MSC's Hopes Shattered As NAIA Ignores Team

by Manny Sosofand

Montclair's hopes were riding very high when coach Dr. Gerald Ed

wrote word that Mont
college was being given serious consideration by the National As

sociation of Intercollegiate Athlet­

ics for a playoff bid to the Holiday

Bowl. Since in previous years the

defensive teams in the nation,

NAIA bypassed the squad for a

berth in a playoff game.

The team's hopes were shattered with the Committee's announce

ment that the team was not

named among the candidates to

hold their opponents to 134

points in a game against U.N.V.

Dr. Paul Harris, assistant pro-

fessor of Fine Arts at Montclair

State College, has been awarded a

grant under the provisions of the

Fulbright Act of the 79th Con

gress. This purpose of this grant is

to allow Dr. Harris to lecture in Fine Arts at the Catholic University of

Santiago, Chile. It is one of the more than 500 such grants which have been included in the pro

gram in the education year 1961 and 1962.

The funds which are used for these purposes are among foreign curriculums which are offered to or owned by the

Treasury of the United States. By

executive agreements programs of these countries are now carried on in

more than forty countries.

Bernadette McLernney

Elected

Girl of the Month

Bernadette McLernney has been selected as "Girl of the Month" for

November by the men of Phi

Lambda Pi.

The honors which are now carried on in

the field of music are all there.

Many famous theatrical person­

alities are graduates of the Tri

angle Club's 67-year history, in­

cluding Booth Tarkington, Joshua Logan, Jimmy Stewart and Charles

Farrell.

The tickets for the December 10 affair will be sold for a bargain price of $3.00

to $4.00. A special student section will be provided for the students of the college, certain events which will be

be a great waste of time and money.

Revision Needed

There are many obvious faults of the Student Government Association. There are no endowed funds, no funds distributed to Class A organizations. At present, the ‘SGA doesn’t have any funds. There are only voluntary contributions. There are some exceptions, but there are not enough to meet a normal appropriation. The SGA is working on a percentage basis, but it is not enough to solve the problems. Furthermore, there are many more organizations than in previous years, which is a problem. The SGA is working on a percentage basis, but it is not enough to solve the problems.

True, a scale by which each organization would receive a certain amount of money would be helpful. However, this would not solve all the problems. True, a scale by which each organization would receive a certain amount of money would be helpful. However, this would not solve all the problems.

It is not difficult to find things to criticize, or to ask college administration to do something. It is not difficult to find things to criticize, or to ask college administration to do something. It is not difficult to find things to criticize, or to ask college administration to do something.

Furthermore, it could also be provided in the new constitution of the SGA. The treasurer and the financial advisor of the SGA could prepare a scale of percentages to be voted on by the student body each year. The votes must be used for shifting interests of the student body as well as the admission of new organizations.

In most colleges, when they stand around for several weeks before they were hooked up, they don’t have any money. The SGA is working on a percentage basis, but it is not enough to solve the problems. True, a scale by which each organization would receive a certain amount of money would be helpful. However, this would not solve all the problems. The section seen on the left is the north end of the present Finley Hall. The new section is on the right hand side of the picture. It will house a lecture hall primarily.
SMOKE SIGNALS

by Wes Hoberg

It was an exciting game. The Montclair State-Montclair State basketball game, but the final outcome should not have been what it turned out to be. Montclair State could have won by at least twelve points. Why didn’t they? The free throw shooters might explain this satisfactorily.

This department received an important news note to be conveyed to the track team and coach Dr. Willing. Martin Johnson tells us that Bruce Morgan will definitely be running track this year.

Montclair State College is extremely proud of two of its athletes. Dick DeMasi was chosen by the Associated Press to the Little All-American third team, and Manny Scrofani received Honorable Mention. This is one of the highest honors a collegiate football player can receive, and to Dick and Manny we offer our most sincere congratulations.

The C.W. Post game was the last scheduled game for seven senior gridironers. One of these is Bob Crossley.

"Chick" has been one of Montclair's busiest football players as can be shown in the fact that for the past two years he has been the leading pass receiver. The potential combination of Chick to Crossley has wreaked havoc on the Indian's opponents.

Chick is an Industrial Arts major, hailing from Passaic Valley High School. Here he was on the football and basketball teams. He was a member of the All-Lakehend Conference and All-Passaic County football teams. He also made honorable mention in the Bergen-Passaic County team in his senior year. He was also honored by playing in the Schuylkill County all-star game.

Here at Montclair besides playing football he has also participated in wrestling. Among his many other activities Joe is president of the "huggers association" at Camp Wapalanne. He is also president of the Stacey Tumpenah fan club.

Dick DeMasi is chosen as Little-All-American.

Scrofani Earns Honorable Mention

Dick DeMasi has been chosen as a member of The Associated Press Little-All-American football team. A poll of the national syndicated press association’s writers, indicated in the December 1 issue of the nation’s papers, gave evidence that Dick was chosen to the third team in the guard position. Dick was the captain of the football team during this undefeated season, and played at the guard and other positions as well handling the punt assignments and the point-after-touchdowns.

While attending Verona high school DeMasi was chosen as one of the New Jersey all-state selections. He attended Upsala college for one semester and then transferred to Montclair State. The junior physical education major is the third athlete from Montclair State to be chosen to be the national football team.

Manny Scrofani has received honorable mention for his efforts at the end of the season, Newark State, out-scoring them 79-23.

Montclair sat out a 63-43 point advantage at the end of the first half. The Indians were never threatened seriously at any time during the game.

High honors for Montclair were Mike LaFeun and Bob Diakou, each with fourteen points. Art Wojcehowski was the high scorer for Newark State.

The big man on or off the boards was Fred Cuskey who grabbed eighteen rebounds.

Bulletin: Paterson State

In a game that went into a five minute overtime period the Boro Indians lost by a margin of one point to Paterson State 61-60. The Pioneers won the game in the final minutes on a free throw.

PAIDEIAN LEAGUE

The theme of the essay contest will be, according to president Joe Morelia, "The Future, A Vision of Education." Contest regulations will be announced soon.

The organization will also invite speakers to the group and their guests. Dr. Frank Kell, Mr. Geza Gazdag are the slated speakers for the remainder of this semester.

The organization’s officers are: Dick DeMasi, president; John Vul- lani, vice-president; Fred Muscer, secretary; and Bill Rawson, treasurer.

LIFE HALL

(Continued from Page 1) be an experimental one with the issuance of the remaining open for eight hours on Satur- day, if the program proves to be popular, Life Hall may also be opened on Sunday afternoon.
