Career Day Slated

Representatives from over 40 industries and businesses will be at MSC Saturday for the first all-campus Career Day.

The program, cosponsored by the alumni association and the career planning and placement office, will feature panel discussions on the job market outlook and seminars on specific employment problems. Nearly 40 exhibits representing businesses and industries, the armed forces and various agencies will be displayed in the Student Center ballroom throughout the day. Company spokesmen will be available to answer questions and arrange interviews.

Students who attend the conference will receive packets containing useful job-hunting information on writing resumes, using employment agencies and qualities to look for in an employer.

According to Diane Carlson, executive director of the alumni association, the day will be packed with recent graduates as well as undergraduates.

She described the day as a "response to becoming a liberal arts college." The program will focus on the use to which a liberal arts degree can be applied. Carlson explained that "a liberal arts education can get one into just about any job line he chooses."

A keynote address at 10 am will kick off the program. Dean Keeler, managing editor of the "College Placement Annual," will discuss "Hiring College Graduates; Supply and Demand."

Immediately afterward, panel discussions on the job market will be led by spokesmen from the Peace Corps/ VISTA and the fields of data processing/programming, finance, marketing, merchandising, sales, and social work.

The pros and cons of graduate school will be the topic of Dr. M. Herbert Freeman, MSC graduate studies director, at 2:30. At the same time, Claire Kruches, Douglas College assistant director of career counseling, will discuss women in the job market.

The discussions and seminars will be held in the Student Center fourth floor meeting room. Registration will be held at the Career Information desk throughout the day.

Participating companies include: Rambamers, Bell Telephone, Burrroughs Welcome, Chubb and Son, the Food and Drug Administration, Electronic Data Systems, Executive Search, Hohne and Co., Hoffmann Luthbre, IBM, Mcentney Bank, Mutual Benefit Life, Marriot Hotels, Newark Police Academy, the State Police, and Schering-Plough.

Little Falls Moves to Block liquor license

By Bill Gibson and Patricia Morenci

The Little Falls township committee voted unanimously at its Dec. 3 meeting to dismiss a long-standing liquor license dispute on a group-action basis.

A referendum is being advanced by the Action Group of the Task Force Against Flacism. The referendum is of the college newspaper, the MONTCLAIRION, later that afternoon (Dec. 3), explained Capalbo. He emphasized that the survey was to be conducted to find out what students felt about the situation. Ms.

The survey was conducted on a non-probability basis and the sampling methods were by convenience and not purely random. Students polled in the Student Center, College Hall and other buildings on campus last week in what Galley termed an "on-the-street-type of interview."

"If we will not just work our way out and away from theOCR. 0.0% that opted for the task force will continue to boycott Gulf and we will continue to encourage students to join the boycott through educating them to the actions of both Gulf and the Portoiga in Angi."

Bruce Conforfh said, as it is in conjunction with the outcome of the vote."

THE EFFORTS of the task force will then be directed at education. He mentioned, "the task force will continue to boycott Gulf and we will continue to encourage students to join the boycott through educating them to the actions of both Gulf and the Portoiga in Angi."

Since the board had never before proposed a referendum they had to decide on a validation figure, Carver pointed. He opened, "we eventually settled on 5% or 1000 students which is greater. Carver added that the referendum, to be valid, must poll at least 1000 students from the "college community including day and night class."

Carver stated that the polling places, which will be manned by students hired by the board, will be in the Center and in College Hall. Conforfh stated that any students interested in working on the polls should contact the policy board office on the fourth floor of the Student Center. They will be paid $2.10 per hour.

College Calendar Uncertain.

The seeking or worsening of the fuel shortage will determine both the fate of this semester's Winter Session and the starting date of the spring semester.

MSC officials have petitioned Hess Oil to supply the college with 1.8 million gallons of fuel oil, 10% less than the amount consumed last year. There are those who feel that the new figures is that students hired by the board, will be in the Center and in College Hall. During the first session of the four sessions which make up the conference, Tete H. Tetens, assistant professor of education, and his wife, led the discussion which dealt with appreciation of one's own strong and weak points in personality.

The second session featured Gene Hertzer, who works with industry to develop techniques of communications. The discussion centered upon the question, "What kind of a communicating person am I?"

A DISCUSSION on the human sexuality, led by Davis was the subject of the third session. Dr. Virginia Maftian, gynecologist and guest speaker, answered questions on the physical, physiological and emotional components of a successful relationship. If asked about pre-marital sexual intercourse, Davis would answer with a Christian approach, "intercourse is an ultimate standard of commitment until death." Maftian explained that she sees a purpose in "living together (before marriage) without having sexual intercourse."

The fourth session involved married couples sharing their lives and problems with the engaged couples and a summary of the conference. Davis, in blue jeans and a work shirt, helped lead the discussion along with Tetens, who sports a beard and often assumed a philosophical pose. This last session dealt with the negative aspects of a relationship such as bad habits and the problems the couples have encountered in their sexual involvements.

The couples opened up slightly but showed a definite shyness in speaking about themselves and their partners during this particular session, according to Davis.

Davis officiates at approximately 50% of the marriages of the couples who take part in the conference. He gill officiate at mixed racial and religious marriages, but asks that at least one partner be Catholic.

Campaign Planned Strike Information

SGA leaders have kicked off their statewide campaign against a faculty strike with a large-scale letter-writing campaign aimed at students’ parents and state legislators.

In addition, the MSC SGA will hold an “information” rally on the faculty strike vote from 10-12 pm and noon-2 pm today in the Student Center ballroom. Strike information rallies are also planned at Keen State College on Friday.

Seven thousand mimeographed form letters are ready for mailing to the parents of all MSC undergraduates, according to Angelo Genova, SGA president. The letters, which were prepared by SGA legislators and interested students, lack mailing labels but should be posted by Monday, Genova said.

GENOVA REPORTED that the New Jersey Student Association (USA) was sympathetic to many of the American Federation of Teachers’ demands. “We do support the faculty in their fight against the suppressive policies employed by the Department of Higher Education,” he said. However, “such a job action would only disrupt and cause significant harm to students,” Genova commented.

The NJSA is maintaining a “hard third party” position in negotiations between the state and the AFT. “We will meet with both parties to move to aver a strike and influence their negotiations,” the SGA president stated. He emphasized that “students have a real stake in this dilemma.”

Today’s rally is designed to provide the general student body with “vital information on what we can do” in the event of a faculty walkout, according to the SGA. The energy crisis and its possible relation to a walkout and overall effects on college operations will also be discussed by MSC SGA leaders.

Today’s Army wants to join you.

Can Little Falls, MSC Work It Out?

By Bill Gibson and Patricia Mercenelli

Committee member Edward Shraiz pointed out that the "failure of the college to notify the township prior to its action is indicative of the inconsiderate and uncooperative attitude of the college in its dealings with Little Falls.

Committee member Ed Shraiz explained that both he and the townships committee had no prior knowledge of the colleges decision but had inadvertently learned of the action through the Montclairion four days after a legal advertisement was to have been placed in the Montclair Times.

Capalbo strongly questioned the legality of placing the advertisement announcing the intention of the college to obtain such a license without the township's knowledge. He added that without such regular meetings it is impossible for the committee to remain on top of the situation.

"This lack of knowledge can be helpful to the college since it confuses the committee when such matters are brought up. It could be an attempt on the part of the college to sneak things through," noted Sheber. He quickly added "I sincerely hope that our relationship with the college has not deteriorated to such a degree that this is true."

LACK

"There is a definitive lack of communications among the various parties involved," said Sheber. With a slight smile he mentioned "we are in a worse position than students-at least they get the 'propaganda' from the college."

Although the college has expressed a public willingness to work closely with the township in resolving the various problems that arise between the two parties, in actuality there has been no attempt to meet and work with township officials.

ADMIT

"I am perfectly willing to meet with the township committee to discuss our mutual concerns," explained MSC President David W.D Dickson. "However, I would not be compelled to inform them of our intentions to approach the ABC for a license," he continued.

Dickson did admit that as of this day he has met only with the mayor and the unofficial Citizen's Advisory Committee. These meetings occurred earlier in the year, before the current controversy.

Sheber pointed out that the Citizens Advisory Committee is an unofficial organization and that he wasn't "even sure of who is on this committee," Capalbo explained that he is the only member of the township committee currently attending the advisory committee meetings.

It would appear that neither the college nor the community is willing to continue or expand the present lines of communication. And caught in the middle is the powerless student.

Denials Help Racism Grow

By the Task Force Against Racism

The relegation of racism to a minor position among social ills plaguing this campus and the nation should not be tolerated by any rational human being. It is the height of absurdity to believe that racism doesn't exist, or if it does exist, it is so minimal that there is no use in attacking it.

A quick glance at America reveals that minority groups are totally denied participation in relevant social, political and economic decisions. Who inhabits our inner city ghettos? Who suffers the highest rate of unemployment? Who gets deprived of a higher education? Who do we incarcerate in our prisons?

Racism is pervasive. It should be attacked and eliminated in order to create a social environment that will allow equal accessibility to everyone.

Individuals who preach racial hatred on the basis of sociological theories such as those put forth by Shockley, Herrnstein, Jensen and Eysenck should be exposed as vicious deceptions.

These pseudo-scholars do not have the right to polarize the nation with their lies. It is of great importance for all students and faculty to unite against the fallacy that some people are born with genes that prescribe living in ghettos, being poor and being inferior.

The attack on the Task Force Against Racism is a Marxist-oriented organization which advocates the overthrow of capitalism by playing on people's fears. These attacks can only divide all concerned people. Our purpose has been to bring students and faculty together to collectively work against racism.

The college community is aware that we deserve the respect we have acquired because we do not play on people's fears by propagating lies.

In view of the fact that Mr. Gary Holtsma has attacked the Task Force Against Racism, we are inviting him to defend the allegations he made in his Nov. 29 column in the MONTCLARION. We would appreciate the participation of Mr. Holtsma and other interested people on Dec. 13, 1973 at a Teach-In on Shockley.

Students Take Hard A/F Line

After a lot of strenuous time, effort and thought the New Jersey Student Association has come to a finalized agreement as to its position on the state American Federation of Teachers negotiations. We cannot support a faculty walk-out. We believe that such a walk-out would only disrupt and cause significant harm to students.

We do support the faculty in their fight against the suppressive policies employed by the Department of Higher Education. We will express this support by applying pressure on Governor-elect Brendan T. Byrne, the state legislature and the Department of Education for us and it is their responsibility to come to terms with the faculty.

In turn, the faculty must realize that students have a real stake in this dilemma. The faculty cannot continue to lay claim to their self-proclaimed role as sole determiners of college governance. We will fight to maintain our role in college governance. We will pressure both parties not to negotiate governance structures until tri-party negotiations are a reality.

We do all paid for our education and expect to receive it. The state has the obligation to provide this education for us and it is their responsibility to come to terms with the faculty.

In the history of American education there have been few instances when faculty and students at universities have gone out on strike with any kind of solidarity. Phi Mu Alpha Sinfonia, the men's professional music fraternity, will present its twelfth annual musical production, entitled "Does Anyone Really Know What Time It Is?" on Dec. 6. The show is directed by sophomores Paul Nast and Harry Schenawolf and will feature the Men of Sinfonia and the women of Sigma Alpha Iota, the women's professional music fraternity.

The show will feature a variety of acts, encompassing the last 80 years of American musical history. Beginning with a rousing rendition of Maple Leaf Rag, written by Scott Joplin and performed by the Sinfonia Rag Ensemble, the show progresses through the years prior to World War I with the advent of community singing, as remembered in a performance of selections from the show "George M." The development of jazz is shown in performances by the Sinfonia Band and the DB Bebop Band. Finally, present day jazz-rock styles have produced the final act, a hard and funky portion of the show dedicated to the music of the group, Chicago. "Does Anyone Really Know What Time It Is?" will be held this Thursday December 6th at 8 p.m. in Memorial Auditorium. Students are admitted for 75 cents.—MacKay

Fairbanks Runs Marathon Circuit

By Rich Keller

Marathon races commemorate the legendary feat of Pheidippides, who supposedly traveled from Marathon to Athens in 450 BC to announce the Greek victory over the Persians. Montclair State could have a direct descendent in junior Jim Fairbanks, who ran in five long-distance marathons since last year.

FAIRBANKS, WHO runs cross-country in the fall and track in the spring, said, "I usually practice from one to two months in preparation for a marathon, but I will train as much as two and three months for a biggie, like Boston."

When asked how he mentally prepared for a race, Fairbanks said, "You have to know you can go the distance...you have to convince yourself that you can last the 26 miles."

It is usually said to be beneficial to the runner if he tries to think of things other than the race. "I think about how fast I'm going; if I'm going too fast to last 26 miles," said Fairbanks, who participated in his fifth 26-miler, this year's Philadelphia Marathon, over the Thanksgiving recess.

A former student of Governor Livingston Regional High School, Fairbanks ran in his first marathon, the New York City Marathon, in October 1972. Placing 99th out of about 300 entries qualified him to run in the best-known of all marathons, the Boston Marathon.

IN THE Beantown affair, which is held every April, Fairbanks finished 412th out of about 1600 runners. If a runner finishes the Boston Marathon in under three and one half hours, as Fairbanks did, then he doesn't have to qualify again, as long as he participates every year.

IN THE 1000-yard run, Joe Konarkowski, a senior and this year's cross country captain, turned in a second place performance with a time of 2:14.5. Jonathan Frankel, alias Little Squad, was not too far behind with a second place of 2:16 effort.

Bill Terrell jetted to a strong third place finish in the 800-yard run with a 1:12 clocking.

Following the meet, the team rapidly headed for the exits to breathe some good old New York City air, only to return on Sat., Dec. 15, for the next meet at the 168th Street Armory.

Freshmen Spark Thinclads

By Len Guida

Last Friday marked the end of November and the inauspicious opening of the indoor track season at the 168th Street Armory in New York City.

Many trackmen consider indoor season a testing ground or a preparation period for outdoor track. Some even treat it like winter session - you can take it or leave it.

ONE REALIZES the validity of this attitude when observing the crude running conditions of the ancient Armory.

The inside of the building can be likened to a medieval dungeon. The ventilation isn't fit for humans and the floor is so dirty that one wonders if a dump truck from the quarry had paid the Armory an unexpected visit.

The track at the Armory is a flat board surface which puts great demands on a runner's body. Most runners leave the building with sore bodies and sore throats.

IN THE 1000-yard run, Joe Konarkowski, a senior and this year's cross country captain, turned in a second place performance with a time of 2:14.5. Jonathan Frankel, alias Little Squad, was not too far behind with a second place of 2:16 effort.

“GET OFF MY BACK” is what East Stroudsburg wrestler Bill Cuff (bottom) must be thinking as he takes on MSC's Eddie Alber in a 118-pound bout. Alber decisioned Cuff 3-1 to start the Indians toward a 29-15 win in their opener last Wednesday.

ON TOP OF THE SITUATION: Montclair State's Nabil Guketlov (top) picks up some riding time on Brian Lichty during the second bout of MSC's 29-25 win. Guketlov went on to pin his opponent at 2:57 of the second period.

Wrestlers Wreck Princeton, Temple

By John Delery

The MSC wrestling team proved to be very unhospitable guests as they traveled to Princeton's Jadwin Gym Saturday and returned not only with a victory over host team Princeton (27-6) but also triumphs over Temple University (22-12) and Gettysburg College (39-3) in a quadrangular meet.

Led by 158-pound freshman Bob Woods' one decision and two pins the Indians were never really threatened all day. Woods, who was beaten in his first match against East Stroudsburg on Wednesday, came roaring back and scored an 8-4 decision over Princeton captain and premier East Coast wrestler Paul Martinelli. He then pinned back to back last second defeats on Temple's Brian Miller and Gettysburg's Mike Madden.

Nabil Guketlov (126) and Craig Spencer (134) helped pave the way with four decisions and two pins evenly distributed between them. Eddie Alber (118) followed with three winning decisions.

As coach Larry Schiacchetano put it, “We are still not completely healthy and wrestlers like Bob Woods and Oscar Zavala are wrestling out of position because of it. When John Reid arrives in January we should be able to make a few shifts and we could be unbeatable.”

He also said that “the first three wrestlers (Alber, Guketlov and Spencer) are carrying the team so far and if it wasn’t for the great depth on this team things might be a little bit different right now.”

THIS WEEKEND the Indians embark on their toughest trek of the early season as they take on the cadets of West Point and teams from Indiana, Buffalo State, Bloomsburg and William and Mary at West Point, New York.

Auerbacher's Bucket Stuns Pioneers

By John Zawoyski
Sophomore Jeff Auerbacher banked a shot with two seconds remaining to give Montclair State a 56-56 victory over William Paterson Tuesday night.

Both teams evened their records at 1-1 before a capacity crowd at Panzer Gym. By John Zawoyski

With eight minutes to go in the game, the Indians, using a tight defense, managed a nine-point outburst answered by only four WPC points. "There's a team down in Bayonne that would ruin these guys," offered Ollie Gelston. "We have three members of the starting lineup who never played wheelchair basketball before," the Devil coach said.

Despite being spotted 40 points at the start of Saturday's wheelchair basketball benefit against the Jersey Blue Devils. While the home team was busily getting their arms worn out—Devil Mike Lioni was putting on a display that would make the varsity Indians blush. Among Lioni’s unbelievable maneuvers were behind the back passes, spinning the ball around from corner to corner with the crowd yelling and the coaches tense, Jimenez let a shot off, hitting the glass. The rebound was taken by Auerbacher who won the glass. The rebound was taken by Auerbacher who won the glass. The team rushed toward Auerbacher as the WPC fans went wild and the Indians went into a half court press. MSC committed a majority of its 20 turnovers in the second half and were outscored 23-6 to give WPC a 46-43 lead. "WE HAVE to work on our zone press," Gelston stated. "We lost our opening game to American International College (Mass.), 67-69. The next two games will be away at Newark College of Engineering and at Kean College Monday, both at 8:15 pm."

"Mr. What sounds like an adventure in the MSC parking lot is actually a typical scene at last Saturday's wheelchair basketball game between the New Jersey Blue Devils and representatives of the Student Intramural and Leisure Council (SILC) and student organizations.

The Devils won the game 53-46, but it wasn’t even that close because the hosts were spotted 40 points. You don’t need a Bomar Brain to figure that MSC rippled the cords only three times.

It’s amazing that the SILC team managed to produce even that meager number of baskets. They had a hard enough time getting their chairs to roll smoothly. Some MSCers were rolling on to the court with their brakes still on.

THE SPORT demands a control of the wheelchair, arm stamina and an ability to shoot from the sitting position, all of which were noticeably absent from SILC’s play.

Jersey Devils Raise Hell On Wheels

McKinley Boston was having trouble moving his vehicle. Stu Richter came running in but couldn't budge it either.
