John Becker

The SGA elections committee has made an effort to assure you for you to vote wisely. The place of election has been moved from Lower Center to Life Hall to conserve your energy. The rules governing SGA cards has been altered slightly so that you have either the cover of your SGA book or Activity Ticket No. 47.

This election bulletin has been prepared with a great deal of time, effort, and your money. Take care that you vote as long as you have a SGA card.

Each of the candidates was asked two questions: ‘Why do you want this job?’ and, ‘What do you think your qualifications for that office?’ Their answers are printed here. Read carefully. Think clearly. Vote intelligently.

Then convince the other two thousand SGA members to vote.

The president of the Student Government Association is the spokesman for two to three thousand SGA members to voting. The president of the Board of Trustees, contracts and corporate notes. While the Board is not in session, he assumes the legal duties of the chief executive of a corporation.

Art Lepow

A member of the SGA Board, Art Lepow is a sophomore speech major. A resident of Shiner Hall, he is a member of Senate and has a 2.6 cumulative average.

“The Student Government Association is the spokesman for approximately 2,000 undergraduates. It is the guardian of some thousand SGA members. It is a small corporation that operates on a budget of over $60,000, with a president of the SGA efficiently. I was president of the Class of 1962 in our freshman and sophomore classes, and would like to have the opportunity to work more closely with such activities. I have served as treasurer of my Senior Class in high school. I was employed in an accounting office for two years, and I have had two semesters of accounting at MSC. I feel that these qualifications would help me. But, I believe that I also have a sincere interest and willingness to work.”

Ike Tribble

Social studies major Ike Tribble is president of the Sophomore Class. A member of Senate, he is a dormitory student and has a 2.5 cumulative average.

“The main reason why I want to be president of the SGA is that I feel I am fully qualified for the office. I think I have demonstrated several qualities of leadership in our class activities. I have worked on the Board for two years and I know the ropes as far as the office go. I realize that the SGA is a small corporation that operates on a budget of over $60,000, and I don’t think that someone without any experience can be expected to handle such a job as president of the SGA efficiently.

I realize that high school qualifications are irrelevant in this situation, but I don’t feel that we can discount our college activities. I was president of the Class of 1962 in our freshman and sophomore years, a member of the wrestling team this year, vice president of Boosters, co-chairman of finance for the Carnival of 1960, and I have been an active member of the Student Government Association for two years. I feel that these qualifications show experience and will aid me in performing the duties of the office of president of the SGA efficiently.

“My main point is to get our students out to vote.”

Bill Bauman

The office of vice president of the SGA is a very important office which requires a thorough understanding of this fact and I am willing to devote all the time that is necessary in furthering the interests of the school and the students.

I have also become very active in a number of SGA activities and wish to continue my participation in those activities.

“My greatest qualification is, I believe, my experience. This experience is absolutely necessary for such an important office as that of vice president.

“Also, I have been president of two organizations, chairman of the assembly committee, member of the public relations committee, and participating in numerous other organizations and activities.”

“Also, I am interested in student and college affairs, and would like to have the opportunity to work more closely with such activities. I have served as treasurer of my Senior Class in high school. I was employed in an accounting office for two years, and I have had two semesters of accounting at MSC. I feel that these qualifications would help me. But, I believe that I also have a sincere interest and willingness to work.”

Kathy Rubinetti

I have worked on my class council for the past two years as both representative and as its secretary.

"I have also served as general secretary and treasurer of various high school organizations. Therefore, I am used to responsibility. I have had one half a year of stenography and two years of typing.
