Students compete in championships

By Claire Magerky
Correspondent

Omer the Shariff, Attila the Bun and a giant red blood cell were just a few of the unusual characters who appeared on campus last Friday and Saturday, May 1 and 2, as participants in the State Championships for creative problem solving.

More than one thousand students ranging from Kindergarten through college age competed in the event, which was conducted for the first time at MSC. The competing teams were composed of regional winners from schools throughout New Jersey. Winners of the state championships will move on to compete in the national championships to be held in Michigan at the end of May.

The competition was co-sponsored by MSC and the New Jersey Olympics of the Mind Association. (NJOM). The NJOM Association is a nine-year-old program which began in New Jersey under the direction of Dr. C. Samuel Micklus, a professor at Glassboro State College. Micklus developed the program to challenge "creatively gifted" students.

Today, the program has reached the international level and now involves schools from all over the United States, Canada, Mexico, England and Australia.

Criteria for judging the competition involved creating a parody, satire or allegory from a given list of poets and their works, then presenting an interpretation. Solutions to "long-term problems." A sample problem required competitors to come up with as many creative uses as possible for a given object.

Students had no knowledge of the "spontaneous problem" prior to the day of the event. This type of problem challenged participants in the areas of verbal fluency, flexibility and originality. One such problem required competitors to come up with as many creative uses for a given object as possible for a given mechanical device.

Students had several weeks to work on the solutions to the given "long-term problems." A sample problem involved creating a parody, satire or allegory from a given list of poets and their works, then presenting an eight-minute performance using props, background, and music. Solutions to these problems reflected successful problem solving methods.
...wishes everyone a fantastic summer and looks forward to providing you with award-winning coverage again in the fall.

We would also like to thank the following people, without whom our success as New Jersey’s leading collegiate weekly would not have been possible:

Our assistant editors and other VIP's

Jennifer (Jenny Fur) Stelevich
Paul (The Mad Mohican) Mampilly
John (Can't you tone it down a little?) Paul
Joanne (sure, give me more work to do, I like pain) Cummings
Bob Loveless (and Paidless, too)
Joanne (Could you just sorta reorganize this) Barclay
Diane Lewis (not Sawyer)
That girl whose name we always forget

Our loyal and few, but growing number of staff writers/staff photographers:

Wally (The Tuna) Acuna
Perry (I got 8 stories this week, buddy) Schwarz
Mike (SGA) Heelan
Dennis (Tell me the truth, did you like my article?) Campbell
Linda (being patient with the police) Longo
Paul Rickert (who's actually quite a literate fellow)
Ivan (Tidbit) Nissenberg
Patty (I didn't have time to type it) Jones
Vivette (Wanna cover a great lecture?!) Watson
Chris Kelley
Dwight Gooden

Last, but not least, our correspondents and such people who we hope will become full-time members of our growing staff:

Mike (No more darkroom for me, thanks) Woods
Lisa VanFleet
Kirsten Cipri
Tony Bavaro
TKE (We love The Montclarion) Fraternity
Tom Boud
Nicole Guadnosky
Jeff (Jazzy J) Wingfield
Debbie Farina
Richard Herdman
Oren Zeve
Joe Caruso

Mucho congratulations to the new Executive Board:

MAUREEN FREEBURG- Editor-in-Chief
LYNN COWAN- News Editor with an intense hatred of incorrect grammar, oops, I mean grammar
PAUL MAMPILLY- socialist Assignment Editor
KENNY PECK- Sports Editor (yes, we have one again)
WALLY ACUNA- Photo Editor (although now he can't get paid- ha,ha)
and still-
PASQUALE DIFULCO- not a shy man by any means

and also-
KRISTINE ROOME- Treasurer who pronounces her own name wrong
JOANN MARO- Advertising Manager (a bit keyed down from Susan)
KATHY MCDONOUGH- Business Manager (finally in her own environment)
Joanmary Staudt, Lisa Zarillo, Maureen O'Hora, LaVaughn Slaven, Rob Knoll, Angela Micchelli, and all those we might have forgotten but who mean the world to us- THANKS.

and just a small goodbye to Gary Ruff, Jim Nicosia, Sue Baldasame, Maria Cirinna, Maria Tamburello, Mary Donnelly and Frank Benio, who are graduating from this fine institution (sooner or later). Only the best of luck in the future!
Suicide crisis

Suicide crisis cont. from p. 1.

creative thinking and interpersonal cooperation. Style, use of scenery, music or special effects, was judged as a component of the solution to the long-term problem.

Awards were presented on Friday and Saturday afternoons during ceremonies held in Panzer Gym. In addition to the regular awards for events, several presentations of the Ranatra Fucsa Award for Outstanding Creativity were made to individuals or teams who exhibited exceptional creativity throughout the competition.

Problem solving

Problem solving cont. from p. 1.

nancy. Some other western countries have made progress and have been more effective in fighting teen pregnancy. They have managed to cut through the "moral" issue. We are behind in taking care of mothers and their children," explained Scaler.

He believes programs with trained counselors are needed. "We must prevent generation after generation from suffering. We must empower young people to give them a chance," he said. "Maybe if we begin building at the very young age level, many of them would be able to respond to their children's needs."

According to Scaler, that is the reason why girls turn to pimps. "Finally, here is someone saying he loves them and will take care of them. When we take the van into Manhattan at night, many kids tell us they don't need us because they already have someone who cares."

Gottschall believes the American society is too isolated, tending to look the other way instead of being a community. He praised the efforts of MSC's Drop-in-Center for providing students with a place to go for help. "The extended family is practically gone. Now we have too many single-parent families, both male and female."

The family has changed, but we still have systems, schools and community services designed in 1940, and they are struggling to cope with these new problems," said Scaler. The systems need to be changed, but, "I don't think they can replace the family."

Residence life runs amuck on campus

Residence life runs amuck on campus

Someone threw a mayonnaise jar through the rear window of a state vehicle parked behind Bohn Hall over night on May 7. This is the third week in a row that objects have been thrown from the dorm onto vehicles parked near the maintenance garage.

A Clove Road resident phoned police on May 7 at 1:54 am to report hearing loud laughter and talking, and the sound of gunshots coming from the woods behind the apartments. Police searched the area but nothing was found.

In lot 27, a 1980 Toyota had three tires deflated, two windshield wipers broken off and the trunk dented while it was parked from 8:00 am-4:45 pm on May 9.

A 1986 Firebird parked in lot 23 from May 3-7 had a window broken and the stereo stolen.

In lot 7 on May 8, a 1985 Saab was missing four hubcaps while parked from 9:30 am-4:30 pm.

A 1977 Toyota parked in lot 21 from May 3-8 had the passenger window smashed and the stereo stolen.

Commencement exercises

Commencement exercises will be held on Thursday, May 28, rain or shine, at 10:30 am. Reporting time is 9:00 am and line-up is 9:30 am for graduating students. The ceremony will last approximately one-and-one half hours.

Cancer strikes 120,000 people in our work force every year. Although no dollar value can ever be placed on a human life, the fact remains that our economy loses more than $10 billion in earnings every year that cancer victims would have generated. Earnings they might still be generating if they had known the simple facts on how to protect themselves from cancer.

Now you can do something to protect your employees, your company, and yourself... call your local unit of the American Cancer Society and ask for their free pamphlet, "Helping Your Employees to Protect Themselves Against Cancer." Start your company on a policy of good health today!

Montclarion staff elects its new board of editors

By Kathy McDonough
Assignment Editor

The Montclarion staff held its elections for the 1987-88 school year and named Maureen Freeburg the new Editor-in-Chief. Freeburg, a junior communications major, served as Assignment Editor in 1985 and is currently finishing her term as Managing Editor. She will take over the position now held by Jim Nicosia in September.

"Maureen has been an editor for two years and has done extremely well in her capacity as Managing Editor. I'm confident she has the experience needed to be an effective Editor-in-Chief. She has worked closely with me this year and has become familiar with the job," Nicosia said.

This month the Montclarion received a first class rating, with one mark of distinction, for the 1896 school year from the Associated Collegiate Press (ACP). The Montclarion received this distinguished honor after being judged against college newspapers across the country.

"There is no question in my mind that next year's staff is going to continue to grow and produce a quality newspaper," Nicosia said.

Paul Mampili, a freshman business major, served as Assignment Editor this past semester and will replace Kathy McDonough as Assignment Editor.

"I have learned a lot in my assistant position and I hope to continue to maintain the standards set by this year's news department," said Mampili.

Lynn Cowan hopes to work closely with Mampili in her position as News Editor. She will take the position currently held by Mary Donnelly.

"I think next year will be a learning experience for Paul and I. It will be a time of change and innovation," said Cowan.

Matt Rivas will continue to serve as Editorial Page Editor and Pasquale DiFulco will inform, entertain, and amuse the campus as Arts and Entertainment Editor.

Wally Acuna, the newly elected Photo Editor will replace senior Marta Tamburello. Acuna brings to the position the experience he gained while serving as Tamburello's assistant this past year. Staff writer Kenny Peck will take over as Sports Editor.

"We have an excellent sports program here at MSC and I hope to continue to give it the coverage it deserves," said Peck.

Nicosia is confident in the abilities of the newly elected staff. "Whatever they lack in experience is more than made up for in desire and innovation," he said.

Pass/Fail option is approved by Garrett

By Mike Heelan
Staff Writer

The SGA announced Vice President of Academic Affairs Roland Garrett's approval of the Pass/Fail option. When the bill takes effect, the Pass/Fail option will no longer apply to General Education Requirements (GER). Students are encouraged to contact Dr. Garrett to preserve the option for current students.

The legislature overturned President Mark Brancato's veto of Four Walls' constitution. An amendment passed that states funds received by contributing Class I organizations must be approved by next year's appropriations committee.

An emergency legislation bill grants WMSC-FM $3,842.86 from the capital equipment fund. The equipment is required by the Federal Communications Commission (FCC).

Denise Kurser was appointed SGA Attorney General for the upcoming year. Robin Miller was appointed as student alternate to the Board of Trustees.

A Class II charter was granted to the Human Relations Organization (HRO). This comes after their downgrading from a Class I organization. However, members are optimistic about the future of the organization.

A Class II charter was approved for Alpha Phi Omega. A Class IV charter was approved for Alpha Phi Omega.

Phi Kappa Phi inducts new members

Phi Kappa Phi, the national honor fraternity, will induct new members on May 14.

A group of students comprising 3% of juniors, 7% of seniors, and 10% of graduate students will be the new members.

Phi Kappa Phi was founded at the University of Maine in 1897 as the first national honor society to invite into membership the most outstanding students in every field of study. Chapters now exist across the United States at 244 colleges and universities. Since chapters elect only a small group from each graduating class, membership is a mark of distinction.

Phi Kappa Phi inducts new members

Phi Kappa Phi, the national honor fraternity, will induct new members on May 14.

A group of students comprising 3% of juniors, 7% of seniors, and 10% of graduate students will be the new members.

Phi Kappa Phi was founded at the University of Maine in 1897 as the first national honor society to invite into membership the most outstanding students in every field of study. Chapters now exist across the United States at 244 colleges and universities. Since chapters elect only a small group from each graduating class, membership is a mark of distinction.
The Education department at MSC recently appointed a student run council to discuss the components of the existing Teacher Education Program. The Education Program's Student Advisory Council (EPSAC) consists of a student representative from every field of education.

Dr. Pines, the director of Teacher Education, was responsible for the formation of the council after a resolution was passed by the Teacher Education Policy Committee last fall. Pines stated, "The council is one of several changes being made to give the students more of a sense of community, so that they have a greater sense of identification with the Teacher Education Program."

In the past, decisions on program policy were made by the Teacher Education Policy Committee. This committee is comprised of Dean Michelli, the dean of Education, faculty supervisors from each field of education, two student representatives and Pines. With the appointment of the student advisory council, there will be a third student representative, who will act as a liaison, serving on both committees. Pines will serve on both committees as well.

In recent semesters, surveys were given to students for evaluating existing programs policies, but until the council was formed, there was no face to face contact between students and the committee, with the exception of the two student representatives.

EPSAC has 14 student representatives, each chosen by their department chairperson and educational supervisor. The council meets several times a semester and each representative is responsible for relaying information to and from the students in their field of education. The chairperson, Gina Montalbano, a student of Business Education and Office Systems Administration, will act as the liaison to both committees.

The committee will ultimately make the decisions on all program changes; however, Pines claims that with the appointment of EPSAC, student recommendations will be "very seriously considered."
Eye on MSC
Neutron Bomb hits MSC?

Only kidding, these students are just enjoying the change in weather by basking in the sun.

THANK YOU!

To Maureen, Pat, Matt, Mary, Kathy, Maria, Jennifer, Paul, Joanne, and yes, even Frank...

You don't realize how much this year has meant to me, or how much I'm going to miss this place.

But nonetheless...

WE MADE IT!!

Thanks- and be proud, because I sure am.

And to the "new" guys-
Moe (again), Paul (again), Lynn (sniff), Wally (the Tuna), my buddy Kenny - you're going to do just fabulous!!!

Don't forget me- I won't forget you.

Love, Jim

MSC’s tuition hike: Will we get what we’ll pay for?

Before you get excited about summer vacation and a long rest before coming back to MSC in the fall, we’ve got bad news for you. When (and if) you return in September, you’re going to find a 10 percent increase in the tuition hike here at MSC. The Board of Trustees unanimously agreed to enact that change at Monday’s meeting. Thank you, Board of Trustees.

Now, before you start believing all the talk about increasing inflation and decreasing enrollment, stop again. It has been determined that tuition increases in New Jersey have far outweighed increasing inflation. MSC’s latest increase comes two weeks on the heels of William Paterson’s 10 percent increase.

Bringing this down to dollars and nonsense, our tuition will no longer be $40 a credit, but $44. That is, if you are an undergraduate residing in New Jersey. It gets worse from there. Undergraduates residing out of New Jersey will be paying $66 instead of $60. In-state graduates will be shelling out $88 a credit. Topping off the wonderful list is Paterson’s 10 percent increase.

Well, we’ve finally found the negative side of autonomy. It seems that without the granting of the autonomy to all New Jersey state colleges, the Board of Trustees would never have had the power to enact a tuition hike. Uh-oh, what have we done here, folks? In the past, the New Jersey Board of Higher Education used to set the rates. Strange how little time it took for the Board of Trustees to flex its financial muscles, isn’t it? Oh, yes, and get used to it. We’ve been assured that future hikes are probable.

If enrollment goes down, tuition will go up, they say. Face it, enrollment has not “gone down,” per se, so much as rejection of students has gone up. President Donald Walters has made his intentions clear—he wants MSC to be an elite school. Also, by raising our standards, this keeps the other state schools in business. They get what we reject.

Now all this sounds semi-reasonable, but what The Montclarion wants to know is how we haven’t seen evidence of an increase in the quality of our education. Where is the extra funding for the library and why are the individual college department being cut funds instead of raised? All Walters is accomplishing is making Montclair State the hardest mediocre school to get into.

The Montclarion hopes that student trustee representative can use the power—awarded vote to stop the landlady of increasing tuition. Something has got to change. If MSC doesn’t become the elite school Walters wants it to be, we shouldn’t be paying elite prices.

The Montclarion is a Case One Organization of the SGA.

The Conservation Club

MSC’s microwave dishes catch heat

At the beginning of the semester, the Conservation Club circulated a questionnaire to the 900 faculty and staff of MSC. We wanted to get an idea of whether or not they were as concerned about the presence of microwave dishes near Clove Road as we were. Below are the questions we asked and a summary of the responses that we received. Overall, we feel the experiment was a great success, but we also feel that a few accusations aimed at the club need to be cleared up.

First of all, we did check our information, not only with several of the professors on campus, but also with library sources and several other environmental organizations. Our facts are supportable.

Secondly, this was not an attempt to reach an emotional cord inside of people. It was an honest attempt to scientifically obtain data through sampling the affected population. The questions were purposely constructed using words like "may" and "possibly" because all of our sources indicated that no conclusive studies have yet been done.

Thirdly, this is not some sort of irrational crusade. The effects of microwave radiation is a topic of real concern throughout New Jersey. The townships of Vernon, Sparta and Rockaway, to name just a few, share our concern on this topic and have petitioned the Environmental Protection Agency (EPA) to have further research done on this subject.

Finally, several of the respondents to our poll, in answer to question #6, indicated they would like to see research done before removing the dishes is considered. We would like to indicate at this time that the Conservation Club would like to see research done first as well. The removal of the microwave dishes was only mentioned because it is a possibility. We thank all those who responded to our poll and encourage discussion on this topic from faculty and students alike.

The questions asked (and responses given) were:

1) Do you know the location of the microwave dishes on campus? 77% yes 23% no

2) Did you know that wavelengths emitted by these dishes are received by the human body, as a TV antenna would receive them? 38% yes 62% no

3) Did you know that the beam from the microwave dishes runs directly across the MSC campus? 19% yes 81% no

4) Did you know that levels of exposure not even low enough to cause damage to the immune system, the nervous system and even affect the brain and behavioral patterns? 16% yes 84% no

5) Did you know that the college administration receives an annual rent of approximately $48,000 from these microwave dishes? 73% yes 27% no

6) Would you support the efforts of the Conservation Club to petition the Department of Environmental Protection for the purpose of having further research done on the effects of microwave radiation and the possible removal of these dishes from their campus? 90% yes 9% no

Maureen Flannery is a member of the Conservation Club.
Quarterly’s Editor-in-Chief sets their story straight

To the Editor:

Last week, lame duck SGA President Mark Brancato wrote a letter concerning The Montclarion’s handling of the Four Walls (Quarterly) issue. Said Brancato, “The Montclarion has jumped on an opportunity to mis-state facts and print information using limited sources.” This was an interesting statement coming from Mr. Brancato, since he then proceeded to mis-state all the facts.

To begin with, The Montclarion’s editorial said that Four Walls was “overlooked” when it came to submitting a budget. (Brancato’s official reason for vetoing the bill was that no money had been sat aside in the SGA’s budget.)

According to his letter, no budget was submitted because there was no bill submitted for a charter. This was inaccurate. A legislative sponsor had submitted the bill in time. It was submitted and accepted on April 20, 1987. Late in the afternoon of April 22, I received a memo from SGA Treasurer Mark Skraboranja saying that since there was no legislative sponsor for the bill, he was recommending to the President that a budget of $0 be submitted. I informed Mr. Skraboranja that he was in error and the SGA minutes attested to that fact.

In a meeting with Mr. Brancato, he told me that the reason he had acted on this incorrect information was that the SGA minutes were not in circulation until after he had submitted the $0 budget.

What would you call it when the President of the SGA takes an action that serious without double-checking the facts? I will be kind and call it “neglect.”

Secondly, Mr. Brancato, stated that we had chosen to ignore our distribution problem. What distribution problem? As I, personally, have pointed out to the legislature, what we have is a limited budget. We just can’t afford to print that many issues. The ones we print, we distribute several high traffic areas on campus and they’re all taken. I must assume that they are being picked up by MSC students.

Thirdly, Mr. Brancato asserted that the entire executive board except for myself, the Editor-in-Chief, had resigned. This is only partly true. Three of them were asked to resign because they were not doing their jobs effectively and were replaced with people who would. The fourth graduated.

Fourthly, Mr. Brancato said, “How can Quarterly propose to me the idea of an extensive marketing plan...?” Let me explain what this meant, as it probably wasn’t too clear in his letter. In a meeting in February, I told Mr. Brancato that I was well aware that the SGA was facing a serious budget decrease. I said that my organization would like to try to defer our costs as much as possible.

Having just received an International Standard Serial Number (ISSN) from the Library of Congress, we could conceivably sell the magazine off campus. I know we are not prepared to do this tomorrow, but it is a serious consideration for the near future. (Any marketing majors interested in working on such a project are cordially invited to join the staff. We would love to put your expertise to work.)

Finally, as to the only true statement in Mr. Brancato’s letter, we have not yet put out the magazine. For this I am truly sorry. I won’t bore you with the details but Mr. Brancato is certainly aware of them because I told him in our February meeting. That’s why it amazed me to find in our most recent meeting that he had no idea where we were in production. I told him in February that the fall issue was laid out and ready to go as soon as we received a bid we could afford. Again, I won’t bore you with the details but it was clear from our conversation that he just plum forgot.

When I first joined Quarterly three years ago, it was fighting its way back from many problem years. Wendy Deja did an incredible amount of work to put us on the right track but that was just the beginning.

To make a magazine of competitive and marketable quality has meant massive reconstruction of the organization and the publication. We’ve accomplished a lot and we’ve made a lot of mistakes. We are, after all, students and we were stepping into unknown territory. But then, isn’t that what learning is all about.

The past two SGA administrations were extremely supportive. (My special thanks here go out to Dave Handal and Frank Little.) It is a sad shame that Mr. Brancato could not see his way clear to be as helpful.

Edward C. Martin
Dean of Students

Commencement information given

To the Editor:

A significant number of students who have not completed all of their degree requirements will be participating in Commencement 1987—if they have made the appropriate arrangements through the Counseling Center. Students in that group may obtain graduation information from the Student Government Office, the main desk of the Student Center, or the Dean of Students Office, 217 College Hall. All other students who will graduate have had similar information mailed to their home and if they have not received it may also obtain duplicate information from the above sites.

Concert lives Up 2 expectations

By Jim Nooney

Correspondent

“U2: Shine Light Into Darkness” read the sign in front of two thousand fans during Monday’s U2 concert at the Brendan Byrne Arena. That phrase, which describes the four sold out shows for nearly two hours the four-man Irish group filled the arena and followed a different rhythm to rock and roll. The “darkness” referred to such song topics as heroin addiction, political turmoil, and spiritual confusion. But through the sheer power of their music U2 showed that it is possible to rise up over these problems and emerge triumphant into the daylight.

The pre-show atmosphere was one of incredible anticipation and electricity as the lights went out drummer Larry Mullen Jr., bassist Adam Clayton, and “guitar hero” The Edge walked on stage to a tremewndous roar. As the cheering continued the trio began a soft instrumental passage, which was barely audible over the applause of the fans.

The noise built to a crescendo when vocalist Bono burst onto the scene. As a brilliant wash of light flooded the building the band erupted into “Where the Streets Have No Name,” the first song on their latest album The Joshua Tree. This was followed by a powerful version of “I Will Follow.”

During this tale of murder by a religious fanatic, Bono added the lines from the opening verses of “Gloria.” As awesome a display of the raw intensity of Bono and the rhythmic throb of The Edge, I need a haircut!” in a mock pompadour and cracking, “Come on Everybody,” highlighted by his old favorites. From U2’s own song “Red Hill Mining Town,” to “Sick of Being Sick.”

A hushed crowd sat down for the first time all evening. This seemed to surprise Bono, who then told the crowd, “That’s the first time I’ve ever seen a crowd sit down at a U2 concert. And I’m not sure if I like it. SO GET UP!” With that command the band roared off into “New Year’s Day.”

So many moments stand out from this extraordinary show: the always popular “Where the Streets Have No Name,” the blues influenced “Trip Through Your Wires” and “Running to Stand Still,” and Bono’s admission that “there are at least 100 harmonica players better than me!” Also, the renewed urgency of “Sunday Bloody Sunday” in the context of the recent IRA attack, and, finally, the wonderful version of “Pride” which ended the set.

The choice of “With or Without You” for the encore was no surprise. The audience members sang along word for word as they had all night long. There were no problems from any of Bono’s recent vocal problems. A thunderous ovation brought back the rhythm of the crowd. Adam, and The Edge left the stage, leaving only Larry Mullen to pound out the rhythm of the crowd. After he left the house—lights came up, the crowd still sang. “How long to sing this song? How long?” For U2 and their fans the answer seems to be for many years to come.

Surprisingly, another dramatic highlight was provided by a stack of the Edge’s guitar. After “October,” when the band normally segues into “New Year’s Day,” the Edge jumped on his grand piano.

The concert was energetic and marvelously entertaining. From Joel’s opening number was so excellent. Moving at a quick pace, the piano man kept his audience dancing and singing. When Joel said goodnight, the crowd flared their lighters and roared and roared—long enough to participate in three encores. Joel began his simon-sez sing-a-long with the audience. He followed with Manfred Mann’s “Blinded By Your Beauty.”

Another surprise was the discovery that, contrary to popular opinion, U2 does have a sense of humor. Once again, Bono commented, “People always say we’re a serious band because we look serious in our pictures.” With a devilish grin he added, “Well have you heard U2 do Eddie Cochran?” And sure enough, they did the version of “Come On Everybody” up to the delight of the Joely-dowland’s audience last Friday night.

A hushed crowd sat down for the first time all evening. This seemed to surprise Bono, who then told the crowd, “That’s the first time I’ve ever seen a crowd sit down at a U2 concert. And I’m not sure if I like it. SO GET UP!” With that command the band roared off into “New Year’s Day.”

The Edge, “making his amp sound like El Salvador,” as Bono said, wrenched a blinding, anguished slide guitar solo from his Stratocaster.

Surprisingly, another dramatic highlight was provided by a stack of the Edge’s guitar. After “October,” when the band normally segues into “New Year’s Day,” the Edge jumped on his grand piano.

The concert was energetic and marvelously entertaining. From Joel’s opening number was so excellent. Moving at a quick pace, the piano man kept his audience dancing and singing. When Joel said goodnight, the crowd flared their lighters and roared and roared—long enough to participate in three encores. Joel began his simon-sez sing-a-long with the audience. He followed with Manfred Mann’s “Blinded By Your Beauty.”

The Edge, “making his amp sound like El Salvador,” as Bono said, wrenched a blinding, anguished slide guitar solo from his Stratocaster.

Bono picked up a spotlight and a sherry snifter, ruthlessly hunting him with the single light like a hellish guilla fighter. The stark silhouette of The Edge, which is perhaps the most outstanding image of the U2 and the rhythm attack of Clayton and Mullen to create as sense of parallel dayglo and the raw power of rock and roll as I have ever seen at any concert.

Although The Edge matched this peak, a few did come close. One of these was “Exit” from The Joshua Tree. During the a capella number amongst the lucky people with floor seats. Lead guitarist David Brown stood around the floor seats also, and Mark Rivera, sax player, followed suit.

Songs from his new album balanced his old favorites. From The Bridge, his eleventh LP, Joel offered such hits as “Baby Grand” and “Matter of Trust.” “Big Man on Mulberry Street” stirred the audience (along with the cast of “Moonlighting”)-an episode was based on that song.

Bono, Adam, and The Edge left the stage, leaving only Larry Mullen to pound out the rhythm of the crowd. After he left the house—lights came up, the crowd still sang. “How long to sing this song? How long?” For U2 and their fans the answer seems to be for many years to come.

Personals

-P.H.-Here's to one year Kiddo. You are too good, too cute and too much. I love you, P.T.-
-Hey Dave, I told you I was going to get rid of your SGA review commit­­teee...better luck next time, Mr. Prez. Sincerely, Chris-
-To Dan: To be continued always-

-Zoppola-
-To Montclair State College-Thanks for helping me waste three years of my life. Bye-bye, I'm gone for good...An almost-graduate.-
-Needed: Drunken partners to help celebrate Armed Forces Day at Club Lark's vomit. Tasty babes preferred. Last chance. Flogging begins at midnight. Come help torture your favorite Fascist.-
-Dear "Trill" I saw you dancing at El Torito last week, and I think you're hot. Let's get together, so you can show me some "moves"!
-To My Dearest Dunderhead Laurie: Thanks for a wonderful semester!!! See you in Italy!!!!!!! Love always and forever, Pasquale-
-To the staff of The Montclarion, I had a blast guys!!!! I'll miss you Jim. Love and Fisher, Pasquale-
-To LaVaughs-Thank you for typing these personal ads for me. Love Pasquale-
-To Pasquale-No problem. LaVaughs-
-Montclair's most offensive night club presents "No Offense" in concert, Sat., May 16 (Armed Forces Day). Bring military regalia for discount admission.-
-Club Lark's Vomit, Armed Forces Day- Be there!!!! Follow your local anarchist. Featuring two members of the up and here band "No Offense."-
-Ed Haven's had any 2:00 a.m. phone calls lately. Try Tracy next time.-
-B.L.-Can't believe you're graduating. Seems like yesterday you were graduating H.S. Well not really. Just want to wish you the best of luck in THE REAL WORLD. Don't forget about me back at MSC. Hope we still stay frequent friends even though you'll be in another world. Luvs, Dave-
-To "Guido" Ricca-You are an idiot. Do everyone a favor and go back to NJIT. Maybe you have friends there-you certainly don't here.
-To Him-Some advice: Never go dancing with a broken zipper!-Love, your best friend.-
-To Him-Let's not rush the Fluff; things could get sticky!-Love, your best friend.-
-Dear Erika, I'm just realizing how much fun we have together. Doesn't that make Europe seem very far away? Love Always, Rob-
-Too bad I never could bring myself to tell those few people that I thought I loved them. -Me.-
-Jeff-The way you wear a pair of sweats is awesome-and that smile can knock a girl off her feet! Keep up the good work.-
-Tim: I hope we can spend more time together next year than we were able to this semester. You're a great guy. The Good Girl.-
-Birds of a feather flock together, just like pondscum and team-mates! Have a great summer-Love Holly, Molly-
-To Eric YCRA: We are in mourning, just like you. "Just get a new one" Love, Two happy Mourners.-
-Jennifer- Hey thanks: Love, Jim.-
-The Montclarioners.-
-To Eric our RA, we have one thing to say to you, "Heavy Metal From Hell!!" Love Two Faithful Residents-
-To Sandie B., Chris P., and Maria P., Thanx for making this year the best yet. Here's to a lifetime of friendship beyond the grounds of MSC. good Luck, and Much Love, Friends Always Susan B.-
-Tony Carmenate! You're still solid even through your tropical shorts make you less than perfect! Great Bembas! Love, Pametela-
-To C.P., S.B., M.P., E.L., R.K., M.C., K.G., D.A., L.C., K.S., M.M, J.M., of course S.P., I wish you all the best of luck always as we leave the last 4 yrs of college behind us. We musn't leave our friendship behind. S.B.-
-Coolie-Thanks for another great semester. I don't know what I would do without you and I hope I'll never know. Love, L.C.-
-Randy-Rand (The Grand Rand), To the greatest person that I've met in all my years at MSC. I'm really going to miss you Randy, be sure to keep in touch. I love you! Jeanne-Jean-
-Maria (Ria-Ria), Picture! Picture! Well Ria, you've been one crazy woman. Have you put out any fires lately? Best of luck on the future with your new job. Love Jeanne-
-To All My Roommates 302C, All you guys have been really special friends. You were always there when I needed you don't forget all our shopping trips, and those crazy nights dancing. You're All The Greatest! Jeanne-
-Kim in 3D19, About how going out sometime next week? Wally World-
-Honey-I will never forget this semester. It has been incredible. (For Xavier too!) I'm going to miss you this summer. I love you, Buster,-
-I missed you this weekend, Betty.-
-Hey Dick!! Richie; If I streak around campus then will you notice me? What more do I have to do to get your attention. The semester is over! Someone you've intrigued for 2 years!

-Montclair-
-To Kim-You've been a great friend and roommate. I love you, Maria-
-To Colleen, Patty, Monica, Randy, Congrats! Good Luck always! Love ya Maria-
-To Nancy, Lisa, Pam, and Jeannie, Good Luck next year. I'm gonna miss ya lots, Love ya, Maria-
-To Jeannie-Pitcher!!!!!!!!!-
-To Susan, Sandy, Maria, and Chris-Lots of luck. Love ya Maria-
-To Kim, Liz, Danielle, and Tom-It's been a great year. Love ya, Maria-
-To Scott-Thanks for making my senior year the very best. I love you always! Maria-

Datebook

5/17 Sunday

-The Newman Community will hold a
Mass for all graduating seniors at the
Newman Center at 11:00 p.m.

5/17 Sunday

-The Newman Community will hold a
Mass for A.P.O. 25th Anniversary and
all graduating seniors in Kops Lounge,
Russ Hall at 11:00 a.m.

5/16 Saturday

-An Armed Forces Day Celebration will
be held at Club Lark’s Vomit/Montclair
Feed & Seed. The Fri. night Spring Week
band “No Offense” will be featured.

- An editor’s personal, and it will be more
than 25 words, because I make the laws,
I can break them:
A lot of people who are graduating this
year won’t feel anything about leaving this
place. I will. I’ve met quite a lot of people
who have helped shape me in the past
four years. I’m going to miss all of them.
But none of them will be forgotten. That
goes for the people who I’ve worked with
for endless hours here at the newspaper
as well as the people who I only got to
know a little about. I don’t want to
mention names, because I couldn’t
possibly get them all. Most of them know
who they are. Others may think they only
knew me a little bit. What they don’t know
is they mean a lot to me, too. There are
also the new people at The Montclarion,
and they don’t know how much I wish
I had the chance to work with them. We
would’ve had a ball. You will, though.
Trust me. Please trust me. And lastly,
there are a lot of you reading this who
don’t know what I mean, who don’t know
where I am coming from. For those
people I feel bad. They never got to know
the feeling. Too bad. Goodbye MSC.

YOU JUST GOT THE KEY TO YOUR FUTURE.

Track teams successful—Levinskas, Field sparkle

By Jim Nicosia
Editor-in-Chief

The MSC women's and men's track teams, captured second and third place, respectively, at the New Jersey Athletic Conference championships this weekend.

The women placed second with 80 points, finishing behind Trenton's 237. Jessica Levinskas, All Robinson and Regina Ladson led the way.

Levinskas continued her string of impressive finishes by setting a new conference record in the 10,000-meter run. Levinskas won the event in 39:20.

Jill Robertson was the other MSC winner on the day. She captured first in the 800-meters with a time of 2:24. But that didn't close out the scoring for MSC. They placed seven others to the NJAC All-Conference team by finishing in the top three.

Ladson was named to the All-Conference team in four events. She took second in the 100-meters (11.8), 200-meters (27.3), and triple jump (11.01). Ladson also qualified with a third place leap of 4.75 meters in the long jump.

Rosie Domingues took second in both the 3,000-meters and 5,000 meters, finishing with times of 11:44 and 19:47, respectively. Kathy Drummond's 37.54 toss in the discus was good enough for second and a place on the All-Conference squad.

Elizabeth Gonzalez was just nudged out of a spot on the team in the 3,000 meters with a 12:31 time in the 3,000 and fourth with a 22:44 clocking in the 5,000.

The men's team had its share of success this weekend, as well. The Indians took third place in the NJAC with 98 points. Glassboro won the event with 196 points, followed by Stockton with 125.

Amold Field led the MSC team to its third place finish. He captured first in the 400-meter intermediate hurdles with a 53.06 time. Field also won the triple jump with a leap of 43-6.

Ed Chavis won the 100-meter dash in 10.6. The 400-meters was won by MSc's Godfrey Brown in 48.9.

Here's a tip ... a Tax Tip.

Don't Pass up the opportunity to get free information on numerous tax subjects. IRS has over 100 special publications to answer tax questions. In fact, Pub. 910, "Guide to Free Tax Services," describes all of the free tax services available. Call 1-800-424-PORM (3676) or the IRS Tax Forms number in your phone book to get a copy.

By Kenny Peck
Staff Writer

The MSC Baseball team is currently involved in the New Jersey Athletic Conference playoffs, with the NCAA Regional playoffs just around the corner. The Regionals will decide which teams will travel to Marietta, Ohio for the National Championship.

Will the Indians be there? Well, right now MSC is playing extremely well, winning nine of their last ten. In these last ten games, the team is averaging almost 11 runs per contest. So obviously the hitting is no problem. The pitching, however, may be.

Since the beginning of the season, the pitching staff has been labeled as the key to the Indians' success. Many felt the staff would determine just how far MSC would go this year.

"I felt we had four excellent Division III starters at the beginning of the season," Coach Kevin Cooney said. "Now we're down to three."

Cooney was referring to the recent injury to southpaw Anthony Foti, whose sore elbow may force him to miss the remainder of the year. Foti was an All-American last season as a freshman, compiling a 10-0 record.

Another trouble spot plaguing the Indians is the slow start of senior Brian Cheswick. Cheswick, who last year was named to the All-World Series team in Marietta, has not regained the form he flashed last season.

Baseball team rolls

cont. from back page

Rutgers spoiled Vanderof's bid for a shutout in the sixth when Randy Budd singled with two out to drive in Chris McGovern, who reached on a fielder's choice.

Vanderof (8-1), retired 20 out of a possible 27 batters via groundouts while striking out four. Madden fell to 6-4 with the loss.

MSC 2—Ithaca 0 (1st)

Freshman righthander Brian Devins tossed a two-hit shutout and the Indians scored both their runs in the third inning to take the opener of a doubleheader Saturday.

"Cheswick hasn't pitched as well as he is capable of pitching," said Cooney. "If he does, he can get us into it in a hurry."

The possible solution to these problems may be the emergence of Jeff Varandas and Brian Devins as forces on the mound.

Varandas has an 8-1 record and is unofficially regarded as ace of the staff, coming up with big games for the Indians at crucial times. The tall righthander has good control and keeps hitters off-balance with a variety of pitches.

Devins lacked consistency and poise earlier in the season. But that may have come with experience, as he is only a freshman. He now has excellent control and appears to be sharp heading into the playoffs, fresh off a two-hitter against a tough Ithaca club.

"Devins is going to be a really good pitcher for a long time," said senior captain Jim Fasano. "He's just got to throw strikes and he'll be alright."

The rest of the staff, including Wayne Masters, Tom Reid, and Ray Castellano, must now pick up the slack to fill the void left by Foti's departure. Cheswick, hopefully, will offer a repeat performance of last year when he got hot right around this time.

"Our bats might get us to Marietta, but we need pitching in order to win it all. If we get the consistency we need from the pitchers, we can take it," Cooney said.

Sports Note

Are you interested in Physical Therapy, Athletic Training, or other Allied Health Fields as a professional career? If so and you are looking for practical hands-on experience—consider working as a student athletic trainer for the Athletic Department. It is exciting and valuable exposure to a variety of injury situations. Work study is available if you qualify. If interested contact John Devis, Head Athletic Trainer in the Panzer Gym Training Room or call 893-5250.
The MSC's men's lacrosse team ended its season on the upswing as it beat Kean College at Sprague Field to win the Atlantic Coastal Athletic Conference title. The decision to send the team to post-season play was based on college policy. Of the three MSC teams qualifying for post-season play, the lacrosse squad is the only one not to go. The baseball and softball teams are both participating in NCAA playoffs.

"The team was disappointed that they didn't go to the post-season tournament," said Sullivan. "We hope the college will reconsider its policy (in the future)."

"We were psyched to do it," said MSC pitcher and catcher Tim Sullivan, "but the college wouldn't let us go."

Sullivan feels he has made some strides in turning the MSC lacrosse squad into a winner, but in order for the program to continue to develop it must be supported fully. Sullivan says the commitment is there from the coaching staff and players, but in order to take the next step much more must be done.

This year's success was due in large part to the play of the defense, said the MSC coach.

"Basically, we played four or five guys," said Sullivan. "Jon Capturo was outstanding in goal. Dave Francisco was the brawn of the defense. Timmy Sullivan has good stick skills and Don Robertson did a great job of clearing the ball."

The biggest improvement was in the transition game, where the quick-strike capacity of the Indians was deadly.

"The long stick midfield consisting of Al Reinoso, Kevin Kisch and Jeff Vandeveau played well," said Sullivan. "They also have the ability to score."

In evaluating the season, Sullivan said, "Weatisfied with team's record but points to two-one-goal losses. Excluding one game against Lebanon, all the games were competitively played."

Sullivan is also pleased with his freshmen class. "Joe Petrone played well for the first time out. George Limite has great skills and he should develop. Overall the quality of kids for us now has never been better."

The seminal year for the MSC men's lacrosse team was 1986. The Indians finished with a 19-8 record and claimed the CNJAC. They rolled to a 9-1 (10-2 overall) regular season mark and we did not go to the post-season tournament," said Sullivan. "We hope the college will reconsider its policy (in the future)."

World Series, here we come!

DeAquino pitching paces Indians to a perfect weekend tournament

By Jim Nicolaus
Editor-in-Chief

The MSC softball team rode on the pitching arm of Dina DeAquino this weekend— all the way to the NCAA Division III World Series.

The Indians keep on a roll to first round NJAC victory

MSC 18-Rutgers-Camden 1

Sophomore Jeff Vanderoff pitched a complete game, scattering five hits, and the Indians erupted for 20 hits to easily down Rutgers-Camden in the first round of the New Jersey Athletic Conference playoffs Friday at Pittser Field.

Sophomore John Deutsch blasted a two-run homer in the fourth, his sixteenth of the year.

The Indians scored in each of the first five innings, knocking out starter and loser Don Madden in the third and bat-batting in the fourth and fifth time reliever Dave Robinson.

Second baseman Kevin Cavallo led off the first inning with a single to left and advanced to second as Madden’s attempted pick-off throw went into rightfield. Senior shortstop Jim Fasano then walked, but was erased as John McClain hit it into a 4-6-3 double play, advancing Cavallo to third. Deutsch then knocked in Cavallo with a double to left-center for MSC’s first run.

In the third, Herrero began the inning with a single and scored when Rutgers centerfielder John Timmons misplayed a Mike Wenrich single. Wenrich came around to score on catcher Bill Coyle’s sacrifice fly, increasing the margin to 5-0.

DeAquino ace Dina DeAquino unloads another strike.

DeAquino pitching paces Indians to a perfect weekend tournament

The Indians’ second game Friday night was even tighter than the first, with two constants—DeAquino and Deutsch. As in the opener, the offense was led by Deutsch and the pitching heroics belonged to DeAquino.

In the fourth frame, Theobald and Deutsch walked with a single in the right center field gap to score Theobald. Deutsch and Burke came home on Nixon’s two-out single for a 4-0 lead.

In the bottom of the fourth, the Indians’ title-clinching 7-0 shutout of the Profs Saturday afternoon.

In the fifth inning, FSM added five more runs in the fifth, highlighted by Coyle’s second RBI triple of the game and a single by Fasano to drive in two.

In the bottom of the fourth, the Indians sent 11 men to the plate—and the first eight reached base and scored. Included in the attack was Deutsch’s round-tripper, a towering drive over the leftfield fence to give MSC a 9-0 advantage.

Herrero then followed with a walk, and after a single by Wenrich, Madden was removed in favor of Robinson. Leroy Horn slapped his 0-1 delivery past third baseman Bob McGedan for a two-base error, scoring Herrero and advancing Wenrich to third. Coyle then tripled, driving in both runners and ballooning the Indian lead to 13-0.

MSC added five more runs in the eighth, highlighted by Coyle’s two-run RBI single and the Indians to the World Series.

By beating Ithaca and New Jersey Athletic Conference rival Glassboro State twice, the Indians (32-8) captured the Floating Region title to gain their 17th win of the year. But the best was yet to come.

Saturday’s 7-0 blanking of Glassboro was flawless. DeAquino went the distance for the third time in 24 hours, throwing a three-hitter. The MSC offense was ruthless in its attack, and the Indian defense was staunch.

Sophomore John Deutsch blasted a two-run round-tripper in the second inning for a 1-0 lead. That wasn’t the end of the MSC attack, however. Not by a long shot.

In the third, Herrero began the inning with a single and scored when Rutgers centerfielder John Timmons misplayed a Mike Wenrich single. Wenrich came around to score on catcher Bill Coyle’s sacrifice fly, increasing the margin to 5-0.

MSC added five more runs in the fifth, highlighted by Coyle’s second RBI triple of the game and a single by Fasano to drive in two.

Vanderoff was tough on the mound for the Indians as he held Rutgers hitless through the first four frames, allowing only a walk in the third. Rutgers did manage a hit in the fifth, however, as Lee DeLoach led off with a single, only to be cut down on a fielder’s choice.

Jessica Levinskas set a new conference record to lead the women’s to a second place finish at the NJAC championships.
