Students Take Back the Night

The students of Montclair State University showed their support for victims of domestic abuse and sexual assault during the “Take Back the Night” event, held on March 28 at the Student Center Quad. The event attracted much student support, with students speaking out in their own ways. Multiple Night Continued on Page 4

Students Prepare for Summer and Fall Registration

Students are encouraged to check their WESS accounts for holds and available courses.

Montclairfest 2012

Tyga is one of the performers for Montclairfest.

Barstool Brought Down

Thousands of neon-clad partygoers mobbed downtown Montclair outside the Wellmont Theater on Thursday night in connection with Barstool Black-out, according to police reports. Billed as “the world’s biggest blacklight party,” the Wellmont had to cancel the show when excessive drinking lead to trampling and alcohol poisoning, as well as one human bite. Police and emergency services brought a total of 24 people to local hospitals.

Around 9:00 p.m. on Thursday night, a “mass casualty” call came over the police scanner, which refers to any incident in which emergency services must respond to several casualties at once. Montclair police responded, in addition to officers from Bloomfield, Nutley, Fairfield, Verona and Belleville.

The show was cancelled and the Wellmont told attendees that their money would be refunded. Emergency services were prepared to deal with the aftermath of the event well before it happened, accord-
Pelican Police Report

1 On April 1: A male student reported a theft of his clothing from a secured locker inside of the Recreation Center. This matter is under investigation.

2 On April 3: A female commuter student reported being harassed and stalked by her ex-fiancé. A temporary restraining order was granted against him.

3 On April 3: Cendy Jean-Noel, 30, of Newark, was arrested and charged with receiving stolen property. He is scheduled to appear in Little Falls Municipal Court.

4 On April 3: A female resident of Basiline Hall reported being harassed by her ex-boyfriend. A temporary restraining order was granted by a judge.

5 On April 3: A male student reported the theft of his unsecured 16 GB iPhone from the bleachers inside of the Recreation Center. This matter is under investigation.

6 On April 3: A male student reported the theft of his unsecured book bag from Sam’s Place. This matter is under investigation.

7 On April 4: A male commuter student reported being harassed and stalked by her ex-fiancé. A temporary restraining order was granted and charges were filed against him.

A Beloved Red Hawk Moves On
Dean Harris retires after over forty years of dedication to the University

Catherine Kestin
News Editor

After over 40 years at Montclair State University, faculty and staff must say goodbye to James Harris, the associate dean of students.

Dean Harris is an MSU graduate and was a member of the National Guard for 26 years. He returned to MSU as a graduate student in 1969 and received his teaching certification.

Harris is in the Athletic Hall of Fame for indoor and outdoor track and fencing, has planned the world fair and food festival and has been the advisor for many sororities and fraternities. Harris has also served on the President’s Commission on Affirmative Action and Equal Opportunity for the university.

Harris plans to make an impact even after retirement, especially in African American and Latina communities.

“I intend to remain in very involved in the civil rights leadership,” he said. “I was just elected as president of NJANACP for a two-year term. I want to pay attention to getting involved in advocating some changes in values, particularly in reducing the number of unwed parents in African American and Latina community.”

Harris is most upset about leaving behind the students and faculty.

“The thing that I will miss the most is the other students and the professional colleagues,” said Harris.

“The students bring me the greatest satisfaction.”

Harris has learned a lot from his 43 years at MSU. “In my 40-plus years at the university, I’ve been involved in so many things: cross country, when I was a new student orientation professor, coach cross country, served as an ombudsman for student affairs, Dr. Karen Pennington, vice president for student development and campus life. ’I love for our dedication to the MSU community are unparalleled and he will be missed.’

Stephanie Wright, leadership coordinator for fraternities and sororities, was also sad to hear he was leaving. “He has been one of my greatest supporters,” said Wright. “There are so many memories I have, but every August he asks me to make an official release from the Multicultural Ambulance Unit.

“We were made aware of the event about 2 p.m. by Montclair State University EMS director Michael Ricker, who was going to be staffing extra personnel expecting an influx of intoxicated students following the event,” said Chief James Sampson.

Earlier that night, groups of MSU students could be seen in the residence halls decked out in high-lighted colored t-shirts, white knee socks and neon body paint ready for the show.

Students who posted on Barstool’s Facebook page were asking for tickets to the sold out event up until the last minute.

According to Nicki Santana, director of resident life at Montclair (SLAM), the programming board initially considered bringing Barstool Blackout to campus.

“I heard about the Barstool Blackout tour before it came to MSU and we were in talks with the people who are in charge of it,” said Santana. “But [we] decided to not go forward with it because it really wasn’t worth the price.”

“A lot of great Musi, SGA or any other orgs were not part of the Barstool Blackout,” said Santana.

While the initial buzz may have died down, Montclair State students are still talking about Barstool online.

“I know people are talking about it,” said Ryan Miller, a broadcasting student who attended the event.

“It was a huge event. We were on twitter.

“We arrived around 8:00 and the line was already down the street and pretty reckless. Everyone was drunk. Literally everyone,” said Miller.

“Some people were absolutely belligerent,” he said. “By the time we got to the front of the line, we were getting pushed up against the guard and over barricades.”

“There were crowds of people on both sides of the road for blocks,” said Miller. “People were reckless all night.”

A post that appears on Barstool’s Facebook page and on twitter reads, “MSU goes to hard I guess.”

Student groups on Facebook, including MSU’s Students for a Democratic Society have been posting links to videos of the crowds and police outside the theater, generating critical comments from viewers.

“Glad to see people banding together for a good cause,” wrote one student. “Nah, binge drinking, chauvinism and probable date rape. Hooray!”

Others posting on Barstool Blackout’s Facebook page expressed their disappointment over the canceled show.

“Beyond angry,” commented one student. “RESCHEDULED BUT NOT IN MONTCLAIR.”

According to Vice President of Student Affairs, Dr. Karen Pennington, “Neither the University nor any recognized group of the University had graduate in production or support of this show.”

She said that one individual who attempted to sell shirts with “MSU and Barstool Blackout” told to stop using the MSU name and logo without permission.

New Changes for the College of the Arts

As we say goodbye to Dean Newman, we are introduced to Dean Gurskis

Performances by the theatre program are just one of the many things that Dean Newman added to College of the Arts.
Montclair State rapper Kase shared his excitement for the events. “Montclairfest should be awesome. Both Wale and Tyga put on great shows, which has me even more excited to open up for them,” Kase said. “After six semesters of writing and recording my music in a dorm room, it feels amazing to be able to finally put my name out there on a much larger scale with such big names performing.”

“I’m really excited for Montclairfest,” said Christina McCaill. “It’s always a great time with great performers and I can’t wait to see Kase tear it up on that stage!”

Some students did not have as positive thoughts as McCaill about the event.

“I’m not sure why SGA chose to have the event at 11:30 a.m. on a Saturday,” said Marissa Stapelman.

Some students may only purchase two tickets each and one must be an MSU student. Tickets are non-refundable. Students should register as soon as they are permitted in order to secure their courses. With all these changes, some students are worried that they may not be ready to register for their required courses.

Students should check their WESS accounts regularly to stay updated; all changes are currently reflected on WESS. Those in the new School of Communication and Media are asked to meet with their advisor before their registration priority date in order to transition into the new curriculum. The advisors promise to make the transition through the changes to registration easier.

Students should check their WESS accounts regularly to stay updated; all changes are currently reflected on WESS. Those in the new School of Communication and Media are asked to meet with their advisor before their registration priority date in order to transition into the new curriculum. The advisors promise to make the transition through the changes to registration easier. Those advising meetings help me bond with my students,” said professor Chris McKinley, an advisor in the communication studies department. "I am excited about the new program.”

In order to prevent the changes from hindering registration for fall and summer courses, students should make their schedules in anticipation for registration by adding their selected courses before the registration priority date in order to secure their courses. The summer semester offers more courses, including online and hybrid courses. Students can earn up to 15 credits per year from summer courses. The summer program, which starts on May 14, offers nine different sessions, the time period during which a summer class takes place. The summer semester offers more than 750 undergraduate and graduate courses.

This year the summer semester will offer more courses, including online and hybrid courses.

Dive in to Great Savings in the Sunshine State

Chelsea Masterson
From Naples

Florida is a popular destination for college students and a variety of things to do and the warm sunny weather, it seems as if they flock to the state. Although the warm weather is enjoyed by many, it is not the only reason why students come to Florida. The warm weather state may be popular, but it doesn’t mean it is exactly in the budget.

Many things come to mind when the thought of Florida: Disney, Miami, the beach, warm weather and swimming with dolphins. Tourists want to get the most out of their money and see as much as they possibly can.

Sure you can spend a ton of money swimming with dolphins in a pool or you can save money and swim with manatees in their natural habitat! I have gone on a manatee swim, which included a three hour trip through Crystal River in which we swam/snorkled with manatees throughout the three hours. Swimming with manatees cost anywhere from $55-899 per person, but in the Sunshine State. The tour was amazing and we had ample opportunity to swim with the manatees. It truly was a unique and amazing experience. Also, another activity is Discovery Cove, a popular destination for vacationers in the Orlando area. I personally have not been to Discovery Cove, so I cannot share you any personal stories. However, I can give you the astronomical prices. For a half an hour dolphin experience, which includes wading with dolphins in a pool for 30 minutes and going into the deep end for the dolphin to push you back in or grab on to the dolphin’s fin to be pulled, you’ll pay anywhere from $300-840+. The dolphin experience also includes admission to the park.

I know the idea of gas comes to mind. I bet you are thinking well, I’m staying near Discovery Cove in Orlando, what about gas? Don’t worry, I have that all figured out. For a round trip excursion, with gas prices where they are, it should cost less than $50 for the average vehicle. So, let’s do the math your tour and gas is under $100! You can save up to $300! I don’t know about you, but I have like $50-100 extra in my pocket.

Next time you and your friends are planning a trip to Florida, think twice before booking your hotels and gas prices, your wallet will thank you for it.

For more travel tips and tricks check out my blog, Traveling Through, to help you with your next vacation.

Spring conditioning tips

James Carpenter
Sovar Warren

Spring is a great time of year to lose those winter pounds and add body fat. A walking and body strength training program combined with healthy food choices, increased daily water intake and an active lifestyle will get you to at least seven to nine nightly hours sleep will help you burn lean muscle and shaped up for summer.Instructions: Walk more each day, strengthen upper and lower body muscles a few times a week, opt for natural rather than processed foods and beverages, make water your choice beverage, do not use processed foods and beverages, make water your choice beverage.

1. Walk, walk, walk. Start by aiming for 15 minutes of non-stop walking around the MSU campus each day. After two weeks, try for 20 minutes. After a month, do 30 minutes of walking daily. If you do not have to be at one place — it could be done in 15-minute increments morning, afternoon and early evening, for example.

2. Every other day, do 15 body weight squats followed with a 30 to 60 second hold on the last rep to

3. Drink lots of water and eat smaller portions more frequently.
4. Get 7 to 9 hours of sleep nightly!

Shape Up for Summer

Rethinking Daily Consumerism

Katherine Oahlen
Sovar Warren

I kid you not, as I proceeded to begin writing an article on more eco-friendly tips to consider when using less plastic being number one — I realized that I had just bought a bag of pretzels from the vending machine. Starting at my purchase in a corner, I came to the conclusion that I had no business writing that article until I massaged my own consumer habits. There were a million reasons I used to justify that purchase: I was hungry, I was tired, I was short on cash, I really wanted those honey mustard pretzel nuggets, etc. All these things are avoidable in my and my dad’s book, as they relate to saving time and money, yet it happened anyway. It also reminded me of something Jillian Michaels, from the television show The Biggest Loser, had said once that was painfully applicable to my rather embarrassing situation. She said, “If you really want to lose weight, you will find time” replace “lose weight” with “consume less on a daily basis,” and you have the perfect mantra.

A better scenario would have looked something like me pulling out a reusable Tupperware container with a real utensil, healthy, organic snacks and water in a reusable water bottle. That sounded like a zero-foot in comparison to those honey mustard pretzel nuggets I had been craving all day, and that is the simple truth: that sometimes your appetite and a tight class schedule is quite an off-term from the environment. As commendable and horrifyingly selfish as that may be, it’s very much a natural part of life. All the environmental facts in the world plus wild horses could not cover me away from those pretzels because life gets crazy, time seems like it is totally NOT on my side and in that moment I was only thinking of myself.

So, the question is where we stand now, readers, at the corner where reality meets the environment. As condemnable and horrifyingly selfish as that may be, it’s very much a natural part of life. All the environmental facts in the world plus wild horses could not cover me away from those pretzels because life gets crazy, time seems like it is totally NOT on my side and in that moment I was only thinking of myself. So, the question is where we stand now, readers, at the corner where reality meets the environment.

3. Keep an eye on nutrition! Health and fitness professionals suggest making your choice beverage and consuming more foods in their natural state such as fresh fruits, vegetables, beans, whole grain breads, nuts, seeds and protein sources such as eggs, lean meats and fish, yogurt and cheese. Eat smaller and more frequent meals containing protein and complex carbohydrates every few hours rather than two or three large meals spread out across the day to optimize metabolism and stabilize blood sugar.

4. Get those nine to hours off of sleep nightly. Sleep researchers note that individuals who regularly sleep less than seven hours tend to accumulate more fat body, while getting eight hours of regular sleep each night helps reduce body fat.

Whoever thought selling 2,500 tickets to a venue that can only hold between 1,000 to 1,500 for a concert that is billed as “an orgy of sound and lights for all your senses” that “leaves nothing but a path of destruction in its wake” deserves a pat on the back.

But only if that pat is followed by a slap upside the head and a “nyuck nyuck nyuck” in classic Stooge style.

The Barstool Blackout Tour runs on a lethal combination of hard drugs, hard liquor and hard-ons that would even make Charlie Sheen think twice (though he would probably still show up), so it came as no surprise to find out that the show was over before it even really began.

Barstool U, a website designed for young men by young men to share photos of their biceps, glorify their academic mediocrity and flaunt their most recent hookups, sponsors the nation-wide tour which seems like a good idea from the 80s that just finally came to realization and has quickly earned a reputation for police intervention.

Montclair was no different. Two dozen counts of alcohol poisoning and one human bite later, police from seven different towns had to be called in to herd the horny, drugged-up college students and forcibly remove them from the premises.

This predictably resulted in 2,500 disoriented people with little to no regard of their surroundings running rampant through the quiet streets of Montclair on a Thursday night.

We have nothing against black light parties, we have nothing against drinking and we have nothing against the combination of the two, but when the objective is to lose all control at the sacrifice of your reputation (online and offline), it just doesn’t sound quite so appealing anymore.

The entire Barstool Blackout concept revolves around exploiting young college students who are enjoying their first taste of parental freedom and inviting them to drink, roll and grind themselves into a state of artificial ecstasy (no pun intended) with little no regard of the consequences for the attendees.

With the amount of damage to both people and property that this tour “leaves in its wake,” shouldn’t someone be held responsible for the resulting carnage?

The idea of booking this Blackout tour at your venue is perplexing as it seems to just be inviting mayhem and destruction into your town regardless of whether you are foolish enough to over-book or not.

"I have bought and used three of the non-menthol Logic black labels. I feel that it does not exceed 300 puffs, and I know how they are good friends with the bands you see, and how similar they are. 'The Cab' is a part of my childhood, after all. High school was not my child-
hood. Jonathan Cook does not pose for pho-
tographers. He never has. No band does. They perform as if they are not even there."

-Alex

In regard to "Pop-punk Not Dead, Just Resting"

"I like how you insult All Time Low, how they are good friends with the bands which is 10,000+.

SLAM/Programming Board was formed two years ago and every year we try to provide more events and different activities. We always encourage everyone to join SLAM for opinions and feedback. I am always open to it and I WANT the students to be involved and get what they want.

I understand and respect that the point of this article is your opinion on the SGA and as a former editor, I still give these big businesses well done, and honestly, if I was the head of a huge company, I would probably tease my fans as well.

As a fan, I like that these businesses tease my fans as well. I am just heartwarming that they feel close enough to have a funey bone or two. It is kind of funny to think that they hate to be pranked, one should lighten up and enjoy some of the awesome products these companies have made for them.

Spindrift’s New Album is out of this world
Classic Soundtracks Volume 1

Spindrift’s new album is like something out of a dream. Photo courtesy of Dave Young.

Emilia D’Albero
Staff Writer

Spindrift is an emerging band consisting of drummer Andrew Jepperd, keyboardist Emilia D’Albero, and American tribal sounds and paints a vivid image of, well, belly-dancing space visvers in cowboy boots, for lack of a better phrase. Later in the album, “Theme from Con-fusion Range” inches its way into the spotlight with too-cool-for-school basslines and chord progressions, and sounds like a song one would listen to while playing hooky and wearing Ray-Bans. Spindrift showcases their vast musical ability on “Theme from Ghost Patrol,” an otherworldly dance track that is reminiscent of Muse’s “Knights of Cydonia” and this song includes banging guitar riffs, strong percussion and what sounds like distant male choral vocals. Closing out the middle section of the album is the short but sweet “Devil with a Gun”, which sets the Devil-Went-Down-to-Gaol vibe for the last few songs on the album. “Theme from Amboy,” “Roundup” and “Showdown” all embrace the countrywestern influence that runs so strongly throughout the entire album, but Spindrift suddenly switches it up with “Theme from Deiters’s Pass,” which ends up soundng more classic rock than anything — but who’s complaining? Certainly not me.

The final track, “Red Reflection,” is a slow-paced track that reinforces Spindrift’s psychadelic label with entrancing female vocals and Native American flutes.

What I’m Reading This Week
A Comical Adventure

Emilia’s Grade: 3.5 out of 5

Swords of A Thousand Men”, wherein the truth be- hind the entirety of Butch- er’s misery and The Home- lander’s mania is revealed.

While the initial readthrough of the comic makes the revolution shock- ing and paints the series in a darker light, the scenes low impact on subsequent read- throughs and ultimately just fizzle. The art in this issue is split by Russ Braun, John McCrea and Keith Burns, who do a fantas- tic job showcasing Emnis’s patented ultraviolence in a way that does not demean the audience for reading it. Reaching halfway through the issue, one can see the audience for reading it.

Progressive rapper Will Sheridan made a major splash on the web when the former Villanova starter came out of the closet. This gutsy move was followed by an even riskier one. After he was done dominating the basketball court, Sheridan decided to set his sights on recording music. Sheridan is now producing fast-paced dance tracks like “Welcome to the Jungle” and even some hardcore hip hop tracks like “302,” which can be downloaded on iTunes.

On April 3, Sheridan headlined a concert at Fat Baby in the Lower East Side of New York with a slew of other out performers. These performers are defying the odds by making music that spans across various genres while staying true to themselves.

The show was two hours of pop, rock and hip hop music from fresh faces and showed that the future of music may have to make room for openly gay artists.

The lineup included Swaggjesty, a pint-sized rapper that packs a major punch. His flow, which he laid over upbeat instrumentals, kept the crowd swaying from side to side of the dimly lit bar. His content ranged from overly vulgar to full on narcissistic, and the crowd loved every minute of it. He definitely lived up to the swag in his name as he confidently tugged at the brim of his snap back hat while he danced to his own tracks.

The host, house singer SAMN, added his own flair of dance music to the showcase. He performed two tracks off his latest project, Synthet- ic Hearts. His humorous way with words kept the crowd, of about 25 people, entertained between each set.

The crowd was enchanted by the vocal performance of drag queen superstar Sir Honey Davenport. With her face illuminated thanks to an amazing spotlight, she twirled and sashayed across the stage. A slight malfunction occurred when she lost her wig, but like a true performer she recovered quickly. The concert was rounded out with new wave pixie Heven whose campy pop music was a nice contrast to the male dominated lineup.

Will Sheridan’s set was like an off-Broadway production and definitely delivered an amazing show. His use of elaborate props and intense backup dancers prevented any onlooker from looking away as he performed his new single “Here Comes the Sun.” The show quickly turned into a full on party since the crowd couldn’t contain their energy! The show was a huge success thanks to the intimate setting and the endless energy of the acts. Everyone seemed to enjoy the music as well as each other’s company as they danced till the DJ said it was time to leave.

Will Sheridan isn’t letting his sexuality stop his flow.

Red Hawks Flying High After Three Straight Wins

Men’s lacrosse looks to fight back after 0-4 start

The Montclair State University men’s lacrosse team was coming off an odd loss in the Skyline Conference to Farmingdale State College when they headed up to Mahwah, N.J. to take on Ramapo College in another Skyline Conference game on Wednesday, March 28. It seemed the girls were playing with an edge to start the game. Nine players recorded at least one point in the 19-7 win.

Junior midfielder Beal scored five goals and senior Coral Delfini added four goals and two assists as Montclair tallied the first nine goals of the contest, improving to 6-5 overall and 3-1 in conference play. The Red Hawks outshot the Gators, 40-20, and won 15 of 26 face-offs. The women only allowed a few shots and spread the wealth offensively.

Montclair scored the first four goals of the game, building up a 13-0 lead at the half. With 25 minutes still remaining in the game, the Hawks already had a 3-0 lead and that would only increase as Delfini scored the next two goals with Fallon recording her second of the match giving Montclair a 6-0 lead. The Red Hawks kept their lead at 10-3. However, the Red Hawks were not to be denied, posting its first shutout of the season in a 17-0 victory over the Gators. Montclair improved to 7-3 overall and 3-1 in conference play.

The men’s lacrosse team fought back from a horrifying 0-4 start to increase their record to 4-5 with their recent three-game win streak.

Upcoming Games

4/10 vs. TCNJ
4/12 vs. Mt. St. Marie
4/14 vs. Mt. St. Vincent
4/18 vs. Kean

The Montclair State University men’s lacrosse team extended its winning streak to three and improved to 4-5 with a road victory over the U.S. Merchant Marine Academy Mariners playing a score of 19-7. Senior attacker Tyler Meth had his finest game of the season leading the Red Hawks to victory.

Jack Skelos was another offensive force, scoring two goals and two assists. Defender Riel Dietrich and Mike Lade stepped up to lead the defensive effort in the win. Dietrich forced three turnovers and picked up five ground balls while Lade forced two turnovers and picked up three ground balls. However, the big story from this game was the outstanding efforts from junior midfielder Kenneth Bogort, who set a new MSU single-game record with 11 ground balls while also scoring a goal and winning 15 face-offs.

The Red Hawks drew first blood by scoring their first two goals in the span of seven seconds. Meth and his seniors all season long. Bogort won the ensuing face-off and took it to the cage for a score. Skelos made it 3-0 three minutes later and senior midfielder Thomas Ring continued the opening run with an unassisted goal with six minutes left in the first quarter. Skelos tallied once more goals to cap the Red Hawks’ opening run at six. They would go into the second quarter leading 6-1.

The Minutemen forced their defensive efforts in the second quarter and managed to put three goals on the board to make the halftime score 6-3. Meth was named Skyline Conference player of the week for his outstanding efforts from Meth, Skelos and Joel Van Der Wal. The Minutemen refused to relent as they rallied back to within three goals to go into the fourth quarter trailing 11-8. However, the Red Hawks were not to be denied, putting up two insurance goals in the fourth while holding the Minutemen to just one goal to hold on for a 13-9 win.

Montclair Fire again Flying High After Three Straight Wins

Women’s lacrosse currently in 3-1 in Skyline play

The Montclair State University women’s lacrosse team was coming off an odd loss in the Skyline Conference to Farmingdale State College when they headed up to Mahwah, N.J. to take on Ramapo College in the second time this season. His 13 goals in the last three games have helped the Red Hawks build a three-game winning streak. He is currently second in the Skyline in goals per game with 2.78 and third in points per game with 3.67. He is currently tied for fourth on the all-time MSU goal-scoring list with 143 goals and ranks eighth on the list in points with 188. Coach Kivlen has been very vocal about the leadership of Meth and his seniors all season long.

The Kentucky Wildcats were in a league of their own throughout the entire National Collegiate Athletic Association basketball season, ultimately becoming not only the most talented team in the nation, but also the one of the young- est, led by three freshmen in their starting five lineup that included six-foot-ten-inches Associated Press Player of the Year, Anthony Davis. The Kentucky Wildcats, lead by all-star freshman Anthony Davis, defeated the Kansas Jayhawks 67-59 on Monday night.

Should players be forced to play in college before turning pro?

I think it depends on the sport. A football player coming out of high school would need to go to college where he can get bigger and faster. A basketball player’s career can end on any play. Therefore, a college degree would mean much more to an NFL player. However, we have seen many basketball players forego college to have great careers, such as Kobe Bryant. I think it depends on the sport. A football player coming out of high school would need to tend college first so you can bulk up. An 18-year-old going straight to the pros will get injured in a heartbeat. For basketball, I feel that at least two years of college should be required so players can prove that they have what it takes. An education is obviously the most important, just in case one’s pro career doesn’t work out. An 18-year-old going straight to the pros will get injured in a heartbeat. For basketball, I feel that at least two years of college should be required so players can prove that they have what it takes. An education is obviously the most important, just in case one’s pro career doesn’t work out.

Montclair and Ramapo will play in Mahwah on April 5 then come to Montclair on April 6 in what will be two pivotal games between two of the top teams in the conference. The Red Hawks are currently in first place of the NJAC conference.

Montclair baseball took on Mora-
vian College, played two games at Rutgers-Camden in their first New Jersey Athletic Conference games and welcomed Eastern Con-
necticut in their home opener—and they have plenty to cheer about.

It was neck-and-neck throughout-
the game when junior outfielde
Anthony Bowens delivered a clutch
two-RBI double in the top of the
eighth in Montclair’s 8-7 victory over
MSU to cap off the double-header.

The Red Hawks tossed a run
in the first inning, but this lead
would not be protected so easily.
Montclair put up a run in the sec-
ond, fourth, fifth, and sixth innings,
coming from the bat of catcher
Jayson Stolz, only for the Mor-
avian offense to match them.

The Greyhounds tied the game up
fourth inning on a triple hit to left
field by the left fielder, tying the
game at 4-4. The Greyhounds scored two
more runs in the seventh, but their
only lead in the game lasted until the
fourth, when Montclair tied it 6-6.

Bowens entered the game at right
field in the eighth, and his go-ahead
double with runners on first and sec-
ond made all the difference for the
Gryhounds. Senior Anthony Altieri
tied the last three batters in a game
started by Junior Pitcher Jamie
Miller. Senior Pitcher Sean Hille
sent 11 batters to the plate in five
innings, allowing only three hits.

MSU entered the double-header
at 4-7, only to have the Red Hawks
score two more runs in the seventh,
but their only lead in the game lasted until the
eighth, when Montclair tied it 6-6.

Bowens entered the game at right
field in the eighth, and his go-ahead
