The Student Government Association's Elections Committee has officially warned political candidates not to paint campaign slogans on student life building's windows or risk punishment. In a decision overruling the opinion of committee chairman are Lionel Geltman, the group voted Tuesday five to one abstention to recommend to the candidates to take off their signs painted on the windows of the cafeteria and the lobby of student life building. Robert Watson and Terry B. Lee, the two presidential candidates with painted campaign signs.

Committee Chairman Lionel Geltman claimed that the windows are for use by various campus organizations on a rotating basis and were duly given over to the candidates for their use by the organizations. Lee received permission from the Black Organization for Success in Society which he heads, and Watson from Senate fraternity, of which he is a member.

"The windows," claimed member Charles Boyce, "are to be used for advertising only and not as the campaign manager for the Watson-Asdal team.

Committee, appointed by Benitz, does not contain any charges allegedly to be hurled against the SGA Elections Committee and the Student Government Association seems to be a noncooperation with his administration.

Another coincidence might be that since the campaign began, Benitz has refused to speak to campaigning."

"But," answered Geltman, "I'm trying to be as liberal as possible, I didn't envision anything like this." "It should have been in the rules before," said Deluca. "I don't like these under-the-table rules," Deluca charges.

THE HOURLONG meeting was attended by Boyce, Deluca, Ira Rosen, Jacqueline Isherwood, Thomas Hayes and Michele Corona. The vote was held in private.

"Deluca told the MONTCLARION that if the candidates do not remove signs "within a reasonable amount of time" they will be fined or, possibly, disqualified.

SAE Elections

Committee Rules Against Window Painting Tactics

The current race for the top spots in the Student Government Association seems to be a contest of coincidences—to say the very least. It's quite a coincidence that the Elections Committee Chairman Lionel Geltman happens to come from Senate fraternity, whose members also include Robert Watson, presidential contender, vice-presidential candidate Bill Asdal and SGA Vice-President Stanley Grajewski.

It's also quite a coincidence that Grajewski, tho still actively functioning as vice-president, is serving as the campaign manager for the Watson-Asdal team.

It seems quite coincidental that tho, at last Tuesday's elections committee meeting, there were several charges allegedly to be hurled against the Watson-Asdal team, only the petty question of windows of the cafeteria and the lobby of student life building. Robert Watson and Terry B. Lee, the two presidential candidates with painted campaign signs.

Lionel Geltman claimed that the windows are for use by various campus organizations on a rotating basis and were duly given over to the candidates for their use by the organizations. Plans Underway for 15-3-15 Setup

By Susan Reeves

Since the 15-3-15 collegiate calendar was passed, little has been said about the somewhat mysterious innovative period, which will occur next January.

THE 15-3-15 collegiate calendar would provide for a regular 15-week fall semester, a three-week period for academic innovations, and a 15-week spring semester.

According to Dr. Allan Morehead, executive vice-president and provost of Montclair State, the deans of the various schools are, with the assistance of student opinion, organizing definite programs for the month which will be governed by the regular division.

"All of the schools are developing plans rapidly and student opinion is helping in the courses to be offered," Morehead commented.

DURING THIS period, the vast majority of the courses offered will be credit-bearing. In Morehead's opinion, the number of credits depending on the intensity of the course's curriculum. Each student will be allowed a four-credit limit. In this manner, students can exceed the limitations on the number of semester hours as those credits earned during this period may go over and beyond the usual maximum of 18. For example, a student may take the maximum of 18 credits both semesters and a three-credit course during the innovative period for a grand total of 39 credits for the year. This would exceed the usual maximum of 36.

Although the individual schools are handling the program, student will not be confined to those courses offered by their particular school, said Morehead. Flexibility will play an important role during the month. Courses with no prerequisites will be open to all students, Morehead commented.

COSTS INVOLVED in the program are difficult to estimate, Morehead said. The range from small to considerable, depending on the course itself.

Morehead believes the program has great possibilities, but its success will depend on student interest. Peripheral problems in planning are:

PART TIME Earn $3.50 per hr. and up for only 12-15 per week. Flexible hours. Full Time during summer. Call 471-2296 and have your name on the list.

WANT QUALITY CONTRACEPTIVES? Once upon a time, the best male contraceptives that money could buy were in your local drugstore. That time is gone. Today, the world's best condoms come from England, and are available in America's stores.

POPULATION PLANNING is highly the exclusive United States distributor for two remarkable (and highly popular) British condoms: NuForm and contraceptive Fetherlite. "We make them available through our programs," said Bill, "as a public service, in the hopes of helping to cut the birth rate today. The contraceptives are made by British industries from the finest materials available. They are the best in the world. Each is packed in a plain wrapper to protect your privacy, and we guarantee your money back if you're not satisfied with our products. Why wait?"

UNITED STATES Student Press Service and United Press International.

WANTED: College men and women for management positions in government. Must meet physical requirements. Financial aid available for military service. You'll enroll in special training course on graduation. Sail and/or overseas travel guaranteed.

A speech department representative, Jacqueline Javerwood, introduced a bill which was passed, requesting that the proceeds from the opening night of "A Cry of Players" will be placed in trust for the Malcolm George Fairfield III Independent Study Fund.

INDEPENDENT STUDY FUND A speech department representative, Jacqueline Javerwood, introduced a bill which was passed, requesting that the proceeds from the opening night of "A Cry of Players" will be placed in trust for the Malcolm George Fairfield III Independent Study Fund.

Here's a government position with a real future for both men and women. As an officer's job in the Air Force. A management level job in anybody's book. Certainly, there's no better way to get the experience and train your education.

But whatever your duties, you'll soon discover that the Air Force will let you move just as far and as fast as your talents can take you.

So take a look and let your college years pay off for you with a managerial position in the U.S. Air Force. Just send in this coupon or write to USAF Military Personnel Center, Dept. A, Randolph AFB, Texas 78148, and get your postgraduate career off the ground.

The perennial themes of greater student involvement, total representation and a more purposeful SGA plus a new twist—the appearance by the Provo action group-dominated the SGA pre-election press conference sponsored by the MONTCLARION. The SGA elections will be held next Thursday.

The problem of achieving more total representation of different student interests in SGA held center stage as a main concern of the candidates, as they responded to the questions of MONTCLARION reporters and attending spectators in the student life building auditorium lounge. Presidential candidate Terry B. Lee, president of the Black Organization for Success in Society, was absent, due to a previous commitment.

PRESIDENTIAL ASPIRANT

Robert Watson asserted that the SGA will have to "become responsive and receptive" to the views of what he labelled any identifiable interest group or organization on campus. "This has not been the case in the past," he added.

Late Thursday afternoon, SGA presidential candidate Richard Oshin withdrew from the race and publicly announced support for Terry B. Lee. Complete details on page one.

Richard Oshin, also vying for the top spot, charged that there is no real voice for all student interests and activities in the SGA as it stands now. He proposed a bicameral legislature with one house composed of the representatives of the class and organizations plus representatives from the commuter and dormitory councils.

Presidential candidates Glenn "J.C." Kawalak and Alan "Provo" Jacobs also commented on student exclusion in many SGA activities. Kawalak said that he "doubts that there is real representation in the SGA," and that the organization is run by a selected few. Jacobs lamented what he called "extreme boredom on campus."

VICE-PRESIDENTIAL candidates William Asdal and Jack Wilkie added their views on the matter of representation. Asdal commented that the executive board should be expanded to include a wider range of interests, and raised the possibility of a new publication thru which more students can be made aware of SGA goings-on.

Oshin stated that "nothing seems to work toward real communication with the students in the SGA." He feels that lack of awareness of the SGA's workings are the key problem. Provo vice-presidential candidate Leon Varjian declined to comment on the issue, stating that "it's all been said before."

On THE question of all-college governance, Watson commented that the concept itself is "sound" and added that it is an area toward which many progressive colleges in the country are moving. Oshin stated that he would support "quick implementation" of the system because he feels that it would increase cooperation and communication between the different schools.

Reactions to the state's Master Plan were varied among the presidential combatants. Kawalak pointed out that the students at large should have the opportunity to express themselves on the matter. Watson said that he "could see both advantages and disadvantages to the concept." He added that since MSC has its own master plan, he would support it over that of the state.

By M. J. Smith

Master Plan Corresponder

Ralph Dungan, state chancellor of higher education, said that he was pleased about the "approving comments" made about the Master Plan at the four public hearings. But he didn't specify who he heard them from. The majority of testimony at the four public hearings concerning the state Board of Higher Education's Master Plan—Phase Two has been uniformly critical. The strongest criticism of the plan has come from Montclair State.

With its 7500-student enrollment ceiling and centralized graduate university, the plan has been denounced by everyone from MSC President Thomas H. Richardson to individual students. If the plan was approved, commented one student: "(MSC) will just wither up and die." All of the state colleges, without exception, have come out against the Master Plan — and some have not minced words. At the second meeting, Dr. William Hazell, New Mexico College of Engineering president, stated: "The plan proposes amputation of a limb to cure a bad case of indigestion."

And as one representative of the State Collegiate Faculty Association said at the third hearing in Glassboro: "The scheme was devised in the atmosphere of a Princeton pub."

EVEN MRS. Katherine Neuberger, board member and chairman of all four hearings, confessed at the last meeting, held in Trenton for the Governor's Student Liaison Committee last week, that she did not approve of the graduate university concept as it stands now.

The most recent dissenting voice was a statement issued by the New Jersey Association of Colleges and Universities. In their report, the association asked that the plan be considered "as the first in a series of progress reports" but not as a final idea. The only nods have come from several private institutions throughout the state, most of whom will not be affected by the plan's proposals. Seton Hall President Monsignor Thomas Fahy approved of the document as it "avoids waste and duplication." His sentiments were echoed by Dr. Frank E. Rider College president, and Dr. Robert Gochen, Princeton president.

However, most of the state's schools seem to agree with Richardson's evaluation that "It's just a big power grab."

RICHTON/VIC. April 23, 1971.

WITH SGA CANDIDATES

Press Meet Hits Perennial Themes

The perennial themes of greater student involvement, total representation and a more purposeful SGA plus a new twist—the appearance by the Provo action group-dominated the SGA pre-election press conference sponsored by the MONTCLARION. The SGA elections will be held next Thursday.

The problem of achieving more total representation of different student interests in SGA held center stage as a main concern of the candidates, as they responded to the questions of MONTCLARION reporters and attending spectators in the student life building auditorium lounge. Presidential candidate Terry B. Lee, president of the Black Organization for Success in Society, was absent, due to a previous commitment.

PRESIDENTIAL ASPIRANT

Robert Watson asserted that the SGA will have to "become responsive and receptive" to the views of what he labelled any identifiable interest group or organization on campus. "This has not been the case in the past," he added.

Late Thursday afternoon, SGA presidential candidate Richard Oshin withdrew from the race and publicly announced support for Terry B. Lee. Complete details on page one.

Richard Oshin, also vying for the top spot, charged that there is no real voice for all student interests and activities in the SGA as it stands now. He proposed a bicameral legislature with one house composed of the representatives of the class and organizations plus representatives from the commuter and dormitory councils.

Presidential candidates Glenn "J.C." Kawalak and Alan "Provo" Jacobs also commented on student exclusion in many SGA activities. Kawalak said that he "doubts that there is real representation in the SGA," and that the organization is run by a selected few. Jacobs lamented what he called "extreme boredom on campus."

VICE-PRESIDENTIAL candidates William Asdal and Jack Wilkie added their views on the matter of representation. Asdal commented that the executive board should be expanded to include a wider range of interests, and raised the possibility of a new publication thru which more students can be made aware of SGA goings-on.

Oshin stated that "nothing seems to work toward real communication with the students in the SGA." He feels that lack of awareness of the SGA's workings are the key problem. Provo vice-presidential candidate Leon Varjian declined to comment on the issue, stating that "it's all been said before."

ON THE question of all-college governance, Watson commented that the concept itself is "sound" and added that it is an area toward which many progressive colleges in the country are moving. Oshin stated that he would support "quick implementation" of the system because he feels that it would increase cooperation and communication between the different schools.

Reactions to the state's Master Plan were varied among the presidential combatants. Kawalak pointed out that the students at large should have the opportunity to express themselves on the matter. Watson said that he "could see both advantages and disadvantages to the concept." He added that since MSC has its own master plan, he would support it over that of the state.
The Administration Of Thomas Benitz

The Benitz administration is nearing the finish line in its yearlong tenure in office. Behind it is a bumpy road of harsh feeling and student resentment.

It was a year ago when sandy-haired Thomas Benitz, new to the affairs of student government, rode the herd of campaign promises and electioneering which resulted in a near landslide victory over his opponent, David Mende. Benitz proved to be a smoothie, sometimes shy, man who aimed to unite conservatism with campus affairs. He pledged cooperation with the student body and promised to give Montclair State's students the best representation available.

Unfortunately he failed.

His failures are numerous and it has become overly obvious that Benitz, as president, detracted from the viability of SGA as a dynamic force through which students could work. The gist of this problem was Benitz's deep-seeded resentment toward the administration of Montclair State College. All too often Benitz, along with members of his staff, was willing to charge what he labeled the "tokenism" of MSC administrators without seeking to meet college officials on their own ground. He talked often of class one presidents "selling out to the administration" and "student decision-making at the college level was," he said, "nil." He acted as if college officials were seeking to institute a campus police state.

One of the key reasons why Benitz failed is because he couldn't relate to the student body. Students were appointed to committees and legislative seats on a tokenistic or friendship basis. He spent nearly $4000 on off-campus jaunts which aggravated many students who were powerless to do anything. His appointments to Gov. William T. Cahill's student liaison committee and the elections committee were accomplished without due regard to his electorate. This was indeed a misuse of power.

Benitz was not a clever leader. He was unwilling to make use of the advice and opinions available to him thru the SGA's executive board. A simple refusal to call meetings insured that he would have to work alone. His inability to feel out his electorate. This was indeed a misuse of power.

The administration of Thomas Benitz in our view has been lackluster. His inability to feel out student opinion while maintaining a closed leadership has unfortunately been his downfall as president. We hope the next president of SGA will learn from past mistakes.

Grajewski, with three years of service to the campus behind him, attributed this factor to the "lack of understanding and cooperation" by special interest groups and the "constant criticism" coming from the MONTCLARION and an underground newspaper. "We could have worked together much better if there had been more cooperation," he said.

The leaders are predicting a very close race with more students turning out in higher numbers than ever before. Sources attribute this to the apparent incompetence. After spending Friday collecting newspapers for PROVO GROUP filled up their station wagon and drove off to ditch the paper. One problem, tho: somebody forgot to close the window and the paper went back from where it came -- all over the campus. Whatever happened to EARTH DAY? RICHARD INSLEY claims no deal with TERRY LEE.

With the SGA race coming down the homestretch, the latest private poll of campus leaders gives the winning edge to Terry Lee with Robert Watson trailing. The leaders are predicting a very close race with more students turning out in higher numbers than ever before. Sources attribute this to the apparent abundance of candidates, five presidential hopefuls in all. The others: Alan Jacobs, Glen Kawalik and Rich Ohlin.

As far as the vice-president post is concerned, it's a tossup with William Asdal having a slight edge. The survey was conducted late last week.
Montclarion Soapbox

‘Smear’ Tactics Not for Watson

To the Editor:
If the MONTCLARION believes that the next SGA is to be elected with issues such as campaign buttons, then I question how gallant the MONTCLARION thinks the student body really is especially since the article printed on page one (April 16) was erroneous and misleading. We are now in the process of printing our own reply, since past performance indicates that the MONTCLARION probably won’t run this letter, at least in its original form.

I would also like to say we will not resort to a smear campaign. But I will say that Robert Watson has a strong and workable platform, and we can therefore understand and sympathize with our opponents’ campaign techniques.

Stanley Grajewski, Campaign Manager.

** * **

No Complaint from Oshin

To the Editor:
As SGA Elections Committee chairman, it is my responsibility to enforce the regulations concerning campaigning and to rectify any infringements upon them.

It has been brought to my attention thru the MONTCLARIONS page one article (April 16) that presidential candidate Richard Oshin believes some violation of campaign rules has been committed by his opponent, Robert Watson. To date I have not received any formal complaint from either Oshin or the candidates.

In my opinion this newspaper has not made an effort to research the allegations. Instead, it has contented itself with publishing rumors founded upon gross misinformation.

SST Still Not Grounded

Ecologists have won the opening battle in their war against the SST. However, many obstacles remain before they can claim victory.

Congress, by defeating a funding bill for constructing two SST prototypes, has dealt the aerospace industry and technology a setback. Boeing, the prime contractor for the project, will lay off thousands of employees. This adds to the burgeoning rolls of unemployed engineers and technicians.

'Cry of Players'

Players present a play about the bard

By Sheila J. Wicks
Staff Writer

Instead of doing a play by Shakespeare this year, Montclair State's Players are doing a play about him.

"A Cry of Players," written by William Gibson, is the story of Shakespeare's life in Stratford-on-the-Avon and the unhappiness that forced him to leave. In a broader sense, it is the story of all men who are dissatisfied with their lives.

Will is torn between what everyone thinks he should want and what he knows he wants. "He is exciting, the kind of person people of this age identify with," said Paul Nadas, who plays the part of Will.

The young man has a job offer, a family and friends but these are not enough. "There is a void that has to be filled, a part of him not used," Nadas said of the character.

BRAWLING LUST
The play stages the lusty, brawling part of English life that was the soul of the Elizabethan theater. "One moment you're rolling in 'the blood and the mud and the beer' and the next, life and love is as true now as then," explained Director W. Scott MacConnell.

Altho the director is chosen by the speech department, cast. Loetta Ann Smith, a six-year-old, will play the part of Susanna Shakespeare.

Not only have students been involved in the staging and production of the play but they have arranged the music also. A 25-piece brass band plays the music composed by Armando Riverol and orchestrated by Ralph Spotzie.

The play will be presented April 28, 29, 30 and May 1 at 8:30 p.m. with a matinee April 30 at 2 p.m. Tickets will be 25 cents for faculty members and SGA cards, 75 cents for students and $1.75 for adults.

Opening night show benefits study fund.
The opening night performance of Players' "A Cry Of Players" will be a benefit for the Malcolm Fairfield Independent Study Fund for Fine and Performing Arts. The fund will be used to assist student productions, such as the recent Total Theater Ensemble and the future production of "The Fantastiks."

Malcolm Fairfield was a speech major who died on March 19. Tho only a freshman, he had become immediately involved in Players, and performed the leading role of Casanova in their production of "Camino Real" last fall. He was actively involved in "Journey of the Fifth Horse" at the time of his death.

The fund was suggested after several Players meetings by students who wanted to commemorate in some way "one of the finest and friendliest of players."
Some research "experts" say you can't
taste the difference between beers... blindfolded.

Donleycott, Montclair State's
tennis team downed Jersey City
State, 5-1/2-1, Tuesday. The
win came on the heels of the
Indians' season 当 loss
against Dino Constantino, 6-3 and 7-5.

Squaw Fencers
Cop 3rd Place

BUFFALO, N.Y. — New York
University edged William Paterson
College and Montclair State for
first place in the Intercollegiate
Women's Fencing Association
Fencing tournament at Buffalo
State University.

THE VIOLETS won a total of
61 bouts while losing 15. Paterson
dominated MSC out of second place
with a total of 50 wins to the
Indians 58. MSC retained its third
place finish from last year, but the
Violts finished second to Hunter
in 1970.

The Indians had two fencers
in the individual competition. Senior
Karen VarBavel ended in fourth place.
Senior Nancy Murray finished
ninth in the finals. Team captain
Bonnie Levine missed going into
the finals by a few touches.

Montclair State's baseball team upped its record to 8-2, beating three out of four opponents on the road last week.

Fairleigh Dickinson University washed the Indians, 12-7, Thursday following MSC's 3-1 victory over Newark State. The Indians bounced back with a 13-3 romp over Glassboro State on Saturday and ended the week with a 6-4 win against St. Peter's College.

St. Peter's College was the Indians' victim Sunday as MSC jumped out to an early lead and held on in the final 2 innings to register a 6-4 decision.

Charlie Williams led the MSC offense with a triple and single in 4 trips. He also had 2 RBIs, 1 in the eighth which proved to be an insurance run and one in the 2-run sixth. Ken Klein scored what proved to be the winner in the seventh when he came home on error.

GSC Falls to Indians

Scoring 9 runs in the fifth and sixth innings, Montclair State gained its fourth New Jersey State College Conference victory in 5 starts by crushing Glassboro State, 13-3.

The Indians scored 4 runs in 5 hits and a walk in the fifth as Phil Baccarella singled in 2 tallies while Carmine DeSimone drove in another by a single. MSC put the game away with a 5-run rally in the sixth on 5 hits and 2 walks.

Knights Win on Errors

The Indians lost to FDU for the first time in four years when Montclair errors to score 7 unearned runs.

A 5-run third inning, in which FDU did not get a hit, broke the game open. The runs came on 3 walks, 3 errors, a hit batter and a balk.

Frank Hiza's 2-run double in the second was the big shot for FDU while DeSimone had a bases loaded triple in the sixth for the Indians and had 5 RBIs on the day.

Cosentino Scores 3

Second baseman Bob Cosentino figured in all 3 runs scored by the Indians against Newark State. The Squires took the lead in the second inning against Newark State. The Squires took the lead in the second inning. On the 3rd trip, Cosentino took the lead in the second inning. On the 3rd trip, Cosentino led off by beating out an infield error.

The Indians tied the game in the third when he came home on a miscue by a Montclair infielder. Carl King's 2-run double in the fourth gave Montclair a 3-2 lead.

The Indians took the lead for good in the fifth on a 2-out, 2-run double by Tom Hinz.

Bows to FDU

Bill Asdal shot an 82 Monday to keep his 5-game winning string alive. But Montclair State's golf team dropped the triangular match against William Patterson College and East Stroudsburg State, 10%-5%, in both cases.

Last week the Indians edged Newark-Rutgers, 5%-4.

ASDAL REMAINED as the Indians' top man by carding his low score for the day. But the ace sophomore kept his undefeated record intact, he failed to complete a shutout and won his match, 2%-5.

Up to this point, Asdal had been unseeded once.

MSC's only other winner in the tri-match was Joe Ventl. Ventl, a senior, ended with an 84 and a 3-0 shutout as the Indians lost their opening New Jersey State College Conference meet to Paterson.

MSC Thinclds Split.

JCS—CCNY Contest

By Carol Sakowitz
Sports Writer

"We don't have depth," stated track coach George Horn before the triangular meet between Montclair State, Jersey City State and City College of New York. It was this lack of depth that caused the Indians to split Tuesday's home meet. JCS's Cindermen edged MSC, 74-72, but the Indians to split Tuesday's home meet. JCS's Cindermen edged MSC, 74-72, but the Indians washed the Indians, 12-7, the road last week.

TRACk

The reason for MSC's loss can be traced to its lack of manpower in the shorter dashes and the hurdles. The Indians were swept in these events by both teams this week. T. J. Morris tripped for JCS with first in the 100,220, and the 44-yard dashes. Bob Rudrow did his share for JCS by sweeping the hurdles as did his CCNY counterpart, Dave Schmeltzer.

However, on the basis of past performances, it was evident that the injury was still aggravating the outstanding runner and that he was not pushing himself as much as he could.

As expected, the Indians won both the mile and 2-mile. Captain Kevin McGrath won the mile in a time of 4:30.5 and Vic Mizzo coked in 9:16.4 for the win in the 2-mile.

MSC's PROBLEM

In the hurdles stem from injuries. The Indians' top hurdle, Glen Hedden, is recuperating from a knee operation. Larry Schoenfield, who took second against JCS and third against CCNY in the 120 highs, is competing after just recently recovering from a broken foot.

As for the 440 and 880-yard dashes, MSC pins its hopes on fleetfooted Greg Weiss. But Weiss is still being troubled by a strained muscle. However, on the basis of past performances, it was evident that the injury was still aggravating the outstanding runner and that he was not pushing himself as much as he could.
