Bohn Hall residents pissed-off

By Al Iannazone
Staff Writer

New locks were put on the 21 rooms that were burglarized in Bohn Hall over Thanksgiving break on Tuesday, Dec. 4, but there are still no advances in the investigation.

The actual figure of burglarized rooms is somewhere around 40, but many students did not report for fear of "jumping on the bandwagon," a Bohn Hall resident said.

The first thing Campus Police is doing is conducting an internal investigation. Sergeant Debra Newcombe is looking inside to see if a master key somehow got into the wrong hands, but nothing was established at this point, Margaree Coleman-Carter, director of Residence Life said.

Coleman-Carter, during a meeting held for the victims last Wednesday, addressed the possibilities of changing locks throughout Bohn Hall, which would cost about $26,000, and making stricter rules restricting access to the new master keys for the building.

Access to the master key is still an issue that they are reviewing, Coleman-Carter said. Right now, the assistant managers, maintenance director of maintenance Doug Cooper and coordinator of Bohn Hall, Sherill Cantrell, all have access to the master keys.

They are also considering hiring some "roving guards" for the larger facilities, Coleman-Carter said. She is meeting with Statewide Security tomorrow to determine the guard situation.

Many residents were unhappy with what was discussed at the meeting. "What I want to know is why didn't all of us take about how scary it was," a Bohn resident said.

Among the items stolen were televisions, stereos, typewriters, compact discs, jewelry, Nintendo and games and leather jackets. Microwaves and liquor were also reported stolen, although they are against Bohn's regulations.

"What I want to know is why did we talk about next semester and the future instead of what is going on now," said Bob Orth, who had over $1,500 worth of valuables stolen including 120 cassettes.

"The proper up-keep of equipment and facilities at the colleges of this state is a priority issue," said Pascrell. "Without this up-keep, the quality of education at these institutions will gradually decline. We need to insure that doesn't happen."

"In order for these schools to meet the needs of the future, facilities must be built for the many new fields that are growing by leaps and bounds," said Mecca. "Without growth in both established and newer fields, the education process stagnates. These funds will help keep higher education in New Jersey flourishing."

New Jersey's ability to stay on the cutting edge of new technology will greatly affect our state's economic well-being as we approach the 21st century," said Kenny.

All three measures appropriate funds from the Jobs, Education and Competitiveness Bond Act, which was approved by New Jersey voters in 1988, to the Department of Higher Education.

The first measure (A-3943), allocates $142,502,000 for projects at public universities and private institutions. Pascrell said that the schools receiving aid include William Paterson College, Montclair State College, Rutgers, the State University, the University of Medicine and Dentistry of N.J., Monmouth College, Bloomfield College, Rider College, the New Jersey Institute of Technology, Stevens Institute of Technology, Caldwell College, and the Council of Higher Education in Newark.

The second measure (A-3944), allocates $22,322,000 for projects at state and county colleges.

**State colleges defend Student Rights Bill**

By Renee McDonnell
Staff Writer

A student rights bill that would give full control of the student government fees to the SGA’s of all N.J. state colleges and universities was introduced to further the higher education committees of the N.J. State Assembly and Senate.

Other functions of the Student Rights bill would be to provide a way for student governments to raise and lower their fees, allow them to allocate funds to a statewide student organization and give students the right to vote on non-profit corporations on the term bill in the form of a “waivable fee.”

The bill is sponsored by Senate minority leader John Dalton and Assemblyman Joseph Doria.

To help lobby the bill, the N.J. Student Rights Coalition, the statewide students organization that blot out to Trenton on Nov. 9, sends representatives from all of the state schools to Trenton every Monday and Thursday to support the bill. On Monday, December 3, MSC was at Trenton. The entire coalition will be in Trenton on Thursday, Dec. 6. The Student Rights Coalition is hoping that the bill will be passed before February.

Opposition towards the bill has been met by college boards and administrators who represent the business and industry sector.

Susco said that such opposition exists because students may want to, for example, put up a public interest group concerned with environmental issues that may restrict business.

Ramsapo College also opposes the bill. Susco feels this is due to a “misunderstanding” of the bill.

Susco feels that the bill is “asking for more than what students deserve.” The problem is that carried with her from her should be the decision of the students as to how much they have to spend.”

Suso said that the student legislators do not see any “big flaws” in the purpose of the bill but did mention that the bill can be amended anytime before it is passed.

**Ex-cop says that drug legalization is essential**

By Gall Pietranera
Correspondent

Murderers, thieves, pimps and drug dealers; all of whom ex-undercover police officer Kim Wozencraft had to befriend and interact with everyday. About 50 MSC students on Tuesday listened to Kim Wozencraft talk openly about her experiences as an undercover narcotics agent, a drug addict and a convict. Rush: Drugs and Undercover Cops is her first novel and she has just sold the rights to have it made into a movie.

“I was bored, naive and unrealistic,” Wozencraft told students. “I wanted to do something worthwhile for the community,” so she said that at 21 she became a cop for the Dallas police department.

Wozencraft said that because rookies were not familiar law enforcement faces on the street, she was made an undercover agent. Wozencraft was given an apartment, an informant and a wad of cash. Her job — to buy drugs.

“I was told to get down with the dealers. Use it. Get high,” Wozencraft said. Sometimes it was the only way to gain the trust of her suspects and in some cases save her life.

After a nine-month-long investigation which led to 200 criminal cases, Wozencraft and her partner found they had a problem. “I knew I had crossed the line. I was arrested for parolee for doing the same thing I was doing,” she said. When she went to her captain for help, he told her to take a couple of days off. She agreed.

After receiving several death threats, Wozencraft awoke one night staring down the barrel of a gun. Wozencraft and her partner were sprayed in the arms and were forced to return fire. After spending the night in a holding cell for protection, Wozencraft began writing, a favorite childhood pastime.

She then joined the Air Force and basic training helped her to sober up. The FBI soon caught up with her and after pleading guilty to perjury in court she was sent to the Federal Correctional Institution in Lexington, Kentucky, where she served 13 months of her 18-month sentence.

After her lecture she was questioned by professors who were particularly interested in her narcotics dealings and her time in prison. Wozencraft openly answered all questions and took a firm stand against present drug problems.

“I didn’t want to glorify drugs in my book,” she said. “The War on Drugs program is a fraud. It’s a convenient way to keep a lot of money. The purpose of the bill but did mention that the bill can be amended anytime before it is passed.

**Campus Police Report:**

Another two cars stolen

By William C. Hendrixon
Staff Writer

■Stolen Cars:
- Between 4:15 p.m. on Nov. 27 and 8 a.m. on Nov. 28, a 1971 Datsun 240Z was stolen from lot 24. It was recovered on Nov. 30 in West New York.
- Between 9:45 p.m. on Dec. 2 and 11 a.m. on Dec. 4, a 1985 Pontiac Firebird was stolen from lot 21.

■Vandalism:
- Nov. 27 between 10:45 and 11 a.m. a state van parked near the Blanton Hall loading dock had its rear window smashed.
- Nov. 27 between 11:30 p.m. on Nov. 29 and 2:30 p.m. on Dec. 1, a 1985 Mercury 4-door parked in lot 20 was scratched along the side and its antenna was broken.

■Theft/ Stolen Property:
- Between 9 p.m. on Dec. 2 and 7 a.m. on Dec. 3, a ground floor apartment in the Clover 100 building was broken into through the front window and two purses were stolen.
- Dec. 4 between 1-7 a.m., another ground floor apartment in the Clover 100 building was broken into while the residents were home sleeping. Nothing was heard and a VCR was stolen.
- Dec. 4 around 1 p.m., a wallet was stolen from an unattended purse in the library.

■Miscellaneous:
- Mahwah Police reported recently arresting a Montclair resident for burglary, theft and aggravated sexual contact at Ramapo College. According to Campus Police, the man is rumored to be a suspect in the recent burglaries in Bohn Hall.
- Dec. 4 at 3:30 a.m., a red 1984 Chevy Camaro was found in lot 30 still running. It is believed to be a stolen car, but if anyone has knowledge of the incident, they should contact Campus Police.
- The three Toyotas that were stolen a few weeks ago were located, two of which were found stripped in Newark. The third car was recovered well. Hillsdale Police were investigating a rash of robberies in the area and Police surveillance arrested a suspect and found him to be in possession of the stolen auto.
- There were 3,343 parking tickets issued during the month of November.

**Corrections**

1. ALL FINAL EXAMINATIONS MUST BE GIVEN DURING THE REGULARLY-SCHEDULED EXAMINATION PERIOD. THE SCHEDULE OF COURSES LISTS DAYS AND TIMES OF FINAL EXAMINATION FOR EACH CLASS PERIOD.

2. NO FINAL EXAMINATION MAY BE GIVEN DURING THE LAST WEEK OF CLASSES BEFORE THE EXAMINATION PERIOD.

3. IF NO FORMAL EXAMINATION IS SCHEDULED, THE CLASS MUST MEET FOR ONE HOUR DURING THE SCHEDULED FINAL EXAMINATION TIME FOR A CLASS EVALUATION SESSION. THUS, ALL CLASSES ARE REQUIRED TO MEET DURING THE FINAL EXAMINATION PERIOD.
Changes in the Soviet Union and Eastern Europe

By Steve Sukala
Assignment Editor

Dr. Paul Pastor of the History Department spoke on “Changes in the Soviet Union and Eastern Europe” last Thursday afternoon in Kops Lounge of Russ Hall, sponsored by Phi Alpha Theta, the history honors fraternity.

Pastor said that when Gorbachev took control of the Soviet Union’s Communist Party in 1985 after a power struggle, he realized the need for extensive changes. “Gorbachev has to destroy the party in order to bring about changes,” Pastor said.

The East European countries had hoped for a new Marshall Plan from the United States and the Western European countries after the revolutionary changes in their countries, but “this year reality set in,” Pastor said, citing the “inability of the West to respond to Eastern Europe’s economic collapse.”

“West Germans miscalculated the cost of supporting Eastern Europe,” Pastor said.

He led into World War II with the devastation that fell to the Soviet Union when Hitler invaded. Pastor said that Stalin made a major miscalculation in the non-aggression pact which Germany and the Soviet Union had formed by thinking that he would not have to fight Germany.

Pastor said that the Soviet Union established communist control over the Eastern European countries for two reasons which were important to Stalin. The first was to create a defensive field around the Soviet Union so that no future wars would devastate the country like World War II had.

Second was the economic power which Stalin believed these countries would provide the Soviet Union. By 1953, after a rapid drive for industrialization, Pastor said that the labor stage of industrialization in the Soviet Union was over, and capital, which was unavailable to them, was needed.

Pastor said that with Kruschev’s rise to power, demands for sovereignty in Eastern European countries were increasing. Several times in the 1950’s and 60’s, Soviet troops sent in to these countries to stop new governments which were straying from Soviet-style communism. Pastor cited the example of Czechoslovakia in 1968 which was invaded since a multi-party system could not be allowed in Eastern Europe.

He said that the communist system in Eastern Europe was collapsing by the end of the 1960’s, and it was only saved by the oil crisis created by the Arab countries in the early 70’s. He said this allowed the sale of the Soviet Union’s oil resources for higher prices, which temporarily bolstered the economy.

In the 1980’s, Eastern European countries had gathered a large debt due to irresponsible spending, largely on items and programs which were of temporary benefit only.

SGA News:

More Greeks denied due to restructuring

By Chris Marmo
Correspondent

A bill involving a controversial Class III charter for Sigma Tau Nu Sorority and emergency legislation dealing with a $500 donation by the SGA to the United Greek Coalition (UGC) to sponsor a party for sick children came up for debate at this week’s meeting.

After an extensive debate, Sigma Tau Nu Sorority was denied a Class III charter. The Greek Council is currently being re-structured, and a bill is in legislation that would restrict the chartering of any new greek organizations until the second week in Feb.

Sigma Tau Nu will come up for charter next semester and, according to a majority of legislators, have a good chance of it being approved.

Some legislators argued on the legality of denying a charter on the basis of a bill that hasn’t been passed yet. Others said that the charter was denied because it was simply a bad time to give any charters because the Greek Council is disorganized at this moment.

Sigma Tau Nu will come up for charter next semester and, according to a majority of legislators, have a good chance of it being approved.

After another long debate, the SGA passed a bill to donate $500 to the UGC to co-sponsor a party for sick children at St. Joseph Hospital in Paterson on Saturday, Dec. 15, at 10 a.m. The UGC can’t handle such a financial burden on its own and the party is a little over one week away. The SGA saw it fit to make this bill into emergency legislation.

The $500 is to be used to set up the party and buy toys for the children. The party will run until 1 p.m.

A bill involving SGA legislative appropriation was also passed this week.

Welcome to our Walls!

A Class IV of SGA
Ask Mr. BUYBACK

Q. How does the College Store decide if they want my text?
A. The first question the bookstore asks is whether the book has been ordered for the next semester. If yes, then we examine how many copies are needed versus how many we have on hand. If additional copies are needed we place the title on our buyback list.

Q. Do I get more money selling my books at the College Store as opposed to Blanton Hall?
A. No, the money you receive will be exactly the same. We offer two locations to make it easier and less time consuming for you to sell your books.

Q. Will the College Store buy back workbooks, study guides and paperbacks?
A. Yes. Our list is inclusive of all types of books used on campus. There are some texts, however, that are designed for one-time use and cannot be resold.

Q. How much can I sell my textbooks for?
A. The College Store will pay 50% of the new book price on the current edition textbooks if a) we have received a book order from the faculty for your book for the upcoming semester and b) if we need your books to meet course enrollment figures. (most current edition textbooks NOT being used for the upcoming semester will be purchased by a wholesale company at between 14-40%). These are not resold on campus.

Q. Can the books that I have highlighted be resold?
A. Generally texts which have been high-lighted can be sold back to the store for 50% or at wholesale, assuming they have market value. Workbooks and study guides meet different guidelines. If the store requires the book, we will be more tolerant of the amount of writing, etc. Wholesalers require this type of book to be almost mark-free.

Q. How often do new editions of textbooks come out?
A. On the average new editions are released every 4 to 5 years in order to keep current with current events and information. When a new edition is released the old edition has no market value to either the bookstore or the wholesaler.

Q. Why is wholesale value so low on paperbacks?
A. First of all, the value of a book is determined based on supply and demand. Secondly, the way paperbacks are constructed places the wholesaler at greater risk that the book may be destroyed in shipping or in handling at the warehouse. Most paperbacks were made to be used by one person.

Q. How come my friend got half price on his books and I only got wholesale?
A. Unfortunately, the College Store can only pay 50% up to the quantity of books needed for the upcoming semester. Once the store has reached the quantity needed, we then pay wholesale price, if any, for additional texts. Texts purchased wholesale are sent off campus at the end of each buyback.

BUYBACK Bonus Bucks:
Every time you bring in your textbooks for sale you are eligible to earn Bonus Bucks. You will receive one bonus buck for every fifteen dollars you get for your textbooks. For example, if you sell your books for $32, you will also receive 2 Bonus Bucks.

Bonus Bucks can be used as cash to make purchases in the College Store from December 10, 1990 to December 22, 1990. (Certain restrictions apply)

BUYBACK Locations, Dates and Times

The College Bookstore:
Monday through Thursday, December 10-20 - 8:30am to 7:30pm
Friday, December 21 - 8:30am to 4:00pm
Saturday, December 22 - 9:00am to 1:00pm

Blanton Hall Atrium:
Tuesday through Thursday, December 16-20 - 10am to 7pm

NOTE: A current Photo ID is required for textbook buyback
Bohn cont. from p. 1

Bye.

The students feel that someone who works in the building had some part in the burglaries. "It's got to be an inside job," said Bohn resident Chris Pontrelli. "It's scary," Hutchinson said. "They have the keys to every room."

Redmon, who worked the last shift before leaving for the holiday, said, "Why are they (maintenance) there when we're not present. Maintenance was right for repairmen to make repairs free access to roam. I never thought it shouldn't be in the building. They have hours someone will probably be home."

Cantrell did a sweep at 10 p.m. When she left, Campus Police did a sweep of the entire building.

"The building was closed," Redmon said. "Why are they (maintenance) there if we are not? When doors were chained she left, Campus Police did a sweep of the place out?" Consequently, Coleman-Carter is advising students that if they wish to be home for repairs, just request it. "In wake of everything, if students are uncomfortable with the policy, they can indicate it on their Work Order Form. However, it may cause delays in things being repaired."

Students can file what was missing on their parents Home Ownership Insurance Policy, Coleman-Carter said. However, residents are upset at the idea of their parents paying for the incident. "It aggravates me that home ownership insurance covers anything over $250, but the college says we're not getting anything back because we weren't locked up properly," Redmon said.

A Bohn resident said, "What's the purpose of an insurance policy? Our belongings should be secure. And besides, they took so much stuff that on our parents insurance policy we will only receive a percentage." Another said, "Why should we pay for it twice."

With Christmas coming, students are afraid as to what might happen. As one student put it, "Over Christmas break are they going to bring an 18-foot moving truck and just back the whole place out?" Consequently, Coleman-Carter urges students to take everything with them. "We are encouraging students to take all valuables home over Christmas break," she said.

"Reimbursement and compensation will be reviewed following the results of the investigation. We're committed to solving this and trying to ascertain what persons are responsible. It will take time," said Coleman-Carter.

If you have any information that might help, please contact campus police at 893-5222, or the office of Coleman-Carter at 893-5252.

Bill cont. from p. 1

Mecca said that the schools receiving aid under the second measure include Camden County College, Glassboro State College, Trenton State College, Salem Community College, and Mercer County Community College.

The measure sponsored by Assemblyman Kenny (A-4077), allocates $35,150,000 in bond-issue funds to the New Jersey Commission on Science and Technology to build an eight-echelon four advanced technology centers in the state.

Kenny reports that the centers to be funded are an agricultural molecular biology center at Cook College, the Agricultural Experiment Station at Centerton of Rutgers, a photonics and opto-electronic center at Princeton University, and a Center for Surface Engineered Materials sponsored by the Consortium for Surface Processing at the Stevens Institute of Technology.

"With continued support, New Jersey's technology centers may gain the national recognition that places such as Research Triangle in North Carolina enjoy," said Kenny.

"New buildings, computer facilities, and well-kept libraries are essential elements of competitive colleges," said Pascrell. "Without them, New Jersey colleges are put at a disadvantage."

"The bond issue was approved under the philosophy that quality education leads to quality jobs and a competitive edge for New Jersey," said Mecca. "Our legislation follows through on that idea."

The measures now move to the Senate for further consideration.

The vote for each bill was as follows:
A-3943 71 to 2, A-3944 70 to 2, and A-4077 69 to 1.

The Montclarion Wants You!

For Spring 1991

Able bodies needed for the following:
Treasurer
Photo Editor
Ad salesperson (Commission)
Production Editor

If you are interested in any of the above mentioned positions, drop everything and come down to The Montclarion room 113 Student Center and apply. All the cool kids are doing it, you know you want to.

Save now on select color Macintosh systems.

Now through January 5, 1991, take advantage of special savings when you buy a Macintosh IIfx, or Macintosh IIcx computer and an AppleColor High-Resolution RGB Monitor.*

Whether you choose the new Macintosh IIfx, Apple's latest powerful, affordable system. Or the Macintosh IIcx, known for its high performance and expandability. Or the maximum-performance Macintosh IIx, with its virtually unlimited expandability. You'll be getting a system of lasting value. Not to mention special savings when you buy your system with the AppleColor High-Resolution RGB Monitor.

Hurry in today for a closer look at these Macintosh II systems. You'll praise their value, and we'll compliment you on your choice with special savings. No matter which system you choose.

Ten years ago this week, students heard all about messages, both subliminal and not, and while five years ago this week, teachers were sending out a message of their own...

Dec. 4, 1985

“AFT wins vote; talks resume” The American Federation of Teachers (AFT) won the right to act as the collective bargaining agent for MSC faculty during a two-day voting session. The NJ Education Association had challenged the AFT for control, but lost miserably. Faculty felt the AFT better represented not only their needs at the bargaining table, but also offered programs, workshops, and seminars.

“Lecture reveals media tricks” Dr. Wilson Bryan Key, a former North Western Ontario University professor and author of Subliminal Seduction, Sexploitation, and Clamplate Orgy, gave a lecture on media manipulation—inserting subliminal details into certain ads. He showed several examples, including an ad for Johnny Walker Red which consisted only of a glass filled with ice cubes; Key later pointed out the images hidden in the glass—skulls, distorted faces, and ravens—are seen by alcoholics undergoing withdrawal and appeal to a “death wish” of the subconscious.

Dec. 5, 1985

“Assessment exam is proposed alternative to ‘gate-way’ test” The controversy continued as to whether undergraduates would be forced to take the so-called “gate-way” test prior to entering their junior year. The proposed assessment exam would evaluate teaching skills and curriculum rather than determine whether or not students could proceed into their junior year, and was apparently favored by the faculty.

The Greek Weekly

Dec. 12: 6—Delta Chi and Sigma Delta Tau go to St. Rocco’s Child Care Center.
Dec. 12: 8—Phi Sigma Sigma’s Macy’s Gift Certificate raffle in January
Dec. 13: 1—Alpha Iota Chi’s holiday party
Dec. 13: 5—End of Sigma Delta Tau’s $200 gift certificate raffle

Philanthropic

Dec. 12: 5—Theta Kappa Chi’s sixth annual toy drive in the Student Center from 9:00-2:00 for underprivileged children. Also on 12/11 and 12/13.
Dec. 12: 6—Delta Chi and Sigma Delta Tau go to St. Rocco’s Child Care Center.
Dec. 12: 8—Phi Sigma Sigma’s holiday gift wrapping in Willowbrook Mall for the Arthritis Foundation.
Dec. 18: 12—End of Sigma Delta Tau and Delta Phi Epsilon’s canned food, toy, and clothing drive.

Fundraisers

□Theta Kappa Chi’s Pretty Woman/Total Recall raffle was won by Greta Sturm and Mike Soyka. All proceeds went to underprivileged children.
□Phi Sigma Sigma’s Macy’s Gift Certificate raffle in January

He hopes to leave them laughing

Student comedian, 19, hosts CLUB’s Christmas Comedy Show

By Valerie Kalfin

Nineteen-year-old Rob Magnotti has been to a lot of clubs in the area, but he never gets caught for being underage. That’s because when he’s been to Rascal’s, Grappa’s (in Long Island), the Comedy Loft, and other clubs in NY, he hasn’t been a customer. He’s been performing.

Monday night, Magnotti, a sophomore, plans to bring his routine of stand-up comedy and impressions to Memorial Auditorium where he will host CLUB’s Christmas Comedy Show. His comedy show is characterized by John Mulrooney of Comic Strip Live and Mick Luzinski.

“It started when I was a kid,” he says of his interest in comedy. “I was always hyper, a jokester. I used to mimic family members, and movies that I saw.”

Then in 1983, he saw Eddie Murphy’s Delirious on Home Box Office, and was hooked. “I watched him and watched him,” he says. “I tried to be like him a lot of times. I used to do his act in school. In high school, I got into acting and did some stand-up in the classroom. That’s when I started creating my own type of humor.”

His own type of humor included doing impressions, something which “takes work” on his part, but gets across easily to the audience. “If they’re (people he impersonates) in the public eye, it’s not that hard. The bridge is already there,” he says. His repertoire includes different kinds of dialects, Tom Carvel, Andrew Dice Clay, and Bart Simpson. “I try to watch The Simpsons every night to see what else I can pick up about Bart’s character.”

Magnotti, who also plays the drums as a hobby and whose brother, Al, is a senior here, works through the Top Drawer Entertainment agency in NY, and was discovered by his agent here last summer.

It all started in 1988 over a Chinese dinner with his aunt and his father in West Orange, when he told his aunt that he wanted to be a comedian.

He did impressions throughout the meal, including ordering dinner as the Godfather, going to the men’s room as Archie Bunker, and coming back as Bunker’s wife, Edith. “After dinner, my dad said, ‘Let’s go to Rascal’s’, which was three blocks away. When we got there, he said, ‘I have a young comedian here. Who would he talk to to get started? They gave us a business card that read Tony Camacho.’

“A couple days later, I called the agency (Top Drawer). I said, ‘This is Rob Magnotti.’ They said, ‘Who? I started asking questions about the business, and they asked me for a tape, pictures...I didn’t know about any of that stuff. I was only 17.’”

Once Magnotti knew what he needed to get started, he began developing an act. Last October marked his first performance at MSC during an “Open Mic Night” sponsored by Class One Concerts.

“That was the first thing I did on campus in front of college kids,” he says.

Last spring, Chuck Fiener of the Office of Student Activities invited him to perform at the student orientation comedy show in the summer for a 10-minute spot. “He said a big agent might be there, but when I went on stage, I forgot all about that. About a minute after I walked off stage, this guy came up to me and says, ‘Good job. Here’s my card. Give me a call.’ I looked down at the card, and everything slowed down to a dream-like state. The card read, ‘Antonio Camacho.’

His own type of humor included doing impressions, something which “takes work” on his part, but gets across easily to the audience. “If they’re (people he impersonates) in the public eye, it’s not that hard. The bridge is already there,” he says. His repertoire includes different kinds of dialects, Tom Carvel, Andrew Dice Clay, and Bart Simpson. “I try to watch The Simpsons every night to see what else I can pick up about Bart’s character.”

Magnotti, who also plays the drums as a hobby and whose brother, Al, is a senior here, works through the Top Drawer Entertainment agency in NY, and was discovered by his agent here last summer.

It all started in 1988 over a Chinese dinner with his aunt and his father in West Orange, when he told his aunt that he wanted to be a comedian.

He did impressions throughout the meal, including ordering dinner as the Godfather, going to the men’s room as Archie Bunker, and coming back as Bunker’s wife, Edith. “After dinner, my dad said, ‘Let’s go to Rascal’s’, which was three blocks away. When we got there, he said, ‘I have a young comedian here. Who would he talk to to get started? They gave us a business card that read Tony Camacho.’

“A couple days later, I called the agency (Top Drawer). I said, ‘This is Rob Magnotti.’ They said, ‘Who? I started asking questions about the business, and they asked me for a tape, pictures...I didn’t know about any of that stuff. I was only 17.’”

Once Magnotti knew what he needed to get started, he began developing an act. Last October marked his first performance at MSC during an “Open Mic Night” sponsored by Class One Concerts.

“That was the first thing I did on campus in front of college kids,” he says.

Last spring, Chuck Fiener of the Office of Student Activities invited him to perform at the student orientation comedy show in the summer for a 10-minute spot. “He said a big agent might be there, but when I went on stage, I forgot all about that. About a minute after I walked off stage, this guy came up to me and says, ‘Good job. Here’s my card. Give me a call.’ I looked down at the card, and everything slowed down to a dream-like state. The card read, ‘Antonio Camacho.’

"Kind of like deja vu," he muses. "I mean, the person I was looking for in '88 turns up at the college. The whole thing was really incredible. Explosive. Everything took off from there. We've been working with each other ever since."

Magnotti is currently undeclared in his major, although he says he is "leaning towards" communications. He eventually wants to break into TV and movies, and sees comedy as his life-long career.

"I love doing it," he says. "I couldn't take other jobs. I've been a busboy and a movie usher. I've valet-parked cars. This is what I've always wanted to do."

When Top Drawer Entertainment definitely knows who he is when he calls now, Magnotti still has a way to go before he's a household name. Maybe one day, though, he'll be billed alongside his idol.

"I realized I can't be him," he grins. "There's only one Eddie Murphy."
**SUMMER SESSIONS 1991**

MONTCALIR STATE COLLEGE STUDENTS: AVOID DELAY! PICK UP YOUR SUMMER SESSIONS CATALOG DURING LATE MARCH. NO APPLICATION FOR ADMISSION IS REQUIRED FOR MSC STUDENTS.

Registration opportunities available to Montclair State College students from other regionally accredited colleges and universities:

**ADVANCED REGISTRATION FOR ALL SESSIONS**

Wednesday, May 29–June 7: Special Summer Session

Wednesday, June 1, 2:00–4:00 PM, for Eight-Week Session and Saturday courses AND for courses in any other session that begin after May 22

Wednesday, June 5, 2:00–6:30 PM, for Pre-Session courses and for courses in any other session that begin after June 5

**UNDERGRADUATE COURSES**

**Pre-Session**

Most courses meet during the day Monday–Thursday May 28–June 13 (exceptions noted)

**Anthropology (893-4119)**
ANTH 200 Urban Anthropology ..................................3
ANTH 201 Anthropology of Aging & Age ..................................3

The Rat: MSC's sports bar

On Monday night the New York Giants played the San Francisco 49ers, and just about every student at MSC was planted in front of their TV sets anxiously awaiting the outcome. The Student Intramural Leisure Council opened the Rathskeller so students could come and watch the game on the big screen television and eat pizza.

The event was not greatly successful because of the fact that the game was on regular TV. But what would happen if this idea was expanded, featuring sporting events only offered on cable? If the Rathskeller purchased a satellite dish and played all the cable sporting events, the cable starved campus community would flock to the Rat like moths to the flame.

There is no way for the many underaged students at MSC to watch local teams like the Knicks and Devils, as well as all the other sports alternatives offered. Considering all the sports enthusiasts, the on-campus location would soon become a hot spot. All it would take would be someone with the vision and capital to invest in making the Rat a sports bar. It wouldn't require alcohol to draw a crowd, the opportunity to catch a tough Knick-Celtic game is all that's needed to fill the house.

If the administration is serious about offering fun student activities that don't need alcohol to be successful, they should look at what interests students. Sports is one of the most popular and universal forms of entertainment, and one which MSC students are seriously deprived of the absence of cable television.

Through the sales of pizza and soda, the Rat would be profiting, but the most important fact is that students would have somewhere fun to go to without fear of getting arrested. If organized correctly, it could be a serious source of added revenue to help the administration deal with the rising cost of tuition.

Student Voice

Post-graduates overcharged for courses

I am writing this letter to inform MSC of an unfair policy concerning post-Baccalaureate students and tuition. I am a post B.A. student with an undergraduate degree in Business Administration (MSC, 1984). I went back to school for teacher certification in Physical Education in January of 1989. I did not go back for a Masters degree, but for a second degree so that I could become a teacher.

The courses I am required to take in the Spring of 1991 are at the 400 level in the teachers' professional sequence. I have numerous undergraduate students in my classes who are being charged undergraduate tuition, rightly so. However, post B.A. students, who are not earning a Masters degree or credits toward a Masters degree, are being charged graduate level tuition fees for the same courses.

What benefit does a post B.A. student receive that entitles MSC to charge him/her the graduate tuition? Do I get a Masters in teaching and the subsequent pay raise because of it? Of course not! I am being charged graduate fees for an undergraduate degree!

Many other benefits of being a graduate or undergraduate student are not available to the post B.A. students. Scholarships, financial aid, and SGA services are restricted or primarily for undergrads or students seeking a Masters degree.

I presently expect to graduate in May 1991. I went back to MSC because I could afford the high quality education it has to offer. Now, one semester from graduation, I get hit with a tuition bill of $1800.00 which is almost twice the undergraduate tuition for the exact same courses.

I hope to hear from you personally, Dr. Reid, because this affects many students at MSC. I do not want to hear that this is policy and that's that. Why is this policy if it is unfair to post B.A. students?

Why should I be penalized for seeking to become a teacher in N.J.? I have researched the policy in the graduate and undergraduate catalogs and received answers from the registrar, business office, and graduate advisor that this is policy.

Only you can help to change this unfair practice. Remember, if you truly believe it is hurting students and do not act, you are responsible for your non-action. Not only will I and other post B.A. students remember, but it will continue to affect students to come in the future.

I write this to you sincerely and honestly hoping to hear from you soon.
Better buys on books

Are you tired of constantly getting ripped off by the student bookstore? A store that continuously sells the books at an outrageous price, and buys them back at almost nothing.

Because the students are constantly getting ripped-off, the brothers of Alpha Phi Omega, have formed a bookstore. This store would not sell books right away, but rather we can give you more money when we sell the books. You know, YOU VERY MUCH! 60% of the ticketed price, which is still lower than the student bookstore price. As we sell this book, you, the student, will get 50% of this price.

All a person has to do to find out if we have the book is first find the title in the stock book, then come upstairs to the fourth floor of the Student Center, room 406 and check to see if we have the book. The Alpha Phi Omega Office is right in front of you as you exit the elevator.

Legislator replies

In reply to the less than friendly editorial written about our SGA President, Anthony Susco:

First, to clear up a couple of points which I feel were wrongly stated: Mr. Susco was at the “gathering,” as indeed were a number of other SGA members, including myself. That much is true. Phaedra, in her letter, however, added that the numbers attending the gathering were excessive. I believe this is a relative term. I know for a fact that the gathering was well attended. The question is whether the gathering was excessive. A relative term. I know for a fact that the gathering was well attended. The question is whether the gathering was excessive.

Second, the presence of alcohol is not illegal at Clove Road. We know that because it was there, we wouldn’t currently be trying to ban its ban—right? As Mr. Susco was driving that point home, I know that he didn’t consume more than a couple of beers—three glasses at the most. Concerning the “vote”: What Phaedra Boer failed to mention was that the vote which occurred was initiated by a complete “unknown”, i.e. not an MSC student, who barged into the apartment and deliberately started a fire. Therefore, we had no offensive action taken by anyone in the room. I was there. I saw it.

Clove residents feel harassment

Let me tell you a little story. Spring of 1990 was a pretty tough semester. Not in the classroom, but in my very own Clove apartment.

That was just last semester - what a coincidence! (one in a string of many) Briefly, we happened to have a problem roommate. Numerous things were stolen from us and were found in her possession. We immediately appealed to a Clove authority figure to have this problem roommate removed. Nothing was done for us. Ha, what else is new?

This problem roommate proceeded to attack me shortly after returning from a bad trip at the beginning of the term. This attack was witnessed by the other roommates. We again appealed to the same authority figure who will remain nameless.

We were told quite pointedly: “How do I know you’re not lying just to set her up?” Regardless of claw marks on my neck, thanks for the vote of confidence. Finally, months after the original appeal, the problem roommate was removed (only after several interventions from an angry parent to more prominent MSC authority figures).

It would be a crime if I neglected to mention that the roommate was removed, not from Clove Road Apts., but merely to another apartment near by. I suppose the violations she committed (all of them) were excessive. Excessive is a relative term. We were poignantly asked: “How do we know?” According to the rules of the Clove road, we are to be removed from Clove Road if we have been sanctioned in any way similar to that which occurred was initiated by a complete “unknown”, i.e. not an MSC student, who barged into the apartment and deliberately started a fire. Therefore, we had no offensive action taken by anyone in the room. I was there. I saw it.

It would be a crime if I neglected to mention that the roommate was removed, not from Clove Road Apts., but merely to another apartment near by. I suppose the violations she committed (all of them) were excessive. Excessive is a relative term. We were poignantly asked: “How do we know?” According to the rules of the Clove road, we are to be removed from Clove Road if we have been sanctioned in any way similar to that which occurred was initiated by a complete “unknown”, i.e. not an MSC student, who barged into the apartment and deliberately started a fire. Therefore, we had no offensive action taken by anyone in the room. I was there. I saw it.

It seems that for the last two years every band in the world has been making either a comeback or having a reunion, from the Rolling Stones and The Who to a re-energized Aerosmith. And then there are the bands that never went away. Take, oh, AC/DC for instance.

These guys have been around for the better part of 15 years and still have more raw energy and talent that many bands never had and never will (ie. M.C. Hammer, Rick Astley, etc.). The lineup has changed over the years, but the constant factor has been Angus Young, the lead guitarist. He may be pushing 40, but raw energy and excitement, you can't top him.

AC/DC came to the Arena last month for one of THE best shows I have ever seen. They opened up the show, predictably, with "Thunderstruck," which was preceded by some powerful-sounding thunder and lightning. As far as I was concerned, AC/DC never stopped the thunder.

With only one or two exceptions, the show was one great song after another, and although they did a lot of their older songs, going back to the beginning and working through their newer stuff.

Chris Slade proved to be a great addition on drums after I heard him live. Formerly of The Firm with Jimmy Page, he gives the rhythm department an added edge which may have been a little lacking when Simon Wright was on drums.

AC/DC only did three songs off the Razor's Edge, which was good because I have it at home, and if I wanted to hear it, I would have just turned on my CD player.

Don't get me wrong, I really do like the music, but the production line classic pre-1980 AC/DC, before Bon Scott, the former lead singer, drank himself to death. Brian Johnson may have a powerful voice and a strong stage presence, but he lacks some of the darker qualities in Scott's voice essential to older AC/DC.

The other tracks off the new album they played were "The Razor's Edge" and "Moneytalks," at which point a circular platform, which was jacked up about ten feet off the ground, and he did his usual frantic guitarist solo, which was really cool even though I had heard it before.

He may not always be totally original, but he makes up for it in energy. I thought he would have had a heart attack by now at the pace he keeps.

For now the disappointments: Their live version of "The Jack" was terrible, and their hit, "When Lotta Rosie," "Shake Your Foundations" or "Big Balls," some essential AC/DC songs.

Johnson also messed up the intro to "TNT." Some people just can't 'oy' properly. You'll understand that if you've heard the song.

Starting with 74 Jailbreak, their first U.S. release, AC/DC has been putting out one album after another, based on a formula that is still working. They are very serious about their music in that they have one hell of a great time doing it, which shows in their live appearances. Many bands that have been around a while do not put on long shows, but they performed a solid two hour set.

Anyone who knows what AC/DC is really about knows that they aren't a trash metal band that writes about death, war, or other fun things, or a lame pop metal band that writes a lot of cute love songs about getting laid. Their favorite subjects are women, booze, and rock and roll. That's all they write about. They aren't poets, but it sure sounds better.

The only things which really weren't cool about the show were the ashole who was throwing firecrackers on the crowd from the upper decks, and the ambulances I saw that kept leaving one after another because of the arena's gates throughout the show. How about a little violence with your rock and roll.

By Steve Sukala
Staff Writer

1988 marked the debut of an unknown band with a strange name- The Traveling Wilburys. Soon after its release, it started getting rave reviews, and this unknown band was well on its way to stardom.

Well, almost.

The band might have been unknown at the time, but the members weren't. Rock and roll fans immediately recognized The Traveling Wilburys - Spike Wilbury (George Harrison), Muddy Wilbur (Tom Petty), Clayton Wilbur (Jeff Lynne), Bob Wilbur (Boo Dylan), and Lefty Wilbur (Roy Orbison). These five men took what was originally a fun-time screw-around jam session and turned it into an international-selling Wilbury Vol. I. "It was fun the way everything came together, and it all felt natural." Spike Wilbury.

Two years later, the Travelings gave it another shot. "Traveling Wilburys Vol. 3" was released. Some members of the Wilburys debated whether or not to continue without the voice and guitar of Lefty Wilbur (Orbison), who died earlier this year. The happy, jamin' feeling is still there, but the loss of Orbison shows. The only way to describe the feeling is a group of people who knows that a dear friend will never be coming back. The music is still there, the fun is there, but the magic that Orbison put into the band is no longer there.

"The biggest problem we faced as a group was if we were going to replace Lefty," said Muddy (Petty). "Later on, we decided that we wouldn't. We'll travel without the crybaby, and the magic anyway, we'll no way that we could ever replace him."

Wilburys Vol. 3 still has the good ol' boy feeling and the album has some really cool tunes on it. "She's My Baby" is a great opener, and the end track, "Wilbury Twist" is a rocking song that reminds one of the older era. It's not as good as Vol. 1, but it is still a nice addition to anyone's record collection.
CAPSULATE MOVIE REVIEWS

By Amy Caradine
Staff Writer

$ the movie was poor.
$$$$ it was a good movie.
$$$$$ it was an outrageously-incredible-must-see movie.

Three Men and a Little Lady
Starring Tom Selleck, Steve Guttenberg, Ted Danson and Nancy Travis. The sequel to Three Men and a Baby manages to keep its freshness primarily due to a superb little actress, Robin Weisman, who portrays Mary, the little lady. The five, child with mother and three fathers, have lived together happily for five years. Then, mother, Travis, decides she wants marriage. The rest of the movie deals with the impending nuptials. Guttenberg, Danson and Selleck are a bit on the overkill as the fathers. Overall, a light movie that keeps pace with its predecessor. $$$

Video

White Palace
Starring Susan Sarandon and James Spader. A tale of a fortyish burger waitress who picks up a twentyish businessman at a bar. A depressing movie with credible actors yet a rather mundane storyline. Realistic portrayal of a white collar man coming to terms with his feelings for a (greasy) blue collar woman. The only thing this movie has going for it is what is the center of their relationship - sex. $$

Video

Always
Starring Richard Dreyfuss, Holly Hunter and John Goodman. A pilot, Dreyfuss, dies and leaves his girl, Hunter, behind. But he can't seem to let her let him go and get on with the rest of her life. A touching love story.

Immediate Family
Starring Glen Close, James Woods(V) and Mary Stuart Masterson. Close and Woods can't conceive and choose open adoption. Masterson is the natural mother. A sad realistic movie.

Harlem Nights
Starring Eddie Murphy and Richard Pryor. It's 1938 and Murphy and Pryor are running an "underground" nightclub. They run into some trouble with the competition. A funny movie if seen with a lot of friends (Don't see it alone, you'll be really bored!)

Loverboy
Starring Patrick Dempsey and Kate Jackson. Dempsey tries to earn money in one of the oldest professions. Jackson is his understanding and softhearted mother. A bit unexciting and predictable.

Couch Potato Update

By George Olschewski

Monday night, the world was tuned into WABC for the Big One. The Game. The Giants vs. San Francisco. Titan vs. titan. Of course, we all know that the boys in blue lost. But guaranteed, the Neilsens for Monday Night Football were the highest in a long time. What's odd is that non-football fans were watching this game. People who couldn't give two shits about football in the beginning of the season were watching with interest.

I'm guilty of that. My main sports are lacrosse and baseball. When September rolls around and pre-season play begins, I couldn't care less if everything pro football fell into a fiery chasm to a gruesome death. About midway into the season, I watch a few games. Not a lot, mind you, but maybe one or two. By the time Super Bowl Sunday rolls around, I've got a brew in my hand, hot dog in my mouth, other assorted munchies in my lap, and I'm grunting and screaming into the TV like any other die-hard football fan.

This never happens in baseball, with the exception of maybe Game Six of the 1986 World Series. Basketball? What, are you kidding me? The best thing to happen to the sport was the Seton Hall/ Michigan game. Hockey? Ahem... Well, let's just say I don't want to be attacked by an overzealous Devil's or Rangers fan in the pit when I go to my van (hockey fans will recognize the adage of "I went to a fight and a hockey game broke out.").

This phenomenon is only indigenous to football. Full contact chess, nude Siberian snow wrestling, over-exaggerated acting (oops, I meant pro wrestling), none of these have the same overwhelming effect that football has. Football is one of the very few sports that, in the course of a game, you have the tendency to severely injure the person sitting next to you at least 187.93 times during the game. Monday night, I regret to say, I lost my friend Tom when I threw him into the TV in an attempt to assassinate Joe Montana. Oh well. I tried, Giants fans.

Maybe we need a new sport. Football may be too... well, football. Let's recruit some of the meanest, dirtiest, nastiest NFL players and toss them into American Gladiators. Emotions run high, it's exciting, and it combines several sports- football, hockey, pro wrestling, and weightlifting. Besides, they have babes in the game, Football only has cheerleaders. Vive la difference!

Four points...four lousy points...
As was noted last week, the greatest fun is had at the expense of others. This might not seem fair, but it's just the way it is. A good-natured, but vile, practical joke is in reality the highest form of humor. And friends make the best targets. Here are some of my favorites:

1) "The old removing the mouthpiece from the telephone routine." There are still people who don't realize that you can still take apart a telephone receiver, remove some parts and have it still function to a degree. Take advantage of them. While they are in the bathroom or setting up the VCR, do your dirty work. Pocket the mouthpiece, try not to lose it since, if it's a leased phone, it belongs to AT&T, and try to keep a straight face. With any luck, your friend will receive incoming calls while you're still there.

That's when the fun starts! Hold back those giggles when relatives phone to report a death in the family, and your friend is unable to respond. Watch their features twist as they shout even more loudly, all to no avail. See them squirm as they're forced to listen to telephone marketers run through their entire routine without being able to tell them to shove it. Watch them cry as their boyfriend/girlfriend ends their relationship in a furious tirade because they think they're being ignored. On your way out, casually hand the mouthpiece back (they might not realize what it is) and run like hell.

2) "The eternally full gas tank." This one might cost a few dollars, but in laughs per gallon, it more than pays for itself. For this to work, three conditions must be met. You must have access to your friend's car late at night. It must be parked in an area without nosy neighbors. And it cannot have a locking gas cap. First of all, fill a few gasoline cans at a station. Be a sport, use premium. Now, every night for about two weeks, sneak up to your friend's car late at night and top off the gas tank. It may take awhile for them to notice, but when they do, the first assumption is that the gas gauge is broken. Upon pulling into a service station, they'll discover it is not. You'll hear from them shortly after that. In fact, your entire circle of friends will probably soon be getting calls about this miracle car that burns no gas. It might be wise to confess before they go so far as calling the local newspaper. Don't try this if they're away on vacation. It just won't work.

3) "The Nintendo-master scam." This one requires a few high-priced items which your parents have probably bought for you already—a Nintendo system, a VCR and a television. The setup is as follows: Plug the Duck Hunt cartridge into the system. Situate yourself close enough to the set that you can't possibly miss. Set the VCR to record. Play several ridiculously long games. Save the tape. The next time one of your friends is stopping over, set up the VCR, game system and television so that the taped game is in progress. Keep your remote control handy, but hidden. Pretend to be playing. Shoot with your eyes closed, behind your back with a hand mirror, between your legs, etc. Time yourself to end play with the end of that game on the tape. Suddenly pause the tape, and switch over to the real thing. Pass your friend the gun, and watch him make a total fool of himself trying to mimic your outstanding ability. I don't advise letting your friend in on this particular charade, since the money making possibilities are endless.

Dance, dialogue, video, original music, a computer, masks and a Greek chorus are the elements of MSC's upcoming production of "Clytemnaestra," a theater, dance, and video event based upon the classic drama by Aeschylus. Performances will take place in the Experimental Theatre on the MSC campus from Dec. 13 through Dec. 15. Curtain times for the performances are 8 p.m. General admission tickets are $2 and are available at the door the evening of each performance. Further information may be obtained by calling the Box Office at (201)893-5112.
Two Snaps Up Soho

Cont. from 17

They should be complemented on their excellent use of harmony in a different way. The music itself is totally unique.

We would definitely suggest buying this tape. This music will fill all clubs because it's fun. The single "Hippychick" doesn't do the album justice. To fully appreciate Soho, you have to listen to the entire tape. Every song is different from the last. In some songs, the lyrics do get repetitive, but the music keeps you going.

This tape has something for everyone. "Nuthin on my mind (except my new love)" and "Out of my mind" are perfect for those in love. For those out of love or searching, there is "Another year" and "God's little joke" (We can think of a couple of God's little jokes ourselves...). For those who simply want to dance, then "Goddesst" is the song for you.

This tape is innovative and different. It's new, but has an excellent beat. The lyrics scream "Soho!" and to us Soho speaks reality. Get the tape to understand what we mean. •••

Stephen King's Miserable Movie

Cont. from 17

What follows is an incredibly tense-jangling cat-and-mouse game in which Paul and Annie desperately try to outsmart each other. As directed by Rob ("When Harry Met Sally...") Reiner, "Miserly" captures the audience's emotions best. We are forced to relate to the characters and their struggle to settle their destinies. The ending is the familiar fight-to-the-finish, "Fatal Attraction"-style conclusion, but it still leaves you effectively exhilarated and white-knuckled.

The film version (unlike the book) has flaws, although they're minor ones. The title "Miserly" is ironic in that it not only deals with a character's name or Paul's primary emotion, but it also defines the underlying sadness in Annie's life.

Her entire world consists of being alone and fantasizing a better life for herself by escaping into Paul's novels. Unfortunately, there is only one scene in the whole movie in which we genuinely care for Annie and come to understand the emptiness in her life. Otherwise, she's used strictly as a sinister presence (which works fine) or as unnecessary comic relief.

It's embarrassing to watch a potentially sad character like Annie played for laughs, and it diminishes the power of the strong story. The film could have been more effectively charged if Annie was given a little sympathy and dimension.

Still, there are some terrifying moments in "Miserly" that most likely will leave you breathless. As the film builds to a heart-pounding climax, it's great fun watching Paul, helpless and bitter, and Annie, easily hurt and angered, go after each other like a bee to honey. The fact that their relationship is rooted in reality makes it all the more frightening. How many times have you seen a celebrity or gone to a concert where at least one hyper fan would do anything to meet their idol? There's also the suggestion that Paul, who wants to do more challenging writing, may be getting what he deserves: abandoning the legions of fans who live in Misery's life and suddenly see it come to an end shows his lack of concern and respect for the "ordinary" people. Thus, when Annie shows her lack of respect, we understand her feelings.

The primary reason why "Miserly" works so well is due to the superb performances by Caan and Bates in what must have been physically and emotionally demanding roles. Playing a man tortured not only by Annie but who has a crippled, virtually useless body, Caan makes his character enormously appealing by adding humor to his horrifying situation. And Bates is really sensational, despite the lack of depth in her written role. It's amazing that Bates can be menacing, funny and compassionate all at once, but she pulls it off expertly; she makes Annie a consistently intriguing woman. By the end, we not only cheer but cringe at Annie's demise because Bates has injected warmth as well as menace to Annie. Together, Caan and Bates make "Miserly" a wonderfully exciting experience.

-To my lady Maria: Red Roses and a midnight dance in the moonlight. Lord Duncan
-Kim(SDT) I've admired you from a distance, now it's time to get close. I'll make you happier than you've ever dreamed possible.
-To be continued
-To my fellow Epsilons: We did it!!! Congratulations Barb
-Rich(TKE) We want you and need you! Your AIX Worshippers.
-perhaps Lady Maria and Lord Duncan would like to join the Medieval Society? You have the right ideas!
-To All Those Who Went On The HRO WEEKEND, We are now on a higher plane of reality, and pity the poor fools who do not understand.
-To all those who did not go on the HRO WEEKEND, I pray you do next semester. It was worth more than my whole life up to this point.
-To me I love you for inviting me! See you on the trip next semester. Love Mike, PS: Thanks for not inviting me to play spin the flashlight!
-Maggie- I think your doing a great job! I'm proud to have you as a representative governing my student rights. Love Mike.
-Anthony Veto-That UM should learn how to loosen up! Keep up the fine work. Your faithful Montclair Editor-In-Chief.
-Jen Heerwagen-Congradulations you did an awesome job-Stacey
-Jan Brady- Ohmigod?! Jan. 10 is too soon! Hey but surrounded by men nothing new!- Willow
-Noraliene (SGA)- here's your personal! George
-Kimberly-I miss you when your gone. Sure you don't want to stick around for a few more years? Your Grand-Little Barb
-Great job Lord Niz! Best of luck we're going to miss you. Martin
-To all the wrestlers who went to Coast Guard-You guys did really awesome!-but not as good as Adam!!
-Congradulations to the Chi Rho pledge class of AKPsi; Fall 1990... Remember, NO LAUGHING! Love Boo Boo
-Chrissy (Iota)- Do you have a boyfriend? Rob
-Vinny from AKPsi, CONGRATS! I'll give you a fountain pen and my car for $400.- Love ya Lisa
-Bubbles-DINING KICKS!!-Love Sandy
-Aunt Tootie- I Love You! Uncle Bob
-The ZEPHYR Rules!
-Congradulations to the Alphas of Theta Xi-U.B.
-To my family tree: You are always in my thoughts and in my heart!! Love Charlie Brown.
-Sheryl and Sandy: You can call me anything you want, even if it is BABBS!! Love ya much! Glad we're sisters
-Congradulations to the new brothers of TKE!! Love Sigma
-Jenn Thanks for introducing me to Ben. You're great-Your Little
-Sam- What do three guys and a girl do with a marshmallow? George
-P.S.59: You're a nut! Lightly salted!! P.S.60

Gag Reflex

by John Paul
-Karen H(Iota)-You're the best grand even though you say wired things. Love your grand little girl.

-Kara(Bphi)- Thanks for everything! Love ya lots! Love your little, Vanna.

-Congratulations to the new brothers of AKPhi-good luck & best wishes! Bigfoot

-To Tere & Mike's Group -You are all very special people, and each one of you contributed a lot. Maybe not verbally but I learned something from everyone. Thanks for the experience! —Mary

-Lisa Manfre-Stay away from Mistletoe!

-Maddog Thanks for going to my semi. You made it great, Love Annette.

-Lynn: You did great! I'm so proud of you Love Annette.

-Dinah: A Pickle?

-Eric: So you played this game before?

-Terrri-I'm so glad that I went to the track! Love Eric.

-Smitty- To the best big brother a guy could have. You're the best and thanks for everything you've done for me. Magnum

-Laura-I Love You. You're the greatest Big.

-Love Jenn.

The Posse beats up Ultra Violent

The Gamerettes defeated the defending champion student Trainers on Sunday to capture the Co-Rec volleyball championship. Members of the upcoming Co-Rec championship team include Melanie Dorr, Chris Cooper, JoAnne Mills, Dawn Reynolds, Noelle Stewart, John Luna, Carl Buffalino, Jeff Lawton, John Fiore and Shannen Lyons.

In the Tuesday-Thursday Men's League the Zoo and PRP battled for the first place seeding in the upcoming playoffs. The Zoo came out strong in the first game and won 15-10.

PRP showed some true grit as they answered back to winning the second game 15-12. Despite relentless hustle by the Zoo on virtually every point, PRP's flawless execution was instrumental in earning a three point victory game two.

In the third and decisive contest, the momentum continued to swing in PRP's favor as they jumped out to an early 9-1 lead. Despite the early eight point deficit, the Zoo was able to climb back into the contest as they capitalized several PRP mistakes to shift the momentum back to the Zoo. The Zoo got its wake up call just in time as they came back to win the second 15-7 decision.

In the Monday-Wednesday League, the undefeated Posse had to defeat Ultra Violent to capture the Co-Rec volleyball championship. Ultra Violent let up an early lead and was unable to come back.

The championship game will be held on Sunday, December 9, at 9 pm in Panzer Gym. It should be a great game to watch. If you can't get down to Gym 6 then you can listen to the game from your dorm room on WMSC 101.5 FM starting at 8:45. The announcers for the contest are "Comedic" Carl DiMaggio and either myself or PRP's professional beach volleyball star Dave "Sparky" Lyons.

The Posse that looked ultra violent as they mauled and stormed Ultra Violent 15-3.

Ultra Violent showed some character and shades of their old championship days as they came back to win the second game. Game two saw Ultra Violent put together several good bumps and sets which was instrumental in notching a 15-7 decision.

Like the PRP-Zoo contest it would take a third game to decide who was number one in the conference. The third game belonged to the Posse as Ultra Violent never came close. The Posse was able to keep Ultra Violent off balance successfully defending UV's key spiker Jim "Zippy" McKeown. McKeown, UV's answer to Michael Jordan was set up repeatedly and was forced to fight off double blocks and perfect back row coverage in order to score points. Ultra Violent let up an early lead and was unable to come back.

Gro's Comments

The men's playoffs will be played on an 8 foot high net and a 30 ft. deep court. Up until now the men have had to play on 7 foot nets and about 25 foot deep courts. These regular season courts were makeshift, but the playoff court is regulation all the way.

This court change is going to hurt the smaller teams. The smaller teams are going to have to take advantage of the larger court and use their quickness to win.

In the Tuesday-Thursday League the Zoo has 2 players that can dunk basketballs. These players being Dennis Hopson (not of the Chicago Bulls) and Doug Bollinger. Julio Ramos, Dan Roberts, and Chris Linder are other players that can easily touch the ten foot rim. Their vertical leaping abilities will be put to the test come crunch time.

PRP will really enjoy the advantage of the 8 foot net. Their average height is about 6 foot 3 inches and all of their players should have little if any problem spiking over the 8 foot net.

ZBT will have to rely on the spiking of Scott Shepard and Frank Garguile. Shepard is the only ZBT player over 6 foot and Garguile has great jumping abilities. ZBT is also a quick team and will have to use the the 30 foot court to their advantage.

The Gamblers, who got a first round bye because they, PRP and ZBT all ended up with 5 and 2 records. They earned the second seed by drawing a number out of a hat. The eight foot net should probably hurt one true hitter in Jeff Lawton. The Gamblers will look to pull of the S.I.L.C hat trick. The Gamblers have already captured the one-pitch softball and flag football championships and another championship would make 1990 "The Year of the Gambler".

Wrestling trio places at Coast Guard Tourney

By Keith A. Idee
Correspondent

The MSC wrestling team kicked off the 1990-91 campaign in splendid fashion defeating Western New England 37-6 in its home opener followed by a fifth place finish at the annual Coast Guard Invitational Tournament at the Coast Guard Academy in New London, Connecticut.

The tournament's sixteen-team field included Division I teams: Rutgers University, Yale University, Harvard University, Boston University and Columbia University.

Three MSC wrestlers placed in the double elimination tournament. At 177 pounds, junior Jim Sloan placed first in his weight class, winning four consecutive matches en route to capturing first place. Sloan's last match of the day, a wrestle back, ended in default when the Freehold native sustained a lower back injury.

Head Coach Steve Strellner was extremely pleased with his team's performance. "With hard work they can become even better and win the NCAA championships."

In their victory over Western New England, the MSC wrestlers won eight out of ten matches. The winners were Chris Gross at 118 pounds, Academic All-American Ken Hoff at 126 pounds, Scott Castiglia at 134 pounds, Will Feher at 142 pounds, Bill Templeton at 167 pounds, Jim Sloan at 177 pounds, Scott Vega at 190 pounds and Sean McLeare in the heavyweight division. Both Sloan and Vega won their matches by pinning their opponents.

This week, the Red Hawks will go on the road twice putting its No.3 national ranking in Division III up to the test. Tonight MSC battles conference rival, Trenton State followed by a Friday meeting with Hunter College (NY). The team then gets a two weeks off to prepare for a match before it resumes its State second in his weight class received a bye in the first round, then split his next two contests. Vega's last match of the day, a wrestle back, ended in default when the Freehold native sustained a lower back injury.

Swimmers split meets, women's Hoffman wins 3

By Michael Frasco
Sports Editor

It was one up and one down for the MSC swimming program last week, as the women's team improved its record to 2-3, while the men dropped to 1-2.

Of the women's victory, coach Brian McLaughlin said, "That was one of their most important wins in a few years."

That win came last Tuesday as MSC cruised by Keen College, 160-125 at home, avenging last year's 135-81 pounding by Keen.

Leading the way was sophomore distance freestyler, Susan Hoffman, who swam to victories in the 200, 500, and 1000 yard freestyle, with respective times of 2:26.8, 6:28.9 and 13:12.1.

Junior driver Carrie Spender won the 1 meter diving event with a 1:47.7 time when we're in a meet so we want especially to win."

The fortunes were not as good for the men's team, as it lost to Iona, a strong Division I team, by a 63-49 score.

Senior diver Mike McQuade was a double winner in both 1 meter events, which helped him close in on the school record for diving. "Sophomore breast-stroker Paul Albrect posted a brisk swim of 2:12.50, and showed he may be regaining his old form after a 1 1/2 year layoff due to his transferring from Miami of Ohio," McLaughlin said. "This swim is a glimpse of what the future may hold for him."

Overall, McLaughlin could not be more pleased with the swimming program. He says, "The attitude is very good, the swimmers realize where they fit in and they are working together."

Sophomore freestyler John Harding credits his positive attitude to teammate Andrew Mitzak, a junior, who swims the butterfly. "I'm motivated and pushed by Andrew and I think this will also help the team make out O.K.," says Harding.

McLaughlin is very optimistic and happy about MSC's swimming program, as athletes such as Mitzak and his motivation can only rub off on the other swimmers. Although McLaughlin agrees, winning doesn't hurt either.
**Men's hoops lose to GSC, but claw Rutgers-Camden**

By Tom Reid  
Staff Writer

The MSC men's basketball team has stayed at the .500 level. After losing in the finals of the Red Dragon Classic last week, MSC came back to N.J. and was greeted by Glassboro State, which promptly handed the Hawks their second loss of the season 69-62. However, a few nights later, MSC posted a victory over conference foe Rutgers-Camden 61-52 to even the Hawks record at 2-2.

Playing at Glassboro, MSC was plagued by a problem that has been its Achilles heel all season: poor shooting. The Hawks were able to shoot only 32% for the game and Coach Oleil Gelston was not pleased with the MSC's futility from the floor. "We're missing a lot of layups," Gelston said. "We have not netted as a team and our shooting and separation occasions, the Hawks led by as opponent, Rutgers-Camden, as the score of 69-62 to the NJAC foe. Freshman, but came up short, losing by a final man Egon Lewis was a bright spot for it seemed that the Hawks were getting execution are poor."

Although the Hawks are making mistakes on the court, Gelston sees a reason why. "We have a very young team. We have five returners and six new players. We must improve our shot selection however to be a consistent club." Gelston is pleased with the performances of Lamont Halsey, who is an excellent defensive player and Gelston is also impressed with freshman Malik Jones and Lewis. "They are going to be excellent players."

But Gelston would not make any projections as to where the Hawks will finish this year. "If we progress, we may make one of the four playoff spots. January is the key because of the break. Players' minds wander in January because it's not conducive to a regimented routine. If we can get through January, we'll be alright."

**HAWKS NOTES:**

Junior guard Carlos Gasper is an amazing story. He came to MSC two years ago from Spain, knowing no English. In two years, he has accumulated 102 credits and has a 3.8 GPA in physical education. Forward Ernie Harris and guard Brian McNair are coming from the football team and Gelston feels that once they work themselves into "basketball shape," the team will be much improved, particularly with McNair, who could provide key outside shooting. Senior forward Chris Albertson is, according to Gelston "our leader and most intelligent player. He rarely makes a mistake."

The rumors from the meetings have been that Righetti will not be talking about a solid seasoned vet who can go pitch in his bat. The name Tim Raines immediately comes to mind. "The Rock" as he is referred to, has been stuck in Montreal since 1981 with a team that has been six games out of first place for the last ten years. While Raines is not a free agent, he is very tradeable if the Mets were to come up with the right offer. Raines is about to enter his 11th season with the Expos and while his legs don't churn like they used to, they're still solid. But he is 32 and had he stayed with Darryl Boston and Mark Carreon filling in from time to time, would be more solid than most would expect in the Post-Strawberry era.

In addition to trades and free agent signings at the meetings, talks of league expansion are another big issue. Cities competing for two available franchise include Buffalo, Denver, Tampa/St. Pete, Miami, and the state of Arizona. The rumors from the meetings have been that the Florida franchises in the expansion derby will be awarded franchises. Like the other cities, the Tampa/St. Pete and Miami areas are lucrative markets filled with baseball starved fans. However, the Florida areas are more appealing to Major League Baseball because of its climate, but its also hard to compete with St. Pete, especially with a 43,000 seat baseball stadium with no tenant. As for Miami, the fan support exhibited by Heat fans who travel to watch the Heat play in Overtown, the economically disadvantaged section of Miami, cannot be ignored.

**Lady Hawks roll to Dial Classic title**

**MSC cleans up, takes 6th straight tourney**

**By Al Iannazzone**
Staff Writer

The MSC women's basketball team cleaned up last weekend at the Dial Softball Classic, beating Randolph-Macon and Scranton University en route to their sixth consecutive title, in front of a near-capacity crowd at Panzer Gymnasium. MSC was led by Kim Wilson, who earned the most valuable player award for the third straight year.

In the first game, on November 30, MSC set a school record for steals with 27, in routing Randolph-Macon, 80-48. Late in the first half MSC went on a 22-8 run to lead by 40-28 at the lead. During that run Wilson pitched in with nine of her game high 17 points. Coach Jill Jeffrey was pleased because she got production from both her starting five as well as needed punch of the bench.

In addition to her 17 points, Wilson pulled down four boards, blocked three shots and came away with five steals, all in just 24 minutes of action. Third other Lady Hawks put up double digits in the scoring department. They were: Kim Barnes (14 pts.), Shannon Shaffer (12 pts.), and Cathy Madalone (11 pts.). Shaffer's 12 points were complimented with eight boards, two blocked shots and came up with five steals.

The Randolph-Macon victory put MSC in the championship contest.

---

**Bradford gains honors as Indoor Track and Field excels**

**By Michael Walmsley**
Editor-In-Chief

Montclair State freshman running sensation, Yvonne Bradford, in her first ever collegiate competition, won the women's 440-yard dash this past week at the Lehigh Indoor Track and Field Invitational Meet. The victory vaulted Bradford to regional recognition as she was named The Star Ledger's Woman Athlete of the Week yesterday.

Bradford's time of 59.1 not only gave her the victory, but qualified her for the national's best defense last season. On this day, the Lady Hawk defense proved too much for Scranton, holding them to just 27% shooting from the floor, in turn humbling the Royals, 57-39.

MSC, which never trailed, opened things up in the final 11 minutes of the first half as Wilson scored six of her game high 27 points and Maritza Martinez scored all eight of her points when the Red Hawks went on an 18-8 run to take a 28-17 halftime lead. After Scranton cut the deficit to 30-28 with 13:43 left in the game, MSC went to its top gun, Kim Wilson. The senior standout displayed why she deserved MVP honors, scoring 14 points in the final 11:51, leading MSC to the title.

---

**WOMEN'S BASKETBALL:**

11/27: MSC 86, Galsboro State 59
12th annual DIAL CLASSIC
11/30: MSC 80, Randolph-Macon 48
12/1: MSC 57, Scranton 39
MSC wins sixth straight classic Record (6-0), NJAC (1-0)

**MEN'S BASKETBALL:**

11/27: Glassboro State 69, MSC 52
12/1: MSC 61, Rutgers-Camden 52
Record (2-2), NJAC (1-1)

**WRESTLING:**

11/27: MSC 36, Western New England 7
12/1: Coast Guard Tournament
MSC placed fifth out of sixteen teams

**INDOOR TRACK (M&W):**

11/2: Leigh Invitational
No team scoring kept, however MSC qualified one female athlete for the NCAA championships.

**WOMEN'S SWIMMING:**

11/20: Seton Hall - Loss: 81-142
11/27: Kean Win (60-125)
Record (2-2), NJAC (1-1)

**MEN'S SWIMMING:**

11/26: Iona - Loss: 69-51
Record (1-3), NJAC (8-1)
