Tuition increase expected for '93/'94  

by Laurie-Elaine Matlclan

Students can expect a possible 5% increase in tuition and a dramatic loss of services for the 1993/1994 school year unless they actively participate in a lobbying effort designed to fight it.

The SGA has prepared thousands of letters waiting to be signed by students. After the letters have been signed, they will then be sent to New Jersey Assembliesmen and Senators urging them to vote for higher education and for full college budgets.

If these legislators vote in June in favor of higher education, there will be little or no increase. A second and third set of letters will be sent in April and June to serve as a reminder of how serious students are about fighting this increase.

"These letters not only say we’re students interested in this issue, but also that we’re voters and if you don’t vote for us, we won’t vote for you," said SGA President, Gouri Sadhwani.

"We are looking at a tuition increase if students don’t take an active role against it. It depends on how heavily students are willing to lobby their legislators and how heavily they lobby the administration on this campus, letting them know what they will not tolerate," said Sadhwani.

"It is absolutely possible that students can fight this tuition increase. I encourage anyone who can to stop by the SGA office and sign a letter."

"You should also get your parents and any other voter to write a letter to their legislators and do anything else you can to campaign against the increase," said Dean of Students, Dr. Edward Martin.

SGA presidents from six New Jersey state colleges have formed a coalition called “Coalition for Higher Education” to fight the cutbacks in education budgets. MScrheads this coalition and Kear, William Patterson, Rowan, Stockton State and Trenton State comprise the remainder.

All six colleges will participate in a lobbying campaign in the statehouse to campaign for the college to get a full budget, then we expect the college administration to put students’ needs first and foremost because the students fought for the money in the first place," said Sadhwani.

Students already consider current tuition costs enough of a burden. "I can’t afford tuition now. I don’t think we’re given enough in return for the money we pay now," said Junior Kristina Sarracco.

"We are in no way backing an increase. However if students lobby for the college to get a full budget, then we expect the college administration to put students’ needs first and foremost because the students fought for the money in the first place," said Sadhwani.

President Reid re-opens Ratt

by A. J. Pags

A luau celebration was held on February 5 to congratulat Dr. Alica P. Savage, 65, on her retirement after nearly 15 years as director of the Second Careers program.

Savage, who retired January 31, was honored at the luau by members of the administration, faculty, and students associated with the Second Careers program. Savage is the program’s second director and has provided several program innovations such as the mini-seminar “Is College for Me?” (offered twice a semester) which helps older students with their decision to return to school, and the 15 session Study Skills and CLEP workshops designed to help older students prepare for the CLEP general examinations.

So what do you want to be when you grow up?” is Savage’s favorite question to ask of her students. A second career student herself, Savage answered that question after leaving her native home of Aiea, Oahu, Hawaii at age 22, and returned to school at age 43. After devoting 21 years to her family as a housewife, and mother, while working full time at Hunter College, she attained her Bachelor’s degree. Shortly after, Savage was appointed director of the non-credit adult program there. Under her direction, the program grew to accept enrollment from year graduates, with renewed enthusiasm, and usually at their own expense, so they do well” Savage says.

"I’ve had a very satisfying career working with adult students. I have touched many lives, and they mine," Savage said. While she remained modest, her students praised her and thanked her for the assistance she provided.

Director of Second Careers Program retires

"We are in no way backing an increase. However if students lobby for the college to get a full budget, then we expect the college administration to put students’ needs first and foremost because the students fought for the money in the first place," said Sadhwani.

Students already consider current tuition costs enough of a burden. "I can’t afford tuition now. I don’t think we’re given enough in return for the money we pay now," said Junior Kristina Sarracco.

"We are in no way backing an increase. However if students lobby for the college to get a full budget, then we expect the college administration to put students’ needs first and foremost because the students fought for the money in the first place," said Sadhwani.

Tuition increase expected for ‘93/’94

One hundred and thirty two people died when an Iranian airforce jet collided with an airliner over Tehran. The jet was flying in commemoration for Ayatollah Khomenei.

Some U.S. force movements have been made and a withdrawal from Somalia may be near. Food has been planted in some areas but the crisis is far from over.

An earthquake hit Jamaica late last month. Damage was light on the island nation. German police made raids on several Neo-Nazi groups and record companies around the country. Arrests and confiscations were made.

Saddam Hussein’s Iraq was bombed over the break. Missile launchers in the no fly zone and other areas were the cause of the incursions. Israel dispelled several hundred Palestinians to the no man’s land between itself and Lebanon. The issue is on-going.

A possible correlation between brain tumors and car phones was cited recently.

Record cold of up to -60 degrees shivered Alaska early this month. Temperatures in Fair Banks have moderated to around 0 degrees during the day.

A gunman in Los Angeles shot three doctors and held 2 people hostage for several hours. Witnesses say they heard him screaming something about pain medication.

G.M. corporations sued N.B.C. for allegedly rigging car crashes with it’s truck on their show “Dateline NBC.” The network admitted it used incendiary devices and did not disclose this when the show aired. G.M. lost a suit for 105 million dollars to the family of one of 300 people killed since the cars been on the market.

President Clinton announced that he wanted to increase the weight and position of several environmental jobs in his administration.

Temperatures last weekend, especially Sunday morning dropped to the lowest level this season. Records fell in some area locations. Windchills dropped to around -40 degrees.

A rookie Newark policeman started to cry recounting the bloody aftermath of he and fellow officers firing 40 shots into a mini-van that was stolen. Two kids were killed and four wounded.

A woman who said she could not bother to sort garbage was the reason why she dumped trash on back roads in Byran Township. The 18 year old is being charged with illegal dumping and littering.

A potential jail may be planted in Morristown or Parsippany. Political ramifications make it seem unclear where the site will be exactly. Neither proposal is welcomed in it’s respective site. Parsippany Mayor Frank Priore vowed to oppose it. N.I.M.B.Y.

BOOTH, from page 1

Vice President.

Construction of the booth cost $10,000 and was in development for two years, according to Desiderioscioli.

The booth will be staffed by students in the Admission Ambassadors Program, under the direction of Jimmy Luciano, Assistant Director of Admissions.

The Ambassadors were chosen because of their knowledge of the institution and their effectiveness when interacting with the public, said Dr. Jesse Rosenblum, Institutional Advancement Vice President.

Information Booth is not directly connected to the Admissions Office and will most likely not have any affect on enrollment or admission to the college, said Luciano.

“It is a very positive experience for me to be able to help fellow students regarding any questions or concerns they have. I was very surprised at the number of people that actually need information,” said Sarah Pingitore, Admissions Ambassador.

“Everyone who has seen or used it says it is fantastic and very much needed,” said Rosenblum.

Luciano summed up the words of those in the college who have had access to the booth, “It is a project whose time has come.”

The booth is open Mon. through Wed. 8:30am to 5:00pm, Thurs. 8:30am to 7:00pm, Fri. 8:30am to 4:30pm and Sat. 9:00am to 12:00pm.

SAVAGE, from page 1

Several letters of thanks were sent to Savage by her students when they learned of her retirement. Dorothy Callaghan, a student of Savage’s is organizing the letters into two albums for her. One letter by Rita Ander said “Due to your encouragement and understanding I have achieved my goals. Thank you! Thank you! Thank you!”

“She is so beloved by her students,” Callaghan said. “She’s a big loss.”

Campus Police Report
compiled by Kelly J. Schab

Motor Vehicle Theft
2/3/93 Two cars were stolen, one between 1:00 and 2pm, and the other between 6:00 and 10pm. Both were students' cars that had been sitting in the lot. One victim saw two males driving around the lot in a silver van and described one for a composite sketch. It is unknown at this time if the two males and the thefts are connected. One vehicle was recovered in Bloomfield on the 5th.

Criminal Mischief
2/5/93 An executive security officer at Clove Road observed four males looking into cars in lot 28. One had attempted to break into a car but was thwarted by the car's alarm. The four males then headed out onto Route 46 in a cream colored vehicle.

Dispute
2/5/93 It was reported that a dispute between a female employee and her boyfriend started in Bohn and wound up in Carlisle Road. The argument was over custody of their child.

Stolen Property from Motor Vehicle
2/6/93 A Pioneer stereo, speakers, and baseball equipment were stolen from a Blanton resident's car parked overnight in lot 24.

Evacuation
2/6/93 A dance at the Student Center attended by 400 people was evacuated due to an emptied canister of airborne chemicals. One person was medically treated and an ambulance did respond.

Fire Alarm
2/6/93 A pull station was activated in Stone Hall at 11:47pm on the second floor.

Investigation
2/6/93 The theft of equipment from WMSC in March of 1991 is under investigation. Campus police went to interview Bill Tuijancik after he signed off the air. He was taken into custody and arrested with conspiracy, possession of stolen property and possession of stolen radio equipment from a Hackettstown radio station. He was arraigned 2/8/93 in Clifton Municipal Court. The investigation is still ongoing and more arrests are expected.

The SGA announced that they have sent a letter to Dr. Reid concerning the tuition at MSC. If four major areas were covered in the letter: tuition stabilization, campus safety and security, academic services and student support services. The SGA is expecting a response by next week.

The legislators are making a lobbying effort to encourage the New Jersey Legislature to support higher education funding and to ease the financial burden of the students. The SGA is asking for the full state budget of $3.5 million be allotted to the college. They are also asking that the tuition increase be no more than 5%. New legislators were sworn in and more will be sworn in next week.

It was suggested that the newly opened Ratt should change their sterile atmosphere to a more bar-like setting now that alcohol will be served in March. It was finally concluded that the Ratt is a versatile room which has an audio system that is good for programming events. Also, the lights can be dimmed for a more Ratt-like atmosphere.

Phi Beta Sigma will be having a step show for fifteen East Orange High School students. This event will be their substitute for the carnival.

In Open Forum the Multi-cultural Committee stated that they wish to have a multi-cultural fair during Spring Week. The objective is to promote racial harmony.

Salsa and Merengue Workshops
Feb. 11 Laso office in Student Center Rm. 100
2:00 - 4:00pm
Feb. 12 Student Center Rm. 417
2:00 - 4:00pm

L.A.S.O. is a Class One Organization of the S.G.A.
Great Events continues its season of cultural programming with yet another spectacular premiere! The spring season blossoms with the talents, vivacity and esprit of the American Repertory Ballet.

On February 13 at 8 p.m. in Memorial Auditorium, the company will debut a new work titled *The Kitchen Table*. Choreographed by Bill Cratty, this domestic satire provides a revealing look at family values and generational differences. What makes this piece so exciting is the diverse and unique blend of two music sources. These sources feature drum music by Warren "Baby" Dodds and the music of Mexican Marimba bands! Other works include *D-Construction*, a lively, athletic dance by Septime Webre, the ever popular *Stars and Stripes Pas de Deux* by George Balanchine and *Variable Winds*, a naturalistic, free flowing work choreographed for twelve dancers by Majorie Massman.

Formerly known as the Princeton Ballet Company, the American Repertory ballet may have changed its name, but not its focus. The company, now a nationally acclaimed and flourishing dance organization, still performs aesthetically strong works by American based choreographers. The dancers are equally as prolific as the repertoire. They are flowing with evocative movements and a magnificent store of energy!

Spend an eventful evening of entertainment with a company that celebrates American dance at its best. Tickets are $10 for students, $17 for senior citizens, and $20 for general admission. For more information on this show or other performances, contact the box office at 893-5112.
All around campus...

What do you think of all the Amy Fisher publicity?

I think there are many issues that are far more significant for the media to focus on. It's just gossip that's gone too far. Drop it already and move on.

Deena Cavallo
Fine Arts, Senior

People should not profit from the crimes they commit, as Amy Fisher is. But the publicity can not be stopped because people love dirt. It is unfortunate that this event takes a lot of media time which can be used for more productive and meaningful news.

Jack Tinori
Political Science, Senior

She should be forgotten about and left to rot like the trash she is!!

Linda Marie Furia
Retail Buying, Senior

I feel this is a bad example for today's society. I guess crime does pay.

Pete Stevens
Broadcasting, Sophomore

Social

2/11 Delta Xi Delta and Zeta Beta Tau rush mixer.

2/11 Alpha Omega is sponsoring the Yakety Yak cafe in Clinton.

2/11 Sigma Delta Phi and Delta Chi rush mixer.

2/11 Spend "Ladies Night" with the sisters of AIX meet at 9 a.m. in the Student Center info desk.

2/11 Theta Kappa Chi and Delta Kappa Psi rush mixer. Anyone interested meet at the Student Center's revolving doors at 9 a.m.

2/11 AKA party in Rutgers Newark at 9 p.m.-until.

2/12 ZBT party (see flyers).

2/12 TKE and Alpha Omega rush mixer.

2/12 Party with the sisters at AIX meet at 9 a.m. in the Student Center lobby for rides.

2/13 Theta Xi and Alpha Omega rush mixer.

2/13 Lambda Theta Phi in co-sponsorship with L.A.S.O will be having a party here at Montclair State College. All those welcome.

2/16 Tau Kappa Epsilon and Sigma Delta Sigma Delta Phi rush mixer at the Sigma House.

2/16 Alpha Iota Chi formal rush in the Student Center.

2/17 Tau Kappa Epsilon is sponsoring an indoor paintball rush for $15, a head.

Fundraising

Delta Xi Delta will be having a bake sale in Mallory Hall from 9-3 a.m. on 2/15.

Delta Xi Delta is still selling coupon books for only $5. Great savings for all of the local businesses. See any sister.

ZBT- Valentine Condom Grams at the ZBT table.

TKE is sponsoring a pizza raffle. Win 10 free pizzas with delivery. Buy a ticket.

Lambda Theta Alpha will be having a bake sale on Feb. 17 from 4-7 p.m. in Blanton Hall.

Alpha Iota Chi will be sponsoring "Rent a Sister" at the AIX table.

AIX is holding a bagel sale every Tuesday in Partridge Hall.

Phi Sigma Sigma is selling corsages and boutonnieres for cotillion. Order now. See any sister at the Phi Sig table.

AXP is having a Valentine's Day sale selling balloons, bears etc. Free delivery to places on campus.

Theta Xi is selling "Insult-o-Grams" for Valentine's Day. See a brother to order one.

Zeta Phi Beta is having a Valentine's Day dinner raffle. Prize is a $50 gift certificate to Red Lobster. Drawing will be held on Thursday, Feb. 11 in the Blanton Hall lobby.

Delta Kappa Psi is sponsoring the first annual "Deepest Dude" competition on Feb. 17 in ballrooms A, B and C from 8 p.m.-11 p.m. Tickets are $3. Funds raised will go to children with cystic fibrosis.

Phi Sigma Sigma planted a tree in Israel in memory of Michelle Stacy Friedman. This week marks the 2nd year anniversary of the death of Phi Sig's sister Michelle. The sisters hung up white ribbons all over campus in her memory.

Zeta Phi Beta will sponsor African-American views on family values in honor of African-American Heritage Month on Monday Feb. 22.

Alpha Kappa Alpha, Gamma Zeta chapter is sponsoring a Valentine's Day Book Drive this week. If you have any children's books contact us.
**Love and previously chewed pizza in the Ratt. Rapture!**

Dig, dig, dig me here now. You've been back at school for all of nine days and it's already terribly apparent that the entire semester is blown. You've missed every class since the second day, (including that class with the fascist who actually takes attendance) haven't bought a book because you know you won't crack the binding, got your car totaled on that large patch of dirt in front of College Hall because you seriously didn't think the guy in the earthmover with all the tatoos and the guns, MONSTER TRUCKS AND JESUS T-shirt would actually carry out his threat to "run over this piece of llama dung if ya' don't mooove it!" And as a result of all the illegal toms you voluntarily filtered into your body over the break, the chances of staying awake in your 8:00 History of Peanut Agriculture class are as slim as you being able to wear clean socks just once to Yoga.

But fear not follow umbilicus! For all intents and purposes, the semester has just begun and we're wedged in the hiptest part of Feb­ruary. The Ratt is open for Hog Day and Valentine's Day are supposedly filled with enough un­derwear soiling excitement that it will propel us straight through this fantastically mundane part of the modern Roman/Egyptian calendar and into Hsy Fever and final exams, but we're getting ahead of ourselves here. Stay tuned, please.

The ever delayed and now infamous opening of the newly refurbished Ratt happened on Monday which caused extensive jubilation and rapture across the tri­state area. There were scattered reports of a pagan cele­bration that happened in the Quad in honor of the big day, but it seems somebody's loincloth was abstrusely removed by the gusty winds that hampered both the bonfire and the scheduled sacrifice of a sau­ sage and pepper sandwich at mid­day. So between some guy run­ning around screaming about his ding dong freezing off and the distinct smell of kerosene that permeated the area, the event was generally overlooked.

The real excitement was in­side, however, and once the once­dank and inviting Ratt was mysteriously transformed into a Burger King during somebody's 4th Grade Birthday party. A lot of people were not certain whether or not the Ratt's Southern­most of presents for a grab bag, and many patrons turned around immediately when the ominous sight of the rainbow­covered eyes of the man who was wearing those paper crowns with the little pictures of shiny jewels on them. Those who weathere the storm, however, were treated to an intoxicating display of firm hand­shakes, gleaming smiles and a lot of back patting over the seemingly sterile environment that had sprouted forth. But beneath the

The Mr. Clean atmosphere, you still had the suspicion that, at any moment, Blinkly the Chimp and his magical musical accordian was about to appear from a collapsable wall to spread merriment and cotton candy to all in attendance.

One of the advantages of the Ratt reopening so close to Valentine's Day is that there is no longer any doubt as to where to bring that special someone for a romantic dinner for two. Even if you lack a significant other with whom you can share bodily fluids with, the lure of the Ratt will surely turn any hopelessly unromantic human­oid into a seething powder mog of saliva and lust.

"Hello, um, pardon me for disturbing you but, well, I've seen you here in the cafeteria all alone and I was just wondering..."

"What?"

"Well, if you're not doing anything tonight, I was wondering if you'd like to join me for din­ner..."

"I don't think so. I was planning on removing a growth from my heel this evening. You know how urgent these things can be."

"Tell me about it. You should have seen this festering thing on my... Um, never mind. Listen, perhaps if you're not busy we could do it tomorrow. I know this great little place..."

"I'm busy all week. Actu­ally, I'm busy for the rest of the decade. They say it will be years before my pockyosis is completely treated. Besides that, I don't think my father Joey "the Knife" Bagadonna will let me stay out past 8. Nice talking to you."

"Oh. Well listen, if you're ever in the Ratt, look me up. I'll be sitting in the third velvet booth to the left. My skin pigment kind've blends in with the mauve, so you have the really look..."

"I'm sorry, did you say the Ratt?"

"Why yes."

"Oh darling! Oh Snookums! You're so suave! Take me away! I'm yours!"

You and your valentine snuggle tightly under a fluorescent blaze, exhanging previously chewed pepperoni and lavishing each other with praise over each other's taste in dining. It is going to be a wonderful semester.

---

**Annie Stage Sequel Written By Stephen King?**

*The Crew from Paramount will star Brandon Lee in the title role, which was developed from the comic book of the same name.*

*Inspector Gadget is a live action film being co-produced by DIC and Ivan Reitman. *Jason Goes To Hell: The Final Friday*, from New Line Cinema, will bring the Friday the 13th film series to a close, at least that is what Kane Hodder, the actor who is reprising his role as the seemingly indestructible Jason Vorhees, told me recently. He would not confirm or deny the guest appearance of A Nightmare on Elm Street's Freddy in the new film. The end of the Friday the 13th films? Sure.*

*Annie has been of the Broadway stage for nine or ten years. But now the long awaited sequel, Annie Warbucks, is ready to hit the Broadway stage on March 18th at the Neil Simon Theatre after a successful road trip outside New York. A second film is also in the works with Star Trek: The Next Generation’s Patrick Stewart to portray "Daddy" Warbucks.*

*On the tails of the Amy Fisher triple cast, the networks feel they must bother us with more of these "altered for TV" true life stories from the headlines crap. The latest victim is a Mike Tyson T.V. movie this Friday on NBC. Also in the near future is the Katie Beem story. Is there no end?! Is nothing sacred?!

Someone told me the other day that my headlines were "not entirely true". To this I replied in the most Accordingly positive. Several PROPHET BIGG columns have contained headlines that were conglomerated in nature. Now, for those of you who don't get it, here is how I made this weeks headline.

"Dig, I'm here! I'm your friend, I know how urgent these things can be."

 одно время на двух парах и имел неплохой изнаночный вид. В этот день включены были John Ritter, Harry Anderson, Tim Curry и другие. Для тех из вас, кто не видел этого фильма, оно бесконечно вызывает интерес, как бы мело передко оно могло быть предсказано. В любом случае, вы можете посетить этот закрытый вечер в этом месте, которое расположено на 4-м этаже и в котором есть связь с остальным миром.

"In our "All you thought you knew about what Stephen King is doing" section, Stephen King, the author, has drawn fire of late with the controversial portrayal of the character "Geraldo" in the novel *Untamed Heart*. The public response has been mixed, with some fans flocking to the theater to support the author and others expressing disappointment with the portrayal. King, who is known for his vivid and often controversial depictions of the American psyche, has faced criticism for his portrayal of "Geraldo" as being too similar to the television personality of the same name.

"I'm sorry, did you say the Ratt?"

"Why yes."

"Oh darling! Oh Snookums! You're so suave! Take me away! I'm yours!"

You and your valentine snuggle tightly under a fluorescent blaze, exhanging previously chewed pepperoni and lavishing each other with praise over each other's taste in dining. It is going to be a wonderful semester.

King, who is known for his vivid and often controversial depictions of the American psyche, has faced criticism for his portrayal of "Geraldo" as being too similar to the television personality of the same name.
This week for a pleasant change, I only have one gripe, but believe me, it is substantiated, and isn’t just pure Rush Limbaugh esque opinion. This has to do with the education of our youth and the implementation of the television set for educational purposes. No, it isn’t just pure Rush Limbaugh

All right, now you’re either stunned or laughing hysterically. Education majors are probably nodding in agreement, but for the rest of the world, let me explain.

Schoolhouse Rock was a series of shorts that taught kids about math, history, English, science, you name it, there was a song that taught it. A few years ago, ABC decided to do away with it, probably because they needed to squeeze a few more advertising dollars out of the kiddie primetime slots, namely between 8 and 11 o’clock. To that, I pose my infamous one-word question: WHY?

Why, indeed? The Schoolhouse Rock shorts did what some teachers can’t do—hold a kid’s attention span. Who cares if it was done in “sound bites?” It did the job. Kids were learning! I’ll even cite a personal example. I was sitting in history class in 7th grade, sweating profusely because we had a test. We had to write out the entire Preamble to the Constitution, and no matter how many times I tried to memorize it, I just couldn’t. Then a voice began humming in my brain. I couldn’t place the tune, but it was one I heard hundreds of times before. After a while, I began humming along and then it clicked. I began placing words into the hum, and soon after, I was quietly singing the Schoolhouse Rock tune “We The People.” I wrote as I sang, and guess what? I got the only 100 in the class. Yes, I am living proof that this system works.

Think about it. Can you think of a Saturday when you didn’t hear “Conjunction Junction?” In a bit of Montclairian nostalgia, when the staff went to Washington D.C. for a press convention, we all strode together upon the nation’s capitol, and lo! We happened upon the Capitol Building. The Arts Editor, Eric Erb, proceeded to run up the Senate steps, and began his rendition of “I’m Just A Bill.” Congratulations Bill, now you’re a law.

Schoolhouse Rock is almost a part of our generation’s culture, as much as The Beatles were a part of our parents, or if you’re old enough, your own. But what did you learn from The Beatles? How did you learn from The Beatles, anyway? Hold a hand? Get a little help from your friends? Help! Live in a yellow submarine? How did that ever get someone through school? Later in life, you might have done some psychoanalytic Beatles weeding and

through the nation’s capitol, and lo! We happened upon the Capitol Building. The Arts Editor, Eric Erb, proceeded to run up the Senate steps, and began his rendition of “I’m Just A Bill.” Congratulations Bill, now you’re a law.

Schoolhouse Rock is almost a part of our generation’s culture, as much as The Beatles were a part of our parents, or if you’re old enough, your own. But what did you learn from The Beatles? How did that ever get someone through school? Later in life, you might have done some psychoanalytic Beatles weeding and

Schoolhouse Rock was a series of shorts that taught kids about math, history, English, science, you name it, there was a song that taught it. A few years ago, ABC decided to do away with it, probably because they needed to squeeze a few more advertising dollars out of the kiddie primetime slots, namely between 8 and 11 o’clock. To that, I pose my infamous one-word question: WHY?

Why, indeed? The Schoolhouse Rock shorts did what some teachers can’t do—hold a kid’s attention span. Who cares if it was done in “sound bites?” It did the job. Kids were learning! I’ll even cite a personal example. I was sitting in history class in 7th grade, sweating profusely because we had a test. We had to write out the entire Preamble to the Constitution, and no matter how many times I tried to memorize it, I just couldn’t. Then a voice began humming in my brain. I couldn’t place the tune, but it was one I heard hundreds of times before. After a while, I began humming along and then it clicked. I began placing words into the hum, and soon after, I was quietly singing the Schoolhouse Rock tune “We The People.” I wrote as I sang, and guess what? I got the only 100 in the class. Yes, I am living proof that this system works.

Think about it. Can you think of a Saturday when you didn’t hear “Conjunction Junction?” In a bit of Montclairian nostalgia, when the staff went to Washington D.C. for a press convention, we all strode together upon the nation’s capitol, and lo! We happened upon the Capitol Building. The Arts Editor, Eric Erb, proceeded to run up the Senate steps, and began his rendition of “I’m Just A Bill.” Congratulations Bill, now you’re a law.

Schoolhouse Rock is almost a part of our generation’s culture, as much as The Beatles were a part of our parents, or if you’re old enough, your own. But what did you learn from The Beatles? How did that ever get someone through school? Later in life, you might have done some psychoanalytic Beatles weeding and

Ask for Alison or Andrea.
In the past five years, the cost of higher education in New Jersey has increased nearly 100 percent. In the 1993-94 school year students stand to suffer another five percent increase. Many people will argue that the cost we, as students, pay for our education is rather minimal compared to other states, but we must take into account the cost of living in New Jersey and economic status of many MSC students. We don’t ask to be given an Ivy League education on a working class budget, but we deserve an affordable, quality education to ensure the future of our state and our country.

Education, like healthcare, should be considered a necessity in a modern, industrialized nation such as the United States. Nevertheless, the lack of educational funding that plagues this country at every level is a problem with a troubled past and a bleak future. The U.S. wants to maintain its status as an economic superpower; however, federal and state governments continually fail to invest in their greatest asset—the education of the nation’s young people. Creating an educated workforce is paramount in ensuring our place in a world economy.

A make do policy for higher education will not suffice.

By May 31, 1993, the New Jersey legislature will vote on the state budget which includes the allocations for higher education. If MSC does not receive full budget requests, as well as an added $3.4 million to make up for lost revenue from cut-backs in previous years, MSC will be forced to make further cut-backs in all departments and services. We are already working on a skeleton framework throughout the college and any further loss of revenue will certainly beget a severe decline in the quality of our education at MSC.

It is the responsibility of all students, regardless of our economic standing, to rise up and demand that higher education be made a priority in the state of New Jersey. As students at MSC, we must contact our assembly persons and senators in our districts and remind them that it is the lawmakers obligation to protect the interests of those they represent; remind them that during the election year, every vote counts. If we languish in apathy, we will be ensuring that our state college system will be reduced to an anemic entity.

It is paramount that as students, we recognize and exercise our power in influencing the state government that is supposed to serve us. Our numbers are large and our power is enormous, but if we don’t demand what we deserve, it is highly unlikely that our needs will be met.
U.S.-European intervention needed for peace in Baltic States

The United States government is well known for meddling in foreign affairs. Some of these interventions have been out of necessity and others out of economic and political gains. If there was a time for the U.S. to get involved is now in the Baltic States. The horrible atrocities occurring there make it hard to believe they’re happening in the present. In the recent past we have found it important to go to war in Grenada, Panama, Nicaragua, Libya, Iraq, and Somalia. How is the Baltic region different? Why is Europe not involved? How can we accept this process of ethnic cleansing?

Ethnic cleansing. Those two words almost sound pleasant. In fact, it’s the brutal annihilation of a race. That’s what is happening right now in southeastern Europe. The Serbians, Croats, and Muslims are taking turns murdering one another. This is nothing new. Throughout history people have been fighting over borders and territory. The difference, in what once was Yugoslavia, is not that they want to defeat the other group, but that they want to erase all memories of their existence.

We are constantly reminded of the brutal concentration camps of Nazi Germany. People who once lived next door to one another in relative peace and tranquility now hold each other captive much like Jewish victims of the Holocaust. The women of this ravaged area are brutally raped and murdered. The children are constantly under sniper attack. More children are maimed or killed due to mines and snipers. They have been accounts of execution style murders and mass graves. All of the parties involved have not allowed international relief efforts to bring aid to one another. Workers from the United Nations and Red Cross have been killed.

Another practice is destroying each others ability to produce food and other necessities. For instance Sarajevo, the capital of several million people, now has only one operating bakery. The leaders of these groups to proclaim that it comes about at the hands of the latter. Why is Europe not involving themselves? This is a rather simple question to answer. There has been usually a pattern of appeasement. Some situations like Panama and Iraq are attempts to depose a leader (each of whom we had supported) because of our involvement economically. Others like Grenada and Somalia are military occupations to sharpen our soldiers skills and to justify our huge national defense budget. The one thing that all military actions of the Reagan-Bush era have in common is that they were all short and sweet. There have been no prolonged occupations like the one that would be needed in the Baltic region. Politically, it is a disaster to be involved in a long, unpopular war with many casualties. Did someone say Vietnam?

The U.S. has its own problems. The economy is the first priority in the minds of the masses. Also, we still have troops in Somalia and the situation in Iraq is not yet resolved. Why is Europe not helping? They, like the U.S., have their own problems. The European Economic Community is still debating over their proposed integration. Europe is in no imminent danger. They don’t want to use their resources.

The devastation in former Yugoslavia will eventually disappear. It could be by a total extinction of a race and culture or by American-European intervention. My hope is that it comes about at the hands of the latter.

As Hispanic population grows, language barrier must be broken

The term melting pot was devised and used in the early part of the Twentieth century. As millions of European immigrants were flooding the gates of Ellis Island the present status of American culture was drastically altered. With them, now American citizens, they brought their entire cultural makeup to this novel land. Tongues curved in different dialects, foods with intriguing odors, family ideals, work ethics and political beliefs flooded mainstream America. Diversity was put on as a strong finish to the rough, raw edged American frame.

This country, a democratic experiment that is just over 200 years old, is undergoing even more reconstruction. As of the past 40 years, the home of America has been reshaped by Hispanic architects, commonly known as Latino citizens. Again, these people brought with them their own language and its own ways.

A perfect example of this relatively new influx of Hispanics is the state of New Jersey. A recent article in a local newspaper stated that in the past 10 years people of Cuban descent ranks no two in all Princeton in Hudson County. On a national scale it is expected that by the turn of the century two out of five citizens on the East Coast will be of Hispanic origin.

Language is the most recognizable difference when it comes to variation among the masses. By the year 2000 nearly one third of this area’s population will be Spanish speaking. English will no longer be the norm in spoken language, it will be the exception. This inevitable role reversal will jolt Caucasians and their communications with others. Unfortunately, there are certain individuals who are stubborn citizens of our old America who utter ignorant statements such as, “Why don’t they just speak English? They’re in America.” If they would open their eyes, which are probably sealed by American television and its power to rape the viewers intellect, they would realize that English is not the original language of this continent, nor the future language.

Spanish, whether in a Cuban dialect or Columbian, will become dominant throughout the tri-state area. Just as New York City continues to host a wide range of languages, its surrounding area is adopting an audible mesh that will ring with Latino tones. Hispanics will be saying and doing the same things as white America, struggling to survive and achieve the American dream.

English will no longer be the norm in spoken language, it will be the exception.

English will no longer be the norm in spoken language, it will be the exception.

As HISPANIC populaTIOm grows, language barrier must be broken

Personalads

Jen- Hi how I didn’t forget you. I love you. Me

Stinky (6DT) I really miss talking… sorry I’m not around a lot. I need to bend- I miss you. Love your bips. “Ich”

Thanks any for letting me write personals! Have a happy happy Valentine’s day. you harleq, you! Babs

Just 37 more days till CANCHA, D-Phi-E get psyched because we will have a great time!!11 AW8!

Keith- Happy Valentine’s Day honey! I love you, miss you and need you always! Forever Yours, Traci

To baby Kev, I love you so much. Where would I be without you? Lovely in Alaska! You are my karmatic aikano lover. Christina

D-X-D 5 & 13:
It’s amazing how all of the frogs turned into princes after a pitcher and many specialties. I love you two. JS & 2

Keith- Happy Valentine’s Day honey! I love you, miss you and need you always! Forever Yours, Traci

Hey Busted, Like-O-
Man-Goat. Did you like see that Giib-own. Don’t-like totally shut me up. I didn’t even like see you there. Some more? Signed Sucks be to you!

Much love to my Zi Zi-mobile driving sweet-pee!

In the ladies of the 14th floor- I Love You All!! 8th floor is taking over!

Jen- I’m so glad your my roommate. You’re awesome! Love, Wendy

Bon- You have to help me out with my accounting guy. Hey, we have an entire semester to work on it! -Giggle

The Jan- Happy V-Day to all my favorite Valentines! Love, Puddin

I didn’t get no sauce, fish in the park, Libby has patches, excuse me you took mighty fat in those pants messa in ma busan. could this be a bunim, curry, shuttle busa, barret, fushion woomah, nisha, shota etc…. I’m really going to miss you guys!!!!!!!

To the Kappa’s of Phi Sigma Sigma- I am proud Sigma Sigma- Thank you for giving us this chance of a lifetime. Love- The kappa’s

In the guy I date at upstairs in the Student Center. I love your smile, will you sit next to me on Tuesday again? I’d like to talk to you!

Congratulations to the 14 awesome associate members of D-Phi-E!!!

Miss- It’s almost V-day… what’s that for the rent-a dates? -Dee

Dawn [The Sigma]- Little do you know, but the gossip spread about you is incredible!

To miss adventurous when did you become ambizu-ecious? I think that dress is still stuck on my face. I Love Ya- Miss Dramatic

To the Kappa’s of Phi Sigma Sigma- I am proud Poo Bear- Happy

To the sisters of Phi Sigma Sigma- Thank you for giving us this chance of a lifetime. Love- The kappa’s

Barbie and Ken- Welcome come into the social elite! -The Fam

To the guys in apt 110B- Thanks for enlightening me on how a guy thinks- and the shower of water. Revenge is sweet- you’ll get yours when you least expect it. Love-Jenn

Decker Dude 1993- Come out and support your nominee. Feb 17, 6pm-11pm. Ballrooms A, B & C- Includes: MSC wear, talented, formal wear, interview and cheer off!

To Katy Kin! Happy Birthday baby, you Loop Lounge Ziggy! Love and tickles, Bubbles

Sula, Pintrelli, and Flash. I hope you enjoyed the dinner. Love Angelina AW83 and Val AW82

Lamington Love Bear, or is it Pooy, or Druh, or Bee? Love ya.

HAPPY Happy Birthday, Katy! Love ya. Amy J!!!

Meek, lorrerorrrr-from your beloved copilot, here s wishing you a few-fitted hormone-induced setting of yourself come this auction day. I’m sure you’ll find your Valentine clutching his dollars for you...

HotPick of the Week

Why do I chose you for my Valentine? It is that unconstant want you put your heart on my bone high, you wearing bands sucking my neck as we watch Liebenau, naked, spreading melting ice cream into orchidless mouths with our fingers. All. You became the way we fit… like two spouns… He, is, is.

The $200.00 part was for real, by the way!
They competed in dual meets Binghamton, N.Y. last weekend.

Sloan remains undefeated as MSC matmen excel in Super 6 Tourney

by Nicole Festa

The snowy weekend weather did not stop the MSC wrestling team from successfully performing at the Super 6 Tournament at Binghamton, N.Y. last weekend.

The competition included three New York teams: Oswego, Cortland State and Binghamton. They competed in dual meets against several New NJAC rivals, including the Red Hawks NJAC rival, Trenton State.

Wrestling

MSC was victorious in two of its three matches that featured 177-pound Jim Sloan, who kept his unbeaten streak alive.

In the opener against Oswego, the Red Hawks lost by the score of 28-18. The lower weights suffered greatly due to two forfeits that were actually caused by illness. “I chose not to wrestle those wrestlers because they were sick,” said head coach Steve Strellner.

The Red Hawks beat performance of the weekend came against Cortland.

The Red Hawks edged their non-conference opponent, 23-21.

This win pleased Strellner the most. “They (Cortland) were ranked fourth in the country, so this victory made me very happy,” he said.

It was clear to everyone that this victory made me very happy,” said head coach Steve Strellner.

The Red Hawks seemed to have an easier time against Binghamton, winning 33-16.

Solid performances were turned in by Mike Plummer (142lb) and Sloan, who both won via pin.

Sloan, a 1991 All-American, still remains undefeated going into tonight’s last regular season match against Kent in Union at 7 p.m.

What can be expected in this heated rivalry between NJAC foes?

“lt’s going to be a tough match, because of our illnesses and injuries,” responded Strellner. “Hopefully, the middle and heavyweights can compensate for this hole in the line-up,” he added.

The Metropolitan Championship will be the last wrestling meet for the 1992-1993 Red Hawk season. Strellner expects the whole team to be healthy and that they will all participate in the event.

 Ashe's legacy of class and dignity extends far beyond the world of tennis

Everyone once in a while the sports world is slapped by the hand of reality.

The loss of Arthur Ashe is a rather tough one to take.

He was a man of substance. No matter how tough things got for him, Ashe was always a class act in the eyes of the public.

It seemed as if things were constantly going against him. Yet, he fought through it all until he could fight no more.

When he was refused a visa for the South African Open in 1969 and 1970, he kept his composure even though he knew he belonged in the tournament.

Eventually, he won his fight and was granted a visa to play in the South African Open in 1973. Even more impressively, he was instrumental in getting South Africa banned from the Davis Cup Tournament because of its apartheid policies.

He was a black man in a sport dominated by whites, but he proved to the world that at one point he was the best tennis player in the world.

In 1975 he completed his quest for tennis immortality. After winning the U.S. Open (1968) and the Australian Open (1970), Ashe upset Jimmy Connors to win Wimbeldon. However, the man who was on top of the tennis world from 1968-75, would face more trying times.

Ashe suffered two heart attacks and had quadruple bypass surgery performed on him twice, in 1979 and 1983. He also underwent brain surgery in 1988.

But he kept his head up and continued his involvement in the anti-apartheid movement and the creation of minority youth tennis programs.

Then, a man who had an inspiration and model for all, would face an opponent that he could not defeat.

The insidious disease known to us as AIDS took the life out of a man who had cherished it so.

Even when the news of his affliction leaked out to the media, Ashe again exhibited his strength and courage in a way no other could have.

When people pass away, the strongest memories of them are often measures of how they affected people. The memories Arthur Ashe left upon us are immeasurable.

Does anyone remember the myriad of commercials that Reebok subjected the American public to during last year's Summer Olympics and the supposed shoe-growth is over, let your humble narrator sit alone at his typewriter, but the final results are what everyone remembers.

Ashe again exhibited his strength and courage during last year's Summer Olympic Games.

When people pass away, the strongest memories of them are often measures of how they affected people. The memories Arthur Ashe left upon us are immeasurable.

"Triple Threat": From Alden Invitationalists to Reebok commercials?

by Mark Alan Belnay

Track and field

Along each week as your humble narrator sits alone at his typewriter, and clicks away into the wee-hours of the night is that the product winning the U.S. Open (1968) and the Australian Open (1970), Ashe upset Jimmy Connors to win Wimbeldon. However, the man who was on top of the tennis world from 1968-75, would face more trying times.

Ashe suffered two heart attacks and had quadruple bypass surgery performed on him twice, in 1979 and 1983. He also underwent brain surgery in 1988.

Ruii, who is performing on a different level than his competition recently, was named the Most Outstanding Athlete at the Alden Invitationalists this past week and received the Alden Cup for his achievement.

How dominating was Ruiz's performance this past weekend? Take a glance at these numbers if you will. He won the 55-meter dash with a mark of 6.43, missed setting a new long-jump record at the Invitationalists by just two inches with a jump of 23.75 feet, while passing on two jumps because of scheduling conflicts and finishing third in the 200-meters to round out his performance.

No one deserved the trophy it was Ruiz based on his outstanding overall performance.

Not that Ruiz was the only MScrack and field team member to make this weekend's journey to Brown University a memorable one.

Stevens, who was ranked 98th in the world in the 400 meters by Track and Field Magazine last month and has qualified provisionally for the Olympics, was also in the hunt for the Alden Cup.

With outstanding performances in the 400-meters and 200-meters, Stevens was the pacesetter in both events. With times of 48.89 and 22.40 in the 400 and 200-meter events respectively, Stevens took first in both races and joined Neal in leaving an indelible mark on the crowd at Brown.

There was an old saying in sports that "speed kills" and if this was true then Ruiz and Stevens would be on trial for murder with teammate Wayne Dennis next on the judge's docket.

Dennis won the 800 meters with a time of 1:56.30, but how he won the race was the real story.

According to head coach John Blanton, it looked as though Dennis was "shot out of a cannon with 50 meters to go.""Add the stunning performance by Dennis to the accomplishments of Ruiz and Stevens, and it is easy to see why Reebok may be contacting all three for a sponsorship.

The Red Hawks are first and foremost a team and don't let anyone tell you differently.

The men's 1600-meter relay team of Jerahm Williams, Stevens, Ernest Williams and Jacinto Aloyan sought to steal some of their teammates thunder by running closer to perfectly taking second in their event. Look for good performances in future meets from these athletes. Individually each is superb, but as a team they have the chance to attain greatness.

Blanton is overwhelmed with the growth the men's team has exhibited thus far in the season and hopes that some of it may rub off onto his talent-laden women's team, led by All-American Sharon Lindo and Shantay Brine.

Thus far the women's team hasn't reached the lofty goals it set for itself at the outset of the season. Brine and Lindo both ran strong races this past weekend, but their talent suggests much stronger performances in the upcoming weeks.

Lindo placed third in the 200-meter and fourth in the 400-meter, while Brine finished fourth in the 55-meter dash with a time of 7.46 and fifth in the 200-meters.

Blanton feels that the two may be feeling undue pressure from the fact that several members of last year's team are missing and the two feel that they must carry the team on their shoulders.

When asked if he could have one wish, Blanton responded rather quickly, "I want the old Shantay and the old Sharon back for the rest of the season."
Red Hawks rip Centenary, 79-57

by Michael Frasco

MSC men's basketball coach Nick Del Tufo certainly knows the value of a win and the effect each one can have on his young and inexperienced team.

After the Red Hawks 79-57 victory against first-time opponent Centenary College (New Jersey) Monday night at Panzer Gym, Del Tufo relayed that message upon victory against first-time opponent and an inexperienced team.

"There were some good things and some bad things I saw," the second-year coach said. "The key thing in a game like this is to come up with a win and treat it as a learning experience."

Del Tufo was also referring to the fact that Centenary was a non-conference opponent and a weaker team on paper, therefore it plays a similar team in the future.

Indeed, "learning" is what a Red Hawks 8-11 overall, 5-8 NJAC season has been about. Wins like the one against Centenary make the experience much easier.

The Red Hawks were led by the outside shooting of sophomore guard Dean Spinogatti, who netted a game-high 28 points in Monday night's victory over Centenary. When he wasn't sinking shots from the perimeter, he was either rebounding (six) or dishing the ball off (five assists).

Spinogatti stepped up and produced when MSC needed another go-to-player because its leading scorer, Lee Mullins seemed lethargic and was not a factor in the game's outcome.

"We needed a win tonight and we came out prepared to play," Spionogatti said. "Tonight I wanted to come out and shoot some jump shots."

The Red Hawks retained possession of the ball after the technical, as the rule states, and scored on a lay-up by sophomore forward Chris Jackson to make it 63-50 lead.

Jackson scored six more points for MSC in the final minutes to ice an important victory.

Hines, who leads the NJAC in rebounding, offered this assessment after the game. "It was a team effort and we gave it 100 percent. That's really all you can ask for," he said.

The 6'1" Spinogatti hasn't been getting major minutes as of late, but was ready to contribute and knew the time would come. His time came in the first half of the Centenary game.

"We probably should have a better record, but we're a young and inexperienced team that is still learning to play together," added Del Tufo.

CENTENARY NOTES....Going into the Centenary game, MSC was ranked sixth nationally in defensive field goal percentage and first in the NJAC in defense (points allowed per game)....MSC's eight wins is the most by the program since the 1985-86 team that finished 13-12.

MSC men's basketball coach Nick Del Tufo certainly knows the value of a win and the effect each one can have on his young and inexperienced team.

"We probably should have a better record, but we're a young and inexperienced team that is still learning to play together," added Del Tufo.

Centenary forward Kevin Boswell kept his team from being completely blown out in the first half by scoring eight points.

In fact, Boswell was the only bright spot for the Cyclones (5-16) as he netted a game-high 28 points and grabbed 11 rebounds.

Boswell's four points led a 10-0 Centenary run, which began at 15:47 of the second half, to move the Cyclones within five points (42-37) of MSC. Boswell then gave the Red Hawks a scare with about 10 minutes left, as his two free throws cut the MSC lead to 48-45.

The Red Hawks had an answer. They built their lead back up to 57-58 with 6:18 left, but the Cyclones were still within striking distance. Then Centenary's Andrew Green almost single-handedly took his team out of the game.

Green, a senior guard, was upset about a foul that was called on him and proceeded to whip the ball down the other end of the court and almost out of Panzer Gym.

His actions caused him to be slapped with a technical foul.

Spinogotti, the foul victim, was sent to the line for four free throws (two for the foul and two for the technical). He calmly hit all four shots to give MSC a 61-50 lead.

The Red Hawks retained possession of the ball after the technical, as the rule states, and scored on a lay-up by sophomore forward Chris Jackson to make it 63-50 with just 5:34 left.

Jackson scored six more points for MSC in the final minutes to ice an important victory.
