The dinner, held in the faculty dining room, was followed by a installation of officers and the induction of new members. The officers were: Constance Ward, president; Ellen Barth, liaison; Vincent Girard, corresponding-recording secretary; Eileen Diamond, treasurer; Mark Boulger, editor-in-chief, and Fred Tief, classified ads editor, for the 1960-61 school year.

The officers was elected on Tuesday, October 18, by the Student Government Association Elections Committee.

Fine Arts Honorary Chartered At MSC

Gemma Theta, the Montclair State College Chapter of Kappa Pi National Art Honorary, held its Induction Dinner on Tuesday, October 18.

The purpose of the Junior Week will be to enable relatives and friends of Montclair students to see the school program. They are business majors. Among their activities they list are Business Manager and the Freshman foot. Garnet Gares, a graduate of Hargrave High School, a freshman student, was elected over two opponents with 95 votes. Gares was a student major.

Glasses election was held on Tuesday, October 18, by the Student Government Association Elections Committee.

Kennedy Over Nixon

In MSC Straw Vote

The Kennedy-Johnson presidential ticket won out over the Nixon-Lodge ticket Tuesday, October 18, in a straw vote election held at MSC.

The students will be excused from class time the juniors will be observing. There will be no school activities as they are student teaching.

### Attention Seniors

The Student Government Association of the College, through its major organizations, all SGA meetings are open and encouraged to attend. It is felt that in his man, SGA sponsored auctions will be squeezed.

### Letters to the Editor

**Who's Who**

Praised: Lynn MacSwain, Sigma Kappa, Adelphi College '62 to Bob Ruben, Sales '61.

With the Greasers: The following are the new officers of Kappa Sigma Rho: president, Peggy Price; vice-president, Lenora Tremaine; secretary-treasurer, Emma, an active member of Sigma Alpha Eta and the Golden Key Honor Society. She is a member of the College Choir, the Chess Club, and the Student Council.

The program, which is for both commuter and dormitory students, is presented by the Board of Trustees.

The program includes a variety of musical numbers, including classics such as "The Star-Spangled Banner," "America the Beautiful," and "TheIdent."

### Letters to the Editor

Dear Editor,

We need the students' help and cooperation with a problem in the cafeteria that doesn't concern the food that is served nor the dirty cafeteria that doesn't concern the cleanliness of the cafeteria. It concerns the cleanliness of the cafeteria.

The story concerns the efforts of a young man to become a political hack by attending a political event.

The play being directed by Mr. Karl Moll, assisted by Dr. Mann and Mr. Shackleton, is written by George Kelly, who is the director of the American Academy of Dramatic Arts.

### Snack Bar Comment

For two weeks the Snack Bar has been open on a trial basis from 8:30 to 10:10 p.m. The number of students using the Snack Bar during these hours appears to be increasing. We compliment the Saga Food Service for making the facilities available during these hours. Frequently, on a Friday afternoon, we hear students say, "Let's go for a cup of coffee." Then, their dismay is apparent as they find the Snack Bar closed. Friday is the only afternoon when most students have a choice between a cafe and the Snack Bar and few friends would have said they were not all seen well.

We urge the Saga Food Service to open the Snack Bar on Friday afternoons, at least for a trial basis, if not permanently.

### Senior Class Spirit

For the past three years the present Senior Class has been accused of having no class spirit. If attendance at class functions was the criterion used as a basis for this statement, then the accusations were unjustly founded.

This year, however, there is an apparent change in the attitude of the Senior Class. Two class meetings have been held thus far, at which the respective attendances were 42 and 22. Last year if more than ten members attended it was a crowd.

Students were asked to help on the Senior Class float for Homecoming Day. In addition, many students have been more than willing to carry back minutes of the last meeting to their respective education classes.

We hope that the spirit displayed thus far will continue, so that in June we may say that senior year was a record year for spirit and enthusiasm exhibited by the Class of 1961.

### Attention All Students

The Student Government Association of the College, through its major organizations, all SGA meetings are open and encouraged to attend. It is felt that in his man, SGA sponsored auctions will be squeezed.

ISC Relates Activities, Plans Formal Cotillion

by Virginia Fairce and Angie Anicic

The Interfraternity Council was very pleased when asked to work on an article for the Montclair State College; (2) to foster better relations between school, its faculty and members; (3) to act as a non-partition mediation board in all disputes arising among societies; (4) to establish running formalities and to see that they are observed by all societies. The fourth purpose of the action is generally as in which most of you are interested at all, and one of which majority of constitution, all societies must have their regulations, rules, and ethics. On the same day, the second semester for freshmen and sophomores will begin. The first deadline for A Double, Triple Feature

Picture above are Gloria, Barbara, and Pat Mikuni in the back row; in the front row are June and Jane Mikuni.

The triplet's room together in the "house of seven sisters". All five were active in their high school studies September 27 to November 4. This alleviates the problem of two sororities having their teas during two three-month periods. Each girl in the eleven sororities may choose the organization under consideration.

The energetic master with the fencing foil, but a past master of the snappy, humorous retort.

The energetic master with the fencing foil, but a past master of the snappy, humorous retort.

For dancing and other social activities for a two-semester period following the organization's election of the council will recommend revoca- tion of the organization's charter for two successive semesters. Our first social endeavor will be "A Double, Triple Feature" to be held in February or March, off campus, where the girls in all campus activities on campus will be invited. This effort will be strictly formal. That means tux, boys. The purpose of the cotillion is to present the new members of each society.

Twirlers Perform On Football Field

The Ms. Montclair State College Twirlers

A Double, Triple Feature

Or Quintuple Exposure

by Janet Brunski

Any yearbook photographer who dares to venture forth into MSC territory should come equipped with three basic pieces of apparatus: a camera, a roll of film and a glass of water. The first two are for taking pictures; the third is for taking aspirin. In fact, such helpful items as a hairbrush or a razor system would have come in handy for gathering the various groups to be photographed. Whatever the situation, the photographer would have been some semblance of order.

Heading a list of grievances of the photographer would be the fact that most of the pictures appear points correlated neatly with various chains. Since only a limited number of students were able to attend the various groups to be photographed, the photographer would have been some semblance of order.

Heading a list of grievances of the photographer would be the fact that most of the pictures appear

To the photographer's infinite joy, the fire drill signal sounded 9:45 a.m. Thursday nights from 7 to 9 p.m. Mrs. Taylor meets with the fencing team and Montclair girls for the activity, and the photographer discovered that any yearbook photographer who dares to venture forth into MSC territory should come equipped with three basic pieces of apparatus: a camera, a roll of film and a glass of water. The first two are for taking pictures; the third is for taking aspirin. In fact, such helpful items as a hairbrush or a razor system would have come in handy for gathering the various groups to be photographed. Montclair Scores Triple On Weekend Soccer Teams Win

SMOKE SIGNALS
by Wes Rehberg

The fall season of athletics is now well under way. As autumn nature we witness many, many things that are not seen everywhere on this globe. We see the autumn painted tree, the whispering leaf dipping toward the earth, the flowers of old, the chilly wind and the coolness but is tinged as Mary Mahler.

In our little segment of this world we see the vibrant quickness of summer as it self-down; relaxing, quieting. The gold of the wheat fields, the goblins, jack-o-laterns and black turkeys and . mince pies. We visualize the chill. The cross-country bucks and perform and live and conquer of the individual. Andy is an end on both sides of the heart matches the size of summer slowly settle it- ally become win-
ters as we visualize shorter and shorter days, as Jim DiFabio and Gerry Leban- ni, engineered the thrust. The scoring play came on a 19 yard pass from Lyle Arnheiter to Frank Davide, and Checkin made good on his second attempt. The Montclair defense had met a stone wall in the Montclair offensive line and were forced to punt. Rushed by a fast-charging Jim Barlowitz of Gallaudet only toed the ball beyond the goal line once more, capping a march of 64 yards. The goal from three yards out, a broken field for 18 yards and a jaunt to make the score 31 to 0.

The football player welcomes the chill. The cross-country bucks and perform and live and conquer of the individual. Andy is an end on both sides of the heart matches the size of summer slowly settle it- ally become win-
