Pros Vary In Attitudes Toward Cuts

By JEAN E. TAIT

The attitude of MSC professors towards students' cutting classes varies to extremes. Although some strictly adhere to the generally accepted cut standard of one cut per semester hour and lower a student's grade for excessive cutting, many professors are quite liberal and, like Dr. Brandl, "don't police it."

Dean Lawton Blanton seemed to have a similarly liberal attitude toward cutting, preferring to leave it up to the student, although not wanting to abandon a cut limit altogether. He appeared pessimistic about the possibility of establishing any kind of standard cut system whether lenient or strict. As he pointed out, it is completely up to each individual professor to grade as he wishes, and whether or not he considers cutting in the grade is his own choice to make.

Richardson Announces Set-Up of Urban Advisory Council

In what is believed to be a first for colleges or universities in the New York-New Jersey metropolitan area, Montclair State College has established an Advisory Council on Urban Minority Affairs. Announcement of Richard Richardson's formation was made by Dr. Thomas H. Richardson, president of the college. Although the formation of the college is optimistic that the newly formed Advisory Council will provide added insight into the problems of minority youth and the role which Montclair State College should perform in confronting these problems."

"The Montclair State College academic community recognizes the magnetic appeal of the urban situation and the myriad social problems that beset contemporary America. It wishes to serve all communities, including the subcommunities in the urban sector largely neglected or not correctly understood until now."

The Advisory Council is composed of 10 members drawn from various North Jersey communities including Newark. Serving as the chairman of the council is Dr. C. D. C. Davis, president of the Riverton Laboratories of Newark.

Seniors Receive 'Who's Who' Honor

Twenty Montclair State College seniors have been selected to be listed among those in Who's Who Among Students in American Universities and Colleges for 1968-1969. Those elected students are: Rosanne Bostonian, Luther Bowen, Janet Caruso, Robert Cottingham, John Dennis, Janice Dimo, Lee Donow, Kurt Epps, David Fogg, Robert Hillenbrand, James Hoyt, Harry Kuhn, Paul Lacy, Bonnie Mannara, Terry McGillicy, Lois Nack, Andrew Patera, Thomas Stepnowski, Nadine Uddie and Don Utsherston.

Selection has been based on scholarship, leadership, community service and personal qualities. The number of seniors selected is determined by the percentage of them to the total enrollment of the college.

Photos of the Who's Who members and their major activities at MSC can be found on page seven.

McCoy To Lecture

Brownsville Leader To Speak Nov. 19

Rhody A. McCoy, controversial unit supervisor of New York City's Ocean-Hill Brownsville school district, will be a guest speaker at Montclair State College. Mr. McCoy will be on stage in Memorial Auditorium on the evening of Nov. 19, at 8 p.m.

He will be joined by James O'Neill, recently dismissed vice-president of the United Federation of Teachers. Those participating in the discussion will be one of the teachers currently employed by the Ocean-Hill Brownsville district.

All three individuals are directly involved in the crisis which has closed down the New York City school system since the end of October, the dispute concerns the attempt to decentralize the city's school system. The Ocean-Hill Brownsville district, of which Mr. McCoy is supervisor, was set up as an experimental district in which to test the theory of decentralization.

As such, it has become the center of a conflict involving the United Federation of Teachers, the mayor's office, and the parents and teachers of the district itself. The controversy has aroused the attention of the entire country. It is of particular interest to Montclair students, since many of them are preparing to enter the teaching profession.

In light of this interest, College Life Union Board recently invited Mr. Albert Shanker, president of the United Federation of Teachers, to speak on campus. Mr. McKnight, director of CLUB, reported that Mr. McCoy was contacted by CLUB immediately following Mr. Shanker's appearance. It is stated that the objective was "to present several additional points of view to the college community.”

Mr. McKnight said that the program for that night would be similar to that of Mr. Shanker's. Although the three participants undoubtedly have slightly different points of view, there will be no debating of the issues. They will simply state their opinions and answer questions. The lecture will be free of charge.

Girl Committee Formed
To Change Dorm Regulations

By Chris Mac Murray

"Dorm rules are too restrictive," declared Mary Jean Aguonsaday, chairman of the sub-committee which was formed this semester to accomplish a revamping of the women's dorm regulations.

"A committee was formed last year for the same purpose," continued Mary Jean, "but the girls lost their enthusiasm and nothing materialized. This semester we hope to be effective."

The sub-committee was initiated by dorm-council which is the governing body of the women's dormitories. The committee consists of one representative for each dorm, one resident assistant, one desk assistant, one student from Chico State and one student who has been to Chico.

"Even though we have designated specific members of the sub-committee, anyone interested may attend meetings or offer recommendations," asserted Mary Jean. "We are open to suggestions." Meetings are held on Thursday evenings.

'La Campana'

Editors Chosen

Nikki Relo and Greg Studerus, both juniors, have been elected co-editors of the 1970 yearbook, LA CAMPANA.

Dave Fogg editor of the present yearbook has explained that "Unlike the other publications, the yearbook runs from the spring of one year to the spring of the next year due to an early publishing deadline. In reality the editors have to be planning the 1970 yearbook right now."

Both Nikki, a math major, and Greg, a fine arts major, have plans to continue Dave's work by furthering student interest in the yearbook. They feel that student participation can be encouraged by improving the image of the book.

Combining their administrative experience and creative talent respectively, Nikki and Greg hope to "psych" their staff and the student body to alleviate "just a little bit" of the much discussed apathy on campus.

The sub-committee organized a general meeting some weeks ago open to all women residents, the aim of which was to elicit the over-all opinion of the girls as to what changes in dorm regulations they feel should be made.

Following the general meeting, the committee set to work writing to various colleges and universities in the East to procure information concerning the dorm regulations of other schools. Fourteen colleges promptly sent women's dorm booklets back to the sub-committee. Comparatively, MSC is moderately conservative, having a system of dorm rules which is more liberal than that of the other N.J. state schools, but not as liberal as that of many colleges and universities in this area.

As it now stands, the MSC women residents are compelled to be in the dorm by 11 p.m. on weekdays, 12 midnight on Sundays and 2 a.m. on weekends. A limited amount of late hours and overnights are allowed. The girls receive points for breaking dorm rules, and an accumulation of eight points requires that a resident be asked to leave.

"Besides more liberal curfews, we are working to eliminate the point system," Mary Jean alleged.

The sub-committee has formulated recommendations concerning the revamping of dorm policy, taking into consideration all the suggestions that have been made by interested parties, these recommendations will be submitted to the administration for approval.

"One suggestion that has been made concerning the revamping of dorm policy is the possibility of a key system. This system would provide each girl with a non-transferable key to the dorm, to be used should a student return after the dorms are locked."

Another possibility is the institution of a policy whereby senior women would have no curfews, and underclassmen would be guided by a much more liberal policy. Some students feel that the senior women should occupy a separate dorm, with a separate set of dorm regulations. These and other suggestions have been submitted to the women residents in the form of a questionnaire.

As soon as the committee has the general meeting some weeks ago open to all women residents, the aim of which was to elicit the over-all opinion of the girls as to what changes in dorm regulations they feel should be made.

"In the scholarly and academic world, plagiarism is almost worse than murder," commented Dr. Allan Morehead, dean of MSC's reference to the statement on plagiarism which was released from his office recently.

"While commenting on plagiarism, Dr. James T. Mehorter of the education department recalled an incident while he was dean of Beterh College Community in Berkeley, Virginia. Dr. Mehorter expelled an undergraduate for plagiarism. But as he has thought about the situation since that time, he now feels that he should have investigated the instructor and the course requirements rather than expel the student outright.

Dr. Mehorter went on to explain "plagiarism is a prerequisite for originality" in that "writers develop their own style through imitation and emulation of others." He continued, saying, "a student must have intrinsic motivation, that is, personal meaning, personal value and personal purpose in the subject material," and that this is too infrequent with the type of assignments in which the student has no choice over the subject with which he is dealing.

The well-known psychologist admitted that some students have never developed integrity and that these students could probably never stop plagiarizing. However, "we can foster dispositions and intellectual prostitution in so far as we strive to cultivate in each student an intrinsic motivation," and that if an academic discipline does not foster this motivation that discipline should be shelved.

Dr. Philip S. Cohen, chairman of the social science department, felt that although the actions which may be taken if plagiarism is proven are harsh, this formal statement will decrease the burdens placed on the professor in previous cases of plagiarism. Nevertheless, he is of the opinion that plagiarism was more of an issue when MSC was a teacher's college because, "the morality of a teacher is special." Dr. Cohen pointed out that professors expose students to temptation by leaving term papers and tests in places where they may be easily pocketed.

A professor of the education department, who wished to remain anonymous, told this reporter that many times a student resorts to plagiarism as a means of self defense because he feels that he is inadequate to cope with a certain assignment. He also cited the correlation between class absences and cheating which has been established by several surveys. When questioned as to whether or not that statement on plagiarism would decrease its appearance, he replied, "can anyone legislate ethics?"

New Library Guard Cuts
Theft Rate at Sprague

by MARTIN J. FUCIO

Forty-five hundred books, valued at $25,000, disappeared from Sprague Library in the four years preceding 1966. Between Feb. 16 and Feb. 19, 1968, some lightfingered person or persons stole all 20 volumes of a World Book Encyclopedia off the shelves. Students removing books without the consent of the checkout desk have been an annoying problem at Sprague. In its final issue last spring, The MONTCLARION published a picture which showed how easily books could be smuggled out of the library. Fortunately, by that time a security system had been decided upon, and guards were in the process of being hired.

Dr. John Beard, head librarian at Sprague, does not like the idea of guards. He feels that guards put a barrier between the student and the library. However, the thefts and pressures from frustrated students forced Dr. Beard, in March of 1967, to request that funds be made available for the hiring of guards. Approval of the guards came through the following March.

One of the student influences on Dr. Beard was a student committee composed of members of the Dean's Student Advisory Board. This group, advised by Richard Tishball of the student personal office, conducted a two-year survey of security systems at other libraries. In the spring of 1967, this committee urged Dr. Beard to hire guards.

The first two guards hired for Sprague have left because of job and personal conflicts. One of the guards, Cyril Ewing, complained that the students made snide and abusive remarks when he checked their books and briefcases, although this was not his present reason for leaving. New guards are being hired.

Sprague Library does not presently have funds to conduct a book inventory. Therefore, it is difficult to tell how effective the guards are. Fred Hershey, associate librarian, is confident that the guards will prove an efficient deterrent. Mr. Hershey also added, "If a student cannot get certain books which he needs he is getting less than full value out of his education."
ADVICE TO ADVISERS

The current policy of faculty advisers at MSC demands revision. As evidenced in past years, many students neither know who their advisers are nor what their function is. It is a rare student who regularly visits the office of his adviser to seek information concerning course requirements and/or departmental offerings. However, when a student does seek such help, he is often discouraged by the recognition that even his adviser is unable to counsel him adequately.

This lack of knowledge on the part of faculty advisers may be attributed to a general lack of communication between department chairman and faculty. This assumes, therefore, that department chairmen already possess the necessary skill and knowledge to pass on to members of their department. At present, there are two qualified individuals, Miss Marie Frazee and Mr. Edwin Mills, who possess the necessary training and knowledge to perform the counseling services for students. But to just how many students can two people talk and help?

The MONTCLARION requests a re-evaluation of the adviser policy while suggesting two alternate proposals: 1) to do away completely with the current policy and to hire more qualified individuals. This would not cost any more dearly than the present system of paying advisers for sitting in their offices for three hours per week; and 2) to keep the present system while giving better instruction to advisers in order to better qualify them to answer student inquiries.

UNFAIR FINE

In the fall of 1967 the MSC parking fines were raised from $2 to $5. The raise was reportedly put into effect since illegal parking was unnecessary when enough parking spaces were available. Although the $5 fine may be a deterrent to those students who consider parking illegally it is felt that this is an outrageous amount for any student to pay for an overabundance of parking lots. It is interesting to note, however, that less complaints have been raised concerning the increased rate than there were when the fines were lower. Nevertheless, it is wholeheartedly recommended that although the $5 fines have been in effect for over one year, they should immediately be reduced to the former rate of $2 per ticket.

RAMBLINGS

Did you notice the restlessness of the students on campus last week? November holiday draws nearer? It seems that all could use a rest from the daily routine.

Hear the latest about the New York teacher strike? We’ve had Albert Shanker, and Rhody McCoy will be here soon – both of these men full of bitterness and self-righteousness – and still no solution to the 50-odd day-old teachers’ strike is in view.

The Nov. 21-22 Conference looks promising; let’s hope many new ideas and ways to implement them will be discovered and not just discussed.

How about more lights in those parking lots, maintenance department? Poorly lit facilities are not exactly safety precautions. Winter months are no time for dark parking areas with cars stalling and students trudging in the snow.

Anyone who uses the library facilities during the weekend would have appreciated last week’s editorial, OPEN THE DOORS. However, having heard no student reaction, we may assume that students are not in favor of such a campaign. Is this right?

Although the “open door” policy has been reinstated in the men’s dormitories, it is understood that not many men take advantage of this opportunity.

It is no wonder why students arrive late for classes when two out of four clocks throughout the school are not recording the proper time.

FACULTY FEDERATION

Last spring a local of the American Federation of Teachers, the Montclair State Federation of College Teachers, was organized on campus. Carrying a “substantial” amount of faculty support, the MSC group has begun work by establishing a “Program of the Montclair State Federation of College Teachers.”

This program involves eight areas in which changes from existing conditions could take place. The eight areas include: teaching duties, professional rights and academic freedom; chairman and coordinators (of departments); curriculum and academic standards; hiring, tenure, and promotion; collective bargaining; salary and benefits; and, faculty and student participation in policy decisions of the college.

This new organization would like to set up a system where the employees can meet with the administration as a unified group. At present this federation is not bargaining agent; at present there is no bargaining agent for the faculty.

Although certain areas of concern, such as salaries, are matters to be discussed on a state level, there are many local issues in which the federation could assist all faculty.

Since no previous unit action had been taken by other organizations, this new federation calling for group action, could prove to be the very thing the faculty members need.
PASSPORT APPLICATIONS

To the Editor:
Every spring the Passport Office is flooded with passport applications. In such months, applicants appear at the Passport agencies around the country and at Montclair State College, who accept passport applications. The volume becomes so heavy at times that even with the help of volunteers it is impossible for the normal staff to handle all applications. As a result, the normal staff has been increased by the criticism of those who hint that the SDS “conspires outside the classroom whether it is by the individual alone that responsibility for improvement in either case lies not with faculty or administration, but, since it is in the best interest of the student, the responsibility rests with each student enrolled at either college. For this reason, there is a change for the better is achieved.

HAROLD WM. HUGHES III
AGORA ANTICS

To the Editor:
Are the men (T?) of Agora Antics? If Agora wants to have its goals going through their ridiculous procedure of initiation, all well and good. But do it somewhere else! I don’t believe in infringing upon another person’s right with their stupidities. The normal Montclair student can’t even enter the snack bar anymore to have a cup of coffee or coke in peace, or to hold a conversation with a fellow student. Why? Because he is subjected to the immorality and gross antics and the (great men?) of Agora.

I am not condemning financial aid policy. I am concerned with the amount of money the student and his family can provide for an education and the expense is always being raised. Why don’t you consider the (amount of the money the student and his family can reasonably be expected to contribute) for the first (define period of education, usually an academic year) and (2) the expense of the education tuition of higher education, the student plans to attend. Financial need is the difference between these two amounts. The greater the difference — the greater the need, measured on a scale relative to college needs.

In the case of the Educational Opportunity Grants, the maximum allowable award is determined by the amount of parental contribution from the student and his family and one-half of the student’s financial need. Also, the grant does not exceed one-half of the amount of money the student plans to attend. Financial need is defined as the difference between the amount of money a student has available and the expense of the education interest. It is by the individual alone that responsibility for improvement in either case lies not with faculty or administration, but, since it is in the best interest of the student, the responsibility rests with each student enrolled at either college. For this reason, there is a change for the better.

MICHELLE LUCHNICK

NEWARK MARCH

To the Editor:
A large group of people reported to have led the brutal attack on the demonstrators in Newark last February were seen by the current Councilman-elect Anthony Imperiale’s White Night Ward Committee. After seeing them, along with common hoodlums and members of the conservative Y.A.F. (Youth Americans for Freedom) join to form a disruptive crowd of picketing, rock-throwing, and the like, they spoke well for law and order and tougher police action which Imperiale has made his official platform.

If this is an example of how Americans plan to protect the streets of Newark and create a better democratic society in which to live, beware America, but most of all, beware Newark!

B.E. MONAHAH

DEFENSE OF PROOF

To the Editor:
Montclair State College students begin to lose their aptitude and express their thoughts, let understand, give up their ideas. By addressing those anonymous students who are involved with THE NEW IMAGE, a publication of the Montclair State College student body, certain important topics are discussed on campus. The views expressed in this pamphlet reflect the current political and social attitudes of the student body as a whole, and therefore, such views should have the decency to identify themselves.

We refer especially to an article ridiculeing and degrading a specific professor of our department whom we feel the editors of said have treated with great injustice. We are interested in identifying themselves and allow us the opportunity to express our opposite viewpoints.

Theater Bible:
plays & movies

A new book, The Bible On Broadway, by Arthur T. Busch has been published this month by Archway, Hammond, Conn. In it the author analyzes more than 130 recent plays and movies and discovers aspects of the Bible surprisingly intertwined in them.

By Dr. Busch has been analyzing plays and movies for the Newark STAR LEADER and the Pasaiu H casual NEWS for the past five years. He is rabbi of Congregation Shara Zedek in New York City, and a graduate of the New York School of Social Research.

The Bible On Broadway guides the reader to an understanding appreciation of today's culture as reflected in its plays and movies, by examining them from the biblical point of view. Specific comparisons are made between the biblical concepts and the basic ideas of current plays and movies.

The Motown Production of Die Walküre at Lincoln Center is generally held to be the greatest opera house to have ever existed. Though it gets bogged down at times, now and then it stirs the musical world into a recognition of the fact of its greatness, as it did with its production of Wagner's Die Walküre.

Die Walküre, a new production last year, was staged and conducted by the noted British composer and conductor Herbert Von Karajan. The role of the music director of the Vienna Opera until last fall, Mr. Von Karajan's approach was individualistic and idiomatic. He was remarkably at ease with the lyrical elements of the score over the more powerful elements. Though he proved he could be dynamic when it was needed, his interpretation was boring at times. His staging also, though quite

TRIPLE PLAY: Matthew Cowles is the lonely actor in the first of the three at Cherry Lane Theater.

William Devane is on trial for rape in Megan Taylor's THE PEOPLE VS. RANCHMAN at Fortune Theatre.

Chad Mitchell will play the blues at the Bitter End on Thursday, Nov. 12, with a week of low-priced previews beginning on Nov. 13. Subtitled "Songs from the New Renaissance," the evening's program will include songs by Bob Dylan, Paul Simon, Tim Buckley and Jake Holmes.

Chad Mitchell's Countercana, his successful one-man show which recently completed a 3-week engagement at Chicago's Happy Medium, will open at the Bitter End in the Village on Thursday, Nov. 21, with a week of low-priced previews beginning on Nov. 13. Subtitled "Songs from the New Renaissance," the evening's program will include songs by Bob Dylan, Paul Simon, Tim Buckley and Jake Holmes.

Chad Mitchell, who spearheaded the rebirth of the folk song with his trio nine years ago, split with his group three years ago and has since launched himself as an actor and solo performer.

All seats for Counterpoint are $4.95, $3.95 and $2.95 with preview performances at $2 and $3. Shows start at 8 p.m. with a special Sunday matinee at 5 p.m.

Student plan
at Empire Room

A new season is beginning at the world-famous Empire Room nightclubs at the Waldorf Astoria in New York. Now a special student ticket plan is being offered, on a first-come, first-served basis, with no minimum, a confirmed reservation.

The stand-by plan is an opportunity to see a top name star at the famous nite-club. Diana Ross and the Supremes, The Four Seasons, Ed Ames, Liberace and Robert Goulet.

But then we have the rest of popular music which is the prevalent. Making excellent use of the genre type are the functional sets and lighting design of Charles K. Robinson.

It is very rare that Shakespeare is professionally performed outside the environs of Central Park or Stratford, Connecticut. It does require the patience to be done well. Thus, it would be to the advantage of all of us to appreciate Shakespeare to see this production of Richard III.

Soccer Team Gets First NCAA Bid in MSC History — Tourney Play Begins Today in Springfield (Mass.)

Montclair State College will take part in the National Collegiate Athletic Association Eastern Regional College Soccer Tournament which will be played tonight for a benefit basketball game against MSC's basketball team. Tickets will be available at the door. MSC's three year scoring record has been set by Ed Przybowski with 1,777 points. Montclair's 11-2-2 record is the best in its history and its only defeat coming in a night contest with conference rival, Jersey City State. Buckle.

Ithaca Trims MSC, 17-13:

Indian Errors Costly

By MIKE GALOS

Capitalizing on Montclair State errors, the Ithaca College Bombers defeated the Indians of Montclair State Saturday night, 17-13, before a crowd of 2,313 at Sprague Field. Both Ithaca teams came as a result of failures by Montclair to execute fourth down punt plays. Jim Ryan blocked a Ken Tocci punt attempt and Wes Kiesler recovered it in mid-air and went untouched 45 yards for the initial score. Dave Bonney added the first of two extra points. After the Indians tied the score, as Frank Perry capped a 45 yard drive with a one yard run, Ithaca countered in the second half with a five yard run by quarterback Rick Podlucky after a Bollinger snap on another Tocci punt attempt was recovered at the MSC six yard line. Two field goals by Dan Rodgers (46 and 24 yards) brought the score close at 14-13, but Ithaca countered with their own, a 34 yarder by Bonney with 9:07 left in the game. The Montclair State defense again played an outstanding game, holding the Bombers to only a field goal but, as has often been the case this season, bad breaks cost the Indians the ball game.

If games were won on statistics, Montclair would have romped. The Indians had 20 first downs compared to 12 for Ithaca and Montclair runners led by Frank Perry's 108 yards amassed a new four game record, while a single game high of 6,314 fans spurned through the turnstiles for the Homecoming contest. The total attendance figures could also have been much higher had two games not been played in rain weather. A most encouraging booster of the Ithaca Bombers was the tremendous support received from the Montclair National Bank, the various service clubs, scouting organizations and the community in general. These organizations together with MSC's alumni helped to sell 424 season tickets — making this first attempt at such a venture a success.

Another successful first accomplished this season was the improvement to major league quality of the individual game programs.
