Resources

- Accessibility and Usability at Penn State: <http://accessibility.psu.edu/>
- CAST is a nonprofit research and development organization that works to expand learning opportunities for all individuals, especially those with disabilities, through Universal Design for Learning: <http://www.cast.org/>
 - UDL Guidelines Checklist: <http://udlonline.cast.org/guidelines>
- Disabilities, Opportunities, Internetworking, and Technology (DO-IT) Center promotes the success of individuals with disabilities in postsecondary education and careers, using technology as an empowering tool: <http://www.washington.edu/doi/>
- The Faculty Room is a space for faculty and administrators at postsecondary institutions to learn about how to create classroom environments and academic activities that maximize the learning of all students, including those with disabilities: <http://www.washington.edu/doi/Faculty/>
- GRADE project at Georgia Tech with tutorials on how to make e-learning accessible for individuals with disabilities: <http://www.accesslearning.net/>
- Web Accessibility in Mind (WebAIM) has a great resources tab with many how-to's, accessibility checklists, and Web Accessibility Evaluation Tool (WAVE): <http://webaim.org/>
- World Wide Web Consortium (W3C) Web Accessibility Initiative. Available online: www.w3.org
