Cheerleading Squad Adds Six Members

On Tuesday, September 7, the Montclair State cheerleading squad was augmented to include four new members. The new additions to the squad were chosen from a pool of students who had been interviewed and evaluated by a committee. The new members are

- John Thompson
- Maryanna Capriotti
- Brian Cohen
- Patricia Fiedler

The additions to the squad bring the total number of members to ten, including the seniors who joined last year. The new members will be integrated into the squad during a two-month training program before the start of the fall season.

Book By Fersh

To Be Published

Dr. Seymour H. Fersh, an assistant professor in the Social Studies Department at Goucher College and the State University of New York, has written a book which will be published by the Public Affairs Press of Washington, D. C. and should be released around election time.

Dr. Seymour Fersh

One hundred and seventy yearly reports which Presidents have made to Congress are analyzed. Special focus is placed on the changing form of the yearly report and the changing views of the Presidency held by each of the incumbents. Many excerpts from the message content reflect the growth of the United States from 1790 to 1965.

Anne Tallett Elected Phi's Girl of Month

Sigm Delta Pi Anne Tallett has been elected Phi's Girl of Month for September by the men of Phi Lambda Pi. She was presented with the traditional rose corsage and 40 candy kisses and attended in the Rosek Bar by members of the fraternity. Anne, who lives in East Orange, is a senior English major and secretary of the local chapter of the Co-ordinating Committee of the National Association for the Advancement of Colored People.

Diary of Anne Frank

Chosen By Players

Diary of Anne Frank, a play by Frances Goodrich and Albert Hackett, has been chosen by Players Club of Dormitory for its Young Girl's dinner play. In 1960 this play, which is based on the actual Anne and her family's experience in the secret room, was awarded both Pulitzer Prize and the Drama Critics Award. On Broadway, Joseph Schildkraut and Susan Strasberg played the leading roles. The play was successfully made into a movie with Millie Perkins of Fairlawn, New Jersey in the leading role. Anti-Semetic sentiments have been expressed to the character Lies Van Daan.

The set for this play, an intricate one, consists of three rooms and an attic.

CLASS AND CLUB OFFICERS

Please stop by Mr. Henry's desk in the Personnel Office between October 5 and 7 to verify your regularly scheduled room assignments for meetings. Room assignments will be posted on the outside of the dormitory. Your presence is required to receive your assignments.

SQuad

ISC Elects Officers; Plans 'Rush' Period

Quarterly Trials Today; Deadline Friday, Oct. 7

Quarterly, Montclair's literary magazine, announces that trials for the literary staff will be held today, Wednesday, October 5, in the Publications Office. All students are invited to attend the selection of editors, which judges the prose and poetry submitted to the Quarterly for publication. The deadline for submission of literary material to be considered for publication in the fall issue is Friday, October 7, Montana, 1966. The names of the editors will be announced in the Quarterly box in the Publications Office. All students with median or better manuscripts submitted will be automatically accepted.

N.J. Teachers

Accent Standards

New Jersey teachers are putting into effect a new accent which is based on standards. These conferences, as will the others, will be handled by the NJEA, which is responsible for continuing education in mathematics, science, and social studies.

The Finance Committee, to which the treasurers from all four classes belong and which reviews and evaluates the budgets of Class A, has Kathy Railo as an official SGA photographer. Adele Cohen has been appointed N.S.A. co-coordinator. Of the various other committee members, Joe Cappiano will be in charge of the committee on parking. Dottie Lambeth will be SGA activities co-ordinator. Dottie will also serve as head of the SGA committee on the Construction Committee.

Two special committees set up by the SGA, the Appeals Committee and the Secretarial Committee on College Expansion, will have as student representatives Tom Mullins, past president of the SGA, and Ken Villani, respectively.

These committee appointments were announced by Art Lepow at the first regular SGA meeting of this year.

SGA Committee Announcements

Announced For 1960-61 Year

SGA committee appointments for the school year 1960-61 have been announced by SGA president Art Lepow. The Assembly Committee, which will work along with the administration, will be headed by John Becker. Bill Meisner will head the Awards Committee which is responsible for handing out all senior awards and distributing balloting during elections.

Roger McKeever will head the Lighting Committee. Tony Diniello will be in charge of the recreation rooms, and Bob Day is head of the Sound Committee.

Dave Swartz will again serve as official SGA photographer. Adolfo Cohen has been appointed N.S.A. co-coordinator of the various other committee members, Joe Attanasio will be in charge of the committee on parking. Dottie Lambeth will be SGA activities co-ordinator. Dottie will also serve as head of the SGA committee on the Construction Committee.

Two special committees set up by the SGA, the Appeals Committee and the Secretarial Committee on College Expansion, will have as student representatives Tom Mullins, past president of the SGA, and Ken Villani, respectively.

These committee appointments were announced by Art Lepow at the first regular SGA meeting of this year.

The story concerns a Jewish family hiding in an attic in Nazi-occupied Amsterdam during the Second World War. It tells the story of Ann, a thirteen-year-old, and how she adjusts to a life of this kind. The play covers a two-year period, showing the tensions and fears of the characters in this era.

The set for this play, an intricate one, consists of three rooms and an attic.

Citizenship Committee and also her vice president of her security.

Grace Perkin of Fairlawn, New Jersey Commissioner of Education,
Don't let your mind calciy on this question of teaching...

Through the efforts of a special faculty-student committee set up last year, a new cafeteria system has been put into effect. There is one advantage and one disadvantage of this new system.

First, the advantage. There is no doubt about it that the current system is badly in need of improvement. After spending three hours or more in line, students will find little to look forward to except a quick meal that will do little to quench their hunger. The new system promises to remedy this situation.

Secondly, the disadvantage. Some students have voiced their concern that the new system may lead to a decrease in the variety of food available. However, the cafeteria staff has assured us that this is not the case and that efforts are being made to ensure a wide selection of food.

In conclusion, the new cafeteria system is a welcome change that will undoubtedly improve the overall dining experience for students.
Soph's Schedule Wapalanne Trip

Seven sophomore majors participated in one of outdoor education activities at the New Jersey State School Conservation at Stokes Forest. The program has developed from increasing emphasis on the wide range of natural resources and teaching of conservation in the schools. Prospective teachers need a broad understanding of the concepts of outdoor education and its relationship to the total curriculum, stated program coordinator John Field of the Physical Education Department.

The sophomores scheduled to participate during the full semester are as follows: October 10-14, science and home economics majors; October 15-19, fine arts majors; November 2-6, industrial arts majors; November 28-December 2, mathematics majors. The schedule for the second semester will include social science, the physical sciences, social studies, language, mathematics, and business courses.

The program is an introduction to conservation, outdoor education, and camping; it requires a principle of "learning by doing." It is employed for the entire week. The program consists of many activities that take place in a natural environment. It includes the living situation, meal accommodations, recreation activities, and seminars using programs, as well as the concept of outdoor education in the morning and afternoon. These activities are offered as an example of outdoor education in the setting of a residential camp.

Wherever possible correlation of area subject areas will be utilized.

Citizenship Conference Sees Newest Citizens

"Almost 200 people, by the people, for the people," was the title of a presentation given by Dr. Frankson at the National Citizenship Conference, held at the Montclair, W. C. Hotel in Washington, D. C. from September 16 to September 20.

Washington delegates

One of the most moving experiences which the four Montclair delegates had at the conference was the presentation of New Citizenship Day on the grounds of the Washington Monument. It was a public ceremony of the law by a woman judge, which included a recital of American citizens, Ima Massey, a well-known stage and screen actress of the Harvard, University. It was given by Judge Elizabeth Mahler and Strauss.

In the fall of 1959, Dr. Carl E. Frankson of the Industrial Arts Department was selected by the State University of New Jersey Department of Education to be a technical advisor to the British government in Thailand.

The U. S. Government through its International Cooperative Administration administered an experiment in an unexplored area of the outside world, and the United States government of the United States government. The Department of Education will be set down rules but not the final rules, according to the British government.

This relationship between the British government and the administration, all out students and faculty, with the American educational institution, will be strictly an administrator and the spokesman or representative of the student body. "I find it is important to know a country if you want to teach about it," says Art Lepow, who represented UCLA.

SMOKE SIGNALS
by Wes Roberts

The optimism about the prospects for Montclair's football team has been noticeably modified in reality. George Jenkins scored the first touchdown of the season against PMC, but the rest of the grid Indians were easily outplayed by the team which had given them so much trouble in their recent games. Montclair almost capitalized on three first downs, but failed to maintain the advantage. The point after touchdown was missed after two yards, and the last two yards were marked by the Deo boot, which failed to make the score.

Pictured above is the MSC Cross-Country Team.

IN印ans Cooop 14-0

MONTCLAIR october 5, 1960

Soccer Team 2-1
by Dave Hoffman

Montclair State's soccer team opened its season on a very disappointing note, by losing its first game to C.W. Post, 1-0. Monday afternoon, the grid Indians generally achieved the opposition's goal and they scored four goals at the Post. It wasn't till the third quarter that Post scored the one goal in the game. Outstanding performances were made by Pat Luciano, the goalie, and Tommy Balter, the right back. It is an indication that Montclair is not yet up to the standard of the previous years.

Deo, Montclair compiled 18 first downs and 339 yards to humble the visiting Cheyney, 19-7, Friday night. A large crowd was on hand to witness the first game of the season. The Montclair tally. The point after touchdown was missed after two yards, and the last two yards were marked by the Deo boot, which failed to make the score.

Defeat Aggies As Jenkins, Rubinitelli Tally
by Ken Villani

Out-gunned in pass and running yards, Aggies accounted for only three first downs via the ground route and three via the air. The host team, during the first half, Montclair capitalized on three mistakes by the Wolverines, as Jenkins drove four yards to tally a first down, and the Wolverines ran around right end for two points. Jenkins was leading Montclair's running game when he ran 33 yards and the ball after taking an interception from Deo.

MJC Jolts Cheyney
Goralczyk Stars; Covers 159 Yards
by Ken Villani

Powered by the two "freshman backs," Bill Goralczyk and Deo, Montclair snarled the Aggies with first downs and 339 yards to humble them in Saturday night. A large crowd was on hand to witness the first game of the season. The Montclair tally. The point after touchdown was missed after two yards, and the last two yards were marked by the Deo boot, which failed to make the score.

Cross Country Outlook

This year's cross-country team, under the direction of the returning Dr. Richard Wilson, shows promise of meeting the high expectations of last year's record.

Lisa Arscott, Vicki Ryder, Tom Tucker, Carol Crow, and Deo, Montclair returned veterans of the hill and Dale monaco. The absence of Jim Sorensen, last year's captain, will undoubtedly present some problems; however, the Arscott shows good advantage in early practices and training.

Several freshmen have shown up as good athletes, and seem to display potential.

Dr. Richard Wilson

worked with army and police athletic teams in Afghanistan and Pakistan, helping to train the police. In 1961, he traveled through Afghanistan, Pakistan, and the Persian Gulf, working with the Pakistanian team to train the Olympians. Dr. Wilson describes these places as pleasant, but surrounded by many problems.

In describing the program as a whole, Dr. Wilson said it was a success as far as good will was concerned. However, he added, "I have not made a dent in the Mountain Heights." He has been teaching track, but he has helped cement friendships through sports as a courtesy coach. As the new head coach, he hopes to continue the tradition.

The one-point boot failed.
