Water pipe bursts leaving campus dry

By R.A. Campos
News Editor

Bathrooms were closed and the water was shut off for three and a half hours all over campus, between 10:30 a.m. and 2 p.m., on Tuesday, Feb. 19, after a main water pipe broke late Monday afternoon.

"It’s hard to determine what caused the damage," James Brighton, assistant manager of engineering said.

Because of the location of the break in the pipe, right next to a parking lot between Life and McEachern Halls, Brighton said it could have been caused by pressure put on the pipe from a heavy truck in the parking lot.

"It was ridiculous," Ginger Cox, a senior who commutes, said, "I had to drive all the way home to use the bathroom. I missed two classes.

Residents were without water even longer because when the water was turned back on, it was brown.

"When the water came back on, it was gross," Heather Castelli, a resident of Bohn Hall, said. "We couldn’t use the water for more than three hours after they turned it on. We were without water from 10:30 to after 6. It was disgusting."

Another resident of Bohn Hall, Lesley Brooke said, "It was really inconvenient. They told us the water would be off for only a couple of hours. We couldn’t take showers or use the water even after it was turned on because it was brown."

A resident of Freeman Hall said that an announcement was made at about 4 p.m. telling residents not to use the water until it cleared up.

Maintenance announced that the water on campus would be shut down between 10:30 a.m. and 2 p.m. on Tuesday.

Panel discussion on war to be televised

By Trinace Webb
Correspondent

A round table discussion on the Persian Gulf War took place in the Speech Building on Feb. 19. The discussion was filmed by the MSC film department and will air on CTN, the Cable T.V. Network, in March.

Dr. Doris Bianchi of the Speech and Theater department mediated the discussion. The panel included faculty members Dr. Michael Kogan of Philosophy and Religion department, Dr. Amy Srebnick of the History department, Dr. Joanna Englebert of the Spanish and Italian department, Professor Arnold Krotokin and student representative Laura West.

Kogan said he is "pleased that our country has taken the lead," while asserting that, "we are fighting to keep the economy’s survival going."

Krotokin expressed concern for the families of service members saying, "The government should provide more support for the families of the troops serving in the Gulf."

During the two-hour discussion, audience members posed questions to the panel that ranged from President Bush’s ethics to the consequences if Israel retaliates against Iraq.

The majority of the panel members seemed to be against the war but supportive of the troops. Of the troops, Englebert said, "Minorities will unnecessarily suffer much deprivation as a result of the war," while West said, "Young people were coerced into joining the military."

Discussions like these are important because, "It is the people’s obligation to speak out against the war," said Srebnick.

The discussion is scheduled to air on CTN on March 4 and 11 at 4 p.m., March 6 at 11 a.m. and March 13 at 11:30 a.m.
GULF UPDATE

-Iraq is willing to unconditionally surrender, according to Iranian Foreign Minister Ali Akbar Velayati. Velayati spoke of meetings between Iranian heads of state and Iraqi Foreign Minister Tariq Aziz, in which Aziz said that Iraq was willing to comply with United Nations Security Council Resolution 660, which requires Iraqi withdrawal from Kuwait. According to Velayati, the Iraqis were also ready to stop insisting on linkage to other Middle East issues.

-The Soviet plan for peace was criticized but not rejected by President Bush, but Iraq repeated linkage demands and issued no position on the Soviet plan. The Soviet Plan entails unconditional Iraqi withdrawal from Kuwait along with the Iraqi Ba'ath party.

-By mines this week but remain operational. The Princeton is one of the Navy's most expensive warships, Aegis Cruisers are priced at $1 billion each.

-President Bush is ready to ask Congress for $15 billion to cover additional war costs, according to administration officials. A request is also expected to be made to U.S. allies for about $40 billion in new financial assistance. U.S. military has spent more than $11 billion than it was appropriated last year because of the Gulf War.

-The U.S. Air Force bombed and destroyed what it called a hardened underground bunker, but the Iraqis described the site as a bomb shelter located in a residential neighborhood. Iraq claims that over 400 civilians were killed in the attack, disputing the U.S. assurance that the bunker was a military communications hub. Another such communications headquarters is said to be located beneath one of the main hotels occupied by foreigners in Baghdad. Washington has stated that for political reasons the hotel would not be destroyed, despite its military significance.

-Syria measured their recognition of Israel's right to exist in an effort to bring more peace and stability in the region in the future. Syria also recognized the Palestinian national determination, which is a predominant factor in much of the Arab-Israeli enmity.

INTERNATIONAL

-The IRA claimed responsibility for bombings in London railroad stations, killing one and wounding 40. A bomb exploded in Paddington Station damaging the building with none injured, and the second explosion three hours later at 7:40 am. went off in Victoria Station resulting in all the casualties.

-The Kremlin issued a plan which would raise all consumer goods by at least 60% in the U.S.S.R. Medicine, fuel and vodka would not be increased, and the government promised compensation through wages and pensions. This is an attempt by the government to more strictly control prices and revive the ailing Soviet economy.

-North Korea scrapped its next level of diplomatic talks with South Korea, blaming the U.S./S. Korean military exercises. U.S. officials claim the war games to be defensive in nature, and North Korean officials claimed they to be a rehearsal for the invasion of North Korea.

-The Japanese government offered a reward for its citizens who give birth. Families would receive $38 a month for each child of pre-school age and double that amount for a third child. These efforts are to stimulate birth rate that has been decreasing in that country. Japanese women's rights group resent the Pal-estinian national determination, which is a protagonist factor in much of the Arab-Israeli enmity.

Bill on Forums Passed

By Kerri Raftery
Staff Writer

A bill was passed, after a lengthy discussion, stating that weekly tolerant and impartially run forums, teach-ins, open mikes and/or discussions during the Persian Gulf Crisis to inform the campus community will be held.

This bill has also stopped all bills supporting or opposing the war. They are to be suspended for one month until a definite opinion can be formed. An ad-hoc committee was set up to follow up on these events.

Helen Archontou, chairman of the senior committee, gave the dates for all upcoming senior events. These are as follows:
April 19 - Party Cruise
April 29 - Senior night at Patso's
April 30 - Dive-in movie (watching a movie from a pool)
May 1 - Senior day/Senior bar night
May 2 - Senior Swing at Westmont Country Club
May 4 - Clove block party or park picnic
May 29 - 10 a.m. breakfast for graduating seniors

Other ad-hoc committees include investigating the alcohol policy and renovations on the Rat. Paul Marino, chairman of the Rat committee, and Tony Susco discussed the renovations in the Rat. Although it seemed to go well, there are conflicting views between students and administration. If you have an opinion on how the Rathskeller should be run, go to the meetings at 12 noon on Monday in room 112 of the Student Center.

Board of Trustees Meeting

Budget cuts may have serious implications

By Jim Aquaviva
Correspondent

Budget cuts and their implications on MSC were discussed at the Board of Trustees meeting Thursday, Feb. 14.

Dr. Joan Ficke of the Health Professions department and Vice President of the American Federation of Teachers expressed the union's concern that major programs could be cut as a result of faculty reductions and that many students could then be forced into five year programs. Additionally, Paul Prior, non-voting student trustee, later said that there are presently 18 faculty positions which have yet to be filled because of a lack of funds.

A resolution was passed ratifying the purchase of the Beckman House on Normal Avenue with money donated by the Faculty Student Co-op. MSC's Space Allocation Committee will recommend the best use for the space.

Dr. Max Sobel of the Mathematics department voiced his approval of the re-keying of Both Hall residents' rooms following the burglary of those rooms over the summer although the work is nearly completed.

Concentrations in economics and business economics in the business administration program were approved.

SGA will award ten scholarships

The SGA will be awarding ten $400 scholarships in conjunction with the Art Carved Ring Company to current sophomores and juniors for the 1990-91 academic year.

The scholarships are available to all sophomores and juniors, and students may pick up applications in the SGA office. To qualify for the scholarship, you must meet the following requirements:
1. A grade point average of 2.7 or better.
3. Current sophomore or junior status.
4. Shown leadership and involvement in SGA chartered organizations or legacies.
5. Shown involvement in student concerns.

The deadline for applications is March 11 and the scholarships will be awarded in late March.

MSC still not MSU

By Justine Gianandrea
Staff Writer

MSC is still attempting to achieve university status, although the college has not yet applied for it according to President Irvin Reid.

The term "university" will "accurately reflect in name what the school is in fact," Dr. Jesse Rosenblum, vice president of Institutional Advancement, said.

Traditionally, in order for a school to achieve university status, it must provide two doctoral programs in two different fields. Although MSC does not meet this condition, it fulfills the new requirements proposed in The New Jersey Register.

During the Spring of 1990, Rider and Monmouth Colleges intended to become universities. Unhappy with the present requirements to achieve this, both colleges petitioned the Board of Higher Education and implored them to revise the criteria.

MSC was turned back on at 2 p.m. "In my opinion, the change will not be happening soon but we will continue to pursue the issue and I believe we will eventually prevail," Rosenblum said.

If MSC does become a university, it will then be able to compete with other schools of the same caliber in and out of state in sports as well as scholastically. The new status will probably not affect the standards for admission but will attract more applications giving the school a greater selection to choose from, Rosenblum believes. It may also attract more faculty. Also, no great changes in cost are expected (if the change occurs). "University status will not change cost but the state of the economy might," he said.

Even though the transition may not be in the immediate future, the new logo is already being used- Montclair State printed in heavy, black ink underscored with a solid red bar as well as scholastically. The new logo has been printed on MSC's letterhead.

Is there water in the house? Campus copes with broken pipe

By Valerie Kallria
Outlook Editor

Even though the campus couldn't get a drop of running water for three and a half hours on Tuesday because of a broken water main by McEachern, there was still a flood of inconvenience and complaints.

Yet like the person caught in an unexpected downpour, people on campus found a way to cope—they were "steamed," sure, but they coped.

In fact, a few Freeman Hall residents joked that on Tuesday, you could easily tell expected downpour, people on campus found a way to cope—they were "steamed," sure, but they coped.

"I couldn't take a shower," said Bohn Hall resident Yoon Lee.

"I didn't take a shower," said English major Tom Dickey.

"I just sat and put up with it like every time," said dance major Wendy Forbes came back to college after dancing for four hours.

Those who had showered before the 10:30 a.m. water cut-off had problems later in the day. Water service didn't resume until after 2:00 p.m., but the water ran brown because of dirt that had gotten into the broken pipe. In the interim, no restrooms on campus were available; those in the Student Center were sealed off with masking tape, while others on campus were locked.

Commuters with time between classes talked of driving home just to use the bathroom, while others who weren't aware that the water shut-off was campus-wide started moving from building to building.

"I had taken a shower in the morning," said business administration major Joy Spano, "but you couldn't flush toilets anywhere. I came over to Blanton to use the bathroom and it wouldn't work. Then later I couldn't brush my teeth because the water was brown for an hour."

"We had very little time to prepare. The first thing I did was to fill up all our kettles with water. We did have steam, so we could boil all the water we used during the day."

"It was a pretty aggravating morning," said Freeman Hall dining services manager Brian Luciano. "We had very little time to prepare. The first thing I did was to fill up all our kettles with water. We did have steam, so we could boil all the water we used during the day."

"It's one thing you should expect—clean water, not brown," added fine arts major Denise DeLongis.

Yet like the person caught in an unexpected downpour, people on campus found a way to cope—they were "steamed," sure, but they coped.

"I had to pee for three hours and I had to drive 20 minutes home just to go to the bathroom."

"It's the first time this has happened on campus. I was inconvenienced; I couldn't shower or use the toilet. Maintenance needs to be improved on campus."

"It didn't really affect me because I don't take showers. But seriously, it's just another thing that we've got to put up with living in the dorms. I realize things happen, but I think maintenance should give us what we pay for."

"I had to pee for three hours and I had to drive 20 minutes home just to go to the bathroom."

Nevertheless, while the water on campus is once again running hot, cold, and clear, people on campus are still hot over the issue.

Some, like Bohn resident Melissa Zimmerman, would have liked more advance notice. "They didn't even tell us five minutes before they were going to turn the water off," she said.

Political science major Mary Roberts agreed. "They gave us no notice. I'm pretty sure they knew about this more ahead of time," she said.

While most understand that the pipe break was nothing that could have been predicted, they are still disappointed with the amount of time it took to fix the problem (Director of Facilities Doug Cooper couldn't be reached by deadline).

"We're paying all this money for housing, and the whole school gets shut off because of water?" said mathematics major Rob Kreck.

"What are we paying for?"

Accounting major Michael Katz agreed. "It's ridiculous," he said. "First there's a problem with security and now with the water. All this money we're spending should go towards some comfort."

"It's one thing you should expect—clean water, not brown," added fine arts major Denise DeLongis.

Hopefully, it's also something that'll keep on running.

Looking Back

Ten years ago this week, residents heard about a crackdown on visitation rights, while five years ago, the campus heard of the days when crackdowns on racism began...

Feb. 19, 1981

"Visitation changes suggested"

The Housing Visitation Review Committee tentatively drew up recommendations for stricter overnight guest policies and stricter penalties for residents with illegal guests. Director of Housing Raymond Stover said that current policy encouraged illegal residents by allowing guests to stay overnight for three out of four weeknights; the new policy suggested restricting overnight visitors to one weeknight and a weekend.

"It's 10 p.m. Do you know where your children are?"

A front-page photo showed the "incredibly long" line outside Memorial Auditorium for the showing of Deep Throat.

Feb. 27, 1986

"Rosa Parks recalls days of segregation"

Civil rights advocate Rosa Parks, whose refusal to give up her seat on the bus because of her race started the Alabama bus boycott of 1955 and ignited the civil rights movement, gave a lecture to an audience of 300 about her experience. Parks said she refused to give up her seat in spite of segregation because her family had taught her to respect herself and others.

Need a vacation? "Extra" holidays don't fit MSC's schedule

By Beth Belof
Staff Writer

This past Monday looked like a typical day at MSC, except it was President's Day, a day set aside to commemorate the birthdays of George Washington and Abraham Lincoln. It was also one of fifteen days designated as a national holiday, and while most Americans (and some state college students) enjoyed the day off, classes here were still in session.

Many of the college's offices were closed for the holiday, however...

...Some private schools have "pacing breaks" where students are given three or four days off every three weeks to "get a breather."

"It's unconstitutional," said Frank Basile, a senior physical education major. "None of the secretaries were working. If they had off, so should we."

Glassboro, William Paterson, and Kean College are a few state schools that cancelled classes on Monday. Dean of Students Edward Martin explained that because these schools do not offer a winter session like MSC, they are able to start the spring semester earlier and take off a few days in between.

Our own schedule, he added, is decided every couple of years by a committee of administrators, faculty, and personnel appointed by various vice presidents; the current MSC schedule will probably remain the same next year.

Students like freshman Joe Miloscia, however, disagreed with planning for a specific amount of material to be covered.

"Students are going to learn at their own rate anyway," he said.

Miloscia was one student who was inconvenienced by Monday's holiday. "If the offices are closed, they should cancel classes," he said. "I needed to speak to a chairperson, and his office was closed."

Yet not all employees that did work on President's Day seemed to mind.

"It's all right if you get paid," said Elizabeth Pinkey, a cafeteria employee.

Also, not all students thought that classes should have been cancelled.

"I didn't mind," said senior finance major Thomas Gilkos. "I wouldn't want to miss class anyway."

BRANTL MEMORIAL LECTURES

The Philosophy and Religion Department and the School of Humanities and Social Sciences are pleased to announce the Brantl Memorial Lectures in religion for Spring, 1991. The lecture series is named in honor of George Brantl (1922-1978), Founder and first Chairman of the Montclair State College Department of Philosophy and Religion.

LECTURE SERIES: "MYSTICISM, EAST & WEST"

FIRST LECTURE:
Wednesday, February 27, 1991
Kops Lounge, Russ Hall, Montclair State College, 8:00 p.m.

TOPIC:
"The Spiritual Paths of Knowledge and Love: Christian Mysticism"

SPEAKER:
DR. EWERT COUSINS, Professor of Theology, Fordham University; Visiting Professor, Columbia University.

SECOND LECTURE:
Wednesday, March 20, 1991
Kops Lounge, Russ Hall, Montclair State College, 8:00 p.m.

TOPIC:
"The Hindu Mystical Tradition"

SPEAKER:
DR. K.R. SUNDARARAJAN, Professor of Theology and Chairman, Department of Theology, St. Bonaventure University.

THIRD LECTURE:
Wednesday, April 24, 1991
Kops Lounge, Russ Hall, Montclair State College, 8:00 p.m.

TOPIC:
"Sufism: Mystical Dimension of Islam"

SPEAKER:
DR. SEYYED HOSSEIN NASR, University Professor of Islamic Studies, George Washington University.

Author: Ideals and Realities of Islam. Islam and the Plight of Modern Man. Knowledge and Sacred, etc.
What does it take for classes to be cancelled?

On Tuesday the administration once again showed the students of this campus it takes little less than a nuclear war for class to be cancelled for a day.

A water main break caused the water to be shut off in every building for at least three hours while repairs were being initiated, but school was supposed to continue as if nothing was different. Not having access to a working bathroom seems to be justification for the cancelling of classes for at least half a day. The Montclarion has been witness for years to the administration’s indifference to the plight of students, both commuter and resident, when it comes to the question of cancelling classes for emergencies. Things such as residence halls being denied water and power are not significant to grant those students living there a day off. The administration should think about the situation students are in when they are denied the basic necessities of living. What happened on Tuesday was an unexpected occurrence, the students had other options, however, the administration’s action was that of sheer indifference. The students did not have the luxury of choosing to take the day off. The administration should think about the plight of students, both commuter and resident, when it comes to the question of cancelling classes for at least half a day.

Fraternity sponsors pen pals for the Persian Gulf

During Alpha Phi Omega’s February 6th project of sending Valentines to the troops, many MSC faculty and students demonstrated a strong interest in corresponding with the troops as pen pals.

However, the U.S. military and Postal Service have advised us that letters to the troops be addressed to specific servicemen for quick and more accurate delivery. As a result, our organization would like to compile a list of mailing addresses of servicemen to make such correspondence more readily possible. We need your help!

If anyone knows of any students, friends, or relatives who are currently serving in the Gulf please give us their names and mailing addresses so that we can include them on our list. These addresses can be put in our mailbox in Room 113 of the Student Center. If you have any questions or suggestions about this, please call ext. 5431 and ask for Maura.

Thank You,
Brittney Dews
Alpha Phi Omega
Treasurer
What it really means to be a patriotic American

I would like to respond to the left-wing students who oppose the war in the Gulf, as well as the so-called right-wing conservatives who support the war. Let me preface my statement by saying I have friends and family in the military and that I am not against warfare. Unfortunately war is necessary sometimes. However I am totally opposed to this war.

Before all the Budweiser Patriots with their newly bought American Flag paraphernalia accuse me of being a communist, let me tell you more about myself. I am a practicing Roman Catholic and an ardent anti-communist. The last couple of years I have tried my own way to stamp out communism in this area, mostly through one-on-one conversation. Yet, I am against the war.

Why don't I agree and march with the left-wing student organizations who oppose the war? Simply because on every other issue I disagree with them and their atheistic/cumical doctrines that do much to undermine this nation. I want no part of them.

Why then don't I agree with the so-called right-wing types, such as Bob Grant and Charlton Heston and support our troops? The two men mentioned pervert the right-wing. These blood-thirsty war mongers are more akin with the hard line Soviet Stalinist. True conservatives like former President Richard M. Nixon and columnist Patrick Buchanan would really like to support our troops, contact the Army and Navy relief services (any local recruiter can give you the address) and donate time or money. Many families with loved ones in Saudi Arabia are suffering financially. If you support our boys over there, as columnist Charles Reese says, close your mouth and provide some real assistance. Secondly contact the Veterans Administration and arrange to be a volunteer. The V.A. still needs help from past wars. Thirdly contact your state legislators and make sure there are laws on the books to protect the jobs of men and women called to active duty, it would be a shame for them to come home and have no job.

In conclusion, think and question what President George "read my lips" Bush says. There is nothing "patriotic" about what he is trying to do. He is using ill-informed, well-meaning, naive young Americans who have propagated into believing that they are nobly defending their country. Nothing could be further from the truth. We are invading into their territory and affairs and not the other way around. These young Americans are being used as cannon-fodder by sinister, secret forces that few ordinary, uninformed people understand. President Bush and the others who are willing to sacrifice tens of thousands of American lives for the sole benefit of Israel and International Business should be impeached and tried for treason.

Richard Evers Hrauzmek
Senior/religion

Sometimes you have to fight for peace

I would like to respond to the editorial by Amy A. Glavasich in February 14 issue of the Montclarion.

I do not support the original idea of President Bush to go to war, but as we people could do nothing to stop it. I feel now that we should rally behind our troops and support the effort 100%. No amount of begging, or as the members of S.T.A.N.D. call it, protesting, will bring the troops home. The only way to get them home quickly is to stomp on the regime of Saddam Hussein as if it were a rock. I liken it to a situation where someone close to you, your sister for instance, is arguing with a lunatic. You may want your sister to get into a fight with the lunatic, but if she does, you must certainly back your sister. You would not just stand there and say, "Stop fighting," you would want your sister to beat the hell out of the lunatic until the lunatic is subdued. We, the United States, cannot stop fighting until Saddam Hussein is beaten.

About the alleged "Teach-ins." Surely if the S.T.A.N.D. forum was meant to educate the students about the war, it would have educated us from both sides of the river, not only the anti-war side.

If, as Miss Glavasich states, the war is not in the best interest of anyone, then I suppose the people of Kuwait would be better off if the United States ignored the situation and let Saddam Hussein waltz all over Kuwait, and kill all of the people.

Miss Glavasich claims that "war is not justifiable under any circumstance." Would she have supported World War II when Japan attacked Pearl Harbor had she been born sixty years earlier? If the Soviet Union stormed the shores of the United States with millions of troops tomorrow, would she defend our country? Well, probably not, because according to Miss Glavasich, "...war is not justifiable under any circumstance."

In reference to Miss Glavasich's remark that war cannot be used as a strategy to create peace, may I analogize? If you had a child and he broke the windshield of your new car with a rock after you told him not to throw rocks, would you spank him? Most likely. Will your child stop throwing rocks? Probably, and the reason he would do so is because he is afraid of getting a spanking. This is what we must do with Saddam Hussein. Kick his ass so he will not raid defenseless countries just because he feels like it. The United States is involved, and we cannot leave until Saddam Hussein is defeated.

Jeff Lawton
Junior/English

Stopping the aggression of a military madman

Months ago when the Bush administration called Saddam Hussein another Hitler, many said that was empty rhetoric. Others agreed that the Iraqi dictator was a "petty-Hitler." Saddam Hussein is far worse, a potential aspiring "Hitler."

Saddam Hussein the monkey wrench in the Middle East peace process, is a demagogue who has initiated two wars in the past decade, for purposes of self-aggrandizement. He was fortunate that the Iranians were unable to capitalize on their mid-war success. He was fortunate that the Iranians were unable to capitalize on their mid-war success. He was fortunate that the Iranians were unable to capitalize on their mid-war success. He was fortunate that the Iranians were unable to capitalize on their mid-war success. He was fortunate that the Iranians were unable to capitalize on their mid-war success. He was fortunate that the Iranians were unable to capitalize on their mid-war success. He was fortunate that the Iranians were unable to capitalize on their mid-war success.

Saddam Hussein’s “Case Yellow,” prevented Saudi Arabia from becoming his “Case White.”

Like Hitler, civilian life means nothing to Saddam. He placed his citizens in a magnetic bunker, in the hope that five-hundred dead would give him propaganda points, inciting more hatred for the allies. If Saddam keeps earmarking Iraqi civilians for death, by placing them in military bunkers, this will hopefully have a boomerang effect on him.

The Saudi Arabian government said Saddam has a Napoleonic complex, more likely a Nasser one. Like that deceased Egyptian president, he hopes to lead the Arab world. For Saddam, the Babylonian Pan-Arabist, the writing is on the wall.

Rush's World by Roger C. Long

Yes, the Peace Piper is back! The voice of the radical '60s that shaped a generation

I LOVE YOU PEACE PIPER! Keep up the good work!

On College campuses across the nation, Marxist professors and their protges say...

In the protest marches, those that are stuck in the '60s say....

WE LOVE YOU PEACE PIPER!

S.T.A.N.D

And in the Middle East, a certain leader says...

I.S.L.A.M. O.U.T. O.F. V. I. E. N.

S.T.A.N.D
Questions and Answers on U.S. Involvement in the Gulf

1. How can you possibly oppose this war? You would too, if you knew the truth. That's why the U.S. government and the biased mass media try to hide it from us.

2. But isn't U.S. censorship good? Doesn't it keep the Iraqis from learning military operations? No! We are the people U.S. propaganda is aimed at. The purpose of U.S. censorship is to fill OUR — the American people's — heads with lies, so we will not oppose U.S. government policy. Why? Because during the Vietnam War tens of millions of Americans came to realize "our" government was lying to us. Tens of thousands of American soldiers were being killed and aimed for a lie.

3. Isn't this a war to stop aggression? No! The U.S. government SUPPORTS aggression (by Israel, South Africa, Indonesia, for example). The U.S. COMMITS aggression, too, as in Panama, Grenada, Nicaragua. Reagan and Bush SUPPORTED IRAQI aggression against Iran in 1981.

4. What is the war about, then? Oil! Bush keeps denying it's about oil because he knows we, the working people, do not want to fight for oil company profits.

5. Won't we get cheaper oil and gas if Iraq is defeated? No. The U.S. government secretly told Saddam Hussein on July 28 that Bush wanted a price above $25 a barrel — higher than Saddam himself wanted. Why? Because oil companies benefit from high prices, though working people are hurt. Our soldiers are being killed to make oil more expensive, among other reasons.

6. Are you saying that U.S. working people will be better off if the U.S. withdraws from the Mid-East? Exactly. We'll be better off in every way. The war is costing billions — and every expert admits U.S. taxpayers will pay for most of it. But if the U.S. wins, our soldiers will be stationed there for years longer — a huge expense. There will be thousands more U.S. soldiers killed in further Mid-East wars. Like in Vietnam, the U.S. is supported by the oppressive governments of the region, but is hated by the masses of the people.

7. Why are we hated? We are not hated — the U.S. government is hated: This is because of U.S. imperialism. U.S. oil companies have invested in the Mid-East for 50 years because of the phenomenal profits they have made there. They have kept corrupt rulers in power who support U.S. oil companies instead of using oil revenues to serve the needs of their own peoples. All these pro-U.S. states are run by brutal, fascist regimes. Therefore, the working people in these countries understand the U.S. government is their enemy.

8. Why do you say the war is racist? The basic way that capitalists try to keep some workers paid less than others is through racism. This benefits them, and harms us, in three related ways.

9. What about patriotism? Patriotism is a noose around our neck. To be "patriotic" means to fight whatever wars the government tells us, and no questions asked. A "patriotic" person is a slave to the big corporations that run the government. If you notice it is the gas stations and the car dealers that fly the biggest flags.

10. Why should we "support our soldiers" by getting them to come home as soon as possible? They have a big job to do: to fight the big corporations and the U.S. government for higher wages, lower taxes, better schools, better health care, an end to racism, right here at home. That is a war worth fighting and if need be, dying for.

11. What can I do? Come to S.T.A.N.D. meetings, Wednesdays at 3 p.m., Student Center Room 112, S.T.A.N.D., a class II organization, is open to all who oppose the war for whatever reasons.

Join the International Committee Against Racism (INCAR): INCAR has members in factories, high schools, colleges, neighborhoods, and in the military, fighting against racism and for multi-racial unity. We have members in other countries, too. Call me at 373-2743.
Academy Awards

From 15

manages to hold our credibility.
Best Actress honors went to Kathy Bates' deliciously nutty characterization in "Misery," Anjelica Huston's knockout performance in "The Grifters," Julia Roberts' adorable call girl in "Pretty Woman," Meryl Streep's fine comic performance in "Postcards From the Edge" (is there anything that the versatile Miss Streep can't do?), and Joanne Woodward's strong performance in "Mr. and Mrs. Bridge." It is Roberts who seems misplaced here. Last year the twenty three year old actress received a supporting actress nomination for "Steel Magnolias," a worthy honor to be sure. But her turn as the "pretty prostitute" should not have secured her a spot on the Best Actress list this year, not when the Academy passed up Shirley MacLaine in "Postcards From the Edge" and Glenn Close in "Reversal of Fortune."

Close also appears to be an obvious omission from the Best Supporting Actress group for her role as Queen Gertrude in "Hamlet." Always a difficult role to play, Close carries it off with ease and grace, this despite a terribly weak performance by Mel Gibson opposite her in the title role. Annette Bening in "The Grifters," Lorraine Bracco in "Goodfellas," and Diane Ladd in "Wild at Heart" complete the supporting actress category.

Those who were disappointed by Pacino's absence from the Best Actor list might be comforted by his name among the nominees for Best Supporting Actor for his performance as a vicious villain in "Dick Tracy." Filling out the supporting actor slots are Andy Garcia in "The Godfather Part III," Joe Pesci in "Goodfellas," and Bruce Davison in "Longtime Companion."

The absence of "Longtime Companion" from any of the other categories cannot go without comment. The film follows the fate of a man suffering from AIDS, and in an era of hystericism and preachment it approaches the issue in an almost forgotten way: from the human angle. It is absorbing, probing, and intelligent, and should have been a shoe in for a screenplay nomination and probably a Best Picture nod as well. But in a year when voters rushed out to nominate "Ghost" and "The Godfather Part III," a film like "Longtime Companion" found no room on the list.

The Academy Awards will be presented on March 25th and broadcast live from the Shrine Auditorium in Los Angeles.

Hollow men, Solid music

By Neal Dougherty

"Cresta" is the name of the new cassette from the Hollow Men. Up front I am going to tell you that I like it, this is up front in the article, and I do like it. So there you go, and now you know, I am an up-front kind of guy that likes this recording. Bingo! Case closed. Go out and buy it.

However, maybe you're not easily swayed or as truly transparent as I am. Maybe you would like to know more about the release? And yes, you are going to learn more about the aforesaid Hollow Men, face it, it is inevitable even if you throw this paper away without reading another word. You will hear of them and you will hear them again and again. They sound very English like, particularly due to their vocalist David Ashmore who delivers his vocals in a very inherently English pseudowhisper. Remember Donovan, Mellow Yellow, Sunshine Superman, etc.? Remember the English Invasion and sound of the sixties? If you don't hang out in the game rooms and play the jukebox for a spell, I am amazed at the amounts of sixties music I hear in there.

I imagine if Donovan had a kid, he would sound something like David Ashmore does. Kinda Donovan like if you can imagine Donovan doing guaualudes coming down off of acid, calm but inspired, psychedelic folk if you will. "Cresta is very sixties" flavored however, it is simultaneously enhanced with nineties technology. I wonder if Donovan did have a kid just how many names his kid would have? There is a one named acoustical guitarist in the band. His name is Choque. He does an amped acoustical job, my notion is him and his single moniker serves no apparent purpose save that of firming up the Donovan correlation and my contention that they sound alike. Sometimes they sound like a tranquil INXS, again calm and sedated. However, I must stress and otherwise emphasize the currentness of "Cresta." Regardless of my identification with the sixties, this band is an example of just how music and technology can be integrated.

The Hollow Men inspired a whole plethora of ideas. "Straight up, four on the floor with a plaintive twang of an occasional ballad." That sounds pretty good to me. It's also good to mention that they are very easy to fall asleep to. And anyway, they are very easy to remain asleep to as well. You will find yourself in a very comfortable position while listening to them.

The Gear Daddies are hard to describe. They don't fool around with too much amp action, crazy technical effects, or "funky-fresh." They play good, honest rock-and-roll in their T-shirts, ripped jeans and baseball caps. Their music has special meaning which they try to convey to their audience. That would be very nice if you could understand what in the world they are saying at times (and, I might add, the lyrics aren't written inside the C.D.).

Regardless, the music is excellent and since we have all grown attached to many different artists we can hardly understand (Ex. James Brown), I'll let that small factor slip by.

It's been said the Gear Daddies mix "straight-up, four on the floor with a plaintive twang of an occasional ballad." That sounds pretty good to me. It's also good to mention you can sit back and relax to this music. Just don't pull your hair out over the lyrics-if you keep rewording to figure out "What was that he said?" You'll just start to freak.

Get comfortable and enjoy.

Sculpture in the galleries

By Maria Russo

Staff Writer

Attention novices and art lovers, there has been an explosion of creativity brought to the campus of MSC! Now appearing is the works of George Tarr and Rosalyn Kane.

George Tarr is known for his unique, intuitive sculptures and paintings. Most of his sculptures are designed out of welded steel or limestone. Each one of his steel sculptures resemble several different configurations welded together to create either a familiar figure or a masterpiece of entanglement. His paintings go to extremes. They are either very vivid in color or very neutral.

Rosalyn Kane's sculptures and paintings can be described to contain much emotion and movement in them. They are very vivid in color and in their expression of movement. For example, in one of her paintings entitled, "Dancers", one can actually envision the movements of the dancers in the painting, through the colors she uses and the way she designs their movements.

Both Tarr's and Kane's works are a sight to see. Both have their own individual creativity that is displayed in their art. Between Kane's expressive, motivating paintings and Tarr's instinctual sculptures that are almost life like, they are purely a gallery of masterpieces.

Rosalyn Kane's art is now on display in the Sprague Gallery, in the lobby of the Sprague Library and George Tarr's are on display in Gallery One, which is located in Life Hall Annex. They will be exhibited until Feb. 28.
What's going on

Piano Recital. Monica Jakuc and Raphael Atlas. March 19, 8pm McEachern Recital Hall. Free. 893-5228

Kyto Fibers. 5 Japanese artists. March 8-April 1. Reception March 13, 4-6pm. College Art Gallery, Life Hall. Free. 893-5113

Pippin. February 21-23 at 8pm. Feb. 22 at 2:15. Student Center Annex 126. $2. 893-5159

Lambs

From 15

P. J. O’Boyle said that WMSC would like to be

a hit show – and they do deserve credit. Unfortunately, however, there is a drawback tooccasional interferences from WKXW 101.5 in Trenton.

The station is coming up soon.

The station plans to expand. Another drawback is the many stations on the FM dial in the area.

We have about 10,000 albums to choose from, but because of the many stations on the FM dial, there probably is not much of a chance for the station to expand. Another drawback is occasional interferences from WKXW 101.5 in Trenton.

-Ynot Personal Plates -Virginia Beach -Ynot - I’ll be your todo - tomorrow - and forever! Love you, Cyndi
-Jill - Knocking over the wall unit - Keep partying buddy - rockin weekend! AIX Sumi
-Michele - Be Good! I love ya. Chrisy - Christian - Thanks for being an awesome date.
-Love, Nichol
-Kara - I love you so much! Sisterhood is the important “s”. Yabba! Lisa
-Liz - He digs me...Just kidding
-Sherry(id) - Here’s to a great semester. I love you so much. Your big sis, LeighAnn
-To Mary Beth, Sheila, and Joann (Pledges of Sigma Delta Phi) Good luck in your next 4 weeks. You guys can do it! - Elisa
-Mary Beth’s fallen and she can’t get up! - “The Babes”
-Lucy - I’m a little clueless. Give me a hint....please. Love Darla
-Karen - Sdhphi - I am so happy you are back!! Love ya, N.V.
-Jen - You can flirt and I could ho- we don’t need fake ID’s. Love, “The Ho”
-Steven - Try staying at the road a little harder...Steve
-Chuck - I want to Rub you the right way, -Unhimited
-TKE - Cotillion - Now that’s brotherhood
-To the “Coolest Pledges” - Friendship, has a great meaning. But, not always does it mean to others as much as one believes. All in this world has its limits, one just needs to know when and how to set them. Realizing that limits are “A part of life”. Mee
-Cariisa - (SdT) Your awesome. #5
-Marc (ZBT) - Help me with my math. Debbie
-Billy T. - Thanks for everything! Love Kat
-Kim(SDT) - Did anyone say Citron? Not me
-Jeannine - What’s the name of the tape? Kit-Kat
-Amy - (D Phi E Pledge)!!Dick!! -Steen(D Phi E Pledge
-Honey lamb - Saturday nite was a blast! Oh sure...
-To the four amigos - Valentines was great! I hope everything keeps gong as well as it is now.
-Mo
-Rob - I had an awesome time at Cotillion! You’re the greatest honey! I love you - Laura
-Chuck - If you don’t tell Mike to stop walking in on us, its over! Trixie
-Becky & Step - You did such a good job! We all love you! B.L.
-AIX -coolent
-Mary - You made valentines day bearable. Who needs those pigs anyway? Love Jeanine
-Danielle(Iota) - Thanks for a great time. Steve
-PZ20 “In your eyes - the light, the heat...”
-To the “Dude Crew” - Great luck pledging TKE! Love ya, Christine
-Keith - I love you & You are an awesome cotillion date. (I think) Love always, Marie
-JD - Glad you had a great time. Thank for everything. -Deb
-Jason (zbt) -Thanks for going with me to the cotillion. I had the best date there.
-Love, Samantha
-Gail - HOMEWORK? Study? Not gonna do it! Wouldn’t be prudent! Love ya, Sharon
-AIX #89 You are f—ing wonderful!! -Iota - You guys are awesome. Cotillion was kickin’! I love you all. Joanne
-Judy - Cotillion railed even though we got stuck in a dirty cab! I love you. Joanne
-Sharonda - Do you vogue or you go GQ? I don’t know about you but I prefer GQ!!!
-Me!
-Mike - I had a great time at Cotillion! Thanks a lot! Love you Donna
-To Alan(ZBT) Dancing with you was a blast Fri. Nite. Luv you, Jude
-Karen - I love you, even though you torment me! -KICK ME!!! Luv, Your big
-Welcome to the pledge Zeta class of Delta phi epsilon. Love all the sisters
-The legend of Andy meister Tinkelberry lives on and on and on...
-Lance - I had the best date and the best date! Thanx. Luv Cindy
-To Kris, Beth, Patty, Darlene, & Robyn: Thanks so much for making Cotillion so much fun! Love Stefanie
-Crash and burn -if it’s it’s possible, Love, Debbie Gibson
-Ana, I need I.D.? You’re the best. I love ya. Patrice
-Attention all sororities, Let’s crash RCB!
-Dani R. - Chi e Giovanni Caminnare?
-LeighAnn - I had a great time at cotillion. Looking forward to RCB. Love, Rob
-Trixie - We have to learn to stay in our own bed. Not 8 times but still great.
-Lustfully, Chuck
-PZ1 - Billy and Keith are NOT twins! so get a clue!
-Shar - How’s my bestest doin? Love your big
-Jenn & Donna - Thanx for always listening to me. Janie (stories)
-To Gina, You were the best dance I had the whole night. Admirer in ZBT
-BJ - Billy’s mine, you can have Keith, but just so you know, Billy has better teeth! LIs
-Hey Uncle Bob - Make me one of you drinks (c. shots) and I’ll be the three man.
-Zool -Delay
-Lori (Iota) I had a great time at cotillion. Your the best date a guy could ask for....Rob
-Try to cut a bagel in 12 pieces using only 3 straight cuts. Delta Chi
-To all - Jealous? Rho Zeta
-Hey Charo and Elvira...How do you feel about the men of Delta Chi? Luv, Ginger
-Baby, You looked beautiful! I hope the night was special for you. Staci
-Chuck M. - thanks for the once. PZ22
-Laurie - the search for shelter is on. Lynn
-Beta Nu - Good luck with pledging. Kelli
-Keith Van Ness - WATCH IT!
-Pat(TKE) someone is watching you...
-Kelly, Thank you so much. I had a great time at Cotillion. I’m just really sorry I had to leave. Thanks again. John Tke PZ 82
-TKE - Nice show of brotherhood at cotillion!
-To the dancing elephants on the third floor - Go to Bed!
-Doug - Thanks for last weekend! I had a great time. I love you - me
-MONTE - here are your walking papers, save your breath, just leave. Your secret admirer
-Tiz - Thanks again...Love, KELLY
Now you can afford to dream in color.

Apple introduces the Macintosh LC. If you thought that finding a color Macintosh® system you could afford was just a dream, then the new, affordable Macintosh LC is a dream come true.

The Macintosh LC is rich in color. Unlike many computers that can display only 16 colors at once, the Macintosh LC expands your palette to 256 colors. It also comes with a microphone and new sound-input technology that lets you personalize your work by adding voice or other sounds.

Like every Macintosh computer, the LC is easy to set up and easy to master. And it runs thousands of available applications that all work in the same, consistent way—so once you’ve learned one program, you’re well on your way to learning them all. The Macintosh LC even lets you share information with someone who uses a different type of computer—thanks to the versatile Apple® SuperDrive, which can read from and write to Macintosh, MS-DOS, OS/2, and Apple II floppy disks.

Take a look at the Macintosh LC and see what it gives you. Then pinch yourself. It’s better than a dream—it’s a Macintosh.

Cohesion's Corner

By Glen Haerle

B.D. Posse holds top spot

Another week of competition is in the books. While some contests were close, others were major blowouts, and some teams even managed to break the 100 point mark.

Listed below is Cohesion’s top 5 for this week. There are only 6 undefeated teams left. Unfortunately, only 5 can make Cohesion’s Top 5. The sixth undefeated team, the Rho-

Top 5.

1. B.D. Posse
2. We All Dat
3. P.R.P.
4. Gamblers
5. Spyro Gyros

B.D. Posse is “pressing teams into losing by large margins. They play smothering full court press that make it difficult for their opponents to get the ball past half-court. This team is so quick that they play tight man-to-man defense all the way up the court. The result has been an average margin of victory of 44 points.

B.D.P. also has total control of the offensive boards. When their outside shooters aren’t hitting, Amod Field, Will Jones and L.T. are going above the rim to grab offensive rebounds for easy layups.

“We All Dat” are led by the two leading scorers of the NBA - John Clidy and IBN Muhammad. “We All Dat” has yet to play a strong opponent and has been breaching through their schedule.

P.R.P. has been led by guards Bryan Gabriel and Pat Brunner and center Duke Harding. However, P.R.P. did receive a scare from winless TKE. TKE played P.R.P. tough and hung within 7 points for a good part of the game.

The Gamblers are paced with a balance of scoring. Even though they have not been scoring heavily, Troy Scott and Monte Perez have been playing their roles at power forward and point guard.

Moving into the top 5 is the Spyro-Gyros. The Spyro-Gyros have come through in the clutch during two close games. With an overtime victory over a tough Senate B team and a close victory over the Bros, this team is a gutsy team. This team has a balance of scoring. Ron Papa, Billy Fitzpatrick and John Gabriel and Pat Brunner and center Duke Harding. However, P.R.P. did receive a scare from winless TKE. TKE played P.R.P. tough and hung within 7 points for a good part of the game.

The team that shall remain nameless (BDP) had accumulated a lead early in the second half that assured them a victory. Instead of trying to run out the clock and let the inferior team shoot, the team that shall remain nameless (BDP) decide to press the whole game and won by more than 100 points. This is a disgrace.

The team that shall remain nameless (BDP) is just an example. There are several other teams that do this. I believe in what coaches such as Joe Paterno and Bobby Bowden preach. Play your hardest to beat your opponent, but don’t run up the score and ruin it in a team’s face. It shows no class. The teams that shall remain nameless seem to follow the philosophy of coaches such as Barry Switzer and Dennis Erickson. Blow ‘em out. It looks impressive. I don’t think these blowouts are very impressive.

A message to the teams that shall remain nameless. Every dog will have their day.

Frank Basile’s Top 10

4. Arkansas
5. Indiana
6. North Carolina
7. Duke
8. Kansas
9. Kentucky
10. Arizona

WLA F could break ground for NFL overseas

A game pitting the San Antonio Riders against the Barcelona Dragons at Montjuic Stadium lacks the flavor and fever that a Giants—49ers match up has with the World League of American Football (WLA F) is an idea whose time has come. While the vast majority of American sports fans will flip to a baseball game come springtime with youth league football on a world stage, the WLA F will be viewed with casual interest, at best, and that, with a backlog of history, the NFL’s interest in Europe will be enough to make the league succeed.

The NFL learned from its early 80’s competition and now defunct United States Football League that spring football could succeed with the proper financing and most importantly, the proper structure.

What the WLA F hopes to accomplish is a minor league grooming system in which NFL teams can acquire players that were deemed as “projects” or those that “slipped through the cracks.” For the players themselves it is a chance for a World League participant to earn a living (each player receives an average base of $20,000-$25,000, not including incentives which can earn a player an additional $75,000) for four months work. The salaries certainly won’t provide economic stability for life, but it does give anyone athlete a chance to make a living after not knowing where to turn when the reality of not being NFL caliber material hits home. For some who think they are NFL caliber material it’s a chance to pick up a check, get needed exposure, and like the USFL hopefully be a stepping stone to the big time.

While the World League pay structure is low compared to what many athletes in team sports make today, this is the minor leagues of the NFL which is comparable to the pay structure in minor league baseball (AAA baseball players earn an average of $37,500-$50,000, not including signing bonuses). The WLA F needs to adhere to such a league devised pay structure in order to keep the league afloat during its infancy, WLA President Mike Lyng has informed the NFL backers they took careful notes on how the young USFL burned itself out too quick with Donald Trump’s bidding war.

There is no room for that because everyone on each team makes the same base salary.

From the standpoint of NFL backers, the new WLA F is a guinea pig for possible world wide expansion of the NFL. For the last five years the National Football League has “test marketed” pre-season football games in such foreign cities as England, Germany, and Japan. These contests have been met with overwhelming approval as the NFL has packed SRQ crowds to such cities as Wembley Stadium. What the NFL wants to see is if the game of American football will be appreciated much as on a weekly basis instead of an annual event. If the three Europe entries in the World League are successful and popular with fans sports fans overseas, the NFL may consider awarding NFL franchises to foreign cities making the Super Bowl champions truly World Champions.

The three European entries in the WLA F include the Barcelona Dragons, Frankfurt Galaxy, and the London Monarch. In order for American football to appeal to foreign markets, the WLA F executives kept in mind what the World Football League was successful and popular with fans sports fans overseas, the NFL may consider awarding NFL franchises to foreign cities making the Super Bowl champions truly World Champions.

The possible NFL expansion overseas has been discussed before, but this will be a true barometer for the future of American football in the 21st century. With the NFL season lasting 18 weeks, each team has now two free weeks to let players’ injuries heal without missing games, and time for players to relax. With expansion to Europe and Asia the WLA F needs to have the potentially lucrative markets be turned off because the game is too boring.

Kean batters Red Hawks for season sweep

By Al Iannazzone
Staff Writer

In what may have been a preview of the NJAC Championship Game, the MSC women's basketball team lost its final regular season game to old nemesis Kean College, 56-50, last Friday in Union. It was the second time MSC lost to the Cougars this year. The Hawks finish the regular season 19-5, second in the NJAC at 14-4.

MSC played extremely well in the first half and took a 26-20 halftime lead despite having to contend with the rowdy Kean crowd. The Red Hawks played excellent defense and were able to control the boards. Cindy Puling, a 5'4'' sophomore guard, was a monster on the defensive boards, pulling down eight of her career and team high ten rebounds. She also did the job offensively as she collected six of her career high 13 points in the first half, including four during a 9-0 run helping MSC take a 22-15 lead with 2:53 remaining. Kim Wilson ended the half with eight of her team high 14 points.

The second half started off the same way. MSC went on a 10-0 run, led by Wilson and Poling's four each, opening up its biggest lead, 34-22 with 15:50 remaining. Kean Coach Rich Wilson had seen enough and decided to make wholesale substitutions, taking out starters five and replacing them with five fresh bodies at 15:30 with the score 34-24. This move coupled with the Kean crowd became livelier and more obnoxious, ruffled the Red Hawk feathers as MSC watched its 12 point lead dwindle and finally disappear. Kathy Hayden, Rebecca Greer and Cindy Makowski led the onslaught for Kean. The trio combined for 20 of the Cougars next 26 points, including six each for Greer and Makowski during a 18-3 run putting Kean ahead 50-43 with 2:50 remaining. MSC attempted a late comeback as Tracy Moffat’s two free throws cut it to 50-47 at 2:18. One minute later, Kim Wilson picked up her fifth foul and walked off the court as the Cougar faithful echoed “HEY! HEY! HEY! GOODBYE!!” Veronica Rice scored the final six points for Kean and MSC fell to the Cougars 56-50.

Kean (21-2, 17-1 NJAC) was led by Rice’s game high 17 points and 12 rebounds. Makowski, Hayden, and Greer chipped in for Kean. The trio combined for 20 of the Cougars next 26 points, including six each for Greer and Makowski during a 18-3 run putting Kean ahead 50-43 with 2:50 remaining. MSC played extremely well in the first half and took a 26-20 halftime lead despite having to contend with the rowdy Kean crowd.

MSC played extremely well in the first half and took a 26-20 halftime lead despite having to contend with the rowdy Kean crowd.

MSC's third leading scorer and second leading rebounder, was held scoreless and pulled down only four rebounds. Wilson, MSC’s leading rebounder, had only five and just one in the second half.

MSC coach Jeffery was disappointed to say the least. "They (Kean) know how to win," she said. "We were playing not to lose and you can’t win that way. It kills your confidence. In the last five minutes we were not doing the things we did in the first 35 minutes. We weren’t boxing out or playing smart defense. These little mistakes added to the 18-3 run."

Many people are wondering what makes Kean so good, and no one seems to be able to explain how they are 21-2. Their leading scorer and rebounder, Rice, averages only 13.4 points and seven rebounds and plays only 25 minutes per game. How do they do it? It seems, as it did on this night, Kean is very deep. This was one of the differences on Friday. Kean’s bench accumulated 27 points, ten rebounds, four assists and five steals while MSC got nine points, four rebounds, seven assists, and three steals from its reserves. The other difference on Friday was Kean's faithful, yet alarming fans. They go everywhere with the Cougars and could make anybody cringe. When an MSC player missed a foul shot they would yell "I DON'T THINK SO!" or "SURVEY SAYS: X-X-X!" They have posters around the gym that say "CAN'T TOUCH THIS" and "RICH WILSON IS GOD!" During Kean’s 18-3 burst they were screaming "N-J-A-C-9-9" to let everyone know Kean is trying for its ninth consecutive NJAC Title. If anyone beats Kean, they most overcome a very sound, balanced team and very loud, boisterous crowd.

MSC knows this and it plans on taking one game at a time. In the first round of the NJAC playoffs MSC will face William Paterson, a team MSC beat twice this year. Jeffrey said this was a tough loss but the playoffs start a second season. "We’re going to work hard Monday, Tuesday and Wednesday and try to put the Kean game behind us," she said. "This is a brand new season and we’re going to go back to what made us winners."

RED HAWK NOTES...MSC will host WPC tonight at 7:30 in Panzer. The winner of this contest will play the winner of the other first round game, between Trenton and Kean, for the NJAC championship on Saturday at 7:30. "We’re striving for our first NJAC title," said coach Jeffrey.

Women skiers off to Regionals

The 1991 MSC women's ski team has qualified for the Mid-Atlantic Regionals which will be held in Champion, PA this weekend. The team finished in the NJ Collegiate Ski Conference with a tie for third place with Columbia University. Top skier, Maureen Harrington finished 2nd place overall. Other skiers were: Michelle Williamson, Maria (Colegro), Tanyo Troch, Liz Wallace, Marlene Kruger, Linda Plato, Tina Swadba, Jodi Weinglass and Sue Sautner.

The men's team finished their 1991 season with a 5th place. Top skiers, Jeff Conover finished 3rd overall. Other skiers were: Steve Caunt, Tracy Kelman, Dave Vogt, Rob Caruso, Nick Bareca, Jeroen Gomez.
