Angry students petition for housing refund

by Katisha Lewis

Students are in an uproar about an oversight in their Clove Road Apartment lease contract.

After about 10 weeks five students in Clove Road noticed that they were not getting a refund check. The students complained to Margaree Coleman-Carter, director of Residence Life, about not receiving their $150 refund.

The Montclair State Apartment lease contract for Aug. 30, 1991-May 20, 1992, states, "Rebates of $150 per Resident will be made to each Resident of an apartment to which five Residents are assigned by the Office of Residence Life and who retain those assignments for 10 or more weeks."

Coleman-Carter stated that the entire clause was overlooked and forgotten.

The residents that started this petition, Janice Wilson, Connie Mancini, Susan Hamilton and Jenn Dassori, said that neither they nor any other Clove resident were ever informed that they were not going to receive a rebate this year. The students went to every B and C quintuplet apartment and got about 150 signatures that they needed for their petition.

One of the students' mothers called Residence Life and was told that she would get a response on Thursday, said Hamilton.

Coleman-Carter, said that she has scheduled a meeting with the students and Vice President for Students Development and Student Life, to hear the appeal.

"If the students don't get their money back they want some improvements done," said Hamilton.

Mancini said, "Residence Life should have better accommodations such as bigger refrigerators, stoves, and water heaters. If they're going to keep the $150, I want to see some improvements."

"You have to go after Residence Life, you need to address them," the students said.

The rebate is needed, said Mancini. "I pay for my education, I want my money back."

Landino awarded "Faculty Advisor of the Year"

by Renee McDonnell

Dr. Lawrence Landino, the Broadcasting Division coordinator and advisor for MSCa’s Alpha Epsilon chapter, the national broadcasting and electronic media society, received the "Faculty Advisor of the Year" award at the AERho Freedom States Regional Convention in Plattsburgh, N.Y. on Oct. 31.

Landino was nominated for the award by the executive board of AERho at Montclair State and competed against advisors from 15 other schools, said Daniella Ferrandino, AERho vice president and a junior.

Landino, a first-time advisor, was pleased with his election.

State Treasurer addresses SGA

by Kelly J. Schab

Sam Crane, New Jersey state treasurer, gave a speech in front of the SGA last night about his thoughts on college spirit, the state's economy, and the national recession.

As a college student he was very active in his student governments at the University of Cincinnati and here at Montclair State.

Crane led a successful rally at Trenton to protest the state college tuition raises. Though the state only cut the raise in half, Crane considers it an important victory for students.

Later, he worked on the Tuition Aid Grant program. "We felt that people who didn't have the wherewithal should have a chance to go to college," Crane said.

"We worked for six to eight months of hard lobbying" and won. "We the students were a part of that process."

Crane advised the legislators to get involved in state and local politics as he explained that it's the "governors and states that really lead the country."

He also said that the way to get other students involved is to "make the issues important to them."

"If you look at the voters, (of the national election) they were focused on something personal to them" such as the

Greeks reach out to homeless

Members of participating fraternities and sororities are shown in the Ballrooms at tables covered with the 68 bags and 5 boxes of canned food collected campus-wide for Thanksgiving Convocation.
Phi Beta Sigma Frat Inc. presents their first annual Steps How Competition, Sat., Feb. 13, 1993 at the Newark Symphony Hall.

The MSC Concert Band will be performing at St. Peter's Cathedral in Citicorps, New York City on Sun., Dec. 13, 1992, at 7:30 p.m.

CLUB presents Winter Ball '92 "Midnight Magic," on Dec. 10, 1992, from 7 p.m. to 12 a.m. Admission is $20.

The Union for Lesbian/Gay, Bisexual concerns is holding meetings on Mondays at 4 p.m. in RM 413 in the Student Center.
AWARD, from page 1

Landingo, a first-time advisor, described winning the award as a complete surprise. "The award is more of a reflection on the students' work and what has happened in the Broadcasting Department in the last year than on me," he said.

Landingo, who came to MSC last September from NYU, was honored for his work in the development of the Broadcasting Handbook, which serves as a production guide for majors. He was also praised for introducing the production archive and the big and little brother/sister orientation program in the department.

"He is a very dedicated advisor and has been working on the program since the summer," said Ferrandino.

Adam Puhica, also vice president of AERho, commented on Landingo's encouragement. "He has pushed us to enter our work in many student competitions in order to gain recognition."

Landingo and AERho are currently working on producing a "Jeopardy-like" quiz show for the spring.

CRANE, from page 1

Sam Crane, N.J. treasurer

The public relations committee suggested that the campus buildings be used as murals. They will send a letter to President Reid, the administration and Dean Martin to ask their permission to use the art department for artists.

The Appropriations committee reviewed the SRLC budget freeze. The External Affairs committee will write letters to state legislators and Congress during Christmas break.

The Public Relations committee will make a bulletin board for the holidays.

The Welfare and Internal committee will secure new shuttle bus signs and will work to change student ID numbers which are currently students' social security numbers.

During open forum, it was suggested that the SGA purchase new phone jacks to stop people from using their own receivers to steal calls from the SGA phones. All legal users will have a set time limit. John Evans will try to change student ID numbers but it is illegal and they will be torn down.

The College Curriculum Review committee announced three new music minors and major changes to the Biology major curriculum. All incoming freshmen will have new courses to take. There is also a new music theater minor and a recommendation that the R.O.T.C. program be removed.

The Welfare and Internal committee will research the firing of a Webster R.A. for displaying public drunkenness. The firing seems to be of a suspicious nature, then they will write a letter to Dean Martin questioning the process.

It was suggested that the SGA purchase new phone jacks to stop people from using their own receivers to steal calls from the SGA phones. All legal users will have a set time limit.

An SGA statute change I was passed. Said one legislator, "There is a major lack of participation of students. We need to attract different corners of this school." The SGA currently has 36 members and is allowed to have 65.

L.A.S.O. is a Class 1 of the S.G.A.
Policy On Final Examinations

All final examinations must be given during the regularly scheduled examination period. The Schedule of Courses lists days and times of final examinations for each class period.

No final examination may be given during the last week of classes before the examination period.

If no formal examination is scheduled, the class must meet for one hour during the scheduled final examination time, for a class evaluation session. Thus, all classes are required to meet during the examination period.

It took Galileo 16 years to master the universe. You have one night.

It seems unfair. The genius had all that time. While you have a few short hours to learn your sun spots from your satellites before the dreaded astronomy exam.

On the other hand, Vivarin gives you the definite advantage. It helps keep you awake and mentally alert for hours. Safely and conveniently. So even when the subject matter's dull, your mind will stay razor sharp.

If Galileo had used Vivarin, maybe he could have mastered the solar system faster, too.

Revive with VIVARIN.
Campus Police Report

Edited by Kelly J. Schab

Theft
11/23/92 An employee of the Media Center reported that a VCR was stolen from a night class in Life Hall. The equipment had been left briefly unattended after the class ended that a VCR was stolen from a night class in Life Hall. The equipment had been left briefly unattended after the class ended.

11/30/92 A male student reported that he left his jacket and wallet in the elevator in Blanton Hall while helping a friend move back into Blanton. When he returned about five minutes later, his wallet was gone.

11/30/92 An employee reported that rented welding cables were stolen over the weekend. The cables were left on the College Hall lawn.

Theft from MV
11/30/92 A male resident of Bohn Hall reported that his car was broken into while parked in lot 23 between 9:00 a.m. and 12:15 p.m.

Use of Possible Controlled Substances (marijuana)
11/30/92 Maureen Gallagher, Director of Clove Road Apartments, reported a strong odor of marijuana emanating from an apartment. When responding officers arrived, they went to the apartment, knocked on the door and were told to come in. Evidence of the possession and use of marijuana and paraphernalia was established. Two of the three residents present and their guest appeared to be under the influence and admitted to use. The other resident denied use or possession. Arrests are pending.

Dispute
11/25/92 A member of the Residence Life Maintenance staff reported ongoing harassment problems that he has with other members of the Residence Life staff. The matter is being handled administratively.

Harrassment
11/29/92 A male resident of Bohn Hall reported that he was receiving numerous hang-up phone calls between 2:00 and 3:00 a.m. for the past two months.

11/30/92 A female resident of Bohn Hall reported that she received two phone calls from a female who were threatening in nature. It is believed that the calls are possibly coming from a jealous friend of her boyfriend. She had been receiving threatening hang-up calls for about a month.

Trespass (Peeping Tom)
12/1/92 A female resident of Clove Road Apartments reported seeing a white male walking behind the apartments and looking into some apartments on the first floor. She called the police but the suspect fled upon seeing their arrival. A search was conducted but the suspect was not found.

Suspicious Activities
11/30/92 Two custodians reported that they had found a syringe and several body hand towels in a man’s room trash can in the library. The incident occurred on 11/18/92 but wasn’t reported to police until 11/26/92. The syringe and towels were disposed of before the police investigation, so the purpose or use of the syringe could not be determined at the time.

Criminal Mischief
11/30/92 A parking officer found the bottom pane of a glass door at the north entrance to Finley Hall partially broken. It appears that someone kicked it.

Property Damage
11/30/92 A male employee reported that his car was damaged when the gate in lot four came down on it. He was following the car ahead of him too closely.

Trespass
11/30/93 An employee reported that he secured the weight room in the gym on Friday and that when he returned on Monday he found that the weights were moved around.

Medical
11/30/92 A female resident of Bohn Hall reported that she wasn’t feeling well. She appeared weak and disoriented. She was taken to Mountainside via ambulance.

11/30/92 A member of the faculty reported that he had tripped over two carts which could not be seen from the entrance of the west door of College Hall. He was assisted by two students and moved the carts. He requested no medical attention but complained that his hip hurt.

IDC: Part Time

Editorial

Welcome to the real world

MSC is quickly becoming known as N.J.'s leading "school of hard knocks". The plethora of complaints that has been growing throughout the semester regarding the inconveniences and discomforts of college life recently got even larger. Commuters complain about the parking situation, intellectuals criticize the lack of library hours and now a large number of angry Clove Road residents have announced that Residence Life is denying those students residing in five-person apartments a refund of $150 per resident which has been the policy of Residence Life in past semesters. As usual, the accusing finger must be pointed at someone.

The Montclair State Apartment Lease Contract for the 1991-92 school year contained a clause which stated, "a rebate of $150 per Resident will be made to each Resident of an apartment to which five Residents are assigned by the office of Residence Life." This clause was overlooked and forgotten in the 1992-93 contract, stated Margarita Coleman-Carter, Director of Residence Life. The college maintains that the deletion of the clause was an inadvertent error on their part, but since students signed the contract as it appeared the college is not compelled to provide the $150 per student refund. Clearly this is an error in favor of the constantly shrinking MSC budget.

Before students denounce Residence Life as slum-lords, we must consider the fact that college students are recognized as adults and must suffer the consequences of assuming that MSC will hold our hands and look out for our better interests. We are no longer children. Welcome to the real world!

MSC provides housing for students on campus alleviating for many the frustrating search for over-priced, under-sized, off-campus apartments in surrounding communities. In turn, students sign a contract with Residence Life that serves the same purpose as a lease signed between a landlord and a tenant. Stereotypically, landlords are self-serving business persons who will find every loophole to provide little for a tenant while charging enormous sums in rent. No tenant would blindly enter into a lease without carefully reading the agreement that the future landlord requires. Assuming that because a clause was present in past MSC housing contracts means that it will automatically exist in present agreements is irresponsible on the part of MSC residents.

The Montclarion does not condone any act of the administration to take advantage of students. At the same time, students must protect their own rights and in this case the dissatisfied students in the Clove Road apartments also err by not carefully reading the agreement which they signed with Residence Life. College life entails many learning experiences including a good amount of education about real life. Although many residents may consider the decision of Residence Life to deny their customary refunds misleading and unfair, they may also consider it part of reality in the adult world and another lesson in the "school of hard knocks".

"If they're going to keep the $150, I want to see some improvements.
—Connie Mantini, Clove Road Resident, p.1"
Tischio's tips on holiday shopping

As the holiday season intrudes upon us, I want to remind the materialistic side in all of us to settle back down for a long winters' nap and let the warm, snuggly person inside us emerge with nicks and dents. As a college student, I realize how tight money can be. Unless, perchance, you are one of the many spoiled aristocrats that tend to permeate the halls of dearly beloved MSC. To those masses, my advice to you is to hang your selves, along with your highly decorated, freshly-killed trees, out the window until suffocation fully occurs. People like you will never have the holiday spirit and only help extend the lengthy, over-abundant shopping lines.

Now, for the few true college students who work part-time or even full time jobs while holding full course loads, these words are for you.

As the time draws near to wrap that oh-so-thoughtful gift for Mom, Dad or certain lover, keep in mind the best presents are the ones that come from the heart—a place rather far from the pocket. Take for example, my precious boyfriend. Last year for Christmas I received a personally-sung rendition of, "It's a Holly Jolly Christmas" while trying to tap dance in time. This present was certainly hard to forget. Another example, my present to my father last year: a picture of myself. Yes, it sounds trite and conceited, but it works. He thought I was special. Flocked innocent as petals, and that warm feeling was in the air mixing in with our egg nog. If you're male and on the football team. For example, you got your self a gaudy and ceramic. If they're amazled at big, burt men mixing butter with flour, Go figure. Maybe it's Freudian. Now, say you have an Aunt Mildred like my Aunt Tischio's tips on holiday shopping

Religion is personal decision for individual

To Robert Allen, when is the first meeting for the group to legalize? I want to join. To Trish Barker, writer of the Heresy column, I am a Christian and I beg you to come question the Heresy? I want to join. To Oral Roberts or some other person who could never stand to accept anything I say because I have probably already asked my self the same question a million times. Be prepared though, sometimes the answer is "I don't know" or "that's for you to decide for yourself." If you and other people would stop letting bigoted, insecure followers of grossly-manipulated, barely-based-on-the-Bible cults tell you the meaning of the Christian religion, you may be pleasantly surprised. I say to anyone and everyone, be wary of people preaching religion who carry a gun or want money. Any Christian who does condemn another for their sins should start condemning the sins and imperfection in his or her own life. To me, one is a member of any religion, stop worrying about what other people do and telling them they have to believe in your religion. If God wants any particular person to find him, he certainly does not need you to take them there.

I will not be exhorted of what I believe in and be beaten down by those who can't see that there is life beyond. Or by those people who could never stand to accept that there is something greater than us and certain behavior is requisite because of that. I do nothing before, cause I have to. The Bible says I can do whatever I choose, but if I only believe in Christ, I will try to be more like him. Love of God and love of life is what I try to make my life, not love of Oral Roberts or some dogma a particular church preaches to me. One church doctrine that caters to all aspects of life. Not possible. In the Bible it says that different things are good for some people and other things are good for someone else. A great example is meat. If someone feels eating meat is wrong for them then it is, but for those of us who do eat meat, we should not force our views on those who don't, and vice versa. That same premise applies to everything. How can I force what I feel is right on another? I am a human so, no matter what I will never have the answers, so I am better off trying to do myself what I think is right and not worry about what other people are doing. I have no problem with God myself and let other people worry about being acceptable with God for themselves, if they care at all. However, I do get offended when people can't see that many people who claim to be Christian don't act it at all and condemn those of us who try to live a Christian life into the same category. I also get upset when someone tells me that my religion is for security and that I believe it because I don't question anything. Quite to the contrary, I ask questions about what I believe all the time and it becomes more apparent to me that God not only does exist, but that he must exist. If you wipe away all that we know and take the simple fact that because we are here we know that something exists, that all had to come from something. Something has always had to exist for all of this to come from something and, if it did not come from nothing, then something was always here. You can not take emptiness and make a universe—it must be made from something. I happen to believe that this is the idea that God has no beginning and no end in onotological thought. I also believe that it is not illogical to believe that God would want us to be loving and peaceful. If I made a poem, would I not want all the letters to be where I wanted them to be? If the letters started to fight amongst one another, would that not cause some letters to move or die and make the poem lose its meaning? If this poem was all contentment, love, and peace, would I not know that something exists, that all had to come from something. Anything that has ever existed, be it a love poem because it wanted to and it felt the meaning was good, not because I put it there? Would I not have to let the letters do what they wanted to do and scramble around and fight without my interfering.
**LETTER...**

Improved advising system needed for better MSC

Everyone knows that MSC is the biggest state college in N.J. with a population around 15,000 students. Many people from off-campus are aware that the services at MSC must be good or there would be no way it could keep up with all these students, but that is not the case. Every fall there are about 2,000 new students, either freshman or transfer. When it comes to registration these students suffer more than everyone else in this college.

The reason behind this is counseling. If all these students were asked who helped them in selecting their courses and from where their answers would be surprising. Some of them will say it was fellow upperclassmen. Others would say that they selected the classes themselves. Only a few of them will say that they received some help from a counselor.

Most of the new students don’t know that counseling exists. The people who do know, either don’t know where it is (because of the construction that is taking place on campus making it impossible to find the Student Advising Center) or don’t want to go because they are afraid the counselor will “make them pay for it!” One can hear many horror stories around campus.

It is obvious that the counseling system at MSC is not very enthusiastic when it comes to helping students with critical academic decisions.

**LETTER...**

MSC students come before university status

Most colleges and universities boast about their beautiful landscaping and tranquil surroundings. Not here at MSC. Here we have huge piles of dirt, badly ripped-up walkways and ugly, orange fences. There is constantly some kind of construction going on. The sound of hammers and saws at work consistently pollutes the air along with thick clouds of dust.

Why are two four-story buildings being built? So MSC can become a university? What does the number of buildings on campus have to do with being classified as a university? Nothing, especially at MSC. Just because the college will have a few more buildings does not mean the curriculum will be enhanced nor will the number of classes increase.

In fact, the number of classes has decreased and we continue to do so as long as money is spent frivolously on construction that is not needed. For example: 10 sections of World Literature will be offered in the spring session as opposed to 16 sessions that were offered this fall—a decrease of 38 percent; 10 sections of Principles of Macroeconomics will be offered in the spring of 1993 as opposed to 18 this fall—a decrease of 44 percent; 25 sections of Freshman Composition will be offered in the spring semester as opposed to 55 sections that were offered this fall—a decrease of 55 percent. What is the sense in having new buildings if there are no classes to fill the extra space they will provide? It is ridiculous.

It seems to be the general belief that becoming a university will make MSC more prestigious. What it will do is raise tuition and that is about all. If university status does attract more people they will quickly realize that MSC is still a college in disguise. The only thing that will change is the word “college” on MSC sweatshirts.

The criteria needed to become a university had to be altered to fit what MSC has to offer. This, in turn, lessens the value of being a university. Would the requirements to obtain a degree be changed if a student could not reach them? Why is it different for the college? Perhaps the administration should worry more about the education the school offers rather than the name it holds. If becoming a university is necessary then more classes should be offered, a better registration process should be administered and better parking and living conditions should be provided.

There is no way MSC can be considered a university in its present state. Building a few new buildings will not take the place of a lack of classes and professors or fix the other problems that exist.

The administration needs to focus on what is most important before it merely considers a way for the college to become more popular and more expensive.

Environmentalist supports NORML

To say you don’t support the legalization of hemp based on your values is one thing, but to jokingly compare the legalization of crack cocaine to marijuana is ludicrous. The ignorance of such a response to a solution for the forests destruction is disheartening. As a concerned individual searching for solutions to preserve the 5 percent of original old growth left in this country, I welcome NORML’s suggestions.

I’d like to see this community revolve around a positive effort geared toward bettering our future.

Elias Triantafillou Freshman

Tim’s Thoughts from page 9

so that eventually the letters would understand that they could not put the poem together themselves. This is because there would always be some letters that wanted to take charge and make their own poem and would not care if some letters were left out and had no meaning, or if these dictator letters would erase any letter that did not fit in or want to be in their poem or did not like its meaning. Then some letters would realize that they could not see the whole scope of things that I, the poet, could better arrange the poem and any letters that did not want to be a part of it I could get rid of because the only meaning they could make would be evil, if my poem was love and peace.

These are just two of the many arguments I have come up with when my beliefs were challenged by myself or by some person. Mr. Barker does have a point in stating that many people do not challenge what they believe, but some things we just accept. How many of you have ever seen a baby pigeon? Haven’t I, have you? Yet we know that they exist or there would not be adult pigeons. I consider myself lucky, for I have always just believed that God was there. This does not mean that I have never wondered because I occasionally have and still do. But it’s hard to deny God when high up in the Rockies or in the hills of Vermont we can see leaves so bright in the Rockies or in the hills of Vermont we can see leaves so bright with color they glow at night.

Please test your beliefs, especially those that pertain to our government and economics system. Many Christian people pick something and do another, but please do not lump us together. Most Christians I know try to achieve love and peace and that is what it is about.
Hey, kids!
Here’s your opportunity to express your writing and artistic skills to poke fun at anyone you want.

Mark Alan Stamaty

There was great celebration among non-Christian Americans after a meeting of Republican governors.

Kick up your heels and have some champagne!

What’s all the excitement?

The governor of Mississippi is willing to tolerate our presence in this “Christian nation”.

Wow!! How generous!!

In the 1990s, we’ll all need more tolerance.

I’m hoping to develop a tolerance for the carcinogens in fish.

One of our healthiest foods. You could catch them for free, feed your family, save money.

Now each bite is a scene out of Hitchcock as our hand moves closer to our mouth. Is this the one with the poison? How many mouthfuls till we succumb?

The audience was glued to the dinner table. Every meal a death-defying thriller.

Could this new element of suspense be the key to reuniting the family at dinnertime?
Congratulations to Chantelle Buckalew and John Occhiogrosso, our "True Blue" recipients! Your dedication and spirit is admired by all the brothers! Keep up the great work!
Basketball's Orts adjusting to life in the United States
by Keith H. Idec

Red Hawk men's basketball player Jose Orts left native Spain for the United States in search of two things: quality academics and better basketball. The 23-year-old freshman guard says he has found both at MSC.

The 6'1" 170-pound Orts decided to give America a try after competing in tournaments here over the past two summers with his amateur team from Spain. While Orts is enjoying his stay thus far, his transition has been difficult. "I like it here, but the language barrier has been hard to adjust to. Between translating text books and communicating with the coaches, it's like doing double the amount of work," said Orts partially through a translator.

Orts, who is in his first year of college, spent eight years at a Professional Formation School in Spain, graduating last year. These schools are the equivalents to American high schools, but better prepare you for a career due to the length of time spent in them.

MSC matmen upset Division I Princeton, 19-14
Red Hawks move to 3-1 as they beat the Tigers for the first time in school history
by Nicole Festa

The MSC wrestling team went on a rampage last weekend defeating Division I Princeton University in a close road match on Sat., Nov. 28, at Jadwin Gym in Princeton.

The Red Hawks pulled out a 19-14 victory thanks to their hard effort, and superior teamwork. Head coach Steve Strellner, who felt his team had a good shot to beat Princeton going in, said, "It felt good to beat them. We have been wrestling them for three to four years now, and this was our first victory against them. I'm happy that we finally won."

Senior Jeff Eberhardt scored the biggest victory for MSC against the Tigers. The Red Hawks went into Eberhardt's 177-pound match against Brett Macklewicz with a narrow 12-11 lead.

"They were well matched, but Jeff pulled out a big victory that probably clinched the victory for us," said Strellner in reference to this important match-up. Eberhardt pulled out this "clash of the titans," 6-4. He opened up a 5-1 advantage early, after receiving three back points.

This gave Montclair a 15-11 overall advantage over Princeton, and created a path to victory. This low scoring overall match did not have even one pin.

The Red Hawks also received a big win from senior Jim Sloan in the 190-pound weight class. He outpointed David Walton, 15-4.

Also, senior Armando Nardone was superb, beating Chris Ackerman, 7-1 in a match that pit- ted two 134 pounders.

Other Red Hawk winners were Scott Castiglia (126 lbs.), Mike Flammer (142 lbs.), and Kurt Montayne (167 lbs.).

This victory was a sure stepping stone for the Red Hawks, who are considered a top Division III wrestling program.

The win improves MSC's record to an impressive 3-1.

The Red Hawks will hit the road this weekend, Dec. 4-5, to compete in the annual Coast Guard Tournament.

MSC Sports Schedule

Fri., Dec. 4:
Women's basketball (home) vs. Lincoln University, 7:30 p.m.
(Dial Classic's first round game)
Wrestling (away), Coast Guard Tournament, TBA

Sat., Dec. 5:
Women's basketball (Dial Classic); Consolation game-2 p.m.
Championship game-4 p.m.
Men's basketball (away) vs. Stockton State, 7:30 p.m.

Sun., Dec. 6:
Indoor track and field (away), CTC Relays, TBA

Mon., Dec. 7:
Men's basketball (away) vs. FDU, 7:30 p.m.

Wed., Dec. 9:
Women's basketball (away) vs. Trenton State, 6 p.m.
Men's basketball (away) vs. Trenton State, 8 p.m.
Swimming (away) vs. Kutztown University, 6 p.m.

Women's basketball drops pair, falls to 1-3
by Lisa McCormack

The MSC women's basketball team had a rough week, dropping two games to conference opponents.

The latest loss was to Rowan College on Sat., Nov. 28, at Panzer Gym. The Profs downed the Red Hawks 59-56, in what was a tight one all the way to the end.

The Red Hawks trailed 57-56 with 42 seconds left in the game, when Rowan's Marilyn Damastetter sank a six-foot baseline jumper to up the Profs' lead to three points, 59-56.

MSC then called a timeout with the hopes of some last second heroics. Red Hawk's senior guard Kim Barnes attempted a three pointer that rolled around the rim and fell to the floor as the final buzzer sounded.

The Red Hawks (1-3, 0-2 NJAC), who trailed 34-25 at halftime, were led by Barnes 20 points and six rebounds. Senior center Susan Shaffer came up big as well, scoring 11 points and grabbing a season-high 21 rebounds. Senior guard Jeannine Mullally also chimed in with 10 points and seven steals.

Prior to the Rowan loss, the Red Hawks were upended by Ramapo College 44-37, on Tue., Nov. 24, in Mahwah.

T.F.L. Picks: Week 14

George Callie, Managing Editor:

1. x-Buffalo -15 over N.Y. Jets. The Jets are the worst.
2. Washington -4 over x-N.Y. Giants. The Giants are right behind the Jets.
3. x-New England -1 over Indianapolis. This should pack the fans in.
4. x-Steve +14 over x-Pittsburgh. The Steelers are going to put together a winning streak.
5. Miami +8 over x-San Francisco. I love my Dolphins.

Rob Campos, Editor-In-Chief of The Anarchist Syndicate:

2. x-Washington -4 over N.Y. Giants. Kent who?
3. Dallas -4 over x-Denver. It doesn't matter if Elway plays or not.
4. x-Phoenix +4 over San Diego. It's time for the Chargers to lose.
5. x-Houston -4 over Chicago. The Bears really suck.

Keith H. Idec, Sports Editor:

1. N.Y. Jets +15 over x-Buffalo. The Bills were embarrassed last week by the Colts, and will probably bounce back with a win, but not by the spread.
2. Washington -4 over x-N.Y. Giants. The Skins will take advantage of the hurting Giants "D."
3. San Diego -4 over x-Phoenix. The Chargers are football's hottest team. Their defense and running game will be too much for the banged up Cardinals.
4. Dallas -4 over x-Denver. The Cowboys will shut down the Broncos offense, even with Elway.
5. Miami +8 over x-San Francisco. The Dolphins will wake up this week. Take the points.

Kevin Schwobel, Prophet Bigg:

1. x-New Orleans -10 over Atlanta. I love those helmets.
2. x-Buffalo -15 over N.Y. Jets. The Jets have too many injuries to hang with the Bills.
4. Seattle +14 over x-Pittsburgh. They beat the Broncos. Anything can happen.
5. Chicago +4 over x-Houston. I still say Ditka, Ditka, Ditka!

Bob Wintermute, Managing Editor of The Anarchist Syndicate:

1. x-Buffalo -15 over N.Y. Jets. Despite the sympathy for Byrd, the Jet will get blown out.
2. Washington -4 over x-N.Y. Giants. All the Giants can hope for is the end of the season.
3. x-New England -1 over Indianapolis. Call this one the "Toilet Bowl."
4. Dallas -4 over x-Denver. Elway's career could come to an ugly end here.
5. San Diego -4 over x-Phoenix. The Chargers will get that wild card berth.

Orts, from page 13

After completing his studies, Orts qualified to be a teacher in his native land. He then wanted to build upon the knowledge that he acquired. He's currently a physical education major at MSC and plans to use the degree he earns to better educate his people in Spain. However, he isn't ruling out staying in the United States after he graduates. "Right now I think I'll go back, but anything can happen," he said.

The Valencia, Spain native has been impressed with this country's academics thus far. "The two educational systems are totally different. The colleges and universities are more organized here. All of the libraries, residence halls and classrooms are at the same place," Orts said.

MSC's starting point guard has been impressed with American basketball as well. "The players here are more athletic and in top condition. The game is very physical here and the defense is much better and emphasized a lot more. I'm learning every day," he said.

MSC head coach Nick Del Tufo is one man who's extremely happy with Orts' decision to play at MSC. "Jose has done a good job for us. He's shown some good leadership qualities and he's got a lot of experience. He's also an excellent shooter," said the second-year head coach.

Over his first five games, Orts has averaged 2.2 ppg and nearly 30 minutes per game for the 2-3 Red Hawks.

Women's, from page 13

MSC trailed the Roadrunners 24-15 at halftime and could never catch up. Again the Red Hawks were led by Barnes who dropped in 11 points.

MSC has started the season off on the wrong foot, but will look to bounce back this weekend in the 1992 Dial Classic at Panzer Gymnasium. They'll take on Lincoln University in the second half of a double header on Fri., Dec. 4, at 7:30 p.m.

The four-team tournament is sponsored by the Dial Soap company and has been in existence for nearly 14 years. The first-ever Dial Classic was held at MSC in 1979. This year there will be Dial Classics at eleven colleges and universities (at levels from Division I-III) across the country throughout the month of December.

Women's basketball

Turn Back the Clock Night
MSC Red Hawks vs. Fairleigh Dickinson Knights
Monday, December 7, 1992
7:30 p.m.
Rothman Center (Teaneck, N.J.)

-This event is being presented to honor FDU's most successful men's basketball team ever (1952-53, 20-1).
-This game will be played as if it is the 1952-53 men's basketball season.

-Players will wear uniforms of that era.
-All coaches, athletic administrators, trainers, and cheerleaders will also wear 1950's garb.

-The game will also feature manual scoreboards, and a megaphone will be used by the public address announcer instead of a microphone.

Admission: 50 cents
Hot dogs and sodas: 25 cents apiece

“Why should I wait in line at the computer lab when I can own a Macintosh for $15 a month?”

Kevin Campbell
Aerospace Engineering Major

What allowed Kevin to own an Apple Macintosh PowerBook 145 computer for such a low monthly payment? The Apple Computer Loan! Kevin knew that owning the power and portability of a Macintosh PowerBook for his full course load and his work in the Civil Air Patrol was a smart thing to do. And the Apple Computer Loan was the smart way to do it: easy application, fast turnaround and low, flexible payment terms. So Kevin went to the only place that offers the Apple Computer Loan, his Apple Campus Reseller.

Macintosh. It's more than a present, it's a future.

1992-93 College basketball preview: Duke will win it again

This season will be an exciting one for college basketball. Many questions loom in the air.

Can Duke win its third straight national championship? Can the Fab Five make it back to the Final Four? Is this the year for Seton Hall to win the national championship? Can the Wildcats be dangerous if Chris Mills ever lives up to his billing? Ed Stokes, the last remaining member of the "Turson Skyline" provides a quality big man.  

1. Duke. The Blue Devils will three-peat this year. Grant Hill is one of the top five players in the country, and contrary to many who believe, Bobby Hurley will be a factor in the country, and contrary to many others, their coach is Bobby Knight. Calbert Cheaney can do it all. They have a good supporting cast in Alan Henderson, Chris Reynolds and Greg Graham. The Hoosiers are as good as anybody.

2. Indiana. You couldn't get more talent on one team. Individually, the Wolverines have a handful of pro prospects. Chris Webber, Jalen Rose, and Jimmy King will be especially tough to handle. The Fab Five is a year more experienced and mature, but they will not make the championship game again.

3. Kansas. The Jayhawks have one of the top backcourts in the nation with Adonis Jordan and Rex Walters. 6'7" transfer forward Darin Hancock could help lead Kansas to its second straight Final Four. Roy Williams is a great coach.

4. Michigan. You couldn't get more talent on one team. Individually, the Wolverines have a handful of pro prospects. Chris Webber, Jalen Rose, and Jimmy King will be especially tough to handle. The Fab Five is a year more experienced and mature, but they will not make the championship game again.

5. Seton Hall. This will have to be the Pirates year for now. After this season, they'll lose All-American Terry Dehere and Jerry Walker. They play great defense and are deep, which should give them a legitimate shot at glory. P.J. Carlesimo's teams usually peak in March.

6. Kentucky. Jamal Mashburn is as good as they come. Freshman Rodrick Rhodes, out of St. Anthony in Jersey City, will be a major contributor. The Wildcats lost three good seniors from last year's team, but Rick Pitino always works wonders. Just look what he's done with a program that was placed on probation four years ago.

Division I All-Stars

First Team:
- Forward: Jamal Mashburn-6'8"-Junior-Kentucky-Bronx, N.Y.
- Guard: Bobby Hurley-6'0"-Senior-Duke-Jersey City, N.J.
- Guard: Allan Houston-6'6"-Senior-Tennessee-Louisville, Ky.

Second Team:
- Forward: Rodney Rogers-6'8"-Junior-Wake Forest-Durham, N.C.
- Guard: Calbert Cheaney-6'6"-Senior-Indiana-Indianapolis, Ind.
- Guard: Anfernee Hardaway-6'7"-Junior-Memphis-St. Petersburg, Fla.
- Guard: Terry Dehere-6'4"-Senior-Senior Hall-Jersey City, N.J.

Third Team:
- Forward: Doug Edwards-6'9"-Senior-Florida State-Miami, Fla.
- Forward: Scott Burrell-6'7"-Senior-Connecticut-Hamden, Conn.
- Center: Eric Montross-7'0"-Junior-North Carolina-Indianapolis, Ind.
- Guard: Adrian Jordan-5'11"-Senior-Kansas-Reseda, Ca.
- Guard: Jalen Rose-6'8"-Sophomore-Michigan-Detroit, Mich.

7. Memphis State. Anfernee Hardaway is a special player. With the help of talented pivot man David Vaughn, the Tigers are Elite Eight material again this year.

8. North Carolina. George Lynch, Eric Montross and Brian Reese will make the Tar Heels a team to be reckoned with.

10. Arizona. The Wildcats could be dangerous if Chris Mills ever lives up to his billing. Ed Stokes, the last remaining member of the "Turson Skyline" provides a quality big man.

11. Iowa.
12. Oklahoma.
13. Iowa State.
14. Louisville.
15. Georgetown.
18. Syracuse.
19. Massachusetts.

NCAA's Elite 20

1. Duke. The Blue Devils will three-peat this year. Grant Hill is one of the top five players in the country, and contrary to many, their coach is Bobby Knight. Calbert Cheaney can do it all. They have a good supporting cast in Alan Henderson, Chris Reynolds and Greg Graham. The Hoosiers are as good as anybody.

2. Kansas. The Jayhawks have one of the top backcourts in the nation with Adonis Jordan and Rex Walters. 6'7" transfer forward Darin Hancock could help lead Kansas to its second straight Final Four. Roy Williams is a great coach.

3. Indiana. This team is very disciplined and patient, and with good reason. Their coach is Bobby Knight. Calbert Cheaney can do it all. They have a good supporting cast in Alan Henderson, Chris Reynolds and Greg Graham. The Hoosiers are as good as anybody.

4. Michigan. You couldn't get more talent on one team. Individually, the Wolverines have a handful of pro prospects. Chris Webber, Jalen Rose, and Jimmy King will be especially tough to handle. The Fab Five is a year more experienced and mature, but they will not make the championship game again.

5. Seton Hall. This will have to be the Pirates year for now. After this season, they'll lose All-American Terry Dehere and Jerry Walker. They play great defense and are deep, which should give them a legitimate shot at glory. P.J. Carlesimo's teams usually peak in March.

12. Oklahoma.
13. Iowa State.
14. Louisville.
15. Georgetown.
18. Syracuse.
19. Massachusetts.

Football's a dangerous sport. We all know that. Yet when something tragic happens to a good young man, you should be reminded of how this week-end that happened to a New York Jet. It makes you realize how unimportant sports can be in the big picture.

Dennis Byrd, my prayers are with you....I take it that you've all seen the Reebok basketball commercials that ask "Have you got the love?" After his recent antics, I'm beginning to think that Dennis Rodman doesn't belong in those commercials anymore.....The answer to the question at third is named Wade Boggs. Wouldn't it be great to see one of the best hitters of all-time close out his career in pinstripes? The Yankees could probably get Boggs relatively cheap, too, because of the subpar year he had in 1992. Also, he's got plenty of baseball in him. A lifetime .340 hitter doesn't turn up over a .720 hitter (92) overnight.....I plan to watch the Thanksgiving Day game against Dallas, I was wondering if the Giants were saving first-round supplemental picks. Dave Brown for a special occasion.....Marge Schott should no longer be in control of the Cincinnati Reds. The owners can't force her to sell the team, but they can take her away from the everyday operations of it. She's done nothing for baseball but cause headaches. Here's the list of reasons to get rid of her. She's a racist. She says she had a bindana with a swastika on it because of racism. Next she'll be telling us that the closet full of hooded white sheets in her closet are for houseguests who like to play "ghost." She's going as far as to let her precious dog Schottzie take dumps all over the field at Riverfront Stadium before games.

In the bleachers...
MSC swimmers fall to NYU, despite solid individual efforts

by Karen Plumstead

The MSC women's swimming team dropped its record to 3-2 with a 200-yard medley relay victory. The competition was once again dominated by MSC's star trio of Mariann Krivak, Michelle Opalka and Yadamente Yadon. Plus sophomore Rebecca Golden.

Krivak also placed first in the 200-yard breaststroke. Recently the Red Hawks have welcomed new diver Keri O'Mera...Head coach Brian McLaughlin plus sophomore Mary Bleignier could add the necessary points to achieve a victory for the women.

The women swimmers believe that the NYU match was a learning experience in competing as a unified team. They hope to turn this knowledge into victory in their next match.

Although they remained in the match for the majority of the match, the Red Hawks were unable to get the necessary points to achieve a win.

Upsala’s comeback edges MSC men’s basketball

by Michael Frasco

The MSC men's basketball team dropped its record to 2-3-2 after suffering a tough 75-72 decision to Ramapo at Panzer Gym in Upper Montclair.

The Red Hawks, led by 6'3" senior guard Dave Seeger, were able to overcome a poor shooting performance from the floor. Defensively, MSC held Ramapo to just 29 percent shooting, converting just five of 17 field goals in 54 attempts for a nearly 60 percent for the game.

Offensively, Lee Mullins led MSC with 23 points and junior center Keith Hines, contributing off a strong all-around effort (nine points) and Pete Ristevski, set in 1989 against Old Westbury (N.Y.)

Despite the overall effort, the Red Hawks received a quality performance from star forward Lee Mullins. The 6'3" senior dropped in a season high 26 points, grabbed nine rebounds and dished out six assists.

Junior center Keith Hines was also sold in the defeat, netting 10 points and pulling down 10 rebounds. The 6'5" Montclair native also set an MSC single game record by blocking seven shots. The previous mark of four was set by Emile Harris against Ramapo in 1990.

The Hot shooting combined with the solid defending made for an impressive victory.
Christopher Kilbourne spoke to students about events concerning the Glen Ridge trial.

Role of media in Glen Ridge rape trial

by Elsa Amaral

A reporter who has been covering the Glen Ridge rape trial of a mentally defective girl came in to speak to MSC students on Monday, Nov. 30, about the much publicized case.

Christopher Kilbourne, reporter for The (Bergen) Record, spoke to about 30 mostly journalism students about events that have unfolded during the duration of what has become the biggest trial in the Northeast, and how the media has covered this case.

The reasons why this particular case has had such an impact on the media, according to Kilbourne, are the numbers of boys involved in it, it involves a mentally retarded victim, it took place in the wealthy suburb of Glen Ridge and a bat and broomstick were used during the sexual act.

Kilbourne says the mentally defective woman, who is now 21, is expected to take the witness stand soon, for the first time.

Throughout the trial, the state heard testimonies from at least 15 witnesses, who include a psychologist, teachers, family members and friends of this woman, and through these witnesses many facts about her life have come out in the open, including intimate and embarrassing details in her life.

Prosecutors were able to win the right to use rape trauma syndrome for the first time in a New Jersey criminal trial. This syndrome seeks to explain why some rape victims may exhibit improper or sudden behavior. Superior
How do you feel about the College Senate's decision to recommend that alcohol should be reinstated on campus?

I think it's a bad idea. They had a lot of problems in the past with minors being served.

Tadd Naffucci
Sociology, Senior

I'm all for it. Alcohol is a good thing. You should be able to grab some pizza and have a beer with your friends.

Russ Sardella
English, Junior

I think it is a good idea. College students should not have to think about how to smuggle illegal alcohol into their rooms because they have no other means of obtaining the same on campus.

Emunwa Iwya-Aglie
Computer Science, Junior

Ninety percent of the population who polled wanted it, so I think it was only right that they set it. Now let's see if they can handle it.

Mark A. Williams
Consumer Affairs, Senior

Tickets are being sold all week for $2, or 3 or $5 at the Alpha Omega or Delta Chi tables. Please help make a child's Christmas a little brighter.
Alpha Omega will be participating in the AIDS Dance-A-Thon on Dec. 12.
Professional House is sponsoring a giving tree to benefit a shelter for battered women and children from Dec. 7-16. Please donate gifts in rm. 406 in the Student Center.
Greek Council hosts sexual harassment workshop

by Pete Quilla and Sean Carroll

Captain Andrew Mock and Captain Sharon Malone of the USMC gave a presentation on the definition and the dangers of sexual harassment to the Greek Council on Tues., Dec. 1. The presentation was excerpted from an eight hour workshop by Pete Quilla and Sean Carroll

The lecture began by defining exactly what sexual harassment is and to what extent of human behavior it covers. According to Captains Mock and Malone, sexual harassment, according to federal law, refers to any unwelcome sexual advances, any requests for sexual favors and any other verbal or physical conduct of a sexual nature.

Mock and Malone further defined this type of behavior by splitting harassment into three zones: Green, Yellow, and Red. Green zone behavior includes friendly conversation, appearance correction and generally insensitiveness behavior. Yellow zone behavior is categorized by personal space violation, unwanted date requests, lewd comments, suggestive posters and sexual gestures. Finally, Red zone behavior is obviously the worst, includes sexual assault, rape, fondling, blatant pornography, sexist or racist remarks and promising rewards or job advancements in return for sexual favors. These zones, according to Mock and Malone, may seem restrictive but they are necessary to keep the work environment efficient and professional.

All three behavior zones were illustrated by a recent video tape made by the U.S. Coast Guard that was shown at the Greek Council meeting. The examples in the video were clear cut and easily understandable to all. After the video was shown, Mock and Malone asked the audience if there were any questions. Only one member of the audience asked a question, which was why should anyone possibly be punished over what was perceived as a "normal" behavior.

Malone responded to the question by stating that in a professional setting, such as a military base or in any corporate environment, any slight uncertain gesture of affection from one person to another, especially when it is given by a senior official to a junior official, can be construed by gossip as harassment. Mock and Malone concluded the lecture by giving other important facts about sexual harassment.

The most important facts are that most harassment cases stem from a senior official offending a junior one. Overall, 90 percent of all harassment cases deal with the scenario of males directing themselves toward females. Four and a half percent is males directed towards males. Another four and a half percent is females directed toward females and only one percent of all sexual harassment is females directed towards males. Also, 75 percent of all women feel that they have been harassed some time in the past.

The most important facts that these statistics show is that sexual harassment is far from being a minor problem whether it takes place in the military or the civilian occupation. It has been known to cause profound losses in self-esteem and damaging stress-related illnesses. According to Mock and Malone, sexual harassment in the military degrades overall loyalty and morale and it impairs the accomplishment of any high priority mission.

In short, it can be easily summed up by stating that harassers have to understand that their intended victim is not interested and that anyone who is touched without desiring to be touched is sexual harassment. Period.

Reid: newest member of AKΨ

by Brian J. Platkowskl

The Iota Rho chapter of Alpha Kappa Psi, a national professional co-ed fraternity, formally inducted Montclair State President Irvin D. Reid as an honorary member on Mon. Nov.16. The ceremony was open to public attendance and was performed by chapter President Heather M. Abrams and Master of Rituals Kevin Dunn, and was assisted by Vice President Jill Killeen and Secretary Fred Pena.

A total of 45 people were present, including collegiate and alumni members of Alpha Kappa Psi, Chapter Advisor Dr. Allan J. Simonson, and other friends of the fraternity. The evening included the formal induction, a speech by President Reid, and a reception. President Reid's induction took place the day after Alpha Kappa Psi's induction of its nine new collegiate members, and the traditional "Blue Sapphire" celebration banquet.

According to Abrams, "Alpha Kappa Psi is very honored to have President Reid as an honorary brother." In the past the Iota Rho chapter has inducted other worthy professionals such as New Jersey Senators Frank Lautenberg and Bill Bradley. Alpha Kappa Psi congratulates President Reid as well as the nine new collegiate members.

Giving a second job interview

So you’ve spent big bucks on your interview outfit, had your hair conservatively styled, and practiced your handshake - yet your interviews are falling flat and yielding no positive responses. What are you doing wrong and what should you be doing to get follow-up interviews instead of rejection notices? In a word, “PREPARE.” No matter how terrific you look, if you are facing nothing but rejection, chances are that you have not prepared for the interview itself.

Important to your preparation is understanding that you are not the only person being interviewed. Recruiters who interview on college campuses, including Montclair State, generally see 10 to 12 students for initial interviews, selecting three or four of those students for a second interview. And keep in mind that Montclair State is not the only school where they recruit. Thorough preparation will help you convince the recruiter that you are one of the few who deserves a second interview.

What can you do to improve your chances of moving beyond the initial stage? Knowing yourself, the occupational area which you have chosen and the specific employer with which you are interviewing are essential for landing a second interview. Knowing yourself means that you have assessed your skills, interests and goals to determine whether a particular position and company would be appropriate for you. For example, if you possess excellent research, writing, and computer skills which you want to use on the job, make sure that the interviewer is aware of your skills and that you find out how the employer will utilize them. You should also bring samples of your writing to show the recruiter the range of your work.

Employers want to hire people with significant self-knowledge since they invest considerable time and money training new employees. Understandably, they expect their employees to stay with the company long enough to justify that initial expense. Thorough self-assessment prior to interviewing will save valuable time for you and the employer. Attending a Career Services skills assessment seminar is one helpful way to identify your strengths.

Familiarity with the career field and occupations within that field are also essential. If you’re interested in advertising, for example, make sure you know what a copywriter, an account executive trainee, or a media buyer does since their jobs vary greatly. Or if you’re seeking an entry level management position, research the industries in which you’re interested, such as insurance, retail, or banking, to learn about typical career paths in each field. Executives and everyone else who want to be prepared. For example, Bryant Grober, 21, Christopher Archer, 20, and fraternal twins Kevin and Kyle Scherzer, 21, former Boy Scouts and everyone else who want to be prepared. Finally, detailed knowledge of the specific lawyer is imperative. When the recruiter asks you why you want to work for his or her company, you must give compelling reasons based on your knowledge of the company’s products or services, its history, prospects for the future, and corporate reputation. Your response to this question is key to getting that second interview. Information is readily available in Sprague Library and most local libraries.

Feeling overwhelmed? Don’t despair! Help is available to all former Boy Scouts and everyone else who want to be prepared. Stop by Career Services to find out about all the resources we have to assist you with interviewing and during each stage of your job hunt.
Tatum O'Neil dumps Charles Dickens for Kermit the Frog

Welcome back to the entertaining column that everyone is talking about, PROPHET BIGG! As you all know there has been no column for a couple of weeks, and for that I am sorry. However, as you all are loyal readers I will attempt to explain. There was some editorial disputes over the installment which appeared in the November 12th issue. At that time I felt that I should take a break and reflect on those decisions which were made regarding the installment. The following week I was attempting to get ahead on work for my impending nose surgery, which was last week. Thus, no PROPHET BIGG for that week either. I hope that explains it for you. So, do to the overwhelming response, we are back. So now, on with the news.

Well you may have heard about the trouble in the house of John McEnroe and Tatum O'Neal. They have split reportedly due to the fact that O'Neal wishes to remain single. Does she think that breaking her marriage up is gonna make her life any better? She hasn't been around when the undercurrents were running strong. The big test of her marriage up is gonna be the new loss of Kermit. The little muppet voice has been replaced by John Hughs, who died tragically a couple of years ago. The big test of her marriage up is gonna be in January. Back up a tad. Film Careers? What film career? She hasn't done anything in years, to my knowledge. Does she think that breaking her marriage up is gonna launch her back into film? The two have contacted lawyers and are going ahead with this insanity. There's the question of McEnroe's $150 million dollar estimated worth. I gotta tell ya folks, this is a damn shame and I hope they come to their senses.

Due to the overwhelming success of A Christmas Carol, one man show starring Patrick Stewart (Star Trek: The Next Generation), he will be doing it again for three weeks. The dates are December 15th to January 3rd and will appear at the Broadway Theatre in Manhattan. Stewart does all 35 roles in a stunning performance. Watch for my review in January.

And speaking of A Christmas Carol, the Muppets will present their interpretation of the Charles Dickens classic in a new film to be released forthcoming. This film marks the first for the muppets with out creator Jim Henson, who died tragically a couple of years ago. The big test of her marriage up is gonna be that they are coming back! For me to have to tell ya. I got an advanced peek at these shows and they are hysterically funny. Don't miss this show. It will be in Student Center room 126 and the doors open at 7:15. Get there early to get a seat! Cast your night class, bring a date, do whatever you have to do to not miss this live performance!

A couple of final notes. Don't miss the Prophet on WMSC's Tonight We Murder with host Sean Carroll each and every Wednesday night from 11 p.m. till 1 p.m. And at last night I got to write the Prophet, care of the Montclairian in the Student Center Annex, with an essay on marriage. You may have on any aspect of entertainment or previous PROPHET BIGG installments. Finally, a couple of special PROPHET BIGG hellos to The Squid (That's what you get for dissin' me in the cafeteria!), Corrine here, I have a big winged intended. I guess all those nights of passion and bliss meant nothing to you.), Heather C. (I'll say hello to Patrick for you), the cast of An Evening of One Acts (Break a leg and don't jump the light cast!) and good night Ms. Calabash, where ever you are!

In this age of AIDS, television is reflecting more and more on real life. People are realizing that monogamy is the way to go. After all, if you're going to have multiple sex partners, you'd better make damn sure they're clean, otherwise, you're playing with Russian Roulette with your life. Besides, it's a good idea to teach monogamy. Kids watch a lot of television. When just about everyone these days is looking for their own soapbox to preach on, it's a political-activist correct to teach one-on-one to our little bimbos that "might have their mushy little minds warped by The Transformers." But I digress.

Monogamy is popular, too. Look at CBS' Hearts Afire. Markie Post and John Ritter are a married couple, and they don't have to put up with "Who will sleep with this week?" Helen Hunt and Paul Reiser are doing the married thing too on NBC's Mad About You. It's just about the new "it" thing, next to all the teen angst shows. Like Jacoby and Meyers commercial say, it's about time. The network writers are going for the substance and sizzle thing by saying "Married couples can be sexy, too." Gone into prime time limbo are the sexual undertone shows like Moonlighting and Remington Steele. No more is the plotline "Are they gonna do it?" You know, the nasty. The dirty deed. The horizontal lambada. Gettin' somma dat. Sex. Of course, the new shows still have sex, but what's new is that the characters that are sleeping together are husband and wife, not man and concubine, or woman and love toy.

Man, what a novel idea.

Probably the only new show that hasn't had its two most socking characters spring into the sack is Joel and Maggie on Northern Exposure. This is similar to the Moonlighting David and Maddie. "When will they get on with it already?" plot, but the higher ups on the show said that it could get old quick. It's much better if they keep the tension going. But, at least in the meantime, Joel and Maggie aren't doing anything. Dave and Maddie were still sleeping around when the undergrads were away.

Married is sexy. Married is in. Married is fashionable. UST, or Unresolved Sexual Tension, is out. That is, of course, on Married... With Children. Peggy will still sleep around a little, while her humble hobo sells shoes and fantasizes about his female customers whilst he fondles their feet.

We interrupt the LIFE section to bring you the following boring announcement...

The Prez presents an evening of short plays. Compiled by George Osbwald...
Girls are icky. Boys have cooties. We're all screwed.

I had just gotten a cup of coffee, light and sweet. She walked in as if gliding on air. It was fascinating, really. It was as if she found a five dollar bill, or finally figured out all the lyrics to a Nirvana song. She wasn't stoned or anything, just sort of blissfully unaware...

"Hey, sweet," I said, "what's your gig?"

"Oh Jesus App," she gushed, "I just met the most beautiful creature on the face of the planet! Tall blond, built... and , and those TEETH!"

"App, you are so clueless. I'm talking about the fact that this God-like creature I've been drooling over has a girlfriend!!"

"Oh."

"I swear to God I'm becoming an un. This whole boy girl thing is not worth it."

"You could always try the girl girl thing you know, " I injected.

"There are simply no available men within a 30 mile radius. " I, I...

"Tell me, what exactly is it that men want from us? My mother told me when I was little that a good baked ziti could bring a man to his knees..."

"Only if its laced with bathtub acid."

"OK. Dig me here, dig me now, dig me all around the world. The way to bridge the gender gap once and for all is to let us get a hold of that secret woman's handbook."

"What the hell are you talking about?"

"'Cmon, we know it exists. It contains all your top secret info. You know, eye movements, hand gestures. Examples of classified bathroom conversations..."

"Appetite, you are a 25 watt lightbulb."

"Perhaps. But sometimes I think women hail from some distant moon of Jupiter. I mean, you don't make any sense..."

"That's it, I'm leaving. Call me later if you need a ride to work. Oh and just for your information, I can see clearly now why you don't have a girlfriend."

"Ditto," I muttered. My coffee had gone cold and crusty and I used it as an ashtray. I peered across the cafeteria at this lovely dark haired creature and wondered if she had a boyfriend.

ANSWERS TO THIS WEEK'S PUZZLE

©Edward Julius  Collegiate CW8811
Dear Santa,
Last year I asked for a long-sleeved Thomas nome shirt. This year I want a long-sleeved Thomas nome shirt with a long-sleeved Thomas nome shirt.

Instead, I am stuck with a shirt, crumpled up and thrown away.

Let's get with the program, Santa!

Just because he gives you your gift, doesn't mean you can get away with an incompetent organization.

Wake up, get up, shut up, listen up, throw up, mix up, go up, worry up, tons your say? looking up.

I wish I knew if Santa was brushing me any underwear.

I'm guessing cheap cut levee, lower environmental standards, and the Bevilles in their shiny new sequence of events (you want to set for us noncorrosive kids?)

My plan is to put him on the defensive before he considers how good I've been.

Another wonderful, wonderful snow day!!

Think I'll have bacon and eggs this morning?
Shame, bacon, eggs, and animal rights.

A little coffee, then.
Salmon in brain, death sounds.

One, stop the fences.
Paper, demolition, one murder.

I'll listen to my boss.

Circus, collapse, own for a drive.

I'll find a girl and get married!

Sex rolls.

That's it! I shall now spare the universe further burden by lying peacefully among the daffodils until I croak!
To the New Brothers of ARO-

To the cute guy who sat behind me in Anthro all semester - I wish I could've gotten to know you better! Had I known Monday was our last class, I may have tried a little harder. I'm gonna miss walking through the maze from Freeman to Blanton, with you.

The last five personals are from:

App.

Joseph - I'm still interested! Love

There are no leftovers in the house of Toast.

Winter Ball '92 - "Midnight Magic" Don't miss it!!!

All (SDT) - hope you feel better by Friday so you'll be able to push me onto the dance floor (face down).

Love, Jenn

Rook - great performance on Friday! Your debut was definitely a hit-

your "little" sisters.

Yam - are we gonna do the Rocky Horror thing? I don't wanna be a virgin forever! Sorry I didn't even say goodbye Mon. I was a bit preoccupied, stop by the office sometime, we'll do lunch.

Procrastination is the key to life.

To my Big Jen - so many men, no little time. I think I'm about to lose my mind. My

Love, Jentt

Love, Jentt
Cindy- Let’s keep this friendship going forever. It should have started sooner, right? Love ya, Josephine

AKPsi- Let’s forget some of Boston but remember Charlette’s phrases, “I love you guys” goes for me too. Josephine

AKPsi- lota Pho is THE BEST! Cappuccino

Cindy- Let’s keep this friendship going forever. It should have started sooner, right? Love ya, Josephine

Mimi- I’m sorry for everything, let’s forget it ALL. Josephine

Hey, Chlorine, opps. I mean Colleen. When are we and you (and those buffed calves of yours) going swimming again?

Attention Kessler Elf (Midnight Caller) - Mikey seeks you out. Leave an extension and Mikey will call!!

Sally and Barbie- I love you guys! We’ll keep sweatin’ together! Love, The Third Ameeoba

Gama Tau (Sigma) - DILIGAF, STFU, THS, I am hard of hearing. Thanks for a lot of fun. Luc, Ang

Toast- We’d be lost without each other! Love, Your Mom 2

Dianna- We share a brain- of course I got the better half, JYB, Love, Your “Twin” Sister

Hey Yan, What time is it? Check your little black box by the way. Happy Birthday! Love, Lee Lee, Lu Lu and Jilly

To John- Just a message from me to you, letting you know that we have a great time. Love, Diane

Congrats to the new E. Board of Sigma Delta Tau.

Tara (Theta)- Please don’t leave me. What if I don’t do my dynamic duo partner? I’m really going to miss you. Love, Diane

Nicole- “Klepto bitch,” Minnesota had a great sale on lust brushes. Let’s go out. Love, Laura

Stinky (GST)- I love you, you’re the best. Love, Your Big, I.C.

Michelle- We have the best “T” on the East Coast

To Cheryl (O-Pie-8): You are the best! Thanks for everything! I love you, Gina

ZBT- Get ready for the Mixer on Thursday. I want a rematch for you, cheater! Love, Murmur

Burn Pot: Not OL

Just Say Know, Just Say Now

Follow us to Penn State

ZBT- Get psyched for Thursday. We are going to have a huge party. Love, The Thetas

To the Brothers of ZBT- Please give Tulip a masculine nickname. Thanks for all you do. Love, #68

“I Grew Hemp” George Washington

Bubbles - missed our usual latenight chat...and making up the weather!

MSC Cheerleaders are the hottest.

Nautilia (Theat)- You are so sexy in those boots- I can’t stand it anymore! Oh baby, where’s the F.M. booth? I can’t wait to see those!!

Tom, Jeff and Jim (ZBT)- When are we going to have a rap session again? I’m not fully satisfied with the result! Love, Diane

I love you, Laurie Ivan (Theta)! You are the love of my life always. Are you happy now? Guess who.

Jim (ZBT)- Get psyched for the Christmas Party. We are going to have a great time. Love, Diane

Let’s be blunt...Chuck, the Raider- sucker -#212

HAZELI clean my room(5A20)

ZBT- Thanks for the Game -TKE

Don’t worry, honey, I’ll make it through this time just like I did last year, hopefully with the help of my friends.

I love you, Cecilia

Brady- Total turn of tables from last semi

Love, your roomie

XI Pledge class: Remember you have nothing to lose, but everything to gain. Hang in there.

Love, #75 and #76

I don’t know if I can fill any more space

Appetite.

Are you happy now? Guess who?

Love, Diane

To the cute customer in the C- store, what’s your name anyway? From your “Mafia Princess”

It’s just that, well, it seems peculiar that you guys aren’t telling each other how much you love/hate each other. Dig? -Appetite

To Lee’s roommate, thank for being such a great listener. Love, “The Roamer”

To my Bigs: Leigh, Jim, Mimi, Charlette & Dan thanks for everything. Love, Darlene

Honey, I’ll be wishing you back home for Christmas. Be careful out there and remember I’ll be waiting for you always. I love you. -C.R.

I wonder why Dean Martin never gets any personal messages...

To Michelle, Dave, Martin & Sharon (AKPsi) - You are the best, big or little any could ask for. Thank you for your support in the past weeks. It meant a lot.

Your little, Vaine

Gaita- let’s hang in the cantina.

You’re awesome.

#62

Dude, the Raiders are one player away from dominance...NOT!

To Dean Martin... I don’t know who you are, but I offer you this personal just to spite Appetite.

Helene - you are the absolute best.

Love, your very grateful roommates

Frenchy- Nothing compares to you. I miss you.

Love, M.E.

Ted, I wish you didn’t have to leave, but I understand it’s something that has to be done. Just come back home soon and safely.

Your ever loving girl, Ceci

Don’t forget to get your Christmas personals in this Monday!

-Santa
