NCAA wrestling champ?

Judo Club Adds Color

The Montclair judo club returned with a third place at the Judo Injuries Sports program which has been the large number of forfeits. To enter a team and then not show up for all the scheduled contests is one of the lowest forms of cheating. When one subscribes to such activities and does not participate in them, he is cheating not only himself but also every team in the league and every team that was closed out due to no openings.

Speaking of Intramurals the MONTCLARION sports staff wishes to congratulate TAB's Pineapples for winning the Independent Softball League title.

A Medical Answer For MUSCULAR Low Back Pain

Dr.~~~ i~g~v~~~

Doctors who specialize in back trouble report most aching backs are due to weak, tense muscles which can go into painful spasm as you suddenly bend, stretch or twist. To relieve such backache doctors recommend the pain-relief compound in Anacin® Analgesic Tablets. And Anacin gives you more of this medication than any other product.

Anacin is a special fortified formula. It promptly relieves pain, helps reduce swollen tissues, and so reduces pressure on sensitive back nerves. Then notice how stiff muscles loosen up and you move around with greater ease.

Only Anacin has this special fortified formula. It's not found in any other product. See if Anacin's exclusive formula doesn't work better for you.

INJUN ARROWS

INJUN ARROWS

BY JOHN DANTONI

Montclair State baseball standout Frank Rossi, only a sophomore, already has major league scouts agog with his slugging powers.

The 6'1, 190 pounder from Gillette finished the season leading the Indians in doubles and runs scored, tied for the lead in triples, as well as in leadership in home runs and runs batted in.

This season Frank clouted eight tape measure shots bringing his two-year Indian career total to 15. In fact, Ross's homer pace of one every eight times at bat gives the redheaded slugger a better home run rate than Willie Mays, Mickey manuscript or Harmon Killebrew.

Another Indian trying to break into the major league sport world is mammouth tackle, Jim Smith.

A disturbing factor in this years Intramural Sports program has been the large number of forfeits. To enter a team and then not show up for all the scheduled contests is one of the lowest forms of cheating. When one subscribes to such activities and does not participate in them, he is cheating not only himself but also every team in the league and every team that was closed out due to no openings.

Sullivan Leads Tennis Team To Conference Championship

Montclair State and Jersey City State College met here May 8th to decide the NSCSC Championship. Both the Indians and the Gothics were undefeated in the Conference at the time. Jersey City had only lost one other match this year, but the three beaten Indians proved beyond a doubt that they wanted the conference championship by blasting the Gothics 7-2 and establishing several milestones.

It was the first time since April 14, 1966 that an MSC tennis team had won all 6 singles matches. Dan Sullivan, playing No. 1 singles, beat Pete Podesta of J.C. State, handing his opponent his first season loss in one this year's best matches. Danny was undefeated in the conference this year and ran his singles record to 9-1. He should be a cinch to be elected most valuable player in the conference by Linda Manz.

In second singles, Captain Gary Savercool ripped his opponent 6-0, 6-0 and has picked up 7 victories so far this season. Savercool, a junior, has an excellent 11-1 conference record for his 3 years competition.

Fred Bittel in No. 3 singles has come on real strong after a year's absence from competition. He's won important matches against Glassboro and Jersey City and is a strong doubles player who will be missed by the team as he graduates this year. Chet Mazula, a sophomore transfer student has added greater depth to the Indians starting 6. A lefty with a big serve, Chet has won 6 out of 10 this year including 3 of 4 conference matches.

In the No. 5 position is Chuck Manziano who also has a 3-1 conference record. Chuck is a steady player and only a sophomores like Mazula and Sullivan, so he's got two good years still ahead of him. Last, but certainly not least of our 6 singles players is senior Bob Seiler. Busy with student teaching and working, Bob hasn't been able to devote too much time to tennis, but after an opening loss he has runned down 7 straight opponents to give him the second best record on the team.

After defeating Jersey City, the Indians defeated New Paltz State, a strong N.Y. college, for the first time since 1963. One of the tightest matches this year, the Sullivan-Savercool doubles team came from behind 3 times to win the 5th and deciding point for Montclair. Dan Sullivan, Gary Savercool, Fred Bittel, and Chet Mazula all contributed singles victories to the cause. The Indians record now stands at 7-3 with 2 games left to play.

TAB Wins Softball

TAB's Pineapples, building up a 10-4 lead after two innings, held on to defeat Gamma Delta Chi, 10-7, in the Intramural Softball Championship game.

In concluding an unblemished season, TAB sent 19 men to the plate in the first two innings in scoring their ten runs on ten hits. Gamma, held in check for the first six innings, managed to make a game of it in the last inning by scoring four runs and cutting the deficit to 10-7 with only one out. However, Bob Fleischer, the TAB pitcher, settled down and got the final outs on a fly to short center and a pop to first.

Gold medal winners of TAB were: Dave Liverio, John Daniotti, George Ackerman, Bill Spooner, Frank Mento, Bob Fleischer, Bob Cece, Pete Tummillo, Paul Lioy, Bill Smith, Larry Ackerson, Lou Alt, Roger Schultz, Dave Muller, Gary Snyder and Ed Nemeth.

Women's Track Team Advances

Following in the footsteps of the two Montclair girls on the New Jersey Striders track club, Dr. Schleede has organized a girl's college track team. It is a Montclair Women's Recreation Association activity with twelve girls participating this year.

In April the team had a meet with the girls' team from Red Bank Catholic High School - all eight of them. Despite the odds, the Montclair girls totled 23 points while Red Bank won with 85 points.

In the 50 yard hurdles Lou Greene placed first with a time of 7.3 and won first place in the long jump - 16 feet. Linda Mall placed second in the 220 yard dash with a time of 29.6 and took fourth place in the hundred dash, which she ran 13.6. In the quarter mile Lindaus placed fourth and Gail Chrysalis placed third in the 880 yard run (half mile) Herma Shoemakers placed fourth. Pauline Savercool was fourth in the mile run. The winning time for Red Bank was 6:28. The high jump was won by Linda Mall jumping 4 feet 5” and Nancy Miradlic placed third.
