**Health Department Investigating Cause of Recent Student Illness**

There is no evidence to date that the food served in the college cafeteria was the cause of the illness of a number of students on March 3 and 4, according to Mr. Michael Saragena, assistant director of the Department of Public Health, Montclair, New Jersey. Nonetheless, the Health Department is still trying to determine whether the illness was due to a virus infection.

The college food committee met Monday with Dean Leo C. Flinter, Miss Margaret Sherwin and Mrs. Barbara Smith, cafeteria manager, to discuss the preparation of food, varied menus and improved sanitary condition of glasses and silverware.

Mrs. Smith pointed out that the evening meal on Saturday and Sunday is a supper menu since the main meal is served at noon. She said that her coworkers suggested menus for these meals. Mrs. Smith said that knowing how many students would be eating at these meals would enable the cafeteria staff to prepare the quality of the meals. A plan for estimating the number of students at meals will be started after spring vacation.

The manager heard a complaint that chicken had been served three times in ten days, and will strive to substitute more beef.

All dishwashers have been instructed to wash glasses, cups and silverware. The scientist states that several techniques should be helpful if students used them. The cafeteria staff is expected to have an improved sanitary condition.

Marcus L. Alloway and Richard Verona, will be this week's guests on the "Open Meeting to be Held "Save-the-Hill" Committee Formed; Facts Behind Issue Presented"

As this issue of the Montclarion goes to press, many petitions have already been circulated by the "Save-the-Hill" committee. The purpose of this committee is to present a several hundred feet of signatures to the Commissioner of Education through Dr. E. DeAlton Partridge, president of Montclair State College. The petition is worded as follows:

A Memorial

To President E. DeAlton Partridge and through him to Dr. Frederick Rauhinger, New Jersey Commissioner of Education, Trenton, New Jersey.

Mr. Meliquiades has been an outstanding political figure in the Philippines to the United Nations.

The second is an unrehearsed demonstration entitled "Enriching the Social Studies" led by Miss Claire M. Merlehan.

The afternoon session will focus on "The Impact of Asia on the Modern World." Mr. MacNair is a specialist in military equipment in the Social Studies Department, will preside as chairman. The main meetings will be held on March 26.

Concerns to the new members of Tau Sigma Delta: Miki Brown, like that. The animal game was great fun, both teams needing only to play the game, or something like that. The animal game was great fun, both teams needing only to play

**Expansion Necessary?**

Of course, these things are only needed if the college expands. Should the college expand? The answer to this question is obvious: yes. Everyone is aware of the present crowded conditions.

**Hemmed In**

Naturally, if an alternate plan for expansion were possible, the destruction of the hill would not be necessary. But, as the situation presents itself, no other plan seems possible. If you could see the aerial view of the campus and the surrounding area, you would realize how we are hemmed in by the surrounding area. The college must expand. The most likely place for expansion is the hill.

**Mixed Feelings**

Even while writing this editorial, I have mixed feelings about the hill. It is a pleasant sight and does add a touch of beauty to the campus. It looks nice in spring, bedecked with green foliage, and in winter, covered with soft white snow. It does prevent the campus from having a flat look.

**The Other Side**

I sympathize, too, with the Board of Education in its intent to level the hill. The Board realizes, as I do, that the college must have room for expansion. Within a few short years Montclair will double its enrollment from 3,000 to 6,000. It will need parking space for 2,500 cars. It will need a women’s athletic field.

It needs a new library already. These are only a few things that must have room for expansion. Within a few short years Montclair will double its enrollment from 3,000 to 6,000. It will need parking space for 2,500 cars. It will need a women’s athletic field.

**Letters to the Editor**

**OPEN LETTER TO MR. OGDEN GODDARD**

Congratulations for attempting to battle the work, efforts, and accomplishments of the many contributors to the “Anny Young Men” in your March 15 letter to the editor. Your hypercritical analysis certainly revealed that you have an impressive vocabulary and authoritative approach to writing, but that you have very little knowledge of human nature. Although I myself have not read all the columns on this subject, I have read several articles which bear enough of a similarity to have me wonder of the standing of the individuals.

The individuals you called “dumb, dufus, and even more” fail to meet your high standards of journalism and reasoning, but it seems you have hidden within many subjects that you wish to write about, why not try.

Don Shandler.

**On “Save-the-Hill”**

A “Save-the-Hill” Committee has been formed to prevent the destruction of the hill located behind Finley Hall. The committee aims to present a scrawl, with one hundred feet of signatures, to Dr. Frederick Raubinger, Commissioner of Education, through Dr. E. DeAlton Partridge, urging the preservation of the hill.

**The Other Side**

I sympathize, too, with the Board of Education in its intent to level the hill. The Board realizes, as I do, that the college must have room for expansion. Within a few short years Montclair will double its enrollment from 3,000 to 6,000. It will need parking space for 2,500 cars. It will need a women’s athletic field.

**Fact, Not Fiction**

Meanwhile, please be guided by fact and not fiction. Please read the story on page one of today’s issue. Please don’t let your emotions be your only reason for signing a petition.

M.A.J.
The Geography Program at Moscow University, spoken on "The Geography Program at Moscow University," touching on regional geography are but a few of the courses offered during the five year geography program which requires about 1,000 hours. Mr. Polezheyev, a 1960 graduate, departs with a smile, as he concludes his address. His words have been an inspiration to all of us present. We are grateful for his presence and the pleasure it has been to listen to his words. Mr. Polezheyev is a true example of the student who has made the most of his education at Moscow University. He has been an outstanding student and will certainly make a great contribution to his country and to the world. We wish him all the best in his future endeavors.

Dr. Moffat Attends National Conference

Dr. Maurice P. Moffat, chairman of the English Department, attended the recent national conference of the American Council on Education, where he participated as a resource person in a panel discussion on the social and cultural role of the liberal arts college. The conference was held at the Edsel Ford State College in Dearborn, Michigan.

Geography students have 100 hours of study, 40 hours of practical work, 30 hours of field work, and 20 hours of lectures. The student can choose his own course of study depending upon his qualifications.

The State Board of Education has called a study conference to examine the school. The high school contains 2,000 evening students and 60 graduate students. Another five floors of dormitories are devoted solely to a soils museum. All department activities are directed by the Chair of Geography, established in 1929. Mr. Polezheyev was quite frank praising the American system of education and the educational ideals of the country.

The Shakepearean play, "A Winter's Tale," by the Upsilon meeting Wednesday evening, March 16. Mr. Alex Polezheyev, who is a graduate student at Moscow University, spoke on "The Geography Program at Moscow University," touching on regional geography are but a few of the courses offered during the five year geography program which requires about 1,000 hours.

Baseball Preparation Under Way

by Dave Huffman

Spring is officially here and along with it comes one of America’s most popular sports, baseball. Montclair State College baseball is no exception, the past three weeks, every afternoon, Coach Bill Dioguardi has been working his boys in preparation for the coming season. The team’s first game will be played on April 9, Coach Dioguardi feels that there is a treacherous period for prospective players since there have been six outstanding weekend evenings when he chatted his way to second place in a dance contest at Paterson State. One of the many reasons for Ed Cassavell’s move to the coaching staff is Rennie Boie. Ron was outstanding in his freshman year with the javelin squad, but he disbanded, and his potential was running high. Iger Calusa, the little right-hander, last year lost the payroll with an earned run average of 1.06. His recent form is this way or one and one.

Lean Zimmer, past sports editor for this paper, is on the hairy ball. It is scheduled for the Bergen Evening Record. "Zip" Perry turned in a complete game for the time being. The Bergen evening staff is Bob Kirschner and Ken Pederson, both freshmen. Their performances are but predictions are running high.

At the receiving end of this baseball story, I have no intention of keeping the population of the most rebounds in one game (22).

It is not known exactly when the team got going, very well get the most important left on the field.

Ron Zink

Pace: 4.00

Track Prep

by Ted Schloemer

The first call of the Montclair track team this season was March 14, with forty men answering the roll. Dr. Jerry Edwards, Fred Liddell, William J. Dioguardi, and the rest of the track team, will take over the reins. The track team is proving to be very good with a host of returning lettermen on hand.

The Indians will be particularly strong in the sprints. Bill Dioguardi, Tom Papasouros, and Mike Zancanator, each had a good showing in this freshening. In the middle and distance events, Coach美容 Heilig, Fred Roman and Frank Davide will add depth. Last year’s individual champions were John Corsofino, Paul Parsaulos, and Art Wills, who is a candidate for all conference honors. The track team will be particularly strong in the throwing events. Holdovers Morrow and氢 are in the hands of Richard Meichsner. Both boys are freshmen.

The weight events are wide open with letterman Pete Moritener the only veteran. A few freshmen are trying out but much more help is needed. The weights event under the 16-pound shot put, the discus throw, and the javelin throw.

Facing a very tough squad, the Indians’ chances look good for the very good for the coming year.

Hank Steinhein

One of the more important members of this year’s outstanding baseball team, graduated from Cliff
