Every semester, each student at MSC must pay a $30 fee earmarked simply for activities. In return, he is offered a variety of movies, lectures and concerts, as well as special events such as Homecoming and Carnival.

These College Life Union Board-sponsored activities, however, use just a fraction of the student activities fee, according to Tom Stepnowski, student activities director. He estimated that little more than 1/10 of the fee is granted to the College Life Union, the working arm of the Student Center. The office itself has no programmed budget, he stressed.

The remainder of the fee is used to fund certain campus organizations. MSC's fee is slightly less than some other area colleges', although students get the same basic benefits for their money. Jersey City State's fee is $31 per semester and will rise to $66 when its student union is under construction, according to SGA President Danny Spahr. This fee covers all school publications and athletic and cultural events. At movies, concerts and lectures, admission is sometimes charged to help defray extra expenses.

BOSS Gets $450 of $13,700

The Black Organization for Success in Society (BOSS) was allotted $450 of their $13,700 request for additional funds by the Student Government Association in Tuesday's meeting of the legislature. The money, to be taken from the unappropriated surplus, will fund "Kwanza," an Afro-American Christmas celebration. BOSS originally requested $470 to fund a black culture conference in which many New Jersey colleges and universities would participate. When asked why Montclair State was scheduled to pay all of the conference expenses, BOSS President Arthur Wertz explained that his organization had attended conferences at other schools for which they paid nothing but a registration fee. The bill, submitted by Sheila Russell, biology department representative, also provided $3000 for additional speakers during the 1971-72 school year, $1000 for dramatic presentations, $350 for a black library, $400 for art exhibitions and $3800 for Hambree, a newsletter published by BOSS. All of these requests were defeated by the legislature. Major objections were raised to the bill when SGA Treasurer Wendy Gillett informed the legislators that because of a delay in the arrival of state checks, there is approximately $10,000 in the unappropriated surplus. Altho an additional $24,000 in SGA funds is expected during this semester, Miss Gillett stated that it is uncertain when the check will arrive.

Terry Lee, SGA president and former BOSS president, said that he had "never seen so much maneuvering" in a financial matter. Lee suggested that, because additional funds are expected later in the semester, BOSS be given $5000 to suit their request to the president Harris, sociology department rep, advocated passage of the bill, saying that the 600 black students at Montclair contribute approximately $36,000 to the SGA and receive a poor return on their investment. "Kwanza" will be celebrated from Dec. 25 - Jan. 1. The program will benefit disadvantaged students from Montclair, Newark and Jersey City.

MSC's grad students have made new means of expression, the Graduate Student Organization (GSO), stated its president, Carol Dandy. The organization addresses itself solely to the problems of graduate students, both full and part-time, she explained. GSO "can go to the right people" with their recommendations, complaints and questions. By representing the graduate students on college committees and at graduate council meetings, GSO can act as liaison between the administration and graduate students. At the same time, Miss Dandy stressed, GSO will remain completely autonomous.

Attio the newly-formed group has not "done anything concrete" yet, registration snarls, lack of graduate-level books in Sprague library and the extension of bookstore hours are some of the problems it hopes to tackle, said Dr. L. Howard Fox, GSO adviser.

Both FOX and Miss Dandy observed that GSO's greatest problem at present is communication. "Not even I knows we exist," Miss Dandy commented and as a result, graduate student response has "not been too good." In an effort to reach all the graduate students, a GSO committee is printing and distributing posters and flyers on campus.

The group is also considering publishing a newsletter which would keep its members posted on GSO activities and meetings. GSO tries to schedule its meetings so that all can attend. It holds a meeting a day for four consecutive days, each meeting covering the same business. An interested grad student can attend a meeting any day he has classes that week, without making an extra trip to MSC. For added availability, meetings are held at 6:45 p.m., between classes.

GSO's next meeting is slated for Nov. 15, 16, 17 and 18, in the student life building's lower lounge.

The idea for GSO was born during the student strike in May 1970, Fox explained. That time, grad students became acutely aware of the need for an organization through which they could voice their opinions. During the '70-'71 school year, interested students met, wrote and ratified a constitution, created a governing board and elected officers.

According to Fox, GSO is currently being financed by MSC President Thomas H. Richardson's office. However, by next fall, GSO should be fully incorporated and financially independent of the college administration. By then it should have the power to charge graduate students a slight activity fee to fund its operation, Fox said.

PUB and the Extra $12.50

As anyone who looks out of Partridge Hall can see, the Student Union Building is not going to be open by January. That is, of course, unless the construction decision to skip Christmas this year and God agrees to forget about snow.

The fact remains that, thanks to an SGA vote two years ago, Montclair State students are going to get back the $2500 next semester’s tuition bill to pay for PUB’s upkeep (Permanent Union Building ... PUB ... get it?).

Of course, the perfect answer for the powers-that-be is to declare the Student Union open — unfinished tho it may be — and collect the dough.

No one has yet explained where the money will go if PUB does open and we believe the extra $72,000 is worth asking a few questions about.

Three Cheers For Fac. Eval.

The faculty evaluation booklets were finally distributed Wednesday and all those involved deserve a warm round of applause for their work ... those who fought for the idea ... struggled to please the administration, faculty and SGA alternately ... squeezed the funding out of an unappreciated surplus so the students wouldn’t have to pay ...

To create any kind of publication from scratch takes dedication, perseverance and guts. The Faculty Evaluation Committee had all three.

'Montclair's newest...'

By Jo-Ellyn Scovell
Staff Writer

Blind faith and non-conformity are not new concepts in this cyclical and sophisticated age of 'Jesus Christ Superstar' and 'The Star Mangled Banner.' The natural tendency to depend upon "the opinion of the majority" whether it is due to a basic lack of self-confidence, self-worth, or a lack of personal insight is something which any person who calls himself "educated" should examine and evaluate.

A good place to start might be with the recently published "Survey of Courses and Teaching – Spring 1971." A little blind faith is basic to human nature. Everyone now and then in his life believes in a thing he can't see. Even if it's in a faith in one's chisubashu as a watch dog. But blind faith is carried a bit too far when students start to depend upon "majority opinion" for the evaluation of their professors and courses.

This lack of personal concern is the very criticism most students level at the lumping together, stereotyping and labeling inherent in a large academic institution such as college. Yet it seems we can turn around and justifiably condemn a professor's teaching – his career -- into "good," "bad," or "indifferent." The author, (who remain unknown?) presents incisive insights into their characters.

For example, how could one top this flowing description given to one minor character: "1.53, 2.07, 0.61, 0.30, 1.00?" As far as writing style goes, the "statistical data" section has only one equal in the literary field... "Barnes & Noble's Advanced Logarithm Tables." Criticism must be given, however, of the massive subject matter covered in the slim booklet. Skipping quickly from such topics as art and music to math and biology, one hardly has time to get to know the characters.

The expectations of each character are given prime importance in the booklet. The varied imagination of the authors is clear as some characters want to "communicate my love and enjoyments..." yet some want to do nothing more than "to get the student..."

The cover art work is fascinating, particularly the map of Hungary surrounding the date. But the best thing about the evaluation booklet is the possibility that the concept will carry over to other aspects of collegiate life. For example: Faculty Evaluation, 1 yr. at MCG. This procedure is one of the few at MCG that requires group participation. Costs are kept minimal, and most of the work is done by others. Requirements include the ability to be able to punch out holes with a pencil (not necessarily cleaning up the resulting debris), with or without consideration of the questions asked. GOALS: It may be an attempt to accurately evaluate the accomplishments of a faculty member during a given semester, or an effort at communicating to one's fellow students the experiences one has had with a given professor, but more, particularly, it's a chance to get back at professor for a midterm "D".

Sweep the Slate Clean

Racism, be it white or black, is detestable. Yet just as vile is the misunderstanding and lack of communication which surrounds it.

Unfortunately, there exists at Montclair State a situation, which if handled improperly, can lead to a mushrooming of racial tensions out of all proportion. This situation is the impending talks between BOSS and the class organization for the former, the one belief that the organizations are open to all, but blacks don’t want to participate. The vice-president of the SGA, Bill Adal, believes BOSS itself will prove irrelevant since it doesn’t appeal to all. With adamant attitudes such as these, it appears unlikely that organizations will encourage changes for black participation.

No question remains that participation in all organizations, excluding BOSS, needs improvement. If class 1 organizations are so open, then they have nothing to fear from the talks. But for these talks to succeed, the slate must be swept clean. All sides, including BOSS, must be willing to talk and if need be change so that organization which is black, will become secondary to the organization of all organizations.
'A beautiful, funny presentation'

'The Cherry Orchard' to blossom

By Carol Giordano
Staff writer

Anton Chekhov's "The Cherry Orchard," to be performed at Montclair State College on Nov. 10-13, is described by Players' President Joe Black as "a beautiful, funny presentation of social phenomena in Russia at the end of the 19th century."

Players' production of "The Cherry Orchard," the last play written by the Russian dramatist, will be distinctive in that it is being produced as a comedy. Black explained that it was first performed in 1904 as a tragedy, an interpretation which angered Chekhov. Players is therefore following his original intention, he said, but he noted "in trying to give a realistic view, Chekhov wrote neither straight comedy nor straight tragedy."

According to Dr. Clyde McElroy, who is directing the production, the play deals with "a decaying society, where we can see the foolish side of the characters as well as their compassionate and humorous side." He added that "almost all critics claim that one of the reasons for Chekhov's greatness lies in the fact that he portrayed the inner lives of the people - both the comic and the tragic aspects."

McElroy emphasized that this production of "The Cherry Orchard" has been an "ensemble work on the part of the director and actors involved." He commented that the cast has had a great deal of freedom in developing their roles. He, the cast and the crew have held sessions together to discuss the characters and the play itself. To achieve historical accuracy, Players worked with the mother of cast member Val Kuklowsky, who at one time lived in Russia. "This solidified our feeling of the characters and of Russia during the period of the play," McElroy explained.

"The Cherry Orchard" is Players' 1971-72 entry in the American College Theater Festival, which is sponsored by the American Educational Theater Association. According to festival rules, no more than 25 students may participate in the production, and the scenery, which has been designed by assistant speech professor W. Scott McConnell, must be included in an area of no more than 1000 cubic feet. The play will be performed at MSC on Nov. 10-13 at 8:30 p.m. and on Nov. 12 at 2 p.m. in Memorial auditorium.

Chekhov's classic drama takes place at the time when the Russian aristocracy was losing its power and 'the poor and enslaved were on their way to becoming the bourgeoisie and attaining a position of social importance,' Black said. "He was working on situations which he found very real and very pertinent to the times - situations that were universal in many instances.

"Women’s Fencing
'It's Not Just Zorro’"

By Joan Miketzuk
Sports Writer

"Fencing is not what most people think it is. It's not just Zorro jumping off tables," commented women’s fencing coach Mrs. Domenica Desiderioscioli. "It's actually a very disciplined sport."

Mrs. Desi, as she is more commonly known, should know about such things. For the past two years she has guided Montclair State’s fencers to a third place finish in the Women’s Intercollegiate Fencing Association, in which 20 schools participate.

"IT’S A shame that fencing isn’t taught in the high schools," the brunette coach said. "But then I find it more interesting to teach something like this from the beginning. In something like basketball, everyone has played a little or has some knowledge of the game. This is from scratch."

On Tuesdays and Thursdays, Mrs. Desi and her assistant, Nancy Miraldi (MSC ’70) can be found in the gym instructing their squads to "lunge," "reprise," "recover," "advance" and "advance" in rapid succession. Apparently fencing has its own kind of drawing power.

Sophomore Mary Caprio went to gym 6 last fall to do a MONTCLARIAN write-up on the fencing team and has been there fencing ever since. "I just walked in and I liked what I saw, so I joined," Miss Caprio said.

"HOPING TO better last year’s 7-2 record are returning fencers, Nancy Murray, Frieda Boehler, Margaret Davis, Susan Toker and Vickie Curliss. The women will be vying for four varsity and four junior varsity positions."

"We’re going to have a winning team this year," remarked Mrs. Desi, who, in five years, has yet to do otherwise. "You have to think positively," she smiled.

"Then I find it more interesting to teach something like this from the beginning. In something like basketball, everyone has played a little or has some knowledge of the game. This is from scratch."

On Tuesdays and Thursdays, Mrs. Desi and her assistant, Nancy Miraldi (MSC ’70) can be found in the gym instructing their squads to "lunge," "reprise," "recover," "advance" and "advance" in rapid succession. Apparently fencing has its own kind of drawing power.

"HOPING TO better last year’s 7-2 record are returning fencers, Nancy Murray, Frieda Boehler, Margaret Davis, Susan Toker and Vickie Curliss. The women will be vying for four varsity and four junior varsity positions."

"We’re going to have a winning team this year," remarked Mrs. Desi, who, in five years, has yet to do otherwise. "You have to think positively," she smiled.

"Then I find it more interesting to teach something like this from the beginning. In something like basketball, everyone has played a little or has some knowledge of the game. This is from scratch."

"IT’S A shame that fencing isn’t taught in the high schools," the brunette coach said. "But then I find it more interesting to teach something like this from the beginning. In something like basketball, everyone has played a little or has some knowledge of the game. This is from scratch."

WHAT GOES UP, MUST TOUCHDOWN

Junior fullback Al Thompson hurtles over the goal line for an early touchdown, one of many for MSC. The Indians swamped Trenton State 41-13.

Trenton Homecoming Ruined by MSC, 41-13

TRENTON — Homecoming is a day of excitement, a beautiful queen, floats, and a football game — sometimes! It was Trenton State’s day last Saturday, but disaster befell the campus in the shape of a Montclair State manslaughter of the Trenton’s football team, 41-13.

It all started out innocently enough. The setting was perfect with warm, clear skies, and a cheering hometown crowd. Trenton first had the ball, but was forced to punt quickly. The first signs of the infamous deed unfolded at this point. The culprits took shape in running backs Glen Morschauser and Al Thompson, who mercilessly gouged holes in the Lion defense until the scoreboard read Montclair 6, Trenton 0. Bob Brewster knifed the goal post to end fhe first assault.

BUT LET’S not place all the blame upon these two thorns in the side of the Lion defense. A ONE DAY ONLY

new face appeared on the scene in the guise of Franklin Walker. He made his presence known quickly as he stabbed thru a defensive lineman to bury yet another 6-point thorn deeper into the Lions.

The ritual lasted a never-ending 60 minutes. Assault after assault, touchdown after touchdown, until the scoreboard read Montclair 41, Trenton 13.

MSC MADE full use of the locker room pep talk by Coach Len Lucenko at the halftime recess. The Indians scored soon after intermission, when skipper George Chapla headed home a ball that came off the crossbar on a shot by Telmo Pires.

TOMORROW NIGHT the Indians will face a tough opponent in Jersey City State on Sprague field at 8 p.m.

Boothe Top Trenton, 3-2

By Kelvin Taitt
Sports Writer

TRENTON — Montclair State booters, who too often fail against Trenton State College when asked for the effort, bumped in a rebound by left winger Bill Kazdoba. This session literally belonged to the Indians who pressed on relentlessly but failed to find the target. The second quarter showed no pattern of change and the halftime whistle found the score knotted, 1-1.

MSC MADE full use of the locker room pep talk by Coach Len Lucenko at the halftime recess. The Indians scored soon after intermission, when skipper George Chapla headed home a ball that came off the crossbar on a shot by Telmo Pires.

It was in this session that the Indians displayed their ball magic which put the large crowd into sporadic states of hush. But Trenton capitalized on a 30 yard free kick which Armente uncorked past a badly-positioned keeper, Chuck Doran, almost at the end of the quarter.

This goal pulled the homesters out of their shambles, but the Indians rallied on to get

The winner. It came early in the fourth quarter on a Charles-Kazdoba combination in which the latter made good use of the left side looper to head home.
