**Family is key to resolving suicide crisis**

**By Vivette Watson  
Staff Writer**

"Suicide is the leading cause of death among youths between the ages of 14 and 24 in New Jersey. It's the second and third leading cause of death among adolescents," said Dr. Gary Lamson, vice president of the University of Medicine and Dentistry and a member of the Governor's Advisory Council of Adolescents.

Lamson, Oro Scialera and Steven Rhodes participated in the Public Policy Forum "Teenagers in Crisis" on Tuesday, April 28, in the Student Center.

"There were 9.4 suicides per 100,000 adolescents in N.J. in '84. That's up from 7.4 in '83. The national average is 12.2. And we don't know how accurate those figures are since many suicides aren't reported due to the stigma attached to it," said Lamson. "Pressures to succeed, lack of family support and the lack of problem-solving ability contribute to adolescents attempting or committing suicides."

"A common sign among those who will attempt suicide is depression, which is often hidden by macho acts in males and promiscuity in females," Lamson said. People are more at risk for suicide if the family has previously attempted suicide.

Drug ingestion and wrist-slashing, which leave time for rescue, were cited as being more common among females. But firearms are often used by both males and females who commit suicide. The highest rate for suicide completion is among white males. One third of those who complete suicide had attempted before.

In an effort to combat teen suicide, the Departments of Education and Human Services have developed suicide awareness programs in the tenth grade of six schools. "Since teens spend most of their time in school, we want to link the schools with the social health agencies. Programs have been developed for the teachers, guidance counselors, students and parents, to help identify adolescents at risk," said Lamson.

"Teens in crisis should be viewed as a continuum. At one end they have school and family problems and at the other end they are on drugs or contemplating suicide," added Steven Rhodes, co-ordinator of the Off Street Program sponsored by Covenant House in New York City.

"One such problem required students to consider running away from home but the kids and I dealt with have run away from home, and they are from all over the country. These kids are involved in drugs, crime and prostitution." Rhodes explained that there often was a problem in the homes of these runaways who turn prostitutes, with over 90% of them having been physically and sexually abused.

"Each night in New York City there are about 1500 juveniles involved in prostitution. Over 90% of them are carrying the AIDS virus and they have 10 to 15 customers per night. Often they are out there prostituting to support a drug habit. It's a vicious cycle and the kids are literally dying from drugs and AIDS."

Rhodes added that efforts to educate children about drug abuse should be concentrated on grade school children since many New York children are receiving payment to carry weapons from one prostitute to another.

The Association for Children is a program that has drafted laws from abuse, and it attempts to be a voice for young people. Executive director, Scialera said "We began to notice young people becoming alienated from the parents, families were also not cohesive. The courts and schools seemed unable to cope with problems that were becoming common."

According to Scialera, to deal with these problems we must first understand what causes the feeling of alienation, "Each area seems to have a common theme, kids don't have self-esteem or confidence. They don't have that feeling of self worth. These things must come from the family," said Scialera.

"Two many kids are not being told they are loved and being given the tools to make decisions. We have to look at what type of investment we make in our children," said Scialera. "I don't believe we in America care really for our children. If we did, we would commit more time and energy caring for them. We wouldn't let these things happen to them."

"Look at our family support services and our efforts to combat teen preg-nancy."

---

**Tuition increased by ten percent**

The MSC Board of Trustees unanimously approved a 10 percent tuition increase effective for the 1986-87 academic year.

The college may reportedly raise tuition even more in following years if enrollment continues to decline.

To undergraduate New Jersey residents, the 10 percent increase will mean a jump of four dollars. Students will now pay 44 dollars per credit. Out-of-state undergraduates will pay 66 dollars.

Resident graduate students will pay 88 dollars per credit next year, while out-of-state graduate students will pay 110 dollars per credit.

When the New Jersey Board of Higher Education granted autonomy to the nine state colleges last July, they were given a free hand to raise tuition. Previously, the Board of Higher Education set the tuition rates.

Tuition and fees will account for 30 percent of MSC's 42.9 million budget. Prior to the increase it was 26 percent.

---

**Students compete in championships**

By Claire Magersky  
Correspondent

Omar the Shariff, Atilla the Bun and a giant red blood cell were just a few of the unusual characters who appeared on campus last Friday and Saturday, May 1 and 2, as participants in the State Championships for creative problem solving.

More than one thousand students ranging from kindergarten through college age competed in the event, which was conducted for the first time at MSC. The competing teams were composed of regional winners from schools throughout New Jersey. Winners of the state championships will move on to compete in the national championships to be held in Michigan at the end of May.

The competition was co-sponsored by MSC and the New Jersey Olympics of the Mind Association. (NJOM) The NJOM Association is a nine-year-old program which began in New Jersey under the direction of Dr. C. Samuel Mickus, a professor at Glassboro State College. Mickus developed the program to challenge "creatively gifted" students.

Today, the program has reached the international level and now involves schools from all over the United States, Canada, Mexico, England and Australia.

Criteria for judging the competition was divided into three parts: spontaneous problem, long-term problem and style. Teams were judged on their responses in each of these categories.

Students had no knowledge of the "spontaneous problem" prior to the day of the event. This type of problem challenged participants in the areas of verbal fluency, flexibility and originality. One such problem required competitors to come up with as many creative uses as possible for a given mechanical device.

Students had several months to work on the solutions to the given long-term problems." A sample problem involved creating a parody, satire or young people's version of a popular novel and their works, then presenting an eight minute performance using props, background and music. Some of these problems reflected successful completion on p. 3.

MSC headed for the World Series? Find out the facts! p. 20
The Montclarion wishes everyone a fantastic summer and looks forward to providing you with award-winning coverage again in the fall.

We would also like to thank the following people, without whom our success as New Jersey's leading collegiate weekly would not have been possible:

Our assistant editors and other VIP's:

Jennifer (Jenny Fur) Stelevich
Paul (The Mad Mohican) Mampilly
John (Can't you tone it down a little?) Paul
Joanne (sure, give me more work to do, I like pain) Cummings
Bob Loveless (and Paidless, too)
Joanne (Could you just sorta reorganize this) Barclay
Diane Lewis (not Sawyer)
That girl whose name we always forget

Our loyal and few, but growing number of staff writers/staff photographers:

Wally (The Tuna) Acuna
Perry (I got 8 stories this week, buddy) Schwarz
Mike (SQA) Heelan
Dennis (Tell me the truth, did you like my article?) Campbell
Linda (being patient with the police) Longo
Paul Rickert (who's actually quite a literate fellow)
Ivan (Tidbit) Nissenberg
Patty (I didn't have time to type it) Jones
Vivette (Wanna cover a great lecture?!) Watson
Chris Kelley
Dwight Gooden

Last, but not least, our correspondents and such people who we hope will become full-time members of our growing staff:

Mike (No more darkroom for me, thanks) Woods
Lisa VanFleet
Kirsten Cipri
Tony Bavaro
TKE (We love The Montclarion) Fraternity
Tom Boud
Nicole Quinovsky
Jeff (Jazzy J) Wingfield
Debbie Farina
Richard Herdman
Oren Zeve
Joe Caruso

Mucho congratulations to the new Executive Board:

MAUREEN FREEBURG- Editor-in-Chieftain
LYNN COWAN- News Editor with an intense hatred of incorrect grammar, oops, I mean grammar
PAUL MAMPILLY- socialist Assignment Editor
KENNY PECK- Sports Editor (yes, we have one again)
WALLY ACUNA- Photo Editor (although now he can't get paid- ha, ha)
and still-
PASQUALE DIFULCO- not a shy man by any means

and also:
KRISTINE ROOME- Treasurer who pronounces her own name wrong
JOAN MADO- Advertising Manager (a bit keyed down from Susan)
KATHY MCDONOUGH- Business Manager (finally in her own environment)
Joanmary Staudt, Lisa Zarillo, Maureen O'Hora, LaVaughn Slaven, Rob Knoll, Angela Micchelli, and all those we might have forgotten but who mean the world to us- THANKS.

and just a small goodbye to Gary Ruff, Jim Nicosia, Sue Baldasame, Maria Cirianni, Maria Tamburello, Mary Donnelly and Frank Benio, who are gragitating from this fine institution (sooner or later). Only the best of luck in the future!

nancy. Some other western countries
have made progress and have been

more effective in fighting teen preg­
nancy. They have managed to cut

their children, "explained Scalera.

They have managed to cut

behind in taking care of mothers and

children," explained Scalera.

He believes programs with trained

counselors are needed. "We must

prevent generation after generation

from suffering. We must empower

young people to give them a chance," he said. "Maybe if we begin building at

ease seven, in 10 to 15 years, that

generation won't be in a crisis and we

will have broken the cycle."

Scalera advised people to listen to

their friends or family members.

He stated that parents should worry less

about schools teaching their children

about sex, and worry more about

spending time with their children.

"Now, there's a debate on parental

leave, but it's needed. If parents had

more time, many of them would be

able to respond to their children's needs."

According to Rhodes, that is the

reason why girls turn to pimps. "Finally,

here is someone saying he loves them

and will take care of them. When we

take them off to Manhattan at night,

many kids tell us they don't need us

because they already have someone

who cares."

Lamson believes the American socie­
ty is too isolated, tending to look the

other way instead of being a commun­

ity. He praised the efforts of MSC's

Drop-in-Center for providing students

with a place to go for help. "The

extended family is practically gone.

Now we have too many single-parent

families, both male and female."

"The family has changed, but we still

have systems, school and community

services designed in 1940, and they are

struggling to cope with these new

problems," said Scalera. The systems

need to be changed, but, "I don't think

they can replace the family."

Residence life runs amuck on campus

By Linda Longo

Staff Writer

On May 6, a memo board posted on

a second floor resident's door in Stone

Hall was set on fire at 12:19 am.

"Suspicious" fires have been set in the

same building many times.

On May 3-7 had a window broken and the

stereo stolen.

On May 5 in lot 13, a 1976 Firebird

was broken into and a radar detector,

radio, equalizer, tool box, tapes and

lock were stolen. The total value was

$854.

That same night, a Bohn Hall resi­
dent who left his locked room at 5pm,

returned at 8p.m. and found his $129

television missing. There was no sign

of a forced entry.

On May 6, a Bohn Hall resident

discovered her $85 bicycle was stolen

from the storage room since it was last

checked on April 27. The door's latch

and lock had been broken off.

When workers aren't there, business doesn't work.

Cancer strikes 120,000 people in our work force every year. Although no
dollar value can ever be placed on a human life, the fact remains that our
economy loses more than $10 billion in earnings every year that cancer
victims would have generated. Earnings they might still be generating if they
had known the simple facts on how to protect themselves from cancer.
Now you can do something to protect your employees, your company,
yourself... call your local unit of the American Cancer Society and ask
for their free pamphlet, "Helping Your Employees to Protect Themselves
Against Cancer." Start your company on a policy of good health today!
Montclarion's staff elects its new board of editors

By Kathy McDonough
Assignment Editor

The Montclarion staff held its elections for the 1987-88 school year and named Maureen Freiberg the new Editor-in-Chief.

Freiberg, a junior communications major, served as Assignment Editor in 1985 and is currently finishing her term as Managing Editor. She will take over the position now held by Jim Nicosia in September.

"Maureen has been an editor for two years and has done extremely well in her capacity as Managing Editor. I am confident she has the experience needed to be an effective Editor-in-Chief. She has worked closely with me this year and has become familiar with the job," Nicosia said.

This month the Montclarion received a first class rating, with one mark of distinction, for the 1896 school year from the Associated Collegiate Press (ACP). The Montclarion received this distinguished honor after being judged against college newspapers across the country.

"There is no question in my mind that next year's staff is going to continue to grow and produce a quality newspaper," said Nicosia.

Paul Mampiliy, a freshman business major, served as Assistant Assignment Editor this past semester and will replace Kathy McDonough as Assignment Editor.

"I have learned a lot in my assistant position and I hope to continue to maintain the standards set by this year's news department," said Mampiliy.

Lynn Cowan hopes to work closely with Mampiliy in her position as News Editor. She will take the position currently held by Mary Donnelly.

"I think next year will be a learning experience for Paul and I. It will be a time of change and innovation," said Cowan.

Matt Russas will continue to serve as Editor-in-Chief, Page Editor and Pasquale DiFulco will inform, entertain, and amuse the campus as Arts and Entertainment Editor.

Wally Acuna, the newly elected Photo Editor will replace senior Maria Tamburello. Acuna brings to the position the experience he gained while serving as Tamburello's assistant this past year. Staff writer Kenny Peck will take over as Sports Editor.

"We have an excellent sports program here at MSC and I hope to continue to give it the coverage it deserves," said Peck.

Nicosia is confident of the abilities of the newly elected staff. "Whatever they lack in experience is more than made up for in desire and innovation," he said.

Pass/Fail option is approved by Garrett

By Mike Heelan
Staff Writer

The SGA announced Vice President of Academic Affairs Roland Garrett's approval of the Pass/Fail option. When the bill takes effect, the Pass/Fail option will no longer apply to General Education Requirements (GER). Students are encouraged to contact Dr. Garrett to preserve the option for current students.

The legislature overturned President Mark Brancato's veto of Four Walls' constitutional amendment passed that states funds received by contributing Class I organizations must be approved by next year's appropriation committee.

An emergency legislation bill grants WMSC-FM $3,842.86 from the capital equipment fund. The equipment is required by the Federal Communications Commission (FCC). Denise Kurser was appointed SGA Attorney General for the upcoming year. Robin Miller was appointed as an alternate to the Board of Trustees.

A Class II charter was granted to the Human Relations Organization (HRO). This comes after their downgrading from a Class I organization. However, members are optimistic about the future of the organization.

A Class II charter was approved by the Student Senate. Alpha Phi Omega is the only organization interested in discipline of defense. Class III charters were approved for the Sports Club Council and Sigma Delta Phi. A Class IV charter was approved for Alpha Phi Omega.

Phi Kappa Phi indicts new members

Phi Kappa Phi, the national honor fraternity, will induct new members on May 14. A group of students comprising 3% of juniors, 7% of seniors, and 10% of graduate students will be the new members.

Phi Kappa Phi was founded at the University of Maine in 1897 as the first national undergraduate honor society to invite into membership the most outstanding students in every field of study. Chapters now exist across the United States at 244 colleges and universities. Since chapters elect only a small group from each graduating class, membership is a mark of distinction.

M/F
Student-run council to discuss EPSAC

By Joanne Cummings
Staff Writer

The Education department at MSC recently appointed a student run council to discuss the components of the existing Teacher Education Program. The Education Program's Student Advisory Council (EPSAC) consists of a student representative from every field of education.

Dr. Pines, the director of Teacher Education, was responsible for the formation of the council after a resolution was passed by the Teacher Education Policy Committee last fall. Pines stated, "The council is one of several changes being made to give the students more of a sense of community, so that they have a greater sense of identification with the Teacher Education Program."

In the past, decisions on program policy were made by the Teacher Education Policy Committee. This committee is comprised of Dean Michelli, the dean of Education, faculty supervisors from each field of education, two student representatives, and Pines. With the appointment of the student advisory council, there will be a third student representative, who will act as a liaison, serving on both committees. Pines will serve on both committees as well.

In recent semesters, surveys were given to students for evaluating existing programs policies, but until the council was formed, there was no face to face contact between students and the committee, with the exception of the two student representatives.

EPSAC has 14 student representatives, each chosen by their department chairperson and educational supervisor. The council meets several times a semester and each representative is responsible for relaying information to and from the students in their field of education. The chairperson, Gina Montalbano, a student of Business Education and Office Systems Administration, will act as the liaison to both committees.

The committee will ultimately make the decisions on all program changes, however, Pines claims that with the appointment of EPSAC, student recommendations will be "very seriously considered."
Eye on MSC
Neutron Bomb hits MSC?

Only kidding, these students are just enjoying the change in weather by basking in the sun.

THANK YOU!
To Maureen, Pat, Matt, Mary, Kathy, Maria, Jennifer, Paul, Joanne, and yes, even Frank...

You don’t realize how much this year has meant to me, or how much I’m going to miss this place.
But nonetheless...

WE MADE IT!!!
Thanks- and be proud, because I sure am.

And to the “new” guys-
Moe (again), Paul (again), Lynn (sniff), Wally (the Tuna), my buddy Kenny - you’re going to do just fabulous!!!

Don’t forget me - I won’t forget you.

Love, Jim

MSC's tuition hike: Will we get what we'll pay for?

Before you get excited about summer vacation and a long rest before coming back to MSC in the fall, we've got bad news for you. When you return in September, you're going to find a 10 percent increase in the tuition here at MSC. The Board of Trustees unanimously agreed to enact that change at Monday's meeting. Thank you, Board of Trustees.

Now, before you start believing all the talk about increasing inflation and decreasing enrollment, stop again. It has been determined that tuition increases in New Jersey have far outweighed increasing inflation. MSC's latest increase comes two weeks on the heels of William Paterson's 10 percent increase.

Bringing this down to dollars and nonsense, our tuition will no longer be $40 a credit, but $44. That is, if you are an undergraduate residing out of New Jersey. Undergraduates residing out of New Jersey will be paying $46 instead of $40. In-state graduates will be shellng out $88 a credit. Topping off the wonderful list is the out-of-state grad, who will find him/herself out $110 per credit. No. 10 percent is not a small deal.

New Jersey claims to be big on education. Governor Thomas Kean seems to pride himself on the advances his administration has supposedly made in the field of higher education, i.e. the Challenge Grant, autonomy, etc. Well, we've finally found the negative side of autonomy. It seems that without the granting of the autonomy to all New Jersey state colleges, the Board of Trustees would never have had the power to enact a tuition hike. Uh-oh, what have we done here, folks? In the past, the New Jersey Board of Higher Education used to set the rates. Strange how little time it took for the Board of Trustees to flex its financial muscles, isn't it? Oh, yes, and get used to it. We've been assured that future hikes are probable.

If enrollment goes down, tuition will go up, they say. Face it, enrollment has not "gone down," per se, so much as rejection of students has gone up. President Donald Walters has made his intentions clear - he wants MSC to be an elite school. Also, by raising our standards, this keeps the other state schools in business. They get what we reject. Now all this sounds semi-reasonable, but what the Montclarion wants to know is how we haven't seen evidence of an increase in the quality of Our education. Where is the extra funding for the library and why are the individual college department being cut funds instead of raised? All Walters is accomplishing is making Montclair State the hardest mediocre school to get into.

The Montclarion hopes that student trustee representative can use the newly-awarded vote to stop the landlady of increasing tuition. Something has got to change. If MSC doesn't become the elite school Walters wants it to be, we shouldn't be paying elite prices.

---

MSC’s microwave dishes catch heat

At the beginning of the semester, the Conservation Club circulated a questionnaire to the 500 faculty and staff of MSC. We wanted to get an idea of whether or not they were as concerned about the presence of microwave dishes near Clive Road as we were. Below are the questions we asked and a summary of the responses that we received. Overall, we feel the experiment was a great success, but also feel that a few accusations aimed at the club need to be cleared up. First of all, we did check our information, not only with several of the professors on campus, but also with library sources and several other environmental organizations. Our facts are supportable.

Secondly, this was not an attempt to reach an emotional cord inside of people. It was an honest attempt to scientifically obtain data through sampling the affected population. The questions were purposely constructed using words like "may" and "possibly" because all of our sources indicated that no conclusive studies have yet been done.

Thirdly, this is not some sort of irrational crusade. The effects of microwave radiation is a topic of real concern throughout New Jersey. The townships of Vernon, Sparta and Rockaway, to name just a few, share our concern on this topic and have petitioned the Environmental Protection Agency (EPA) to have further research done on this subject. Finally, several of the respondents to our poll, in answer to question #6, indicated that they would like to see research done before removing the dishes is considered. We would like to indicate at this time that the Conservation Club would like to see research done first as well. The removal of the microwave dishes was only mentioned because it is a possibility. We thank all those who responded to our poll and encourage discussion on this topic from faculty and students alike.

The questions asked (and responses given) were:

1) Do you know the location of the microwave dishes on campus? 77% yes 19% no
2) Did you know that wavelengths emitted by these dishes are received by the human body, as a TV antennae would receive them? 38% yes 58% no
3) Did you know that the beam from the microwave dishes runs directly across the MSC campus? 19% yes 80% no
4) Did you know that levels of exposure not even large enough to cause heating may cause damage to the immune system, the nervous system and even affect the brain and behavioral patterns? 16% yes 80% no
5) Did you know that the college administration receives an annual rent of approximately $48,000 from these microwave dishes? 23% yes 77% no
6) Would you support the efforts of the Conservation Club to petition the Department of Environmental Protection for the purpose of having further research done on the effects of microwave radiation and the possible removal of these dishes from this campus? 90% yes 9% no

Maureen Flannery is a member of the Conservation Club.
Quarterly's Editor-in-Chief sets their story straight

To the Editor:

Last week, lame duck SGA President Mark Brancato wrote a letter concerning The Montclarion's handling of the Four Walls (Quarterly) issue. Said Brancato, "The Montclarion jumped on an opportunity to misstate facts and print information using limited sources." This was an interesting statement coming from Mr. Brancato, since he then proceeded to misstate all the facts.

To begin with, The Montclarion's editorial said that Four Walls was "overlooked" when it came to submit a budget. (Brancato's official reason for vetoing the bill was that no money had been set aside in the SGA's budget.)

According to his letter, no budget was submitted because there was no bill submitted for a charter. This was inaccurate. A legislative sponsor had submitted the bill in time. It was submitted and accepted on April 20, 1987. Late in the afternoon of April 22, I received a memo from SGA Treasurer Mark Skraborja saying that since there was no legislative sponsor for the bill, he was recommending to the President that a budget of $0 be submitted. I informed Mr. Skraborja that he was in error and the SGA minutes attested to that fact.

In a meeting with Mr. Brancato, he told me that the reason he had acted on this incorrect information was that the SGA minutes were not in circulation until after he had submitted the $0 budget.

What would you call it when the President of the SGA takes an action that serious without doublechecking the facts? I will be kind and call it "neglect."

Secondly, Mr. Brancato, stated that we had chosen to ignore our distribution problem. What distribution problem? As I, personally, have pointed out to the legislature, what we have is a limited budget. We just can't afford to print that many issues. The ones we print, we distribute several high traffic areas on campus and they're all taken. I must assume that they are being picked up by MSC students.

Thirdly, Mr. Brancato asserted that the entire executive board except for myself, the Editor-in-Chief, had resigned. This is only partly true. Three of them were asked to resign because they were not doing their jobs effectively and were replaced with people who would. The fourth graduated.

Fourthly, Mr. Brancato said, "How can Quarterly propose to me the idea of an extensive marketing plan...?" Let me explain what this meant, as it probably wasn't too clear in his letter. In a meeting in February, I told Mr. Brancato that I was well aware that the SGA was facing a serious budget decrease. I said that my organization would like to try to defer our costs as much as possible.

Having just received an International Standard Serial Number (ISSN) from the Library of Congress, we could conceivably sell the magazine off campus. I know we are not prepared to do this tomorrow, but it is a serious consideration for the near future. (Any marketing majors interested in working on such a project are cordially invited to join the staff. We would love to put your expertise to work.)

Finally, as to the only true statement in Mr. Brancato's letter, we have not yet put out the magazine. For this I am truly sorry. I won't bore you with the details but Mr. Brancato is certainly aware of them because I told him in our February meeting. That's why it amazed me to find in our most recent meeting that he had no idea where we were in production. I told him in February that the Fall issue was laid out and ready to go as soon as we received a bid we could afford. Again, I won't bore you with the details but it was clear from our conversation that he just plain forgot.

When I first joined Quarterly three years ago, it was fighting its way back from many problem years. Wendy Deja did an incredible amount of work to put us on the right track but that was just the beginning.

To make a magazine of competitive and marketable quality has meant massive reconstruction of the organization and the publication. We've accomplished a lot and we've made a lot of mistakes. We are, after all, students and we were stepping into unknown territory. But then, isn't that what learning is all about.

The past two SGA administrations were extremely supportive. (My special thanks here go out to Dave Handal and Frank Little.) It is a sad shame that Mr. Brancato could not see his way clear to be as helpful.

Throughout it all, we have chosen to ignore our distribution problem. We have chosen to ignore the minutes attesting to the fact. I must assume that they are being overlooked by MSC students.

To the Editor:

A significant number of students who have not completed all of their degree requirements will be participating in Commencement 1987—if they have made the appropriate arrangements through the Counseling Center. Students in that group may obtain graduation information from the Student Government Office, the main desk of the Student Center, or the Dean of Students Office, 217 College Hall. All other students who will graduate have had similar information mailed to their home and if they have not received it they may also obtain duplicate information from the above sites.

Edward C. Martin

CLASS ONE CONCERTS of the SGA presents

A FREE OUTDOOR SHOW FEATURING

LONE JUSTICE
with MAXIMUM AMERICA

FREE
Sunday, May 17 2:30 PM in the Ampitheatre

In case of rain, the party moves to the gym.

BRING YOUR SUNTAN LOTION, BLANKETS AND BEVERAGES!

C1C is a Class One Organization of the SGA.
How to buy a jacket.

The American Express® Card can get you virtually everything from a leather jacket to a leather-bound classic. Whether you are bound for a bookstore or a beach in Bermuda. So during college and after, it's the perfect way to pay for just about anything you'll want.

How to get the Card before graduation. College is the first sign of success. And because we believe in your potential, we've made it easier to get the American Express Card right now. You can qualify even before you graduate with our special student offers. For details, look for applications on campus. Or just call 1-800-THE-CARD, and ask for a student application.

The American Express Card. Don't Leave School Without It.
Concert lives Up 2 expectations
By Jim Nooney

"U2: Shine Light Into Darkness" read the sign, which was displayed by two fans during Monday's U2 concert at the Brendan Byrne Arena. That phrase was the perfect description for the five sold out shows. For nearly two hours the four-man Irish group filled the arena with boy-ego junkyard rock and roll. The darkness referred to such song topics as heroin addiction, political turmoil, and spiritual confusion. But through the sheer power of their music U2 showed that it is possible to rise up over problems and emerge triumphant into the daylight.

The pre-show atmosphere was one of incredible anticipation and electricity. As the lights went out drummer Larry Mullen Jr., bassist Adam Clayton, and "guitar hero" The Edge walked on stage to a tremendous roar. As the cheering continued the trio began a soft instrumental passage, which was barely audible over the applause of the fans.

The noise built to a crescendo when vocalist Bono burst onto the scene. As a brilliant wash of light flooded the building, the screen that read "Where The Streets Have No Name," the first song on their latest album The Joshua Tree. This was followed by a powerful version of "I Will Follow." Following the melos Bono stated, "We have the number one album on the radio and the number three single but I still Haven't Found What I'm Looking For." The soothing sound of "MJK" then drifted through the air.

At this point the band upped the intensity of the notch. With the stage bathed in an eerie red glow, Bono stated, "There are some fires you can't forget, this is The Unforgettable Fire." Then, as The Edge's synthesizer faded at the song's end, U2 pushed the throttle wide open.

Larry Mullen Jr. lay down a crisp, military beat on the snare drum, while the bottom end held down with Clayton's bass line ominously in the background. The Edge fired uneasy sounding bursts of feedback for his amp. Suddenly, the stage exploded with light as the spotlights crazily panned the stage like tracers from a machine gun. "Blue Sky" had invaded the stage of the Arena. The song, based on Bono's trip to Central America, reached an intensity level that would not be matched for the rest of the night. This was particularly true in the middle portion of the song, as Bono repeatedly spat out lines like "And I can see those fighter planes...Outside it's America...but tonight's NEW JERSEY!" The Edge, "making his amp sound like El Salvador," as Bono said, wrenched a blistering, anguished slide guitar solo from his Stratocaster.

Bono picked up a spotlight and slowly circled the stage, ruthlessly hunting him with the single light like a hellish guilla fighter. The stark silhouette of The Edge combined with the ever-increasing intensity of Bono and the rhythmic attack of Clayton and Mullen to create an almost other worldly day-glow image of the raw power of rock and roll as I have ever seen at any concert.

After Bono had reached the peak, a few did come close. One of these was "Exit" from The Joshua Tree. During this portion of the music an enthusiastic fanon, Bono added the lines from the Doors' songs "Riders On The Storm" and "Gloria.

Surprisingly, another dramatic highlight was provided by a stinging solo. After "October," when the band normally segues into "New Year's Day," during this tale of murder by a religious war, Bono stated, "I wish I had never written this song." Suddenly, Bono said they had done very few times before. He added, "I wish I had never written this song." With that command the band roared off into "New Year's Day."

Another surprise was the discovery that, contrary to popular opinion, U2 does have a sense of humor. Once again, Bono commented, "People always say we're a serious band because we look serious in our pictures." With a devilish grin he added, "Well have you ever heard U2 do Eddie Cochran?" And sure enough, they did an outstanding version of Cochran's "Come On Everybody," highlighted by Bono's donning a denim jacket tossed from the crowd, sticking his hair back in a mock pompadour and cracking, "Edge, I need a haircut!"

So many moments stand out from this extraordinary show: the always powerful "October," the blues influence in "Trip Through Your Wires" and "Running To Stand Still," and Bono's admission that "there are at least 100 harmonica players better than me!" Also, the renewed urgency of "Sunday Bloody Sunday" in light of the recent IRA attack, and, finally, the wonderful version of "Pride" which ended the set.

The choice of "With or Without You" for the encore was no surprise. The audience members sang along word for word as they had all night long. And even after he left and the house lights came up, the crowd still sang "How long to sing this song? How long? For U2 and their fans the answer seems to be for many years to come.

The piano man closes out U.S. tour with dazzling performance
By Jennifer G. Stelevich

Billy Joel dazzled the sold-out Meadowlands crowd last Friday night. Joel stunned and received an indescribable applause and a standing ovation. He didn't waste time entertaining his fans with his story-book lyrics. His only guitar-playing song of the concert, "Matter of Trust" from his new album The Bridge, swept the audience off their feet.

Joel and his band harmonized with echoes from the crowd after "Scenes from and Italian Restaurant," "Goodnight Saigon" and "Innocent Man." With a revolving keyboard in three corners of the stage and his grand piano in the fourth corner, Joel performed to every member of the audience. You can also say he touched the audience. Joel walked out amongst the lucky people with floor seats. Lead guitarist David Brown paraded around the floor seats also, and Mark Rivera, sax player, followed suit.

Songs from his new album balanced his old favorites. From The Bridge, his eleventh LP, Joel offered such hits as "Baby Grand" and "Matter of Trust." "Big Man on Mulberry Street" stirred the audience (along with the cast of "Moonlighting")—an episode was based on the song. The concert was energetic and marvelously entertaining. From Joel's introductions, the crowd realized he was exalted. Moving at a quick pace, the piano man kept his audience dancing and singing.

When Joel said goodbye, the crowd flared their lighters and roared and roared - long enough to participate in three encores. Joel began with a simon-sez sing-a-long with the audience. He followed with Manfred Mann's "Blinded by the Light." The encore was segued into "Uptown Girl." And yes, I caught a glimpse of his darling wife Christie standing near the stage. And guess what? She was wearing ugly shoes.

The sing-a-long continued with other encore numbers: "It's Still Rock and Roll To Me" and "Just A Fantasy." Joel climbed a strand of light cables to a height of about fifty feet above the stage. He slid down and began to sing "Big Shot" while performing acoustic guitar and grand piano.

Unfortunately, Saturday marked the end of The Bridge tour in the U.S. as Joel plans to tour in Europe and Japan someday. For six shows. But the magic of Billy Joel and his band can be shared on any of his eleven LP's. Until he tours again in the U.S., just keep the faith.

Rock n' Roll Corner
Pasquale DiFulco

...and they're comin' down the homestretch! ...O.K., if you missed Paul Simon and U2, you can still catch: Genesis, Boston, Duran Duran, Bob Dylan & The Grateful Dead, David Bowie, Psychdelic Furs, and just about anyone in music, because everyone and their mother are hitting the road this summer...Has anyone heard the new Bob Seger yet? Be grateful if you haven't. Bluntly stated, it sucks...CBS Records has a neat little newsletter called "Ground Zero," but does the word "NULL" mean anything to anyone?...Bruce books currently being touted include rock critic and sometime-idiot Dave Marsh's soon-to-be-released big bio and a nifty trivia book by Deborah Hay called "Prove It All Night" (Mustang, $5.95)...Last week's trivia answer: $4.50...This week: What Arts Editor is going to buckle down and try to get some work done now that he does not have to write about Arts/Entertainment section until next September?...Have a safe, happy, healthy, and rockin' summer. See you here in 113 days...Dots' stil!
To Martha Losche, Before I graduate I would like to say, I love you Martha. P.S. You have cute eyes. B.H.O.

-Jodi and Bridget, I want you to know you two are so special to me and thanks for making my year “Festive.” I love you.

-Scott Q. Chuck’s looking for you! Right now in 151! You Know Who.

-Spyder: Cold Piggy loves you! We miss you.-A.

-Maria, Ya think we can obtain our men before the semester ends? I’m tired of drooling at dinner. Hee Hee. Archimedes (Maybe personals will help)

-lor, art is art and ignorance is what it be and such and such and so and but the victory is oh so sweet-love lav

-To the girl with the beautiful long blond hair I pass by twice a semester. What’s your name? Blond/Blue eyed

-Jimmy Williams for President “Ameri-ca’s Newest Super Hero”-Jodi, Maria, and Kathie I can’t wait for us to live together next year-Gidge

To L.R.C., I’m really going to miss over the summer. I’m glad we’re friends! Love L.R.C.

-WMSC Thanks for all the good times. It was great.-The Living Legend

-Debbie S.: I’ve seen you at a few clove parties and at the ball. Hopefully I’ll get to meet you. I’ll be there.

-Tracy, Thanks for being such a great friend and for always being there for me. Mary Ann

-Gidget, Here’s to our song “Set me free-why don’t you baby? Get out of my life-why don’t you baby? Love Maria

-To Jodi L. and Patti M., Ahhhhh D… (Hee Hee). Love Maria

-K.-Please just leave me alone! S.

-Club Lark’s Vomit welcomes all Political Refugees for its Armed Forces Day Celebration. Bring your own hamburger meat. Saturday.

-Scottie: The past three months have been the best! You’re so sweet. Love you always-Your Favorite

-Trishella-Where did we park the car? Love ya, Debella

-Guido Rieca: If you were half as good-looking as you THINK you are, you’d look like Don Johnson. Unfortunately, you look more like Don Rickles.

-To Donna Guy: Well here it is a final farewell. You played a major part in my life and I’ll never forget you. Please keep in touch after you’re gone. Love, Lauren

-Patti Peely: I’m gonna miss you too. Good luck in Law School. With a little effort I know you’ll be the best you can be. Congratulations. Love, Lauren

-Bob-I never thought someone could make me as happy as you do. Happy Graduation. Love You, Peggy

-Sunshine, Jesus loves you and so do I. Angel

-At last-for the fourth year in a row One yearbook photo staff. If found, return to Chris in the Yearbook office.

-Hey Tea, Dinner tonight? R.S.

- hired: Striving for your love and patience-JN you’ll always be in my heart. Kathy M.

Would you like to tutor? What subject?
Just like you. "Just get a new one" Love,

-To Eric our RA, we have one thing to

-The Montclarioners.

-To Sandie B “Chris P., and Maria P.,

-Two happy Mourners.

-Birds of a feather flock together, just like
to this semester. You’re a great guy. The

-Tim: I hope we can spend more time
together next year than we were able
to this semester. You’re a great guy. The

-The semester is over! Someone you’ve

-Honey-I will never forget this semester.

-Quality! Jeanne

-To Him-Let’s not rush the Fluff; things

-To Him-Some advice: Never go dancing
to Club Lark’s Vomit, Armed Forces Day-

-Montclair's most offensive night club

-Be there!!!! Follow your local anarchist.

-Facing two members of the up and here
hand "No Offense."

-Ed. Haven’t had any 2:00 a.m. phone
calls lately. Try Tracy next time.

-B.L.-Can’t believe you’re graduating.

-Seems like yesterday you were graduat­
ing H.S. Well-not really. Just want to wish
you the best of luck in THE REAL
WORLD. Don’t forget about me back at
MSC. Hope we still stay frequent friends
even though you’ll be in another world.

-Luv Dan.

-To "Guido" Rico-You are an idiot. Do
everyone a favor and go back to NJIT.

-Maybe you have friends there-you cer­
tainly don’t here.

-To Him-So’some advice: Never go dancing
with a broken zipper!-Love, your best
friend.

-To Him-Let’s not rush the Fluff; things
could get sticky!-Love, your best friend.

-Yeah, Eric! You’re right. It’s fun and

-fun we have together. Doesn’t that make
Europe seem very far away? Love Always,
Rob.

-Too bad I never could bring myself to
tell those few people that I thought I loved
them.-Me.

-Jeff: The way you wear a pair of shoes
is awesome-and that smile can knock a
girl off her feet! Keep up the good work.

-Tim: I hope we can spend more time

-together next year than we were able
to this semester. You’re a great guy. The

-Good Girl

-Birds of a feather flock together, just like
pondscum and team-mates! Have a great
summer-Love Holly.

Datebook
5/17 Sunday
-The Newman Community will hold a
Mass for all graduating seniors at the
Newman Center at 11:00 p.m.

5/17 Sunday
-The Newman Community will hold a
Mass for A.P.O. 25th Anniversary and
all graduating seniors in Kops Lounge,
Russ Hall at 11:00 a.m.

5/16 Saturday
-An Armed Forces Day Celebration will
be held at Club Lark's Vomit/Montclair
Feed & Seed. The Fri. night Spring Week
band "No Offense" will be featured.
-An editor's personal, and it will be more
than 25 words, because I make the laws,
I can break them:
A lot of people who are graduating this
year won't feel anything about leaving this
place. I will. I've met quite a lot of people
who have helped shape me in the past
four years. I'm going to miss all of them.
But none of them will be forgotten. That
goes for the people who I've worked with
for endless hours here at the newspaper
as well as the people who I only got to
know a little about. I don't want to
mention names, because I couldn't
possibly get them all. Most of them know
who they are. Others may think they only
knew me a little bit. What they don't know
is they mean a lot to me, too. There are
also the new people at The Montclarion,
and they don't know how much I wish
I had the chance to work with them. We
would've had a ball. You will, though.
Trust me. Please trust me. And lastly,
there are a lot of you reading this who
don't know what I mean, who don't know
where I am coming from. For those
people I feel bad. They never got to know
the feeling. Too bad. Goodbye MSC.

YOU JUST GOT THE KEY TO YOUR FUTURE.
LET AUTOLAND AND FORD CREDIT HELP YOU GET THE KEYS TO YOUR NEW CAR.

The key ingredient in your new car purchase can be pre-approved credit from Ford Credit and AUTOLAND. If you are working on an advanced degree or graduating with a Bachelor's Degree between October 1, 1986 and September 30, 1987, you may qualify for this special college graduate purchase program. If you do, you will receive a $400 cash allowance from Ford. Make your best deal on any qualifying vehicle and use the money toward your down payment, or Ford will send you a $400 check after the purchase or lease. The money is yours whether you finance or not. The amount of your credit depends on which of these qualified vehicles you choose:
Ford cars: Escort, Escort EXP, Tempo, Mustang, Thunderbird, Taurus.
Ford trucks: Aerostar, Bronco II, Ranger.

So hurry. If a vehicle is not in dealer stock you must order by June 1, 1987, and you must take delivery of any vehicle by August 31, 1987.

GET ALL THE DETAILS TODAY AT AUTOLAND

The female track team had a successful season. By Jim Nicosia

The MSC’s women’s and men’s track teams captured second and third place, respectively, at the New Jersey Athletic Conference championships this year. The women placed second with 80 points, finishing behind Trenton’s 237. Jessica Levinskas, Jill Robinsonson and Regina Ladson led the way. Levinskas continued her string of impressive finishes by setting a new conference record in the 10,000-meter run. Levinskas won the event in 39:20. Jill Robertson was the other MSC winner on the day. She captured first in the 800-meters with a time of 2:24. But that didn’t close out the scoring for MSC. They placed seven others in the NJAC All-Conference team by finishing in the top three.

Ladson was named to the All-Conference team in four events. She took second in the 100-meters (11.8), 200-meters (23.7), and triple jump (11.01). Ladson also qualified with a third place leap of 4.75 meters in the long jump.

Rosa Dominguez took second in both the 3,000-meters and 5,000 meters, finishing with times of 11:44 and 19:47, respectively. Kathy Drummond’s 37.54 toss in the discus was good enough for second and a place on the All-Conference squad.

Elizabeth Gonzalez was just nudged out of a spot on the team in the 3,000-meter hurdles. She qualified with a 9:58.45 clocking in the event to take third place.

The men’s team had its share of success this weekend, as well. The Indians took third place in the NJAC with 98 points. Glasboro won the event with 196 points, followed by Stockton with 125.

Amos Field led the MSC team to its third place finish. He captured first in the 400-meter intermediate hurdles with a 53.06 time. Field also won the triple jump with a leap of 43.6. Ed Chavis won the 100-meter dash in 10.6. The 400-meters was won by MSC’s Godfrey Brown in 48.9.

Baseball team rolls

Are you interested in Physical Therapy, Athletic Training, or other Allied Health Fields as a professional career? If so and you are looking for practical “hands-on experience,” consider working as a student athletic trainer for the Athletic Department. It is exciting and valuable exposure to a variety of injury situations. Work study is available if you qualify. To learn more contact John Devis, Head Athletic Trainer in the Panzer Gym 203.

Here’s a tip... a Tax Tip.

Don’t Pass up the opportunity to get free information on numerous tax subjects. IRS has over 100 special publications to answer tax questions. In fact, Pub. 910, “Guide to Free Tax Services,” describes all of the free tax services available. Call 1-800-424-PORM (7676) or the IRS Tax Forms number in your phone book to get a copy.

Trip to World Series may depend on pitching

The possible solution to these problems may be the emergence of Jeff Vanderoef and Brian Devins as forces on the mound.

Vanderoef has an 8-1 record and is unofficially regarded as ace of the staff, coming up with big games for the Indians at crucial times. The tall right-hander has good control and keeps hitters off-balance with a variety of pitches.

Devis lacked consistency and poise earlier in the season at times. But that may have come with experience, as he is only a freshman. He now has excellent control and appears to be sharp heading into the playoffs, fresh off a two-hitter against a tough Ithaca club.

“Devis is going to be a really good pitcher for a long time,” said senior captain Jim Fasano. “He’s just got to throw strikes and he’ll be alright.”

The rest of the staff, including Wayne Masters, Tom Reid, and Ray Castellano, most likely will pick up the slack to fill the void left by Fas’s departure. Cheswick, hopefully, will perform a repeat performance of last year where his most impressive performance was in the closing moments of last year’s World Series.

Our bats might get us to Marietta, but we need pitching in order to win it all. If we get the consistency we need from the pitchers, we can take it,” Cooney said.

Sports Note

Are you fluent in Portuguese/Spanish?

Conversationalist needed for some lunches and occasional dinners to teach Portuguese and/or Spanish to business man. Position through summer and into fall. Send background information or informal resume to:

Our bats might get us to Marietta, but we need pitching in order to win it all. If we get the consistency we need from the pitchers, we can take it,” Cooney said.

Baseball team rolls

The MSC Baseball team is currently involved in the New Jersey Athletic Conference playoffs, with the NCAA Regional playoffs just around the corner. The Regionals will decide which teams will travel to Marietta, Ohio for the National Championship.

Will the Indians be there? Well, right now MSC is playing extremely well, winning nine of their last ten. In these last ten games, the team is averaging almost 11 runs per contest. So obviously the hitting is no problem. The pitching, however, may be.

Since the beginning of the season, the pitching staff has been listed as the key to the Indians’ success. Many felt the staff would determine just how far MSC would go this year. “I felt we had four excellent Division III starters at the beginning of the season,” Coach Kevin Cooney said. “Now we’re down to three.”

Cooney was referring to the recent injury to southpaw Anthony Foti, whose sore elbow may force him to miss the remainder of the year. Foti was an All-American last season as a freshman, compiling a 10-0 record.

Another trouble spot plaguing the Indians is the slow start of senior Brian Cheswick. Cheswick, who last year was named to the All-World Series team in Marietta, has not regained the form he flashed last season.

Another trouble spot plaguing the Indians is the slow start of senior Brian Cheswick. Cheswick, who last year was named to the All-World Series team in Marietta, has not regained the form he flashed last season.

Senior John Deutsch and junior Pepe Herrera hit back-to-back run-scoring singles to give Devins all the support he would need. Devins was extremely sharp, as he struck out 13 and walked only 2, improving his record to 6-1.

Ithaca 7-MSC 2 (nd)

Ithaca (26-10) jumped out to a 6-0 lead in the third on a grand slam by Danny Burns en route to a victory to split Saturday’s twinbill. Senior Jim Fasano hit a solo home run for the Indians (25-12-1).

INDIAN INF:

The Indians return to action in the second round of the NJAC playoffs today at Pittsfield Field against Trenton State.

The MSC man’s lacrosse team ended its season on the upswing as it beat Kean College at Sprague Field to win the Atlantic Coast Athletic Conference title. There were two good news. On the flip side though, the team was unable to make any post-season appearances due to the MSC’s athletic department policy. “The team did very well,” said MSC head coach Tim Sullivan, who steps down after this championship season. “The guys played up to their potential. Our goal was to win the conference and we did.”

The decision not to send the team to post-season play is based on college policy. Of the three MSC teams qualifying for post-season play, the lacrosse squad is the only one not to go. The baseball and softball teams are both participating in NCAA playoffs. “The team was disappointed they didn’t go to the post-season tournament,” said Sullivan. “We hope the college will reconsider its policy (in the future).”

“Were psycho to do it,” said MSC softball team scorer Tom Fuhrman, “but the college wouldn’t let us go.” Sullivan feels he has made some strides. “Overall the quality of kids playing for us now has never been better.”

Football is the logical place to start. It was the only undivided team in 1986. The Indians basketball program began its second consecutive year and the fifth overall regular season mark and we did.”

“The team was disappointed we didn’t go to the post-season tournament,” said Sullivan. “We hope the college will reconsider its policy (in the future).”

“Were psycho to do it,” said MSC softball team scorer Tom Fuhrman, “but the college wouldn’t let us go.” Sullivan feels he has made some strides. “Overall the quality of kids playing for us now has never been better.”

The culmination of MSC’s rise to powerhouse and propelled MSC into the NJAC finals. The team’s success rolled through the season and into the playoffs. Phillips sank a 15-footer with 0.9 left against Trenton State College (51-50) and propelled MSC into the NJAC finals against Kean College. Despite the loss to the Cougars the Indians finished with a 19-8 record and champions of the NJAC Division B conference. Coach Jill Jeffrey took a 5-21 team and made it into a powerhouse, as the Indians recorded their most wins since 1979-80, when they were 22-6.

Football and basketball were hot, but track and softball were also. The men’s team clinched first place in the NJAC, sweeping a doubleheader against Montclair State to take the title. The Indians won their final seven games to win the title with a 14-2 conference record (26-11 overall). They also enjoyed the ranking of seventh in the nation in the earlier in the season. The key contributors to this year’s squad were Kevin Calilipo, Captain Jim Fasano, John McClain, John Dietsch, Ray Castellano, Jeff Vanderwall, Bill Coyle, and Pepe Herrera.

A major weapon of the women’s softball team was pitcher Diane Troia, Ernie Giampietro, Steve Scioscia, Mike Kostecki, and Dan Zakrzeski. “Zak” was also elected to the Academic All-American list for second consecutive year. As the football team ended a long, winning record of 7-3. The NCAA Division III championships. Major performances included Kris Redl, Marge Theobald, Tracey Burke and Linda Giurotas.

These team sports accomplished many honors (and are still going strong) during the year. But in addition to team sports, many individuals achieved championship status. These athletes participated in track, wrestling, and golf—just to mention a few.

The MSC 400-meter relay team consisted of James McCray and Godfrey Brown in addition to MSC softball’s Chad and Amor. These athletes qualified for the Division III Nationals with a school record of 41.8 at the Rutgers Relays. The tournament nationals will take place in Chicago.

The men’s team has been just as successful. Jessica Levinskas set a relay record of 37.49 and broke it five days later with the time of 37.39. The time qualified her for the NCAA Division III tournament.

Levinskas isn’t the only woman breaking records. Regina Ladson, Kathy Drummond, Rosa Dominguez, Jill Robertson and Sheila Howard were major factors in the track team’s success.

This was a spectacular year in sports. In fact, MSC celebrated one of its best all-around championship years in recent memory. Athletes and teams provided unforgettable, action-packed moments. Here is a look back at some of these special moments that MSC will never forget.

Football is the logical place to start. It was the only undefeated team in the New Jersey Athletic Conference (NJAC). They won the Dial Classic for the second consecutive year. As the football team ended a long, winning season and into the playoffs. Phillips sank a 15-footer with 0.9 left against Trenton State College (51-50) and propelled MSC into the NJAC finals against Kean College. Despite the loss to the Cougars the Indians finished with a 19-8 record and champions of the NJAC Division B conference. Coach Jill Jeffrey took a 5-21 team and made it into a powerhouse, as the Indians recorded their most wins since 1979-80, when they were 22-6.

Each week, The Montclarion will publish a list of sports questions and answers to test your knowledge of sports trivia. In addition, there will be a sports stumper which will be answered in the following issue. If you think you have the correct answer to the stumper, drop it off at The Montclarion office in Room 113 of the Student Center Annex. The names of those submitting the correct answer will be published in the next week’s issue. Deadline for submissions is Monday at 3 p.m.

1. Who won the first USFL championship?
2. The second scheduled Rose Bowl game was dropped in 1903 in favor of what event?
3. How thick is a hockey puck, in inches?
4. What substance do umpires use on baseballs before a game?
5. Who was the first jockey to win more than 400 races in one year?

"Answer to last week’s stumper: What is the name of the coach at Riverdale High School in the comic strip Archie? Coach.

Submitting the correct answer was: Lindsay Nejmez, Holly Lorenzo.

1987: another banner year in MSC sports

World Series, here we come!

DeAquino pitching paces Indians to a perfect weekend tournament

By Jim Nicolaus
Editor-in-Chief

The MSC softball team rode on the pitching arm of Dina DeAquino this weekend— all the way to the NCAA Division III World Series.

By beating Ithaca and New Jersey Athletic Conference rival Glassboro State twice, the Indians (32-8) captured the Floating Region title to gain a bid to the six-team final tournament this weekend in Willimantic, Connecticut. The road wasn't without its rough spots, though.

DeAquino (18-4) benefitted from the hitting of Ann Deutsch Friday at Quarry Field to gain a pair of complete game victories. Deutsch had the game-winning home run in each of MSC's first round wins over Ithaca (5-2) and Glassboro (4-3). That set the stage for the Indians' title-clinching 7-0 shutout of the Profs Saturday afternoon.

The Indians trailed Ithaca 2-1 in the bottom of the sixth. The sophomore designated hitter then ignited a four-run outburst when she smacked a two-run homer over the 210-foot center field fence. The rest of the Indians' potent offense was up to the task, though. With MSC clinging to a 3-2 lead, Kris Redl singled with to out and scored when Rutgers did manage a hit in the fifth, high-lighted by Coyle's second RBI triple of the game and a single by Fasano to drive in two. Stacey Barbossa tripled and Theobald doubled in the seventh to cap off the massacre and send the Indians to the World Series.

The Indians' second game Friday night was even tighter than the first, with two constants—DeAquino and Deutsch. As in the opener, the offense was led by Deutsch and the pitching heroics belonged to DeAquino.

The Indians sent 11 men to the plate—and another Indian run.

In the bottom of the fourth, the Indians sent 11 men to the plate—and the first eight reached base and scored. Included in the attack was Deutsch's round-tripper, a towering drive over the left field fence to give MSC a 9-0 advantage.

In the third, Herrero began the inning with a single and scored when Rutgers centerfielder John Timmons misplayed a Mike Wenrich single. Wenrich came around to score on catcher Bill Coyles sacrifice fly, increasing the margin to 5-0.
