MSC's World Series winning baseball team was honored as New Jersey's outstanding college team. The NCAA Division III Champions were presented with resolutions from both the Senate and Assembly chambers in tribute to its winning season. MSC's Co-op program has helped many students decide on a career, but none had as much fun as Paige L. Albano, John J. Dorval, Lawrence J. Fogerty, Lisa E. Parvin, Douglas W. Todd, and Timothy J. Weir. Here, they pose with Snow White as part of their summer co-op in Disney World.
A note from the editor

Now that you've survived the first few grueling days of college life you can rest easy knowing that the worst is over, and the best is yet to come.

Even though you may have moved all your worldly possessions into your dorm room, and soon realized your roomate has about enough space to fit his/her toothbrush; or stood on an Ad/Drop line for 45 minutes, only to discover you’ve scheduled yourself for 8:00 a.m. classes Mon.-Fri.; trust me, it does get better. And if in the midst of it all, you find yourself screaming at the guy sitting next to you in Mythology, “What did I do to deserve this cruel and unjust punishment?” - you may want to consider seeking professional help.

Seriously, new beginnings are never easy. But, if you take the time to look around you, you'll be surprised at how much is going on at MSC. Our Student Government Organization includes just about every club, sorority, fraternity, or group you can think of. Inside The Montclarion/Guide you'll find a complete listing of all these organizations. Although a new semester means getting back to the books, don't rule out getting involved.

These pages also contain helpful information about the campus on the whole, where to park, where not to park... We've also listed valuable information about the town of Montclair. Something you shouldn't miss.

The Montclarion has also started it's own new beginning. This fall semester many of our staff members are new, we also have all new people in our business and graphics department. This issue is just a preview of the changes you can expect. Our layout and design will be different, so you can look forward to a whole new look for The Montclarion.

The Montclarion
From the desk of the President

As we begin this new academic year I am pleased to have this opportunity to extend a warm welcome to all of you. Those of you returning to the campus have my best wishes for another challenging and rewarding year at MSC.

To our new freshman class, more than 1300 strong and to the 500 students who have transferred to MSC, I offer my hope that your first year at MSC will be especially rewarding. I know I speak for our entire campus community when I say that we are delighted that you have chosen to be with us and that we will make every effort to ensure that you will soon feel "at home" on our campus.

This new academic year begins on an exceptionally high note. As our returning students know, MSC was the only state college to receive two awards from the Governor's Challenge Grant Program. With the help of funds from this program, designed to establish innovative programs of excellence at the New Jersey State Colleges, we have created an Institute for Critical Thinking and expanded our programs in the Fine and Performing Arts.

The Critical Thinking Institute will infuse techniques for in-depth analysis, comprehension and academic inquiry in teaching across the curriculum. Its work will bring an added measure of intellectual enrichment to our campus community.

The Challenge Grant funds dedicated to the Fine and Performing Arts have allowed us to bring nationally acclaimed arts organizations including Alvin Ailey Dance Center, the New York Philharmonic and the American Symphony Orchestra to our campus not only to perform but also to offer master classes for MSC students. A variety of artists and performers will be "in-residence" throughout the academic year.

The Opera and Music Theatre Institute was established last year under the general mentorship of opera basso Jerome Hines, who serves as its director, enrolling its first class of 25 pre-professional vocalists, musicians and stage managers from a field of 300 applications received from throughout the U.S. These students will get a unique headstart on entry to the professional world of opera and theatre, fields that have traditionally been difficult to enter without the help of inside professional contacts. They will get the rare chance to learn from, and perform with, leading professional contacts.

Those of us who stayed on campus during the summer months witnessed a few notable activities worthy of mention. Among them were the resolutions passed by the New Jersey Assembly and Senate commending the MSC Indians baseball team, which emerged as the NCAA, Division III world champions; the establishment of at the College of a new Inn of Court training program designed to give young lawyers access to seasoned trial lawyers who can teach them the "tricks of the trade;" the third consecutive Summer Institute in Court Interpretation, an intensive course which this year focused on training educators from various colleges and universities throughout the U.S. who plan to implement court interpreter curriculums at their home institutions; and the seating of two MSC students, Michael Rodak and Robin Miller, on the College's Board of Trustees. Michael is the first student to serve with voting power, a historic change which I believe will positively enhance student involvement in the college community.

I hope all of you will take advantage of the many opportunities offered to you to become active members of our college community. I can assure you that involvement will enhance your college immeasurably.

MSC President Donald E. Walters, pictured above, delivers a speech in the Student Center ballrooms.

SGA Prez stresses student involvement

You have probably heard this more times than you would like to admit and will probably continue hearing it for some time to come. Yet, I will say it anyway - Welcome (back) to Montclair State College.

For some, you will be embarking on an adventure unlike any you have experienced. For others, you will be returning to share your stories of a summer gone by, of the "shore" beaches (and bars,) of your lousy jobs or your newly found romances.

Still others will be glad or sad to be entering your final year of college, looking forward to continuing your education or worse, "the real world."

Whether an incoming freshman, a transfer or returning student, all of you will experience the benefits of MSC. Some may be here to take advantage of our highly accredited faculty. Others may be awaiting to get involved in one of the Student Government's sixty-seven chartered organizations or take part in one of over 500 events these organizations provide the campus community.

As President of the Student Government, I urge you to get involved in at least one of these student organizations. Class I, II, III, or IV, a fraternity or sorority or a sports club. These groups offer a wide variety of activities to satiate everyone's interest and allow you to gain valuable interpersonal and leadership skills.

In addition, I hope each of you will take advantage of the many services the Student Government provides. Be it free legal aid, discount prescriptions, college rings or this year's incredible discount card, your student fee allow you to offer these services at either free or a reduced cost to you.

In closing, I wish each of you the best of luck and good times while at MSC and hope you will share with me any concerns or ideas you may have to better the campus. Have a safe and enjoyable school year.

Dr. Richard A. Lynde has been appointed vice president for academic affairs at Montclair State College. Dr. Lynde, whose appointment became effective August 3, 1987, had previously been dean of the School of Mathematical and Natural Sciences at Montclair.

Joining the MSC faculty in 1970 as an assistant professor of Chemistry, Lynde was chairman of the Department of Chemistry from 1975 through 1976 when he was appointed acting dean. In his new role as vice president for academic affairs, he will be responsible for the development, implementation and evaluation of all academic programs and will have central responsibility for academic personnel and academic budgets. He will direct the deans of MSC’s five schools and will be responsible for supervision of academic support services, including the library, the media center, and intra-collegiate academic programs.

In 1981 he attended the Institute for Educational Management at Harvard University. He is a member of Sigma Xi, the American Chemical Society, the American Association for the Advancement of Science and the American Association of University Administrators.

The Drop-In Center is recruiting for Fall ’87. If you are interested in peer counseling, call 893-5271.

Students should review their schedules to check for any discrepancies and report them as soon as possible to the Office of the Registrar. Failure to resolve schedule conflicts will result in no credit or failing grades in some courses. All registration corrections must be made by October 1, 1987.

Students forced to sleep in lounges.

During the first meeting of the new semester, the SGA approved cabinet members Lisa Zdzienicki to vice president of academic affairs; Donna Marie Desanto to vice president of external affairs; Rob Parr to director of residence life and Colleen Smith to director of services. In addition, Debbie Majer was appointed to SGA clerk.

Any student planning to park in lot 13 must possess a valid parking decal to gain entrance. You can obtain one at the business office in College Hall.

A bill concerning freshman elections for the 1987-88 legislature was passed. Any freshman interested must obtain a petition in the SGA office, located in the lower level of the Student Center. These petitions are due back in the SGA office on September 18, 1987.

In other news, approximately sixteen residents from Bohm and Stone Hall were forced to sleep in the lounges due to overbooking by the college. Presently, all now have been placed in rooms. A review of the guaranty student housing policy will be made to prevent a future occurrence.

This year's Homecoming '87 planning group will meet every Tuesday at 3:30 in room 415 of the Student Center. For more information, contact the SGA at ext. 4202.

Finally, the 1986 MSC baseball team won the Division III World Championship.

There’s more to Montclair than meets the eye—just take a look

A rewarding college experience must include more than lectures, textbooks and brain-killing beer parties. College is the time to pursue higher interests — to expand your aesthetic experience -- and Montclair is the place to do it. While MSC offers a variety of cultural programming, your search for artistic diversion need not be confined to the campus.

Montclair is renowned for its active cultural life, which includes theatre, film, music and art. It’s a great place to explore, see, experience and learn.

**Theatre**

One of Montclair’s most important cultural institutions is the Whole Theatre at 544 Bloomfield Ave. This theatre is distinguished by its fine professional casts and quality programming. The upcoming season includes "Beautiful Babies" by Laura Cunningham, which opens Oct. 20 and stars Karen Allen and Mary Kay Place; “Adaptors” by the Movement Theatre, opening Dec. 1; “School for Wives" by Moliere, opening Jan. 5; “Tracers" by a group of Vietnam veterans, which opens Feb. 9 and “The Rose Tattoo" by Tennessee Williams, opening March 8.

**Music**

Montclair also offers frequent opportunities to enjoy classical music. Local ensembles and choirs perform in the town’s churches, and concerts are given in the Montclair High School Auditorium. Highbrow fans will not want to miss the New Jersey Chamber Music Society’s performances at the Union Congregational Church in Upper Montclair.

**Museums and Galleries**

The Montclair Art Museum on South Mountain and Bloomfield Ave. is an important center for the visual arts. This season’s highlights include exhibits on Navajo weaving and bronze works by Allen Houser. For more information, call 744-2989.

**Books**

Good students always need a good library. There is a large public library in Montclair and a smaller branch in Upper Montclair. The main branch offers film festivals as well as a large selection of books. For more information, call 744-2989.

Funny,
it doesn’t look like it’s worth $12,000.

As a college student, you’re exploring a lot of great ideas. Here’s another. A part-time, commissioned Sales Consultant position at Macy’s can help you turn something as basic as a tie into $12,000 a year.
You can buy a lot of books with that kind of money.
The Macy’s sales experience. Apply in person or call the Employment Office at Macy’s Paramus, Garden State Plaza, 843-9100; or Macy’s Willowbrook, 100 Route 46, Wayne, 785-9525. We are an equal opportunity employer, m/f.
Located in a relatively upper-class suburb, MSC seems to most new students to be without crime problems. However, this is not the case; like any other campus, students must take care of themselves as well as their personal possessions. Do not believe it is safe to leave a car unlocked, walk alone at night, or carry large sums of money in your pocket. Crimes do occur on campus, so know how to protect yourself and your property.

In the Dorms:
1. Keep your door locked at all times even if taking a short nap, visiting a friend's room, entertaining friends, or just sitting and studying.
2. Always ask people to identify themselves before opening your door to them.
3. Don't leave keys, checkbooks, credit cards, money, jewelry, or other valuable lying about in your room.
4. Never lend your dorm key to anyone. Report lost or stolen keys immediately to housing personnel and to campus police.
5. Do not allow strangers to attend your parties.

In Your Car:
1. Drive with doors locked and windows rolled up.
2. Lock doors and trunk when parking.
3. Do not leave books, cameras, clothing, CB's stereos, or other valuables in your car.
4. Park in well-lighted areas.
5. Visit Campus Police Headquarters in Chapin Hall and learn about anti-theft devices for your car.
6. Do not park your car in the same place for long periods of time. If you will not use it during the week, be sure to move it at least once a day.
7. Be alert in the lots for suspicious persons and activities. Call campus police at Ext. 4111 or use an emergency phone.

When You are on Foot:
1. Do not walk alone on campus. If it is dark and you cannot find friends to walk with, use the campus bus. When the bus is not running, call campus police at Ext. 5222 for an escort.
2. Women should dress safely. Wear shoes and clothing that will permit you to run if you must.
3. Look around. Know who is near you. Walk in a purposeful manner.
4. Use well-lighted walkways. Avoid shortcuts through isolated or dark areas.
5. Do not hitchhike. Men as well as women have been victimized while hitchhiking.

General Tips:
1. Mark your textbooks so that you can identify them if they are stolen.
2. Do not leave purses, textbooks, or other valuables on the shelf outside the bookstore.
3. Protect your checkbook and credit cards. Do not leave them unprotected and accessible to thieves.
4. Remember to take costs, books, jewelry and other property with you when you leave restrooms, classrooms, music practice rooms, cafeterias, etc.
5. Report all suspicious activity immediately to campus police at Ext. 4111 or by emergency phones.
6. Ensure that you have companions in the dance studio, art labs, music practice rooms, etc.
7. Be alert to the presence of intruders in shower rooms and restrooms. Report their presence immediately to campus police at Ext. 4111 or by emergency phone.

We know that a cheap calculator can cost you blood, sweat and time. Investing in a Hewlett-Packard calculator, on the other hand, can save you time and again. HP calculators not only have better functions. They function better. Without sticking keys and bad connections.

Through October 31, you can get the cream of the calculators at a non-fat price. We're cutting $10 off the HP-12C. That buys you more built-in functions than anyone else's financial calculator.

And we're giving away a free Advantage Module, a $49 value, with every HP-41 Advanced Scientific calculator you buy. This 12K-byte plug-in menu-driven ROM was designed specially for students.

So drop by your campus bookstore and compare HP calculators with the rest. By midterm, you'll see what a deal this is.
Parking regulations

Disabled Vehicles
If your vehicle is disabled, call the campus police dispatcher at 893-2222 to obtain a temporary permit for the few hours in which you will be arranging service/repair for your vehicle. Any disabled vehicles left over 24 hours will be towed.

Tickets
An accumulation of three or more unpaid parking tickets will result in the denial of permission to register and the matter will be turned over to Municipal Authorities. Residents with unpaid or excessive tickets will be subject to dismissal from housing.

Towed Vehicles
If your vehicle is towed, you should pick up a temporary parking ticket at either the information booth on College Avenue or at the Campus Police office in Chapin Hall. Any vehicle parked on campus without a parking permit is subject to ticketing.

Visitors
Any guests arriving on campus should report to Campus Police Headquarters in Chapin Hall and sign a release form prior to reporting to the towing company. Tom Kimmel-5 To I (PolyGram)
This upbringging shines through on 5 To I, a great album in the mainstream rock style of such artists as Bruce Springsteen, John Cougar, and Bryan Adams. I use these artists only as reference points, since Kimmel is a truly original performer. In fact, his songs have already been covered by such artists as Johnny Cash, Roger McGuinn and Joe Cocker. For a new artist, Kimmel displays excellent abilities both lyrically and instrumentally. The title track illustrates his lyrical style perfectly. "Well the Greyhound Station is a place to eat/And new shops open up and down the street/But just around the corner it's a loaded gun/And albums over hookers maybe 5 to 1." And almost every track displays a talent for combining vocals, guitars, drums and keyboards.

Shy-Excess All Areas (RCA)
Remember back in the 70s when it seemed that everyone formed a disco group after the success of "Saturday Night Fever"? Well in 1987, thanks to bands like Bon Jovi, Cinderella, and Poison, the current trend seems to be "Hey, let's form a glam metal band!"

One of the latest is a five-man outfit from England called Shy. Their second release on RCA, Excess All Areas is a textbook example of mediocre metal. The only excess present on this album is an excessive lack of originality. Believe me, everything here is borrowed from bands who have done it better. "Emergency" sounds like the second coming of Def Leppard, but since the original group is still alive and kicking, do we really need another version? "Young Heart" sports a Judas Priest-styled guitar solo, but it lacks the power of Priest. And "Just Love Me" is Shy's token ballad. Ohh, they're just sooo sensitive!

Correct me if I'm wrong, but don't heavy metal bands usually emphasize guitar? Shy is more of a heavy synthesizer band. If the Pope needs a backing group for his upcoming U.S. tour, the angelic backing vocals and soaring synth lines of Shy would suit him perfectly. Of course Shy's lackluster cover of the Cliff Richard hit "Devil Woman" wouldn't have to be dropped!

Shy: "She's everybody's sweetheart but mine/Should have kept her barefoot/Barefoot and pregnant all the time."

"Let's Do Something" is another twangy guitar rave-up with great backing vocals by Bonnie Raitt. The album is filled with great vocals by such artists as Raitt, Emmylou Harris, and Roseanne Cash. And in "Baby That's Tough" Gill creates a 60's country sound with lots of reverb and bass vocals.

Vince Gill-The Way Back Home (RCA)
Yet The Way Back Home, Kimmel's third album still has a certain appeal that many artists seem to lose after their first album or two.

Vince Gill is a good country artist. Along with the emergence of quality country artists like Dwight Yoakam and Steve Earle, it appears that country music has begun to return to the glory of its past tradition.

The three best songs on this album are all uptempo numbers. "Everybody's Sweetheart" sounds like a Dave Edmunds/Nick Lowe rockabilly number and features an interesting chorus: "She's everybody's sweetheart but mine/Should have kept her barefoot/Barefoot and pregnant all the time."

"Tryin' To Dance" presents another effective fusion of words and music. Over a pumping rhythm section Kimmel lays down a bleak picture of life in the 80's. Guitarist Kenny Greenberg, who is the instrumental star of the album, contributes a searing solo with some wah-wah effects. Other standout tracks include "Shake" and "No Tech," both of which highlight the talents of Kimmel's excellent band.

5 To I is a truly great debut album and I look forward to more of the same from Kimmel. Greenberg, who is the band's musical director, may be the next "hot" guitarist of the 80's. Tom Kimmel is already a force to be reckoned with on the rock scene today.

There were great performances and drama connected with this drive to the title. The memories were many. Blow after blow, hit after hit, the players stayed alive and never gave up, a credit to the entire sports program. If ever a team deserved a national championship, this was the one.

First baseman Pepe Herrero was named Player of the Year and Vanderoef was named Pitcher of the Year for the New Jersey Athletic Conference. Both, incidentally, will return next season when the Indians defend their championship. Next season looks to be a rebuilding year for MSC, as they lose three starters and two pitchers. Geez, doesn’t that sound familiar?

Bill Dioguardi warmly remembered by friends

By Perry Schwarz
Staff Writer

Bill Dioguardi, former MSC athletic director, passed away on May 31, 1987. Dioguardi served MSC for 30 years as head of the sports department. His entire life centered around the betterment of MSC athletes and sports programs.

His contributions were unsurpassed in the state of New Jersey. No athletic director could match his innovative ideas and wits. In fact, he set the tone for the New Jersey Athletic Conference.

Below are some comments from the people who knew Dioguardi well. Many had a long-time relationship with him as a coach, administrator or friend. Dioguardi influenced or touched all these people in some facet, and each remembers him in a special way.

Oliver Gelston
MSC Men’s Basketball Coach

“Bill will be remembered for many things, but there are two primary contributions which stand out the most in my mind. Bill wrote the history book in the NJAC. He separated athletics from physical education in New Jersey. His leadership helped make athletics a separate entity.

Secondly, the outdoor facilities as they stand today are a direct result of his work. He was instrumental in getting these facilities which helped in recruiting the caliber of athletes that attend MSC. Thus, he helped to develop MSC from primarily a teacher’s college into a multi-purpose institution, attracting a number of diversified student athletes.”

Rick Giancola
MSC Head Football Coach, Assistant Baseball Coach

“Bill Dioguardi was way ahead of his time—a pioneer. There are a few things that vividly stand out in my mind about the man. He was an innovative leader and fearlessly made drastic changes, thereby becoming the focal point of athletic directors. When he made a decision within the conference, everyone followed suit.

Also, he was a tough man, but in a positive way. He was very sharp and he knew how an athletic program should be run.”

Dr. David W.D. Dickson
Former MSC President

“I admire Bill’s loyalty to athletics over the years. He exemplified sportsmanship in addition to being a hard worker. He set the tone for athletics and influenced many people in the process. Bill was my closest friend at MSC and he won’t be forgotten.”

Fred Hill
Head Baseball Coach—Rutgers—University

“This man was instrumental in helping me succeed. He gave me the opportunity to coach football and baseball on the college level. He did whatever was necessary to make my job easier, which is why we were successful in those sports. Bill developed MSC from a small program into one of the finest Division III programs in the country. He wanted things to be done in a first-class manner and that goal was easily reached.”

Kevin Cooney
MSC Football Coach

“Bill Dioguardi elevated MSC to a cut above other state schools. As a member of the coaching staff, the baseball team of 1968-69 was the first school to go down to Florida for spring training. Bill set the standard by which other schools measured up to. He was just a great man for the athletic department.”

Greg Lockard
MSC Men’s Basketball Coach

“Bill’s sportsmanship and care for individuals has rubbed off on me. He was someone who truly cared for his players and coaches. Bill was a statewide example of how to be an athletic director. He set the tone for the entire conference and people looked up to him for leadership and advice.”

Clary Anderson
Houston Astros Scout

“Bill was an enterprising man who was ahead of his time. When I coached football at MSC, Bill took the initiative and made things happen within the state conference. Also, he was an ideal athletic director that supported his coaches and never let an opportunity pass him by.”

Kevin Cooney
MSC Football Coach

“The 1987 MSC Baseball team began the season in a strange situation. It was to be a rebuilding year, as the team lost some impact players from the previous season, yet again a team that could contend with just about anyone. It seemed as if the “rebuilding” was actually “reloading.”

Therefore, it wasn’t such a surprise when the team went to Marietta, Ohio for the Division III National Championship. They had been there before—the previous four years, in fact. But this time they weren’t just happy to be there— they wanted it all.

With the determination and aggressiveness that had become their trademark throughout the season, the Indians mowed down the opposition and went undefeated in the double-elimination tournament to become national champions.

In retrospect, 1987 didn’t get off to such a good start for the Indians. Two players were ineligible because of academics and a few projected players did not return. In the long run, it was an up and down struggle, but it was clear that this team had something special about it.

The Regional Tournament was described by Coach Kevin Cooney as “the best and worst of baseball,” referring to both the big hits and the big errors. In the end the Indians came away with a 10 inning, 16-15 victory over surprisingly tough Upsala squad to secure a trip to Marietta for the World Series. It was the fifth straight year that the Indians qualified for the tournament.

“One of the main things during the Series was to keep them loose. That is what we did in the past,” said Cooney. “They should have a good time and although we had some crazy guys on this team, they put each game into perspective. There comes a point where you should just let them play baseball.”

A good example of this philosophy was Leroy Horn’s winning home run in the 10th inning of the Series to give MSC the championship.

The situation called for a bunt, but Cooney had the centerfielder swing away and on Monday he responded with one of the biggest hits in Indian history.

No championship is won in baseball without pitching, and this one was no exception. Unheralded underclassmen Jeff Vanderford, Wayne Masters, and Brian Devins came through to lead the Indians staff, which was plagued by injuries.

“The week was the most talented club that I’ve played on,” recalled team captain Jim Faustino, “but it was an experienced team which pulled us together to win the championship.”

This team never heard of the word ‘quit,’ and we always seemed to dig down for that extra effort,” said Faustino. “We were down and could have folded, but every player came through when it was needed.”

Faustino was a big reason for the team’s aggressiveness, confidence, and the determination of this team. He was the inspiration leader, cut from the same mold of Dr. Cooney, who played for MSC when Faustino was a sophomore. Cooney credits Faustino’s inspiration and motivation with helping this team win it all.

“Jim came through for us time and time again. He held these kids together and when they had to come through with clutch performances, they did,” Cooney said.
