Specialization is a problem in liberal arts colleges

By Warren Thomas

Liberal arts colleges have failed to satisfy the needs of faculty and students according to Dr. Donald N. Levine, Dean of the College, University of Chicago, and the keynote speaker at the second annual Presidential Fall Symposium held Thurs., Oct. 24.

A major reason Levine cited for this failure has been the growing tendency toward premature specialization in which students concentrate much earlier on studies relating to their major, depriving them of a broad-based education.

Levine admitted that premature specialization is understandable given the pressures of society, where students are induced to develop marketable skills much earlier in order to succeed in a more competitive job market.

Levine also criticized the specialized curriculum of many college liberal arts departments for being too rigid. "I haven't the slightest doubt that it is impossible to mount a truly fine liberal arts program within the confines of a rigid university system. They're just inadequate to provide a quality liberal arts education," he said. "So I proposed Levine's philosophy to colleges adopt an interdisciplinary approach to education saying, "The boundaries of departments exist to be crossed. By using interdisciplinary methods can colleges provide a fine quality liberal arts program."

Levine also admitted dissatisfaction with the philosophy of many American colleges which concentrate solely on professional skills, ignoring moral development.

Levine pointed out that this philosophy was first proposed by Cardinal John Henry Newman and was adopted overwhelmingly by American colleges since the beginning of this century.

Levine condemned this philosophy of teaching as being ineffective in helping students become competent and independent learners. "One thing I'm clear about is that the lecture method has to go," he said. "It's just that you feel so enriched by my lecture. You and I know that we talk at the Presidium, the SGA is trying to formulate some possible solutions. Some of these solutions included: the faculty get involved in special activities to benefit their departments; a required faculty rotation among courses; more faculty-student activity on both social and academic levels; and that students find the courage and responsibility to seek individual attention from teachers.

Scholarships available:

N.J. Bell Telephone Scholarship

Eligible juniors and seniors may apply for a N.J. Bell Telephone Scholarship. There will be two 1875 scholarships awarded in late November or early December of this year. Applications are available in the financial aid office, student activities office, EOC office, and school dean's offices. Completed applications are due in the financial aid office by Nov. 22.

Bergen County Retire Educators Association Scholarship

Eligible sophomores and juniors may apply for a Bergen County Retired Educators Association Scholarship. There will be two $500 scholarships awarded in late November or early December of this year. Applications are available in the financial aid office, student activities office, EOC office, and school dean's offices. Completed applications are due in the financial aid office by Nov. 22.

Lenders bagel bakery scholarship grant

In 1982, a photograph entitled, "Bagel Ear Muffs," by MSC photography major Maggie McDermott, won grand prize in Lenders Bagel's National Contest. As part of the award, Lenders donated a $250 scholarship to MSC.

The MSC Art Department is now offering this scholarship grant to an undergraduate photography student to fund ongoing work or initiate new projects.

Interested students should submit a portfolio of 12 mounted photographs to Klaus Schnitzer by Dec. 4. Describe in a one-page essay how you would use the funds, detailing the project you would like to pursue, either related to current work or exploring new areas and processes.

The work will be judged by a jury of three people: faculty member, Nancy Goldberg; freelance photographer Eric Landsberg; and alumni, Maggie McDermott. Any questions please see Klaus Schnitzer. The winner will be notified by Dec. 11.

Residence Hall Application for Commuter Students:

It is too early to project whether we will have vacancies for the Spring Semester. In the event that we do, we would like to draw students from our waiting list. If you are interested in placing your name on our Spring Semester waiting list, kindly pick up an application at Bohn Hall Residence Life Office. A $60.00 deposit payable to Housing Services is required with the application.

Alcohol Awareness week focuses on the hazards of alcohol abuse

By Tom Boud

Informing MSC students of the hazards of alcohol abuse was the main goal of last week's fourth annual Alcohol Awareness Week.

This program, sponsored by James Harris, assistant dean of students, also encouraged a more responsible attitude concerning the consumption of alcohol.

"The purpose of this program is to make our students and the public more aware of what alcohol really is," Harris said. "Many people drink without truly realizing what could happen as a result from overindulgence. For example, many students don't know that alcohol is related to 90 percent of the fights and brawls which occur on campus.

Harris said that many of the problems with alcohol occur at unsupervised campus parties. "The tailgate parties should be more cautiously conducted," he said. "These parties are definitely open to virtually anyone who wants to party, making it extremely difficult to enforce the drinking age of 21.

Also, there are not enough police officers and security personnel to keep an eye on every single party which further underlines the need for more student responsibility.

According to Harris, the Clove Road Apartments also carry a source of alcohol related problems. "The Clove Road Apartments have been very problematic this year because outsiders, other college students and local high school students, hang out there in disorderly groups looking for trouble," he said. "This doesn't create a favorable image for the college.

Dr. Edward Martin, associate dean of student affairs, supported Harris' program, also including alcohol awareness saying, "Our students must exercise discretion when inviting people to their parties. A great deal of trouble is caused by visitors who come to get drunk and harm others.

Martin advised all students to know exactly who attends their parties and to beware of any uninvited strangers. "Being aware of this problem is very important," he said. "Because many students trust any stranger regardless of how dangerous he might be."

Martin also stated that MSC can be held responsible for the alcohol related death of any student who is served alcoholic beverages on campus.

"If an intoxicated person, who is served on campus, happened to get into a fatal accident anywhere off campus, the college could be held legally responsible for that person's death," Martin said. "This is all the more reason why alcohol awareness is essential for everyone."

However, Martin added that he has confidence in MSC students regarding responsible drinking behavior.

"The free conduct of the student body during the previous homecoming celebrations demonstrates that they definitely have the ability to behave in a prudent and responsible manner," Martin said.

News Notes

Delta Kappa Psi celebrates 10th anniversary

The ten year anniversary of Delta Kappa Psi, the professional fraternity in business and economics, was celebrated on Oct. 26 at the Mona Lisa restaurant in Totowa.

An induction ceremony was held, followed by guest speakers former Dean of the School of Business Dr. Kelly, and Dr. Arnold Schanupp, ten years ago advisor.

Many past and present members were honored, including Dr. Schanupp and Bob Longo, the first president who is now alumni director for the fraternity. Four alumni members were presented with the distinguished awards for past services.

Winter Session Overseas

Ellen Mohammed, professor of the fine arts department, is sponsoring her tenth winter session trip overseas.

This year the group will visit China, Hong Kong, Seoul and Mongolia. Participants earn three graduate or undergraduate credits. The trip, which runs from Dec. 29 to Jan. 17, costs $2,340 and includes round trip airfare, hotel accommodations, and three meals in China.

The deadline for applying is Dec. 1 and there is limited seating for non-MSC students. For more information, contact Mohammed at 893-7283, (212) 921-2334, (718) 778-9417, or in Room 217 of the Caflcia building.

Health Professions bill approved

By Oren Zeve

The SGA legislature approved a bill appropriating $994.30 to the Health Professions Association, a class two organization, for its annual health fair at last night's meeting.

The decision came after a debate over a clause in last year's bill for the health fair requiring that the group pay for 50 percent of the cost, beginning in 1985.

Members of Health Professions were unaware of the requirement and believed that they were unfairly being singled out, especially since the fair had been successful for the past ten years. Legislators in favor of the 50 percent cap on the appropriation thought the limit was reasonable due to the SGA's usual guidelines, regardless of last year's requirement.

The legislature decided to provide full funding of this year's request with the 50 percent limit to be adhered to in the future, based upon notification to the club's executive board and faculty advisor. The fair will be held on Wed., Nov. 6.

In another appropriations bill, the order to prevent overlapping of G.E.R. courses with core curriculum courses. The faculty burnout and student blues workshop suggested that academic departments sponsor more social events to provide greater student/faculty interaction, as well as the rotation of courses among faculty members.

In his closing remarks, MSCP President Donald Walters said, "I can't tell you how up I feel after what happened today. There was an awful lot of engagement, involvement, and critical thinking going on. Despite all the negatives, there is so much good going on here."

MSC's former President Dr. David Dickson expressed his reaction to the days events saying, "I think particularly at a small school like ours, where there are so many commuters, and our faculty and students are so separate, a symposium gives us a good chance to get to know each other and to have a good discourse."

Valley Road Parking

The sign on Valley Road stating Parking by Permit Only, refers to a permit from the Clifton municipality, not an MSC parking decal.
Joe Campus for the Student Discount Card:

- Montclair Bikers, 127 Valley Rd., 744-7252, 10% off bicycles & accessories.

Spring Semester Residency Survey

- In order for us to get an idea of our possible vacancies for Spring Semester, we need to find out what you are planning for next semester. Your Resident Assistant (RA) will be approaching you soon and you will be hand delivered an application form which you should complete ONLY IF YOU ARE PLANNING TO LIVE OFF CAMPUS FOR SPRING SEMESTER.

- This form (Spring Residency Survey) should be returned to the office of Residence Life (Bohn 4th floor) no later than Monday, December 2, 1985. It is very important that this deadline be kept and failure to submit this survey will result in a $50.00 penalty.
Law school day draws sixty reps from around the nation

By Lisa Nelson

Sixty law schools were represented at Northwestern College of Chiropractic’s Admissions Day, sponsored by the Pre-Law Society of the SGA, the Center for Legal Studies, and the Student Paralegal Association of the SGA held Oct. 23 at MSC.

Representatives from these schools offered advice, answered questions, and provided literature and applications to 450 prospective law students.

In addition, there were two panel discussions: “Choosing A Law School” and “Applying to Law School: Financial Aid, the Personal Statement, and the Admissions Process,” as well as information on the Law School Admissions Test (LSAT).

In the first lecture, the panel discussed factors involved in choosing a law school. Among those to be considered were: geographic area, the physical setting of the school and surrounding community, the availability and desirability of housing, and the availability of public transportation.

Other factors included the size of the entering class, the opportunity for part-time employment, placement statistics, the prestige and quality of the institution, the institution’s ability to serve personal educational needs and goals, and the net overall cost.

Discussing the personal statement, one representative of Harvard said, “The personal statement and records are very important. The essay should be well thought out. The LSAT scores, grades, grades, grades, activities outside school, as well as inside school, and, any jobs held are important also.”

Financial aid is available through loans, grants, scholarships and Law School Assured Access Programs. In addition, the law school represented needs to take the LSAT. A registration packet is available in the Center for Legal Studies.

The Center offers a Paralegal Studies Program, which is the only four-year program in NJ that is approved by the American Bar Association, and Pre-Law Studies program. Both programs are offered as minors. The Center also provides counseling and information for students interested in law.

For the third consecutive year, this event was made possible through a grant from the Aaron and Rachel Meyer Memorial Foundation. Preparation for the event was a combined effort of students and faculty under the direction of Dr. Marilyn Frankenthal, the director of the Center for Legal Studies. Assistance was provided by Judy Rosenbush, assistant in Legal Studies and vice-president of the Paralegal Student Association.

Of the event, John Navarro, a member of the Paralegal Society, said, “It gives a person a variety of schools to look at and the representatives give good information.”

Junior Karl Reidel said, “This is my third year here. For someone like me planning to go to law school, this is a great experience. You can speak with the people who will be judging you.”

Many law school representatives said that this law day was one of the finest and best attended events of its kind in the country.

4 ways to pick up a date while entering the General Foods® International Coffees Sweepstakes.

1. Go to the Bookstore this week.

2. Sample Sugar Free Suisse Mocha...and spill a drop on your prospective date's sneakers.

3. Borrow their lucky pen to fill out the "Week In Switzerland" entry form below.

4. Pick up your free poster...and ask their advice on where to hang it!

Deposit this form in the entry box at the college bookstore. And then...keep your fingers crossed.
Students concentrating on majors are deprived of broader education

The problems of education in liberal arts colleges were discussed at MSC's 2nd Annual Presidential Fall Symposium, held Oct. 24. The keynote speaker, Dr. Donald N. Levine, touched on many important issues in his speech.

A major issue addressed was the failure of liberal arts colleges to provide a broad-based education for students. Levine felt that students enter a major too quickly and then concentrate on it to the extent that they deprive themselves of the chance to study other areas as well.

The reason Levine cited this is because of pressure on students to develop marketable skills to secure future employment. This is without doubt a sign of our times, though many might not like to think of themselves in this manner.

But this is totally understandable when job market pressures and competitiveness for positions is taken into consideration. Although we may feel that a good education should never take a back seat to the almighty dollar, the reality of our times often causes just this to occur.

We have no answers for this situation. However, the discussion of this issue, and others raised in the symposium, such as the teaching of critical thinking and the widening of student development to include moral and ethical, rather than solely intellectual growth, is a big step in the right direction.

The more students, faculty, and educational administrators gather to discuss these issues, the greater the chance becomes for gaining valuable insights.

Don’t forget to vote Nov. 5

Enjoy the “Greek life” at MSC

By Rob Acerra

"Be Unique Go Greek" was the sign proudly displayed on the front of the Greek Council float as it made its way through the streets of Upper Montclair, in the first Homecoming Parade MSC has had in nine years.

In keeping with the Greek tradition, the fraternities and sororities of the campus united to construct the Greek Council float. Working through the night on Friday, the float was complete for the parade on Saturday. After making its trip through town and passing the reviewing stand, and after the Judges tallied the votes, the Greek Council walked away with the first-place trophy.

This is only one example of the success the Greek Council encountered. Having only been granted a charter in May of the Spring semester, the Greek Council has shown why, even though it is one of the newest, it is the largest, most prominent and most active organization on campus, second only to the SGA itself.

While some of the Greeks were busy winning first-prize in the Homecoming Parade, the other 500 men and women of the seventeen fraternities and sororities that belong to the Greek Council were playing a very active role in the Homecoming Extravaganza.

On Wednesday Oct. 9, the College Life Union and Interfraternity Council just completed a very successful fundraiser. Fraternities and sororities belonging to the Greek Council are enjoying themselves as well as gathering much-needed funds for various events. The Alpha Omega Epsilon Fraternity took first place in the annual Homecoming Extravaganza.

Friday evening, Alpha Phi Omega Fraternity constructed the breathtaking bonfire that preceded the Pep Rally and Hayrides. Members of the administration and faculty staff are saying the evening was one filled with school spirit and enthusiasm, something MSC has not seen for quite sometime.

On Saturday, after the parade, Phi Alpha Psi Fraternity took first place in the annual Homecoming tailgate, sponsored by the Alumni Association. During the football game, the stands were roaring with Greeks, proudly displaying their banners and cheering the Indians on to victory.

Behind the scenes, the Greeks were in key positions on the Homecoming Committee. Patti Healey, Chairperson to the Greek Council, was in charge of the Hayrides; Joe Tasta of Phi Alpha Psi, coordinated security for the week's events; and finally Robert Acerra of Tau Kappa Epsilon, coordinated the entire "Alive in ’85" Homecoming Extravaganza.

As one can see the members of the fraternities and sororities belonging to the Greek Council are enjoying themselves as well as benefiting the entire campus with their work. If you are not among the over 500 men and women that are enjoying the "Greek Life", then take the time now to get the information you need.

Contact the SGA office in Room 103 of the Student Center Annex at 893-4202 or the Student Activities Office in Room 400 of the Student Center at 893-4411 or 893-4418 for more information on how you can "Be Unique Go Greek".

Robert Acerra is student advisor to the Greek Council.
Student angered by recurring bomb scares in dorms

To the editor:

The Oct. 24, issue of the Montclairian, there were two letters to the editor concerning the conditions in Blanton Hall. This letter is to address an issue that affects almost all 2,000 resident students.

Various reasons can be offered as to why students choose to live on campus, but for the money which is spent by parents, fellow students, or through financial aid, we receive inadequate food service and only inadequate housing. Many students have no choice but to live on campus due to the distance between their home and the college.

The issue that plagues resident students is bomb scares! There is nothing that the administration, Residence Life staff, students and/or campus police do about them; this I can understand. I would rather be out of the building when a bomb went off, than inside but it seems to be getting a bit ridiculous when one dorm after another empties out at one or two in the morning only to be followed by another scare. I dread the day when someone decides that this is just another scare and sleeps through it never to wake again because there really was a bomb.

Why do people get their "kicks" by calling in bomb scares? Do they enjoy seeing hundreds of students standing in the cold and knowing that they evacuated the building? Is this a dorm against dorm vendetta, where once one dorm gets a bomb scare and it's only fair that the others get one? The administration can only reinforce their concern and desire that these scares stop, yet they are not the ones rudely awakened at 2 a.m. to stand in the cold.

At a time when students are taking and studying for midterms, this added aggravation is uncalled for and unjust. An end to these bomb scares is what the resident students need yet we have no control over the solution.

Wendy P. Shultz
Senior/industrial studies

Gloria to blame for lack of A/C

To the editor:

I'm sorry for the discomfort that residents have been experiencing as the result of the air conditioner malfunctions in Blanton Hall. Hurricane Gloria was responsible for some power outages that knocked it out several weekends ago and may account for the current problem as well.

An end to these bomb scares is what the resident students need yet we have no control over the solution.

Raymond M. Stover
Director of Residence Life

Meal Plan Changes!

Students currently on the meal plan will be able to change their meal plan for the Spring Semester from November 4 to November 15, 1985. An application to be completed and submitted to the Residence Life Office (Bohn 4th floor) no later than November 15, 1985 will be available from the dining halls checker and the main desk of each building.
Come join us in our celebration of
"THE MAGIC OF GOOD HEALTH"

Montclair State College’s eleventh annual Health Fair will be held Wednesday, November 6 from 9:00 A.M. to 4:00 P.M. in the Student Center Ballrooms. More than forty health related organizations will be on hand to offer screenings, demonstrations, and educational material for all students, faculty, and guests. The free screenings offered include vision, hearing, blood pressure, podiatry, and chiropractic. Complete blood testing will also be available at a $9.00 fee from 9:00 A.M. to 12:00 P.M. Persons wishing to participate in the blood testing must not eat 8-12 hours prior to registration at the Fair.

There will also be a special presentation on the topic of AIDS and chlamydia at 1:00 P.M. on the fourth floor of the Student Center in room 419. Don’t miss it!

A new addition to the fair this year will be a "Wellness Check" offered by the New Jersey Hospital Association. The Wellness Check is a computer system that translates answers about "lifestyles" habits and family history into advice on staying healthy. The computerized system is personalized, confidential and easy to complete.

Further information may be obtained by calling Dr. John Redd at (201) 893-4187. Take advantage of what is being offered. Your health is worth it!
Gaining fame, the Hooters aim to please new fans

By Stacey Dunleavy

Not much has changed for the Hooters since their release of "Nervous Night." Of course, they play for larger audiences, they can afford better equipment, but nothing's changed. Or has it?

The Hooters were formed when guitarist/mandolinist Eric Bazilian, keyboardist Rob Hyman and producer Rick Chertoff (sometimes referred to as the "sixth Hooter") met while in college. Hyman, Bazilian and drummer Dave Voskinen played in various bands, finally experimenting with reggae and ska, from which was formed the first incarnation of the Hooters.

At that time, Hyman was taking care of all the management chores; he nearly broke under the pressure. They then took a break from performing. During that sabbatical, they worked in the studio with Cyndi Lauper, Hyman co-writing "Time After Time" with her. They also found a manager, a new bassist and present-day guitarist John Lilley, re-grouped and recorded their first album "Amore."

Lilley described the album as being "disorganized" and lacking musical continuity. Nonetheless, the Hooters made a mark. Unfortunately, they suffered another setback when their bassist was injured in an accident. They recruited Andy King (a former opening act) who is still present "Ner-vous Night."

The Hooters played their best, were not into only one style like in England, he joked. The band's confidence level on the road is high, but they aren't just saying it. The band's confidence level on the road is high, but they aren't just saying it. The band's confidence level on the road is high, but they aren't just saying it. The band's confidence level on the road is high, but they aren't just saying it. The band's confidence level on the road is high, but they aren't just saying it.

Their album, "Play Deep," has been out twelve weeks, and is "doing great," according to Spinks, selling 70,000 copies in the short span.

"Not bad for complete unknowns," said Lewis. Not bad, indeed, but the band does have something called talent, as well as an air of professionalism that puts them one step up on most newcomers.

For a band that's come such a long way in such a short time, with more exposure and more performances like these, the fans are all secure in their egos that if one of us gets out of hand, someone else can remind him of who we really are.

How about associating with other rock celebrities? "We really don't get star-struck anymore. At Live Aid, we were not concerned with any of them," Lilley felt that the band was lucky to be a part of Live Aid. "It was history...it made the public more aware that people are starving in Africa."

Live Aid was a giant step for a "baby band" about whom organizer Bob Geldof said "Who the ...are the Hooters?" He soon found out. Hopefully, if they keep performing as well as they did Tuesday night, more people will find out also.

The Outfield adds spirit to the Hooters concert

By Jim Nicosia and Susan Resnick

OK, everyone knows the Hooters played at MSC Tuesday night. What people who weren't there don't realize however, is that there were two quality bands on stage that night.

It isn't often that an opening band is as polished and professional as the headline act. Such was the case at Memorial Auditorium. The Outfield, an English trio accompanied on stage by boardist Rob Hyman and producer Rick Chertoff (sometimes referred to as the "sixth Hooter") met while in college. Hyman, Bazilian and drummer Dave Voskinen played in various bands, finally experimenting with reggae and ska, from which was formed the first incarnation of the Hooters.

Hyman, Bazilian and drummer Dave Voskinen played in various bands, finally experimenting with reggae and ska, from which was formed the first incarnation of the Hooters.

The Outfield showed excellent stage presence and motivation that really did "warm up" the crowd for the Hooters.

They opened the concert with "Day By Day," an up-tempo song that had the crowd on their feet immediately and everyone stayed on their feet through the show. Most people seemed to be there to hear "And We Danced" but many old fans, myself included, enjoyed the nostalgic touch of hearing songs such as "No Getting Over You," "Trouble in Paradise," "Concubine," and "Who's That Girl."

Lilley described the album as being "disorganized" and lacking musical continuity. Nonetheless, the Hooters made a mark. Unfortunately, they suffered another setback when their bassist was injured in an accident. They recruited Andy King (a former opening act) who is still present "Ner-vous Night."

"When you listen to a certain kind of music all your life, you become influenced by it," explains lead-guitarist/songwriter John Spinks. "We've listened to all kinds of music because of the band's early influences, but also because we like to surprise our fans."

"Plus we've got an American producer for our album (Rick Chertoff)," chimed in bassist/lead vocalist Tony Lewis.

"We were a basic rock-and-roll band seven or eight years ago," said Spinks, "but we were playing against the punk revolution then. We were the wrong kind of band at the wrong time."

"When we first started making records, nine bands were having hits, and we weren't one of those," said Spinks. "We didn't have a hit until "Who's That Girl," and after that we really got some exposure and more performances like the Hooters."

The Hooters played their best, were not into only one style like in England, he joked. The band's confidence level on the road is high, but they aren't just saying it. The band's confidence level on the road is high, but they aren't just saying it. The band's confidence level on the road is high, but they aren't just saying it. "We were a basic rock-and-roll band seven or eight years ago," said Spinks, "but we were playing against the punk revolution then. We were the wrong kind of band at the wrong time."

"When we first started making records, nine bands were having hits, and we weren't one of those," said Spinks. "We didn't have a hit until "Who's That Girl," and after that we really got some exposure and more performances like the Hooters."

The Hooters played their best, were not into only one style like in England, he joked. The band's confidence level on the road is high, but they aren't just saying it. Trivia Time-out

Hey, sports fans, here's a chance to test your knowledge of sports facts. Each week, the Montclarion will publish a list of sports questions and answers. In addition, there will be a sports stumper that will be answered in the following issue.

If you think you have the correct answer, drop your response off at the Montclarion, Room 113 in the Student Center Annex. The names of those who submit the correct answer will be published in the next week's issue. Deadline for submissions is Monday at 3 p.m.

1. What is the record for most consecutive hits by a major league pitcher?
2. In the NHL, how many minutes long is the penalty for fighting?
3. Who was the smallest player in major league baseball history?
4. By what name is Joseph Louis Barrow better known?
5. Name the first thoroughbred horse to win a million dollars.

Last week's stumper answer.
Carol Blazejowski and Sam Mills were the only MSC athletes to have their jerseys retired. Submitting the correct answers were: Steve Parvin, Elizabeth Dilla, Nancy Wright, Nick Pizzulli, John Foley, Tom Dunn, Glenn Mackey, Tony Dryl, Tom Jaspen and Mike Shevlen.

This week's stumper.
In 1962, Dave DeBusschere played for the Detroit Pistons and what American League baseball team?
MSC downs CCS, 26-6, avenges last year’s loss

By Perry Schwarz

MSC was out for revenge against Central Connecticut State Saturday night and they got it, dumping CCS, 26-6.

Last year the Indians gained 400 yards in total offense but fell to CCS by a score of 13-7. This year they worked for every point, driving an average of 63 yards for each score.

“We proved that we can play football against them,” said tight end Ed Chavis. Chavis opened the scoring with 6:41 remaining in the first quarter, catching a 31-yard touchdown pass from Walter Briggs. Tony Colasurdo’s point after made the score 7-0.

In addition to his reception, Fleming ran for 88 yards. MSC did give up one score. CCS’s Matt Skoronski came up with an 87-yard catch with 3:21 left in the game. Briggs threw the ball one more time to end MSC’s scoring at 26. He spotted Tony Fleming from 22 yards out. The touchdown pass capped a 62-yard drive.

According to Giancola, the point of attack geared toward reestablishing the team’s intensity and maintaining it.

The Indians play conference rivals for the rest of the season. “All three games are important,” Gaines said. “We will come prepared to play, because it would make our opponents’ season if they could beat us.”

MSC will be at Trenton State away Saturday. Kickoff time is 7:30 p.m.

Indian Info: In the latest Lambert-Meadowlands Award poll, presented to the top teams in the Northeast, MSC was ranked eighth in Division III. Carnegie-Mellon is in first place, and rival Wagner is in fifth.

MSC tailback Tony Fleming

Fleming’s another weapon for the Indians’ arsenal

By Anna Schiavo

MSC can no longer be considered a one-dimensional offense thanks to the performance of tailback Tony Fleming.

Fleming has rushed for 646 yards on 139 carries and three touchdowns this season, giving the Indian a potent running attack.

“He’s probably made the difference in our offense. Opposing teams can’t ignore our running game and just play for the pass,” said Head Coach Rick Giancola.

Last season an injury put Fleming out of action. “I was insecure about how things were going to go this year because I didn’t finish last season,” he said. “I wasn’t sure about how the guys on the team were going to feel towards me because I didn’t finish last season. But they’ve all been really supportive and that made things a lot easier for me.”

“Tony has had a very positive effect on our football team this year. In camp there was a three-way battle for the tailback spot with Tony, Leroy Horn and James Overtby,” said Giancola. All three are quality running backs and I think the competition brought out the best in each of them. Fleming emerged from preseason camp as the number one tailback from that point and he’s done everything necessary to remain the number one tailback,” said Giancola.

Last season Fleming was a wide receiver but he feels more comfortable at running back. “I’ve always played that position in high school and I can help the team more at running back than I could at wide receiver. I’m a better runner than receiver and I guess I feel more involved when I run the ball,” commented Fleming.

Men and women harriers run past WPC Pioneers

By Tom Branna

The William Paterson men’s and women’s cross-country teams proved to be no match for MSC last Wednesday, as the men defeated WPC 19-39 and the women scored a 15-41 shutout over the Pioneers. Both meets were held at Garret Mountain in Paterson.

Frank Cuzzo led the Indians, running the 10 kilometer course in 28:21. WPC avoided a shutout with 5-1.

The women’s victory was even more impressive. The Indians took the first five places to register the sweep.

The William Paterson cross-country teams are back in action Saturday at the ECAC Championships, TBA.
