Examination Notes:

1. All examinations are to be held in the regularly assigned classrooms. In courses where more than one room is involved, the location of the exam will be the same as the first room of a series (e.g., a course meeting NF in different rooms will have the exam in the W room).

2. Courses which have a start time other than those listed above should follow the exam schedule for the preceding class start time (e.g. a course beginning at 9:30am will follow the exam period for courses with a first or only meeting at 8:30am; a course beginning at 12:00pm will follow the exam period for courses with a first or only meeting at 11:30am). Faculty involved in teaching courses on a “To Be Arranged” basis and who require an exam room are asked to make arrangements for a specific time and room.

3. Students with a time conflict in their exam schedule should immediately notify each faculty member involved and make arrangements to reschedule one of the exams.

Like many of my classmates, Montclair State was far from my first choice. Actually it wasn't my second, third or even forth choice. I declared that I "will never go to MSU!"

I ended up visiting Montclair in the spring of my senior year after receiving acceptance and somehow left with the feeling that Montclair had a vibrant campus. In addition to the close proximity to my home and to New York City, Montclair was very affordable. I decided to give Montclair a try, and here I am.

Looking back on my four years at Montclair, I can honestly say that I wouldn't give Montclair a try, and the rest is history.

The Student Government Association is the legislative body that I have loved every minute of the four years I've been at Montclair. It was a pizza party where I met then SGA President Chris Cabrera. Both men encouraged me to fill out a legislative petition and become part of the Student Government Association.

At the time, I was under the impression that there were people lining up to be a part of the SGA and I had my petition done by the end of my orientation. (Little did I know.) Later during orientation, I was sitting in the cafeteria eating lunch with a friend when Terrence McDonald came up to me and asked if I was interested in writing for The Montclarion. I never considered myself a journalist but the idea of being able to voice my political opinions very much interested me. I quickly signed up and had my first column printed in the very first issue of the newspaper.

It's funny how things changed as the years progressed. I saw myself running for the Student Government office, definitely not being Editor-in-Chief.

I've watched the SGA change from the organization it used to be to the organization it currently is; unlike The Montclarion which has remained consistent for the last eighty years.

To any student who wants what the benefits of joining an organization are: participate! We as a group have profound impacts on you as a person and as a student. I have little doubt that my participation helped to improve my grades and maintain my focus.

Some of the best friends I've been fortunate enough to have made through the SGA, and the other friends that I had sucked into working for The Montclarion.

I've never thought I would be able to find someone to equal Cherryl. You have done so much great work at the paper it's unbelievable. Thank you for your definition of enthusiasm and your perpetually inspiring words. I hope you don't wind up being a little league coach someday because I will be disappointed. Remember me when you're a famous writer.

Jessica: You were a blessing to us two years ago when I heard you in. You made being a News Editor look easy. I don't think I'll ever meet another person that can juggle things like you did. From being a great room­mate to a great boss, I'll forever be thankful to you for Residence Life for changing their training location without telling us. We'll always have been补偿 your efforts and I hope you feel the same.

As Winston Churchill once said "Now this is not the end. It is, perhaps, the end of the beginning. But it is, perhaps, the end of the beginning."
