Suspect linked with series of sexual assaults

By Tom Boud

One man is believed to be responsible for one rape and three attempted sexual assaults committed at MSC during the past ten months, according to Campus Police Detective Debra Newcombe.

Newcombe said this conclusion is based on matching descriptions of the suspect in the four cases.

In the first incident, which occurred March 28, 1985, a female student was attacked in the Quarry by a black male armed with a revolver while she was walking to the Clove Road Apartment.

The suspect then tried to undress her, but she managed to escape by diverting the assailant's attention. A suspect was tentatively identified.

The next three incidents occurred on Dec. 10, 1985, within a one hour period. At 5:05 p.m., an anonymous female caller reported that a black male posed himself to her somewhere between the tennis courts and Lot 30. Campus police immediately went to the area and did not find the caller or the suspect.

Seven minutes later, another anonymous female caller told campus police that a black male tried to drag her behind a tree while she walked through the Quarry. Again, the police responded within two minutes, but no one was found.

"Keep in mind that in these two incidents, only a vague location was given and absolutely no information about these callers was mentioned," Newcombe said. "However, they did give us some useful points about the perpetrator.

At 7 p.m. on the same night, the campus police received a call from the Bloomfield Police that a black male student was found after being abducted at knifepoint in the Quarry and taken to Bloomfield by van. The suspect was beaten and raped before being released near the Glen Ridge Country Club.

A composite sketch of the suspect was drawn and was found to be similar to the descriptions of the male in the three previous cases.

Campus police describe the suspect as a black man of solid build, between 35 and 40 years of age with curly, greying hair, a mustache, drooping grey beard and dark acne marks under the eyes. The suspect drives a greenish-grey van with a sliding door and windows all around. There are rust marks along the sides of the van.

Newcombe said that the anonymous callers can provide essential clues in solving these crimes. "We really need those two anonymous callers to come forward," she said. "They can provide us with vital information which could lead to the perpetrator's apprehension.

"We are also looking for any other witnesses who may have heard or seen something suspicious," Newcombe said. She emphasized that this man still poses a threat to the campus community. "This particular criminal has still been sighted on campus during the night subsequent to the last attack. It's probable that he'll return because most sex offenders don't stop after a few attacks," she said.

Newcombe pointed out that anywhere between 50 to 80 percent of all rapes and sexual assaults are never reported. "With this in consideration, it's certain there are rape victims who have yet to come forward; victims who could very well prevent other people like themselves from becoming victims," she said.

Anyone with information on the whereabouts of this suspect is urged to call the campus police at 893-5222. All calls will be kept confidential.

President Walters optimistic about growth of college

However, Walters communicated his trust of the Challenge Grant program. "It remains unclear whether the next series of grants will be awarded based on the proposals we submitted last year. In any case, I am confident that MSC is ready to accept and meet the demands of this proposal," he said.

Walters reported the status of the institutional autonomy bills. "One autonomy bill was ratified which created the New Jersey Governing Boards Association, but the other two, which give MSC and all other state colleges autonomy failed to receive passage."

Walters said that these two bills have been reintroduced in the state legislature with the support of Governor Thomas Kean.

"The creation of the new college honors program is one such example of commitment to excellence," he said. "It is intended to stimulate a sense of community and support for the intellectual interest of MSC."

Walters continued, "As for our distinguished scholars program, I am pleased to report that 16 academically superior high school students are enrolled at MSC for 1985-86 and that $500 has been provided to each of these students as a financial merit award."

According to Walters, this money is in addition to the $1,000 a year scholarship provided by the state, not to mention the $60,000 merit award funds which will serve to double the amount of distinguished scholars for the Fall of 1986.

In terms of international studies, Walters stressed his intention to expand the college's horizons. "Not only have we created an office of international studies, but we have also established a standing committee of faculty to undertake a variety of international initiatives."

"This also embraces plans for closer relations with the International Student Organization (ISO) and special residential units in the Clove Rd. Apartment for foreign students," Walters said.

Referring to faculty grants, Walters said that the MSC faculty has been marked by accomplishment. "We received nearly 1.5 million dollars in external grants through the capabilities of our talented faculty and staff. Now we have submitted requests for over $3 million in funding in the last calendar year," he said.

Walters talked about the focal points of the college budget. "We have been able to obtain $200,000 more for our library, $268,000 to strengthen our liberal arts program, $41,000 to fund our humanities institute, $100,000 for the teaching skills project, and $42,000 for international studies."

"And for our marketing policies, two representatives from Barton-Gillet, a nationally acclaimed marketing firm, will come to MSC during the first week of March to help our planned marketing program."

We continue to make exciting progress on many fronts. Sure there are challenges and problems, but our faculty continues to achieve at the highest level and we continue to experience measurable qualitative growth," Walters said.
COME JOIN US MONDAY

The *Montclarion* wants you. New Jersey’s leading collegiate weekly is holding its first new members meeting of the new semester Monday and we’d like you to come. If you are interested in writing, photography, paste-up, or layout, we’re interested in you.

Get in on the ground floor of a weekly newspaper, make friends and have some fun.

So get between our sheets and become a part of MSC’s weekly voice.

Bellah discusses disunity in American philosophy
By Georgette Georgiladis

The first in a series of lectures, entitled "Reasoning Rhetoric and Civic Responsibility," sponsored by MSC and the school of humanities and social sciences, featured guest speaker Dr. Robert Bellah.

Bellah, a Ford professor of sociology and comparative studies at the University of California, Berkeley, dedicated his lecture to the topic: "Is an American Public Philosophy Possible?" Bellah expressed that in a country where we are ethnically, religiously and ideologically pluralistic achieving a unified philosophy would be difficult, if still attainable.

While researching his book Habits of the Heart, he discovered that most important values of American people were their privately held views, not those shared with the public. Bellah stressed that he was not referring to ideas which the government imposes upon us. But to the fact that the American public does not agree about what the most important political and ethical issues are. An American unity would "not imply massive substitute agreement, rather the continuing plausibility of discussion leading to enough agreement to influence a public policy."

For his argument, Bellah chose three 20th century figures who came closest to a public philosophy: John Dewey, Reinhold Niebuhr, and Walter Lipmann. They were men who were respected intellectually, yet had a broad public audience. They didn't hope for a universal consensus, they agreed that there was too much individualism in this country which has destroyed the basis for common life.

The three philosophers could not escape religious aspects of our society, although all three had different opinions on how religion should influence our lives.

Lipmann felt that church and state need to be separate yet secure, and to meet on certain issues, such as good and evil. Niebuhr wanted religion to become more involved with society but not entirely, and not to assume that any one religion has all the answers.

Dewey saw danger in religion, because he felt that religious hierarchies could become self-righteous and claim to have the answers to all political problems. But he also realized that religion was very important in American life (40% of Americans go to church every week). They all agreed that an orthodoxy should be avoided in achieving a common culture.

Bellah says the big problem now is that the social sciences have withdrawn, and have no notion of learning from the public. "We are trying to break out of that technical community to itself. Social Science is really studying what's important to our society and should be part of the common discourse and open to responses from the general public from which we can learn," said Bellah.

He blames universities for not doing a good job at getting people involved. He feels that the schools are so preoccupied with their special interests, that they are not a forum for public discourse. They are not helping unlock subgroups, consequently there is no interaction with the public. The major benefit of having a public philosophy is that a community can unite to do something about government issues, instead of having decisions made for them by the powers that be.

Universal consensus, to be given by D. Robert Sternbomk, a psychologist at Yale University, "What is Higher Order Thinking?" will be on Thursday, Feb. 20, at 8:15 p.m. in Kops Lounge, 1 Russ Hall.

News Notes

Memorial service for Prof. Lovasco
A memorial service for Anthony L. Lovasco, professor of the English department who died in December, will take place on Wed., Feb. 5 at noon in Kops Lounge, Russ Hall. All MSC students and staff are welcome to attend.

Free blood pressure
The MSC Health Center is sponsoring a free blood pressure check in the Student Center lobby from 11 a.m. to 1 p.m. on Wed., Feb. 5. These checks will take place every Friday, Wed. of the month throughout the semester.

Eyeglass collection
The MSC Staff Association is sponsoring a project to collect used eyeglasses for distribution to the world's poor. These eyeglasses can be used. Please bring your donations to Lise Greene in the President's office, College Hall, Room 235.

Winter break tainted by theft
By Vivette Watson
Over $5,000 worth of merchandise was stolen during the winter break. Thieves stole a computer and accessories valued at $2,250 from Gallery One sometime between Fri., Dec. 20 and Mon., Dec. 30. On Mon., Jan. 10 at 9:37 a.m. a type writer was reported stolen from Life Hall.

Persons entered the women's locker room in Panzer Gym between 10 a.m. on Sat., Jan. 5 and 6 a.m. on Sun., Jan. 26, removed 30 pair of sunglasses from the lockers and slashed 18 bathing suits causing $120 damage.

On Wed., Dec. 18 thieves stole a $435 radio from an '84 Chevy in Lot 21. A $200 radar detector was also stolen from a Honda in Lot 21 between 8 p.m. on Mon., Dec. 16 and 11 p.m. on Dec. 18.

Thieves stole two micrometers valued at $376 from the Industrial Arts building between 4:30 p.m. on Wed., Jan. 8 and 8:18 a.m. on Thurs., Jan. 9. On Tues., Jan. 21 at 10:32 a.m., a $369 VCR was reported stolen from a room in Blanton Hall.

Persons entered a room in Blanton Hall between Mon., Dec. 23 and Sun., Jan. 1. The only item in the AM/FM/AM cassette radio and phone worth $250.

On Dec. 20 at 5:10 p.m. the window of a T-shape window in Lot 24 was smashed and a $200 radio stolen.

On Tues., Jan. 14 between 5:54 and 6:15 p.m., two tires worth $100 were removed from a Dodge Dart.

On Mon., Dec. 15 campus police arrested two males on trespassing charges when they entered a room in Blanton Hall.

On Jan. 10 at 11:37 a.m. the Bergen County Bomb Squad was called in to remove a hand grenade found in Boll Hall.

Campus Police arrested three juvenile males on charges of burglary and attempted theft on Thurs., Dec. 19 at 12 p.m. The males attempted to remove a radio cassette player from a car in Lot 22.

Quiet for the shuttle
By Oren Zeve
Father Art Humphrey of the Newman Community lead the SGA in a moment of silence in honor of the astronauts who died in the space shuttle disaster Tues., Jan. 28.

Liz Rafinski, director of public relations, was appointed as coordinator of this year's spring week celebration. The event, scheduled for April 23-27, will center around the centennial of the Statue of Liberty.

Arrangements are being made to run raffles for shuttle tickets for shuttle festivities. The first meeting for those who are interested will be on Thurs., Feb. 6, at 7 p.m. in Room 126 of the Student Center Annex.

SGA President, Dave Handal announced that a "mid-year retreat" will be held on Fri., Feb. 11 and Feb. 1 to acquaint SGA members, Class One organizations, and employees of the Student Activities Office in addition to improving programming and leadership skills. In another attempt to improve programming with the SGA, a resolution was given on the progress and purpose of the Class One Model Committee. Those interested can attend the next meeting on Thurs., Feb. 7 at 7:30 p.m. in Room 400 of the Student Center Annex.

In other news, the SGA rechartered the MSC Ski Race Team for two additional years.

Gurdak appointed legal assistant
Through a grant from the improvement of College Education, John A. Gurdak esq. of West Paterson was appointed a computer technologist in the Center for Legal Studies at MSC.

One of the goals of MSC's Paralegal Studies program is to provide a legal assistant who is both knowledgeable in basic computer concepts and capable of operating those concepts in practice of law and management of the law firm.

According to Legal Studies Director Marilyn Frankenthaler, "Gurdak brings to the Center for Legal Studies a level of expertise in the area of computers and the law, which will assist MSC in attaining a national leadership role in the technology education of legal assistants."

Prior to this appointment, Gurdak was a legal assistant to the Trial Court Administrator in Passaic County. He also engaged in the private practice of law and computer consulting to the legal profession.

Gurdak is a member of the New Jersey and New York State Associations Bar and has an extensive background in computer technology. He received his Bachelor of Science degree from St. Peter's College in 1979 and his law degree from New York Law School in 1983. He served a judicial clerkship in Passaic County with the Hon. Nicholas G. Mandak.

The office of public information
The Drop-In Center, (an information, referral and peer counseling service) is staffed entirely by student volunteers. The caliber of the service offered to the student body can not be maintained without you. If you want to help people, learn more about yourself, and do something constructive with your time for 10 hours (min.) a week, this could be the toughest non-paying job you have ever loved. While the training is rigorous and the commitment level high, the experience will be carried throughout your life.

The Drop-In Center is a good place to grow for students of all majors. We will teach you the lost art of listening as you learn by doing.

In-service instruction will include: On-Campus referrals, Off-Campus referrals, Bus and Rail routing, Psychological referrals, Health referrals, Sexual Health referrals and Publicity.

The following list of workshops will be offered to those who train and make staff during the semester in order to increase staff awareness on these issues:

1) Suicide Intervention  
2) Sexual Assault  
3) Feedback  
4) Facilitating Loss and Grief  
5) Human Sexuality  
6) Campus Security

News Notes

School of Humanities sponsors colloquium
The MSC School of Humanities and Social Sciences and the Departments of Sociology and Anthropology present a colloquium on the "Socio-Political, Cultural and Religious change among East Indians in the Caribbean," on Thurs., Feb. 6, from 10 a.m. to 1 p.m. in Kops Lounge, Russ Hall.

Real Estate Course Offered
MSC is offering a Real Estate Sales Course designed for those who want to prepare for careers in real estate. Successful completion of the five-week, 75-hour course qualifies the graduate to take the New Jersey Real Estate Salesperson Licensing Examination. Registration for this course must be completed by Jan. 31 for classes beginning in February.

Resource management positions available
Expense-paid volunteer positions and resource management positions are available. The deadline for applying is March 1. These positions begin May 1, and continue until Sept. 30. These positions will enable selected individuals to contribute 10 weeks of their time to the management and protection of the country's national parks and national forests.

Any person interested in receiving more information should write or call The Student Conservation Association, INC. Box 550C, Charlestown, NH 03603, (603) 826-5206. All references should be made to the Park, Forest and Resource Assistant Program.

Delta Epsilon Chi holds first meeting
Delta Epsilon Chi, a retail and marketing club, will hold their first meeting on Tues., Feb. 4 in College Hall, Room 310. All students are welcomed to attend.

Snow Notice
In the event that classes at MSC are cancelled because of inclement weather, the following radio stations have agreed to air notice:
WABC, WCBS, WINS, WRAN, WERA, WJLK, WJDM, WKER, WNNJ-AM/WIXL-FM, WMTR-AM/WDHA-AM, and WCTC-AM/WMGQ-FM.

CUSTOMER SERVICE REPRESENTATIVES
BUILD YOUR FUTURE WITH PEOPLEExpress

It would take the nation's most innovative airline to "reinvent" career training like this! We're seeking highly competent individuals with a real capacity for compassion, caring and concern for people. Join PEOPLEExpress NOW as a Customer Service Representative, and you will be on the most direct route to eligibility for POST-DEGREE TRAINING and a long-term career in the airline industry.

If you've got:
- Matriculated status in a full-time college program
- 2.5 cumulative GPA
- Professional appearance
- Customer contact experience
- Good communications skills
- Ability to provide own transportation

We'll offer you:
- $4.75 an hour for working 20-35 hours a week at NEWARK INTERNATIONAL AIRPORT
- Schedules to fit your classes
- Travel privileges on PEOPLEExpress
- Free parking

GET MEANINGFUL TRAINING—as you handle challenging responsibilities like customer check-ins/boarding, baggage procedures, and other operational support activities. PEOPLEExpress offers you so much more than just a part-time job—here's a chance to really LEARN and EARN!

For full information or to schedule an interview appointment:

*Find out what we’re doing with $80,000 of your money...
Strictly classified. . .

By John Connolly

At the local 7-Eleven, Lou Caan scans the piles of newspapers. He quickly grabs his mainstay—The Record and Star Ledger. Lou also picks up the weekly newspapers from his arm and about a $1.50 less in his pocket, returns home.

Lou is not a reading addict or a fanatic about current events. In fact, he only reads a page or two in each of the papers—the classified section. Lou is searching for a place to live.

Finding an apartment to rent for just himself would be difficult, but trying to find a home that his cousin Ray, brother Matt and himself will share, is almost impossible.

There aren't an abundance of rental homes on the market to begin with, and trying to find one that has a gym, a furnace, and a fruit basket store between two bathrooms and a kitchen with a refrigerator in it, is fairly close to work and school for all three, is affordable and is something they all like—well, let's say the list gets considerably smaller, like three or four a week that are even worth calling up on.

With both of his future roommates working long hours at their respective full-time jobs, Lou (a college student with "more free time") is the trio's scout. He searches through the papers for prospective homes and gives them the initial hours at their respective full-time jobs, Lou (a 21-year-old and fairly close to work and school), and trying to find one that is even worth calling up about.

They quickly pounce on it, and the real estate agent says it theirs. The next day, they're all set to leave a down payment when they meet with the owner. Much to their surprise, the owner informs them he has already promised the house to someone else. Someone else? The night before the house was theirs! The owner tells them to call the agent later that evening, to see if the other people have decided not to take it.

When they call, the agent (who obviously isn't too bright) tells them the owner doesn't want to rent to three single men. Lou wants to press charges for discrimination, but realizes it would do no good. What could he do? Go to court and win the rent to the house? If the guy is that much of a jerk, Lou figures it's better not to have him as a landlord.

A week or two goes by and it doesn't get much better. One day Lou has appointments with two different agents. He sees a house with a two-bedroom, and a one-bedroom. He picks up the weekly newspapers from his area. In the classified section, he finds a house that has three bedrooms, is fairly close to work and school, and is within the market to begin with, and trying to find one that is even worth calling up on.

Lou figures it's better not to have him as a landlord. He talks to the agent and finds out that the guy had already promised the house to someone else.

He quickly learns that houses sound better in the classified section than they actually look on the street. After three weeks of seeing munchin-sized bedrooms and shack-sandwiched between two other rooms and fruit basket stores, Lou is getting very discouraged.

However, a promising house finally comes through. It's out of the area they hoped to live in, but it's perfect. It's a brand new home, only $950 a month, with a beautiful living room and dining room, two-car garage, washer and dryer, dishwasher, central air conditioning— the works.

One week or two goes by and it doesn't get much better. One day Lou has appointments with two different agents. He sees a house with a two-bedroom, and a one-bedroom. He picks up the weekly newspapers from his area. In the classified section, he finds a house that has three bedrooms, is fairly close to work and school, and is within the market to begin with, and trying to find one that is even worth calling up on.

Lou figures it's better not to have him as a landlord. He talks to the agent and finds out that the guy had already promised the house to someone else.

The first agent, but isn't impressed. He's hoping the second will be a lot better, but it turns out to be the same house. Needless to say, he wasn't any more impressed the second time around. Unbelievable. Lou realizes you definitely can't believe everything you read.

Lou is frustrated. So one Saturday afternoon, he and his brother Matt decide to go all out. After looking at about six houses in one afternoon, they find something.

It's not perfect, but it's the best. It's $850 a month. It has a nice living room and dining room, three bedrooms and a one car garage. The previous tenants were slubs, but with a good cleaning, it'll be okay. The three are relieved to say the least. After six weeks, they finally have a home.

But the story doesn't end there, and neither does their work. Their house needs a lot of time and effort. Their landlord is very cooperative and willing to pay for paint and minor repairs, that's not the problem: some previous tenants haven't cleaned up when they move in. The less than sanitary occupants who were out by the first of the month failed to take their pet roaches with them. So what's easy?
Shuttle accident challenges our attitudes concerning space travel

The explosion of the space shuttle Challenger just 74 seconds after lift-off from Cape Canaveral Tuesday morning killed seven people and shocked the nation. Although this would have been the shuttle's 25th mission, the Montclarion was supposed to make a new step in space travel history: one of the passengers, New Hampshire teacher Christa McAuliffe, was to be the first ordinary citizen to go into space.

Instead, a different entry for the history books: this is the first time United States astronauts have died in flight. Anticipation and excitement quickly turned to sadness and disbelief as millions of Americans, family and friends of the crew, witnessed the death of these courageous explorers.

"How could this have happened?" everyone wants to know. The answer may or may not be available. It depends upon the success of NASA's investigation. However, the investigation will not be easy: the difficulties of therein are as great as those of space travel itself.

We tend to forget the danger these astronauts face every time they set foot into an aircraft. Exploring space is still relatively new to us, but one disaster shouldn't prevent us from going on. Instead, it should make NASA even more thorough in their pre-flight testing. It should also make us a little more appreciative and a lot less complacent about the space program.

As a Miami Judge stated in the Jan. 29 issue of the New York Times, "We had become so accustomed to perfection in this space program that many simply believed it couldn't happen (to us)."

Unfortunately, this tragedy did happen. Maybe we should realize that members of the space program are examining the outer atmosphere to help build a good future for all of us. Maybe we should take a minute to remember those seven people who were so concerned with giving more to our world, and hope that such a disaster never happens again.

The Montclarion
The Montclarion is a Class One Organization of the SGA.
MSC summaries Class One activities of Fall 1985

Welcome back to another exciting semester at MSC. Life for the On-Campus student is a unique one, filled with the joys of idiosyncrasies of hundreds of neighbors in one building. Few other situations create as close and warm a sense of belonging as any apartment or dormitory elsewhere.

Prior to the student's returning to the Residence Halls, the Resident Assistants met and agreed to have a day of "In Service Training" to supplement the long summer training. Assistant directors discussed Racism and related problems. This discussion was led by Dr. Charles King, who focused directly on problems of suppression and prejudice. Dr. King reassured those of us that they had just sent my records to the Financial Aid and Business Offices. He hoped was my final desperate call to earlier than mid-February, I can't help but think that somebody is still misinformed.

Being put off once, even twice, is a hassle. And if in September, somebody had told me to check the Financial Aid and Business Offices. This time, the Business Office told me that they had just sent my records to Trenton, who will process my check and get it back to me in early February. Finally, on January 29th, I received my check, and while I'm glad to have it earlier than mid-February, I can't help but think that somebody is still misinformed.

Anyway, I should expect my check early January. On January 23, I made what I hoped to be my last call to the Financial Aid Office just before New Year's. A very nice lady told me that the fire one year ago on financial aid, I'm not in the computers at Trenton yet and that's what's taking so long. A snail mailed Trenton will be mailing the checks in alphabetical order (a ludicrous idea to anybody who values a name beginning with "T"). I was afraid I should expect my check early January.

My story may help others avoid the same problem. The key is to call the Financial Aid and Business Offices. This time, the Business Office told me that they had just sent my records to Trenton, who will process my check, and get it back to me in early February. Finally, on January 29th, I received my check, and while I'm glad to have it earlier than mid-February, I can't help but think that somebody is still misinformed.

A snail mailed Trenton will be mailing the checks in alphabetical order (a ludicrous idea to anybody who values a name beginning with "T"). I was afraid I should expect my check early January.

My story may help others avoid the same problem. The key is to call the Financial Aid and Business Offices. This time, the Business Office told me that they had just sent my records to Trenton, who will process my check, and get it back to me in early February. Finally, on January 29th, I received my check, and while I'm glad to have it earlier than mid-February, I can't help but think that somebody is still misinformed.

Anyway, I should expect my check early January. On January 23, I made what I hoped to be my last call to the Financial Aid Office just before New Year's. A very nice lady told me that the fire one year ago on financial aid, I'm not in the computers at Trenton yet and that's what's taking so long. A snail mailed Trenton will be mailing the checks in alphabetical order (a ludicrous idea to anybody who values a name beginning with "T"). I was afraid I should expect my check early January.

SOMETIMES IT TAKES AN ARMY TO PAY BACK YOUR COLLEGE LOAN.

Paying back your college loan can be a long, uphill battle. But the Army's Loan Repayment Program makes it easy.

Each year you serve as a soldier, the Army will reduce your college debt by 1/2 or $1,500, whichever amount is greater. So after serving just 3 years, your college loan will be completely paid off.

You're eligible for this program with a National Direct Student Loan or a Guaranteed Student Loan or a Federally Insured Student Loan made after October 1, 1975. And the loan can't be in default.

And just because you've left college, don't think you'll stop learning in the Army. Our skill training offers a wealth of valuable high-tech, career-oriented skills. Call your local Army Recruiter to find out more.

MSC football team beaten by Ithaca in Division III Playoffs

By Perry Schwartz

It was a bookend season for the MSC football team this year. The Indians suffered one loss at the beginning of the season and one at the end. In between those two losses they won 10 straight games and gave the MSC fans some exciting, suspenseful moments to remember.

In the matchup between MSC and Jersey City State, won by MSC, 31-17, runningback Leroy Horn made a mark in the college record books. Horn set an NCAA football record for rushing in a single half. He came off the bench. Briggs imposed his will on the Indians. Briggs, Leroy Horn, and Tony Fleming made a mark between those two losses they won 10 straight games and gave the MSC fans some exciting, suspenseful moments to remember.

In the opening quarter the Profs jumped out to a 10-7 lead with 2:59 on the clock, and GSC attempting a 2-0 lead at halftime. After a GSC field goal, Tony Fleming scored for the Indians to put them up, 17-10. The Profs refused to fold and challenged the Indian defense with a conference title and playoff berth were on the line for MSC when they took on Glassboro State. In the opening quarter the Profs jumped out to a 10-7 lead with 2:59 on the clock, and GSC attempting a 2-0 lead at halftime. After a GSC field goal, Tony Fleming scored for the Indians to put them up, 17-10. The Profs refused to fold and challenged the Indian defense with a conference title and playoff berth were on the line for MSC when they took on Glassboro State.

Nine Indians receive honors

By Jim Nicolson

Continuing the "tradition of excellence," the MSC football squad continued to pile up honors long after their New Jersey Athletic Conference Championship season was completed.

Coach Rick Giancola was voted Coach of the Year in the NJAC by the conference coaches, and nine of his players were honored with All-Conference team status.

Giancola, in his third year as head coach of the Indians, has compiled a 24-7-1 record. After capturing the Coach of the Year award for 1985, Giancola praised the members of his team and his assistant coaches. He hit Ed Chavis from eight yards. "We had the perfect mixture for a successful football program at Montclair State this past year," he said. "The players were extremely dedicated and worked very hard, while my entire staff made full use of the talent we have to work with."

Among that talent were nine players the NJAC coaches felt were the best at their position. Quarterback Walter Briggs, halfback Tony Fleming, and end Ed Chavis each received first team honors as the leaders of the potent offensive attack. Tackle Pete De Troia and guard Curtis Gaidis, the MSC defensive captain, headed the list. Gaines was elected to the first team for the third straight year. The only other receiver from MSC was inside linebacker Keith Tierney. Tierney and fellow linebacker Don Roman joined Zakashefski and Gaines on the defense. Tierney and Gaines are the only seniors of the nine ALL-NJAC Indians, while Roman is one of two sophomores, along with punt returner Leroy Horn, who rounds off the list. horn also served as an effective backup to Fleming this season.

Fullback Pat Luzzi: Not for the glory, but for fun

By Perry Schwartz

1985 saw the MSC football team complete their third straight Conference title and advance to the second round of the NCAA playoffs. Of course, there were stars that emerged from the team. Players such as Walter Briggs, Leroy Horn, and Tony Fleming were a few players to make headings, but their names wouldn't have reached the newspapers every week if it weren't for one unsung hero on the team.

The individual is MSC fullback, Pat Luzzi. Luzzi had the ball at times, but was used mostly as a blocking back, since his transfer to MSC from C.W. Post College. It was a role that took Luzzi time to adjust, but he didn't complain.

"It was frustrating at first. I transferred from a school that ran the option, but when I arrived at Montclair I became a blocker," Luzzi said. "Once my role was defined I made the adjustments, and felt more of a contributing factor to the team," he said.

Luzzi became a vital tool in the Indian offense. Head Coach Rick Giancola said the two positions that have to make a lot of adjustments are the tight end and fullback.

"We could have put Pat at tailback, but the staff felt his real potential was at fullback," Giancola said. "Our offense revolves around the fullback and Pat handled the pressure well. He learned his position and became better week by week, as evidenced by the awards he won." Luzzi didn't make the transition by himself. Assistant Coach Rich O'Connor worked with Luzzi and helped him through the tough times in the beginning.

" Coach O'Connor was the key to my blocking technique," Luzzi said. "He worked with me individually and helped me maintain my confidence about the position. He should receive some of the credit."

The fullback position is much more difficult mentally than physically. The three-year veteran weighed 210 and 230 pound linemen. Luzzi said he was in control of the situation, though. With Luzzi creating holes, in the Jersey City State defense. Fleming rushed for over 1,000 yards this season, and Horn became the only back in the nation to run for over 300 yards in a half.

"Blocking for those guys was worth it," Luzzi said. "Everyone on the team was unselshf. It was 40 guys working for one goal and everyone was willing to sacrifice something in order to win. Luzzi recalled a game he felt was a turning point for the team was the Homecoming matchup against C.W. Post. Post was ranked nationally and was a team the Indians had not played against in years. There were a lot of players Luzzi knew from his one year there so there was additional pressure on him. He handled it well, and the Indians went on to defeat his former school.

Luzzi said the highlight of his three years at MSC was winning the conference three times and advancing to the playoffs this season.

The glamour and writeups on Luzzi stops there. Luzzi remained business like throughout the season, because he knew football would stop after the final game.

"After each game I would change and leave," Luzzi said. "I kept the team on the field and had other things to worry about." Luzzi knows a professional career is not in the future. When football ended Luzzi continued to prepare himself for a job outside the football world. After all, that's why he went to college in the first place.
**Men's Basketball**

By Dennis Campbell

After enduring an 0-4 start that put them in a hole in the New Jersey Athletic Conference, things finally began to click for the MSC Men's Basketball team.

The winter break saw the Indians not only move into contention for the NJAC playoffs, but into the fourth and last qualifying position. Two milestones highlighted the Indians trek up the conference ladder. First, MSC Head Coach Ollie Gelston earned his 400th coaching victory as the Indians handed Trenton State its first conference loss of the season on Jan. 10. Then, only seven days later, on Jan. 17, Indian center Robert Smith surpassed the 1,000 point scoring mark with 23 points against Kean.

When the break was completed, the Indians had successfully eclipsed the .500 mark, owning a 9-8 record.

**MSC 69-E. Stroudsburg 60**

Bob Smith scored 22 points and grabbed seven rebounds in leading MSC to a 69-60 victory over East Stroudsburg at Princeton's Jadwin Gym. MSC was able to win the game with a tenacious defense, and held a 35-23 lead at the half. Marcus Williams and Tom Jaspian both scored 10 points. Holding a slim 27-23 lead, MSC erupted for the last 8 points of the first half to stay in front for good.

Calvin 71-MSC 70

The Indians’ climb to the .500 level was set back when they lost the first conference game of the year to a Yule Cup Classic tournament at Panzer Gym on Dec. 27.

The Indians led 42-35 at the half, but poor shooting plagued them in the second half. With 11 seconds left in the game, Calvin’s Todd Maden dop tipped in a rebound of a shot by one of his teammates to nip MSC, 71-70. With :09 on the clock, though, Smith, whose 26 points led all scorers, missed the front end of a one-and-one situation in the Indians’ last attempt for a victory.

The Indians dropped to 4-6, while Calvin’s record fell to 7-0.

 MSC 83-Worcester 76

In the consolation game of the Yule Cup Classic, the Indians captured third place with a win over Worcester State, 83-65.

The Indians were beneficiaries of another top-notch effort by Smith. The 6-5 center finished the day with 25 points, 11 rebounds, five assists and four blocked shots. Marcus Williams chipped in with 15 points, and freshman guard Ken Johnson came off the bench to score 10.

At halftime, Worcester claimed a 36-32 lead, but the Indians rallied early in the second half to claim a 46-40 lead they never relinquished.

**MSC 72-WPC 65**

MSC played inspired basketball in beating a stubborn William Paterson team at Panzer Gym.

Marcus Williams and Ulysses DeRico played tough defense and scored key baskets in the fourth quarter to preserve the win.

The game was close throughout and was decided by the Indians full court pressure. The press resulted in crucial turnovers by the Pioneers late in the game.

Williams’ performance did not go unnoticed by Gelston who said, “Marcus always plays tough defense.” The win over their NJAC rival was important as DeRico said, “Paterson is our biggest rivalry in the league.”

Despite foul problems, Bob Smith led MSC in scoring with 32 points and 10 rebounds. Also in double figures were guard Ed Dolan and Williams who scored 11 points. Dolan also had seven assists, including one memorable behind the back pass to Smith for a jam.

**MSC 62-Trenton St. 57**

Gelston got his 400th coaching victory on Jan. 10, as MSC posted a 62-57 divisional victory over Trenton State in an NJAC game in Trenton.

The Indians’ record in 19 years of coaching at MSC climbed to 400-239. The Indians evened their record at 7-7 and handed Trenton St. (11-2) its first defeat in nine conference games.

Johnson came off the bench to lead MSC in scoring with 16 points. 12 of which came in the first half. Tom Jaspian also chipped in with 10 points.

**Hartwick 73-MSC 67**

Dr. Allen (Doc) Simonson presented Ollie Gelston with an award, honoring him for his 400th coaching victory at Panzer Gym on Jan. 11 prior to the MSC-Hartwick clash.

In accepting the award, Gelston noted that the praise should not go to him, but to the players that made it possible.

He also reminded the crowd not to savor past exploits, but to concentrate on the game at hand.

In that game, Hartwick beat the Indians, 73-67. With six minutes left,

**Stockton 81-MSC 79**

In a game that saw both teams plaqued by foul trouble, Stockton State was able to squeak by MSC with an 81-79 victory in overtime. The contest was Gelston’s first attempt at his 400th win, but MSC (6-1, 4-4 in the NJAC) fell in the last minute of overtime.

For awhile, it looked like Gelston would not be denied his fourth victory. With :38 left in overtime and the game knotted at 71, the Indians scored six straight points to take a 77-71 lead with :51 to play. All the Indians had to do was hold on and they would be tied with Stockton (6-2 in the NJAC) in the conference standings. Stockton scored the next nine points to take a three point lead of their own.

Six players fouled out of the game between both teams, including MSC star Smith. Ed Dolan took Smith’s place as high scorer for MSC, with 24 points. Tom Jaspian scored 20 points and 12 rebounds before fouling out.

Smith finished with 12 points and seven rebounds.

**MSC 79-Kean 58**

The Bob Smith show kept rolling right along on Jan. 17 against Kean College in Union. He scored 23 points to lead the Indians (8-8, 5-4 in the NJAC) to their NJAC win against Kean, 79-58.

In doing so, he surpassed the 1,000-point mark for his collegiate career. He also grabbed nine rebounds to help MSC to victory.

The game was never in doubt after the first 20 minutes. Smith scored 12 in the first half to help MSC to a 42-44 half-time advantage. Dolan chipped in 16 points for MSC.

**MSC 77-Ramapo 66**

The last game of the break, on Jan. 23, saw the Indians defeat Ramapo in Mahwah, 77-66. It took a second half rally for the Indians to secure the victory.

The Indians owned a 39-30 lead at the half, but Ramapo came back to tie the score, 44-44, with 16 minutes left. The MSC team had trouble reclaiming their lead, but finally moved ahead by nine with 5:13 to play.

Smith sparked the Indians by scoring 15 of his 23 points in the final 22 minutes. DeRico added 13 for MSC and Swinton chipped in with 11.

Lady Hoopsters survive the break, aim for NCAA playoffs

By Jim Nicola

If there’s one thing Jill Jeffrey has learned to hate in her two years as Women’s Basketball Head Coach at MSC, it’s Winter Break.

Last year, while riding high at 5-3, the Indians suffered through a 2-6 break all but two games out of contention for the Cosmopolitan Conference Playoffs. This season’s break hasn’t been as negative for the Indians, but it has left them three games behind New Jersey Athletic Conference leader Kean College.

“We definitely see the break as a negative thing,” said Jeffrey. “MSC doesn’t provide space for the athletes to stay during the break, and they’re totally out of their routines. I just try to keep basketball on their minds.”

Despite all the negative talk, the Indians sport an impressive 11-4 mark, and are 6-3 in the NJAC. The break saw them lose only two games in eight tries, and play some of their best basketball of the year. The problem is that many people, including the MSC team as a whole, were looking for a conference championship and playoff birth. This last two losses came at the hands of Kean and second place Trenton State.

“Conference leader Kean looks unbeatable, an at-large playoff invitation is not out of reach,” Jeffrey said recently that the team has said, “I didn’t think we had a lot of space for it. I see us as moving toward second place in the conference. If we can finish behind Kean, then we’ll get looked at by the playoff committee.”

MSC 73-Glassboro St. 68

On Saturday, Dec. 14, the Indians took to the road to play Glassboro State in an inter-conference game.

The Indians (7-2, 3-1 in the NJAC) came through with a balanced scoring attack defeating GSC, 73-68. MSC was led by Jenny Judy (22 points) and Debbie Emery (18).

“We didn’t do a real good job defensively,” said Jeffrey, “But 73 points was really a lot of points.”

Trenton St. 63-MSC 53

On Sunday, Dec. 15, the Indians took to the road again to face Trenton in an inter-conference game.

The Indians regrouped after halftime, and ran off a 21-4 spurt to start the second half, including a 12-0 surge at one point, to take a lead they would never relinquish, 48-42.

“The first half was the worst half we played all year. I expected it. We were out of sync as a team,” said Jeffrey. “The difference in the second half was basically that they were getting used to playing in a game situation again.”

Emery pumped in 20 of her game-high 24 points in the second half, hitting on 7 of 11 shots from the floor. Indian center Nancy Phillips had the best game in her two-year career at MSC, scoring 21 points, and grabbing 10 rebounds. Forward Lorraine Bratton collected 12 rebounds of her own to lead MSC in that department.

Knowing that this game was going to be tough, Jeffrey’s words just about summed it up. “Trenton State is the first of our two conference games, and we’re going to need to be prepared.”

MSC 65-NYU 63

This was, by far, the best game we played all year,” said Jeffrey after the Indians (6-2) disposed of the Violets, 65-63. Dec. 21 at Panzer Gym.

While it wasn’t a conference game, this contest represented something important to the Indians. NYU (7-3) was not only a good, solid test for MSC, but also the only team to have beaten NJAC-leading Kean College this season.

In stopping the Violets, the Indians had to rely on a pressure defense, particularly on the part of 5-9 forward Judy DeFrancisci, whose task was to contain NYU’s 6-2 Center Wanda Davis.

“Judy did a great job defensively on her,” said Jeffrey. “But everybody had a job to do in order for us to win. It was a great team effort.”

Emery led the way for the Indians, finishing with 23 points.

MSC 66-Stockton St. 46

After 17 days without a game, the Indians were in a strong position heading into conference clashes with a win at home Jan. 7 against Stockton State College, 66-46.

The Indian win tied them for second place with Trenton State. A loss would have sent them into fourth, behind Stockton.

For awhile, it appeared that’s where the Indians were headed. After opening up a 22-14 lead early in the game, they were outscored 25-5 the rest of the half to trail 36-27.

The Indians regrouped after halftime, though, and ran off a 21-4 spurt to start the second half, including a 12-0 surge at one point, to take a lead they would never relinquish, 48-42.

“The first half was the worst half we played all year. I expected it. We were out of sync as a team,” said Jeffrey. “The difference in the second half was basically that they were getting used to playing in a game situation again.”

Emery pumped in 20 of her game-high 24 points in the second half, hitting on 7 of 11 shots from the floor. Indian center Nancy Phillips had the best game in her two-year career at MSC, scoring 21 points, and grabbing 10 rebounds. For forward Lorraine Bratton collected 12 rebounds of her own to lead MSC in that department.

Trenton St. 63-MSC 53

Consistency was the name of the game this year for MSC. Consistency both from game to game and within the lineup. Or at least it was supposed to be that way.

Against Trenton State on Jan. 11, that game plan fell by the wayside. Despite Debra Emery’s career-high 32 points, there was little else for MSC fans to cheer about, as the Indians absorbed their second conference loss, 63-53.

“We did not have a good game offensively,” said Jeffrey. “It’s just unfortunate that more than one player didn’t play well.”

The Indians had been prepared this year. Any member of the starting lineup was capable of picking up the slack if any other player had an “off” day. Against Trenton, Emery wasn’t enough to compensate for the rest of the team’s “off” day. For awhile, it appeared she might pull it off.

Despite a lethargic first half, the Indians held a slim 23-22 lead mostly because of Emery’s 12 points. With 3:45 left in the game, the score was knotted at 45. Emery had scored 16 consecutive Indian points before back-up center Sue Ehrmann hit a basket to tie the game for the last time. Trenton then ran off 10 straight points to take a lead the Indians just didn’t have enough time to overcome.

“Nancy Phillips did not have a good game defensively,” said Jeffrey. “But our forwards, in general, did not have a good game offensively.”

“We didn’t play with confidence, and we didn’t attack.”

With the loss, MSC fell to 9-3, 4-2 in the conference, while Trenton moved up a game to 8-5, 6-1 in the NJAC.

MSC 71-Jersey City St. 62

Rebounding from their loss to Trenton, the Indians defeated Jersey City State on the road Jan. 14, 71-62.

In doing so, the Indians (10-3, 5-2 in the NJAC) had to rely on an all-around team effort. For the sixth time this year, four or more Indians registered double-figures in scoring.

Emery continued to be the potent scorer that her four-year career at MSC has proven her to be. She tallied 22 points to lead the Indians. Phillips recovered from her Trenton showing to pick up where she left off, hitting for 16 points from the inside. Bratton connected for 13 points for MSC, and DeFrancisci’s 10 points made her the fourth Indian in double digits.

Kean 80-MSC 62

“Little mistakes against the great teams turn into a lot of points,” Jeffrey’s words just about summed up the Indians’ well-fought loss to Kean Jan. 17 at Panzer Gym, 80-62.

MSC had to combat a horrid 25 percent shooting effort in the first half, generally poor officiating, and a Kean lineup that out-rebounded them, 46-27. The score shows the Cougars as 18-point victors, but it says nothing about the Indians’ second-half comeback bid.

“I’m proud of the character the team showed,” said Jeffrey. “There were many points where we could’ve gotten discouraged.” With ten minutes gone in the second half, the Indians trailed by 23. With 4:03 left, MSC had successfully cut the gap to ten, 68-58.

“We had to stop using the clock,” said Jeffrey, “But a lead again.”

EMery continued to be the potent scorer that her four-year career at MSC has proven her to be. She tallied 22 points to lead the Indians. Phillips recovered from her Trenton showing to pick up where she left off, hitting for 16 points from the inside. Bratton connected for 13 points for MSC, and DeFrancisci’s 10 points made her the fourth Indian in double digits.

Wrestlers fall to Trenton, but still in hunt

By Branna

The wrestling team posted a 3-2 record over winter break, but with a little luck the Indians could have been 5-0.

"We still have a chance to win the Division III National Championship," said Head Coach Steve Strelner. "We're stronger in tournament competition than we are in dual meets."

Here's a look back at the Indians' past matches:

On Dec. 15 MSC trounced C.W. Post, 34-14. Pete Gonzalez, wrestling in the 118-pound class, got the Indians off to a fast start, pinning his opponent in 54 seconds.

After a double forfeiture at 126, senior captain Nick Milonas got a pin in 1:26. Freshman Kari Monaco decided his opponent by a score of 12-4 at 142 pounds.

Though the Indians lost the 150 and 158 pound matches, John Monaco (Kari's older brother) got MSC back on the winning track with a pin in 3:04 in the 167 pound match.

MSC's Jim Petty registered MSC's first technical fall win (when a wrestler holds a 15 point lead over his opponent) over Trenton State 9-1.

PETE GONZALEZ HAD THE UPPER HAND ON TRENTON STATE'S DWAYNE STANDRIDGE, BUT THE TSC WRESTLER WENT ON TO TOP PETTY, 16-8. THE LIONS ALSO WON THE MATCH, 32-23.

Women swimmers sink opposition; Men stand at 3-4

By Patty Jones

The term "winter break" does not exist in a swimmer's vocabulary. While most MSC students were able to sit back and relax after final exams, members of the men and women's varsity swim teams headed for the International Swimming Hall of Fame in Florida.

"From December 27 through January 6, the swimmers underwent instrumental training sessions which are expected to have long range beneficial effects upon the championship meets, rather than immediately effecting the dual meet competition," said MSC Assistant Coach, Doug Backlund.

The women's varsity team is swimming very consistently. They returned from Florida with full force and dominated five opposing teams over the break.

The women defeated Hunter College on Jan. 11, 76-47. The pool at Hunter was too shallow, forcing the cancelation of events. This meet was the closest the Indians came to losing, and the most exciting meet which occurred over the break.

Senior captain Jeanne Bauer provided some excitement at the Glassboro State College meet on Jan. 14th by qualifying for the Division III Nationals. She did so by swimming the 50 yard freestyle in 25.01 and led the team to an 81-33 victory.

Bauer swam well at the William Paterson meet on Jan. 18, too, winning the 100 butterfly in 1:01.8. That was her best time of the year. The Indians won, 85-27. Stilhomone Gal MeNegh in, who is responsible for adding great depth to the team, swim exceptionally well in the WPC meet. She qualified for the nationals by swimming the 200 breaststroke in 2:33.3. Junior swimmer Pam Roussell also performed quite well in swimming her best time of the year in the 200 yard breaststroke, 2:40.0. Backlund said, "We expect MeNegh and Roussell to attain first and second respectively in the 100 and 200 breaststroke in the Metropolitan Conference."

The women also successfully defeated St. Peter's College on Jan. 16, 58-28, and celebrated a substantial victory over Trenton State 91-48 on Jan 21. The women swimmers have been overpowering their competition and their record stands at an impressive 10-1.

The season for the women is coming to a close this year," said Backlund. "Although we've won the last two years, Stony Brook will be a tough competitor." Backlund went on to say that top performances are expected from Bauer, MeNegh, Roussell and junior depth.

The men's varsity swim team swam in four meets over the winter break and their record stands at 3-4. The coaching staff anticipates winning the remaining three meets of the season and finishing 6-4.

On Jan. 14, the men gave it their all against Glassboro State College. The meet came down to the wire, but Glassboro won the event to beat the Indians, 59-54. Freshman Andy Pettenkofer competed in the 100 and 200 breaststroke, in which the Indians placed one and two, respectively, "We expect to win many more," said Backlund. "It looks good for the future," said Patton. "We expect to win many more." The men still have three meets left in the season, followed by the Metropolitan Championships. "As far as the men's varsity team is concerned, they stand a good chance and will finish respectably," said Backlund.

Hockey club on the upswing

By Jim Nicola

The MSC hockey team won their second game of the year on Jan. 19 against rival William Paterson, 6-5. The win qualifies the Indians for the league playoffs.

Frank Alesso led the MSC attack by scoring a hat trick. On the defensive end, goalie Mark Harrison earned the win in relief. He came in during the second period and stopped a total of 27 shots.

"It was a good all-around game," said captain Scott Fenton. Their record now stands at 2-1, but Fenton says that the team is just starting to come together and is ready to make the big waves. With the new semester, the Hockey Club has gained new members who were ineligible for last semester's play.

"It looks good for the future," said Patton. "We expect to win many more." Earlier in the season, on Jan. 5, the Indians almost gained second victory against C.W. Post. With the score tied at 5-5 in the third period, Post got three goals in the last three minutes to take the tie away from MSC."
Women's track & field squad enjoying best year ever

By Tom High
Coach Michelle Willis’ MSC women’s indoor track team is enjoying its best season ever. To date, nine school records have been broken, and four runners have qualified for the Indoor Track Nationals in March.

“Tis the strongest team talent-wise we’ve had in turn,” said Monticort, said Willis, “and the way we’ve come in where the team is. Bringing the amount of school records we have is an indication of that.”

Qualifying for the nationals up to this point are Angela Oglesby in the 55 meter run with a 7.1 best effort, Sharon Johnson in the long jump with a 18-9 leap; Seviet Flowers in the 55 meter hurdles with a 8.6 clocking; and Sue McMurdy in the high jump, clearing at 5-6. They have also qualified for the ECAC Championships at Colby College on March 8th and 9th, along with Silvia Battista in the high jump (9’ best) and Marcia Grayson in the shot put (35-11).

The relay entries have also broken records in the 4 x 200 and 4 x 400 with Oglesby, Johnson, Sherry Primus and Tanya Haynes; and the 4 x 800 with Linda Gowder, Liz Dilla, Liz Gonzalez, and Noreen Cassidy.

With the USFL in existence, antitrust suits, mergers, and relocation may be difficult subjects, but Cosell makes it an easier thing to understand because of the stories in the book. “When Howard and I got together to do the book we decided what chapter to put which stories in and the focus of them,”

Bonventre said.

Major hype of the Monday Night Football chapter caused a furor which lasted I triple-checked from past transcripts and consulting people such as Bill Murray, who was part of a variety show when I was in New York City.

Cosell takes the reader on a journey into the courtrooms, extravagant parties, and into the offices of the leagues. “Sports are out of whack in American society,”

The toughest chapter to write because of the complexity was the Al Davis move of the Oakland Raiders to L.A.,” Bonventre said. “The emotional chapter was the Monday Night Football, because he worked with these individuals. Howard and I made constant revisions to make it as clear to the audience as possible.”

One of the advantages Bonventre had in writing the book was that Cosell was present next door for clarification if he needed it. Bonventre wrote the book in his spare time.

“We wrote 80 percent of the book with no problems."

Howard Cosell, author of I Never Played the Game.

Women’s track & field squad enjoying best year ever

By Perry Schwartz
When people hear the name Howard Cosell, immediately they can associate it to sports. It is as common as Jim Mcmahon’s name was to be Super Bowl XXV. From Monday Night Football and his Emmys for his Sportsbeat, Cosell is known and respected. His articles, teaching at Yale, and receiving awards. Cosell’s name has appeared in books. His first book was titled Cosell by Cosell, and his second book, which created a national controversy, is I Never Played The Game. The book was written with assistance from former Sportsbeat associate Peter Bonventre. After 32 years of being where the action is, Cosell decided to write the book because he is convinced that sports are out of whack in American society.

Cosell has not only been involved with the corporate television world, but has seen the business ethics of team owners and players. The book exposes sports for what they really are, and in turn, what society is.

“This is more than a book for sports fans. It gives philosophical insight about what we have is an indication of that.”

Sportsbeat associate Peter Bonventre.

Track Nationals in March.

The book was in the making from the fall of 1983 to the spring of 1985. It was released by William and Morrow publishing on Oct. 21, and is still making headlines and causing controversy.

“For the toughest chapter to write because of the complexity was the Al Davis move of the Oakland Raiders to L.A.,” Bonventre said. “The emotional chapter was the Monday Night Football, because he worked with these individuals. Howard and I made constant revisions to make it as clear to the audience as possible.”

One of the advantages Bonventre had in writing the book was that Cosell was present next door for clarification if he needed it. Bonventre wrote the book in his spare time.

“We wrote 80 percent of the book with no problems,” Bonventre said. “The rest I triple-checked from past transcripts and consulting people such as Bill Murray, who was part of a variety show when I was in New York City.”

Yale Developmental
Oglesby and Johnson each took a first and a third on Jan. 4 in the Yale Developmental meet. Along with Flowers’ 8.6 second win in the 55m hurdles, the two were the highlights of the first competition of 1986. Flowers’ time earned her a spot in the Nationals.

Oglesby finished the 55m in 7.3 seconds, with Johnson behind her in third with a time of 7.4. In the long jump, the two traded places. Johnson’s 18’ 5’ jump earned her a place, while Oglesby took third with a leap of 16-9.

Lafayette Invitational
Oglesby placed twice on Jan. 12 in the Lafayette Invitational to lead the MSC runners. Her 7.1 finish in the 60 yd. dash took first, and her 15-9 jump was good enough for fourth in the long jump. Two Indians placed in the high jump. McMurdy won the event with a jump of 5-6, and Silvia Battista placed fifth with a jump of 5 feet. McMurdy’s leap ensured her a place in the Nationals.

Yale Invitational
Oglesby placed second in the unseeded 55 meter hurdles with a 8.6 clocking; and Sue McMurdy in the high jump, clearing at 5-6. They have also qualified for the ECAC Championships at Colby College on March 8th and 9th, along with Silvia Battista in the high jump (9’ best) and Marcia Grayson in the shot put (33-11).

The relay entries have also broken records in the 4 x 200 and 4 x 400 with Oglesby, Johnson, Sherry Primus and Tanya Haynes; and the 4 x 800 with Linda Gowder, Liz Dilla, Liz Gonzalez, and Noreen Cassidy.

With the USFL in existence, antitrust suits, mergers, and relocation may be difficult subjects, but Cosell makes it an easier thing to understand because of the stories in the book. “When Howard and I got together to do the book we decided what chapter to put which stories in and the focus of them,”

Bonventre said.

Kurtis Blow leads the rap revolution

By Perry Schwarz

Thomas Edison was the pioneer of electricity and Guglielmo Marconi was the pioneer of the radio, but now a rap singer, Kurtis Blow, has joined that elite group of pioneers. That's right, the same Kurtis Blow who is known for the classic single "Breaks," and one of the stars of KRS Groove, a movie about rap.

In 1980 Blow was the first rap artist to sign with a major label at Mercury/Polygram records. He cut records dealing with the streets of New York, since that is where he comes from. His songs have a message for the youth and adults of America. Blow even wrote a song about America which is on his new album, If I Can Rule the World. Blow achieved individual success and notoriety with his music, and many of the top rock/pop artists are aware of his contributions.

In addition to making his own records, Blow produced the Fat Boys' album and starred in the movie KRS Groove, which features many of the top rap artists and Sheila E. The charitable causes Blow puts time into is the icing on the cake.

Most recently, Blow worked on the Sun City album, which sent a message about apartheid in South Africa. He joined many of his rap associates on the track. Blow also found time to co-produce the "King Holiday" single, which is a tribute and celebration of slain civil rights leader, Martin Luther King, Jr.

Blow began his career six years ago in a club called Disco Fever and slowly made his way to the top. Blow attributes most of his rapping abilities to Grandmaster Flash.

"The time I worked with Flash was very special to me," Blow said. "He changed me from a party rapper to a hip-hop artist."

It has taken six years, but finally Blow and many other rappers have reached a pinnacle of success. However, he retains his identity with the community, and is determined to make an impact on society.

"Kurt made his reputation as a rapper. He has never forgotten where he has come from because that is what his songs are based on—on-the-streets," said Bill Adler, public relations director for Rush Management, a publicity outlet for many of the rap groups. "He always had a reputation for social consciousness and that could be attributed to the success of his records."

In 1980, the borough of Queens, New York presented Blow the key to the city for his social achievement. Blow has proved himself to be a talented, productive and socially conscious individual. At 26, he has taken off and he is finally receiving the recognition he deserves.

Of course, at the end of the day, there are still doubters of rap music, but the style has proved the critics wrong because the music has lasted for 10 years. The industry has Blow and others to thank for that. "That is why he is considered a pioneer of the industry, ""
FAMOUS LAST WORDS FROM FRIENDS TO FRIENDS. I'm perfectly fine. I can drive with my eyes closed. There's nothing wrong with me. Are you joking—I feel great. What am I—a wimp? I'm in great shape to drive. You're not serious are you? What's a couple of beers? Nobody drives my car but me. I've never felt better. I can drive with the best of them. But I only had a few. So I had a couple. I can drive rings around anybody. I can drive my own car, thank you. I'm not drunk. I drive better when I'm like this. Who says I can't drink drive? I can hold my booze. I know I'm doing. I always drive like this. Trust me. What's a few thing to me. I'm with my eyes with me. 

DRINKING AND DRIVING CAN KILL A FRIENDSHIP.
Academic Affairs of BSCU invites all interested students to compete in our essay contest. Students must write (500 words or less) on our chosen topic for Black History Month: "Black Americans In Our History: What They Mean To Me."

Essays due Monday, February 10
We are offering prizes for the best two essays:$100.00 and $50.00.
Judges are chosen members of faculty, administration, and chairperson of academic affairs for BSCU.

Winners must be available to read essay as part of opening ceremony for Rosa Parks presentation (February 20 7:30 P.M.).

Contact: Shawn Smith Chairperson
BSCU Academic Affairs for more info or call BSCU office Monday, Thursday 10-12 893-4000.
NEW CLASSIFIED AD POLICY:

Because of thefts of Classified forms last semester, the forms will no longer be available in the main office of The Montclarion. Instead, Classified forms must be obtained in person from the Managing Editor in Rm. 113D of The Montclarion office. There is a limit of 2 Classified ads per person.

The submission deadline for Classifieds is Friday at noon for the next Thursday's issue.

The schedule for Classified ad submission is Monday through Thursday from 3 to 5 p.m. and Friday morning, 11 a.m. to 12 noon.

Datebook forms will still be available in the main office. The deadline for Datebook submissions is Friday at noon.

Absolutely no late Classifieds will be accepted, so please follow these guidelines when submitting Classified ads. And have a happy and healthy semester!

Breathed injured in plane crash

Bloom County cartoonist Berke Breathed injured his back in the crash of his ultralight airplane in New Mexico and is in good condition following surgery. He will not be drawing Bloom County for four to eight weeks. In the interim, The Washington Post Writers Group will be supplying newspapers with previously published but not widely distributed strips. However, for the next two weeks, The Montclarion will be publishing new strips that Breathed completed before his accident. The Washington Post Writers Group and Breathed apologize for the inconvenience, and thank everyone for their understanding and support. Any correspondence to Breathed can be sent care of The Washington Post Writers Group, 1150 15th Street, N.W., Washington, D.C., 20071.

Paint a picture...not a rock.

Give a hoot.
Don't pollute.

Forest Service, U.S.D.A.
Welcome to Real World 101.

You'd be surprised how many college students go from highlighting textbooks to highlighting the classifieds. The fact is, a staggering number of graduates are unable to secure a career in their field of study.

That's why there's a nationwide program for college students called Cooperative Education. It allows students to alternate studies at the college of their choice with paid, practical work experience in the career of their choice. So Co-op Education students graduate with more than a degree. They have practical knowledge. And a competitive advantage in a crowded job market.

If you're a student, you should seriously consider the Co-op Education Program. Because after years of studying in college, the last thing you need is another reading assignment.

Co-op Education
You earn a future when you earn a degree.
MSC Women’s Gymnastics team is making great strides

By Tom High

The vastly-improving MSC gymnastics squad has recently been impressing Head Coach Judy Bell. The first year mentor said recently, “Our team as a whole has been developing very well, as is evident in our point production.”

The team leader this year is senior Pam Vertes. Bell sees Vertes as “an outstanding example to others in the gym.” Vertes is the high scorer on the bars for the Indians.

Sophomore Kelly Alliger is another gymnast who has the potential of going a long way with her raw talents.

Sophomore Susan Kameno is described by Bell as very consistent on vaulting and improved tremendously on the beam and floor exercise. Bell also has high hopes for Junior Christine Carmean who, Bell points out, “Could become our top performer in the floor, exercise and balance beam events.”

Also improving every meet is freshman Alison Duder, who has been an excellent asset to the Indians. Bell sees her as a “high scorer in the floor exercise and vaulting events.”

Sophomore Tracey Kelly, in her first year competing in the all-around, has drawn praise. “She has come a long way and she has the talent to go much further.” noted Bell.

With a current record of 2-3, the team travels to Hofstra University for a dual meet on Feb. 1. The remainder of the competitive season is highlighted by the NJAIAW Championships on Feb. 22 and ECAC Championships on March 8.

The Indians have only one senior on this year’s squad, which means Bell has the pleasure of watching the women hone their skills next season.

If the team reaches potential, they will be a squad to be reckoned with in Division III competition.

On Saturday night, MSC defeated Rutgers-Camden in a surprisingly close contest, 62-60. The Indians (10-8) came into the game in fourth place in the New Jersey Athletic Conference (NJAC) with a 7-4 record. Rutgers-Camden was cemented in ninth with a 2-9 conference record.

MSC fell behind early in Camden, and trailed 31-18 at the half. The Indians outscored their opponents in the second half by six, however, to pull out the win and secure their place in the standings.

As predicted if the Indians were troubled by the Pioneers' aggressive defense, MSC guard Ed Dolan said, "No, we just didn't play well."

Bob Smith led MSC in scoring with 22 points, and grabbed 11 rebounds. Smith also scored the final basket of the contest to put MSC two games over .500 for the first time this season. Steve Swinton chipped in with 10 points, and Dolan had five assists to aid the Indian cause.

Montclair 62
Jaspan 2-0-4, Smith 8-6-22, Swinton 5-0-10, Dolan 2-5-9, Delrio 3-0-6, Scott 1-2-4, Farrell 0-1-1, Dunn 1-0-2, Johnson 1-0-2, Hardy 2-0-4

Rutgers-Camden 60
Derer 9-6-24, Coleman 3-1-7, Butler 2-0-4, Depersia 5-3-13, Mulroy 4-0-8, Hardy 2-0-4

MSC center Mike Farrell (24) goes up for two.

MSC rolled past Rutgers-Newark 84-47 Wednesday night and moved closer to securing a NJAC playoff berth.

The Indians continued to dominate Rutgers-Newark in the second half as four MSC players reached double figures in scoring. Bob Smith (18 points) and Tom Jaspan (15) led the Indians, despite leaving the game with 7:31 left to play.

Mike Farrell added 11 points and Steve Swinton had 10 for MSC.

"And we didn't adjust to that style until after all that (the officiating, having six players in deep foul trouble), we still had a chance to win the game," said Jeffrey. "With 40 seconds left and Marywood on top 76-72, the MSC full court press netted a 20-foot jumper by senior guard Sue Ball to bring the Indians within a basket of Marywood. With 8 seconds left, the Indians got the ball back for one last chance to tie. Ball was fouled and went to the line shooting one-and-one, with no time left. She missed the first free throw, though, and Marywood retained possession.

"It was a terribly officiated game," Jeffrey reiterated. "We're used to playing very aggressively." That game plan was interrupted by the referees in the first game of the tournament. The Indians bounced back in the consolation game, though, as they defeated Gallaudet of Washington, D.C., 72-57.

"We played very well against Gallaudet," said Jeffrey, who had only a few negative words about her team's play over the weekend. Debbie Emery scored 29 points in the MSC victory over Gallaudet to go with the 26 she scored against Marywood. Ball was second to Emery in scoring in the consolation game, as she netted 14 of her own.

Lately, the Indians have had to rely upon the scoring efforts of their guards, Emery and Ball, to carry them. In the New Rochelle tournament, that story remained the same. "We just didn't get the scoring punch from our center and forward line," said Jeffrey. She did have words of praise for reserve center Sue Ehrmann, though. "Sue played a very good defensive game on both days," said Jeffrey.

Bid for 3rd tournament title foiled

Lady Indians split in N.Y.

By Jim Nicolsa

Jill Jeffrey was thinking about stepping out at halftime of the first game of the New Rochelle Women's Basketball Tournament last weekend to make a phone call to the New Rochelle Police. Her complaint—the tournament referees.

"We were robbed," said the MSC Women's Basketball Head Coach. On Saturday, the Indians lost in the opening game of the tournament to Marywood College, 76-74. They contributed most to the refereeing than to Marywood, though, and Jeffrey had a few words to say about it.

"The refereeing style allowed for virtually no contact at all," said Jeffrey. "And we didn't adjust to that style until after the second game of the tournament." In their loss to Marywood, the Indians suffered so much because of the over-strict officiating that three players fouled out and three others played with four fouls.

"I consider it a girls' high school basketball type of refereeing," Jeffrey said. "After all that (the officiating, having six players in deep foul trouble), we still had a chance to win the game." With 40 seconds left and Marywood on top 76-72, the MSC full court press netted a 20-foot jumper by senior guard Sue Ball to bring the Indians within a basket of Marywood. With 8 seconds left, the Indians got the ball back for one last chance to tie. Ball was fouled and went to the line shooting one-and-one with no time left. She missed the first free throw, though, and Marywood retained possession.

"It was a terribly officiated game," Jeffrey reiterated. "We're used to playing very aggressively." That game plan was interrupted by the referees in the first game of the tournament. The Indians bounced back in the consolation game, though, as they defeated Gallaudet of Washington, D.C., 72-57.

"We played very well against Gallaudet," said Jeffrey, who had only a few negative words about her team's play over the weekend. Debbie Emery scored 29 points in the MSC victory over Gallaudet to go with the 26 she scored against Marywood. Ball was second to Emery in scoring in the consolation game, as she netted 14 of her own.

Lately, the Indians have had to rely upon the scoring efforts of their guards, Emery and Ball, to carry them. In the New Rochelle tournament, that story remained the same. "We just didn't get the scoring punch from our center and forward line," said Jeffrey. She did have words of praise for reserve center Sue Ehrmann, though. "Sue played a very good defensive game on both days," said Jeffrey.
