Business or liberal arts; which is better?

By Michael Bullerdick
Staff Writer

Described by some in the audience as a knockdown fight a la academia, faculty from the liberal arts and business departments squared off against each other in a debate last Wednesday night. The panelists debated the merits and place of liberal arts in education today.

Representing the liberal arts were Dean of Humanities and Social Sciences Philip Cohen; Dr. Michael S. Kogan of the philosophy/religion department; history professor Dr. Gilman Srebick; and Dr. Harold Flint of the economics department.

The business viewpoint was argued by Dean of Business Administration Dr. Suresh Desai and Dr. Eileen Kaplan of the management department.

Dr. Gregory Waters, vice president for academic affairs, chaired the debate, which was held in conjunction with Woodrow Wilson Foundation Visiting Fellow Thomas Gaspar’s row Wilson Foundation Visit.

Desai set the tone for the debate by claiming that in education today.

He suggested that an education in the liberal arts should take place, along with the general education requirements, during the first two years of college. After that, he said, students should select a specific concentration.

"It is the design of business administration to detect and develop certain general principles which would explain a variety of business practices in an everchanging world," said Desai. "What emerges from this discipline can be labeled the new liberal arts."

Kogan, vehemently opposed Desai’s philosophy. Kogan said the history of mankind could not be encapsulated in a two year program and that was that what more instruction which might be provided by the business department would not be focused enough to be effective.

"Students who come to college are ignorant," Kogan said. "That's why they are here — they want to learn."

He said when a majority of students choose business education, they are doing so because of the influence of the media and the promise of a high-paying career.

By immediately accepting this promise, he said, students limit themselves in terms of scope, and turning their backs on the larger picture of world history and world culture.

Gaspar intervened by saying that both the business department and the liberal arts departments should work hand in hand to provide for a more thorough education.

However, he held firm to his view that general business studies have no place in an undergraduate curriculum.

"As an undergraduate, the humanities are a better study than the catch-all major of general business administration; it should be offered strictly as a graduate field of study," he said.

"Human knowledge has not evolved all that much. What's happened is nothing more than specialization," said Gaspar.

"So I want someone who can think on a wide variety of topics and who knows his place in the history of humankind."

Students were especially enthusiastic over a proposal made by Flint, for the creation of a business minor open to all, so that students could develop a background in business while pursuing a liberal arts degree.

Feb. 18 Rat incident downplayed

Alcohol privileges resumed

By Paul Mampilly
Assignment Editor

What was first reported as a near riot at the Rathskeller on Feb. 18, is now being downplayed as a group of fights broken up before any damage was done.

As a result, the Rathskeller’s alcohol privileges are suspended until March 3.

"An apparent altercation(s) took place after the closing of the Rat; it took place in close proximity, not inside the Rat," said Dean of Students Edward Martin.

"There is no substantive proof whether or not a contributing factor was alcohol," Martin said.

"Nobody really knows what exactly happened. Based on reports, between four and seventeen people were involved, and there was no report of injuries or damage," stated Martin.

"There were 60 to 70 people in the area, a campus police spokesperson said. "Sporadically, fights broke out in the same area and were broken up. The cause is not known and no arrests have been made."

He said the report of a police officer being choked while attending to the incident was false.

According to Martin, "The aspect of the incident that raised concern was that there was a significant number of people milling around at the time and the atmosphere as evaluated by campus police was volatile; there was an apparent potential for trouble.

"However, there is no information to believe it was a riot," he said. Martin added. "Students were especially enthusiastic over a proposal made by Flint, for the creation of a business minor open to all, so that students could develop a background in business while pursuing a liberal arts degree."

Drug charges filed against students

By Paul Mampilly
Assignment Editor

Four residents of Bohn and Blanton Hall were arrested for the possession of marijuana and other drug paraphernalia on Feb. 27. The students were temporarily suspended. One student is still under suspension pending a review. Charges against three of the students have been filed in Clifton and one in Little Falls. The court date has been set for March 16.

A car was entered on Feb. 27 at 10 a.m. and an unsuccessful attempt was made to steal the radio. The car was parked by Blanton cafeteria at the time.

A male, who said he was lost. The person was watching children in the area immediately when he started to talk to her. She left the area immediately when he started to talk to her. The incident took place at 9:45 a.m. on Feb. 23.

A wallet left unattended in the reading center was stolen on Feb. 25 between 4:30 p.m. and 6:15 p.m. The wallet contained $40.

A SGa worker found $137 missing from her desk. The theft occurred between Feb. 25 and Feb. 26.

A staff member in Panzer Gym reported that a suspicious person was watching children in the classes. She approached the male, who said he was lost. The person could not be found when the police responded. He was found later that night and on being questioned revealed he was a student. He was released immediately.

A fire alarm went off in Ferman Hall at 7:35 because of a stove being used to cook a meal.

A wallet left unattended in the library was stolen. The theft occurred between 5:30 p.m. and 6:05 p.m.

The window of a 1985 Dodge was broken. The car had been parked in lot 20 and the incident occurred between Feb. 29, 8 p.m. and March 1, 7:30 a.m.

The right passenger window of an 1983 Datsun was broken. Nothing was taken from the car. The incident occurred on March 1.

Class One’s to operate on zero-based budget

By Mike Heelan
Staff Writer

At last night’s SGa meeting, a ‘zero base’ budgetary proposal was approved by the legislature. This zero base system will eliminate ‘carry-overs’ by Class I organizations for use in its next academic year’s budget. A carry-over is a sum of money remaining in an organization’s budget at the end of its fiscal year.

“Zero base budgeting will benefit the organizations. It allows for more efficient programming because each class I is encouraged to spend the money allotted on programming or lose it. In doing this, it enables student’s fees to be spent for the semester in which they attend,” said SGa legislator, Perry Delvecchio.

Some legislators opposed to the bill felt that zero base budgeting could open the door for wasteful spending, as organizations would spend just to exhaust the budget.

The SGa legislature voted to decharter the Panzer student association, the German club, Phi Chi Theta, the science fiction Club, the winter guard pep squad and Delta Sigma Chi.

These groups have been dechartered for not submitting organizational update sheets as required by SGa statutes.

The legislature approved changes in SGa class II appropriation statutes. All class II organizations are now required to raise a minimum of 25 percent of money needed for an event through fundraising activities. In the bill, fundraising explicitly excludes ticket sales and personal cash contributions by members. The remaining percentage may be raised, in part, from a SGa appropriation and any other source available to the organization.

An allocation of $1500 was approved by the legislature to the Accounting Club, a class II of the SGa. The money will be used for there 14th annual symposium to be held at the Robinhood Inn, during April. Any student interested may obtain further information by contacting the SGa office at ext. 4202.

In addition, an appropriation of $900 was granted to the Human Relations Organization (HRO), a class II organization of the SGa. The money will be used for their semi-annual communication workshop, which is being held this weekend at Lake Hopatcong, Camp Clifton. All students interested can contact the HRO Vice President Matt Gubala, in the SGa office, Student Center room 103.

The legislature passed a class III charter to the Women’s Soccer Club for the 1988-90 academic years. They plan to participate in competitions during the future.

Final schedules mailed out

Confirmation schedules were mailed to all students who are enrolled for the Spring 1988 semester. Schedules for on campus students have been sent to their home addresses. Students must review this schedule to make sure that the courses agree with those being attended. If there is any discrepancy with your schedule, you must report to the office of the Registrar immediately.

Business & liberal arts need to join, not fight

Thomas Gaspar, visiting fellow from the Woodrow Wilson Foundation, has left turmoil in his wake. Gaspar said that Business was not an appropriate field for an undergraduate to receive a degree in. Students who did graduate with a business degree faced a bleak prospect in the business world.

For years, the business community has been lamenting the lack of well-educated business graduates. While these students have been trained to perform the tasks a business needs, they often cannot read or write too well. Non-business majors are effectively shut out of the system. The large number of business majors doesn't allow room for stretching the department's resources to non-majors. As a result, non-majors are not allowed to register for business courses. Business classes need the input of the liberal arts students. Liberal arts students miss valuable information when they are denied admission to these classes.

Gaspar claims that he is archetypal of corporate business executives. Whether he is or not is open to question.

What is clear, however, is that he has left business administration majors in a panic as to the value of their education.

WASHINGTON—Ah yes, Brother Swaggart, but what about the sin of hypocrisy?

Having confessed to "incidents of moral failure" of an unspecified nature, allegedly with an unspecified prostitute, the Rev. Jimmy Swaggart was initially suspended by the Assemblies of God from preaching for three months—a slap on the wrist because he was contrite, not necessarily repentant.

Swaggart's confession was televised and, in the light of the scandal, the question of whether he has a sexual problem is a commonplace hypocrite following a well-established pattern. His contrition, his sweaty apology, came only after being caught. His sin, such as it was, really amounted to what is called pornography. Just what we did we have yet to learn, although we will undoubtedly find out.

The hooker will probably sell her story to some magazine and take up residence in either the Playboy mansion or a condo owned by Bob Guccione, publisher of Penthouse.

Knowing not exactly what Swaggart has done, one is hard-pressed to condemn him, and surely I am forgiving as the next man. We all sin, says the Rev. Jimmy Swaggart, and—yes, veer yea—that's the awful truth. But the sin for which Swaggart has been found guilty, allegedly by God, demonstrably by a prostitute, and criminally by one who has been convicted of perjury, is that of allowing his precious bodily fluids to churn within him, causing a moral vertigo and the compulsion to point his Lincoln Town Car toward motels where room service has a whole different meaning. For those who have a moral dizziness, Swaggart has apologized.

What is clear, however, is that he has left business administration majors in a panic as to the value of their education.

Israel: seeking safety and security

This is the first in a series of three essays.

The year was 70 C.E. Decades of Roman occupation and their total roll on the Jewish nation, but the final blow came with the destruction of the Second Temple, the center of the Jewish God's reign, the Diaspora, the scattering of the Jewish people throughout the Middle East and Europe. After the majority of Jews left, Persians, Byzantines, and Arabs continued to control the area at various times. By the early 16th century, Turkey, then the Ottoman Empire, consolidated its control over most of the Middle East. Regardless of who was in control, some Jews continued to live there.

Resettlement during the Diaspora occurred throughout Europe. Governments generally treated Jewish communities as separate, self-ruling, subdivisions within their countries. In such a capacity, the Jews continued to flourish unto themselves with little or no interference.

Eventually, the Jews of Western Europe needed to interact more with the surrounding non-Jewish communities, but they lacked the skills to do so. Due to their segregation, they had failed to learn the customs, traditions, and sometimes even the languages of their host areas. They began to assimilate, to absorb the culture, interact within the greater community, and establish ties. Assimilation took decades, sometimes centuries, and was not always voluntary or non-Jews.

In Eastern Europe, however, czarist Russia in particular, the Jews faced increasing hardship. Forcibly segregated, they were forced to live in ghettos. Alexander II attempted to develop better ties with the Jewish community, but the improvements lasted only so long as he ruled. Anti-Semitic attacks, pogroms, and destroyed synagogues are.

Abused and killed the people.

Nationalist movements in Italy, Germany, and the Balkan states all achieved unification and consolidation during the 19th century. The assimilated Jews took note and began to model themselves after the same idea among themselves. The pogroms of Eastern Europe set off a situation which had not previously existed.

Chaim Weizmann, a prominent Zionist, later indicated that the pogroms were the catalyst for a concerted effort to reunite the Jewish community in a homeland.

In 1895, Theodor Herzl, a Viennese Jew, initiated what he believed to be the best route to the new state. Herzl wanted to assemble the leaders of the Jewish movement into a congress which could address the question. Some Western European Jewish leaders resisted, but he was rewarded when over 200 delegates arrived in Basel, Switzerland in August, 1897.

Now that Herzl had developed the groundwork for a unified movement, he set out to achieve the new state through diplomatic means. When the Turks, regarding their land under their control, but the Sultan stopped short of authorizing a specific area for Jewish settlement.

Attention eventually focussed on Britain. Secretary of State for Colonial Affairs Joseph Chamberlain recommended a site in Egypt, which was under British rule, but Herzl pointed out that "[a]ll their affairs have always been a protection from the non-Jews.

"How would you feel if the Rathskellar stopped serving alcohol on Thursday nights?"

“I don’t think it will make any difference if they stopped serving alcohol, since there’s only one night in question. The majority of students on campus are either underage or have no desire to go there anyway.”

Heather Ward
family-child studies/sophomore

“I feel that if the Rat discontinued serving alcohol on Thursdays, that this would cause the student body to go off campus to fulfill their social needs, thus causing a potential increase in alcohol related accidents.”

Barney Rubble
undeclared/sophomore

“I don’t think abandoning alcohol from the Rat is the answer, simply because students will just go somewhere else. This would be a big loss for the school if the Rat became obsolete.”

Bill Judge
marketing/junior

“I think it would show all the students that the administration can’t deal with problems. They should think of what students will do for alternatives like, drinking in the dorms and driving off campus to drink. The administration should face the problem, not turn away like they sometimes do.”

Chris Williams
marketing/junior

“If they stopped serving alcohol on campus for the one mere night a week, I think it would go a little too far. It would only be inviting students to drink and drive somewhere off campus.”

Debbie Kieselowski
accounting/sophomore

Dancers dazzle in ditty

By Jennifer G. Stelevich

These following reviews are from the first dress rehearsal of the 1988 Spring Festival of Dance. Imagination and creativity abound in the Major Theatre Series production of Spring Festival of Dance. Featuring works by guest choreographers, faculty and students, the program spans a wide scope of entertainment.

Nicholas Rodriguez, Artistic Director of DanceCompass, returns in “Quintet” the opening number, Twirling the stage with four women, he commands attention for his ability and polish.

The students move in a domino fashion, with graceful, patterned choreography. Their confidence and well-refined stage appeal marks a fine presentation.

Topped with old hats and oversized blazers, dancers enter for “Ditty.” Leon Redbone’s upbeat musical release sends the dancers into hopping rages. This delightful segment is quick fluid over his crutch, light it and attempt to fry and egg over his nasties. Overall, Howard’s show could have been great, instead it was okay and for $19.95 okay is pretty bad.

And they’re off! CBS and NBC are in a race to see who will be first to air the Jim and Tammy story. Both networks are reportedly working on made-for-TV flicks about God’s favorite couple. NBC’s Fall From Grace and CBS’s God and Greed: The Jim and Tammy Faye Bakker Story are currently in the early stage of productions. NBC has even hired Jim and Tammy as creative consultants for its movie. Avon’s favorite customer, Tammy Bakker wants Sally Field to portray her in the movie. I think Divine would do her more justice, don’t you?

Finally, Disney has a sequel to the film Splash for the future. Splash, Too should be ready to air on the Disney Sunday Night Movie on ABC this spring. Todd Waring will star in the role of Tom Hanke created and Amy Yasbeck will portray the mermaid, originally played by Daryl Hannah. Splash, Too picks up three years after the first film ended.

Bonjour T.V. friends!NYC is certainly rolling out the red carpet for the 36th Annual Grammy Awards: Of course by the time you read this they will a good and so I will refrain from comment until next week. I do have one question though: What is the “Roth” doing there? I did not know they had a catagory for best ego.

Let me say right from the start I like Howard Stern’s radio show. He is a good manipulator of the radio show show however, left something to be desired.

Instead of doing what he does best, which is to satire— in his own crude way—many people who deserve to be ranked on (i.e. Jimmy Swagger, Rev. Al Sharpton), he chose to focus on sex and the FCC. Beginning with a miserable dial-a-date, the show never seemed to have any sense of organization. I kept refraining from comment until next week. I do have one question though: What is the “Roth” doing there? I did not know they had a catagory for best ego.

Instead of doing what he does best, which is to satire— in his own crude way—many people who deserve to be ranked on (i.e. Jimmy Swagger, Rev. Al Sharpton), he chose to focus on sex and the FCC. Beginning with a miserable dial-a-date, the show never seemed to have any sense of organization. I kept refraining from comment until next week. I do have one question though: What is the “Roth” doing there? I did not know they had a catagory for best ego.

Let me say right from the start I like Howard Stern’s radio show. He is a good manipulator of the radio show show however, left something to be desired.

Final Frontier

By Michael Bullerdick
Staff Writer

Someone wise once said, "The more things change, the more they stay the same." And to nothing is this more applicable than to the business of book serials.

Take any serial on the market today—Romance, Mystery, Horror, Science Fiction—if you've read one, you've read them all! Yet, every so often a book comes along in a particular series that reads like literature, its author rushed to the forefront and hailed as the voice of authority on topic "X."

That's just about the story with Pocket Book's Star Trek serial and Diane Carey's Final Frontier.

Sitting conspicuously in the #5 spot on the N.Y. Times Paperback Best Seller List, the novel tells the story of a Star Trek long before the legends were made. Now the esteemed Captain James T. Kirk is just a boy of ten, and it's his father, Commander George Samuel Kirk, who, together with Captain Robert April, sets about boldly going where no man has gone before.

As with her other Star Trek best sellers, Dreadnought and Battlestations!, Carey manages to create new and intriguing characters that are as powerfully complex as the old ones. No other author in the serial business today could have carried the elusive characterizations of George Kirk and Robert April to such perfection.

The writing itself is crisp and clear, and, best of all—timely. As the world debates issues of nuclear disarmament and Star Wars technology, Carey develops the Starship, a technology so promising yet so powerful it threatens galactic harmony.

The plot evolves along questions of intent. Did the Federation design the Starship as a peace-keeping force, an exploration vessel or an imperial warship?

Questions raised today about the moral and military roles of the Superpowers are here placed in a 23rd Century context and debated rigorously, as the military-minded first officer and the pacifist captain square-off against the backdrop of impending, cataclysmic war.

Surprisingly, none of this comes off sounding preachy. The issues follow naturally from such intense characters and the well conceived plot. Without missing a beat, Carey takes us at warp speed from the familiar Star Trek universe, to its mysterious past, and then back again to the future—all of this making for an adventure that nears epic proportion.

We need YOUR input!
Should Lot 17 remain a Commuter Lot or should it become an Overnight Lot?

(Lot 17 is the parking area by Blanton Hall.)

The parking committee has been discussing the parking in Lot 17. Right now campus police is allowing it to be used as an overnight parking lot. Since we, the students, are the ones being affected, the SGA feels that your input is valuable to the committee's decision.

Please complete this form and drop it off in the SGA Office Rm 103 SC Annex by Friday March 11. Your input can make a difference.

Swim team sets two new marks

By Kenny Peck

Splish-Splash The MSC men's swim team set two new school records enroute to a ninth place finish at the Metropolitan Championships this weekend.

Andy Pecoraro swam the 200-yard butterfly in an MSC record 1:59.21, while the relay team of Mike Pavolony, Rich Volpi, Pecoraro and Karl Angersbach set a new mark in the 200 freestyle relay with a time of 1:34.27.

"It was an outstanding meet by everyone," Indian head coach Jim Billesimo said. "Each individual qualified to swim during the finals session each evening."

MSC swam in 36 events, and 28 personal bests were established by the Indians.

Me and Pasquale down at the schoolyard This week, On the Inside Corner offers its selections for the upcoming baseball season with the help of Pasquale DiFulco of Rock-n-Roll Corner fame.

ly winding down its fifth season, Stewart and Mark Colino, it has former MSC students, Tom the men’s and women’s teams.

"The team is not as physical or " Alsofrom said. "The team’s development," he said.

Among the veterans that Alsofrom looks to for leadership is veteran goalie John also took over as head coach. Alsofrom comes to Montclair with 13 years experience at as a high school coach, and is a graduate of Rutgers University. Alsofrom said the transition has been a smooth one.

"The biggest difference is the weather. In high school they play later in the season when the weather is much better," Alsofrom said.

"Another thing" he continued, "is they don’t play on astroturf.

The transition game that the Indians used so well last season will be turned down a notch. "The team is not as physical or as deep as last season, and the temperament is different," said Alsofrom. "Last year’s team had more depth and talent."

"We don’t have the luxury of playing a run and gun game. We plan to go back to the deliberate style offense that Montclair State has employed in the past," continued Alsofrom. "We’ll have lots of isolation, using more one on one plays. We’ll try to frustrate teams with our isolation plays."

Alsofrom also plans to use a zone defense. "We probably play more zone, as it gives us a chance to slow down the game. It also gives us the chance to hide deficiency in numbers."

Alsofrom said the players attitude in practice has been optimistic but difficult to assess how the team is progressing.

"All teams are optimistic at the beginning of the season. The players are playing hard, and their attitudes are good. Let’s wait until the fourth game of the season and we can better tell the team’s development," he said.

Alsofrom replaces Tim Sullivan as a graduate of Rutgers University with 13 years experience alsofrom said the transition is veteran goalie John Capristo, who the coach said is "a good, strong goalie, especially outside the net."

Tim Sullivan and George Irwin are all experienced returners. Joe Petrone and Pete Franklin are the midfielders, and on attack will be Peter Zohir, Tony Petrone and Jack Belanger. Alsofrom described as being "very strong.

Alsofrom sees this season as being a challenging one. The attitudes of the players is "a cause for optimism", and the overall play has been improving.

The hard training proved to pay off, as in the four league races that were held the women’s team took two first place and two second place finishes. This put them in first place in the New Jersey Ski Conference (NJSF), an area conference of the NCSA.

The men’s team completed the four league race with a first, a sixth, and two fourth place finishes. These standings were enough to give the men a fourth place finish in the NJSC, along with a trip to the Nationals.

Much of the credit is due to a strong supportive membership. Returning members from last season include Frank Saya, Robert Summers, David Gerth, Andy Goodman, Kevin Albero, Ken Mate, David Downey, Suzanne Greco, Alida Baldi, Vicki Corso, Tina Snook and Amy Rakowski.

New members this year are Richard Kennedy, John Dorval, Jose Vivanco, George Erwin, Avi Pele, Karyn Kennedy, Rose Estevez, Marlene Kruger, Nicoletta Calo, Terry Light, Diane Ferrone, and Lore Swadba.

This season, the team once again competed in the 10th annual Rutgers Ski Invitational, which was held at Hunter Mountain in New York State. The men’s team had an outstanding weekend, taking first place in both the slalom and giant slalom races, while the men’s team came home with two second place finishes. Brother and sister team Richard and Karyn Kennedy received awards for being the top individuals, each taking first place in both the slalom and giant slalom. They were also presented with the Rutgers Invitational/Urbanski Cup, a trophy given to the outstanding male and female skier of the weekend.

Both the men’s and women’s teams qualified for a chance to compete in the Mid-Atlantic Regional Championships held this past weekend in Seven Spring, Pennsylvania. The Regional Championships hosted the top 12 male and female teams from the four conferences in the Mid-Atlantic region.

The women’s team put forth a good effort by finishing in fourth place in the slalom race, and taking seventh place in the giant slalom. These standings put them in fifth place overall; however, only the top three teams are allowed to compete in the Nationals, which will be held next week in Lusten, Minnesota.

The men’s team finished solid in the slalom, taking first place, but fell the next day in the giant slalom by coming in sixth. However, their combined results put them in third place, thus qualifying them to compete in the Nationals.

Aside from the men’s national competition, MSC will end its regular season this weekend when they host their second annual ski invitational to be held at Hidden Valley. A giant slalom race will be held at 5:00 p.m. Saturday night, and on Sunday a slalom race will be starting approximately at 11:00 a.m. All are welcome to come and support the NJSC Champions, who promise exciting ski racing.

The men’s swim team competed in the Metropolitan Championships this past weekend. For the story, see page 19.
